Secretary of State
INTRODUCTION

In compliance with section 94-b(5)(n) of the Executive Law, the Department of State (the “Department”) respectfully submits the following report on the activities of the Office for New Americans (the “ONA”). This report covers the period from ONA’s inception through December 31, 2015.

HISTORY OF THE OFFICE FOR NEW AMERICANS

In 2013, Governor Andrew M. Cuomo and the New York State Legislature established ONA, recognizing the important contributions that newcomers can make to the State’s civic and economic life. In 2014, the Legislature enacted and the Governor signed into law Chapter 206 of the Laws of 2014, which laid out the powers and duties of ONA. ONA has the proud distinction of being the first state-level immigrant office created by statute in the United States.

OPPORTUNITY CENTER NETWORK

The cornerstone of ONA’s effort is a network of 27 neighborhood-based Opportunity Centers, which are located throughout the State (for a list of ONA Opportunity Center locations, please see the Appendix to this Report or visit the ONA website at [www.newamericans.ny.gov](http://www.newamericans.ny.gov)). The Opportunity Centers are hosted within existing culturally competent, language-accessible, community-based organizations. Each Opportunity Center provides new Americans with English-for-Speakers-of-Other-Languages (ESOL) training, prepares them for the United States citizenship exam, and provides instruction on how to start a new, or grow an existing, business. The network of ONA Opportunity Centers is supported by four legal counsels, each of whom is an expert in immigration law. Each legal counsel is assigned to specific Opportunity Centers in a region of the State, allowing the program to maximize its outreach to new Americans. The ONA Legal Counsels review U.S. naturalization applications, oversee citizenship drives at ONA Opportunity Centers, hold immigration law consultation days, and support the State’s effort to respond to changes in Federal immigration policy. The Opportunity Center network is also supported by an information hotline. Since its inception, the Opportunity Center network served more than 110,000 new Americans (see Table 1, below).

Opportunity Centers

During the reporting period, the Opportunity Centers provided services to 15,999 new Americans, which brings the three-year total to 42,725. A breakdown by region is contained in Figures 1 and 2. In addition to their primary functions set forth above, Opportunity Centers also connect new Americans to additional opportunities, including job training, interview skills training, resume writing workshops, and professional networking opportunities.

The network has transformed the traditional delivery of immigrant integration services by blending technology into the learning environment. ESOL instruction has been dramatically advanced by combining tablet and technological instruction with listening, reading, writing, and speaking activities. Each Opportunity Center uses CitizenshipWorks, a new software program that simplifies the naturalization process.

New York State New Americans Hotline and Website

As noted above, the Opportunity Center network is supported by a toll-free, multi-lingual telephone hotline, which provides live assistance in more than 200 languages and operates from 9AM to 8PM (ET), Monday through Friday (excluding Federal holidays). The hotline responds to general immigration and naturalization questions and provides referrals to other public and private immigrant-related programs including the Opportunity Centers. It also acts as a resource to coordinate immigration assistance fraud complaints. The New York State New Americans hotline number is 1-800-566-7636. During the reporting period, the hotline rendered general assistance to 22,365 new Americans, which brings the three-year total to 68,020. The hotline is operated by Catholic Charities of the Archdiocese of New York. A breakdown of calls by quarter is contained in Figure 3.

ONA is also supported by a dedicated website, www.newamericans.ny.gov. Through the website, new Americans can locate their nearest Opportunity Centers and find out additional information about the immigrant integration services available in their community.
IMMIGRATION FRAUD CAMPAIGN

In 2015, the State launched a comprehensive initiative to protect immigrants from immigration-related fraud and exploitation. The initiative includes:

- Launching a multilingual public service campaign warning immigrants against fraud;
- Signing legislation making it a felony to commit immigrant assistance services fraud (went into effect in February 2015);
- Expanding the New York State New Americans Hotline (800-566-7636) as a resource to coordinate immigration assistance fraud complaints, as well as offer service referrals;
- Helping local immigrant-serving not-for-profit agencies become federally-accredited to provide certain services by expanding free immigration law training;
- Strengthening enforcement against the unauthorized practice of immigration law by enhancing coordination via the ONA-led Protecting Immigrant New Yorkers Taskforce between the Attorney General, District Attorneys’ offices, local government consumer affairs departments and federal agencies through complaint referrals; and
- Issuing a resource guide with the community for local governments and law enforcement to better understand the issue and protect immigrant from this fraud (http://voicesofny.org/2016/02/a-new-guide-to-help-fight-immigration-fraud)

FREE ESOL TRAINING VIA MOBILE PHONES

On April 27, 2015, the New York State Office for New Americans launched a pilot program to provide free English-language training via mobile phones to hundreds of immigrants in New York State, who may lack regular access to a classroom, a computer or the Internet. Learners gain access to self-paced audio and text lessons through their personal cell phones. The program initially reached farm workers in several areas: the “dairy belt” in both the Finger Lakes and North Country regions, and downstate in the Hudson Valley and New York City where immigrants face transportation challenges.

REQUEST FOR APPLICATIONS

In July 2015, ONA released a new Request for Applications (RFA) to find partners for its signature Opportunity Centers and Legal Counsel Programs. The new RFA improved the structure of the programs and expands services being offered to the public. This new structure builds on the experience of the first three years of operations.

FIRST NATURALIZATION CEREMONY AT THE NEW YORK STATE FAIR

On August 28, 2015, the federal government, the New York State Office for New Americans, and the New York State Fair designated a New Americans Day at the 2015 Great New York State Fair. The day was marked with a special naturalization ceremony, cultural performances celebrating the rich diversity of New York State, and culinary specialties from around the world. This is the first time a naturalization ceremony was held at the State Fair. More than 100 New Yorkers became U.S. Citizens at the ceremony.
CONCLUSION

By the end of 2015, more than 110,000 immigrants from across the State had been assisted through ONA. ONA will continue to assist the many newcomers eager to contribute to the State’s economy and become a vibrant part of our society. Working vigilantly, ONA will continue to work to protect new Americans as they transition to full participation in New York’s communities by addressing the issue of immigrant services fraud.
