FEDERAL AND STATE PROGRAMS  
LIKELY TO AFFECT IMPLEMENTATION

FEDERAL AND STATE PROGRAMS  
LIKELY TO AFFECT IMPLEMENTATION

State and federal actions will affect and be affected by implementation of the LWRP. Under State law and the Federal Coastal Zone Management Act, certain State and Federal actions within or affecting the local waterfront area must be "consistent" or "consistent to the maximum extent practicable" with the enforceable policies and purposes of the LWRP. This makes the LWRP a unique, intergovernmental mechanism for setting policy and making decisions. While consistency requirements primarily help prevent detrimental actions from occurring and help ensure that future options are not foreclosed needlessly, active participation on the part of state and federal agencies is also likely to be necessary to implement specific provisions of the LWRP.

The first part of this section identifies the actions and programs of state and federal agencies which should be undertaken in a manner consistent with the LWRP. This is a generic list of actions and programs, as identified by the NYS Department of State; therefore, some of the actions and programs listed may not be relevant to this LWRP. Pursuant to the State Waterfront Revitalization and Coastal Resources Act (Executive Law, Article 42), the Secretary of State individually and separately notifies affected state agencies of those agency actions and programs which are to be undertaken in a manner consistent with approved LWRP's. Similarly, federal agency actions and programs subject to consistency requirements are identified in the manner prescribed by the U.S. Coastal Zone Management Act and its implementing regulations. The lists of state and federal actions and programs included herein are informational only and do not represent or substitute for the required identification and notification procedures. The current official lists of actions subject to state and federal consistency requirements may be obtained from the NYS Department of State.

The second part of this section is a listing of specific key actions and projects necessary to implement the LWRP. The third part of this section is a general list of state and federal agency actions which are necessary to further the implementation of the LWRP. It is recognized that a state or Federal agency's ability to undertake such actions is subject to a variety of factors and considerations; that the consistency requirements cannot be used to require a state or federal agency to undertake an action it could not undertake pursuant to other provisions of law. Reference should be made to Section V, which also discuss state and federal assistance needed to implement the LWRP.

A. FEDERAL ACTIONS AND PROGRAMS WHICH SHOULD BE CARRIED OUT IN A MANNER CONSISTENT WITH THE LWRP.

The following is a list of Federal actions and programs which are to be undertaken in a manner consistent with the LWRP. The actions and programs are listed under three categories: (1) Direct Federal activities and development projects, (2) Federal licenses and permits, and (3) Federal assistance.
