INTRODUCTION

In compliance with § 159-n of the Executive Law, the New York State, Department of State (DOS) respectfully submits this annual report regarding the Community Services Block Grant (CSBG) program. As the CSBG administering agency for New York State, DOS, by and through its Division of Community Services (DCS) establishes goals and objectives to guide program evaluation, monitoring, and oversight.

This report summarizes the accomplishments of the New York State CSBG network, and the actions taken to facilitate and monitor the work of CSBG providers throughout Federal Fiscal Year (FFY) 2022, which covers the period October 1, 2021, to September 30, 2022.

When reviewing this report, please keep in mind that the service outcome data reported is from FFY 2021 (October 1, 2020 – September 30, 2021). The CSBG program reports outcome data on a one-year lag, as the US Department of Health and Human Services (HHS) review of the data delays final verification until the following Federal Fiscal Year.

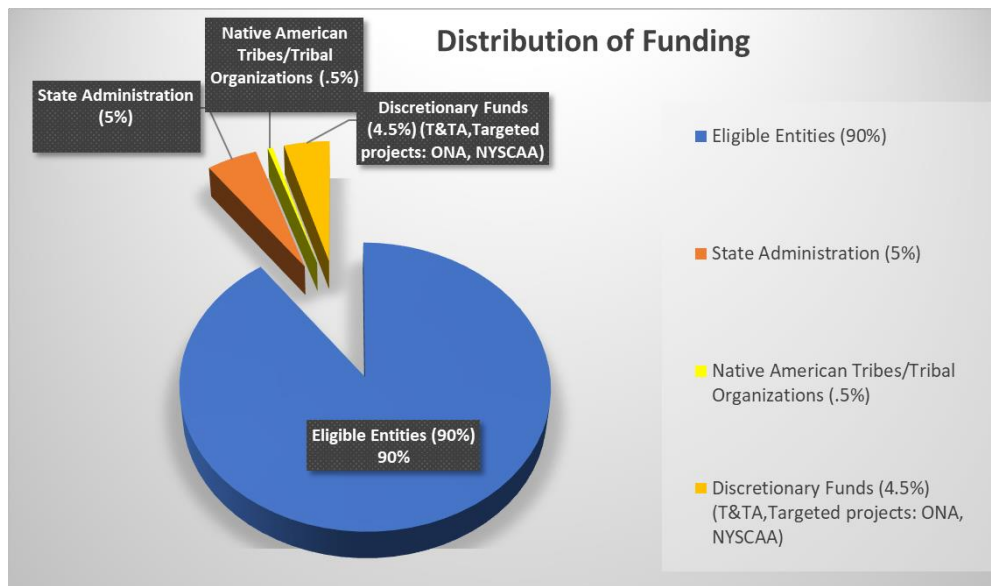

DISTRIBUTION OF CSBG FUNDING FFY 2022

For FFY 2022, New York State received an annual CSBG allocation of \$65,275,242. The Federal CSBG Act requires the State to distribute at least 90% (\$58,747,718) of the CSBG allocation directly to designated eligible entities (also known as Community Action Agencies or CAAs) in pre-determined proportionate amounts (see 42 USC § 9907).

The state is eligible to utilize 5% (\$3,263,763) of the CSBG allocation for administration of the program.

From the 4.5% of CSBG discretionary funding, \$2,647,000 was awarded to support innovative initiatives in workforce development, provide services for low-income immigrants, establish pilot projects to assist individuals re-entering the community from incarceration, family reunification, fatherhood education, and deliver training and technical assistance throughout the CAA network.

Of the .5% CSBG allocation, \$158,372 was awarded to Native American Tribes and Tribal Organizations, as required by New York State Executive Law § 159-i.

DISTRIBUTION OF CSBG DISCRETIONARY FUNDS

County/ Area Served	Program Name	FFY 2022 Allocation
Disaster Response		
Steuben and Yates Counties	Pro Action of Steuben and Yates, Inc.	\$ 109,000
Technical Assistance		
Statewide	New York State Community Action Association (NYSCAA), Inc.	\$ 350,000
Fulton/Montgomery County	Fulmont Community Action Agency, Inc.	\$ 38,000
Re-entry/Early Release		
Statewide	Wyoming Community Action, Inc	\$ 50,000
CSBG Discretionary Grant for Entitlement Agencies		
Statewide	CSBG Discretionary	\$2,100,000

DISASTER RELIEF (Pro Action of Steuben and Yates, Inc.)

In FFY 2022 DCS provided \$109,000 in funding to Pro Action of Steuben and Yates, Inc. This funding was used to implement an Emergency Flood Response Program to help low-income individuals with flood recovery assistance. On 8/19/2021, a natural disaster declaration was issued for Steuben County following a post-tropical cyclone which created hazardous conditions impacting the community. This program assisted over 100 low-income individuals affected by the flood. Disaster relief recipients obtained assistance with furnace repair/replacement, home flood damage repair, and other flood related losses.

TECHNICAL ASSISTANCE (New York State Community Action Association, Fulmont Community Action Agency, Inc.)

In FFY 2022 DCS provided \$350,000 to provide training and technical assistance to the CAA network.

In FFY 2022 DCS provided \$38,000 in funding to Fulmont Community Action Agency, Inc. This funding enabled the agency to prepare for a federally mandated audit and successfully complete the audit with no findings.

RE-ENTRY/EARLY RELEASE (Wyoming County Community Action, Inc., Wyoming Shield Project)

In FFY 2022 DCS provided \$50,000 in funding to Wyoming County Community Action, Inc. for the Wyoming Shield Project. This project focused on addressing the high rate of incarceration resulting from crime associated with substance abuse and the negative impact it has on families within Wyoming County. To participate in the Wyoming Shield Project the families acknowledged a history of instability due to incarcerated family members. These families received support to address the associated trauma with transitioning back to society and preventing recidivism. This project addressed the pervasive issues of re-entry and family reunification by providing support to incarcerated individuals and their families.

CSBG DISCRETIONARY GRANT FOR ENTITLEMENT AGENCIES (Statewide)

In FFY 2022 DCS provided \$45,000 to each of the 45 private CAAs. This funding gave CAAs the opportunity

to enhance their agency IT systems, assist customers with beneficiary costs (rent/utility payments, security deposits, clothing, food, and transportation assistance), purchase back-to-school supplies (K-12 and college), and arrange CSBG staff trainings.

DISTRIBUTION OF CARES FUNDING

The Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 authorized the U.S. Department of Health and Human Services’ CSBG program to prepare, prevent and/or respond to COVID-19. The CARES Act provided \$86,780,939 to New York State, 90% (\$78,102,876) of which was allocated directly to CAAs in specific proportionate share amounts (see 42 USC § 9907). Additionally, 5% (\$4,339,047) of the allocation was budgeted for the State’s administration of the program. Of the remaining allocation, 4.5% (\$3,905,111) was made available to support the innovative initiatives listed in the chart below and up to .5% (\$433,905) was made available to Native American Tribes and Tribal Organizations, as required by New York State Executive Law § 159-i.

The CARES Act related funding period ended on September 30, 2022. In total, New York State programs expended 95% of available CARES funding (\$82.6 million of the available \$86.7 million).

IMMIGRANT COVID SUPPORT (Neighbors Link Corp.)

In FFY 2022 DCS provided \$250,000 in CARES funding to Neighbors Link Corp. to support low-income immigrants in Westchester County. This funding enabled Neighbors Link Corp. to prepare for and respond to COVID-19 related issues. Activities funded under this contract included education and outreach on COVID-19, as well as resources about, scheduling of, and transportation to vaccine appointments.

IMMIGRANT REENTRY SERVICES (Exodus Transitional Community, Inc.)

In FFY 2022 DCS provided \$250,000 in CARES funding to Exodus Transitional Community, Inc. The primary objective was to facilitate immigrants' reintegration into the community. More than 50 people obtained a job and/or source of income and almost 200 people participated in workshops to connect with their peers. Additionally, Exodus assessed each participants' health status/risk of COVID-19 exposure and helped more than 300 individuals obtain basic needs (food, personal protective equipment, hygiene kits, clothes, health referrals, etc.).

MOBILE OUTREACH FOR STUDENTS (On Point for College, Inc.)

In FFY 2022 DCS provided \$250,000 in CARES funding to On Point for College, Inc. This funding enabled On Point to establish a Mobile Outreach Program that assisted students' transition to a remote learning environment during the pandemic. The Mobile Outreach Program provided educational tools/services to new and currently enrolled students to continue their college education.

PRISON TO COLLEGE (The Research Foundation of City University of New York (CUNY) on behalf of John Jay College)

In FFY 2022 DCS provided \$150,000 in CARES funding to John Jay College. This funding supported the prison education system to be administered remotely by John Jay Institute for Justice and Opportunity. The program worked to lower recidivism and assist individuals with becoming contributing members of their respective communities and achieving self-sufficiency.

RE-ENTRY/EARLY RELEASE (The Osborne Association, Inc., The Fortune Society, Inc., Center for Alternative Sentencing and Employment Services, Inc., Economic Opportunity Commission of Nassau County, Inc.)

In FFY 2022 DCS worked with the New York State Department of Corrections and Community Supervision to develop a request for applications to provide assistance to incarcerated individuals that were released early and during the COVID-19 pandemic. \$600,000 in CARES funding was available to four not-for-profit agencies to support this population through a range of services such as providing referrals and access to health and mental health care services, job training programs, and employment.

HEALTHCARE EMPLOYEE INITIATIVE (Action for a Better Community, Inc., Albany County Opportunity, Inc., Schenectady Community Action Program, Inc.)

In FFY 2022 DCS provided \$2.5 million in CARES funding to the Healthcare Employee Initiative. Three CAAs were funded to maintain partnerships with local community colleges and healthcare facilities,

assisting participants with alleviating barriers to entering healthcare professions, while addressing the impacts of COVID-19.

Through this initiative, the workforce development programs included resume writing and interview preparation workshops, provided continuous professional development support through case management services, and assisted with incidental costs (rent, utilities, educational supplies).

This initiative reached more than 1,200 program participants. Individuals participating in healthcare training assistance received direct assistance in completing their healthcare related training and/or achieved gainful employment in the healthcare field.

FAITH BASED INITIATIVE (Mount Vernon Heights Community Development, Inc.)

In FFY 2022 DCS provided \$50,000 in CARES funding to Mount Vernon Heights Community Development, Inc. The project worked with faith based not-for-profit organizations located in Westchester County and assisted them with obtaining their 501(c)(3) IRS status, building organizational capacity, and gaining access to resources. This ultimately enabled them to provide critical services to their community (e.g., food assistance, job referrals, emergency assistance, etc.).

NEW YORK STATE OFFICE FOR NEW AMERICANS, IMMIGRATION AND REFUGEE SERVICES

In a continuing partnership with the New York State Office for New Americans (ONA), NYS DOS helped low-income immigrants access services. The following chart reflects the terms of the contract which covers FFY 2021 and FFY 2022.

NORTH COUNTRY IMMIGRANT RESOURCE COORDINATOR

In FFY 2022, \$100,000 was made available to this program serving Clinton and Franklin Counties. The program funded a dedicated staff person to serve as the ONA North Country Immigrant Resource Coordinator. In this role, the ONA Immigrant Resource Coordinator provided case management to immigrants/refugees, coordinated resource referrals, conducted outreach, and enhanced services to immigrants in the North Country Region.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) OPPORTUNITY CENTERS

In FFY 2022, \$1.6 million was made available to 21 selected partner organizations to serve as ESOL Opportunity Centers. These centers provided English language education services to qualified individuals across New York State.

PROFESSIONAL PATHWAYS – ONA JOB COACH

In FFY 2022, \$1,073,971 was made available to NYS Professional Pathways program. This program gave high-skilled immigrants the opportunity to address barriers and challenges associated with obtaining employment. Assistance included professional development support through the employment pre-screening process, additional skill training, and re-credentialing to maintain employment. The Professional Pathways program directly assisted with job placement opportunities for low-income immigrants in regions across New York State.

ONA NAVIGATOR PROGRAMS

In FFY 2022, \$634,528, was made available to eight non-profit agencies across New York State. The ONA Navigator programs continue to work to maintain a grassroots network of individuals who help to link those most in need with immigration-related services and information.

NEW AMERICANS CAN CODE

In FFY2022, \$149,000 was made available to offer additional basic digital literacy classes and software training courses to low-income immigrants, particularly those impacted by the COVID-19 pandemic. This initiative provided access to digital literacy education and advanced software training for qualified low-income immigrants.

THE CSBG NETWORK: PROGRAM AND FISCAL OVERSIGHT

DOS staff conduct routine monitoring of all CSBG-funded entities. The chart below provides a snapshot of the monitoring activities conducted by DOS in association with virtual and on-site visits to CAAs and other CSBG-funded subrecipients during FFY 2022. These activities include attendance at board meetings, review of board related documents, program and fiscal monitoring, and assistance in the development of work plans and required reports.

Oversight Activities	FFY 2022
Site visits (both on-site and virtual), board reviews, program and fiscal assessments, contract assistance, and annual desk review for compliance with organizational standards.	305
Training and technical assistance (T/TA) including compliance with national standards which encompass planning, governance, human resources, fiscal management, data management, and service delivery.	124 (All 47 subrecipients and 1 Native American tribe received assistance multiple times)
Triennial reviews conducted (via Triennial Review and Assessment for Compliance with Standards (TRACS))	16
Annual Reviews (via Annual Compliance Review of Organizational Standards (ACROS))	31

Federal law requires CSBG States to conduct one full on-site review of each designated CAA at least once every three years (see 42 USC § 9914). For this purpose, DOS developed the Triennial Review and Assessment for Compliance with Standards (TRACS) tool. Based in part on the national CSBG Organizational Standards, this triennial review process focuses on the areas of planning, community partnerships and involvement, governance and organizational leadership, personnel administration, fiscal and internal controls, data collection and reporting. Included within the review are written recommendations intended to promote feedback and continuous quality improvement. All DOS recommendations made during the TRACS are ultimately consolidated into a Technical Assistance Plan (TAP) developed by DOS and the CAAs.

In FFY 2022, DOS continued to use a risk-based assessment tool for CSBG eligible entities. This tool allows DOS to assess risk associated with performance. A major focus for technical assistance in FFY 2022 continued to be compliance with national CSBG Organizational Standards (instituted by the U.S. Department of Health and Human Services (HHS) in 2016), as well as continuous review of CARES expenditure rates and funding utilization.

DOS offers all CSBG-funded entities opportunities for training and technical assistance (T/TA). Technical assistance needs are often identified during the contracting process, monitoring reviews, or during a triennial assessment. In addition to the training and technical assistance provided directly by DOS staff, subrecipients are offered T/TA through the State's contract with the New York State Community Action Association (NYSCAA). This year, NYSCAA focused on training the network in Results Oriented Management and Accountability (ROMA), social justice issues, motivational interviewing, supporting the mental health of the Community Action staff, and provided technical assistance as needed. Through this partnership with NYSCAA the ROMA Alliance workgroup created template Community Action Plans for CAAs. These templates support ongoing efforts to address the identified needs in their communities. Additionally, over the past year, 10 individuals became certified ROMA Implementers. This partnership supports a significant push from HHS to address and understand the data needs, and the use of data for analysis and continual improvement of outcomes tied to the use of CSBG funds. T/TA efforts are strengthened through calls with agency Executive Directors. These calls allow DOS staff to better assess the needs of the CAAs and offer direct support.

Pursuant to the Federal CSBG Act, DCS requires that eligible entities incorporate the Federal Poverty Line (FPL) as a criterion of eligibility in their administration of the CSBG program. Congressional action has allowed states to increase the eligibility threshold to 200% of the FPL through the end of FFY 2023. CSBG subrecipients are allowed to extend programs, services and activities to households up to 200% of the FPL. Through monitoring and the provision of T/TA, DOS works with eligible entities to ensure that the federal requirement regarding use of the poverty line as a criterion of eligibility is incorporated into intake procedures and program planning.

REPORTING PERFORMANCE OUTCOMES

The community action network continues to work diligently to improve the lives of our State's most vulnerable residents. Through a core network of 45 private and 2 publicly designated CAAs a range of services are provided to meet the needs of low-income New Yorkers in all of New York's 62 counties.

The CSBG Annual Report is a data reporting system, administered by the National Association for State Community Services Programs (NASCS) and supported by the HHS Office of Community Services (OCS). This collection system emphasizes reporting performance outcomes that demonstrate the strength of the CSBG network on a national level. The data provided by CAAs for FFY 2021 now includes the number of individuals served, along with those that achieved significant outcomes in each domain.

For this report service counts are inclusive of both CSBG, and CARES funded initiatives. The statistics for FFY 2022 (October 1, 2021, through September 30, 2022) are expected to be available later this year, which will be reflected in the FFY 2023 (October 1, 2022, through September 30, 2023) Annual Report to the Governor and Legislature.

Service Domain & Domain Outcomes	Description	Services Provided to Individuals in FFY 2021*
Employment	Participants who obtained support which reduced or eliminated barriers to employment, secured a job, obtained an increase in employment income, or achieved “living wage” employment and benefits.	49,523*
