RE: Application for Repair of Hazardous Monuments

DATE: May 18, 2021

Exhibits

- A) Application for Repair or Removal of Dilapidated or Disrepaired Monuments that Create a Hazardous Condition
- B) Senecal Memorials repair estimate for \$69,500 (average \$2,106 per monument)
- C) Secore Contracting repair estimate for \$78,800 (average \$2,388 per monument)
- D) Invoice and copy from The Times of Wayne for \$311.50

Introduction and Recommendation

The Division received an application (Exhibit A) for the repair of 33 hazardous monuments located in the Marion Cemetery, town of Marion, Wayne County. The application was submitted by Norma Amelee, secretary of the Marion Cemetery Association. Included with this application was an estimate, from Senecal Memorials (Exhibit B) totaling \$69,500 and an estimate from Secore Contracting (Exhibit C) for \$78,800. Also included was an invoice from The Times of Wayne for legal notices (Exhibit D) that were run for nine consecutive weeks for \$311.50

I recommend approval of this application.

The Monuments

The Marion Cemetery was visited April 19, 2021 and all 33 monuments were either loose on their foundations or tipping and appeared to pose a hazard to cemetery visitors and employees. It was noted that many of the monuments selected are very large. The cemetery has had no response to the legal advertisement which it placed, and has no funds dedicated to the restoration of monuments.

The Estimates

Both Contractors propose to: remove the monuments from the existing foundations; dig out existing foundations; place new foundations made of solid concrete poured to a depth of 42 inches ; and replace the monument, resealing all joints with setting compound or epoxy and offer a twenty-year warranty.

Department
of State

Recommendation

The Cemetery is up to date on annual reports and vandalism payments. This appears to be a legitimate claim for \$69,811.50. I recommend that this application be approved.

Senecal Memorials will supply suitable equipment and manual labor to remove each monument and to place in a safe location while work is being done. We will remove each old foundation and truck debris away for disposal. We will dig new foundations to appropriate size, set forms to a depth of 42" and stated dimension for each. We will finish concrete to a smooth surface and seal with appropriate sealer. We will reset each monument with new setting compound and silicone sealer if necessary where seam will not allow compound. We will back fill with topsoil, rake and seed as necessary.

Warranty

Senecal Memorials will warranty the workmanship of the foundations for a period of fifty years from the date of completion. Senecal Memorials will warranty for 20 years the resetting of all the monuments removed to install new foundations. This warranty will consist of every layer of the monument removed and reinstalled with setting compound and/or epoxy. This warranty does not cover any part of the stone that could not be removed due to large pinning of the original setting. This warranty also does not cover incidental breakage or chipping of monuments due to their age and/or nature of the difficulty to remove some of the layers. This being said, Senecal Memorials will do everything within our control to remove and replace all monuments in a manner that would preserve their appearance and safety for many years to come.
