Notice of Availability of State and Federal Funds

State agencies must specify in each notice which proposes a rule the last date on which they will accept public comment. Agencies must always accept public comment: for a minimum of 45 days following publication in the *Register* of a Notice of Proposed Rule Making or a Notice of Emergency Adoption and Proposed Rule Making for which full text was included in the Notice or posted on a state web site, or which is a consensus rule or a rule defined in SAPA § 102(2)(a)(ii); or for a minimum of 60 days following publication in the *Register* of a Notice of Proposed Rule Making or a Notice of Emergency Adoption and Proposed Rule Making for which a summary of the text of the rule was included in the Notice and the full text of which was not published on a state web site; and for 30 days after publication of a Notice of Revised Rule Making in the *Register*. When a public hearing is required by statute, the hearing cannot be held until 45 days after publication of the notice, and comments must be accepted for at least 5 days after the last required hearing. When the public comment period ends on a Saturday, Sunday or legal holiday, agencies must accept comment through the close of business on the next succeeding workday.

For notices published in this issue:

- the 60-day period expires on October 23, 2016
- the 45-day period expires on October 8, 2016
- the 30-day period expires on September 23, 2016

Be a part of the rule making process!

The public is encouraged to comment on any of the proposed rules appearing in this issue. Comments must be made in writing and must be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address are printed in the notice of rule making. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (www.dos.ny.gov) may send public comment via electronic mail to those recipients who provide an e-mail address in Notices of Proposed Rule Making. This includes Proposed, Emergency Proposed, Revised Proposed and Emergency Revised Proposed rule makings.

To be considered, comments must reach the agency before the proposed rule is adopted. The law provides for a minimum 45-day public comment period after publication in the *Register* of every Notice of Proposed Rule Making for which full text was included or posted on a state web site, or which is a consensus rule or a rule defined in SAPA § 102(2)(a)(ii); a minimum 60-day public comment period after publication in the *Register* of a Notice of Proposed Rule Making for which a summary of the text of the rule was included in the Notice and the full text of which was not published on a state web site; and a 30-day public comment period for every Notice of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after public comments are due.

The Administrative Regulations Review Commission (ARRC) is charged with the task of reviewing newly proposed regulations to examine the issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Gasoline and Gasoline Alcohol Blends

I.D. No. AAM-34-16-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: This is a consensus rulemaking to amend Part 224 of Title 1 NYCRR.

Statutory authority: Agriculture and Markets Law, sections 16(1), 18(1), 179(3)(b), 192-a(1) and (7)

Subject: Gasoline and gasoline alcohol blends.

Purpose: To allow for gasoline alcohol blends that contain up to fifteen percent alcohol.

Text of proposed rule: Section 224.1 of 1 NYCRR is amended by adding thereto a new subdivision (m), to read as follows:

(m) *40 CFR means Title 40 of the Code of Federal Regulations, revised as of July 1, 2016, published by the U.S. Government Printing Office, Washington, D.C. A copy of 40 CFR is maintained in a file at the Department of Agriculture and Markets, Bureau of Weights and Measures, 10B Airline Drive, Albany, New York 12235, and the Department of State, 99 Washington Avenue, Suite 650, Albany, New York 12231, and is available for public inspection and copying during regular business hours.*

The portion of subdivision (a) of section 224.3 of 1 NYCRR immediately preceding the provisions of paragraph (1) thereof is amended to read as follows:

(a) Automotive gasoline. All automotive gasoline shall meet the

requirement in the Annual Book of ASTM Standards, specification number [D 4814-12] *D 4814-15a*, except as noted below.

Subparagraph (i) of paragraph (2) of subdivision (a) of section 224.3 of 1 NYCRR is amended to read as follows:

(i) The total [alcohol] *ethanol* content of any [gasoline-alcohol] *gasoline-ethanol* blend shall not exceed [10] *15* percent by volume.

Paragraph (1) of subdivision (c) of section 224.9 is amended to read as follows:

(1) If you are a retailer, you must post the octane rating of [all] automotive gasoline, *except gasoline-ethanol blends containing more than 10 percent and not more than 15 percent ethanol by volume*, you sell to consumers. You must do this by putting at least one label on each face of each gasoline dispenser through which you sell gasoline. If you are selling two or more kinds of gasoline with different octane ratings from a single dispenser, you must put separate labels for each kind of gasoline on each face of the dispenser.

Section 224.11 of 1 NYCRR is amended by adding thereto a new subdivision (h), to read as follows:

(h) *Labels for gasoline-ethanol blends that contain more than 10 percent and not more than 15 percent ethanol by volume shall be in compliance with the requirements set forth in 40 CFR section 80-1501.*

Text of proposed rule and any required statements and analyses may be obtained from: Mr. Michael Sikula, Director, Bureau of Weights & Measures, Agriculture and Markets, 10B Airline Drive, Albany, NY 12235, (518) 457-3146, email: Mike.Sikula@agriculture.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 45 days after publication of this notice.

Consensus Rule Making Determination

The proposed rule will amend 1 NYCRR Part 224 to allow for the sale and distribution of gasoline-ethanol fuel blends that contain up to fifteen percent alcohol, in contrast to the presently existing requirement that allows for such fuel to contain only up to ten percent alcohol, and will, also, require gasoline-ethanol blends to comply with certain labeling requirements set forth in federal regulation. Furthermore, the proposed rule will require automotive gasoline to meet updated requirements published by ASTM International, an organization comprised of producers and users of industrial commodities, as well as of government regulators, consumers, and academicians that, inter alia, publishes standards for industrial commodities.

As the proposed rule provides greater flexibility in gasoline-ethanol fuel blends and requires compliance applicable federal regulation already applicable for interstate commerce and the updated ASTM industry standards, it is believed that no one will object to the proposed amendments.

Based upon the foregoing, it is anticipated that the proposed rule meets the definition of a consensus rule as set forth in SAPA section 102(11).

Job Impact Statement

The proposed rule will not have an adverse impact upon employment opportunities.

The proposed rule will amend 1 NYCRR Part 224 to allow gasoline-ethanol blends to contain up to fifteen percent ethanol, an increase from the current regulations that permit gasoline-ethanol blends to contain up to ten percent ethanol. As the proposed rule is permissive and adds no additional requirements on industry participants than found in the current regulations, employment opportunities in businesses that handle automotive fuel, and particularly gasoline-ethanol blends, should not be affected by the proposed rule.

Furthermore, the proposed rule may have a positive indirect impact upon employment opportunities. Currently, there are at least two manufacturing plants in the State that manufacture ethanol from, at least in part, plant matter grown or harvested in the State. To the extent that gasoline-ethanol blends "use" more ethanol in such blends, and use more than is currently used, employment opportunities on farms and in ethanol manufacturing plants in the State that presently exist or that may be built could very well increase.

Firewood (all Hardwood Species), Nursery Stock, Logs, Green Lumber, Stumps, Roots, Branches and Debris of Half an Inch or More

I.D. No. AAM-34-16-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Repeal of sections 139.2(b) and 139.3(b)(1); addition of new sections 139.2(b) and 139.3(b)(1) to Title 1 NYCRR.

Statutory authority: Agriculture and Markets Law, sections 16, 164 and 167

Subject: Firewood (all hardwood species), nursery stock, logs, green lumber, stumps, roots, branches and debris of half an inch or more.

Purpose: To modify the ALB quarantine to prevent the further spread of the beetle and to modify the list of regulated articles.

Text of proposed rule: Subdivision (b) of section 139.2 of 1 NYCRR is repealed, and a new subdivision (b) is added to read as follows:

(b) *That area in the Villages of Amityville, Babylon, Farmingdale, Lindenhurst, Massapequa Park and the hamlets of North Amityville, Bethpage, Old Bethpage, North Babylon, West Babylon, Copiague, Deer Park, East Farmingdale, South Farmingdale, North Lindenhurst, Melville, Massapequa, East Massapequa, North Massapequa, Wheatley Heights and Wyandanch; in the Towns of Babylon, Oyster Bay and Huntington; in the Counties of Nassau and Suffolk and bounded by a line beginning at a point where West Main Street intersects the west shoreline of Carll's River; then west along West Main Street to its intersection with Route 109; then northwest along Route 109 to its junction with Little East Neck Road, continuing northwest along Little East Neck Road to its junction with Belmont Avenue; then north along Belmont Avenue to its intersection with August Road; then southeast on August Road to its junction with Chuck Blvd.; then northeast along Chuck Blvd. to its intersection with Erlanger Blvd.; then east along Erlanger Blvd. to its intersection with Woods Road; then north along Woods Road to its intersection with Westview Avenue; then west along Westview Avenue to its intersection with W 24th Street; then north along W 24th Street to its intersection with Grand Blvd.; then east on Grand Blvd. to its intersection with W 23rd Street; then north along W 23rd Street continuing north over the Long Island Rail Road tracks and intersecting with Acorn Street; then west along Acorn Street to its junction with Adams Street; then following Adams Street north and then east to its junction with Somerset Place; then north on Somerset Place to its intersection with Nicolls Road; then west on Nicholls Road to its intersection with Venedia Drive; then north on Venedia Drive to its intersection with Straight Path; then southwest on Straight Path to its junction with Brown Blvd.; then north on Brown Blvd. to its intersection with Foothill Place; then west on Foothill Place to its intersection with Landscape Drive; then north on Landscape Drive to the point it becomes West Hills Place; then north on West Hills Place to the point it intersects with West Farm Drive; then west on West Farm Drive to its intersection with Bagatelle Road; then north along Bagatelle Road to its intersection with the south service road of the Long Island Expressway, following the south service road of the Long Island Expressway west to its intersection with Round Swamp Road; then south on Round Swamp Road to its junction with Quaker Meeting House Road; then southwest on Quaker Meeting House Road until it intersects with Merrits Road; then west on Merrits Road until the point it becomes Central Avenue; continuing west on Central Avenue until it intersects with the Bethpage Parkway; then south on the Bethpage Parkway until its intersection with (Route 24) Hempstead Turnpike; then west along Hempstead Turnpike to its intersection with Hemlock Drive; then south along Hemlock Drive to its intersection with Cheryl Lane North; then east and south along Cheryl Lane North to its intersection with Boundary Avenue; then east on Boundary Avenue to its intersection with North Broadway; then south on North Broadway and Broadway to its junction with Hicksville Road; then south along Hicksville Road to the point it becomes Division Avenue continuing south along Division Avenue to its intersection with South Oyster Bay; then east along the shoreline to Carll's River, then north along the west shoreline of Carll's River to the point of beginning.*

Paragraph 1 of subdivision (b) of section 139.3 of 1 NYCRR is repealed and a new paragraph 1 of subdivision (b) of section 139.3 of 1 NYCRR is added to read as follows:

(1) *Firewood (all hardwood species) and all host material living, dead, cut or fallen, inclusive of nursery stock, logs, green lumber, stumps, roots, branches and debris of a half inch or more in diameter of the fol-*

lowing genera: Acer (Maple); Aesculus (Horse Chestnut); Albizia (Silk Tree or Mimosa); Betula (Birch); Cercidiphyllum japonicum (Katsura); Fraxinus (Ash); Koelreuteria (Goldenrain tree); Platanus (Plane Tree, Sycamore); Populus (Poplar); Salix (Willow); Sorbus (Mountain Ash); and Ulmus (Elm) are regulated articles.

Text of proposed rule and any required statements and analyses may be obtained from: Christopher Logue, NYS Department of Agriculture and Markets, 10B Airline Drive, Albany, New York, 12235, (518) 457-2087, email: Christopher.logue@agriculture.ny.gov

Public comment will be received until: 45 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority:

Section 18 of Agriculture and Markets Law (AML) provides, in part, that the Commissioner may enact, amend and repeal necessary rules which shall provide generally for the exercise of the powers and performance of the duties of the Department as prescribed in the AML and the laws of the State and for the enforcement of their provisions and the provisions of the rules that have been enacted.

Section 164 of the AML provides, in part, that the Commissioner shall take such action as he may deem necessary to control or eradicate any injurious insects, noxious weeds, or plant diseases existing within the State.

Section 167 of the AML provides, in part, that the Commissioner is authorized to make, issue, promulgate and enforce such orders, by way of quarantines or otherwise, as he may deem necessary or fitting to carry out the purposes of Article 14 of the AML. Section 167 also provides that the Commissioner may adopt and promulgate such rules and regulations to supplement and give full effect to the provisions of Article 14 of the AML as he may deem necessary.

2. Legislative objectives:

The quarantine accords with the public policy objectives the Legislature sought to advance by enacting the statutory authority in that it will help to prevent the further spread within the State of an injurious insect, the Asian long horned beetle (ALB).

3. Need and benefits:

The ALB, *Anoplophora glabripennis*, an insect species non-indigenous to the United States, can cause serious damage to healthy trees by boring into heartwood and eventually killing them. Nursery stock, logs, green lumber, firewood, stumps, roots, branches and debris of a half inch or more in diameter are subject to infestation. Host hardwood materials at risk to attack and infestation include species of the following: *Acer* (Maple); *Aesculus* (Horse Chestnut); *Albizia* (Silk Tree or Mimosa); *Betula* (Birch); *Cercidiphyllum japonicum* (Katsura); *Fraxinus* (Ash); *Koelreuteria* (Goldenrain tree); *Platanus* (Plane Tree, Sycamore); *Populus* (Poplar); *Salix* (Willow); *Sorbus* (Mountain Ash); and *Ulmus* (Elm) are regulated articles.

The pest was initially detected in the Greenpoint section of Brooklyn, in August of 1996. Subsequent survey activities delineated other locations in Brooklyn, as well as locations in and about Amityville, the Town of Islip, Queens, Manhattan and Staten Island. As a result, 1 NYCRR Part 139 was adopted, establishing a quarantine of those areas in which the ALB had been observed. The quarantine was lifted in Islip in 2011 and Manhattan and Staten Island in 2014, due to the eradication of ALB in these areas. The boundaries of current quarantine areas are set forth in 1 NYCRR section 139.2(b).

A new finding of ALB (trees with ALB exit holes) in the East Farmingdale and Wyandanch areas of central Long Island has demonstrated the need to expand the quarantined area by two square miles. The proposed regulations provides for this expansion.

The proposed regulations also amend the list of regulated articles in section 139.3(b)(1) by correcting the spelling of *Albizia* to *Albizzia*; adding *Koelreuteria* (Goldenrain tree) as a regulated article; and removing *Celtis* (Hackberry) as a regulated article.

4. Costs:

(a) Costs to the State government: The Department may incur some additional costs incident to the need to issue phytosanitary certificates or compliance agreements in order to move host materials out of the new quarantined area. However, this cost should be minimal and handled by existing staff.

(b) Costs to local government: None.

(c) Costs to private regulated parties: The extension of the quarantine two square miles in the Old Bethpage and Wyandanch sections of central Long Island area would affect approximately 5 regulated parties located within that area.

Nurseries exporting host material from the quarantine area established by this proposed rule, other than pursuant to compliance agreement, will require an inspection and the issuance of a federal or state phytosanitary

certificate. This service is available at a rate of \$25 per hour. Most inspections will take one hour or less. It is anticipated that there would be 25 or fewer such inspections each year with a total annual cost of less than \$1,000. However, most shipments will be made pursuant to compliance agreements for which there is no charge.

The changes to the list of regulated articles consist of a correction to the spelling of an article; removal of an article (hackberry); and the addition of an article (goldenrain tree). We do not anticipate any additional costs since hackberry is being removed.

(d) Costs to the regulatory agency:

(i) The initial expenses: None. The United States Department of Agriculture is dedicating 3.05-million dollars in funding for ongoing surveys and removal of infested trees.

(ii) The ongoing expenses: None. It is anticipated that the Department will be able to administer the quarantine with existing staff.

5. Local government mandate:

Yard waste, storm clean-up and normal tree maintenance activities involving twigs and/or branches of 1/2" or more in diameter of host species will require handling and disposal, i.e., chipping and/or incineration, if such materials are to leave the quarantined area established by this proposed rule. The Department has identified disposal sites that are approved to accept and properly handle ALB wood waste from local businesses within the quarantined area.

6. Paperwork:

Regulated articles inspected and certified to be free of ALB moving from the quarantine area established by this proposed rule will have to be accompanied by a state or federal phytosanitary certificate and a limited permit or be undertaken pursuant to a compliance agreement.

7. Duplication:

None.

8. Alternatives:

The only alternative considered was to not extend the quarantine in central Long Island. This alternative was rejected. The failure of the State to extend the existing quarantine where the ALB and infested trees have been observed could result in exterior quarantines by foreign and domestic trading partners as well as a federal quarantine of the entire State. It could also place the State's own natural resources (forest, urban and agricultural) at risk from the spread of ALB that could result from the unrestricted movement of regulated articles from the areas covered by the modified quarantine. In light of these factors there does not appear to be and any viable alternative to the modification of quarantine proposed in this rulemaking.

9. Federal standards:

The United States Department of Agriculture currently has a parallel ALB quarantine in central Long Island where the quarantined area is being expanded.

10. Compliance schedule:

It is anticipated that regulated parties would be able to comply with the proposed rule immediately.

Regulatory Flexibility Analysis

1. Effect of rule.

There are five regulated parties, most of which are small businesses, affected by the extension of the quarantine by two square miles in the East Farmingdale and Wyandanch areas in central Long Island.

There are 1,040 regulated entities, most of which are small businesses, affected by the change in the list of regulated articles.

Although it is not anticipated that local governments will be involved in the shipment of regulated articles from the proposed quarantined area, in the event that they do, they would be subject to the same quarantine requirements as other regulated parties.

2. Compliance requirements.

All regulated parties in the new quarantined area established by the proposed rule will be required to obtain certificates and limited permits in order to ship regulated articles from that area. In order to facilitate such shipments, regulated parties may enter into compliance agreements.

3. Professional services.

In order to comply with the proposed rule, small businesses and local governments shipping regulated articles from the new quarantined area will require professional inspection services, which would be provided by the Department and the United States Department of Agriculture (USDA).

4. Compliance costs.

(a) Initial capital costs that will be incurred by a regulated business or industry or local government in order to comply with the proposed rule: None.

(b) Annual cost for continuing compliance with the proposed rule: Nurseries exporting host material from the new quarantine area on Long Island, other than pursuant to a compliance agreement, will require an inspection and the issuance of a federal or state phytosanitary certificate. This service is available at a rate of \$25 per hour. Most such inspections will take one hour or less. It is anticipated that there would be 25 or fewer

such inspections each year, with a total cost of less than \$1,000. Most shipments would be made pursuant to compliance agreements for which there is no charge.

Tree removal services will have to chip host material or transport such material under a limited permit to a federal/state disposal site for processing.

Firewood from hardwood species within the new quarantine area may not move outside those areas due to the fact that it is not practical at this time to determine for certifications purposes that the material is free from infestation.

Although it is not anticipated that local governments will be involved in the shipment of regulated articles from the proposed quarantine area, in the event that they do, they would be subject to the same costs as other regulated parties, including small businesses.

The changes to the list of regulated articles consist of a correction to the spelling of "albizia;" removal of an article (hackberry); and the addition of an article (goldenrain tree). We do not anticipate any additional costs since one article is being removed.

5. Economic and technological feasibility.

The economic and technological feasibility of compliance with the proposed rule by small businesses and local governments has been addressed and such compliance has been determined to be feasible. Regulated parties shipping host materials from the new quarantine area, other than pursuant to a compliance agreement, will require an inspection and the issuance of a phytosanitary certificate. Most shipments, however, will be made pursuant to compliance agreements for which there is no charge.

6. Minimizing adverse impact.

The Department has designed the proposed rule to minimize adverse economic impact on small businesses and local governments. This is done by limiting the new quarantine area to the two square miles where the ALB and infested trees have been detected; and by limiting the inspection and permit requirements to only those necessary to detect the presence of the ALB and prevent its movement in host materials from the quarantine area. As set forth in the regulatory impact statement, the proposed rule provides for agreements between the Department and regulated parties that permit the shipment of regulated articles without state or federal inspection. These agreements, for which there is no charge, are another way in which the proposed rule was designed to minimize adverse impact. The approaches for minimizing adverse economic impact required by section 202-a(1) of the State Administrative Procedure Act (SAPA) and suggested by section 202-b(1) of SAPA were considered. Given all of the facts and circumstances, it is submitted that the proposed rule minimizes adverse economic impact as much as is currently possible.

7. Small business and local government participation.

The inspectors are informing the businesses they regulate about the proposed expansion and we had a booth set up at the Nassau-Suffolk Landscape Gardeners conference on March 9, 2016. We used that opportunity to discuss the expansion with the estimated 500-750 landscapers/arborists who attended this event.

Rural Area Flexibility Analysis

The proposed rule will not impose any adverse impact or reporting, recordkeeping and other compliance requirements on public or private entities in rural areas. This finding is based upon the fact that the quarantine areas to which the amendments apply are not situated in "rural areas," as defined in section 481(7) of the Executive Law.

Job Impact Statement

The proposed rule will not have a substantial adverse impact on jobs and employment opportunities. The extension of the existing quarantine area two square miles in central Long Island is designed to prevent the further spread of ALB to other parts of the State. A spread of the infestation would have very adverse economic consequences to the nursery, forestry, fruit and maple product industries of the State, both from the destruction of the regulated articles upon which these industries depend, and from the more restrictive quarantines that could be imposed by the federal government, other states and foreign countries. By helping to prevent the spread of the ALB, the proposed rule will help to prevent such adverse economic consequences and in so doing, protect the jobs and employment opportunities associated with the State's nursery, forestry, fruit and maple product industries.

The changes to the list of regulated articles consist of a correction to the spelling of "albizia;" removal of an article (hackberry); and the addition of an article (goldenrain tree). We do not anticipate any adverse impact on jobs since one article is being removed. Forest related activities in New York State provide employment for approximately 70,000 people. The forest-based economy generates payrolls of more than \$2 billion.

As set forth in the regulatory impact statement, the cost of the proposed rule to regulated parties is relatively small and as such, the proposed rule should not have a substantial adverse impact on jobs and employment opportunities.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Repeal of Obsolete Rules: General Provisions; HIV-AIDS; Inpatient Programs; Funding for Services; Hearings; Authorizing MDs

I.D. No. ASA-34-16-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: This is a consensus rule making to repeal Parts 309, 369, 829, 1000, 1034, 1050, 1070 and 1072 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 19.07(e), 19.09(b), 32.01 and 32.07(a)

Subject: Repeal of obsolete rules: General provisions; HIV-AIDS; Inpatient programs; Funding for services; Hearings; Authorizing MDs.

Purpose: To repeal obsolete rules of DSAS/DAAA and the Office.

Text of proposed rule: The following Parts of 14 NYCRR are REPEALED:

309 (Responsibilities of Facilities for Alcoholism in Regard to AIDS, HIV Illness and HIV-Related Information)

369 (Appeals and Hearings)

1000 (General)

Text of proposed rule and any required statements and analyses may be obtained from: Sara Osborne, Associate Attorney, NYS OASAS, 1450 Western Ave., Albany, NY 12204, (518) 485-2312, email: Sara.Osborne@oasas.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 45 days after publication of this notice.

Consensus Rule Making Determination

14 NYCRR Parts 309 and 369 were promulgated by the Division of Alcoholism and Alcohol Abuse (DAAA); Parts 1000, 1034, 1050, 1070 and 1072 were promulgated by the Division of Substance Abuse Services (DSAS). The two divisions were consolidated into the Office of Alcoholism and Substance Abuse Services (OASAS). OASAS has since consolidated most regulations from the previous Divisions and promulgated new regulations under the Part 800 series of Title 14. Mental Hygiene Law § 32.05(b) was amended in 2007 making the provisions of Part 829 unnecessary and irrelevant.

This rule making is filed as a Consensus rule because its purpose is to repeal obsolete regulations to which no person is likely to object. This proposal has been circulated within the provider community and received no objections. The Behavioral Health Services Advisory Council approved on May 24, 2016. These repeals continue the process of consolidation. As follows, these rules have been substantially incorporated into the Part 800 series or, due to statutory changes, have become obsolete and may be repealed:

309 (Responsibilities of Facilities for Alcoholism in Regard to AIDS, HIV Illness and HIV-Related Information): Covered by Article 24 of the public health law; substantively incorporated into requirements for all treatment modalities; required by the federal block grant. No need for additional regulation.

369 (Appeals and Hearings): Incorporated into current Part 831.

1000 (General): Incorporated into current Part 800.

1034 (Requirements for the Operation of Inpatient Substance Abuse Treatment and Rehabilitation programs). Incorporated into current Parts 817, 818, 819 and 816 and 820.

1050 (Funding for Substance Abuse Services): Covered by Article 25 of the Mental Hygiene law, state finance law, OASAS administrative and fiscal guidelines. No need for additional regulation.

1070 (Services for Persons with HIV Related Conditions): See Part 309.

1072 (HIV Testing and HIV related Information): See Part 309 and Part 1070.

829 (Authorization for Physicians to use Controlled Substances for Treatment of Chemical Dependence): This requirement is no longer required by statute. Section 32.05(b) was amended by Chapter 204 of the Laws of 2007 making the provisions of Part 829 unnecessary and irrelevant.

Job Impact Statement

OASAS is not submitting a Job Impact Statement for this amendment because OASAS does not anticipate a substantial adverse impact on jobs and employment opportunities. The proposed rulemaking repeals obsolete rules of the Office and OASAS predecessor Divisions (DAAA and DSAS) provisions of which have either been made unnecessary by changes in statute or have been incorporated into existing rules of the Office.

REVISED RULE MAKING NO HEARING(S) SCHEDULED

Specialized Programs for Residents with Neurodegenerative Diseases

I.D. No. HLT-24-16-00003-RP

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following revised rule:

Proposed Action: Addition of section 415.41 to Title 10 NYCRR.

Statutory authority: Public Health Law, section 2803(2)

Subject: Specialized Programs for Residents with Neurodegenerative Diseases.

Purpose: To establish nursing home specialty units for residents with Huntington's Disease (HD) and Amyotrophic Lateral Sclerosis (ALS).

Substance of revised rule: A new section for Part 415 of Title 10 (Health) of the Official Compilation of Codes, Rules and Regulations of the State of New York is proposed, to be designated as section 415.41 and entitled "Specialized Programs for Residents with Neurodegenerative Diseases".

(a) General. For purposes of the proposed regulation, "Neurodegenerative Disease" shall mean Huntington's disease or Amyotrophic Lateral Sclerosis. "Specialized program" means a discrete unit within a nursing home that offers services and facilities for individuals with Neurodegenerative Diseases, with the goal of helping them attain or maintain the highest practicable level of physical, affective, behavioral and cognitive functioning. The program must be located in a nursing unit which is specifically designated for this purpose and physically separate from other facility units.

The proposed regulation also provides that the facility shall make information and data available to assist the Department of Health (department) in evaluating the effectiveness of specialty units and their impact on outcomes for individuals with Neurodegenerative Diseases.

(b) Admission. The proposed regulation requires nursing homes to develop written admission criteria for specialty units for individuals with Neurodegenerative Diseases. At a minimum, the resident's medical record must document that the resident has a Neurodegenerative Disease diagnosis, cannot appropriately be served and is not safe in a less restrictive setting, and can benefit from the care and services available in a specialty unit. The proposed regulation also provides that a facility shall evaluate the effects of its admission criteria on its success in achieving its goals and objectives for the specialty unit and requires the facility to report its findings to the department annually thereafter.

(c) Assessment and Care Planning. The proposed regulation requires a home evaluation with the future resident and his or her family, as appropriate, prior to admission to discuss care needs. The proposed regulation also requires development of a care plan for each resident, which shall include a discharge plan, by an interdisciplinary resident care team. The care plan must be reviewed and modified at least once a month for the first three months following admission and then quarterly or upon a significant change in the resident's condition thereafter.

(d) Discharge. The proposed regulation requires that a proposed discharge plan must be developed within 30 days of admission for each resident as part of the overall care plan and shall include input from all professionals caring for the resident, the resident and his or her family, as appropriate, and any outside agency or resource anticipated to be involved with the resident following discharge. The resident must be discharged to

a less restrictive setting when he or she no longer meets one or more of the admission criteria for the unit. Additionally, the proposed regulation provides that a facility shall evaluate the effects of its discharge criteria on its success in achieving the goals and objectives for the specialty unit and requires the facility to report its findings to the department annually thereafter.

Nursing homes with specialty units shall have a written agreement with a general hospital or hospitals providing for the transfer of residents in need of emergency or acute inpatient care services. Such hospital(s) shall have expertise in caring for individuals with Neurodegenerative Diseases, except in cases where a general hospital with such expertise is not available within a distance and time considered reasonable by accepted emergency medical standards. In the event of a transfer to any general hospital, the facility must require a member of the specialty unit's staff to accompany the resident, if feasible, and must communicate with the hospital and provide any relevant information about the resident at the time of transfer. The resident shall be given priority readmission status to the unit as warranted by his or her condition.

(e) Program/Unit Staffing Requirements. The facility must maintain consistent assignment of direct care staff to residents in the specialty unit. In addition, the proposed regulation requires that a specialty unit shall be managed by a program coordinator and that a physician must be responsible for medical direction of the unit. The proposed regulation also identifies other specific categories of personnel who must be assigned or available to the specialty unit, including a psychiatrist, a clinical psychologist or licensed clinical social worker, at least one registered professional nurse on each shift, a respiratory therapist, and a therapeutic recreation specialist.

Revised rule compared with proposed rule: Substantial revisions were made in section 415.41(e)(9).

Text of revised proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of House Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 30 days after publication of this notice.

Revised Regulatory Impact Statement, Revised Regulatory Flexibility Analysis, Revised Rural Area Flexibility Analysis and Revised Job Impact Statement

Changes made to the last published rule do not necessitate revision to the previously published Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Assessment of Public Comment

The Department received one comment during the public comment period.

Comment:

Sitirin Medical Rehabilitation Center, located in New Hartford, New York, expressed concern about the ability to secure Registered Nurses in their geographical area. They suggested that the staffing requirement for RNs should be to have an RN in the building where the Neurodegenerative Disease unit is located who will be readily available to the unit.

Response:

The Department believes that this is a valid concern, and the regulatory language in section 415.41(e)(9) has been revised accordingly.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Proposed Revisions to the General Information Section III.8(W) - AMR/AMI Meter Opt-Out

I.D. No. PSC-34-16-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal by Consolidated Edison Company of New York, Inc. to revise the General Information Section III.8(W) — AMR/AMI Meter Opt-out contained in its schedule for gas service, P.S.C. No. 9—Gas.

Statutory authority: Public Service Law, sections 65 and 66

Subject: Proposed revisions to the General Information Section III.8(W) - AMR/AMI Meter Opt-out.

Purpose: To consider revisions to AMR/AMI meter opt-out and manual meter reading charge provisions.

Substance of proposed rule: The Public Service Commission is considering modifications proposed by Consolidated Edison Company of New York, Inc. (Con Edison or Company) to General Information Section III.8(W) – AMR/AMI Meter Opt-out contained in its gas tariff schedule, P.S.C. No. 9 – Gas. On July 29, 2016, Con Edison proposed changes to its Automated Meter Reading (AMR) and Advanced Metering Infrastructure (AMI) meter opt-out provision to extend the availability of AMR/AMI meter opt-out to all residential customers. Currently, the tariff provision is only applicable to residential customers in one to four family homes. The Company also proposes tariff changes to: (1) clarify that the monthly charge per account, at half the charge specified in General Information Section IV.3.(b) (Special Meter Reading Fees), is applicable to either a gas or a combined electric and gas account; (2) revise tariff language to indicate that a customer who opts out of AMR/AMI metering may elect to participate in AMI metering in the future; (3) indicate that customers will be subject to the manual meter reading charge if they refuse installation of an AMR/AMI meter without completing an opt-out form; (4) clarify that the exemption of the meter change-out fee applies to the initial installation of the AMI/AMR meter when the Company did not notify the customer in writing at least 30 days in advance of the AMR/AMI installation; and (5) revise language to indicate the meter opt-out form will be available electronically. The proposed amendments have an effective date of November 28, 2016. The Commission may adopt, reject or modify, in whole or in part, the relief proposed and may resolve related matters.

Proposed Revisions to the General Rule 6.10—AMR/AMI Meter Opt-Out

I.D. No. PSC-34-16-00007-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal by Consolidated Edison Company of New York, Inc. to revise General Rule 6.10—AMR/AMI Meter Opt-out contained in its schedule for electric service, P.S.C. No. 10—Electricity.

Statutory authority: Public Service Law, sections 65 and 66

Subject: Proposed revisions to the General Rule 6.10—AMR/AMI Meter Opt-out.

Purpose: To consider revisions to AMR/AMI meter opt-out and manual meter reading charge provisions.

Substance of proposed rule: The Public Service Commission is considering modifications proposed by Consolidated Edison Company of New York, Inc. (Con Edison or Company) to General Rule 6.10 – AMR/AMI

Meter Opt-out contained in its electric tariff schedule, P.S.C. No. 10 – Electricity. On July 29, 2016, Con Edison proposed changes to its Automated Meter Reading (AMR) and Advanced Metering Infrastructure (AMI) meter opt-out provision to extend the availability of AMR/AMI meter opt-out to all residential customers. Currently, the tariff provision is only applicable to residential customers in one to four family homes. The Company also proposes tariff changes to: (1) clarify that the monthly charge per account, at half the charge specified in General Rule 17.1.f (Special Services at Stipulated Rates), is applicable to either an electric or a combined electric and gas account; (2) revise tariff language to indicate that a customer who opts out of AMR/AMI metering may elect to participate in AMI metering in the future; (3) indicate that customers will be subject to the manual meter reading charge if they refuse installation of an AMR/AMI meter without completing an opt-out form; (4) clarify that the exemption of the meter change-out fee applies to the initial installation of the AMI/AMR meter when the Company did not notify the customer in writing at least 30 days in advance of the AMR/AMI installation; and (5) revise language to indicate the meter opt-out form will be available electronically. ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*). For additional information concerning any of the proposals listed

in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	00001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

RENOVATE SHU AND LOBBY ELEVATORS Green Haven Correctional Facility Stormville, Dutchess County

Sealed bids for Project Nos. 44969-C, 44969-H, 44969-P, 44969-E, 44969-U, comprising separate contracts for Construction Work, HVAC Work, Plumbing Work, Electrical Work and Elevator Work, Renovate SHU & Lobby Elevators, Green Haven Correctional Facility, Route 216, Stormville (Dutchess County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, August 31, 2016, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a certified check, bank check, or bid bond in the amount of \$16,700 for C, \$4,800 for H, \$600 for P, \$21,100 for E and \$48,200 for U.

All successful bidders on a multiple trade project or the successful bidder with a bid over \$200,000 on a single trade project, will be required to furnish a Performance Bond and a Labor and Material Bond in the statutory form of public bonds required by Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$100,000 and \$250,000 for C, between \$50,000 and \$100,000 for H, under \$25,000 for P, and between \$250,000 and \$500,000 for E and between \$1,000,000 and \$2,000,000 for U. The requirement for Labor and Material and Performance Bonds may be waived on a bid under \$200,000 on a single trade project.

Pursuant to State Finance Law § 139-j and § 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest notice of intent to solicit offers through final award and approval of the Procurement Contract by OGS D&C and Office of the State Comptroller ("restricted period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Frank Peris and Carl Ruppert in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862 and John Lewyckyj, Deputy Director, Design & Construction Group, telephone (518) 474-0201, fax (518) 486-1650. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4 year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the new Legislative and State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <http://ogs.ny.gov/aboutogs/regulations/defaultAdvisoryCouncil.asp>.

The substantial completion date for this project is 450 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 8:30 a.m. on August 18, 2016 at Green Haven Correctional Facility, East Gate off Route 216, OGS Field Office, Stormville, NY. Prospective bidders are urged to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply and all vehicles will be subject to search.

Phone the office of Shannon Landolfi, (845) 831-3111 a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit.

It is the policy of the State and the Office of General Services to encourage meaningful minority- and women-owned business enterprise participation in this project by contractors, subcontractors and suppliers under the Contract, and all bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Construction, Electrical and Elevators. The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract.

The Office of General Services reserves the right to reject any or all bids.

The Bidding and Contract Documents for this Project are available on compact disc (CD) only, and may be obtained for an \$8.00 deposit per set, plus a \$2.00 per set shipping and handling fee. Contractors and other interested parties can order CD's on-line through a secure web interface available 24 hours a day, 7 days a week. NOTICE OF AVAILABILITY OF STATE AND FEDERAL FUNDS

REVISED NOTICE

New York Homes and Community Renewal
Division of Housing and Community Renewal
Hampton Plaza
38-40 State St.
Albany, NY 12207

PERSONS/FIRMS SPONSORING THE CONSTRUCTION
AND/OR REHABILITATION OF RENTAL HOUSING FOR LOW-
AND MODERATE-INCOME PERSONS/ HOUSEHOLDS
Low Income Housing Credit Program (LIHC)

INTRODUCTION:

New York State Homes and Community Renewal is revising the Notice of Credit Availability for the program(s) referenced below, which was originally published in the New York State Register dated August 10, 2016. That Notice incorrectly referred to a “NY/NY IV” service and operating subsidy under the Supportive Housing Goals component of the Early Award Goals section of the Notice. That reference has been removed hereunder.

DESCRIPTION:

New York State Homes and Community Renewal (HCR) announces the availability of tax credit under the Low-Income Housing Credit Program (LIHC), administered by the New York State Division of Housing and Community Renewal (DHCR), which is authorized under Section 42 of the Internal Revenue Code.

A Request for Proposals (RFP) for Unified Funding (UF) 2016 site-specific multi-family project applications (Capital Applications) seeking funding under the LIHC Program is expected to be available on or about August 15, 2016.

These applications will be submitted using the Community Development Online (CDOL) Application System, located on HCR’s website at: <http://www.nyshcr.org/Apps/CDOnline/>.

Printable instructions and screen shots of the CDOL Exhibits for the UF 2016 CDOL application will be available on the HCR Website at: <http://www.nyshcr.org/Funding/UnifiedFundingMaterials/2016/>.

APPLICATION DEADLINES & FEES:

There are three UF 2016 application deadlines. The first deadline will be for Early Award Projects (EA), which meet criteria that will be set forth in the RFP and described, in part, below. The second deadline will be for Early Round Empire State Supportive Housing Projects which meet criteria that will be set forth in the RFP and described, in part, below. The third deadline will be for all other Capital Applications described in the upcoming RFP.

Applications for EA Projects must be completed and submitted by 5:00 PM on Thursday, October 6, 2016. Applications for Early Round Empire State Supportive Housing Projects must be completed and submitted no later than 5:00 PM on Tuesday, November 8, 2016. All other UF 2016 Capital Applications must be completed and submitted by 5:00 PM on Wednesday, December 7, 2016.

A \$3,000 application fee is required for each LIHC Capital Application with the following exception: not-for-profit applicants (or their wholly-owned subsidiaries) which will be sole general partner of the partnership/project owner or sole managing member of the limited liability company/project owner may request a deferral of payment until the time of credit allocation.

UF 2016 LIHC AVAILABLE:

DHCR expects to have approximately \$28,000,000 available for LIHC reservations.

EARLY AWARD APPLICATIONS:

A. General Information

HCR seeks to encourage high quality, high readiness projects that advance specific New York State housing goals by providing an accelerated application and review process as part of UF 2016. In addition to meeting the general application requirements described in the upcoming RFP, EA applications must satisfy additional conditions and requirements not required of UF 2016 applications generally, including an earlier application submission deadline and a mandatory pre-application conference with HCR staff.

Applications satisfying the conditions and requirements for Early Awards will be provided an accelerated review and will be rated and ranked compared only to other EA applications that advance the same policy goal, subject to the other funding considerations described in the UF 2016 RFP. In the event an application does not receive an early funding award, the application may be considered for an award pursuant to later funding round decisions.

In addition to satisfying the conditions and requirements generally applicable to all UF 2016 applications, EA applicants must also:

1. Submit a complete application by 5:00 PM, October 6, 2016 or by 5:00 PM, November 8, 2016 for Empire State Supportive Housing Projects;

2. Demonstrate the project will be able to proceed to construction within 120 calendar days of award, or within 180 days of award, if located in the City of New York. In evaluating a project’s readiness to proceed to construction, HCR will consider the development team’s past performance in the delivery of units on time and on-budget in addition to project-specific indicators such as status of local approvals, complexity of the proposed transaction, including whether a project must comply with National Environmental Policy Act (NEPA) requirements, and status of financing commitments; and,

3. Provide documentation demonstrating the application proposes a project which clearly advances at least one State housing goal described below in Section B. Applications that advance more than one housing goal will be given preference.

B. Early Award State Housing Goals

In order to be eligible, EA applications must advance at least one of the following State housing goals:

1. Revitalization and Economic Development Goals

- a. Priority Projects Identified in Regional Economic Development Plans

These applications will propose affordable housing projects that have been specifically endorsed in Regional Economic Development Council Strategic Plans and for which significant financial assistance has been made available as part of such plans.

- b. Mixed-Income/Mixed-Use Revitalization

These applications will propose mixed-income projects in mixed-use neighborhoods involving:

- the use or adaptive reuse of existing underutilized buildings;
- infill new construction; and/or
- the demolition/replacement of buildings with a blighting impact on a community, for which rehabilitation is impracticable.

Applications must clearly demonstrate the project is part of a neighborhood-specific revitalization effort developed with significant community and local government involvement. Applications must clearly demonstrate community support for the proposed project, as evidenced by commitment of local resources and local actions that have, or will, be taken in support of the project. To be considered mixed-income, applications must target households at incomes above federal LIHC limits.

Preference under this State housing goal will be given to applications that:

- demonstrate site control of land acquired through Land Banks established, pursuant to Article 16 of the NYS Not-for-Profit Corporation Law, in neighborhoods that have experienced a high incidence of abandoned, “zombie” properties;
- propose a retail/community service component that will address an unmet community need identified in a neighborhood-specific revitalization plan;
- propose a project resulting in the cleanup/redevelopment of property that has been determined to be eligible to participate in the NYS Brownfield Cleanup Program (BCP). To be eligible for this preference, applications must propose a financing plan fully utilizing all BCP tax credits generated from the cleanup/redevelopment of the property;
- propose a project that is part of a neighborhood specific revitalization plan that also includes the development of new affordable homeownership units and/or the rehabilitation of existing owner-occupied housing; and/or
- propose a project located in a community participating in Governor Cuomo’s Community, Opportunity, Reinvestment (CORe) Initiative, which aligns State support with local needs while supporting successful community-based efforts, so the State can more effectively allocate resources to make measurable and sustained progress in improving high-need communities.

2. Supportive Housing Goals

a. Empire State Supportive Housing Projects

These applications will propose Supportive Housing Projects that have received Conditional Award Notifications through the Empire State Supportive Housing Initiative, Inter-agency Service and Operating Funding Opportunity RFP.

b. New York/New York Projects

Applicants must demonstrate they have secured a commitment of NY/NY III service and operating subsidy for at least 25% of the project’s total units.

3. Workforce Opportunity Goals

a. Housing Opportunity Projects

These applications will propose workforce family housing in areas experiencing economic growth that are served by high performing school districts. Projects must be located in areas that have stable/growing tax bases, and must be in close proximity to public transportation, child care and employment opportunities. Proposed projects must include a significant percentage of two, three, or more than three bedroom units. Applications that clearly advance this goal may be eligible for a 130% LIHC basis boost authorized by the Housing and Economic Recovery Act.

b. Transit Oriented Development (TOD)

These applications will propose workforce housing projects in close proximity to Metropolitan Transit Authority (MTA) rail stations outside the City of New York, or within a quarter-mile walk of an MTA subway station within the City of New York; or, which are in communities that have completed and are implementing TOD plans clearly linking the proposed project to expanded transportation choices for tenants; or, which are in close proximity to multi-modal transportation centers contributing to the development of vibrant, mixed-use, high-density neighborhoods through the adaptive reuse of non-residential buildings or through infill development.

4. Affordable Housing Preservation Goals

a. Mitchell Lama Portfolio Projects

Applications that propose the redevelopment/preservation of Mitch-

ell Lama housing units transferred from NYS Empire State Development Corporation (ESDC) to NYS, as part of Governor Cuomo’s \$1 billion House NY Program. Applications must demonstrate the refinancing and preservation of the units would be infeasible as part of a plan of finance that relies on 4% LIHC/tax exempt bonds without additional HCR subsidies in excess of typical HCR amounts made in connection with such financing. Applicants under this goal must demonstrate successful prior experience in the management of affordable housing properties (with preference for Mitchell Lama properties) and must maximize the use of all non-HCR resources available for the redevelopment and preservation of this housing portfolio.

b. Rural Preservation Projects

These applications must propose the rehabilitation of projects currently receiving Rural Rental Assistance Program (RRAP) funds. Applications must propose a scope of work extending the expected useful life of the project by no less than 20 years and which satisfies heightened energy efficiency standards specified by HCR in the UF 2016 RFP. Successful applications must demonstrate the rehabilitation will be undertaken as part of a financing plan that will result in ongoing reductions of RRAP funding, and that at least 90% of the proposed total development costs will be directly related to physical improvements that will extend the useful life and improve the habitability and energy efficiency of the project. The only source of funding that may be requested under this goal is Community Investment Fund (CIF). Requests are limited to \$2,000,000 in CIF funds, and \$40,000 per unit, and must satisfy all CIF program requirements described in the UF 2016 RFP.

c. Public Housing Redevelopment Projects

These applications must propose the gut rehabilitation and/or demolition and replacement of substandard public housing outside the City of New York.

APPLICATION WORKSHOPS:

UF 2016 Capital Application Workshops will include a presentation and discussion of project application requirements and the Unified Funding process. UF 2016 Capital Application Workshops will be conducted at the following times and locations:

REVISED NOTICE

New York Homes and Community Renewal
 Division of Housing and Community Renewal
 Hampton Plaza
 38-40 State St.
 Albany, NY 12207

PERSONS/FIRMS SPONSORING THE CONSTRUCTION AND/OR REHABILITATION OF RENTAL HOUSING FOR LOW- AND MODERATE-INCOME HOUSEHOLDS/ PERSONS
New York State Low Income Housing Credit Program (SLIHC)

INTRODUCTION:

New York State Homes and Community Renewal is revising the Notice of Credit Availability for the program(s) referenced below, which was originally published in the New York State Register dated August 10, 2016. That Notice incorrectly referred to a “NY/NY IV” service and operating subsidy under the Supportive Housing Goals component of the Early Award Goals section of the Notice. That reference has been removed hereunder.

DESCRIPTION:

New York State Homes and Community Renewal (HCR) announces the availability of tax credit under the New York State Low-Income Housing Tax Credit Program (SLIHC), administered by the New York State Division of Housing and Community Renewal (DHCR), which is authorized under Article 2-A of the Public Housing Law.

A Request for Proposals (RFP) for Unified Funding (UF) 2016 site-specific multi-family project applications (Capital Applications) seeking funding under the SLIHC Program is expected to be available on or about August 15, 2016.

These applications will be submitted using the Community Development Online (CDOL) Application System, located on HCR’s website at: <http://www.nyshr.org/Apps/CDOnline/>.

Printable instructions and screen shots of the CDOL Exhibits for the UF 2016 CDOL application will be available on the HCR Website at: <http://www.nyshr.org/Funding/UnifiedFundingMaterials/2016/>.

APPLICATION DEADLINES & FEES:

There are three UF 2016 application deadlines. The first deadline will be for Early Award Projects (EA), which meet criteria that will be set forth in the RFP and described, in part, below. The second deadline will be for Early Round Empire State Supportive Housing Projects which meet criteria that will be set forth in the RFP and described, in part, below. The third deadline will be for all other Capital Applications described in the upcoming RFP.

Applications for Early Award Projects must be completed and submitted by 5:00 PM on Thursday, October 6, 2016. Applications for Early Round Empire State Supportive Housing Projects must be completed and submitted no later than 5:00 PM on Tuesday, November 8, 2016. All other UF 2016 Capital Applications must be completed and submitted by 5:00 PM on Wednesday, December 7, 2016.

A \$3,000 application fee is required for each SLIHC Application with the following exception: not-for-profit applicants (or their wholly-owned subsidiaries) which will be sole general partner of the partnership/project owner or sole managing member of the limited liability company/project owner may request a deferral of payment until the time of credit allocation.

UF 2016 SLIHC AVAILABLE:

DHCR expects to have approximately \$4,000,000 available for SLIHC reservations.

EARLY AWARD APPLICATIONS:

A. General Information

HCR seeks to encourage high quality, high readiness projects that advance specific New York State housing goals by providing an accelerated application and review process as part of UF 2016. In addition to meeting the general application requirements described in the upcoming RFP, EA applications must satisfy additional conditions and requirements not required of UF 2016 applications generally,

including an earlier application submission deadline and a mandatory pre-application conference with HCR staff.

Applications satisfying the conditions and requirements for Early Awards will be provided an accelerated review and will be rated and ranked compared only to other EA applications that advance the same policy goal, subject to the other funding considerations described in the UF 2016 RFP. In the event an application does not receive an early funding award, the application may be considered for an award pursuant to later funding round decisions.

In addition to satisfying the conditions and requirements generally applicable to all UF 2016 applications, EA applicants must also:

1. Submit a complete application by 5:00 PM, October 6, 2016 or by 5:00 PM, November 8, 2016 for Empire State Supportive Housing Projects;

2. Demonstrate the project will be able to proceed to construction within 120 calendar days of award, or within 180 days of award, if located in the City of New York. In evaluating a project’s readiness to proceed to construction, HCR will consider the development team’s past performance in the delivery of units on time and on-budget in addition to project-specific indicators such as status of local approvals, complexity of the proposed transaction, including whether a project must comply with National Environmental Policy Act (NEPA) requirements, and status of financing commitments; and,

3. Provide documentation demonstrating the application proposes a project which clearly advances at least one State housing goal described below in Section B. Applications that advance more than one housing goal will be given preference.

B. Early Award State Housing Goals

In order to be eligible, EA applications must advance at least one of the following State housing goals:

1. Revitalization and Economic Development Goals

a. Priority Projects Identified in Regional Economic Development Plans

These applications will propose affordable housing projects that have been specifically endorsed in Regional Economic Development Council Strategic Plans and for which significant financial assistance has been made available as part of such plans.

b. Mixed-Income/Mixed-Use Revitalization

These applications will propose mixed-income projects in mixed-use neighborhoods involving:

- the use or adaptive reuse of existing underutilized buildings;
- infill new construction; and/or
- the demolition/replacement of buildings with a blighting impact on a community, for which rehabilitation is impracticable.

Applications must clearly demonstrate the project is part of a neighborhood-specific revitalization effort developed with significant community and local government involvement. Applications must clearly demonstrate community support for the proposed project, as evidenced by commitment of local resources and local actions that have, or will, be taken in support of the project. To be considered mixed-income, applications must target households at incomes above federal LIHC limits.

Preference under this State housing goal will be given to applications that:

- demonstrate site control of land acquired through Land Banks, established pursuant to Article 16 of the NYS Not-for-Profit Corporation Law, in neighborhoods that have experienced a high incidence of abandoned, “zombie” properties;
- propose a retail/community service component that will address an unmet community need identified in a neighborhood-specific revitalization plan;
- propose a project resulting in the cleanup/redevelopment of property that has been determined to be eligible to participate in the NYS Brownfield Cleanup Program (BCP). To be eligible for this preference, applications must propose a financing plan fully utilizing all BCP tax credits generated from the cleanup/redevelopment of the property;

- propose a project that is part of a neighborhood specific revitalization plan that also includes the development of new affordable homeownership units and/or the rehabilitation of existing owner-occupied housing; and/or

- propose a project located in a community participating in Governor Cuomo's Community, Opportunity, Reinvestment (CORE) Initiative, which aligns State support with local needs while supporting successful community-based efforts, so the State can more effectively allocate resources to make measurable and sustained progress in improving high-need communities.

2. Supportive Housing Goals

a. Empire State Supportive Housing Projects

These applications will propose Supportive Housing Projects that have received Conditional Award Notifications through the Empire State Supportive Housing Initiative, Inter-agency Service and Operating Funding Opportunity RFP.

b. New York/New York Projects

Applicants must demonstrate they have secured a commitment of NY/NY III service and operating subsidy for at least 25% of the project's total units.

3. Workforce Opportunity Goals

a. Housing Opportunity Projects

These applications will propose workforce family housing in areas experiencing economic growth that are served by high performing school districts. Projects must be located in areas that have stable/growing tax bases, and must be in close proximity to public transportation, child care and employment opportunities. Proposed projects must include a significant percentage of two, three, or more than three bedroom units. Applications that clearly advance this goal may be eligible for a 130% SLHC basis boost authorized by the Housing and Economic Recovery Act.

b. Transit Oriented Development (TOD)

These applications will propose workforce housing projects in close proximity to Metropolitan Transit Authority (MTA) rail stations outside the City of New York, or within a quarter-mile walk of an MTA subway station within the City of New York; or, which are in communities that have completed and are implementing TOD plans clearly linking the proposed project to expanded transportation choices for tenants; or, which are in close proximity to multi-modal transportation centers contributing to the development of vibrant, mixed-use, high-density neighborhoods through the adaptive reuse of non-residential buildings or through infill development.

4. Affordable Housing Preservation Goals

a. Mitchell Lama Portfolio Projects

Applications that propose the redevelopment/preservation of Mitchell Lama housing units transferred from NYS Empire State Development Corporation (ESDC) to NYS, as part of Governor Cuomo's \$1 billion House NY Program. Applications must demonstrate the refinancing and preservation of the units would be infeasible as part of a plan of finance that relies on 4% LIHC/tax exempt bonds without additional HCR subsidies in excess of typical HCR amounts made in connection with such financing. Applicants under this goal must demonstrate successful prior experience in the management of affordable housing properties (with preference for Mitchell Lama properties) and must maximize the use of all non-HCR resources available for the redevelopment and preservation of this housing portfolio.

b. Rural Preservation Projects

These applications must propose the rehabilitation of projects currently receiving Rural Rental Assistance Program (RRAP) funds. Applications must propose a scope of work extending the expected useful life of the project by no less than 20 years and which satisfies heightened energy efficiency standards specified by HCR in the UF 2016 RFP. Successful applications must demonstrate the rehabilitation will be undertaken as part of a financing plan that will result in ongoing reductions of RRAP funding, and that at least 90% of the proposed total development costs will be directly related to physical improvements that will extend the useful life and improve the habitability and energy efficiency of the project. The only source of fund-

ing that may be requested under this goal is Community Investment Fund (CIF). Requests are limited to \$2,000,000 in CIF funds, and \$40,000 per unit, and must satisfy all CIF program requirements described in the UF 2016 RFP.

c. Public Housing Redevelopment Projects

These applications must propose the gut rehabilitation and/or demolition and replacement of substandard public housing outside the City of New York.

APPLICATION WORKSHOPS:

UF 2016 Capital Application Workshops will include a presentation and discussion of project application requirements and the Unified Funding process. UF 2016 Capital Application Workshops will be conducted at the following times and locations:

INTRODUCTION:

New York State Homes and Community Renewal is revising the Notice of Funding Availability for the program(s) referenced below, which was originally published in the New York State Register dated August 10, 2016. That Notice incorrectly referred to a "NY/NY IV" service and operating subsidy under the Supportive Housing Goals component of the Early Award Goals section of the Notice. That reference has been removed hereunder.

DESCRIPTION:

New York State Homes and Community Renewal (HCR) announces the availability of Low-Income Housing Trust Fund Program (HTF), New York State HOME Program (NYS HOME), Rural Area Revitalization Projects Program (RARP), Community Investment Fund (CIF), Mitchell-Lama Program (ML), Supportive Housing Op-

portunity Program (SHOP), and Middle Income Housing Program (MIHP). A Request for Proposals (RFP) for Unified Funding (UF) 2016 site-specific multi-family project applications (Capital Applications) seeking funding under these programs is expected to be available on August 15, 2016.

NYS HOME Program applicants are advised this NOFA is applicable to site-specific capital projects only. Funding for HOME Local Program Administrator applications is offered under a separate NOFA.

These applications will be submitted using the Community Development Online (CDOL) Application System, located on HCR's website at: <http://www.nyshcr.org/Apps/CDOnline/>.

Printable instructions for the UF 2016 CDOL application will be available on the HCR Website at: <http://www.nyshcr.org/Funding/UnifiedFundingMaterials/2016/>.

APPLICATION DEADLINES:

There are three UF 2016 application deadlines. The first deadline will be for Early Award Projects (EA), which meet criteria set forth in the RFP and described, in part, below. The second deadline will be for Early Round Empire State Supportive Housing Projects which meet criteria that will be set forth in the RFP and described, in part, below. The third deadline will be for all other capital applications described in the upcoming RFP.

Applications for EA Projects must be completed and submitted by 5:00 PM on Thursday, October 6, 2016. Applications for Early Round Empire State Supportive Housing Projects must be completed and submitted no later than 5:00 PM on Tuesday, November 8, 2016. All other UF 2016 Capital Applications must be completed and submitted by 5:00 PM on Wednesday, December 7, 2016.

UF 2016 FUNDS AVAILABLE:

Approximately \$40,000,000 in HTF funds; \$7,000,000 in NYS HOME Program funds; \$450,000 in RARP funds; \$31,250,000 in CIF funds; \$10,000,000 in ML funds; \$150,000,000 in SHOP; and \$10,000,000 in MIHP funds are available, subject to availability of appropriations. A minimum of 15% of NYS HOME funds must be reserved for Community Housing Development Organization projects. In addition, a minimum of 80% of these funds must be allocated to projects located in non-participating jurisdictions.

Approximately 100 Project based Section 8 Vouchers may be available for UF 2016 Capital Applications. Such applications will be considered within overall review of project funding requests. Applications requesting only Section 8 assistance will not be considered.

PUBLIC NOTICE

Department of State
 F-2016-0287

Date of Issuance – August 24, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program (NYS CMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2016-0287, or "Block 7580, Lot 80, Page Avenue, Staten Island, NY", the applicant, Lot 80, LLC, is proposing to construct a commercial development consisting of two free standing one story buildings, three connected one and two story buildings and associated parking areas. The site, located along Page Avenue between Richmond Valley Road and South Bridge Street, is presently undeveloped and contains federal jurisdictional wetlands. The lot adjoins another undeveloped lot containing federal and state regulated wetlands. Project drawings depict future development planned for the adjoining lands as well.

The proposed activities would be undertaken within the coastal management boundary of the New York City Waterfront Revitalization Program (WRP) and therefore all activities must be consistent with the policies of this Program as well as with the policies of the NYS CMP. Pursuant to the WRP, the project area is located within a Recognized Ecological Complex (REC), "Outerbridge Ponds and Woodlands. An REC is defined as an area containing valuable natural and ecological resources which may be otherwise fragmented or interspersed with development. Such a designation results from their suitability and priority for consideration as restoration sites or for acquisition. These areas are identified also as a regional priority conservation area for Staten Island within the New York State Open Space Plan (2009). Reference is made to properties comprising Staten Island Wet Woods, described as "Moist hardwood forest in southern Staten Island that form an intermediate community between maritime shrub forest and forested uplands. These properties contain ponds, streams, and wetlands." They include "Outerbridge Ponds ... These 14 acres of pine-oak barrens and sedge ponds represent ecosystems rare in New York City."

In addition to ecosystem concerns, the functional hydrologic and flood storage values of the existing wetlands complex within the local watershed is an important consideration in siting any development. The current proposal, which is for Lot 80 alone, would significantly change the dominant land cover, introducing impervious surfaces for buildings and parking, and would fill wetland area. Mitigation for wetland loss, in the form of the removal of invasive *Phragmites australis*, is proposed in the southern corner of the property.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice or September 23, 2016. Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231. (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2016-0303

Date of Issuance – August 24, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program (NYS CMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2016-0303, or "Canal Properties, LLC", the applicant "R-Squared Development, LLC" or Gregg Rechler, member of each aforementioned entity, is proposing to modify an existing boat basin. The project would include reconfiguration of existing piles to allow construction of additional boat slips which would accommodate twenty (20) more vessels. No other changes to the marina basin are proposed at this time. The site is located on the eastern side of the Shinnecock Canal +/- 50 feet north of an elevated road along the Montauk Highway (County Route 80) and immediately south of a Long Island Railroad (LIRR) bridge. According to the information received by the Department of State, the proposed actions do not appear to constitute an increase in the footprint of the existing basin nor an expansion of the marina facility.

Other shoreline activities proposed, which may or may not be authorized under U.S. Army Corps of Engineers nationwide permits, include replacement of an existing rubble mound revetment located along the southern section of the property. The new revetment would be +/- 330 feet in length, requiring the placement of +/- 600 cubic yards of 1-2 ton stone and +/- 220 cubic yards of 3-6 inch stone below the spring high water (SHW) mark. Approximately 1,440 cubic yards of the existing slope located below SHW is proposed to be removed for installation of the revetment. A 30 linear foot aluminum gangway is proposed to be replaced with the existing gangway which leads to an existing floating dock that is to remain. Additionally, an upland scour area landward of the revetment is proposed to be filled with clean material from an approved upland source, +/- 35 cubic yards of which will be placed below SHW.

The proposed activities support a larger development proposal which would develop the upland property with 37 residential units and associated drainage and landscaping. A "drainage reserve area" is proposed to be located adjacent to the shoreline. The applicant states that the project would reduce impervious surfaces to +/- 1,814 square feet within the NYS DEC jurisdictional tidal wetland adjacent area. Cut and fill proposed for the development activities include removal of 136 cubic yards of material and placement of 177 cubic yards, with a net increase of 41 CY of fill within the tidal wetland adjacent area.

Additional project elements include a proposed +/- 890 square feet public deck; +/- 200 square feet timber ramp; +/- 95 square feet timber stairs; +/-30 linear feet aluminum gangway on the south side of the property; and +/- 510 square feet of open grate deck and associated stairs down the bluff are proposed on the north side of the property; selective removal of invasive species and re-vegetation with native

species; and installation of coir mats as needed to stabilize slope areas for restoration.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice or September 23, 2016. Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231. (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of Taxation and Finance
Interest Rates

The Commissioner of Taxation and Finance hereby sets the interest rates for the months of October, November, December, 2016 pursuant to sections 697(j) and 1096(e) of the Tax Law, as follows:

For purposes of section 697(j) the overpayment rate of interest is set at 3 percent per annum, and the underpayment rate of interest is set at 7.5 percent per annum. For purposes of section 1096(e), the overpayment rate of interest is set at 3 percent per annum, and the underpayment rate of interest is set at 8 percent per annum. (The underpayment rates set pursuant to sections 697(j) and 1096(e) may not be less than 7.5 percent per annum.) Pursuant to section 1145(a)(1) of the Tax Law, the underpayment rate for State and local sales and use taxes administered by the Commissioner of Taxation and Finance is 14.5 percent per annum. The underpayment rate for the special assessments on hazardous waste imposed by section 27-0923 of the Environmental Conservation Law is 15 percent.

For the interest rates applicable to overpayments (refunds) and underpayments (late payments and assessments) of the following taxes administered by the Commissioner of Taxation and Finance for the period October 1, 2016 through December 31, 2016, see the table below:

* The Tax Law requires the interest rate on sales tax assessments or late payments to be set at 14-1/2% for this quarter. However, if the Commissioner determines that the failure to pay or the delay in payment is due to reasonable cause and not willful neglect, the Commissioner may impose interest at the corporation tax late payment and assessment rate. That rate is 8% for this quarter.

** There are a number of state and local governmental bodies that have interest rates tied to the overpayment and underpayment rates contained in either section 697(j) (Income Tax) or section 1096(e) (Corporation Tax) of the Tax Law. For purposes of section 697(j) and section 1096(e) of the Tax Law, the overpayment rate for this period is 3%. For purposes of section 697(j) of the Tax Law, the underpayment rate for this period is 7.5%. For purposes of section 1096(e) of the Tax Law, the underpayment rate for this period is 8%.

*** Under section 527(f) of the Tax Law, the interest rates relating to the Fuel Use tax are set pursuant to the International Fuel Tax Agreement (IFTA). For more information regarding IFTA interest rates, see www.iftach.org.
