RE: Application for Repair of Hazardous Monuments

DATE: January 23, 2023

Exhibits

- A) Application for Repair or Removal of Dilapidated or Disrepaired Monuments that Create a Hazardous Condition
- B) DC Masonry estimate for \$36,547.00
- C) Various declinations to bid
- D) Invoice and copy from Hornell Evening Tribune legal notice for \$99.37
- E) Completion report for previous hazardous monument work awarded in February 2021

Introduction and Recommendation

I received an application (Exhibit A) for the repair of 29 hazardous monuments located in the Clearview Cemetery of the town of Cohocton, Steuben County. The application was submitted by Cheryl Deussenbery, president of the Clearview Cemetery Association. Included with this application was a single estimate from DC Masonry (Exhibit C) for \$36,547. The cemetery association included responses from three additional monument companies who refused to submit bids. Also included was an invoice from a Hornell Evening Tribune newspaper legal notice (Exhibit D) that was run for three consecutive weeks for \$99.37.

I recommend approval of this application.

**Department
of State**

The Monuments

I visited the cemetery on October 12, 2022, and found that all 29 of the monuments were either loose on their foundations or tipping and appeared to pose a hazard to cemetery visitors and employees. The cemetery has had no response to the legal advertisement which it placed, and has no funds dedicated to the restoration of monuments. The cemetery also indicated that it did not have any address information to send mailings directly. The most recent monument appears to have been placed in or around 1918. Based on the advanced age of the monuments in question, it is assumed the foundations were laid privately by either the families or by monument contractors.

The estimate proposes to: remove the monuments from the existing foundations; dig out the existing foundation; place a new foundation made of solid concrete poured to a depth of 42 inches; and replace the monument, resealing all joints with setting compound or epoxy. DC Masonry offers a 10-year warranty.

Declinations to Bid

The cemetery association was only able to provide a single estimate for this project. Included are responses from WNY Cemetery Services, Todd Forsythe (a local monument dealer), Snyder Brothers Cemetery Service, and Walter E. Baird Funeral Home, all of which declined to submit a bid. The single bid appears consistent with historical costs in Steuben County and the cemetery has been unable to provide an additional bid despite a diligent effort. I recommend that the single bid be deemed sufficient in this case.

Recommendation

The cemetery is current with its payments to the vandalism fund and with the filing of its annual reports. The cemetery previously received a disbursement for hazardous monument work in November 2021, and the funds appear to have been spent appropriately (Exhibit E). All documents appear to be in order, and this appears to be a legitimate claim for \$36,646.37. I recommend that this application be approved.

Has this cemetery previously applied for and received a grant from the Vandalism,
Abandonment & Monument Repair Fund? ☒ YES* ☐ NO

*If YES, when? _____ Amount Received: \$33,868.14

Was proof of completed work forwarded to the Division of Cemeteries? ☒ YES ☐ NO

1. Provide a description of each damaged monument and/or marker and enclose referenced photos:
See attached link for pictures noted in cover letter. Investigator Brenda Stanton has already been out to confirmed as a hazard
2. Attach copies of bids submitted by at least two contractors for the cost of repairs or removal and replacement.
3. Attach proof that the cemetery corporation has given not less than 60-day notice to the last known owner to repair or remove the monument or marker and that said owner has failed to do so within the time prescribed in that notice.

I, the undersigned, duly authorized, swear or affirm under the penalties of perjury that the above-named cemetery has not been able to obtain sufficient funds from the family of the deceased, that the proposed costs of the repairs or removals and replacements are fair and reasonable and that the above-described monuments and/or markers are so badly out of repair or dilapidated as to create a dangerous condition. I further swear or affirm that the information contained in this application is true and correct. I agree that, upon receipt of monies for the repair or removal of dilapidated or disrepaired monuments that create a dangerous condition, such repairs will be made as quickly as possible and documentation (receipts and statements) of the repairs and removals will be submitted to the Division of Cemeteries within 90 days following completion of work.

TO: Division of Cemeteries

FROM: Clearview Cemetery Board

DATE: June 20, 2022

SUBJECT: Replacement of Upright Monuments with Flush Granite or Bronze Markers

It is the Clearview Cemetery's Board wish that these hazardous monuments not be replaced with flush granite or bronze markers. All of these monuments are still in good condition except for the foundations that they sit upon except for the Wm Nicholson monument is made of concrete per Investigator Standon. Mr. Stanton did not think the top two pieces would survive being taken down and put back up. I spoke with Mr. Clancey and he felt the same but the other three section he felt would last for decades to come. So since the name is on one of those three sections the Cemetery would like to keep those three sections when it is repaired. We would like future generations to be able to visually see the craftsmanship, ornateness and history that these markers represent. Please take this into consideration as you make your decision. Thanks.

Cheryl,

Unfortunately, will not be able to bid on this foundation job for you.

Thanks - Nancy

On Wed, May 11, 2022 at 4:15 PM Cheryl Deusenbery [REDACTED] wrote:

Hello Nancy

We were not able to get our legal notice cut until this week so if the State approves this list for repair it will be in the Fall. Would you be able to provide a quote? Attached is the list, map and contractor's instructions from the State. If you would like to quote and need someone to walk with you to find the monuments listed please contact me and we can set something up. We hope to have the quotes back by June 30th.

The William Nicholson monument might need a replacement stone per the State investigator or just use the first three sections that will have the name on it if you think that is possible.

I can be reached at [REDACTED]

Hi Cheryl, thank you for offering that out to me but it is not something I can do. Do not for any foundations. I have the brothers do all of mine unless the cemetery already has contract with another outfit.
Hope all is well with you take care.

Cheryl,

After taking a look at the stones that are marked, some of them are too big for us to remove and reset. I'm not sure if the bidding process has changed since the last time we submitted a bid for the State Hazard Grant, but the process they require to place a bid is too much paperwork for this type of project,

Joe

Hello Joe

The State Inspector was out yesterday to look at our monuments that are a hazard. Attached is what we looked at and we have enough right now to do 30 for the next two years. He is sending me the next steps which is to advertise in the paper for the next three weeks to try and get family to come forward to repair before we can submit to the State for funding. He said we will need to get two quotes to go with our application to the State. Are you still interested in doing the repairs? The State meets monthly he said. I wasn't sure if you wanted to pick the ones you wish to do first or it wouldn't matter to you. If you did then those would be the ones I would have to advertise in the paper and submit to the state. The monuments are still marked with tape but I could possibly meet you and walk it with you.

Thanks Cheryl Deusenbery [REDACTED]

By application dated August 18, 2021, the Clearview Cemetery Association of the town of Cohocton, Steuben County, applied for funds for the repair of 30 hazardous monuments. The State Cemetery Board approved this application in its meeting on November 9, 2021, in the amount of \$33,192.14. The contract was awarded to DC Masonry. Having been informed that the project had been completed, I inspected the work on May 10, 2022, and found it satisfactory.
