**RE:** Application for Repair of Hazardous Monuments

**DATE:** December 20, 2022

### **Exhibits**

- A) Application for Repair or Removal of Dilapidated or Disrepaired Monuments that Create a Hazardous Condition
- B) Barnett Memorials repair estimate for \$35,240 (average \$1,137 / per monument)
- C) Senecal Memorials repair estimate for \$58,103.75 (average \$1,847 / per monument)
- D) Invoices and copies from The Baldwinsville Messenger for \$128.64

### **Introduction and Recommendation**

The Division received an application (Exhibit A) for the repair of 31 hazardous monuments located in the Jacksonville Cemetery, town of Lysander, Onondaga County. The application was submitted by Dale Snow, Secretary of the Jacksonville Rural Cemetery Association. Included with this application was an estimate, from Barnett Memorials (Exhibit B) totaling \$35,420, and an estimate from Senecal Memorials (Exhibit C) totaling \$58,103.75. Also included was an invoice from The Baldwinsville Messenger for a legal notice (Exhibit D) that was run for three consecutive weeks from July 20<sup>th</sup>, through August 3<sup>rd</sup>, for \$128.64.

I recommend approval of this application.

### **The Monuments**

The Jacksonville Rural Cemetery was visited, and 31 monuments were found to be either loose on their foundations or tipping and appeared to pose a hazard to cemetery visitors and employees. Ms. Snow stated that the cemetery has no records for the monuments in question and as such, could not contact the last known lot owners by mail, the most recent monument is dated 1922. The cemetery has had no response to the legal advertisements which it placed, and has no funds dedicated to the restoration of monuments. Based upon the information provided, it is the Division's understanding that the cemetery has determined that the monument owners cannot be found.

**Department  
of State**

### **The Estimates**

Both contractors propose to: remove the monuments from the existing foundations; dig out existing foundations; place new foundations made of solid concrete poured to a depth of 42 inches and replace the monument, resealing all joints with setting compound or epoxy. Barnett offers a ten-year warranty and Senecal offers a twenty-year warranty.

### **Recommendation**

The Cemetery is up to date on annual reports and vandalism payments. This appears to be a legitimate claim for \$35,368.64. I recommend that this application be approved.

Senecal Memorials will supply suitable equipment and manual labor to remove each monument and to place in a safe location while work is being done. We will remove each old foundation and truck debris away for disposal when necessary. We will dig new foundations to a depth of at least 42". We will install forms when necessary. We will fill foundation with concrete, no rocks or debris will be used for filler. We will finish concrete to a smooth surface and seal with sealer when appropriate. We will reset each monument with new setting compound and silicone sealer if necessary where seam will not allow compound. We will back fill with topsoil, rake and seed as necessary.

## Warranty

Senecal Memorials will warranty the workmanship of the foundations for a period of fifty years from the date of completion. Senecal Memorials will warranty for 20 years the resetting of all the monuments removed to install new foundations. This warranty will consist of every layer of the monument removed and reinstalled with setting compound and/or epoxy. This warranty does not cover any part of the stone that could not be removed due to large pinning of the original setting.

This warranty also does not cover incidental breakage or chipping of monuments due to their age and/or nature of the difficulty to remove some of the layers. This being said, Senecal Memorials will do everything within our control to remove and replace all monuments in a manner that would preserve their appearance and safety for many years to come.
