NOTICE OF ADOPTION

Administration of the Long Term Care Ombudsman Program

I.D. No. AGE-42-17-00001-A
Filing No. 148
Filing Date: 2018-02-06
Effective Date: 2018-02-21

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Repeal of section 6660; and addition of new section 6660 to Title 9 NYCRR.

Statutory authority: Elder Law, section 218; The Federal Older Americans Act, 711 (42 USC section 3056f), 712 (42 USC section 3058g); 45 CFR section 1321.11 and 45 CFR Part 132

Subject: Administration of the Long Term Care Ombudsman Program.

Purpose: To bring NYSOFA's rules and regulations governing LTCOP into conformance with the Federal Statute and regulations.

Substance of final rule: The purpose of this rule is to bring NYSOFA's rules and regulations governing the New York State Long-Term Care Ombudsman Program (LTCOP) in line with federal statute and regulations. 9 NYCRR Part 6660 is being repealed and replaced with a new Part 6660 to bring NYSOFA's regulations into compliance with federal statute and regulations.

Section 6660.1 of the regulations provides the definitions to bring New York State LTCOP into conformance with the definitions found in the federal regulations.

Section 6660.2. This section enumerates the responsibilities of the LTCOP and includes the responsibilities that are required by federal law and regulation. This section also lists the qualifications required of an individual who is being considered for the position of State Long-Term Care Ombudsman. This section also directs the LTCOP to develop a grievance procedure regarding determinations or actions of the state ombudsman, which are also dictated by federal law and regulation.

Section 6660.3 of the regulations lists requirements around identification, removal and remedy of both organizational and individual conflicts of interest. Specifically, it enumerates both organizational and individual conflicts of interest that are problematic to the LTCOP and the procedure for identifying, remedying or removing those conflicts. Additionally, this section puts forth the responsibilities of local ombudsman entities with regard to conflicts of interest. The requirements regarding organizational and individual conflicts of interest detailed in this section bring NYSOFA's regulations into conformance with the federal regulations.

Section 6660.4 addresses the responsibilities of local long- term care ombudsmen. This section is added to conform with federal regulations.

The new Section 6660.5 sets forth the requirements for the designation of an ombudsman. This section also brings the LTCOP's process of designating ombudsmen into compliance with federal regulations.

By adding section 6660.6 of the regulations, NYSOFA is bringing LTCOP's criteria for designating and de-designation of local ombudsman entities into compliance with federal requirements.

Section 6660.7 lists the responsibilities of local ombudsman entity coordinators and conforms them with federal requirements.

NYSOFA is adding section 6660.8 which enumerates the program standards for local long-term care ombudsman programs for the purpose of bringing LTCOP's program standards into compliance with federal law and regulations.

Section 6660.9 addresses ombudsmen access to residents and long-term care facilities. In addition, this section contains language that prohibits the interference with an ombudsman while the ombudsman is carrying out his or her duties.

Section 6660.10 specifically addresses ombudsmen access to resident and facility records. This section specifies the types of records to which the ombudsmen have access and under what circumstances ombudsmen may access those records. These requirements conform with the federal requirements that address access to resident and facility records.

NYSOFA added Section 6660.11 which dictates the circumstances under which ombudsmen may reveal a resident's personal information to an individual not associated with the LTCOP. This section also discusses the manner in which a resident may provide informed consent to an ombudsman for the purpose of disclosing the resident's personal information. Finally, this section addresses how ombudsmen can obtain permission to disclose a resident's personal information when that resident is unable to give consent for such disclosure. These additions bring NYSOFA's regulations into compliance with the federal regulations governing the program.

Section 6660.12 outlines the procedure that an ombudsmen must undertake when investigating a resident's complaint. This section is in conformance with federal regulations and lists the procedures to be followed by ombudsmen when they are investigating complaints.

A copy of the full text of the regulatory proposal is available on the New York State Office for the Aging's website at www.aging.ny.gov and https://ltcombudsman.ny.gov/.

Final rule as compared with last published rule: Nonsubstantial changes were made in section 6660.1(d).

Text of rule and any required statements and analyses may be obtained from: Stephen Syzdek, New York State Office for the Aging, Two Empire State Plaza, Albany, NY 12223-1251, (518) 474-5041, email: stephen.syzdek@aging.ny.gov

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Although changes were made to the proposed 9 NYCRR Part 6660, they do not necessitate changes to the Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule
As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2021, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The proposed rule was published in the State Register on October 18, 2017, and the 45-day public comment period expired on December 4, 2017. The Office received comments from one (1) entity.

The commenter raised a concern that the language found in Section 6660.10(a)(3) is unnecessary and invasive.

Response: We disagree with the commenter as the language found in Section 6660.10(a)(3) essentially mirrors the language found in the federal regulation that governs the Long-Term Care Ombudsman Program. In addition, the Ombudsman Program may need access to this information to investigate a complaint or determine if there is a trend of inappropriate behavior across facilities or ownership groups. The Ombudsman Program will only access this information when it is needed for investigatory purposes.

The commenter views the language found in section 6660.10(a)(4) as an invasion of residents' privacy.

Response: We disagree with the commenter as the federal regulations that govern the Long-Term Care Ombudsman Program contemplates the Ombudsmen having access to this information. In addition, one of the cornerstones of the Long-Term Care Ombudsman Program is resident privacy and confidentiality. As a result, this information will be used only for purposes within the scope of the Long-Term Care Ombudsman Program. At no time would a resident be required to speak to an Ombudsman if the resident did not desire to do so.

PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED

Excelsior Jobs Program

I.D. No. EDV-08-18-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Parts 190-196 of Title 5 NYCRR.

Statutory authority: Economic Development Law, art. 17; L. 2010, ch 59; L. 2015, ch. 59; L. 2016, ch. 59

Subject: Excelsior Jobs Program.

Purpose: To update provisions of Excelsior Jobs Program to conform to statute.

Substance of proposed rule (Full text is posted at the following State website: esd.ny.gov/excelsior-jobs-program): The regulation amends Parts 190-196 in 5 NYCRR as follows:

1) The regulation adds in certain definitions relevant to the Excelsior Jobs Program (the "Program") and currently in statute. Key definitions added include, but are not limited to, "entertainment company", "life sciences", "life sciences company", and "music production." The regulation updates the definitions of the terms -- "net new jobs", "regionally significant project", significant capital project" and "software development" -- to conform to recent statutory changes.

2) The regulation next adds in life sciences, entertainment and music production as strategic industries eligible to be incentivized by the program. It then updates the minimum job requirements for strategic industries by decreasing the minimum thresholds to conform with statute.

3) Next, the regulation clarifies that businesses operating as entertainment companies and businesses engaged in music production are eligible for the program.

4) The regulation clarifies that no costs used by an entertainment company as the basis for the Excelsior tax credit may be used by the company to claim any other tax credits under New York's Tax Law.

5) The regulation clarifies that the Excelsior Research and Development Tax Credit is now calculated at 6% of the qualified research and development expenditures attributable to activities conducted in New York State. Previously, it was 3%.

The full text of the rule is available at the Department's website at www.esd.ny.gov/excelsior-jobs-program.

Text of proposed rule and any required statements and analyses may be obtained from: Thomas P. Regan, NYS Department of Economic Development, 625 Broadway, 8th Floor, Albany, NY 12245, (518) 292-5123, email: thomas.regan@esd.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: April 30, 2018.

Regulatory Impact Statement

STATUTORY AUTHORITY:

Section 356 of the Economic Development Law authorizes the Commissioner of Economic Development to promulgate regulations to implement the Excelsior Jobs Program. This rulemaking seeks to update the regulations to conform with recent statutory amendments to the program. For example, Part K of Chapter 59 of the Laws of 2015 inserts new strategic industries for inclusion in the program -- entertainment company and music production – and further defines the term "software development." Part K of Chapter 59 of the Laws of 2017 adds life sciences to the list of eligible industries for the program. Part ZZ of Chapter 59 of the Laws of 2017 makes several other changes to the program, including reducing the specific job thresholds for eligibility as a regionally significant project, defining the term "significant capital investment" and also reducing certain job thresholds to participate in the program generally. In addition, Part YY of Chapter 59 of the Laws of 2017 increases the excelsior research and development tax credit from 3% to 6%.

LEGISLATIVE OBJECTIVES:

The rulemaking accords with the public policy objectives the Legislature sought to advance in creating competitive financial incentives for businesses to create jobs and invest in the new economy. The Excelsior Jobs Program is created to support the growth of the State's traditional economic pillars, including the manufacturing and financial industries,

and to ensure that New York emerges as the leader in the knowledge, technology and innovation based economy. The Program encourages the expansion in and relocation to New York of businesses in growth industries such as clean-tech, broadband, information systems, renewable energy and biotechnology. This rulemaking updates the regulations to conform with statutory changes over the past several years aimed at making the program a more effective economic development tool.

NEEDS AND BENEFITS:

The rule updates the Excelsior Jobs Program regulations to bring them into conformity with the statute. Section 365 of the Economic Development Law directs the Commissioner of Economic Development to promulgate regulations with respect to an application process and eligibility criteria.

This rule making updates the regulations for the continued administration of the Excelsior Jobs Program, which is one of the State's key economic development tools for ensuring that businesses in the new economy choose to expand or locate in New York State. It is imperative that the administration of this Program continues so that New York remains competitive with other States, regions, and even countries as businesses make their investment and location decisions.

Specifically, the rulemaking adds in certain definitions relevant to the Excelsior Jobs Program (the "Program") and currently in statute. Key definitions added include, but are not limited to, "entertainment company", "life sciences", "life sciences company", and "music production." The regulation updates the definitions of the terms -- "net new jobs", "regionally significant project", significant capital project" and "software development" -- to conform to recent statutory changes. In addition, the regulation next adds in life sciences, entertainment and music production as strategic industries eligible to be incentivized by the program. It then updates the minimum job requirements for strategic industries by decreasing the minimum thresholds to conform with statute. It also clarifies that businesses operating as entertainment companies and businesses engaged in music production are eligible for the program but that no costs used by an entertainment company as the basis for the Excelsior tax credit may be used by the company to claim any other tax credits under New York's Tax Law. The regulation also clarifies that the Excelsior Research and Development Tax Credit is now calculated at 6% of the qualified research and development expenditures attributable to activities conducted in New York State. Previously, it was 3% of qualified research and development expenditures.

COSTS:

A. Costs to private regulated parties: None. There are no regulated parties in the Excelsior Jobs Program, only voluntary participants.

B. Costs to the agency, the state, and local governments: The Department of Economic Development does not anticipate any significant costs with respect to implementation of this program. There is no additional cost to local governments.

C. Costs to the State government: None. There will be no additional costs to New York State as a result of the rule making.

LOCAL GOVERNMENT MANDATES:

None. There are no mandates on local governments with respect to the Excelsior Jobs Program. This rule does not impose any costs to local governments for administration of the Excelsior Jobs Program.

PAPERWORK:

The rule requires businesses choosing to participate in the Excelsior Jobs Program to establish and maintain complete and accurate books relating to their participation in the Excelsior Jobs Program for a period of three years beyond their participation in the Program. However, this requirement does not impose significant additional paperwork burdens on businesses choosing to participate in the Program but instead simply requires that information currently established and maintained be shared with the Department in order to verify that the business has met its job creation and investment commitments.

DUPLICATION:

The rule does not duplicate any state or federal statutes or regulations.

ALTERNATIVES:

No alternatives were considered with regard to amending the regulations in response to statutory revisions.

FEDERAL STANDARDS:

There are no federal standards in regard to the Excelsior Jobs Program. Therefore, the rule does not exceed any federal standard.

COMPLIANCE SCHEDULE:

The period of time the state needs to assure compliance is negligible, and the Department of Economic Development expects to be compliant upon publication of the Notice of Adoption.

Regulatory Flexibility Analysis

The Excelsior Jobs Program is a statewide business assistance program. Although there are small businesses in New York State that are eligible to participate in the program, participation by the businesses is entirely at their discretion. The proposed rule will not have a substantial adverse economic impact on small businesses and local governments. On the contrary, because the rule updates a tax credit program designed to attract business and jobs to New York State, it will have a positive economic impact on the State. Accordingly, a regulatory flexibility analysis for small business and local governments is not required and one has not been prepared.

Rural Area Flexibility Analysis

The Excelsior Jobs Program is a statewide business assistance program. Strategic businesses in rural areas of New York State are eligible to apply to participate in the program entirely at their discretion. Municipalities are not eligible to participate in the Program. The proposed rule does not impose any special reporting, record keeping or other compliance requirements on private entities in rural areas. Therefore, the proposed rule will not have a substantial adverse economic impact on rural areas nor on the reporting, record keeping or other compliance requirements on public or private entities in such rural areas. Accordingly, a rural area flexibility analysis is not required and one has not been prepared.

Job Impact Statement

The proposed rule relates to the Excelsior Jobs Program. The Excelsior Jobs Program necessarily enables New York State to provide financial incentives to businesses in strategic industries that commit to create new jobs and/or to make significant capital investment. This Program, given its design and purpose, will have a substantial positive impact on job creation and employment opportunities. Accordingly, a job impact statement is not required and one has not been prepared.

Negative Revenue Adjustments Assessed for Alleged Gas Safety Violations in 2014, 2015, and 2016

I.D. No. PSC-08-18-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a joint proposal filed by Department of Public Service Staff and National Fuel Gas Distribution Corporation to resolve issues related to Negative Revenue Adjustments (NRAs) assessed for years 2014, 2015 and 2016.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Negative revenue adjustments assessed for alleged gas safety violations in 2014, 2015, and 2016.

Purpose: To encourage active efforts by the utility company to maximize gas safety.

Substance of proposed rule: The Public Service Commission is considering a joint proposal filed on January 23, 2018 by Department of Public Service Staff (Staff) and National Fuel Gas Distribution Corporation (NFGD). The joint proposal resolves disputes between Staff and NFGD regarding negative revenue adjustments (NRAs) assessed against NFGD for alleged violations of Gas Safety Performance Mechanisms that were established in the two-year rate plan approved by the Commission in May 2014. The NRAs were assessed for alleged violations discovered during Staff audits conducted in 2014, 2015 and 2016. Pursuant to the joint proposal, settlement of the disputes would cost NFGD $930,000, which would be deposited into NFGD's Leak Prone Pipe Replacement and Safety Fund. The funds would be used to replace NFGD's aging infrastructure. In addition, NFGD proposes to withdraw various appeals and a rehearing petition currently pending before the Commission regarding the NRAs. In consideration, Staff proposes to waive its rights to seek further NRAs against NFGD with respect to NFGD's actions, inactions, or practices under the Gas Safety Performance Mechanisms established in the May 2014 Order. The full text of the joint proposal may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the relief proposed and may resolve related matters.

NOTICE OF ADOPTION

New York State, City of Yonkers and New York City Withholding Tables and Other Methods

I.D. No. TAF-49-17-00007-A

Filing No. 149

Filing Date: 2018-02-06

Effective Date: 2018-02-21

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Repeal of Appendixes 10, 10-A and 10-C; addition of new Appendixes 10, 10-A and 10-C to Title 20 NYCRR.

Statutory authority: Tax Law, sections 171, subdivision First, 671(a)(1), 697(a), 1309, 1312(a), 1321(a), 1329(a) and 1332(a); Codes of the City of Yonkers, sections 15-105, 15-108 and 15-111; Administrative Code of New York City, sections 11-1771(a) and 11-1797(a); L. 2016, ch. 60, part TT; L. 2017, ch. 59, part C

Subject: New York State, City of Yonkers and New York City withholding tables and other methods.

Purpose: To provide current New York State, City of Yonkers and New York City withholding tables and other methods.

Substance of final rule: Tax Law sections 671(a)(1), 1309 and 1329(a), section 15-105 of the Code of the City of Yonkers and section 11-1771 of the Administrative Code of the City of New York mandate that employers withhold from employee wages amounts that are substantially equivalent to the amount of New York State, City of Yonkers and New York City personal income tax on residents reasonably estimated to be due for the taxable year. The provisions authorize the Commissioner of Taxation and Finance to provide for withholding of these taxes through regulations promulgated by the Commissioner.

This rule repeals and adds new Appendixes 10, 10-A and 10-C of Title 20 NYCRR, the New York State, City of Yonkers and New York City withholding tables and other methods, respectively. The amendments to Appendixes 10 and 10-A reflect the incremental decrease in New York State personal income tax effected by Part TT of Chapter 60 of the Laws of 2016, beginning in tax year 2018. Changes to the City of Yonkers withholding tables and other methods were necessary because the City of Yonkers income tax surcharge is a specified percentage of New York State tax. New Appendix 10-C reflects the revision of the New York City withholding tables and other methods in accordance with changes in the New York City personal income tax effected by Part C of Chapter 59 of the Laws of 2017, implemented over a twelve-month period for tax year 2018, rather than the shorter period required for tax year 2017, and the requirement that the withholding rates reflect the full amount of tax liability as accurately as practicable.

Additionally, non-substantive changes were made to the text of the proposed rule to reinsert technical verbiage inadvertently omitted from that text.

The rule applies to wages and other compensation subject to withholding paid on or after January 1, 2018.

Final rule as compared with last published rule: Nonsubstantive changes were made in Appendixes 10, 10-A and 10-C.

Text of rule and any required statements and analyses may be obtained from: Kathleen D. O'Connell, Tax Regulations Specialist II, Department of Taxation and Finance, Building 9, W.A. Harriman Campus, Albany, NY 12227, (518) 530-4153, email: Kathleen.OConnell@tax.ny.gov

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A Revised Regulatory Impact Statement, a Revised Regulatory Flexibility Analysis, a Revised Rural Area Flexibility Analysis and a Revised Job Impact Statement are not required because the revisions to the text of the rule merely reinsert technical verbiage inadvertently omitted from the text of the proposed rule.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2021, which is no later than the 3rd year after the year in which this rule is being adopted.

Consensus Rule Making Determination

The New York State Department of Transportation (NYSDOT) in partnership with the New York State Police Commercial Vehicle Enforcement personnel, engages in commercial motor vehicle enforcement activities under the federal Motor Carrier Safety Assistance Program (MCSAP), the regulatory guidelines for which are published in 49 CFR Part 350. MCSAP is a grant program that provides federal financial assistance to states to reduce the number and severity of accidents and hazardous materials incidents involving commercial motor vehicles. The Federal Motor Carrier Safety Administration sets the conditions for participation by states and local jurisdictions and promotes the adoption and uniform enforcement of safety rules, regulations, and standards compatible with the federal motor carrier safety regulations and federal hazardous material regulations for both interstate and intrastate motor carriers and drivers. Per 49 USCS section 31102, the goal is to ensure that the Secretary, States, local governments, other political jurisdictions, federally recognized Indian tribes, and other persons work in partnership to establish programs to improve motor carrier, commercial motor vehicle, and driver safety to support a safe and efficient surface transportation system by, among other things, adopting and enforcing effective motor carrier, commercial motor vehicle, and driver safety regulations and practices consistent with federal requirements. Pursuant to implementation of said goal under 49 USCS section 31136, the Secretary of Transportation shall adopt regulations on commercial motor vehicle safety. At a minimum, the regulations shall ensure the responsibilities imposed on operators of commercial motor vehicles do not impair their ability to operate the vehicles safely so that the operation of commercial motor vehicles does not have a deleterious effect on the physical condition of the operators.

Per 49 CFR 350.355, FMCSA may initiate a proceeding to withdraw Plan approval or withhold MCSAP funds in accordance with 49 CFR 320.215 under certain circumstances, one of which occurs when a State fails to adopt a new federal motor carrier safety regulation (FMCSR) or hazardous material regulation (HMR) or an amendment to an existing FMCSR or HMR within 3 years of its effective date. NYSDOT last incorporated such federally consistent standards in January 2015. Since then, new rules have been put into effect regarding Electronic Logging Devices (ELD), which function to document hours of service compliance on commercial vehicle operators. A component of said regulations implemented by 49 CFR Part 395 under the statutory authority of 49 USCS section 31137 mandates ELD requirements that a commercial motor vehicle involved in interstate commerce and operated by a driver subject to the hours of service and the record of duty status requirements be equipped with an electronic logging device to improve compliance by an operator of a vehicle with hours of service regulations prescribed by the Secretary; and that in general, such regulations shall allow law enforcement to access the data contained in the device during a road side inspection via a secure process for standardized data transfer and transportability for said law enforcement officers. Per 49 USCS section 31141(c), states may enforce regulations with the same effect and 17 NYCRR 820.6 makes 49 CFR 395 applicable to all motor carriers and drivers operating intrastate, with limited enumerated exceptions. Per 49 USCS section 31142(d), states are not prohibited from making random inspections of commercial motor vehicles to confirm compliance to operate within the mandatory prescriptions of MCSAP.

Per the preceding, NYSDOT has determined that no person is likely to object to the amendment of 17 NYCRR parts as herein proposed, as pursuant to SAPA section 102(11)(b), the rulemaking conforms to non-discretionary statutory provisions in Transportation Law Article 9-A and 49 USCS sections 31136 through 31142. The purpose of this rulemaking is to update Title 49 CFR regulations which are incorporated by reference into Title 17 NYCRR to the 10/1/2016 Title 49 CFR edition. This rulemaking does not represent a change in NYSDOT policy or practice, nor does it impose significant burdens on commercial motor vehicle carriers and drivers.

Job Impact Statement

1. Nature of impact: The proposed rule changes are advanced periodically to retain consistency of Title 17 NYCRR with Title 49 CFR provisions related to safe operation of commercial motor vehicles, most of which are incorporated by reference. Since the Department last adopted such updates by incorporation of the 10/1/2013 edition of CFR safety provisions in January 2015, commercial motor carriers subject to hours of service (HOS) requirements have been required under new federal mandates to transition from paper logbooks to electronic logging devices (ELD) to document compliance with limitations on hours behind the wheel, termed "record of duty status" (RODS). Said federal regulations were adopted with a compliance date of December 18, 2017 in 80 FR 78292. The present rule changes serve to capture that material by incorporation and are not expected to have a significant impact on jobs; the associated New York State Department of Transportation (NYSDOT) enforcement activity will be consistent with past practice.

2. Categories and numbers affected: Federal rules except limited numbers of commercial motor carriers from compliance with ELD; most carriers whose drivers currently maintain paper logbooks are required to transition to ELD and those excepted must continue to maintain paper logbooks if required to document RODS. Exclusion of small businesses was considered but ultimately rejected by FMCSA as inconsistent with the federal statutory framework under which rulemaking is undertaken (80 FR 78292, *78313). The sweep of the ELD compliance regulations is comprehensive.

3. Regions of adverse impact: Inspections and reviews are conducted pursuant to Department policy and there is no variance in the methodology across regions. No adverse impact on jobs in any particular region is anticipated.

4. Minimizing adverse impact: Cost estimates for compliance with the ELD mandate vary depending on the number of vehicles a carrier has in operation; larger carriers are expected to enjoy significant cost savings, whereas smaller carriers and single operators may see modest cost increases of a few hundred dollars per vehicle, which will evaporate over time as the ELD becomes standard equipment in newer model commercial vehicles and such vehicles replace older ones in the operator's fleets. FMCSA determined that time savings to drivers and carriers from filling out, submitting, and handling paper can exceed the annualized costs of equipping and maintaining ELD; the few hundred dollars of cost increases that may occur in certain cases were not considered to represent a significant impact. Business case studies performed by FMCSA following the implementation of electronic management systems consistently revealed the cost of compliance management, including truck mounted data terminal hardware, to be 30% lower than manual compliance management procedures used for paper logs (80 FR 78292, *78344).

Title 17 NYCRR regulations must remain consistent with the CFR, per 49 USCS section 31141. As such, NYSDOT reviews and inspections are performed using the standards that are found in the CFR regulations incorporated by reference in 17 NYCRR. Neither the frequency of inspections nor the basis for NYSDOT enforcement action is expected to change in any way post adoption of the instance rulemaking, so categories and numbers affected remain status quo. The purpose of performing motor carrier enforcement activities is the advancement of public safety through verification of compliance with state law and regulation pertaining to motor carrier safety; consequently, there are no adverse impacts.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	**01**	**12**	**00001**	**P**

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting, on the OGS website, in a newspaper of general circulation, or in the Contract Reporter of written notice, advertisement or solicitation of offers through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). DEVELOPERS SEEKING FINANCING FOR NEW CONSTRUCTION, AND SUBSTANTIAL REHABILITATION OF SITE-SPECIFIC, AFFORDABLE, MULTIFAMILY RENTAL HOUSING IN COMMUNITIES IMPACTED BY SUPERSTORM SANDY, TROPICAL STORM LEE, OR HURRICANE IRENE

Community Development Block Grant – Disaster Recovery

Developers seeking financing for new construction, and substantial rehabilitation of site-specific, affordable, multifamily rental housing in communities impacted by Superstorm Sandy, Tropical Storm Lee, or Hurricane Irene, (the "Covered Storms") that will also have first mortgages financed by tax-exempt Private Activity Bonds issued by New York State Housing Finance Agency ("HFA") are eligible to apply for New York Rising Rental Buildings Recovery Program Multifamily/Affordable Housing Fund (AHF). AHF utilizes federal Community Development Block Grant – Disaster Recovery (CDBG-DR) funds provided to New York State and administered through the Housing Trust Fund Corporation (HTFC). New York State Homes and Community Renewal (HCR) and the Governor's Office of Storm Recovery (GOSR) anticipate an appropriation of approximately $5,000,000 for State Fiscal Year 2018-19, which will be awarded pursuant to applications submitted under this Notice.

Applications will be accepted through March 9, 2018 for allocations totaling up to $5,000,000. However, AHF resources in excess of these amounts may be awarded if such additional funding is deemed necessary to meet exceptional needs related to recovery from one or more of the Covered Storms. Housing Projects within the five Boroughs of New York City will not be considered for funding as New York City received its own allocation of CDBG-DR. Applications will be accepted for projects located in the following counties with housing damaged by one or more of the Covered Storms: Albany, Broome, Chemung, Chenango, Clinton, Columbia, Delaware, Dutchess, Essex, Franklin, Fulton, Greene, Hamilton, Herkimer, Montgomery, Nassau, Oneida, Orange, Otsego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Sullivan, Tioga, Tompkins, Ulster, Warren, Washington, and Westchester.

Applications requesting AHF may be submitted at any time between February 7, 2018 and March 9, 2018, or until all allocations of AHF are committed.

Notwithstanding resource availability, applications must be received by HCR by 5:00 pm EST, on March 9, 2018. The application deadline is firm as to date and hour. Applications received after the specified dates and time swill be deemed ineligible and will not be considered for funding.

This Notice of Credit and Funding Availability ("Notice") describes the programmatic and submission requirements for the program.

Applicants may only apply under this Notice for awards for new construction, or substantial rehabilitation of site-specific multi-family rental housing Projects that will also have first mortgages financed by tax-exempt Private Activity Bonds ("Bonds") issued by the New York State Housing Finance Agency ("HFA"). Any awards made under this Notice will be contingent on the Project receiving an award of Bond volume cap authority sufficient to fund the Project's first mortgage.

This Notice explains the process by which HCR and GOSR will accept and evaluate applications requesting AHF resources. Prospective Applicants may request technical assistance in preparing an application at any time.

HCR and GOSR reserve the right to award all, a portion of, or none of the AHF program funds based upon funding availability, readiness, feasibility of the Projects, the Applicant's ability to meet HCR and GOSR criteria for funding, and the Applicant's ability to advance the State's housing goals. HCR also reserves the right to review applications requesting AHF as applications for funding under other programs

for which the Project may be eligible through HCR, and to change or disallow aspects of the applications received. HCR reserves the right to make any such changes as an express condition of its award commitment for the Project.

HCR will seek to award these limited AHF resources so as to promote a geographic distribution of such financing, and GOSR may seek to promote a geographic distribution of areas most severely impacted by the Covered Storms. Therefore, awards for proposed Projects may be denied in areas of the State that have recently been awarded HCR capital financing. Funding may also be denied to Projects where market studies or other analyses indicate low-income housing saturation.

AHF Program

AHF is a housing development program that provides financing assistance for acquisition, capital costs and related soft costs associated with the new construction or rehabilitation of affordable housing developments to address unmet housing need in area damaged by one or more Covered Storms. Projects financed by GOSR are subject to the State and Federal requirements outlined in the Exhibit 1, attached to the joint HFA / GOSR Request for Proposals.

Under this AHF RFP, more than 50% of the project costs must be financed by PABs issued by HFA and allocated from the State's PAB volume cap. The bond financing provided by HFA qualifies the project for an allowance of 4% Low-Income Housing Credits (often termed "as-of-right" tax credits).

AHF financing may only be utilized to finance the development of residential properties where the majority of units are affordable to households with incomes up to 80% of area median income (AMI), as adjusted for family size. However, for applications under this notice of funding availability, up to 30% of the Project's units may be affordable to tenants with incomes above 60% of AMI, provided that those units are deemed to be necessary for the financial viability of a mixed-income project. Projects must also be compliant with relevant income thresholds under HFA tax exempt bond financing program and low-income house tax credit requirements. Applicants should be aware that federal law and regulations require that GOSR contracts providing CDBG-DR assistance contain certain provisions. All Proposals must comply with all Federal, State and local laws, including rules and regulations specific to CDBG-DR. CDBG-DR rules and regulations include labor, environmental, green building standards, accessibility, and equal employment opportunity. Davis-Bacon wage rates and compliance requirements will apply to all developments with 8 or more units where CDBG-DR funds are used to finance construction.

HCR and GOSR will allocate resources made available through this Notice using the following criteria: fundamentals, leverage, outcomes, and relationship of the Project to damage caused by Superstorm Sandy, Tropical Storm Lee, or Hurricane Irene. This framework accommodates programmatic preferences and housing goals currently utilized by HCR and GOSR. HCR priorities include:

- Regional Economic Development Council Projects;
- Transit Oriented Development;
- Mitchell-Lama Preservation;
- Housing Opportunity Projects;
- Mixed Income/Mixed Use Revitalization Projects; and
- Supportive Housing Projects.

Programmatic preferences and housing goals utilized by GOSR include:

- Repair of existing buildings that have documented damage from one of the Covered Storms;
- New Construction on-site of replacement rental housing for units placed out of service by one of the Covered Storms;
- Sites located in or proximate to Community Reconstruction Program areas;
- Marketing preference for rental households who were displaced by one of the Covered Storms;
- Resiliency measures that exceed basic standards;
- Supportive Housing Projects; and
- AHF Pre-application Requirements.

This Notice provides a summary description of the AHF programs and procedures for applying for assistance thereunder. Additional information about this program is available on the HCR website, at: http://www.nyshcr.org
