If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after expiration of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

ERRATUM

A Notice of Adoption pertaining to Conditional Adult-Use Retail Dispensary, Addition of Part 116 to Title 19 NYCRR, published in the August 3, 2022 issue of the State Register, I.D. No. OCM-13-22-2022-A, included a Summary of Assessment of Public Comment that incorrectly indicated that the proposed regulations do not insist upon applicants to use New York Social Equity Cannabis Investment Fund locations and provide for the allowance of an applicant to provide their own location that complies with the proposed regulations. Instead, as correctly indicated in the Complete Text of the Assessment of Public Comment posted at cannabis.ny.gov, the published Summary of Assessment of Public Comment should have indicated that when possible, licensees will be assigned to locations that match their preferences, including locations from the New York Social Equity Cannabis Investment Fund. The Board and Office are working with the New York Social Equity Cannabis Investment Fund to ensure that the location assignments are a benefit to all applicants to ensure their success. The Complete Text of the Assessment of Public Comment may be obtained from Diana Yang, Office of Cannabis Management, Building 9, Harriman Campus, 1220 Washington Ave., Albany, NY 12226, (888) 626-5151, email: regulations@ocm.ny.gov

I.D. No. PSC-34-22-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by the New York State Energy Research and Development Authority seeking authorization of the funds to cover the costs and fees needed to administer the Clean Energy Standard.

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 66(2), 66-p; New York Energy Law, section 6-104(5)(b)

Subject: Clean Energy Standard administration.

Purpose: To authorize the funding necessary for continued implementation of the Clean Energy Standard.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition (Petition), filed on July 29, 2022 by the New York State Energy Research and Development Authority (NYSERDA), seeking authorization of the funds to cover NYSEDA's costs and fees needed to administer the Clean Energy Standard (CES), including the Renewable Energy Standard Tier 1, Tier 2, Tier 4, Offshore Wind (OSW)

programs, and the Zero-Emission Credit Requirement (ZECR) program (also referred to as Tier 3) for the 2023 Compliance Year.

Specifically, NYSERDA is proposing an administrative budget of \$38,847,491 for the CES 2023 Compliance Year, which would include staff direct and indirect salaries, fringe benefits, and other direct program operating costs and general administrative expenses. This represents an increase of approximately 29% from the 2022 budget of \$30,209,000. The proposed budget includes an additional 19 new full-time employee positions to manage the increased workload of CES projects in active development, including the tasks of procurement, contract negotiations and management, settlement, analysis and transmission infrastructure development. NYSERDA plans to onboard 15.75 FTEs during 2023 and the remainder of 3.25 in 2024. NYSERDA states that its budget request is supported by the fact that staffing levels have not kept pace with the increase in both its workload and the complexity of programs it administers. The petition states that CES procurement volumes for renewable energy certificates (RECs) and offshore wind RECs (ORECs) will continue to increase substantially and require significant new efforts over of the next several years to advance the timely and responsible achievement of the State's climate goals. The petition also states that NYSERDA will be taking a more active role in planning and development regarding awarded projects. NYSERDA notes that the number of CES contracts in active management is expected to exceed 170 by 2025 from approximately 100 contracts under NYSERDA management at present.

NYSERDA proposes to fund its administration of the 2023 Tier 1, Tier 2, Tier 4, and OSW programs with revenues received in previous years including bid fees, forfeited contract security funds, alternative compliance payments (ACPs), and interest income. The petition states that NYSERDA expects to end the calendar year 2022 with an approximate cumulative surplus of \$47 million to mitigate the ratepayer impact of CES program costs for 2023. For the ZECR program, NYSERDA proposes to continue to fund its administration of the ZECR program through a ZEC adder.

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal filed by the New York Municipal Power Agency to update the pole attachment proxy rates used by its municipal utility members in P.S.C. No. 1—Electricity.

Statutory authority: Public Service Law, sections 65, 66 and 119-a

NYMPA members offer electric service under NYMPA's collective tariff and their individual supplemental tariffs. ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
