INFORMATION NOTICE NOTICE OF FINAL RULE ADOPTION Regulatory Program Fees and Water Supply Charges

FILING DATE: December 29, 2016.

EFFECTIVE DATE: This final rule is effective January 1, 2017.

ACTION TAKEN: By Resolution No. 2016-9 on December 14, 2016, the Delaware River Basin Commission amended its Administrative Manual Part II – Rules of Practice and Procedure and Administrative Manual Part III – Basin Regulations – Water Supply Charges (21 NYCRR Subchapter A, Part 833 and Subchapter D, Part 883, respectively) to adopt a new project review fee structure and provide for automatic inflation adjustments. These changes were also incorporated into the Commission’s Comprehensive Plan.

STATUTORY AUTHORITY: Delaware River Basin Compact, United States Public Law 87-328, Approved September 27, 1961, 75 Statutes at Large 688; 53 Delaware Laws, Chapter 71, Approved May 26, 1961; New Jersey Laws of 1961, Chapter 13, Approved May 1, 1961; New York Laws of 1961, Chapter 148, Approved March 17, 1961; and Pennsylvania Acts of 1961, Act No. 268, Approved July 7, 1961.

PURPOSE: The amendments establish a new project review fee structure and provide for automatic inflation adjustments for regulatory program fees and water charges.

SUPPLEMENTARY INFORMATION:

Background. The Delaware River Basin Commission (“DRBC” or “Commission”) is a Federal-interstate compact agency charged with managing the water resources of the Delaware River Basin on a regional basis without regard to political boundaries. Its members are the

governors of the four basin states – Delaware, New Jersey, New York and Pennsylvania – and on behalf of the federal government, the North Atlantic Division Commander of the U.S. Army Corps of Engineers. The Commission is not subject to the requirements of the New York State Administrative Procedure Act. The purpose of this notice is to advise the public that duly adopted regulations of the Commission have been filed with the state in accordance with Section 14.2 of the Delaware River Basin Compact.

By Resolution No. 2016-9 on December 14, 2016 the Commission approved a comprehensive revision of its project review fee structure, including an automatic annual indexed inflation adjustment for most fees. An inflation adjustment was also approved for DRBC’s water supply charges rates applicable to consumptive and non-consumptive surface water withdrawals. The changes to DRBC’s regulatory program fees are designed to provide a more predictable and sustainable source of revenues and to close the annual gap in funding needed to support DRBC’s project review program. They also adjust the fees program to better align with the One Process/One Permit Program instituted earlier in 2016. The changes to DRBC’s water supply charges regulations are designed to help revenues assigned to DRBC’s Water Supply Storage Facilities Fund keep pace with inflation.

Public Process. A Notice of Proposed Rulemaking and Public Hearing was posted to the Commission’s website on May 9, 2016. A detailed set of questions and answers about the proposal (“FAQs”) and a press release accompanied the May 9, 2016 web posting. On May 10, 2016, an email alert, including a link to the notice and supporting documents, was transmitted to all parties subscribed to DRBC’s list serve. Notice of the proposed rules was published in the Federal Register at 81 FR 35662, June 3, 2016 and appeared in the Delaware Register of Regulations, 19 DE Reg., 1052, June 1, 2016; New Jersey Register, 48 N.J.R. 949, June 6, 2016; New York State Register, May 25, 2016 (page 1); and Pennsylvania Bulletin, 46 Pa.B. 2967, June 11, 2016. DRBC staff hosted a public informational meeting on the proposal on Wednesday, June 15, 2016 in Washington Crossing, Pa., including presentations by staff and informal questions and answers. The FAQs posted on the Commission’s website were thereafter supplemented with questions and responses offered during the informational meeting. A public hearing on the proposed amendments took place at the Commission’s office building in West Trenton, N.J. on July 27, 2016 and written comments were accepted through August 12, 2016.

In response to the written and oral comments submitted on the draft rules, staff developed a detailed comment and response document, including modest changes to the rule text. After careful consideration and consultation with staff on the comments and proposed changes to the draft rules, the Commissioners determined that the changes were appropriate, responsive to the public’s concerns and a logical outgrowth of the rules as proposed. The changes and the staff response to comments were adopted by unanimous vote of the Commissioners to approve Resolution No. 2016-9 at the Commission’s public business meeting on December 14, 2016.

For the reasons set forth in the preamble, the Delaware River Basin Commission amends Parts 833 and 883 of Title 21, Chapter XVIII of the Codes, Rules and Regulations of the State of New York as follows:

PART 833

PROJECT REVIEW UNDER SECTION 3.8 OF THE COMPACT (ARTICLE 3)

(Statutory Authority: Delaware River Basin Compact, United States Public Law 87-328, Approved September 27, 1961, 75 U.S. Statutes at Large 688; New York Laws of 1961, Chapter 148, Approved March 17, 1961, § 14.2.)

[Addition of a new § 833.12 to read as follows:]

§ 833.12 Regulatory program fees.

(a) Purpose. The purpose of this section is to provide an adequate, stable and reliable stream of revenue to cover the cost of the Commission’s regulatory program activities, an important means by which the Commission coordinates management of the shared water resources of the Basin. Activities to be covered by the fees include the review of applications for projects that are subject to review under the Delaware River Basin Compact and implementing regulations; and ongoing activities associated with such projects, including but not limited to, effluent and ambient monitoring, data analysis, hydrodynamic and water quality modeling, and coordination with state and federal agencies.

(b) Types of fees. The following types of fees are established by this section:

(1) Docket application fee. Except as set forth in paragraph (b)(1)(iii) of this section, the docket application fee shall apply to:

(i) Project requiring a DRBC-issued docket or permit. Any project that, in accordance with the Delaware River Basin Compact and DRBC regulations, requires a Commission-issued docket or permit, whether it be a new or existing project for which the Commission has not yet issued an approval or a project for which the renewal of a previous Commission approval is required.

(ii) Project requiring inclusion in the comprehensive plan. Any project that in accordance with section 11 or section 13.1 of the Delaware River Basin Compact and DRBC regulations must be added to the Comprehensive Plan (also, “Plan”). In addition to any new project required to be included in the Plan, such projects include existing projects that in accordance with section 13.1 of the Compact are required to be included in the Plan and which were not previously added to the Plan. Any existing project that is changed substantially from the project as described in the Plan shall be deemed to be a new and different project for purposes of this section.

(iii) Exemptions. The docket application fee shall not apply to:

(A) Any project for which the Signatory Party Agency serves as lead under the One Permit Program rule (§ 833.11), unless such project must be added by the Commission to the Comprehensive Plan.

(B) Any project for which an agency, authority or commission of a signatory to the Compact is the primary sponsor. Projects sponsored by political subdivisions of the signatory states shall not be included in this exemption. For purposes of this section “political subdivisions” shall include without limitation municipalities, municipal utility authorities, municipal development corporations, and all other entities not directly under the budgetary and administrative control of the Commission’s members.

(2) Annual monitoring and coordination fee – (i) Except as provided in paragraph (ii) below, an annual monitoring and coordination fee shall apply to each active water allocation or wastewater discharge approval issued pursuant to the Compact and implementing regulations, regardless of whether the approval was issued by the Commission in the form of a docket, permit or other instrument, or by a Signatory Party Agency under the One Permit Program rule (§ 401.42). The fee shall be based on the amount of a project’s approved monthly water allocation and/or approved daily discharge capacity.

(ii) For any withdrawal or diversion covered in part by a certificate of entitlement issued pursuant to 18 CFR § 420.31-32 of the water supply charges regulations, the annual monitoring and coordination fee shall be based on the allocated amount, if any, in excess of the quantity specified in the entitlement.

(3) Alternative review fee. In instances where the Commission’s activities and related costs associated with the review of an existing or proposed project are expected to involve extraordinary time and expense,

an alternative review fee equal to the Commission’s actual costs may be imposed. The Executive Director shall inform the project sponsor in writing when the alternative review fee is to be applied and may require advance payment in the amount of the Commission’s projected costs. Instances in which the alternative review fee may apply include, but are not limited to, matters in which:

(i) DRBC staff perform a detailed pre-application review, including but not limited to the performance or review of modeling and/or analysis to identify target limits for wastewater discharges.

(ii) DRBC staff perform or review complex modeling in connection with the design of a wastewater discharge diffuser system.

(iii) DRBC manages a public process for which the degree of public involvement results in extraordinary effort and expense, including but not limited to, costs associated with multiple stakeholder meetings, special public hearings, and/or voluminous public comment.

(iv) DRBC conducts or is required to engage third parties to conduct additional analyses or evaluations of a project in response to a court order.

(4) Additional fees – (i) Emergency approval. A request for an emergency certificate under § 833.9 to waive or amend a docket condition shall be subject to a minimum fee in accordance with paragraph (e) of this section. An alternative review fee also may be charged in accordance with paragraph (b)(3) of this section.

(ii) Late filed renewal application. Any renewal application submitted fewer than 120 calendar days in advance of the expiration date or after such other date specified in the docket or permit or letter of the Executive Director for filing a renewal application shall be subject to a late filed renewal application charge in excess of the otherwise applicable fee.

(iii) Modification of a DRBC approval. Following Commission action on a project, each project revision or modification that the Executive Director deems substantial shall require an additional docket application fee calculated in accordance with paragraph (e) of this section and subject to an alternative review fee in accordance with paragraph (b)(3) of this section.

(iv) Name change. Each project with a docket or permit issued by the DRBC or by a Signatory Party Agency pursuant to the One Permit Program rule (§ 833.11) will be charged an administrative fee as set forth in paragraph (e) of this section.

(v) Change of ownership. Each project that undergoes a “change in ownership” as that term is defined at 18 CFR 420.31(e)(2) will be charged an administrative fee as set forth in paragraph (e) of this section.

(c) Indexed adjustment. On July 1 of every year, beginning July 1, 2017, all fees established by this section will increase commensurate with any increase in the annual April 12-month Consumer Price Index (CPI) for Philadelphia, published by the U.S. Bureau of Labor Statistics during that year.¹ In any year in which the April 12-month CPI for Philadelphia declines or shows no change, the docket application fee and annual monitoring and coordination fee will remain unchanged. Following any indexed adjustment made under this paragraph (c), a revised fee schedule will be published in the Federal Register by July 1 and posted on the Commission’s website. Interested parties may also obtain the fee schedule by contacting the Commission directly during business hours.

(d) Late payment charge. When any fee established by this section remains unpaid 30 calendar days after the payment due date provided on the Commission’s invoice, an incremental charge equal to 2% of the amount owed shall be automatically assessed. Such charge shall be assessed every 30 days thereafter until the total amount owed, including any late payment charges has been paid in full.

(e) Fee schedules. The fees described in this section shall be as follows:

State Board of Elections

EMERGENCY/PROPOSED
RULE MAKING

NO HEARING(S) SCHEDULED

Implementation of Independent Expenditure Disclosure Pursuant to the Election Law

I.D. No. SBE-03-17-00001-EP

Filing No. 1211

Filing Date: 2016-12-30

Effective Date: 2016-12-30

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Proposed Action: Amendment of section 6200.10 of Title 9 NYCRR.

Statutory authority: Election Law, section 14-107(7)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: On August 24, 2016, the Governor signed into law Chapter 286 of the Laws of 2016, concerning, among other things, modifications and additions to the laws relating to the disclosure of Independent Expenditures, certain portions of which go into effect 30 days after being signed into law; which is September 23, 2016.

It has been long established that timely and accurate disclosure of campaign financial activity is of critical import to the electoral process, and that such disclosure also includes the disclosure of Independent Expenditure activity.

A conflict between the regulations of the Board and the statute would frustrate disclosure. It is therefore necessary for the general welfare of the public that Part 6200.10 of the NYCRR be amended on an Emergency Basis, to implement the disclosure of Independent Expenditures that are required by law.

Subject: Implementation of independent expenditure disclosure pursuant to the election law.

Purpose: The rule effectuates the amendments to article 14 of the Election Law resulting from chapter 286 of the Laws of 2016.

Substance of emergency/proposed rule (Full text is posted at the following State website: www.elections.ny.gov): The proposed amendment to 6200.10 implements changes in law resulting from Chapter 286 of the Laws of 2016. The rules provides for additional aspects to the definition of what is and what is not an independent expenditure, including a definition of activities that are coordination as well as activities that are not coordination. The rule provides for changes to the content and manner of disclosures required by independent expenditure entities. Political action committees are defined, and additional disclosures and limitations required by law are provided for.

This notice is intended: to serve as both a notice of emergency adoption and a notice of proposed rule making. The emergency rule will expire March 29, 2017.

Text of rule and any required statements and analyses may be obtained from: Brian L. Quail, New York State Board of Elections, 40 North Pearl Street, Floor 5, Albany, New York 12207, (518) 473-5088, email: brian.quail@elections.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 45 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority: Election Law 14-107 requires the New York State Board of Elections to provide for reporting of independent expenditures, and this requires rules for implementation. Election Law 14-107[7] expressly authorizes the New York State Board of Elections to promulgate such rules and regulations.

2. Legislative objectives: The legislative objective furthered by the regulation is to provide the system of independent expenditure reporting that increases transparency in the election process. Specifically this regulation makes amendments to conform to amendment to Election Law 14-107 enacted by Chapter 286 of the Laws of 2016.

3. Needs and benefits: The regulation amends the independent expenditure reporting requirements of the Election Law and is required to implement Chapter 286 of the Laws of 2016. The rule provides for additional aspects to the definition of what is and what is not an independent expenditure, including a definition of activities that are coordination as well as activities that are not coordination. The rule provides for changes to the content and manner of disclosures required by independent expenditure entities. Political action committees are defined, and additional disclosures and limitations required by law are provided for.

4. Costs:

a. This regulatory amendment does not increase costs to regulated parties as the regulation reflects only existing statutory obligations. There is a cost to the time and effort required by regulated political committees to register and file reports.

b. There is no new agency or state costs created by this rulemaking.

c. This assessment of cost is based on the nature of the regulation.

d. This regulatory amendment does not create new costs as the reporting obligations are in Election Law 14-107.

5. Local government mandates: There are no additional responsibilities imposed by this rule upon any county, city, town, village, school district, fire district or other special district.

6. Paperwork: This proposed rule imposes no new reporting or regulatory filing requirements not provided for by statute, but statutory compliance requires registering as a political committee if engaging in independent expenditure activity and filing appropriate reports.

7. Duplication: There is no jurisdictional duplication created by this rulemaking.

8. Alternatives: This rulemaking amends the existing regulations to conform to the requirements of Election Law 14-107 as amended by Chapter 286 of the Laws of 2016. There are no known alternatives, but public comment will be accepted.

9. Federal standards: Not applicable.

10. Compliance schedule: The rule provides no new compliance schedules not already expressly provided for by section 14-107 of the Election Law.

Regulatory Flexibility Analysis

1. Effect of rule: There is no impact on local government due to this rule. This rule will have a minimal impact on small business. Should a small business engage in independent expenditures, the existing statute and regulation would require the committee to register and report activity to the State Board of Elections. This rule reflects a statutory amendment to Election Law 14-107 in 2016.

2. Compliance requirements: If a small business engaged in independent expenditures, they are required under existing law to register with the State Board of Elections as a political committee and to comply with the provisions of Article 14 of the Election Law, as applicable. This rule has no impact on local governments.

3. Professional services: A small business that engages in independent expenditures may acquire accounting services to maintain and report activity to comply with the existing reporting requirements. This rule making, conforming the statute to the regulatory text, does not significantly change any such potential need.

4. Compliance costs: It is unclear what the compliance costs are for regulated business or industry to comply with this rule. This rule making, conforming the statute to the regulatory text, does not significantly change any such potential need. Nothing in this rule mandates any entity to engage in the activities triggering filing requirements.

5. Economic and technological feasibility: Our assessment of the economic and technological feasibility of compliance with this rule, as with the existing rule, is that a small business would need a computer to make required disclosures.

6. Minimizing adverse impact: The rule requires no mitigation of impacts on small businesses as it regulates independent expenditures and reporting by those entities which choose to engage in those activities on an equal basis. The rule does not require engaging in such activities. The rule has no impact on local governments.

7. Small business and local government participation: The State Board of Elections has solicited and will continue to solicit public comment. This would include comments that may suggest alternatives to minimize the impact on small businesses that choose to make independent expenditures regulated by Article 14 of the Election Law.

Rural Area Flexibility Analysis

Under SAPA 202-bb(4)(a), when a rule does not impose an adverse economic impact on rural areas and the agency finds it would not impose

reporting, recordkeeping, or other compliance requirements on public or private entities in rural areas, the agency may file a Statement in Lieu of. This rule has statewide application, amending the rules for independent expenditure reporting as provided by Election Law section 14-107. The proposed rule does not create any new reporting, recordkeeping or other routine compliance requirements as they are already expressly required by law. Accordingly, this rule has no adverse impacts on any area.

Job Impact Statement

1. Nature of Impact: This rule should have minimal or no impact on jobs as it amends existing independent disclosure requirements by political committees. Prior to this rule, which amends specific reporting requirements to reflect amendments to Election Law § 14-107 in 2016, committees already had obligations to register and disclose expenditure activity with the State Board of Elections.

2. Categories and numbers affected: This rule will impact committees which engage in independent expenditure activity. This rule will not create employment opportunities.

3. Regions of adverse impact: This rule has a statewide applicability, and has no disproportionate adverse impact on jobs or employment opportunities in any region.

4. Minimizing adverse impact: The State Board of Elections has not taken any measures to minimize adverse impact on existing jobs or promote the development of new employment opportunities because the State Board of Elections has determined this rule would not have an adverse impact on jobs.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Appointment of a Temporary Operator

I.D. No. PSC-03-17-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the appointment of a temporary operator for Arbor Hills Waterworks, Inc.

Statutory authority: Public Service Law, sections 89-b and 112-a

Subject: Appointment of a temporary operator.

Purpose: To consider whether to appoint a temporary operator for Arbor Hills Waterworks, Inc.

Substance of proposed rule: The Commission is considering the appointment of a temporary operator for Arbor Hills Waterworks, Inc. On August

19, 2016, the Commission issued, in Case 16-W-0415, an Order to Show Cause requiring Arbor Hills Waterworks, Inc. (Arbor Hills or the Company) to show cause, within seven days, why a temporary operator should not be appointed for the water system under the authority of Public Service Law § 112-a. The Company responded, arguing that the problems cited by the Commission in its Order to Show Cause, failure to comply with past requirements and numerous consumer complaints, either have been resolved or not valid. Arbor Hills argues that the current problems, unaddressed infrastructure breakdowns, are the result of a lack of funds rather than a lack of ability to manage the system. A second filing by the Company argued that the failure to address current problems was the result of the system operator, rather than Arbor Hills' owner. On October 13, 2016, the Commission issued a second Order, which included a Department of Public Service Staff (Staff) report regarding Arbor Hills' efforts to address the system's deficiencies. The report concluded that the Company's owners' explanations did not satisfy the Commission's requirements in the Order to Show Cause. As recommended in the report, the Commission's Order restricted the Company from accessing its emergency repair funds without prior authorization from Staff. Arbor Hills was also required to submit a plan to supplement its water supply in the future. The Company's response disputed the Commission's findings of deficiencies at Arbor Hills, arguing that the inadequate water supply was the result of the Commission's failure to provide greater funds for the Company's repair escrow account. The Commission may adopt, reject or modify, in whole or in part, the relief proposed and may resolve related matters.

Effective Date: 2017-01-18

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of Part 153 to Title 19 NYCRR.

Statutory authority: Executive Law, section 109

Subject: Rules relating to political consultants.

Purpose: To prescribe the statutorily mandated form for political consultants and related regulations relating to political consultants.

Text or summary was published in the January 18, 2017 issue of the Register, I.D. No. DOS-45-16-00019-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: David Mossberg, Esq., NYS Dept. of State, 123 William St., 20th FL., New York, NY 10038, (212) 417-2063, email: david.mossberg@dos.ny.gov

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2020, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The Department of State (the “Department”) received several comments following publication of the proposed rule which was published in the November 9, 2016 Register.

Summary and analysis of issues raised and significant alternatives suggested by comments, reasons why any significant alternatives were not incorporated into the rule, and description of changes made in the rule as a result of such comments are described below.

COMMENT 1:

The Department was asked whether the proposed rulemaking would be interpreted as requiring a consultant who has no “clients”, as defined by the rule, to file the disclosure statement prescribed by Part 153.

RESPONSE 1:

No, the Department does not interpret the rule as drafted to require consultants who have no “clients” to file the disclosure statement prescribed by Part 153. The legislation was enacted as part of a larger ethics reform bill to shed light on instances where a public official/candidate for office retains the services of a consultant who may also have additional “clients” who may seek to influence the official/candidate. With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 2:

The Department was asked whether the proposed rulemaking would be interpreted as requiring a consultant that has clients which do not have any matters before a government body to file the disclosure statement prescribed by Part 153.

RESPONSE 2:

No, the Department does not interpret the rule as drafted to require consultants who have clients with no public business to file the disclosure statement prescribed by Part 153. The rule requires disclosures where “clients” have, in relevant part, hired the consultant concerning “matters before any state or local government agency, authority or official, including services, advice or consultation relating to any state or local government contract for real property, goods or services, an appearance in a ratemaking proceeding, an appearance in a regulatory matter, or an appearance in a legislative matter other than matters described in subparagraph (E) of the second undesignated paragraph of subdivision (c) of section one-c of the legislative law.” With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 3:

The Department was asked whether the companies which sell voter data or provide “robo-call” services to file the disclosure statement prescribed by Part 153.

RESPONSE 3:

No, the Department does not interpret the rule as drafted to require companies which sell voter data or provide “robo-call” services to file the disclosure statement prescribed by Part 153. The rule exempts “activities that are solely ministerial in nature that do not include any substantive advice or counseling, such as canvassing.” Selling of data and similar ventures in and of themselves are not considered “political consulting services”. With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 4:

The Department was asked whether the proposed rulemaking would be interpreted as requiring a consultant who is hired by an individual holding or seeking an elected federal office to file the disclosure statement prescribed by Part 153.

RESPONSE 4:

No, the Department does not interpret the rule as drafted to require consultants who have been hired by a federally elected public official or candidate to file the disclosure statement prescribed by Part 153. With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 5:

The Department was asked to clarify how consultants can identify, in instances where the “client” is an entity, who should be listed as the “natural person who has a controlling interest in such entity”.

RESPONSE 5:

The natural person who has a controlling interest in the entity can be any member of the governing board of the entity, whether designated as director, trustee, manager, governor, or by any other title (e.g., any individual that has legal capacity to bind/act on behalf of “client”). With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 6:

The Department was asked to clarify whether a consultant is “compensated” upon agreement, or upon receipt of payment.

RESPONSE 6:

For the purposes of complying with Part 153 compensation is established upon agreement, and not upon receipt of payment. The intent of Part 153 and Section 109 was to shine a light on the shadowy intersection of government, lobbying, and political consulting. If a consultant could forgo filing because he/she has not been paid, even though services have already been provided, the public would not know whether governmental actions may have been affected by special interests; such an interpretation would eviscerate the stated intent behind the laws and do a disservice to the public at large. Accordingly, even if a consultant has not received payment, a disclosure form must be filed if an individual has provided political consulting services and has been retained by a “client”. With the additional clarification provided by this response, the Department found that no revision to the proposed rule was required.

COMMENT 7:

In response to Section 10 of the Regulatory Impact Statement, a comment was received requesting that the Department give consideration to amending the first reporting period to run from January 2017 to June 2017. The comment asserts, in part, that it would be not practical for many consultants to disclose this information for the proposed period because consultants did not know to retain such information for later reporting. Additionally, a question was raised whether it is legally permissible to require filers to report information relating back to July 1, 2016.

RESPONSE 7:

To effectively carry out the legislative intent, the full first statutory reporting period (July first and ending December thirty-first) must be disclosed. The Department believes that most professional businesses keep records for at least 3 years for auditing purposes - such is the recommendation of the Internal Revenue Service - accordingly it is unlikely that many consultants would find it impractical to comply with this requirement.

Additionally, the Department does not believe that this application would violate the rule prohibiting “ex post facto” laws. Section 109 of the Executive Law imposes a civil regulatory, non-penal disclosure requirement; the statute does not criminalize past lawful conduct nor are the remedies for violations unduly punitive. See generally, *Williams v. Dep’t of Corr. & Cmty. Supervision*, 136 A.D.3d 147, 24 N.Y.S.3d 18 (N.Y. App. Div. 2016). Accordingly, the Department finds that no changes are required as a result of this comment.

New York State Thruway Authority

NOTICE OF ADOPTION

Amend the Authority’s Toll Rules to Enhance Violation Enforcement on the Thruway System

I.D. No. THR-46-16-00022-A

Filing No. 3

Filing Date: 2017-01-04

Effective Date: 2017-01-18

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of section 101.3 of Title 21 NYCRR.

Statutory authority: Public Authorities Law, section 354(5), (8) and (15); Vehicle and Traffic Law, section 1630

Subject: Amend the Authority’s toll rules to enhance violation enforcement on the Thruway System.

Purpose: To deter toll evasion.

Text or summary was published in the November 16, 2016 issue of the Register, I.D. No. THR-46-16-00022-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: Kathleen Clark, New York State Thruway Authority, 200 Southern Blvd., Albany, New York 12209, (518) 436-2876, email: kathy.clark@thruway.ny.gov

Initial Review of Rule

As a rule that does not require a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2022, which is no later than the 5th year after the year in which this rule is being adopted.

Assessment of Public Comment

The Authority received by email, dated December 28, 2016, comments from Walter Pacholczak, Vice President of Government Affairs at the AGC NYS in support of the Authority’s proposal to enhance violation enforcement to deter toll evasion. As stated in the letter, “Toll evaders unfairly pass the burden of maintaining the infrastructure to law abiding citizens who pay tolls. Therefore, the proposed rule would establish sound public policy to aggressively pursue toll evaders on the NYSTA.” The Authority appreciates the support of AGC NYS for this proposed rule.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	0001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

Caregiver Support Training, Transit Research and Accessibility Center Grant

Organizations whose staff was involved in the development of this Request for Proposal are not eligible to directly apply or be included as a sub-contractor for another applicant.

*Note: the lead applicant cannot be a for-profit organization; however, for-profit organizations may serve as subcontractors to the lead applicant.

To fund one grantee up to \$600,000 (\$200,000 per year for a three year period) to establish an infrastructure to locally implement the Vanderbilt Kennedy Center Mindfulness Based Stress Reduction (MBSR) and Positive Adult Development (PAD) trainings for family caregivers of individuals with intellectual, developmental and other disabilities.

OVERVIEW

The intent of this DDPC initiative is to provide family caregivers with continued opportunities for support training. The proposed project will implement two evidenced-based trainings models, Mindfulness Based Stress Reduction (MBSR) and Positive Adult Development (PAD), to assist caregivers in stress reduction and teach them effective coping mechanisms for both short- and long-term stressful situations. Both models were developed by Vanderbilt Kennedy Center for Excellence in Developmental Disabilities based on research that uncovered "peer-led interventions targeting parental well-being can significantly reduce stress, depression and anxiety in mothers of children with disabilities". The DDPC seeks to harness these highly effective strategies and employ them for family caregivers throughout New York State.

MBSR is a strategy for increased coping and decreased reactivity to physical and emotional difficulties. MBSR sessions introduce caregivers to mindfulness practice in the form of sitting meditation, body awareness and mindful movement. PAD is a cognitive-behavioral approach training to help caregivers manage stress by reducing negative thinking and enhancing more effective problem solving.

Implementation of both models includes one trained clinical staff (e.g. psychologist or mental health professional) and one to two trained family caregiver facilitators. The selected grantee will be expected to purchase the site license and training curriculum for themselves as well as all the local organizations and remain current on any updates or changes made to the curriculum.

Approach

DDPC will select one grantee to identify and work with local organizations and groups from throughout New York State to deliver both the Vanderbilt Mindfulness Based Stress Reduction and Positive Adult Development curricula to family caregivers of children and adults with developmental and other disabilities. The selected grantee

will provide training to the local organizations and groups on model implementation to ensure fidelity, provide ongoing technical assistance, evaluate the trainings, and track and measure short-term and long-term outcomes for family caregivers.

Training is typically delivered in 1-1.5-hour group sessions each week. The curriculum also can be run back to back in a weekend retreat format. The MBSR sessions include both discussion and practicing mindfulness-based techniques, such as deep belly breathing, and gentle movements like yoga. The PAD training focus is on identifying character strengths, practicing kindness and gratitude and tempering such emotions as guilt, conflict, worry, and pessimism by identifying and using character strengths and virtues. The participants engage in discussions and take home handouts to practice the learned techniques at home.

The selected grantee will:

- Establish an advisory committee representing key stakeholders who will guide the initiative
 - Receive training from Vanderbilt Kennedy Center on implementation of both models, MBSR and PAD, including how to prepare family caregivers and clinical staff to serve as facilitators
 - Select 6-8 local organizations and groups in year 1
 - Purchase the curriculum and site license from Vanderbilt Kennedy Center
 - Train facilitators and have the 6-8 local organizations and groups pilot either the MBSR, PAD, or both, trainings for family caregivers (12-16 trainings in total) in different regions throughout New York State, with a minimum of 10-12 participants for MBSR and up to 20 participants for PAD trainings
 - From each cohort, select at least one participant, from each training cycle, who will be trained as a mentor/facilitator for subsequent trainings.
 - Recruit and train 20-25 new local organizations and groups per year in years 2 and 3 who will be expected to implement the 2 cycles of either the MBSR, PAD or both trainings per year with a minimum of 3 organizations in each of the OPWDD regions (see Attachment B)
 - Provide technical assistance to the local organizations and groups on implementation
 - Develop evaluation tools for the local organizations and groups to use to evaluate both individual and program short- and long-term outcomes, as well as participant satisfaction
 - Identify the most successful outreach and promotion strategies, and best practices in training approaches to continually modify the training delivery accordingly, on an ongoing basis
 - Collect data to measure success of the initiative including caregiver outcomes
 - Ensure that the training materials are culturally competent and linguistically relevant to participants from culturally diverse and un-underserved groups within NYS
 - Assist local organizations and groups with identifying strategies to continue to offer the training locally, and
 - Explore long-term funding options and sustainability measures to continue implementation of the trainings throughout New York State.
- The local organizations and groups will:
- Identify clinical staff who will co-facilitate curriculum implementation with family caregiver

- Market the trainings and recruit family caregivers of children and adults with intellectual, developmental and other disabilities interested in participating in either or both trainings
- Implement 2 cycles of MBSR and PAD each year
- Select family caregivers who successfully complete the training to serve as facilitators for future trainings
- Collect and analyze pre- and post-training outcome and data, and
- Report training lessons learned and outcomes to the DDPC grantee.

Text-Based Caregiver Support; Transit Research and Accessibility Center Grant

Organizations whose staff was involved in the development of this Request for Proposal are not eligible to directly apply or be included as a sub-contractor for another applicant.

*Note: the lead applicant cannot be a for-profit organization; however, for-profit organizations may serve as subcontractors to the lead applicant.

To fund one grantee up to \$600,000 (\$200,000 per year for a three year period) to develop a multimedia messaging service (MMS) campaign that will provide Text-based and other customizable information on topics including health, wellness and resources for family caregiver of children with intellectual, developmental and other disabilities.

OVERVIEW

The DDPC, in an attempt to address caretaker health concerns, intends to establish a text-based caregiver support network that will disseminate timely and relevant self-care and stress-management support through text messaging and web-based channels. The text-based approach will be a highly effective medium to reach family caregivers, being that 81% of Americans own a cell phone, and text messaging is commonplace. The aim of this grant is to provide support for family caregivers of family members with intellectual and developmental disabilities so that these individuals can receive the optimal care possible, and so that family caregivers are able to maintain a sense of health and wellness.

Approach

DDPC will fund one grantee to develop, pilot and implement a statewide family caregiver support initiative modeled after Text4baby.

Text4baby is a mobile information service designed to promote maternal and child health through text messaging. Text4baby is a free

service of the nonprofit National Healthy Mothers, Healthy Babies Coalition (HMHB) and was created in 2010. The Text4baby service includes text messages, appointment reminders, educational videos, health hotlines, and additional resources. The Text4baby service includes over 250 free messages that are sent 3 times a week with the most critical information that experts want pregnant women and moms with infants under the age of one to know.

DDPC funds will be used to develop a text-based caregiver initiative similar to the Text4baby service, but focused on supporting family caregivers and providing them with customizable information based on the age of the family member with a disability, as well as the caregiver's age. The service should include topics on health and wellness and provide caregivers with available services and resources. At a minimum, all content will be available in both English and Spanish, however the selected grantee will need to address other language requests should they be made.

This initiative will be implemented using a secure multimedia messaging system (MMS) platform which allows texts, pictures, video or audio content to be shared between devices such as cell phones, and tablets. For caregivers who do not have access to devices that support MMS, an accompanying website will also need to be developed.

Family caregivers text messages will include but not be limited to:

- Behavioral health and emotional well-being
- Health
- Nutrition
- Exercises and physical activity
- Self-care
- Recognizing caregiver fatigue
- NY State specific information and resources
- Caregiver trainings

The following components should be incorporated into this service:

- Free weekly text messages
- Appointment reminders
- Hotlines 4 Caregivers (health services, social services, legal services, etc.)
- Text4Caregivers website and/or Application (App)
- On-line forum where caregivers can provide peer support
- Educational Videos
- Social Media platforms (Facebook, Twitter, Google ads, and blogs), and
- "Alert" message with breaking news related to health, disability, programs, or policy changes

EXECUTIVE ORDERS

Executive Order No. 160: Declaring an Emergency in Order to Appoint New Jersey and Connecticut Police Officers as Railroad Police Officers to Provide Enhanced Security on Commuter Trains, Buses, and Ferries.

WHEREAS, the holiday season, including Hanukkah, Christmas Eve, Christmas Day, and New Year's Eve, is a time of heightened alert and increased risk of terrorist attack as terrorists typically consider significant, symbolic dates when planning attacks, with the objective of inflicting mass casualties and maximizing the economic and psychological damage to the United States, as evidenced by the 2009 Christmas Day plot to blow up a Detroit-bound airliner; the November 2010 plot to bomb a holiday tree lighting ceremony in Portland, Oregon by a homegrown violent extremist; the December 2010 attack on a market filled with Christmas shoppers in Stockholm, Sweden by a suicide bomber; the December 2010 arrests in the United Kingdom of 12 individuals plotting to conduct attacks during the holiday season; and the December 2016 attack on a Christmas market in Berlin, Germany, and

WHEREAS, New York State has been subjected to terrorist attacks, including the World Trade Center bombing in 1993; the attacks on the World Trade Center on September 11, 2001; the Brooklyn Bridge Plot in 2003; the Financial Centers Plot in 2004 targeting the New York Stock Exchange and Citigroup Center in New York City and the Prudential Plaza in Newark, New Jersey; the 2007 plot to blow up jet fuel supply tanks and the pipeline that fed the tanks located underneath the John F. Kennedy International Airport; the May 2009 plot to bomb a Bronx synagogue and the Stewart Air National Guard Base; the failed plot of Faisal Shahzad in May 2010; the May 2011 plot by Ahmed Ferhani and Mohamed Mamdouh to bomb New York City synagogues, during which Ferhani and Mamdouh discussed additional targets in New York City, including churches and the Empire State Building; the October 2012 foiled attempt by Quazi Mohammad Rezwatul Ahsan Nafis to detonate a 1,000 pound car bomb outside the Federal Reserve Bank of New York in Lower Manhattan; the planned attacks by Quazi and his brother in November 2012 directed at landmarks in New York; the 2014 indictment of Mufid Elfgeeh, a Rochester resident who is alleged to have provided material support to the Islamic State (often referred to as ISIS or ISIL); and the September 2016 attack in New York City involving a pressure cooker style bomb that injured more than 30 people and involved an additional undetonated device, all of which demonstrate that terrorists continue to pose a persistent threat to New York State; and

WHEREAS, while there is no known confirmed threat to the New York metropolitan area, New York transportation systems have been repeatedly targeted by terrorists, including: the 2013 al-Qa'ida - directed plot to derail a passenger train traveling from Toronto to New York; the Zazi plot against New York City subways in 2009; the 2008 plot by Bryant Neal Vinas aimed at the Long Island Railroad; the 2006 plot to bomb the Port Authority-Trans Hudson train tunnels; and the 2004 plot to bomb Herald Square in Manhattan. The targeting of transportation systems by terrorist groups is further demonstrated by the bombings in London in 2005 and in Madrid in 2004; and

WHEREAS, hundreds of thousands of commuters travel between the states of New York, New Jersey, and Connecticut via mass transit systems that include interstate rail, bus, and ferry systems accessible to the public, and enhanced law enforcement presence on these conveyances is prudent to protect public safety; and

WHEREAS, on September 24, 2014, in response to heightened

concerns of terrorist activities, New York State and New Jersey formalized a counterterrorism partnership through a Memorandum of Understanding whereby additional security measures and protocols were agreed upon in an effort to bolster the security posture of the Bi-State Region; and

WHEREAS, the Islamic State continues to use social media sites to repeatedly call on sympathizers to carry out attacks within the United States and Western countries in any manner or way; and

WHEREAS, 130 people were murdered and 352 people were injured in multiple, simultaneous terrorist attacks in Paris, France on November 13, 2015; and at least 20 people were murdered in a November 20, 2015 terrorist attack in Bamako, Mali; and 32 civilians were killed and more than 300 people were injured after three coordinated suicide bombings at an airport and metro station in Brussels, Belgium on March 22, 2016; and 86 people were murdered and 434 people were injured after a terrorist attack on a Bastille Day celebration in Nice, France on July 14, 2016; and

WHEREAS, 49 people were murdered and 53 people were injured in a terrorist attack on the Pulse Nightclub in Orlando, Florida on June 12, 2016; and 11 people were injured in a terrorist attack perpetrated by Abdul Artan at the Ohio State University on November 28, 2016; and threats continue to be made including at the 90th Annual Macy's Thanksgiving Day Parade in New York City; and

WHEREAS, New York's sister states, Connecticut and New Jersey, have agreed to deploy police officers to provide increased security on commuter trains, buses, and ferries going in and out of New York State; and

WHEREAS, sworn members of the Connecticut State Police, sworn police officers of any county or municipality in the State of Connecticut, sworn members of the New Jersey State Police, and sworn police officers of any county or municipality in the State of New Jersey are restricted in their law enforcement authority once such a conveyance crosses the jurisdictional boundary between Connecticut and New York or between New Jersey and New York; and

WHEREAS, to utilize the police resources provided by New York's sister states, New York State must confer police officer powers, including arrest powers, on such officers while they are within its geographic jurisdiction; and

WHEREAS, Section 88 of the Railroad Law authorizes the Superintendent of the State Police to appoint any person as a railroad police officer only under prescribed circumstances and subject to certain limitations; and

WHEREAS, if such circumstances and limitations were applied to sworn members of the Connecticut State Police, sworn police officers of any county or municipality in the State of Connecticut, sworn members of the New Jersey State Police, and sworn police officers of any county or municipality in the State of New Jersey who are serving as railroad police officers from 12:01 A.M. on December 24, 2016 through 12:01 A.M. on January 2, 2017, such application would prevent, hinder and delay action necessary to respond to a terrorist attack or a threat thereof; and
