State agencies must specify in each notice which proposes a rule the last date on which they will accept public comment. Agencies must always accept public comment: for a minimum of 60 days following publication in the *Register* of a Notice of Proposed Rule Making, or a Notice of Emergency Adoption and Proposed Rule Making; and for 45 days after publication of a Notice of Revised Rule Making, or a Notice of Emergency Adoption and Revised Rule Making in the *Register*. When a public hearing is required by statute, the hearing cannot be held until 60 days after publication of the notice, and comments must be accepted for at least 5 days after the last required hearing. When the public comment period ends on a Saturday, Sunday or legal holiday, agencies must accept comment through the close of business on the next succeeding workday.

For notices published in this issue:

- the 60-day period expires on May 7, 2023
- the 45-day period expires on April 22, 2023
- the 30-day period expires on April 7, 2023

Be a part of the rule making process!

The public is encouraged to comment on any of the proposed rules appearing in this issue. Comments must be made in writing and must be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address are printed in the notice of rule making. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (www.dos.ny.gov) may send public comment via electronic mail to those recipients who provide an e-mail address in Notices of Proposed Rule Making. This includes Proposed, Emergency Proposed, Revised Proposed and Emergency Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The law provides for a minimum 60-day public comment period after publication in the *Register* of every Notice of Proposed Rule Making, and a 45-day public comment period for every Notice of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after expiration of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

- AAM -the abbreviation to identify the adopting agency
 01 -the *State Register* issue number
 96 -the year
 00001 -the Department of State number, assigned upon receipt of notice.
- E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Subject: Regulations governing fisheries management of American shad in the Delaware River and cobia.

Purpose: Limit recreational harvest of species to ensure sustainability and consistency with interstate and Federal FMPs.

Text of proposed rule: Existing paragraph 10.1(b)(14) is amended to read as follows:

Species	Open Season	Minimum Length or slot limit	Possession Limit
American Shad - in the Hudson River and tributaries north of the George Washington Bridge	Possession prohibited		
American Shad - all other inland waters	All year	Any size	[3] 2

Existing subdivision 40.1(f) is amended to read as follows:
 Species Cobia is amended to read as follows:
 40.1(f) Table A – Recreational Fishing.

Species	Open Season	Minimum Length or slot limit	Possession Limit
Cobia	All year	37" TL	[2] <i>Fishing from shore: 1 per angler. Fishing from vessel: 1 per vessel.</i>

Text of proposed rule and any required statements and analyses may be obtained from: John Maniscalco, Department of Environmental Conservation, 123 Kings Park Blvd., Kings Park, NY 11754, (631) 444-0437, email: john.maniscalco@dec.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Additional matter required by statute: Pursuant to Article 8 of the ECL, the State Environmental Quality Review Act, a Coastal Assessment Form and a Short Environmental Assessment Form with a negative declaration have been prepared, and are on file with the Department.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority:
 Environmental Conservation Law (ECL) § 13-0105 directs the Department of Environmental Conservation (DEC) to manage New York State's marine fishery resources to preserve their long-term health and abundance for future generations while maintaining consistency with interjurisdictional fishery management plans (FMP). ECL § 11-0317 grants DEC authority to adopt regulations for American Shad in the Delaware River to restore and maintain stock health, cooperatively with Pennsylvania and New Jersey.

2. Legislative objectives:
 It is the objective of the above-cited legislation that DEC manages marine fisheries to optimize resource use for commercial and recreational harvesters in a manner that is consistent with marine fisheries conservation and management policies and interjurisdictional FMPs.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Regulations Governing Fisheries Management of American Shad in the Delaware River and Cobia

I.D. No. ENV-10-23-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Parts 10 and 40 of Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 11-0317, 11-1303 and 13-0105

3. Needs and benefits:

New York is required to adopt new management measures for the recreational harvest of American Shad to remain in compliance with the ASMFC Shad FMP. The Delaware River stock of American Shad was found to be experiencing unsustainable mortality in the 2020 Atlantic States Marine Fisheries Commission (ASMFC) stock assessment. The Delaware Basin States (NY, NJ, DE, PA) addressed this finding by taking measures to reduce mortality in their ASMFC Sustainable Fishery Management Plan. New York must reduce the harvest limit of American Shad in the Delaware River watershed to remain in compliance with this plan. The proposed amendment to 6 NYCRR Part 10 would decrease the daily harvest limit from 3 fish per day to 2 fish per day for American Shad in inland waters, not including the Hudson River. Failure to adopt these regulations could result in closure of New York's American Shad fishery in the Delaware River.

New York is required to adopt new management measures for the recreational harvest of Cobia to remain in compliance with the ASMFC Cobia FMP. The proposed amendment to 6 NYCRR Part 40 for Cobia is a decrease of the recreational possession limit from 2 fish per vessel to 1 fish per vessel. Failure to adopt these regulations could result in closure of New York's Cobia fishery.

4. Costs:

There are no new costs to state and local governments from this action. DEC will incur limited costs associated with both the implementation and administration of these rules, including costs relating to notifying recreational fishers, party and charter boat operators, and other recreational fishing associated businesses of the new rules.

5. Local government mandates:

The proposed rule would not impose any mandates on local government.

6. Paperwork:

The proposed rule would not impose any new reporting requirements.

7. Duplication:

The amendment does not duplicate any state or federal requirement.

8. Alternatives:

Status quo – This alternative is not recommended because it would put New York State out of compliance with ASMFC fishery management plans for American Shad and Cobia. Non-compliance places New York's fisheries at risk of closure and inconsistent regulations decreases the effectiveness of the fishery management plans and related enforcement efforts.

9. Federal standards:

The proposed rule does not exceed any minimum federal standards.

10. Compliance schedule:

Compliance with the proposed rule would be required upon the effective date of the rule. The public would be notified of the changes to the regulations through appropriate news releases, by DEC Delivers, and through DEC's website.

Regulatory Flexibility Analysis

1. Effect of rule:

This rule making will implement new Atlantic States Marine Fisheries Commission (ASMFC) requirements for recreational fishing for American Shad and Cobia.

The proposed rules for both species are more restrictive than regulations in place during 2022. In 2021, there were 504 licensed party and charter businesses. Retail and wholesale marine bait and tackle shops operating in New York State may also be affected by this rule making.

Shad and Cobia are relatively small fisheries. Data available from the National Oceanic and Atmospheric Administration's (NOAA) estimates that there were about ~89,000 recreational trips targeting Cobia (vs. 4.1 million trips for summer flounder, for example) in New York during 2022. Shad is not sampled by MRIP in the New York portion of the Delaware River; therefore, effort estimates are not available.

For American Shad, the proposed amendment decreases the daily harvest limit from 3 fish per day to 2 fish per day in inland waters, not including the Hudson River. The proposed amendment for Cobia decreases the recreational possession limit from 2 fish per vessel to 1 fish per vessel. These changes decrease fishing opportunities for anglers and fishermen in New York and could result in a decrease in revenue for bait and tackle shops as well as some party and charter boat businesses. As noted above, American Shad and Cobia make up a very small proportion of New York State's recreational fisheries.

2. Compliance requirements:

There are no new reporting, record keeping or compliance requirements associated with this rule making.

3. Professional services:

The rule making will not require the use of professional services for compliance.

4. Compliance costs:

There will be no initial capital or annual costs to comply with the new regulations.

5. Economic and technological feasibility:

The proposed regulations do not require any expenditure on the part of affected businesses to comply with the changes. The proposed regulations reduce possession of American Shad and Cobia by fishermen and may decrease the income of some party and charter boat businesses, marinas, and marine bait and tackle shops that depend upon these fisheries.

6. Minimizing adverse impact:

This rulemaking is necessary to maintain New York's consistency with fishery management plans for transboundary and migratory species as required by ECL § 13-0105. The specific changes made to fishing regulations for American Shad and Cobia are required to maintain compliance with the ASMFC fishery management plans for these species. There is no flexibility at this time and failure to adopt these changes could result in fishery closures.

Ultimately, the maintenance of long-term sustainable fisheries will have a positive economic effect on the fishing industry, including party and charter boat fisheries, as well as wholesale and retail bait and tackle shops and other fishery support industries.

7. Small business and local government participation:

The proposed rule seeks to amend 6 NYCRR Part 10 and Part 40 so that New York is compliant with ASMFC fishery management requirements. DEC's Division of Marine Resources consulted with New York's Marine Resource Advisory Council (MRAC) on November 15, 2022 concerning these changes. The Council composition includes commercial fishermen, for-hire vessel captains, private anglers, marina operators, and bait and tackle retail representatives. Those attending the meeting were generally supportive. The American Shad possession limit change was vetted with a prominent anglers group in the Delaware River area. In addition, written comments may be submitted to DEC during the 60-day public comment period.

8. For rules that either establish or modify a violation or penalties associated with a violation:

Pursuant to the State Administrative Procedure Act § 202-b (SAPA), a cure period is not included in the rule because of the potential adverse impact on the resource. Cure periods for the illegal taking of fish or wildlife are neither desirable nor recommended. Immediate compliance is required to ensure that the general welfare of the public and the resource are both protected.

9. Initial review of the rule, pursuant to SAPA § 207 as amended by L. 2012, ch. 462:

The Department of Environmental Conservation will conduct an initial review of the rule within three years as required by SAPA § 207(1)(b).

Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas:

This proposed rule would amend 6 NYCRR Part 10 and Part 40, changing measures that govern recreational harvest of American Shad and Cobia. Cobia are only fished for in the waters of the Marine and Coastal District and there are no rural areas within, or directly adjacent to, the marine and coastal district. The changes made to regulations that govern recreational fishing for American Shad are specific to the Delaware River. Two Delaware River counties are in the rural area category: Delaware and Sullivan counties. The proposed regulations will affect individuals who participate in the recreational American Shad fishery.

2. Reporting, recordkeeping and other compliance requirements; professional services:

There are no new reporting or record keeping requirements associated with this rule making. Furthermore, the rule making will not require the use of professional services for compliance.

There is no commercial fishing allowed for American Shad in rural inland waters of New York State. Party and charter boat businesses that target American Shad on the Delaware River are not required to submit fishing reports to DEC. All recreational anglers currently need to enroll in the no-fee DEC Recreational Marine Fishing Registry if they are age 16 or older and are either: 1) fishing for saltwater fish species in the marine and coastal district and are not fishing on a party or charter boat, or 2) fishing for migratory fish of the sea (diadromous species) within the tidal waters of the Hudson River and its tributaries, or waters of the Delaware River.

3. Costs:

There will be no initial capital or annual costs to comply with the new regulations.

4. Minimizing adverse impact:

The promulgation of this regulation is necessary for DEC to comply with the Atlantic States Marine Fisheries Commission Interstate Fishery Management Plan for American Shad. The proposed regulations are intended to create a sustainable fishery in the New York waters of the Delaware River and to avoid the adverse economic and social impacts that would be associated with worsening stock condition, or a closure of the fishery like in the Hudson River. A moratorium on the harvest of American Shad would have an adverse impact on the Delaware River recreational fishery and supporting industries that is significantly worse than the proposed decrease in possession limit from 3 fish to 2 fish. Ultimately, the

maintenance of long-term sustainable fisheries will have a positive effect for the fishery, as well as wholesale and retail outlets and other support industries. These regulations are being proposed in order to reduce fishing mortality as required by the fishery management plan while allowing for sustainable harvest.

5. Rural area participation:

DEC staff participate in joint coastal management of the Delaware River stock of American Shad through the Delaware Fish and Wildlife Management Cooperative, which consists of the states of Delaware, New Jersey, New York, and Pennsylvania; US Fish and Wildlife Service, National Marine Fisheries Service, and the Delaware River Basin Commission. On November 29, 2021, staff from the Pennsylvania Fish and Boat Commission sent a letter to the Delaware River Shad Fisherman’s Association to advise the group of the findings of the stock assessment and to gain feedback from the Association on the impacts of the reduction in bag limits on Association members. The Association advised the Fish and Wildlife Management Cooperative that it was supportive of efforts to stabilize the American Shad stock in the Delaware River, including possession limit reductions, via email on January 23, 2022.

6. Initial review of the rule, pursuant to SAPA § 207 as amended by L. 2012, ch. 462:

DEC will conduct an initial review of the proposed rule within three years, as required by SAPA section 207.

Job Impact Statement

1. Nature of impact:

This rule making will implement new Atlantic States Marine Fisheries Commission (ASMFC) requirements for recreational American Shad and Cobia. The proposed changes for both species are more restrictive than regulations in place during 2022.

For American Shad, the proposed amendment decreases the daily harvest limit from 3 fish per day to 2 fish per day in inland waters, not including the Hudson River. The proposed amendment for Cobia decreases the recreational possession limit from 2 fish per vessel to 1 fish per vessel.

These changes decrease fishing opportunities for anglers and fishermen in New York and could result in a decrease in revenue for bait and tackle shops as well as some party and charter boat businesses. Shad and Cobia make up a very small proportion of New York State’s recreational fisheries.

2. Categories and numbers affected:

In 2021 (last complete year prior to rulemaking), there were 504 licensed party and charter businesses. Retail and wholesale marine bait and tackle shops operating in New York State may also be affected by this rule making. Shad and Cobia are relatively small fisheries. Data available from the National Oceanic and Atmospheric Administration’s (NOAA) estimates that there were about ~89,000 recreational trips targeting Cobia (vs. 4.1 million trips for summer flounder, for example) in New York during 2022. Shad is not sampled by MRIP in the New York portion of the Delaware River; therefore, effort estimates are not available.

There were approximately 400,000 people enrolled in the DEC Recreational Marine Fishing Registry in 2021. All fishers need to register if they are age 16 and older and are either: (1) fishing for a saltwater fish species in the marine and coastal district while not aboard a party or charter boat; or (2) fishing for a migratory fish of the sea within the tidal waters of the Hudson River and its tributaries, or within the waters of the Delaware River.

3. Regions of adverse impact:

The proposed rule will affect Cobia fishers in the Marine and Coastal District and anglers pursuing American Shad in the New York portions of the Delaware River and its tributaries.

4. Minimizing adverse impact:

This rulemaking is necessary to maintain New York’s consistency with fishery management plans for transboundary and migratory species as required by ECL § 13-0105. The specific changes made to fishing regulations for American Shad and Cobia are required to maintain compliance with the ASMFC fishery management plans for these species. There is no flexibility at this time and failure to adopt these changes could result in fishery closures.

Ultimately, the maintenance of long-term sustainable fisheries will have a positive economic effect on the fishing industry, including commercial fishermen and seafood markets, and party and charter boat fisheries, as well as wholesale and retail bait and tackle shops and other fishery support industries.

5. Self-employment opportunities:

The party and charter boat businesses, the bait and tackle shops, and the marinas are mostly small businesses that are self-owned and operated. Some members of the recreational fishing industry are also self-employed.

6. Initial review of the rule, pursuant to SAPA § 207 as amended by L. 2012, ch. 462:

DEC will conduct an initial review of the rule within three years, as required by SAPA section 207.

EMERGENCY/PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

General Purposes and Certification of the Facility Class Known as Individualized Residential Alternatives

I.D. No. PDD-10-23-00002-EP

Filing No. 180

Filing Date: 2023-02-17

Effective Date: 2023-02-17

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Proposed Action: Amendment of sections 686.3 and 686.16 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 13.07, 13.09(b) and 16.00

Finding of necessity for emergency rule: Preservation of public health, public safety and general welfare.

Specific reasons underlying the finding of necessity: The emergency amendment of sections 14 NYCRR 686.3 and 686.16 that authorizes the Commissioner to increase capacity of individualized residential alternatives (IRAs) in cases of exigent circumstances, is necessary to protect the health, safety, and welfare of individuals who receive these services. The COVID-19 pandemic created an unprecedented shortage of direct support staff in OPWDD operated and certified residential facilities. Despite significant efforts to increase retention and recruitment of direct support staff, OPWDD and its not-for-profit providers continue to experience dire staffing shortages impacting their ability to provide safe and appropriate care to people with intellectual and developmental disabilities. These shortages may occur unexpectedly and without warning, requiring the immediate temporary relocation of people receiving services. This regulation would allow OPWDD and its providers to combine facilities in emergent situations and temporarily allow censuses to increase beyond 14 in residential facilities to safely care for people with I/DD while also providing some relief when there is insufficient staff to care for the people at their current residences. This regulation must be issued by emergency regulation to allow OPWDD the ability to quickly move individuals into facilities with enough staff to take care of them appropriately. The people who live in OPWDD operated and certified residences rely on OPWDD and its providers for their daily care and OPWDD has a duty to ensure the services provided meet public health and safety standards which includes safe and appropriate staffing of IRAs. This emergency regulation is necessary to meet those responsibilities. This regulation also provides that OPWDD may increase capacity beyond 14 where allowed under OPWDD's HCBS waiver to ensure that OPWDD is fully compliant with its federal obligations.

Subject: General Purposes and Certification of the Facility Class Known as Individualized Residential Alternatives.

Purpose: To increase IRA capacity in cases of emergent circumstances.

Text of emergency/proposed rule: Existing subparagraph 686.3(a)(5)(i) is amended to read as follows:

(i) A supervised community residence shall be issued an operating certificate for no more than 14 individuals, *except in emergent circumstances and upon approval of the commissioner in accordance with the requirements set forth in OPWDD's home and community based services waiver program authorized pursuant to subdivision (c) of section nineteen hundred fifteen of the federal social security act and subdivisions seven and seven-a of section three hundred sixty-six of the social services law and subject to, where required, approval by the Centers for Medicare & Medicaid Services.* The certified capacity shall not be exceeded without notification within 24 hours to OPWDD, at which time the conditions relative to the temporary increase in capacity shall be discussed and agreement reached.

Existing subparagraph 686.16(a)(7)(i) is amended to read as follows:

(i) Facilities of 4-14 beds where on-site supervision is provided. *Such facilities may be approved for a capacity in excess of 14 individuals in emergent circumstances and upon approval of the commissioner in accordance with the requirements set forth in OPWDD's home and community based services waiver program authorized pursuant to subdivision (c) of section nineteen hundred fifteen of the federal social security act and subdivisions seven and seven-a of section three hundred sixty-six of the social services law and subject to, where required, approval by the Centers for Medicare & Medicaid Services.*

This notice is intended: to serve as both a notice of emergency adoption and a notice of proposed rule making. The emergency rule will expire May 17, 2023.

Text of rule and any required statements and analyses may be obtained from: Mary Beth Babcock, Office for People With Developmental Disabilities, 44 Holland Avenue, 3rd Floor, Albany, NY 12229, (518) 474-7700, email: rau.unit@opwdd.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Additional matter required by statute: Pursuant to the requirements of the State Environmental Quality Review Act, OPWDD, as lead agency, has determined that the action described herein will have no effect on the environment and an E.I.S. is not needed.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority:

a. The Office for People With Developmental Disabilities (OPWDD) has the statutory responsibility to provide and encourage the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with intellectual and developmental disabilities, as stated in the New York State (NYS) Mental Hygiene Law (MHL) Section 13.07.

b. OPWDD has the statutory authority to adopt rules and regulations necessary and proper to implement any matter under its jurisdiction as stated in the NYS MHL Section 13.09(b).

c. OPWDD has the statutory authority to adopt regulations concerned with the operation of programs and the provision of services, as stated in the NYS MHL Section 16.00. The regulation also ensures compliance by OPWDD certified and operated residences with the proper provision of services.

d. OPWDD has the statutory authority to provide for the oversight of facilities and providers of services holding operating certificates, as stated in the NYS MHL Section 16.11.

2. Legislative objectives: The proposed regulations further legislative objectives embodied in MHL sections 13.07, 13.09(b), and 16.00. The proposed regulation amends Title 14 NYCRR Sections 686.3 and 686.16 in order to authorize the Commissioner to determine overall capacity of Individualized Residential Alternatives (IRAs) operating throughout the state when there are exigent circumstances.

3. Needs and benefits: The proposed regulation amends Title 14 NYCRR Sections 686.3 and 686.16 to authorize the Commissioner to exceed capacity levels at individualized residential alternatives (IRAs) that are certified or operated by OPWDD in cases of exigent circumstances. This regulation is necessary to protect the health, safety, and welfare of individuals who receive services from providers that are certified or operated by OPWDD. This regulation is being proposed due to the increasing need of services as well as staffing shortages. OPWDD as management over these IRAs could concentrate staff and individuals in one location rather than multiple locations that would require separate minimum staff-

ing levels. OPWDD serves a vulnerable population and as such has a duty to ensure the services provided meet public health and safety standards. Given the rise in COVID cases throughout the pandemic OPWDD has had challenges meeting minimum staffing requirements for the many locations certified or operated across the state.

4. Costs:

a. Costs to the Agency and to the State and its local governments: There is no anticipated impact on Medicaid expenditures as a result of the proposed regulations, as the entities that provide these services will only be providing such services to individual's already receiving Medicaid, in accordance with existing OPWDD policies and processes.

These regulations will not have any fiscal impact on local governments, as the contribution of local governments to Medicaid has been capped. Chapter 58 of the Laws of 2005 places a cap on the local share of Medicaid costs and local governments are already paying for Medicaid at the capped level.

There are no anticipated costs to OPWDD in its role as a provider of services to comply with the new requirements. Additionally, there may be cost savings if multiple locations are condensed into fewer IRAs.

b. Costs to private regulated parties: There will not be any anticipated costs to regulated providers to comply with the proposed regulations. The regulation authorizes the Commissioner to increase the number of individuals at a particular IRA when there are exigent circumstances. Therefore, there are no new anticipated costs.

5. Local government mandates: This rule would not apply to local government units. There are no new requirements imposed by the rule on any other county, city, town, village; or school, fire, or other special district.

6. Paperwork: Providers will not experience an increase in paperwork as a result of the proposed regulations.

7. Duplication: The proposed regulations do not duplicate any existing State or Federal requirements on this topic.

8. Alternatives: OPWDD did not consider any other alternatives to the proposed regulations. These changes are necessary to protect public health and individuals receiving services from providers certified or operated by OPWDD.

9. Federal standards: The proposed amendments do not exceed any minimum standards of the federal government for the same or similar subject areas.

10. Compliance schedule: OPWDD plans to adopt the regulations as an emergency regulation effective upon filing. Following the comment period OPWDD plans to adopt the regulation as permanent. OPWDD expects that providers will be in compliance with the proposed requirements at the time of their effective date(s).

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on small businesses or local governments.

The proposed regulation amends Title 14 NYCRR Section 686.16 which applies to all providers operating individualized residential alternatives (IRAs) certified, authorized, approved, or operated by OPWDD. The proposed regulation also amends Title 14 NYCRR Section 686.3 in order to allow operating certificates to be issued for community residences, including IRAs with more than 14 individuals where there are emergent circumstances and upon approval of the Commissioner. This regulation is necessary to protect individuals receiving services at these facilities.

The regulation will not result in new compliance requirements or additional professional services for providers. There is also no additional paperwork required by the amendment. The regulation is designed to protect individuals when staffing shortages prevent the ability to safely care for an individual receiving services. A Regulatory Flexibility Analysis for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on small businesses and/or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the regulation will not impose any adverse impact or significant reporting, recordkeeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed regulation.

The proposed regulation amends Title 14 NYCRR Sections 686.3 and 686.16 in order to authorize the Commissioner to determine overall capacity of Individualized Residential Alternatives (IRAs) operating throughout the state when there are exigent circumstances. The regulation will not result in an adverse impact on rural communities because the regulation applies to all IRAs who are certified or operated by OPWDD. The proposed regulation will not result in costs for regulated parties. Therefore,

the amendments will not have any adverse effects on providers in rural areas.

Job Impact Statement

A Job Impact Statement for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on jobs and/or employment opportunities.

The proposed regulation amends Title 14 NYCRR Sections 686.3 and 686.16 in order to allow the Commissioner to increase the capacity at individualized residential alternatives (IRAs) where there are exigent circumstances. The regulation will not result in new compliance requirements for providers. The regulation is designed to protect individuals when staffing shortages prevent the ability to safely care for an individual receiving services. The regulation is only to be used in exigent circumstances. Thus, the regulation will not have a substantial impact on jobs or employment opportunities in New York State.

Eligibility Determinations

I.D. No. PDD-10-23-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of section 629.1; and addition of section 629.2 to Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 13.07, 13.09(b) and 16.00

Subject: Eligibility Determinations.

Purpose: To establish the eligibility criteria for individuals applying for OPWDD services.

Text of proposed rule: Existing paragraph 629.1(b)(2) is amended to read as follows:

(2) *Provisional Eligibility*

(i) Provisional eligibility may be determined in children, up to the age of seven [eight], who manifest substantial delays, *with or without* [or] specific congenital or acquired conditions that result in a high probability of a developmental disability if services are not provided, and whose condition and/or functioning may improve significantly over time, as a result of treatments and services. *They must also be a New York State resident or intend to reside in New York State at the time that services are delivered.*

(ii) *Provisionally eligible children who reach their 7th birthday cannot be authorized for additional services until a final eligibility determination has been made by OPWDD, except in extraordinary circumstances upon the approval of the Commissioner or their designee.*

(iii) *Provisional eligibility must be redetermined by a child's 8th birthday. Children 7 years and older seeking OPWDD services must meet full OPWDD eligibility criteria.*

A new section in part 629 is added to read as follows:

629.2 - *Eligibility Criteria*

(a) *Applicability. This section applies to any person applying to OPWDD for a determination of whether the person has a qualifying condition that meets the criteria of developmental disability, as set forth in Mental Hygiene Law (MHL) § 1.03(22), making them eligible for certain OPWDD operated, certified, funded and/or authorized services.*

(b) *General Eligibility Provisions.*

(1) *Eligibility is determined by the consistent application of criteria described in subdivisions (c) through (f) of this section, based on the definition of developmental disability established MHL § 1.03(22).*

(2) To be eligible for OPWDD services, the person seeking eligibility must be a New York State resident or intend to reside in New York State at the time the services are delivered.

(3) The process for reviewing eligibility requests is described in section 629.1 of this Part.

(c) **Qualifying Conditions.**

(1) Qualifying conditions must meet the criteria set forth in MHL § 1.03(22)(a).

(2) Qualifying related conditions under MHL § 1.03(22)(a)(2) must be closely related to intellectual disability, including that they must cause or result from injury to, or dysfunction, disorder, or impairment of, the central nervous system.

(3) A valid diagnosis of a qualifying condition named in MHL § 1.03(22)(a)(1) or related condition as defined in MHL 1.03(22)(a)(2) is required.

(d) **Functional Limitations.**

(1) Whether a person's functional limitations are a substantial handicap. A substantial handicap must be determined by at least one acceptable assessment. Assessments are acceptable only when they:

(i) use comprehensive, nationally normed and validated individual measures;

(ii) are administered and interpreted by a qualified practitioner; and

(iii) follow appropriate administration guidelines.

(2) Functional limitations are considered a substantial handicap when they are associated with, attendant to, or result from, a qualifying condition as described in subdivision (c) of this section, and:

(i) they prohibit the person from being able to function independently in daily life; or

(ii) when the development of the person's functional skills related to daily living are significantly below the expectations given the person's age; and

(iii) the limitations are consistent with deficits in adaptive functioning as described in paragraph (4) of this subdivision.

(3) **Intellectual Functioning.**

(i) Significant limitations in general intellectual functioning must be determined from the findings of one or more acceptable assessments. Assessments are acceptable only when they employ an independent measure of intelligence that is:

(a) comprehensive, nationally normed, and validated;

(b) administered in a standardized format;

(c) administered in its entirety;

(d) administered in accordance with standardization procedures; and

(e) interpreted by a qualified practitioner.

(ii) In exceptional circumstances, OPWDD may accept non-standardized testing formats if appropriate rationale and justification is clearly documented.

(iii) Functional limitations must not be presumed solely based on below average scores on assessments of intellectual functioning.

(4) **Adaptive Functioning.**

(i) Significant limitations in adaptive functioning must be determined from the findings of one or more acceptable assessments. Assessments are acceptable only when they employ an independent measure of intelligence that is:

(a) comprehensive, nationally normed and validated;

(b) administered in a standardized format;

(c) administered in its entirety;

(d) administered in accordance with standardization procedures; and

(e) interpreted by a qualified practitioner.

(ii) Adaptive behavior measures that do not provide an overall composite score, multiple domain scores, or skill area scores will not be considered for determining the presence of functional limitations that satisfy the requirements of MHL § 1.03(22)(d).

(iii) The requirements of MHL § 1.03(22)(d) may be satisfied if the overall composite score, or the majority of domain or specific skill area/subdomain scores, fall two or more standard deviations below the mean on a comprehensive and validated measure of adaptive behavior.

(iv) If adaptive behavior measures that permit assessment of both adaptive and maladaptive behavior are used, a finding of clinically significant maladaptive behaviors will not satisfy the requirements of MHL § 1.03(22)(d) without a concurrent finding of significant limitations in adaptive behavior.

(v) An assessment of significant limitations in adaptive behavior, on its own, must not constitute a basis upon which the presence of significantly below average intellectual functioning is presumed.

(5) **Co-occurring Disorders.**

(i) A person does not have a substantial handicap if significant functional limitations are determined to be the result of a current acute or

severe phase of a psychiatric disorder or a consequence of the individual's psychiatric disorder, substance use, or substance-related disorder.

(e) **Onset.**

(1) To satisfy the requirements of MHL § 1.03(22)(b), the qualifying condition, as described in subdivision (c) of this section, and the associated functional limitations, as described in subdivision (d) of this section, must verifiably be established to have occurred before the person reached the age of 22.

(2) The person seeking eligibility, or other relevant party, must submit historical medical records establishing the onset of their qualifying condition and functional limitations before the age of 22. In cases where such records are presumed to longer exist, the person seeking eligibility must make requests for this information and document both the request for information and the response to the request.

(3) If no information is available to determine the age of onset, Developmental Disabilities Regional Offices may rely on other sources of information to determine the age of onset, including the informed clinical judgment of appropriately licensed professionals.

(f) **Indefinite Duration.**

(1) To satisfy the requirements of MHL § 1.03(22)(c), there must be a reasonable likelihood of indefinite continuation of the qualifying condition, as described in subdivision (c) of this section, and of the associated functional limitations, as described in subdivision (d) of this section.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Additional matter required by statute: Pursuant to the requirements of the State Environmental Quality Review Act, OPWDD, as lead agency, has determined that the action described herein will have no effect on the environment and an E.I.S. is not needed

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. **Statutory Authority:**

a. The Office for People With Developmental Disabilities (OPWDD) has the statutory responsibility to provide and encourage the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with intellectual and developmental disabilities, as stated in the New York State (NYS) Mental Hygiene Law (MHL) Section 13.07.

b. OPWDD has the statutory authority to adopt rules and regulations necessary and proper to implement any matter under its jurisdiction as stated in the NYS MHL Section 13.09(b).

c. OPWDD has the statutory authority to adopt regulations concerned with the operation of programs and the provision of services, as stated in the NYS MHL Section 16.00. The regulation also ensures compliance by OPWDD certified and operated residences with the proper provision of services.

2. **Legislative Objectives:** The proposed regulations further legislative objectives embodied in MHL sections 13.07, 13.09(b), and 16.00, which include providing and encouraging the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with intellectual and developmental disabilities. This ties into the rule because without an eligibility determination, people cannot access OPWDD services (such as the programs, supports, services identified here).

3. **Needs and Benefits:** The proposed regulation amends Title 14 NYCRR Section 629.1 and adds Section 629.2 in order to establish eligibility criteria for individuals applying for OPWDD services. In order for individuals to qualify for OPWDD services, they must first establish basic OPWDD eligibility. These regulations set forth that basic eligibility criteria. Without OPWDD eligibility, people are unable to receive OPWDD services. Therefore, this rule is needed to establish OPWDD's eligibility criteria in accordance with SAPA requirements, based on eligibility information identified in MHL 13.07. These new regulations codify current criteria used by OPWDD in determining eligibility for OPWDD services.

4. **Costs:**

a. **Costs to the Agency and to the State and its local governments:**

There is no anticipated impact on Medicaid expenditures as a result of the proposed regulations, as the entities that provide these services will only be providing such services to individual's already receiving Medicaid, in accordance with existing OPWDD policies and processes.

These regulations will not have any fiscal impact on local governments, as the contribution of local governments to Medicaid has been capped.

Chapter 58 of the Laws of 2005 places a cap on the local share of Medicaid costs and local governments are already paying for Medicaid at the capped level.

There are no anticipated costs to OPWDD in its role to determine eligibility for OPWDD services.

OPWDD has used this eligibility criteria since 2001, and is simply codifying it in regulation. We do not expect an increase or decrease in the number of individuals who will become eligible for OPWDD services based on this regulation. Therefore, there's no anticipated impact on Medicaid expenditure.

b. Costs to private regulated parties: As OPWDD has sole authority to make eligibility determinations there are no anticipated costs to regulated providers to comply with the proposed regulations. There should not be any noticeable additional paperwork requirements, and accordingly, no additional paperwork costs.

5. Local Government Mandates: This rule would not apply to local government units. There are no new requirements imposed by the rule on any other county, city, town, village; or school, fire, or other special district.

6. Paperwork: Providers will not experience an increase in paperwork as a result of the proposed regulations.

7. Duplication: The proposed regulations do not duplicate any existing State or Federal requirements on this topic.

8. Alternatives: OPWDD did not consider any other alternatives to the proposed regulations. These changes are necessary to update and clarify existing regulation.

9. Federal Standards: The proposed amendments do not exceed any minimum standards of the federal government for the same or similar subject areas.

10. Compliance Schedule: OPWDD plans to adopt the regulations following the public comment period. The effective date for enforcement of the regulation will be upon adoption.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on small businesses or local governments.

The proposed regulation amends Title 14 NYCRR Section 629.1 and adds Section 629.2 in order to establish eligibility criteria for individuals applying for OPWDD services. In order for individuals to qualify for OPWDD services, they must first establish basic OPWDD eligibility. The regulation will not result in new compliance requirements or additional professional services for providers as OPWDD is solely responsible for eligibility determinations. There is also no additional paperwork required by the amendment. A Regulatory Flexibility Analysis for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on small businesses and/or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the regulation will not impose any adverse impact or significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed regulation.

The proposed regulation amends Title 14 NYCRR Section 629.1 and adds Section 629.2 in order to establish eligibility criteria for individuals applying for OPWDD services. In order for individuals to qualify for OPWDD services, they must first establish basic OPWDD eligibility. The proposed regulation will not result in costs for regulated parties as OPWDD is solely responsible for making eligibility determinations. Therefore, the amendments will not have any adverse effects on providers in rural areas.

Job Impact Statement

A Job Impact Statement for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on jobs and/or employment opportunities.

The proposed regulation amends Title 14 NYCRR Section 629.1 and adds Section 629.2 in order to establish eligibility criteria for individuals applying for OPWDD services. In order for individuals to qualify for OPWDD services, they must first establish basic OPWDD eligibility. These regulations set forth that basic eligibility criteria. Currently OPWDD already has eligibility criteria in order to qualify for OPWDD services. These new regulations codify current criteria used by OPWDD. As OPWDD determines who is and is not eligible for services based on this criteria, the regulation will not have a substantial impact on jobs or employment opportunities in New York State.

Certificate of Public Convenience and Necessity, Incidental Regulation, and Transfers of Assets

I.D. No. PSC-36-22-00004-A

Filing Date: 2023-02-16

Effective Date: 2023-02-16

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 2/16/23, the PSC adopted an order approving a regulatory framework for the provision of electric, gas, and water utility services

by GLOBALFOUNDRIES U.S. 2 LLC, Semiconductor Components Industries, LLC, and Hudson Valley Research Park Water-Works Corp.

Statutory authority: Public Service Law, sections 65, 66, 68, 70, 89-b, 89-c and 89-h

Subject: Certificate of Public Convenience and Necessity, incidental regulation, and transfers of assets.

Purpose: To ensure proper regulation of electric, gas, and water utility services at the Hudson Valley Research Park.

Substance of final rule: The Commission, on February 16, 2023, adopted an order: (1) granting a Certificate of Public Convenience and Necessity (CPCN) to GLOBALFOUNDRIES U.S. 2 LLC (GF) and Semiconductor Components Industries, LLC (SCI), pursuant to Public Service Law (PSL) § 68, with respect to electric and natural gas service within the Hudson Valley Research Park; (2) authorizing an incidental regulatory regime with respect to such service pursuant to PSL § 66(13); (3) approving the transfer of electric and gas assets from GF to SCI pursuant to PSL § 70; (4) approving the transfer of water supply assets from GF to Hudson Valley Research Park Water-Works Corp. (HVRP) pursuant to PSL § 89-h; (5) authorizing GF and GLOBALFOUNDRIES U.S. Inc. to transfer stock in HVRP to SCI pursuant to PSL § 89-h; and (6) denying the request of HVRP for incidental regulation under PSL § 89-c(11).

GF or SCI were directed to notify its customers, including those served by HVRP, by direct mail of the Commission's decision and to file a copy of the notification with the Secretary to the Commission no later than March 1, 2023. Further, GF or SCI shall file a complete Emergency Plan, an Interim Operator Qualification Plan, Interim Damage Prevention Program, Interim Public Awareness Plan, Interim Drug and Alcohol Plan, and Interim Operation and Maintenance Plan within 30 days from the date of the issuance of the order. GF or SCI shall then file, by August 1, 2023, if applicable, a Complete Operator Qualification Plan, Complete Damage Prevention Program, Complete Public Awareness Plan, Complete Drug and Alcohol Plan, Complete Operation and Maintenance Plan, and Distribution Integrity Management Plan. Within 30 days of the closing of the transfer, SCI shall file with the Secretary to the Commission copies of documents showing proof that the sale and transfer of the electric and gas assets has occurred. Within 30 days of the closing of the transfer, HVRP shall file with the Secretary to the Commission copies of documents showing proof that the sale and transfer of the water-works assets has occurred. Increase in Annual Revenues and Establishment of an Escrow Account

I.D. No. PSC-40-22-00003-A

Filing Date: 2023-02-17

Effective Date: 2023-02-17

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 2/16/23, the PSC adopted an order authorizing Crystal Water Corp. (Crystal Water) for a base revenue increase of \$24,653, and the establishment of an escrow account with an initially allowed maximum balance of \$43,000, effective on March 1, 2023.

Statutory authority: Public Service Law, sections 4(1), 5(1)f, 89-c(1), (3), (10)(a), (b) and (f)

Subject: Increase in annual revenues and establishment of an escrow account.

Purpose: To authorize Crystal Water for a revenue increase and the establishment of an escrow account.

Substance of final rule: The Commission, on February 16, 2023, adopted an order authorizing Crystal Water Corp. (Crystal Water) for a base revenue increase of \$24,653, and the establishment of an escrow account with an initially allowed maximum balance of \$43,000, to be collected over the first four succeeding quarters, effective on March 1, 2023. Crystal Water can also later replenish the escrow account, with an allowed maximum balance of \$5,000. Crystal Water is directed to file on not less than five days' notice, to become effective March 1, 2023, revised Leaf No. 12 and Escrow Account Statement No. 2, as shown in Appendix D of the order. Crystal Water is directed to notify its customers by direct mail of the Commission's decision in this proceeding and to file a copy of the notification with the Secretary to the Commission no later than March 31, 2023. Crystal Water is directed to file with the Secretary to the Commission, within 60 days of the date of the order, a timetable specifying Crystal Water's schedule of payments of its outstanding line of credit balance and the resulting date the debt will be paid in full. Crystal Water is directed to file with the Secretary to the Commission verified proof that the current line of credit balance has been paid in full within 30 days of paying the debt in full. Crystal Water shall update its customer billing invoices and other customer-facing materials in accordance with the discussion in the body of the order. Crystal Water shall use such updated invoices no later than its billing for the third quarter of 2023, and thereafter, consistent with the discussion in the body of the order. Crystal Water shall file a copy of the revised sample bill, inclusive of the above information, with the Secretary to the Commission no later than May 31, 2023, subject to the terms and conditions set forth in the order.

NOTICE OF ADOPTION

Amendments to 16 NYCRR

I.D. No. PSC-42-22-00020-A

Filing No. 184

Filing Date: 2023-02-21

Effective Date: 2023-03-08

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 2/16/23, the PSC adopted a memorandum and resolution approving, as a final rule, amendments to 16 NYCRR Part 753, regarding changes to the Commission's regulations concerning the Protection of Underground Facilities.

Statutory authority: Public Service Law, section 119-b

Subject: Amendments to 16 NYCRR.

Purpose: To adopt the memorandum and resolution approving amendments to 16 NYCRR Part 753.

Substance of final rule: The Commission, on February 16, 2023, adopted a memorandum and resolution approving, as a final rule, amendments to 16 NYCRR Part 753, regarding the Protection of Underground Facilities, providing clarity for excavators by conforming terminology to the changes made in Chapter 333 of the Laws of 2018 which amended New York General Business Law § 760 through 764 by replacing the term "governing bodies" with "government" and adding subsection (4) to § 763, and to clarify the circumstances in which an excavator must call 911. The amendments also identifies Juneteenth as a public holiday that is, therefore, not a working day, subject to the terms and conditions set forth in the order.

Text or summary was published in the October 19, 2022 issue of the Register, I.D. No. PSC-42-22-00020-P.

Final rule as compared with last published rule: No changes.

Assessment of Public Comment One comment was received from Kevin Hopper, the Executive Director of UDIG NY, a 501(c)3 non-profit organization established to provide a connection between an individual (professional excavator or homeowner/do-it-yourselfer) and the underground utility operators. Mr. Hopper supports the proposed changes, stating that he agrees that they are needed to comply with State law and ensure consistency with State holidays. Mr. Hopper also expresses support for planned workshops the Public Service Commission established to ensure excavators are apprised of their obligations under State law. These workshops are not germane to this rulemaking and are not addressed in the proposed revisions.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

DECOMMISSION WASTEWATER TREATMENT PLANT Green Haven Correctional Facility Stormville, Dutchess County

Sealed bids for Project No. Q1771-C, comprising a contract for Construction Work, Decommission Wastewater Treatment Plant, Green Haven Correctional Facility, Route 216, Stormville (Dutchess County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, March 15, 2023, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$116,500 for C).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$4,000,000 and \$5,000,000 for C.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Jessica Cook, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,400,000 or less, as adjusted annually for inflation beginning January 1, 2020. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

XX Project commenced design before January 1, 2020. Not subject to provision.

— Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 783 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 9:00 a.m. on March 3, 2023, at the OGS Field Office Trailer, Green Haven Correctional Facility, 594 Route 216, use South Green Haven Road entrance to the facility, Stormville, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Gina Defreitas, (845-227-3829) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the C trade contractor, Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

XX Project commenced design before January 1, 2020. Not subject to provision.

— Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 819 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 8:30 a.m. on March 3, 2023, at the OGS Field Office, 14312 Taylor Hollow Road, Gowanda NY 14070. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Kim Himes (716-532-5151) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Construction Work and an overall goal of 20% for MWBE participation, 10% for Minority-Owned Business Enterprises ("MBE") participation and 10% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for HVAC Work and Electrical Work and an overall goal of 10% for MWBE participation, 5% for Minority-Owned Business Enterprises ("MBE") participation and 5% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Plumbing Work. The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 6% for the C trade contractor, 3% for the E trade contractor, 3% for the H trade contractor, and 3% for the P trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

PUBLIC NOTICE

Department of State Notice of Review of Request for a Brownfield Opportunity Area Conformance Determination

Project: Jamestown Brewery
Location: Chadakoin River Central-Eastern Brownfield Opportunity Area in the City of Jamestown

In accordance with General Municipal Law, Article 18 - C, Section 970-r, the Secretary of State designated the Chadakoin River Central-Eastern Brownfield Opportunity Area, in the City of Jamestown, on April 9, 2015. The designation of the Chadakoin River Central-Eastern Brownfield Opportunity Area was supported by a Nomination Study that identifies strategies to revitalize the area, which is affected by one or more known or suspected brownfield sites.

Pursuant to New York State Tax Law, Article 1, Section 21, the eligible taxpayer(s) of a project site located in a designated Brownfield Opportunity Area may apply for an increase in the allowable tangible property tax credit component of the brownfield redevelopment tax credit if the Secretary of State determines that the project conforms to the goals and priorities established in the Nomination document for that Brownfield Opportunity Area.

On January 6, 2023, GPatti Enterprises, LLC, submitted a request for the Secretary of State to determine whether their Jamestown Brewery project, which is located within the designated Chadakoin River Central-Eastern Brownfield Opportunity Area, conforms to the goals and priorities identified in the Chadakoin River Central-Eastern Brownfield Opportunity Area Nomination Study (July 2014).

The public is permitted and encouraged to review and provide comments on the request for conformance. For this purpose, the full application is available online at: <https://dos.ny.gov/2301-jamestown-brewery-boa-conformance-application>

Comments must be submitted no later than April 7, 2023, either by mail to: Virginia Ursitti, Department of State, Office of Planning and Development, 295 Main Street, Suite 821, Buffalo, NY 14203, or by email to: virginia.ursitti@dos.ny.gov

PUBLIC NOTICE

Department of State
F-2022-0853

Date of Issuance – March 8, 2023

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The City of Newburgh is proposing the construction of a satellite treatment facility, consisting of a floatables screening and chemical storage building, a disinfection contact tank, and a pipe outfall. Elevated Water Pollution Control Plant (WPCP) Influent sewer directs flow from the North and South Interceptors through the Facility, to the existing WPCP, and a new outfall will enable the facility to discharge treated combined sewage to the Hudson River.

The purpose of the project is to improve the City of Newburgh's wastewater treatment infrastructure to comply with their Long Term Control Plan (LTCP) Order on Consent with the NYS DEC related to the City's combined sewer systems compliance with the United States Environmental Protection Agency's Combined Sewer Overflow Control Policy. The floatable control and disinfection facility will remove debris larger than 2mm and provide disinfection for flows up to 40 mgd to reduce discharges from the City's existing permitted CSO outfalls discharging to the Hudson River without treatment. The project site is located on River Street in the City of Newburgh, Orange County on the Hudson River.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/system/files/documents/2023/01/f-2022-0853.pdf> or at <https://dos.ny.gov/public-notices>

PUBLIC NOTICE

Department of State
F-2022-0912

Date of Issuance – March 8, 2023

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2022-0912, Elizabeth J. Homan, is proposing to remove and dispose of existing 101' bulkhead. Construct a new 101' bulkhead in-kind, in-place. Construct 4' walkway along the landward side of the entire bulkhead. Install a 3' x 10' aluminum ramp leading to a 5' x 20' floating dock secured in-place by two anchor piles, 430 Fisherman's Beach Road, Town of Southold, Suffolk County, Mud Creek/Haywaters Cove.

The stated purpose of the proposed action is to allow for the residential waterfront bulkhead to remain functional and safe for the homeowner and to protect the upland property and to allow homeowners to berth and service the boat and enhance other water-dependent activities.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/system/files/documents/2023/02/f-2022-0912.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or April 7, 2023.

PUBLIC NOTICE

Department of State
F-2023-0034 (DA)

Date of Issuance March 8, 2023

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Army Corps of Engineers, New England District (USACE) has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The USACE's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York, or via download at: <https://dos.ny.gov/system/files/documents/2023/03/f-2023-0034damilfordharbor.pdf> or at <https://dos.ny.gov/public-notices>

The USACE New England District has submitted a consistency determination under the Coastal Zone Management Act § 307(c) and 15 CFR Part 930, Subpart C for maintenance dredging of the Milford Harbor Federal Navigation Project (FNP) in Milford, Connecticut.

As stated in the consistency determination: "The Milford Harbor FNP is located at the mouth of the Wepawaug River, situated on the north shore of Long Island Sound approximately 8 miles west of New Haven Harbor, and was authorized by the River and Harbor Acts of 1827, as amended. The FNP consists of two jetties at the entrance to the inner harbor; a 10-foot deep Mean Lower Low Water (MLLW) entrance channel extending from the outer harbor through the jetties; 8-foot deep MLLW channel continuing through the inner harbor to a point just upstream of the town wharf; and 10-foot and 8-foot deep MLLW anchorage basins located on the western side of the inner harbor channel."

"Silt and clay material from the inner harbor amounts to about 65,000-cy that is suitable for open-water placement and will be placed at the Central Long Island Sound Disposal Site (CLDS). Approximately 11,000-cy of material in the upper channel is unsuitable for open-water placement and will not dredged at this time. About 10,000-cy of sandy material removed from the entrance channel will be placed at the previously used Bayview Beach Nearshore site for the purpose of beach nourishment (Attachment 3). The proposed project is expected to take about five months to complete. Dredging of sandy material from the entrance channel and placement at the Bayview Beach nearshore site would be conducted from June 1 through January 31. Silt/clay material dredged from the inner harbor and placed at CLDS would occur from October 1 through January 31. Work is anticipated to take about five months to complete."

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., fifteen (15) days from the date of publication of this notice, or by Thursday, March 23, 2023.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Suite 1010, Albany, NY 12231, Telephone (518) 474-6000, Fax (518) 474-6572. Electronic submissions can be emailed to CR@dos.ny.gov
