Rule Review

Executive Orders

State agencies must specify in each notice which proposes a rule the last date on which they will accept public comment. Agencies must always accept public comment: for a minimum of 60 days following publication in the *Register* of a Notice of Proposed Rule Making, or a Notice of Emergency Adoption and Proposed Rule Making; and for 45 days after publication of a Notice of Revised Rule Making, or a Notice of Emergency Adoption and Revised Rule Making in the *Register*. When a public hearing is required by statute, the hearing cannot be held until 60 days after publication of the notice, and comments must be accepted for at least 5 days after the last required hearing. When the public comment period ends on a Saturday, Sunday or legal holiday, agencies must accept comment through the close of business on the next succeeding workday.

For notices published in this issue:

- the 60-day period expires on April 9, 2023
- the 45-day period expires on March 25, 2023
- the 30-day period expires on March 10, 2023

Be a part of the rule making process!

The public is encouraged to comment on any of the proposed rules appearing in this issue. Comments must be made in writing and must be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address are printed in the notice of rule making. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (www.dos.ny.gov) may send public comment via electronic mail to those recipients who provide an e-mail address in Notices of Proposed Rule Making. This includes Proposed, Emergency Proposed, Revised Proposed and Emergency Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The law provides for a minimum 60-day public comment period after publication in the *Register* of every Notice of Proposed Rule Making, and a 45-day public comment period for every Notice of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after expiration of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

- AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
- E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

State Board of Elections

EMERGENCY/PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Provides for Adjustment of Campaign Finance Limits Resulting from Changes in the Consumer Price Index

I.D. No. SBE-06-23-00012-EP

Filing No. 88

Filing Date: 2023-01-24

Effective Date: 2023-01-24

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Proposed Action: Repeal of Part 6214; addition of new Part 6214 to Title 9 NYCRR.

Statutory authority: Election Law, sections 14-114(1)(e), 3-102(1) and (17)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The Commissioners determined that it is necessary for the preservation of the general welfare that this amendment be adopted on an emergency basis as authorized by section 202(6) of the State Administrative Procedure Act, effective immediately upon filing with the Department of State. This amendment is adopted as an emergency measure because time is of the essence and to adopt the regulation in the normal course of business would be contrary to the general welfare. Election Law § 14-114(e) requires the adjustment of certain campaign contribution limits by February 1 of each fourth calendar year, and such action cannot be taken until the publication of the December 2022 CPI which occurred on or about January 17, 2023. Contribution limits prescribed by law are integral to the orderly unfolding of the elections process consistent with law.

Subject: Provides for adjustment of campaign finance limits resulting from changes in the consumer price index.

Purpose: To adopt regulation specifically required by Election Law 14-114(e).

Text of emergency/proposed rule: The current Part 6214 is repealed and a new Part 6214 is adopted to read as follows:

6214. Campaign contribution limit consumer price index adjustment.

Pursuant to Election Law § 14-114(1)(a), the New York State Board of Elections is required to adjust the annual contribution limit for political party committees in accordance with changes in the consumer price index.

The following limit will apply to political party committee campaign contributions until such time as the State Board of Elections adjusts the limits to reflect changes in the consumer price index in accordance with the Election Law:

Previous Limit: \$117,300.00

Current Limit: \$138,600.00

This notice is intended: to serve as both a notice of emergency adoption and a notice of proposed rule making. The emergency rule will expire April 23, 2023.

Text of rule and any required statements and analyses may be obtained from: Brian L. Quail, Esq., New York State Board of Elections, 40 North Pearl Street, Suite 5, Albany, New York 12207, (518) 474-8100, email: brian.quail@elections.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority: Election Law § 14-114(1)(e) requires “[a]t the beginning of each fourth calendar year, commencing in nineteen hundred ninety-five, the state board of elections shall determine the percentage difference between the most recent available monthly consumer price index ... and the consumer price index published for the same month four years previously.” The board is to then adjust the relevant contribution limits by the relevant percentage. This regulation makes the appropriate adjustment

and amends the regulation in accordance with amendments to Election Law § 14-114 which lowered certain contribution limits and ended CPI adjustments for those.

2. Legislative objectives: The legislative objective furthered by the proposed regulation is the establishment of a procedure for ensuring adjustment of contribution limits in accordance with changes in the CPI.

3. Needs and benefits: The regulation is needed to ensure the integrity of the election process to adjust contribution limits required by law.

4. Costs: No additional costs are anticipated for the State, agency, local governments or any regulated entity, as this regulation simply adjusts a contribution limit.

5. Local government mandates: The regulatory change places no mandate on any organ of local government.

6. Paperwork: This proposal imposes no new reporting or regulatory filing requirements.

7. Duplication: There is no jurisdictional duplication created by this rulemaking.

8. Alternatives: There is no alternative given the statutory requirements.

9. Federal standards: Not applicable.

10. Compliance schedule: Compliance can be immediate upon publication of the Emergency Adoption.

Regulatory Flexibility Analysis

When it is apparent from the nature and purpose of the rule will not have any economic impact on nor any regulatory implications for small business or local governments, the agency may file a Statement in Lieu of. This rulemaking, as is apparent from its nature and purpose, will not have an adverse impact on and imposes no regulatory burden on small businesses or local governments. The proposed amendment simply adjusts a contribution limit to conform to a statutory requirement that such limits be adjusted in line with changes in the consumer price index. This rulemaking imposes no regulatory burden on any facet of small business or local governments. Specifically, this rulemaking imposes no new reporting, record keeping nor any other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

Under SAPA 202-bb(4)(a), when a rule does not impose an adverse economic impact on rural areas and the agency finds it would not impose reporting, recordkeeping, or other compliance requirements on public or private entities in rural areas, the agency may file a Statement in Lieu of. This rule has statewide application, providing for an increase in the contribution limit for political parties. The limit is adjusted owing to a statutory requirement to change limits based on changes in the consumer price index. Accordingly, this rule has no differential nor adverse impact on rural areas.

Job Impact Statement

Under SAPA 201-a(2)(a), when it is apparent from the nature and purpose of the rule that it will not have a substantial adverse impact on jobs and employment opportunities, the agency may file a Statement in Lieu of. This rulemaking, as is apparent from its nature and purpose, will not have an adverse impact on jobs or employment opportunities. The proposed amendment simply adjusts a contribution limit to conform to a statutory requirement that such limits be adjusted in line with changes in the consumer price index. This rulemaking imposes no regulatory burden on any facet of job creation or employment.

Commission on Ethics and Lobbying in Government

EMERGENCY RULE MAKING

Adjudicatory Proceedings and Appeals Procedures for Matters Under the Commission’s Jurisdiction

I.D. No. ELG-45-22-00024-E

Filing No. 66

Filing Date: 2023-01-23

Effective Date: 2023-01-23

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 941 of Title 19 NYCRR.

Statutory authority: Executive Law, section 94(1)(a), (5)(a), (10) and (11)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The regulatory amendments are necessary to conform to the Ethics Commission Reform Act of 2022, L 2022, ch 56, § 1, Part QQ (“ECRA”) which established the Commission on Ethics and Lobbying in Government (“Commission”) as the agency responsible for administering, enforcing, and interpreting New York State’s ethics and lobbying laws. The regulatory amendments are necessary to facilitate the expeditious and efficient performance of the Commission’s investigative and enforcement duties as set forth in Section 94 of the Executive Law, the Commission’s enabling statute.

The emergency rule is necessary for the general welfare to enforce ethics laws that are critical matters of public interest. Therefore, upon Emergency Adoption, these amendments will take effect immediately.

Subject: Adjudicatory proceedings and appeals procedures for matters under the Commission’s jurisdiction.

Purpose: To conform Part 941 to the new Executive Law section 94 established by the Ethics Commission Reform Act of 2022.

Substance of emergency rule (Full text is posted at the following State website: <https://ethics.ny.gov/proposed-regulations-and-guidance>): The Emergency Re-Adoption amends 19 NYCRR Part 941 to conform the regulations governing the investigative and enforcement adjudicatory process to the new Section 94 of the Executive Law, as established by the Ethics Commission Reform Act of 2022.

Key changes in the law, as set forth in these amendments, provide that a Commission vote is no longer required to initiate an investigation. Instead, Commission staff or the Commission can decide to elevate a preliminary review into an investigation, and staff will present the matter to the Commission for a vote after it has investigated a potential violation(s) of the laws under the Commission’s jurisdiction. At that time, the Commission may vote to proceed to hearing, return the matter to staff for further investigation, close the matter or authorize resolution of the matter through guidance.

The regulatory amendments further conform to and clarify statutory changes relating to the various notices the Commission may send, which include a Notice of Allegations, Notice of Hearing, and Notice of Closure, Continued Investigation or Guidance, and the requirements of such notices.

Furthermore, this rulemaking clarifies provisions relating to the conduct of hearings and authority of hearing officers and the attorneys for the parties to issue hearing subpoenas.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. ELG-45-22-00024-EP, Issue of November 9, 2022. The emergency rule will expire March 23, 2023.

Text of rule and any required statements and analyses may be obtained from: Megan Mutolo, Commission on Ethics and Lobbying in Government, 540 Broadway, Albany NY 12207, (518) 408-3976, email: megan.mutolo@ethics.ny.gov

Regulatory Impact Statement

1. Statutory Authority: Executive Law § 94(1)(a) provides the Commission on Ethics and Lobbying in Government (“Commission”) with the responsibility to administer, enforce and interpret New York State’s ethics and lobbying laws, and Subsection 94(5)(a)(i) and (ii) authorize the Commission to adopt, amend and rescind any rules and regulations pertaining to the statutes within its jurisdiction and to adopt, amend and rescind any procedures of the Commission, including procedures for investigations and enforcement. Section 94(10) further authorizes the Commission to adopt rules governing the conduct of adjudicatory proceedings and appeals. In addition, Part 941 sets forth rules for adjudicatory proceedings and appeals relating to potential violations of the laws that fall within the Commission’s jurisdiction, including investigatory matters conducted pursuant to and in accordance with Executive Law § 94(10) and (11).

2. Legislative Objectives: To set forth procedures regarding the conduct of preliminary reviews and investigations in conjunction with adjudicatory proceedings and appeals for matters arising under the Commission’s jurisdiction, as set forth in Section 94 of the Executive Law.

3. Needs and Benefits: This Emergency Re-Adoption amends 19 NYCRR Part 941 to conform to new Section 94 of the Executive Law, established by the Ethics Commission Reform Act of 2022, relating to the Commission’s investigative and enforcement process.

4. Costs:

a. Costs to regulated parties for implementation and compliance: Minimal.

b. Costs to the agency, State and local governments for the implementation and continuation of the rule: No costs to such entities.

c. Cost information is based on the fact that there will be minimal costs to regulated parties and state and local government for training staff on changes to the requirements. The cost to the agency is based on the estimated slight increase in staff resources to implement the regulations.

5. Local Government Mandates: The Emergency Re-Adoption and Proposed Rule does not impose new programs, services, duties or responsibilities upon any county, city, town, village, school district, fire district or other special district.

6. Paperwork: This regulation may require the preparation of additional forms or paperwork. Such additional paperwork is expected to be minimal.

7. Duplication: This regulation does not duplicate any existing federal, state or local regulations.

8. Alternatives: Section 94(10)(o) of the Executive law imposes an affirmative duty on the Commission to adopt rules governing the conduct of adjudicatory proceedings and appeals. Therefore, there is no alternative to amending the Commission’s existing regulation if the Commission changes its procedures.

9. Federal Standards: This regulation does not exceed any minimum standards of the federal government with regard to a similar subject area.

10. Compliance Schedule: Compliance with the emergency regulation will take effect on the date it is filed with the Department of State. The Proposed Rulemaking will take effect upon adoption.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Emergency Re-Adoption because the rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of these entities for compliance purposes. The Commission on Ethics and Lobbying in Government makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Emergency Re-Adoption because the rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of rural areas. The Commission on Ethics and Lobbying in Government makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities. Rural areas are not affected.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Emergency Re-Adoption because the proposed rulemaking will have limited, if any, impact on jobs or employment opportunities. This regulation implements current law and, therefore, imposes no new requirements. This regulation does not relate to job or employment opportunities.

Statutory authority: Banking Law, sections 9-d, 10, 14, 28-b; Financial Services Law, sections 102, 201, 202, 301, 302; Executive Law, section 296-a

Subject: Compliance With Community Reinvestment Act Requirements.

Purpose: To provide new rules concerning data collection on extension of credit to women-owned and minority-owned businesses.

Substance of final rule: The Department of Financial Services (“Department”) provides this description of the subject, purpose, and substance of the amendment to 3 NYCRR Part 76 in accordance with State Administrative Procedure Act § 202(5)(c)(ii). The full text of the amended rule is available at: https://www.dfs.ny.gov/industry_guidance/regulations/final_adoptions_banking.

The Department issued a Notice of Proposed Rule Making on November 3, 2021, and a Notice of Revised Rule Making on October 26, 2022, which extended the rule making for 90 days beyond its original expiration date.

This amendment to the implementing regulations of the New York State Community Reinvestment Act (“CRA”), New York Banking Law (“BL”) § 28-b, will enable the Department to perform a new statutory obligation under the CRA. A recent amendment to BL § 28-b requires the Superintendent of Financial Services to evaluate covered institutions’ performance according to a new criterion: the extent to which they offer and provide credit and technical assistance programs to minority- and women-owned businesses (“MWOBs”). See L.2019, c. 264, BL § 28-b(3)(a)(8)-(a)(9). Existing regulations provide for the collection and submission of data necessary for evaluation of covered institutions according to pre-amendment criteria, but the Department does not have an existing source of information with which to perform the newly required assessment. Therefore, the Department has amended 3 NYCRR Part 76, including adding a new § 76.16, that provides for the collection of necessary data and submission of that data to the Department by covered banking institutions. Following review of comments on the proposed amendment, the Department revised its proposal. The Department now adopts that revised proposal with minimal modifications based on additional comments received during the comment period for the revised proposal.

New Section 76.16 constitutes the largest element of the amendment, including establishing how covered banking institutions should solicit, collect, store, and report the information relating to their provision of credit to MWOBs, for example, when requests for information should be made, the right of a credit applicant to refuse to offer information in response to such requests, that the information provided may not be used for any discriminatory purpose, that to the extent feasible, underwriters should not have access to the information provided, the length of time the information gathered must be preserved by the covered institution, and alternative methods of compliance.

In response to comments requesting clarity on whether the disclosures required under § 76.16(b)(2) relating to prohibited uses of information collected by institutions pursuant to the amended rule may be provided to the applicant orally when the applicant applies for a loan over the telephone, the amended rule now contains text explicitly allowing such disclosures to be made orally for applications made via telephone or another medium where the lender does otherwise provide any paper or electronic documents as part of the process.

The rule now contains clarifying text in § 76.16(f)(5) providing that when multiple applicants apply together for loan, such as for a joint venture, the banking institution should report data from each of the applicants. Also, § 76.16(j)(2), which provides an additional three months beyond the general compliance period for compliance with § 76.16(d)(1), has been revised to clarify that the three-month period follows the general six-month compliance period established in § 76.16(j)(1).

The amended rule also contains the previously proposed conforming changes to other sections of Part 76, such as updates to certain addresses and government office names that have changed since the relevant provisions were adopted or were last amended, and removal of outdated references to the New York State Banking Department, a predecessor agency to the Department of Financial Services.

Final rule as compared with last published rule: Nonsubstantial changes were made in section 76.16.

Revised rule making(s) were previously published in the State Register on October 26, 2022.

Text of rule and any required statements and analyses may be obtained from: George Bogdan, Esq., Department of Financial Services, 1 State Street, New York, NY 10004, (212) 480-4758, email: george.bogdan@dfs.ny.gov

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement are not required for the adoption of the amendment because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2026, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

In response to its Notice of Proposed Rulemaking published October 26, 2022, the Department of Financial Services (“Department”) received comments from three entities, including two industry organizations and a community organization association. The Department is providing this assessment of public comment in accordance with SAPA § 202(5)(c)(vii).

(1) Comment: Two industry organizations urged the Department to extend the compliance deadline for the requirements of the new § 76.16 from six months to eighteen months and thirty-six months, respectively, to give banks sufficient time to implement these requirements, as well as to align the compliance deadline with any deadlines that may be prescribed in the Consumer Financial Protection Bureau’s (“CFPB”) yet-to-be published final rule implementing the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank”) § 1071 (“1071 Regulation”), expected to be adopted in 2023. One of those organizations also advocated that the Department delay any rulemaking implementing statutory Community Reinvestment Act (“CRA”) revisions until the implementation of the 1071 Regulation.

Response: It is not clear at this time when the 1071 Regulation will take effect, and the Department has a statutory mandate with which it must comply.

(2) Comment: A community organization association advocated that the Department begin considering data on lending to minority- and women-owned business (“MWOB”) as part of CRA evaluations immediately, but only with respect to loans currently considered under the CRA, until the 1071 Regulation takes effect.

Response: Even though covered banking institutions already report certain loan information to the Department pursuant to current CRA evaluation rules, that those banks are not collecting data on whether those loans are being made to MWOBs in accordance with a statutory or regulatory framework. The Department believes that any determinations of how well a covered banking institution is lending to MWOBs should be made based on data collected and reported in accordance with standards set by regulation.

(3) Comment: Two industry organizations requested that the Department clarify provisions in § 76.16 to address circumstances where multiple applicants jointly apply for a single loan, such as for a joint venture.

Response: The final rule clarifies in § 76.16(f)(6) that a banking institution should obtain information pursuant to § 76.16 for all entities participating in the application.

(4) Comment: One industry organization urged the Department to clarify how telephone applications would be treated under the final rule, and another specifically asked whether the disclosures required under § 76.16(b)(2) may be orally provided to the applicant when the applicant applies for a loan over the telephone.

Response: The final rule amends § 76.16(b)(2) to allow for disclosures to be made orally for applications made via telephone or another medium that does not involve providing any paper or electronic documents.

(5) Comment: A community organization association urged the Department to identify other ways to explicitly incorporate race into the Department’s CRA evaluations consistent with the original purpose and intent of the Community Reinvestment Act as a tool to combat race-based discrimination in lending.

Response: The current rulemaking reflects the efforts of the Department to implement certain statutory amendments to the New York State CRA, and consequently broader reforms to the CRA regulation are outside the scope of the current rulemaking.

(6) Comment: One industry group asked whether collected data would be made public, and a community organization association requested that the Department make public the data obtained pursuant to § 76.16.

Response: The Department does not anticipate changing its current practice with respect to the publication of data obtained through CRA evaluations. In accordance with applicable law, DFS does not publish any confidential supervisory information, personally identifiable information, or otherwise legally protected information obtained through the CRA evaluation process but does include aggregated lending totals in the CRA evaluation report which is public. The Department may publish aggregate data gathered pursuant to the amended rule, but it has not finalized the form and manner in which it would do so.

(7) Comment: A community organization association raised a concern that the complexity of some of the data points required to be collected under the revised proposal, including pricing data for the credit requested, could delay implementation of the rule.

Response: The Department believes that the data points referenced in the comment are already collected by covered banking institutions in the ordinary course of business and thus will not delay implementation of the final rule.

(8) Comment: A community organization association requested a data collection form for certain data collection required by the rule, such as information on the applicant’s business and the loan requested, in addition

to the sample demographic information collection form included in the Department's prior proposal as Appendix A to Part 76.

Response: The Department may provide additional guidance or sample forms regarding application data. However, the Department expects that most if not all covered banking institutions already have systems in place to collect this information, so there is less of a need for a form like Appendix A, which is intended to assist covered banking institutions in collecting data they heretofore have not collected.

(9) Comment: A community organization association noted that some demographic groups prominent in New York State are not listed in the disaggregated categories included in the sample data collection form in Appendix A.

Response: The disaggregated categories in Appendix A are the same as those that banks and other mortgage lenders already use for collecting data pursuant to the Home Mortgage Disclosure Act ("HMDA"). The Department believes alignment with HMDA data in this respect will eliminate a requirement on covered banking institutions for duplicative but slightly different data collection regimes. However, Appendix A also provides a blank for adding categories not listed.

(10) Comment: A community organization association advocated that the Department match the CFPB's rule in the proposed 1071 Regulation in allowing a banking institution to use visual observation or surname to make race or ethnicity determinations for principal owners.

Response: Although the Department has strived to minimize differences between its rule and the CFPB's proposed 1071 Regulation, the Department has concerns that allowing banks to make their own determinations about the race and ethnicity of the principal owners of their business credit applicants carries the risk of unintended negative consequences without yielding superior data quality.

(11) Comment: Two industry organizations requested that the Department issue additional guidance regarding compliance and enforcement standards applicable to the new requirements, including how the data collected will be used as part of CRA evaluations and whether loans to out-of-state MWOBs would be affected.

Response: The Department expects to offer additional guidance as necessary regarding the requirements of the final rule and any changes to CRA evaluation procedures. However, the final rule does not change the Department's current practice of evaluating only activity within the assessment area set by the covered banking institution.

(12) Comment: An industry group asked the Department to confirm that data collection requirements would not apply to applicants not principally based in or doing business in New York.

Response: As is the current practice, covered banking institutions will be required to provide data only for activity within the institution's assessment area.

(13) Comment: One industry group requested clarification about whether farms are considered a business under the rule.

Response: Section 28-b of the Banking Law expressly refers to minority- and women-owned businesses, and § 28-b refers to small businesses and small farms separately in lists of types of credit applicants. Consequently, a farm will not be considered a business under the final rule.

(14) Comment: One industry group asked for clarity on the scope of a reportable loan, given potential concerns about violating Regulation B.

Response: The Department believes that the universe of reportable loans (and applications) is sufficiently clarified in the final rule at § 76.16(b). Regulation B provides that a lender may collect race, ethnicity, and sex data from an applicant or other person in connection with a credit transaction to comply with state regulations.

(15) Comment: One industry group asked for clarity regarding the requirements for data collection and reporting of technical assistance programs for MWOBs.

Response: The Department expects to consider technical assistance programs for MWOBs as community development services evaluated as part of the service test set forth in 3 NYCRR § 76.10. The Department will provide further guidance as necessary regarding specific data that covered banking institutions should collect regarding technical assistance programs.

(16) Comment: One industry group asked whether demographic information regarding the principal owners' sex must be collected.

Response: No. Section 76.16(f)(2) does not require the collection of information on the sex of each principal owner. However, § 76.16(f)(2)(xvi) does require the collection of information on whether the applicant is a women-owned business. The sample data collection form in Appendix A is aligned with these requirements.

(17) Comment: One industry group noted that § 76.16(f)(4) permits banking institutions, in some circumstances, to reuse previously collected data and asked whether generally required disclosures must be re-disclosed in those circumstances.

Response: Section 76.16(f)(4) has been revised to clarify that covered

institutions are not required to restate previous disclosures in such circumstances.

(18) Comment: One industry group asked for clarification relating to the six-year retention requirement in § 76.16(g) and how this requirement relates to the record retention requirement of Regulation B.

Response: The record retention requirements of § 76.16(g) do not conflict with record retention requirements of Regulation B, which imposes a shorter retention period but does not mandate destruction of records.

(19) Comment: One industry group asked for the Department to provide a safe harbor for covered banking institutions' determinations as to the feasibility of ensuring that loan underwriters do not have access to information provided under § 76.16(f). In the alternative, the industry group, as well as a community organization association, requested additional guidance regarding when such determinations are appropriate.

Response: The language in the Department's final rule mirrors the language in the most recent proposed 1071 Regulation. The Department anticipates that banking institutions will make good-faith determinations of when it is not feasible to prevent underwriters from having access to the demographic information provided pursuant to § 76.16(f) without the need for a safe harbor provision. However, for additional information, the Department's Assessment of Public Comment for the prior proposed revision to Part 76, dated October 26, 2022, includes a more detailed discussion of the "where feasible" language in the proposed 1071 Regulation.

(20) Comment: An industry group requested that the Department confirm that there will be no regularly scheduled information submission requirement regarding the information obtained pursuant to § 76.16(f).

Response: The Department does not anticipate any regularly scheduled information submission requests regarding the information gathered pursuant to § 76.16(f) outside the normal CRA evaluation schedule. The Department also expects to rely in part on information made public by the CFPB pursuant to the 1071 Regulation, once it is in effect. In addition, the Department plans to request information from covered banking institutions directly as part of CRA evaluations.

(21) Comment: A community association organization asked whether merchant cash advances would count as credit under § 76.16.

Response: Section 76.16(f)(2)(xv)(E) provides that covered institutions must report information on merchant cash advances. Although the Department understands that the merchant cash advance market is generally dominated by non-depository lenders not subject to the Community Reinvestment Act, if a covered institution is offering such products, it will be required to report on them under the new rule.

Department of Health

EMERGENCY RULE MAKING

Investigation of Communicable Disease

I.D. No. HLT-06-23-00010-E

Filing No. 85

Filing Date: 2023-01-24

Effective Date: 2023-01-24

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 2, section 405.3; addition of section 58-1.14 to Title 10 NYCRR.

Statutory authority: Public Health Law, sections 225, 576 and 2803

Finding of necessity for emergency rule: Preservation of public health.

Specific reasons underlying the finding of necessity: Where compliance with routine administrative procedures would be contrary to public interest, the State Administrative Procedure Act (SAPA) § 202(6) empowers state agencies to adopt emergency regulations necessary for the preservation of public health, safety, or general welfare. In this case, compliance with SAPA for filing of this regulation on a non-emergency basis, including the requirement for a period of time for public comment, cannot be met because to do so would be detrimental to the health and safety of the general public.

New York continues to experience significant community levels of COVID-19 disease with very densely populated areas at “high” and many highly populated counties at “medium.” New York still has a 7-day average of over 3,400 cases per day, and over 2,700 people in the hospital affected by COVID each day. Regrettably, New York still averages 31 deaths per day associated with COVID-19.

Severe Acute Respiratory Syndrome Coronavirus -2 (SARS-CoV2) still mutates, although the current dominant strain is BQ1, a subvariant of Omicron, new more contagious variants continue to emerge, with CH1 the latest to emerge in New York and the country. The threat from emerging variants includes their unknown virulence affecting morbidity and mortality. It is also unknown how well existing vaccines or pharmacotherapeutics will protect against emerging variants.

New York is currently experiencing widespread Influenza cases and hospitalizations. Review of the Weekly Surveillance Report, week ending November 19, 2022 demonstrate this increase. Influenza, (Flu), has multiple strains, currently, in New York, Flu A, H3 strain is more common and has arrived much earlier than preceding years. Cases of Flu are increasing all over the state with largest increases currently in the Western Region. The increase of Flu, along with COVID and other respiratory viruses has presented undue stress on the health care system in the state.

New York is also addressing the impact of Ebola Virus Disease, Sudan strain and the impact on the country. New York is at higher risk, since although there are only 5 airports where individuals from the affected area arrive in the United States, two of these airports (JFK and Newark) are in the greater metropolitan New York area. At present, over 350 people have been screened and over 50 people are being monitored; however, there are currently no active cases.

Furthermore, as stated in the declaration of the State disaster emergency Executive Order 21, a polio outbreak has affected multiple counties in the State of New York, with one paralytic case and detections of genetically related virus in six counties, indicating circulation and transmission of the virus likely in hundreds of people.

The emergency regulations are needed to continue requiring clinical laboratories to report all test results, including negative and indeterminate results, for communicable diseases such as COVID-19, polio and Ebola; mandate hospitals to report syndromic surveillance data; and permit the Commissioner to direct hospitals to take patients during a disease outbreak such as COVID-19 or Ebola.

Based on the ongoing burden of multiple outbreaks seen across the state, the Department has determined that these regulations are necessary to promulgate on an emergency basis to control the spread of highly contagious communicable diseases in New York State. Accordingly, current circumstances necessitate immediate action, and pursuant to the State Administrative Procedure Act Section 206(6), a delay in the issuance of these emergency regulations would be contrary to public interest.

Subject: Investigation of Communicable Disease.

Purpose: Control of communicable disease.

Text of emergency rule: Subdivision (a) of section 2.1 is amended to read as follows:

(a) When used in the Public Health Law and in this Chapter, the term infectious, contagious or communicable disease, shall be held to include the following diseases and any other disease which the commissioner, in the reasonable exercise of his or her medical judgment, determines to be communicable, rapidly emergent or a significant threat to public health, provided that the disease which is added to this list solely by the commissioner’s authority shall remain on the list only if confirmed by the Public Health and Health Planning Council at its next scheduled meeting:

* * *

[Monkeypox] Mpox

* * *

Section 2.5 is amended to read as follows:

A physician in attendance on a person affected with or suspected of being affected with any of the diseases mentioned in this section shall submit to an approved laboratory, or to the laboratory of the State Department of

Health, for examination of such specimens as may be designated by the State Commissioner of Health, together with data concerning the history and clinical manifestations pertinent to the examination:

* * *

[Monkeypox] Mpox

* * *

Section 2.6 is repealed and replaced as follows:

2.6 Investigations and Response Activities.

(a) Except where other procedures are specifically provided in law, every local health authority, either personally or through a qualified representative, shall immediately upon receiving a report of a case, suspected case, outbreak, or unusual disease, investigate the circumstances of such report at any and all public and private places in which the local health authority has reason to believe, based on epidemiological or other relevant information available, that such places are associated with such disease. Such investigations and response activities shall, consistent with any direction that the State Commissioner of Health may issue:

- (1) Verify the existence of a disease or condition;
- (2) Ascertain the source of the disease-causing agent or condition;
- (3) Identify unreported cases;

(4) Locate and evaluate contacts of cases and suspected cases, as well as those reasonably expected to have been exposed to the disease;

(5) Collect and submit, or cause to be collected or submitted, for laboratory examination such specimens as may furnish necessary or appropriate information for determining the source of disease, or to assist with diagnosis; and furnish or cause to be furnished with such specimens pertinent data on forms prescribed by the State Commissioner of Health, including but not limited to the history of cases, physical findings and details of the epidemiological investigation;

(6) With the training or assistance of the State Department of Health, examine the processes, structures, conditions, machines, apparatus, devices, equipment, records, and material within such places that may be relevant to the investigation of disease or condition;

(7) Instruct a responsible member of a household or entity, as applicable, to implement appropriate actions to prevent further spread of a disease; and

(8) Take any other steps to reduce morbidity and mortality that the local health authority determines to be appropriate.

(b) When a case or suspected case of a disease, condition, outbreak, or unusual disease occurs in any business, organization, institution, or private home, the person in charge of the business, organization, institution or the home owner, as well as any individuals or entities required to report pursuant to sections 2.10 and 2.12 of this Part, shall cooperate with the State Department of Health and local health authorities in the investigation of such disease, condition, outbreak, or unusual disease.

(c) Investigation Updates and Reports.

(1) Upon request of the State Department of Health, the local health authority shall submit updates and reports on outbreak investigations to the State Department of Health. The content, timeframe, and manner of submission of such updates shall be determined by the State Department of Health.

(2) The local health authority shall complete investigation reports of outbreaks within 30 days of the conclusion of the investigation in a manner prescribed by the State Commissioner of Health, unless the State Commissioner of Health prescribes a different time period.

(d) Commissioner authority to lead investigation and response activities.

(1) The State Commissioner of Health may elect to lead investigation and response activities where:

(i) Residents of multiple jurisdictions within the State are affected by an outbreak of a reportable disease, condition, or unusual disease; or

(ii) Residents in a jurisdiction or jurisdictions within the State and in another state or states are affected by an outbreak of a reportable disease, condition, or unusual disease; or

(iii) An outbreak of an unusual disease or a reportable disease or condition involves a single jurisdiction with the high potential for statewide impact.

(2) Where the State Commissioner of Health elects to lead investigation and response activities pursuant to paragraph (1) of this subdivision, local health authorities shall take all reasonable steps to assist in such investigation and response, including supply of personnel, equipment or information. Provided further that the local health authority shall take any such action as the State Commissioner of Health deems appropriate and that is within the jurisdiction of the local health authority. Any continued investigation or response by the local health authority shall be solely pur-

suant to the direction of the State Commissioner of Health, and the State Commissioner of Health shall have access to any investigative materials which were heretofore created by the local health authority.

Paragraph (11) of subdivision (d) of section 405.3 is amended, paragraph (12) is renumbered paragraph (13), and a new paragraph (12) is added, to read as follows:

(d) Records and reports. Any information, records or documents provided to the department shall be subject to the applicable provisions of the Public Health Law, Mental Hygiene Law, Education Law, and the Public Officers Law in relation to disclosure. The hospital shall maintain and furnish to the Department of Health, immediately upon written request, copies of all documents, including but not limited to:

* * *

(11) written minutes of each committee's proceedings. These minutes shall include at least the following:

- (i) attendance;
- (ii) date and duration of the meeting;
- (iii) synopsis of issues discussed and actions or recommendations made; [and]

(12) whenever the commissioner determines that there exists an outbreak of a highly contagious communicable disease pursuant to Part 2 of this Title or other public health emergency, such syndromic and disease surveillance data as the commissioner deems appropriate, which the hospital shall submit in the manner and form determined by the commissioner; and

(13) any record required to be kept by the provisions of this Part.

* * *

Section 405.3 is amended by adding a new subdivision (g) as follows:

(g) Whenever the commissioner determines that there exists an outbreak of a highly contagious communicable disease pursuant to Part 2 of this Title or other public health emergency, the commissioner may direct general hospitals, as defined in Article 28 of the public health law, and consistent with the federal Emergency Medical Treatment and Labor Act (EMTALA), to accept patients pursuant to such procedures and conditions as the commissioner may determine appropriate.

New section 58-1.14 is added to read as follows:

Section 58-1.14 Reporting of certain communicable diseases.

(a) The commissioner shall designate those communicable diseases, as defined by section 2.1 of the Sanitary Code, that require prompt action, and shall make available on the Department's website a list of such communicable diseases.

(b) Laboratories performing tests for screening, diagnosis or monitoring of communicable diseases requiring prompt action pursuant to subdivision (a) of this section, for New York State residents and/or New York State health care providers, shall:

(i) immediately report to the commissioner all positive results for such communicable diseases in a manner and format as prescribed by the commissioner; and

(ii) report all results, including positive, negative and indeterminate results, to the commissioner in a time and manner consistent with Public Health Law § 576-c.

This notice is intended to serve only as an emergency adoption, to be valid for 90 days or less. This rule expires April 23, 2023.

Text of rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Regulatory Impact Statement

Statutory Authority:

The statutory authority for the regulatory amendments to Part 2 of Title 10 of the Official Compilation of Codes, Rules and Regulations of the State of New York is Section 225 of the Public Health Law (PHL), which authorizes the Public Health and Health Planning Council (PHHPC), subject to the approval of the Commissioner of Health (Commissioner), to establish and amend the State Sanitary Code (SSC) provisions related to any matters affecting the security of life or health or the preservation and improvement of public health in the State of New York. Additionally, Section 2103 of the PHL requires all local health officers to report cases of communicable disease to the New York State Department of Health (Department).

The statutory authority for the proposed amendments to section 405.3 of Title 10 of the Official Compilation of Codes, Rules and Regulations of the State of New York is section 2803 of the PHL, which authorizes PHHPC to adopt and amend rules and regulations, subject to the approval of the Commissioner, to implement the purposes and provisions of PHL Article 28, and to establish minimum standards governing the operation of health care facilities.

The statutory authority for the proposed new section 58-1.14 of Title 10 of the Official Compilation of Codes, Rules and Regulations of the State of New York is section 576 of the PHL, which authorizes the Department to adopt regulations prescribing the requirements for the proper operation of a clinical laboratory, including the methods and the manner in which testing or analyses of samples shall be performed and reports submitted.

Legislative Objectives:

The legislative objective of PHL § 225 is, in part, to protect the public health by authorizing PHHPC, with the approval of the Commissioner, to amend the SSC to address public health issues related to communicable disease.

The legislative objective of PHL § 2803 includes, among other objectives, authorizing PHHPC, with the approval of the Commissioner, to adopt regulations concerning the operation of facilities licensed pursuant to Article 28 of the PHL, including general hospitals.

The legislative objective of PHL § 576 is, in part, to promote public health by establishing minimum standards for clinical laboratory testing and reporting of test results, including to the Department for purposes of taking prompt action to address outbreaks of disease.

Needs and Benefits:

These regulations update, clarify and strengthen the Department's authority as well as that of local health departments to take specific actions to monitor the spread of disease, including actions related to investigation and response to a disease outbreak.

The following is a summary of the amendments to the Department's regulations:

Part 2 Amendments:

- Amend sections 2.1 and 2.5 to reflect The World Health Organization's (WHO) decision to change the name of "monkeypox" to "Mpox" in an effort to reduce the stigma that monkeypox comes with and deal with possible misinformation falsely suggesting that monkeys are the main source of spreading the virus.

- Repeal and replace current section 2.6, related to investigations, to clarify existing local health department authority.

- Sets forth specific actions that local health departments must take to investigate a case, suspected case, outbreak, or unusual disease.

- Requires individuals and entities subject to a public health investigation to cooperate with the Department and local health departments.

- While the Department works collaboratively with local health departments on a variety of public health issues, including disease control, this regulation clarifies the authority for the Commissioner to lead disease investigation activities under certain circumstances (i.e., where there is potential for statewide impact, multiple jurisdictions impacted, or impact on one or more New York State jurisdictions and another state or states), while working collaboratively with impacted local health departments. In all other situations, local health departments retain the primary authority and responsibility to control communicable disease within their respective jurisdictions, with the Department providing assistance as needed.

- Codify in regulation the requirement that local health departments send reports to the Department during an outbreak.

Part 405 Amendments:

- Mandates hospitals to report syndromic surveillance data during an outbreak of a highly contagious communicable disease.

- Permits the Commissioner to direct hospitals to take patients during an outbreak of a highly contagious communicable disease, which is consistent with the federal Emergency Medical Treatment and Labor Act (EMTALA).

Part 58 Amendments:

- New section 58-1.14 added clarifying reporting requirements for certain communicable diseases.

- Requires the Commissioner to designate those communicable diseases that require prompt action, and to make available a list of such diseases on the State Department of Health website.

- Requires clinical laboratories to immediately report positive test results for communicable diseases identified as requiring prompt attention, in a manner and format identified by the Commissioner.

- Requires clinical laboratories to report all test results, including negative and indeterminate results, for communicable diseases identified as requiring prompt attention, via the Electronic Clinical Laboratory Reporting System (ECLRS).

Costs:

Costs to Regulated Parties:

Although there are costs associated with disease investigation and response for any outbreak, these regulations clarify and strengthen the existing authorities and responsibilities of local governments. As such, these regulations do not impose any substantial additional costs beyond what local health departments would incur in the absence of these regulations.

The requirement that hospitals submit syndromic surveillance reports when requested during an outbreak is not expected to result in any substantial costs. Hospitals are already regularly and voluntarily submit-

ting data to the Department, and nearly all of them submit such reports electronically. With regard to the Commissioner directing general hospitals to accept patients during an outbreak of a highly contagious communicable disease, hospitals are already required to adhere to the federal Emergency Medical Treatment and Labor Act (EMTALA). Accordingly, both of these proposed amendments will not impose any substantial additional cost to hospitals.

Clinical laboratories must already report communicable disease testing results using the ECLRS and must also immediately report communicable diseases pursuant to PHL § 2102. The regulation simply clarifies existing requirements and is not anticipated to impose any substantial additional costs beyond those costs that laboratories would incur in the absence of these regulations.

Costs to Local and State Governments:

Although there are costs associated with disease investigation and response for any outbreak, these regulations clarify and strengthen the existing authorities and responsibilities of local governments. As such, these regulations do not impose any substantial additional costs beyond what local health departments would incur in the absence of these regulations. Further, making explicit the Department's authority to lead investigation activities will result in increased coordination of resources, likely resulting in a cost-savings for State and local governments.

Any clinical laboratories operated by a local government must already report communicable disease testing results using the ECLRS and must also immediately report communicable diseases pursuant to PHL § 2102. The regulation simply clarifies existing requirements and is not anticipated to impose any substantial additional costs beyond those costs that laboratories would incur in the absence of these regulations.

Paperwork:

Some hospitals may be required to make additional syndromic surveillance reports that they are not already making. Otherwise, these regulations do not require any additional paperwork.

Local Government Mandates:

Under existing regulation, local health departments already have the authority and responsibility to take actions to control the spread of disease within their jurisdictions. The proposed amendments clarify these existing authorities and duties.

Duplication:

There is no duplication in existing State or federal law.

Alternatives:

The alternative would be to leave in place the current regulations on disease investigation. However, many of these regulatory provisions have not been updated in fifty years and should be modernized to ensure appropriate response to a disease outbreak, such as COVID-19.

Federal Standards:

States and local governments have primary authority for controlling disease within their respective jurisdictions. Accordingly, there are no federal statutes or regulations that apply to disease control within NYS.

Compliance Schedule:

These emergency regulations will become effective upon filing with the Department of State and will expire, unless renewed, 90 days from the date of filing. As the COVID-19 pandemic is consistently and rapidly changing, it is not possible to determine the expected duration of need at this point in time. The Department will continuously evaluate the expected duration of these emergency regulations throughout the aforementioned 90-day effective period in making determinations on the need for continuing this regulation on an emergency basis or issuing a notice of proposed rulemaking for permanent adoption. This notice does not constitute a notice of proposed or revised rule making for permanent adoption.

Regulatory Flexibility Analysis

Effect of Rule:

Under existing regulation, local health departments already have the authority and responsibility to take actions to control the spread of disease within their jurisdictions. The proposed amendments clarify these existing authorities and duties.

Compliance Requirements:

Under existing regulation, local health departments already have the authority and responsibility to take actions to control the spread of disease within their jurisdictions. The proposed amendments clarify these existing authorities and duties. With respect to mandating syndromic surveillance reporting during an outbreak of a highly infectious communicable disease, hospitals are already reporting syndromic surveillance data regularly and voluntarily.

With respect to clinical laboratories, they must already report communicable disease testing results using the ECLRS and must also immediately report communicable diseases pursuant to PHL § 2102. The regulation simply clarifies existing requirements and is not anticipated to impose any substantial additional costs beyond those costs that laboratories would incur in the absence of these regulations.

Professional Services:

It is not expected that any professional services will be needed to comply with this rule.

Compliance Costs:

Although there are costs associated with disease investigation and response for any outbreak, these regulations clarify and strengthen the existing authorities and responsibilities of local governments. As such, these regulations do not impose any substantial additional costs beyond what local health departments would incur in the absence of these regulations.

Further, making explicit the Department’s authority to lead investigation activities will result in increased coordination of resources, likely resulting in a cost-savings for State and local governments.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

As the proposed regulations largely clarify existing responsibility and duties among regulated entities and individuals, any adverse impacts are expected to be minimal. The Department, however, will work with regulated entities to ensure they are aware of the new regulations and have the information necessary to comply.

Small Business and Local Government Participation:

Due to the emergent nature of COVID-19, small business and local governments were not consulted. If these regulations are proposed for permanent adoption, all parties will have an opportunity provided comments during the notice and comment period.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

While this rule applies uniformly throughout the state, including rural areas, for the purposes of this Rural Area Flexibility Analysis (RAFA), “rural area” means areas of the state defined by Exec. Law § 481(7) (SAPA § 102(10)). Per Exec. Law § 481(7), rural areas are defined as “counties within the state having less than two hundred thousand population, and the municipalities, individuals, institutions, communities, and programs and such other entities or resources found therein. In counties of two hundred thousand or greater population ‘rural areas’ means towns with population densities of one hundred fifty persons or less per square mile, and the villages, individuals, institutions, communities, programs and such other entities or resources as are found therein.”

The following 44 counties have a population of less than 200,000 based upon 2020 United States Census data:

Allegany County	Greene County	Schoharie County
Cattaraugus County	Hamilton County	Schuyler County
Cayuga County	Herkimer County	Seneca County
Chautauqua County	Jefferson County	St. Lawrence County
Chemung County	Lewis County	Steuben County
Chenango County	Livingston County	Sullivan County
Clinton County	Madison County	Tioga County
Columbia County	Montgomery County	Tompkins County
Cortland County	Ontario County	Ulster County
Delaware County	Orleans County	Warren County
Essex County	Oswego County	Washington County
Franklin County	Otsego County	Wayne County
Fulton County	Putnam County	Wyoming County
Genesee County	Rensselaer County	Yates County
	Schenectady County	

The following counties of have population of 200,000 or greater, and towns with population densities of 150 person or fewer per square mile, based upon the United States Census estimated county populations for 2010:

Albany County	Monroe County	Orange County
Broome County	Niagara County	Saratoga County
Dutchess County	Oneida County	Suffolk County
Erie County	Onondaga County	

Reporting, Recordkeeping, and Other Compliance Requirements; and Professional Services:

As the proposed regulations largely clarify existing responsibilities and duties among regulated entities and individuals, no additional recordkeeping, compliance requirements, or professional services are expected. With respect to mandating syndromic surveillance reporting during an outbreak

of a highly infectious communicable disease, hospitals are already reporting syndromic surveillance data regularly and voluntarily. Additionally, the requirement for local health departments to continually report to the Department during an outbreak is historically a practice that already occurs. With respect to clinical laboratories, they must already report communicable disease testing results using the ECLRS and must also immediately report communicable diseases pursuant to PHL § 2102.

Costs:

As the proposed regulations largely clarify existing responsibility and duties among regulated entities and individuals, no initial or annual capital costs of compliance are expected above and beyond the cost of compliance for the requirements currently in Parts 2, 405 and 58.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

As the proposed regulations largely clarify existing responsibility and duties among regulated entities and individuals, any adverse impacts are expected to be minimal. The Department, however, will work with local health departments to ensure they are aware of the new regulations and have the information necessary to comply.

Rural Area Participation:

Due to the emergent nature of COVID-19, parties representing rural areas were not consulted. If these regulations are proposed for permanent adoption, all parties will have an opportunity provided comments during the notice and comment period.

Job Impact Statement

The Department of Health has determined that this regulatory change will not have a substantial adverse impact on jobs and employment, based upon its nature and purpose.

Phase 2 Utility Arrears Relief Program

I.D. No. PSC-25-22-00006-A

Filing Date: 2023-01-19

Effective Date: 2023-01-19

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 1/19/23, the PSC adopted an order approving the Phase 2 Utility Arrears Relief Program developed by the Energy Affordability Policy Working Group.

Statutory authority: Public Service Law, sections 4(1), 5(1), 65(1), (2), (3) and 66

Subject: Phase 2 Utility Arrears Relief Program.

Purpose: To approve the Phase 2 Utility Arrears Relief Program developed by the Energy Affordability Policy Working Group.

Substance of final rule: The Commission, on January 19, 2023, adopted an order approving the Phase 2 Utility Arrears Relief Program developed by the Energy Affordability Policy Working Group. Central Hudson Gas and Electric Corporation, Consolidated Edison Company of New York, Inc., National Fuel Gas Distribution Corporation, The Brooklyn Union Gas Company d/b/a National Grid NY, KeySpan Gas East Corporation d/b/a National Grid, Niagara Mohawk Power Corporation d/b/a National Grid, New York State Electric and Gas Corporation, Rochester Gas and Electric Corporation, and Orange & Rockland Utilities, Inc. (collectively, the Utilities) are directed to address arrears on (1) residential non-energy affordability program ratepayer accounts that did not receive a credit under the Commission's Phase 1 program, and (2) small-commercial ratepayer accounts, by issuing a one-time bill credit, with contemporaneous notice, to such customers to reduce or eliminate accrued arrears through May 1, 2022. These utilities shall process the Phase 2 Utility Arrears Relief Program credits within 90 days of the effective date of the order, provided that residential non-EAP customers who had their service disconnected for non-payment in 2022 shall be allowed the opportunity to have their service reinstated in order to receive a Phase 2 Utility Arrears Relief Program Credit through June 30, 2023. Prior to applying Phase 2 Utility Arrears Relief Program credits to customer accounts, and within 30 days of the effective date of the order, the utilities shall file a sworn attestation under penalty of perjury by the utility's Chief Operating Officer to identify and certify the accuracy of customers' arrears balances for (1) residential non-energy affordability program ratepayer accounts that did not receive a credit under the Commission's Phase 1 program, and (2) small-commercial ratepayer accounts, accrued through May 1, 2022. The utilities shall suspend residential service terminations for non-payment while arrears credits are applied to accounts through March 1, 2023, or 30 days after credits have been applied by the incumbent utility, whichever is later. Beginning March 1, 2023 and continuing on a monthly basis through August 31, 2023, the utilities and recovering funds under the Phase 2 Utility Arrears Relief program authorized by the order shall file reports on the disbursement of such funds including the total number of customer ac-

counts receiving arrears credits, and total dollars associated with arrears credits, with any and all reports and financial data filed pursuant to the order verified by the utility's Chief Operating Officer. The utilities shall file an annual arrears reduction report, beginning in 2024, no later than March 31 of each year on the costs (carrying charges) and recoveries of the Phase 2 arrears reduction program and address any reconciliations necessary, with any and all reports and financial data filed pursuant to the order verified by the utility's Chief Operating Officer. Such arrears reduction report shall also include the actual journal entries recorded by the utilities to account for the costs and recoveries during the previous year, and the receipt and usage if applicable of any additional federal, state, or other government funds appropriated or allocated for use to resolve customer arrears. The utilities shall file revised tariff leaves on not less than five days' notice to become effective, on a temporary basis, on February 1, 2023. Utilities that have proposed an uncollectible expense reconciliation mechanism in the context of this proceeding shall, no later than 30 days from the effective date of the order, make a filing describing their proposed reconciliation mechanism. At a minimum the filing shall include: (a) the period covered by the uncollectible reconciliation mechanism; (b) a recovery mechanism (e.g., surcharge or deferral), whereby if a surcharge mechanism is being proposed the utility should indicate whether it would be a separate surcharge or be included in an existing surcharge (e.g., Monthly Adjustment Clause) as well as whether the surcharge should be subject to a cap; (c) the proposed carrying cost rate on any deferred balances; and (d) the impact on prior period earnings resulting from an uncollectible reconciliation had such a reconciliation been in effect during the proposed reconciliation period. Further, the filing shall include the actual amount of any over/under recoveries (i.e., net write-offs versus base rate allowance) for the period of March 2020 through October 2022 and a forecast of the over/under recoveries for the period of November 2022 to the proposed reconciliation end date. The utilities are authorized to utilize the identified deferred economic development funds to mitigate the cost of the Phase 2 Utility Arrears Relief Program. Additionally, National Fuel Gas Distribution Corporation is authorized to utilize deferred low-income program costs to mitigate the cost of the Phase 2 Utility Arrears Relief Program. Any utilities that must update the allocation methodology following the implementation of a new billing system shall file by March 31, 2023, an estimated date by which the new billing system is expected to go live. Annually thereafter, these utilities shall provide an update on the status of the implementation of the new billing system, and when the allocation methodology would be updated. This reporting shall continue until December 31, 2032 if the allocation methodology is unchanged because the new billing system has not yet been implemented. The utilities shall, within 30 days of the effective date of the order, file confirmation that the revised deferred payment agreements and communications process have been implemented. The utilities shall, within 30 days of the effective date of the order, file their Phase 2 outreach and education plans, including information regarding payment assistance and DPAs, subject to the terms and conditions set forth in the order.

Development and Implementation of Telephone/cable Emergency Response Plans

I.D. No. PSC-37-22-00007-A

Filing Date: 2023-01-19

Effective Date: 2023-01-19

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 1/19/23, the PSC adopted a memorandum and resolution approving, as a final rule, amendments to 16 NYCRR Part 603, 890, and 896, regarding telephone corporations and cable television companies’ development and implementation of emergency response plans.

Statutory authority: Public Service Law, sections 91, 94(2), 211, 215, 216 and 224

Subject: Development and implementation of telephone/cable emergency response plans.

Purpose: To adopt the memorandum and resolution approving amendments to 16 NYCRR Part 603, 890, and 896.

Substance of final rule: The Commission, on January 19, 2023, adopted a memorandum and resolution approving, as a final rule, amendments to 16 NYCRR Part 603, 890, and 896 of the Official Compilation of Codes, Rules and Regulations of the State of New York, regarding telephone corporations and cable television companies’ development and implementation of emergency response plans in order to minimize service interruptions or failures due to, among other things, cable cuts, sudden increases in traffic, employee absences, fires, and severe storms and floods. The amendments seek to maintain, to the extent practicable and reasonable, continuous operation of service in the event of commercial power loss and look to improve upon telephone corporations and cable television companies’ preparedness and response to emergency events, including timely restoration of service to customers, as well as customer credits for service interruptions. For 2023, emergency contingency plans in accordance with Section 603.5(b)(1), Section 603.6(c)(1) and (2), 896.7(b)(1), and 896.8(c)(1) and (2) shall be required to be filed with the Commission on or before May 1, 2023. Thereafter, emergency contingency plans shall be required to be filed with the Commission on or before January 31 of each year in accordance with the regulations, subject to the terms and conditions set forth in the order.

Commercial EV Charging Demand-base Rate Structure Alternatives

I.D. No. PSC-40-22-00007-A

Filing Date: 2023-01-19

Effective Date: 2023-01-19

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 1/19/23, the PSC adopted an order establishing a framework for alternatives to traditional demand-based rate structures for Commercial Electric Vehicle (EV) Charging and directing the major utilities to file tariffs to implement the Immediate Solutions.

Statutory authority: Public Service Law, sections 5, 65, 66 and 66-s

Subject: Commercial EV Charging demand-base rate structure alternatives.

Purpose: To establish a framework for Commercial EV Charging demand-base rate structure alternatives.

Substance of final rule: The Commission, on January 19, 2023, adopted an order establishing a framework for alternatives to traditional demand-based rate structures for Commercial Electric Vehicle (EV) Charging and directing Central Hudson Gas & Electric Corporation (Central Hudson), Consolidated Edison Company of New York, Inc. (Con Edison), New York State Electric & Gas Corporation (NYSEG), Niagara Mohawk Power Corporation d/b/a National Grid (National Grid), Orange and Rockland Utilities, Inc. (O&R), and Rochester Gas and Electric (RG&E) Corporation (collectively, the Major Utilities) shall make a filing including necessary draft tariff leaves to implement the Immediate Solutions by no later than 60 days after the effective date of the order. The Major Utilities shall make a filing including necessary draft tariff leaves proposing specific rates and other details related to the EV Phase-In Rate Solution by no later than 180 days after the effective date of the order. Central Hudson, NYSEG, National Grid, and RG&E shall file a proposed Commercial Managed Charging Program and necessary draft tariff leaves within 180 days of the effective date of the order. Central Hudson, NYSEG, National Grid, and RG&E shall file an Implementation Plan, including necessary draft tariff leaves, detailing how the 50 percent Demand Charge Rebate will be operated, as part of the filing directed in Ordering Clause No. 1, to implement the Immediate Solutions. The Major Utilities shall develop plans and necessary draft tariff leaves for deploying the funds recovered from the cancelled Direct Current Fast Charging Per Plug Incentive program, as part of the filing directed in Ordering Clause No. 1. The Major Utilities shall file draft tariff leaves to effectuate an exemption from standby rates for energy storage systems with inverter capability greater than 1 MW and less than or equal to the sum of nameplate EV charging capability, provided that such installations meet all other applicable interconnection and standby service requirements, as part of the filing directed in Ordering Clause No. 1. Con Edison and O&R shall include the following within the filing directed in Ordering Clause No. 1: (1) proposals to implement the Commercial Managed Charging Program “core incentives,” with differential incentive payment rates to avoid distortionary market impacts if necessary; (2) proposals to implement the Commercial Managed Charging Program use case-specific adders for transit fleet charging and public level 2 charging, with other use case-specific adders if needed; (3) proposals to implement the 50 percent Demand Charge Rebate for the public Direct Current Fast Charging use case; (4) proposals to implement cost recovery mechanisms as described above for the Commercial Managed Charging Program and Demand Charge Rebate programs; and (5) any necessary draft tariff leaves or modifications to implement the Commercial Managed Charging Program and Demand Charge Rebate programs or effectuate cost recovery of such. Con Edison and O&R shall file a proposal to implement a 50 percent Demand Charge Rebate for public Direct Current Fast Charging customers identical to the Demand Charge Rebate for the Upstate Utilities, including necessary draft tariff leaves to implement the program and associated cost recovery, as part of the filing directed in Ordering Clause No. 1. The Major Utilities shall conduct semi-annual computations of customer annual load factor in January and July of each year. The Major Utilities shall implement the use of a Charging Ratio and allow for a customer with a Charging Ratio greater than 50 percent to be eligible to participate in the Demand Charge Rebate and the EV Phase-In Rate Solution without the need to separately meter EV charging load. The Major Utilities shall propose a single super-peak period applicable throughout its service territory, as part of the filing directed in Ordering Clause No. 2, to draft tariff leaves proposing specific rates related to the EV Phase-In Rate Solution. The Major Utilities shall collect and report the following data semi-annually, on a per-participant basis if feasible: (1) the number of accounts participating in Solutions; (2) participants’ average peak demand kW; (3) participants average monthly kWh consumption; (4) participants’ average annual load factor on a year-to-date basis; and (5) the number and type of each charger participating. The Major Utilities shall collect and report the following data semi-annually on an aggregated basis: (1) the percentage of charging occurring during off-peak periods; (2) the percentage of charging occurring during on-peak periods; and (3) the percentage of charging occurring during super-peak periods. The Major Utilities shall collect and report the following data annually: (1) the year-over-year growth rate in number of accounts participating in Solutions; (2) an assessment of whether incremental EV charging load has resulted in local grid impacts; (3) an assessment of

the extent to which incremental EV charging load has resulted in upward or downward rate pressure on non-participating customer rates; and (4) an assessment on the impacts of Solutions on low-and moderate-income customers and Disadvantaged Community residents. The Major Utilities shall include proposals for when the first semi-annual and annual reports should be filed, and a proposal for an ongoing reporting schedule thereafter, as part of the filings directed in Ordering Clause No. 1. Department of Public Service Staff are directed to issue a notice commencing the inaugural Biennial Review Process in January of 2025, and continuing every two years thereafter, unless canceled in a subsequent Commission order, subject to the terms and conditions set forth in the order.

Compensation of and Incentives for Distributed Energy Resources

I.D. No. PSC-06-23-00011-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the recommendations in the NY-Sun Program Mid-Point Review filed jointly by Department of Public Service Staff and New York State Energy Research and Development Authority.

Statutory authority: Public Service Law, sections 5(1)(b), (2), 65(1), (2), (3), 66(1), (2), (5), (12), (14), 66-j, 66-l and 66-p

Subject: Compensation of and incentives for distributed energy resources.

Purpose: To encourage the development of and ensure just and reasonable rates for distributed energy resources.

Substance of proposed rule: The Public Service Commission (Commission) is considering the recommendations in the NY-Sun Program Mid-Point Review (MPR Filing), filed jointly by Department of Public Service Staff (Staff) and the New York State Energy Research and Development Authority (NYSERDA) on January 17, 2023 in compliance with the Commission's April 14, 2022 Order Expanding NY-Sun Program (10 GW Order).

The 10 GW Order adopted a target of achieving 10 gigawatts (GW) of distributed solar deployment in New York State by 2030, and expanded and extended the NY-Sun program administered by NYSERDA to achieve that target. As part of the 10 GW Order, the Commission directed NYSERDA and Staff to file a formal mid-program review within 60 days of the earlier of: (1) the date when 50% of the new solar capacity allocations for either the Consolidated Edison Company of New York, Inc. service territory or Upstate New York have been committed; or (2) December 31, 2025. On November 17, 2022, NYSERDA filed a letter notifying the Commission that 50% of the Upstate New York capacity authorized by the 10 GW Order had been committed as of that date (the MPR Trigger).

In accordance with the 10 GW Order, the MPR Filing reviews the status of and activity in the NY-Sun program between the date of the 10 GW Order's issuance and the MPR Trigger, and provides updated project cost estimates based on developer-reported data, utility-reported interconnection costs, international cost trends, and other market or policy factors impacting costs. Based on that review, Staff and NYSERDA make several recommendations regarding the NY-Sun program, including: (1) granting NYSERDA flexibility to adjust its Community Adder and Inclusive Community Solar Adder incentives to respond to dynamic market and policy conditions; (2) making no changes to the Value Stack compensation mechanism at this time; (3) expanding the eligibility requirements for the Prevailing Wage Adder approved in the 10 GW Order, in response to the recently-enacted Inflation Reduction Act of 2022; (4) authorizing NYSERDA to develop a new incentive adder for floating photovoltaic projects; (5) authorizing NYSERDA to modify the existing NY-Sun incentive payment structure for commercial and industrial projects by removing system production adjustments; and (6) amending the rules regarding consolidated billing to enable multiple Net Member Credit rates within a single community distributed generation project.

The full text of the MPR Filing and the full record of the proceed-

ing may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code

RULE REVIEW

New York State Gaming Commission

Five-Year Review of Existing Regulations

As required by section 207 of the State Administrative Procedure Act, the following is a list of rules adopted by the New York State Gaming Commission (including rulemaking of its legacy agencies, the Division of Lottery and the Racing and Wagering Board) in the calendar years 2018, 2013, 2008, 2003 and 1998. Public comments on the continuation or modification of these rules is invited and those received by March 27, 2023, will be considered. Comments may be submitted to Kristen M. Buckley, Acting Secretary of the New York State Gaming Commission, One Broadway Center, Suite 500, Schenectady, New York 12301-7500 or by electronic mail at gamingrules@gaming.ny.gov.

The following contains a brief description of each rule, including the statutory authority, and a statement setting forth the justification for the need for each rule and its continuation without further modification.

RULES ADOPTED IN 2018

Horse racing

SGC-45-15-00004-RP Anti-stacking of NSAIDs, add Diclofenac to harness rules and delete meclufenamic acid from 48-hour NSAID restrictions

This rulemaking amended 9 NYCRR §§ 4043.2(e) and 4120.2(e) to limit the stacking of non-steroidal anti-inflammatory drugs (“NSAIDs”), while allowing only one additional NSAID within one week of a horse racing; deleted meclufenamic acid from the list of NSAIDs that are permitted within one week of racing; and added diclofenac to the list of permissible NSAIDs to use within one week of racing in harness horses. The NSAID rule was amended further in 2020. The rules concerning meclufenamic acid and diclofenac because meclufenamic acid is no longer marketed by a pharmaceutical company and there is no veterinary necessity for its use within one week of racing, and the regulation of diclofenac in harness racing conforms now to the rule in Thoroughbred racing. Thoroughbred drug-regulation rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun and harness racing drug-regulation rules continue to be necessary because the agency charged with federal drug regulation in harness racing has not announced a plan to effect such regulation. The legal basis for the rules is Racing, Pari-Mutuel Wagering and Breeding Law (“RWL”) §§ 103, 104, 301 and 902.

SGC-19-18-00004 Thoroughbred prohibited substances

This rulemaking, initiated by the Racing Medication and Testing Consortium and adopted by the Board of Directors of the Association of Racing Commissioners International, Inc., amended 9 NYCRR § 4043.12 to expand the list of prohibited substances in Thoroughbred racing to include all substances and methods that the World Anti-Doping Agency bans in human competition, with exceptions for therapeutic use, and added another rule, 9 NYCRR § 4043.16, to require appropriate veterinary oversight for the use of equine drugs. These rules are needed to maintain a broad prohibition of performance-

enhancing drugs and mandate veterinary oversight of drug use for Thoroughbred race horses. Thoroughbred drug-regulation rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun. The legal basis for the rules is RWL §§ 103 and 104.

Gaming

SGC-32-18-00002 Casino Blazing 7s progressive wager

This rulemaking added as 9 NYCRR § 5324.11(q) the Blazing 7s progressive wager as an additional permissible wager for the black-jack game at commercial casinos and detailed game rules and related pay tables. This rule is needed to maintain appropriate regulation of casino games and promote public confidence and trust in the integrity of casino games. The legal basis for this rule is RWL §§ 104, 1307(1) and 1335.

Charitable gaming

SGC-20-18-00005 Bell Jar electronic funds transfers

This rulemaking amended 9 NYCRR § 4624.9 to allow charitable organizations to make electronic transfers of funds to pay their additional license fees to the Commission, instead of requiring payment only by check. This rule is needed to modernize payment methods and improve administrative efficiency for both the Commission and for charitable organizations without sacrificing security or accountability. This rule was amended further in 2022. The legal basis for this rule is RWL § 104 and General Municipal Law § 188-a.

RULES ADOPTED IN 2013

Lottery

SGC-30-13-00009 Mega Millions and Raffle Game

This rulemaking added a new rule, 9 NYCRR § 5007.14, to add a raffle game to the mix of multistate Lottery draw games. This rule is needed to attract customers to generate more revenue. This rule was amended further in 2019 to make stylistic and consistency changes. The legal basis for the rule is RWL §§ 103 and 104 and Tax Law §§ 1601, 1604, 1612 and 1617.

Gaming

SGC-35-13-00002 Video Lottery Gaming Advertising

This rulemaking added a new rule, paragraph 3 of 9 NYCRR § 5116.6(b), to conform with the Memorandum of Understanding with the Seneca Nation of Indians. This rule is needed to conform to the requirements of the agreement. The legal basis for the rule is RWL §§ 103 and 104 and Tax Law §§ 1604 and 1617-a.

Other

SGC-30-13-00010 Establishment of Rules of New York State Gaming Commission

This rulemaking combined the rules of two separate agencies, the Division of Lottery and the Racing and Wagering Board, to effectuate their merger and integrate their rules into 9 NYCRR, Parts 4000 – 5500, as the New York State Gaming Commission, as required by statute. These rules are needed to maintain consistency within the agency’s rules. Various amendments were made since to various rules. The legal basis for the rules is L. 2012, c. 60, Part A (RWL §§ 101-129).

Rules proposed initially by the Racing and Wagering Board:

RWB-08-13-00003 Restricting anabolic steroids in horse racing

This rulemaking amended 9 NYCRR §§ 4043.15 and 4120.12 to replace urine with plasma thresholds for detecting an improper administration of anabolic steroids to a race horse, because plasma thresholds more closely indicate time of administration. This rule was amended further in 2016. This rule is needed for the effective regulation of the integrity of horse races. Thoroughbred drug-regulation rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun and harness racing drug-regulation rules continue to be necessary because the agency charged with federal drug regulation in harness racing has not announced a plan to effect such regulation. The legal basis for the rule is RWL §§ 103, 104 and 301.

RWB-08-13-00005 Claims voidable if horse is vanned off the track

This rulemaking added a new rule, paragraph (3) of 9 NYCRR § 4038.5(a), to deter the entry in claiming races of horses susceptible to breakdowns by allowing a claimant one hour to void the claim if the horse is vanned off the track after the race began. Section 4038.5 was amended further in 2014, 2016, 2018 and 2020. This rule is needed to protect horse health and safety by disincentivizing the entry of potentially unsound horses in claiming races. Thoroughbred safety rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun. The legal basis for the rule is RWL §§ 103 and 104.

RWB-08-13-00006 Clenbuterol and corticosteroid use in Thoroughbred horse racing

This rulemaking amended 9 NYCRR § 4043.2(e)(9), (g) and (i) and added a new rule, 9 NYCRR § 4043.4(b), to increase the waiting period before a Thoroughbred horse may race after an administration of clenbuterol, because a race horse otherwise may be drugged to modify muscle mass artificially, or a corticosteroid, because a longer time period permits better evaluation of whether the veterinary treatment has healed the horse before it races. This rulemaking also requires corticosteroid joint injection reports to the Commission and claimants of a horse because this information helps limit the debilitating effects of repetitive corticosteroid treatments. Section 4043.2 was amended further in 2014, 2016, 2018 and 2020. Section 4043.4 was amended further in 2020. This rule is needed for the effective regulation of the integrity of horse races. Thoroughbred drug-regulation rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun. The legal basis for the rule is RWL §§ 103 and 104.

RULES ADOPTED IN 2008

Rules adopted by the Division of Lottery:

LTR-44-07-00002 Lucky Sum promotional game feature

This rulemaking added new subdivisions (h) and (g) to 21 NYCRR § 2828.3 to add Lucky Sum to the New York Numbers and Win-4 games. These rules are needed because innovative games generate more revenue. These rules are now 9 NYCRR §§ 5009.2(h) and 5010.2(g). This rule was amended further in 2019. The legal basis for the rules is RWL § 104 and Tax Law § 1604(a).

LTR-44-07-00003 Lotto Extra promotional game feature

This rulemaking added a new section 2817.12 to 21 NYCRR to add Lotto Extra to the New York Lotto game. These rules are needed because innovative games generate more revenue. This rule is now 9 NYCRR § 5008.9. The legal basis for the rules is RWL § 104 and Tax Law § 1604(a).

Rules adopted by the Racing and Wagering Board:

RWB-32-07-00013 Licensing and standards for totalisator companies

This rulemaking added Part 5100 of 9 NYCRR to regulate wagering pools and totalisator companies with licensing, reporting, equipment and operating-procedure requirements to address the increasingly interstate nature of wagering tabulation. These rules are needed for effective regulation of wagering on horse races. These rules are now Part 4300 of 9 NYCRR. The legal basis for the rules is RWL §§ 103, 104, 235, 301, 305, 401, 405, 520 and 1002.

RWB-33-07-00005 Internet and telephone account wagering on horse racing

This rulemaking added Part 5300 of 9 NYCRR to authorized telephone and internet wagering and impose reporting, recordkeeping, operational and license application requirements for racetracks and off-track betting corporations in New York. These rules are needed for effective regulation of wagering on horse races. These rules are now Part 4500 of 9 NYCRR. These rules were amended in 2017 to encompass multi-jurisdictional account wagering providers. The legal basis for the rules is RWL §§ 103, 104, 231, 301, 401, 518, 1002 and 1012.

RWB-43-07-00011 Disqualification of horse for interference

This rulemaking amended 9 NYCRR § 4035.2(d) to explicitly authorize the stewards to disqualify a horse for careless riding, such as the jockey striking another horse with the padded riding crop by mistake. Section 4035.2 was amended further in 2010 and 2013. This rule is needed to promote the integrity of horse races. The legal basis for the rules is RWL §§ 103, 104, 205 and 218.

RWB-34-08-00004 Harness racing claiming procedure

This rulemaking amended subdivisions (a), (b), (d), (e) and (p) of 9 NYCRR § 4109.3 to clarify the procedures for harness horse claims, including ability to withdraw claim before race, procedures that ensure confidentiality and honoring claims despite minor errors. This rule was amended further in 2016. This rule is needed for the effective regulation of harness horse races. The legal basis for the rules is RWL §§ 103, 104 and 301.

RWB-44-08-00008 Use of anabolic steroids in race horses

This rulemaking amended 9 NYCRR §§ 4043.2(e)(9) and 4120.2(e)(9) and added new rules 9 NYCRR §§ 4043.15 and 4120.12, to restrict the use of anabolic steroids on race horses to only four, subject to strict race-day thresholds and used for only therapeutic purposes, because of concern that anabolic steroids may artificially increase horses' muscle mass. Sections 4043.2, 4043.15, 4120.2 and 4120.12 were amended further in 2013, 2014 and 2016. These rules are needed for the effective regulation of the integrity of horse races. Thoroughbred drug-regulation rules continue to be necessary because federal assumption of Thoroughbred drug regulation has not begun and harness racing drug-regulation rules continue to be necessary because the agency charged with federal drug regulation in harness racing has not announced a plan to effect such regulation. The legal basis for the rules is RWL §§ 103, 104 and 301.

RULES ADOPTED IN 2003

The Division of Lottery and the Racing and Wagering Board adopted no rules in 2003 for which a rule review is required.

RULES ADOPTED IN 1998

No rules were adopted by the Division of Lottery

Rules adopted by the Racing and Wagering Board:

RWB-24-98-00006 Use of whips

This rulemaking amended 9 NYCRR § 4117.8 to provide more criteria for harness judges to apply to limit use of the whip during races and to conform to other racing jurisdictions. This rule is needed to enhance equine safety and promote the integrity of harness horse races. The last sentence of this rule was amended in 2007 to permit the whip to be used in the final one-quarter mile. Harness racing safety rules continue to be necessary because the agency charged with federal safety regulation in harness racing has not announced a plan to effect such regulation. The legal basis for the rule is RWL §§ 103, 104 and 301.

RWB-22-98-00013 Apprentice weight allowances

This rulemaking amended 9 NYCRR §§ 4032.1 and 4032.4 to increase the weight standards of apprentice jockeys to modern standards and to conform to other racing jurisdictions. Section 4032.1 was amended further in 2016. These rules are needed for the effective regulation of Thoroughbred horse racing. The legal basis for the rules is RWL §§ 103, 104 and 205.

RWB-23-98-00005 Games of chance regulations

This rulemaking amended 9 NYCRR §§ 5603.7, 5607.15, 5607.28, 5608.1, 5608.13, 5609.1, 5610.1, 5610.2, 5611.1, 5611.2, 5620.19, 5622.12, 5622.13, 5622.22, 5623.1, 5624.1, 5624.3, 5624.5 and 5624.21 to codify bell-jar-related statutory amendments to the Gen-

eral Municipal Law. These rules are needed for the effective regulation of charitable gaming bell jar games. Part 5600 of 9 NYCRR has been renumbered Part 4608. Some of these provisions have been amended to conform to subsequent statutory changes. The legal basis for the rules is RWL §§ 103 and 104 and General Municipal Law article 9-A (General Municipal Law §§ 185—195-r).

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

REHABILITATE ELEVATOR

Great Meadow Correctional Facility
Comstock, Washington County

Sealed bids for Project Nos. M3164-C, M3164-H, M3164-E and M3164-U, comprising separate contracts for Construction Work, HVAC Work, Electrical Work, and Elevator Work, Rehabilitate Elevator, Building 938, Great Meadow Correctional Facility, 11739 State Route 22, Comstock (Washington County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, February 22, 2023, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$6,800 for C, \$11,700 for H, \$8,100 for E, and \$23,800 for U).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$50,000 and \$100,000 for C, between \$100,000 and \$250,000 for H, between \$50,000 and \$100,000 for E, and between \$500,000 and \$1,000,000 for U.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Jessica Cook, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten

percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,400,000 or less, as adjusted annually for inflation beginning January 1, 2020. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

— Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

Substantial completion for this project is in accordance with Section 011000.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 9:00 a.m. on February 10, 2023 at the OGS Comstock Field Office, 11607 Route 22, Comstock NY 12821. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Hal Kilmartin (518-808-4187) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 10% for MWBE participation, 5% for Minority-Owned Business Enterprises ("MBE") participation and 5% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for HVAC Work. The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 0% for the C trade contractor, 0% for the E trade contractor, 3% for the H trade contractor, and 0% for the U trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs’ participation under this contract as follows: 6% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

EXECUTIVE ORDERS

Executive Order No. 3.16: Continuing the Declaration of Disaster Emergency

*/s/ Karen Persichilli Keogh
Secretary to the Governor*

WHEREAS, pursuant to Executive Order 211, issued July 6, 2021, a statewide disaster was declared across the State due to gun violence;

NOW, THEREFORE, I, KATHY HOCHUL, Governor of the State of New York, by virtue of the authority vested in me by the Constitution and Article 2-B of the Executive Law, do hereby extend the state disaster emergency as set forth in Executive Order 211, as continued in Executive Order 3.15, and continue the terms, conditions, and suspensions contained in Executive Order 211 and its successors, until February 15, 2023.

(L.S.) GIVEN under my hand and the Privy Seal of the State in the City of Albany this sixteenth day of January in the year two thousand twenty-three.

*BY THE GOVERNOR
/S/ Kathy Hochul

Secretary to the Governor*

Executive Order No. 5.16: Continuing the Temporary Suspension and Modification of Laws Related to the Disaster Emergency in the Counties of the Bronx, Kings, New York, Richmond and Queens Due to Conditions at Rikers Island Correctional Center

WHEREAS, the Rikers Island Correctional Center has been facing a severe staffing shortage in recent months and this is expected to continue;

WHEREAS, the conditions in the facilities are expected to continue to create an unsafe, life-threatening environment for both the inmates and the staff;

WHEREAS, a federal monitor appointed to oversee the Correctional Center reported a “pervasive level of disorder and chaos,” in the facilities in its Eleventh Report of the *Nunez* Independent Monitor;

WHEREAS, there is a need to facilitate the use of virtual court appearances to expedite proceedings and to reallocate corrections department staff from transportation and production of defendants to housing supervision and safety;

NOW, THEREFORE, I, KATHY HOCHUL, Governor of the State of New York, by virtue of the authority vested in me by the Constitution of the State of New York and Section 28 of Article 2-B of the Executive Law, do hereby extend the state disaster emergency as set forth in Executive Order 5, as continued by Executive Order 5.15, and do hereby continue the terms, conditions, and suspensions contained in Executive Order 5 and its successors, until January 30, 2023.

(L.S.) GIVEN under my hand and the Privy Seal of the State in the City of Albany this thirty-first day of December in the year two thousand twenty-two.

*BY THE GOVERNOR
/S/ Kathy Hochul*
