Local Law No.     of the year 200__

Be it enacted by the City Council of the of the City of Binghamton, New York as follows:

GENERAL PROVISIONS

Section 1. Title.

This local law will be known as the City of Binghamton Waterfront Consistency Review Law. Section 2. Authority and Purpose.

This local law is adopted under the authority of the Municipal Home Rule Law and the Waterfront Revitalization of Coastal Areas and Inland Waterways Act of the State of New York (Article 42 of the Executive Law).

The purpose of this local law is to provide a framework for agencies of the City of Binghamton to consider policies and purposes contained in the Local Waterfront Revitalization Program when reviewing applications for actions or direct agency actions located in the coastal area; and to assure that such actions and direct actions are consistent with the said policies and purposes.

It is the intention of the City of Binghamton that the preservation, enhancement, and utilization of the natural and manmade resources of the unique coastal area of the City of Binghamton take place in a coordinated and comprehensive manner to ensure a proper balance between natural resources and the need to accommodate population growth and economic development. Accordingly, this local law is intended to achieve such a balance, permitting the beneficial use of coastal resources while preventing: loss of living estuarine resources and wildlife; diminution of open space areas or public accesses to the waterfront; erosion of shoreline; impairment of scenic beauty; losses due to flooding, erosion and sedimentation; or permanent adverse changes to ecological systems.
