

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Capital District

Applicant: Athens (V)
CFA Number: 129606
Award Amount: \$75,000
Project Name: Village of Athens Local Waterfront Revitalization Program Update

Project Description:

The Village of Athens will update its 2002 Local Waterfront Revitalization Program to balance sustainable development with resilient growth along its Hudson River waterfront. The Update will build on the Village's 2020 Comprehensive Plan and Resilience Vision to further address smart growth, resiliency, sustainability, downtown revitalization, and expansion of public access.

Applicant: Horicon (T)
CFA Number: 128914
Award Amount: \$56,250
Project Name: Brant Lake Watershed Management Plan

Project Description:

The Town of Horicon, in partnership with the Brant Lake Association, will develop a Watershed Management Plan for Brant Lake. The Plan will identify strategies and policy recommendations to address threats to water quality including invasive species, road salt pollution, aging and failing septic systems, climate change, and harmful algal blooms.

Applicant: Stillwater (T)
CFA Number: 128399
Award Amount: \$64,575
Project Name: Saratoga Lake Water Quality Study Implementation

Project Description:

The Town of Stillwater will begin to implement the Saratoga Lake Water Quality Study by designing and constructing rain gardens and interpretative signage at Browns Beach and Stillwater Glen Hollow Park. These enhancements will improve water quality of Saratoga Lake by reducing stormwater runoff and nutrient loading.

Applicant: Troy (C)
CFA Number: 128446
Award Amount: \$100,000
Project Name: City of Troy Local Waterfront Revitalization Program

Project Description:

The City of Troy will develop a Local Waterfront Revitalization Program (LWRP) to address smart growth, resiliency and sustainability. The LWRP will identify a vision and guide development for the City's eight-mile Hudson River waterfront and align with the recently completed zoning update "ReCode Troy".

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Central New York

Applicant: Canastota (V)
CFA Number: 130567
Award Amount: \$127,536
Project Name: Revitalize Canastota Design Phase II

Project Description:

The Village of Canastota will complete final designs for improvements to revitalize its downtown corridor along the Old Erie Canal between North Main Street and Diamond Street. The project will advance the Old Erie Canal Local Waterfront Revitalization Program by setting the stage for downtown investments to increase public waterfront access, boating and fishing amenities, walkability, economic development, and tourism.

Applicant: Madison (Co)
CFA Number: 128351
Award Amount: \$72,500
Project Name: Oneida Lake Nine Element Plan Phase II

Project Description:

Madison County in partnership Central New York Regional Planning and Development Board will continue their collaboration on the Oneida Lake Watershed Nine Element Plan. The Plan will update a 2004 Management Plan to quantify nutrient loading across the watershed. This community-driven plan will use advanced modeling to analyze watershed conditions, ensuring that resources are targeted to produce the greatest improvements to water quality.

Applicant: Onondaga (Co)
CFA Number: 127071
Award Amount: \$60,000
Project Name: Otisco Lake Watershed Management Plan Update

Project Description:

Onondaga County will update the 2014 Otisco Lake Watershed Management Plan to incorporate current conditions and expected impacts from climate change and invasive species. Otisco Lake is an important drinking water source as well as a recreational asset for Onondaga County and the region, the Plan will help ensure the use and enjoyment of the lake for future generations.

Applicant: Salina (T)
CFA Number: 130476
Award Amount: \$68,000
Project Name: Town of Salina and Village of Liverpool Local Waterfront Revitalization Program

Project Description:

The Town of Salina and Village of Liverpool will develop a joint Local Waterfront Revitalization Program (LWRP) for enhancing public access to Onondaga Lake, Lake Park, and Long Branch Park. The LWRP will create a thoughtful plan to guide protection of the fragile ecology and water quality, improve recreational opportunities, enhance connectivity conditions along Old Liverpool Road and the County's Loop the Lake Trail, and support the local economy.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Schroepfel (T)
CFA Number: 131137
Award Amount: \$106,250
Project Name: Town of Schroepfel Local Waterfront Revitalization Program
Project Description:

The Town of Schroepfel will prepare a Local Waterfront Revitalization Program (LWRP) for its Oswego and Oneida River waterfronts. The LWRP will develop a comprehensive vision and strategy to increase waterfront public use and public spaces, create recreational amenities, and provide direction for future projects that will realize the potential of the Town's waterfront as a true community asset.

Applicant: Syracuse (C)
CFA Number: 131128
Award Amount: \$1,125,000
Project Name: Syracuse Inner Harbor Park Construction
Project Description:

The City of Syracuse will construct renovations at the Syracuse Inner Harbor Park to enhance recreational opportunities for residents and visitors. This project will begin to implement the vision of the City's draft Local Waterfront Revitalization Program by transforming this underutilized park into a waterfront destination which complements ongoing public and private investments in the Inner Harbor.

Finger Lakes

Applicant: Arcade (V)
CFA Number: 130933
Award Amount: \$97,750
Project Name: Village of Arcade Local Waterfront Revitalization Program
Project Description:

The Village of Arcade will develop a Local Waterfront Revitalization Program to establish a community vision and strategic plan for their Cattaraugus Creek waterfront, which runs through the heart of the Village. Strategies identified in the program will improve public access to the Creek, create multi-modal connections between the waterfront and downtown, flood mitigation through green infrastructure, water quality protection, and help generate economic investment in the community.

Applicant: Canandaigua (C)
CFA Number: 128023
Award Amount: \$62,625
Project Name: Engineering Study for Upgrades to Increase Resiliency of the Canandaigua Lake Outlet Gates
Project Description:

Implementing the 2014 Update to the Canandaigua Waterfront Lake Watershed Management Plan, the City of Canandaigua, the Canandaigua Lake Watershed Council and its partners, will complete an engineering study of the Canandaigua Lake outlet gates to address flood resiliency and protect the many vital uses of the lake in the face of a changing climate. The Study will identify upgrades necessary for long-term watershed resiliency.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Canandaigua (C)
CFA Number: 127846
Award Amount: \$66,975
Project Name: Lagoon Park Accessible Kayak Launch

Project Description:

The City of Canandaigua and the Canandaigua Lake Watershed Council will complete design and installation of an ADA-compliant, accessible kayak launch at the Lagoon Park on Canandaigua Lake. This project implements the Canandaigua Lake 9E Plan and the 2014 Update to the Canandaigua Waterfront Lake Watershed Management Plan by increasing public access and connectivity along the Canandaigua Lake Water Trail, promoting water-dependent recreation, and supporting watershed-based tourism.

Applicant: Geneva (T)
CFA Number: 127272
Award Amount: \$102,000
Project Name: Marsh Creek Floodplain Restoration Design

Project Description:

Implementing the Seneca-Keuka Watershed 9E Plan, the Town of Geneva and the Seneca Watershed Intermunicipal Organization will prepare designs to restore a degraded 22-acre parcel of land adjoining Marsh Creek. Design goals will focus on addressing flooding and stormwater issues, improving floodplain connection and water quality, in addition to providing educational and passive recreational amenities.

Applicant: Henrietta (T)
CFA Number: 129843
Award Amount: \$112,500
Project Name: Towpath Village and Canalside Park Master Plan

Project Description:

To begin implementing its draft Local Waterfront Revitalization Program, The Town of Henrietta will prepare the Towpath Village and Canalside Park Master Plan to guide appropriate development and creation of a new public park along the Erie Canal. The preliminary design and engineering will be based on a comprehensive assessment of the site conditions, local and regional needs, public input, and feedback from permitting agencies.

Applicant: Newark (V)
CFA Number: 130041
Award Amount: \$50,000
Project Name: Village of Newark Local Waterfront Revitalization Program

Project Description:

The Village of Newark will develop a Local Waterfront Revitalization Program (LWRP) for its Erie Canal waterfront. The LWRP will identify and address shoreline erosion, flooding, water quality, and public access issues and propose stormwater management improvements and recreation opportunities enhancements that foster job creation and economic investment in the community and the Finger Lakes Region.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Penfield (T)
CFA Number: 129517
Award Amount: \$624,000
Project Name: LaSalle's Landing Park Comfort Facility
Project Description:

Town of Penfield will design and construct a comfort facility at LaSalle's Landing Park including a public restroom and open-air pavilion. The project advances the goals of the Town's Local Waterfront Revitalization Program by providing additional amenities to improve park visitors experience and enhancing public access along Irondequoit Bay.

Applicant: Rochester (C)
CFA Number: 128253
Award Amount: \$975,000
Project Name: Maplewood Park Site Improvements Construction
Project Description:

The City of Rochester will construct site improvements at Maplewood Park along the Genesee River to support the development of the Maplewood Nature Center, a state-of-the-art recreational and educational facility that will offer an array of nature based programming. Work will advance the City's Local Waterfront Revitalization Program goals of increasing recreational amenities at city parks and fostering a greater connection to nature within the urban environment.

Long Island

Applicant: Brookhaven (T)
CFA Number: 130164
Award Amount: \$294,312
Project Name: Town of Brookhaven North Shore Local Waterfront Revitalization Program and Harbor Management Plan

Project Description:
The Town of Brookhaven will complete development of its Local Waterfront Revitalization Program by including planning for its north shore, resulting in a comprehensive program that covers the town's entire coastal area. The project will develop a community-based vision for appropriate waterfront development and harbor management and identify sustainable projects to mitigate coastal erosion, promote strong tourism and aquaculture industries, and climate resiliency for the bayfront area.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: East Hampton (T)
CFA Number: 129195
Award Amount: \$600,000
Project Name: Sustainable Planning in Coastal Communities: Risk Reduction, Revitalization and Restoration

Project Description:

Building upon their Local Waterfront Revitalization Program, the Town of East Hampton will develop a proactive plan for the Montauk business district to achieve sustainable revitalization that supports a year-round, resilient community. Planning will include community-supported options for building and zoning code updates, strategies for reducing coastal hazards and climate risk vulnerability, and restoring natural resources to protect vital economic infrastructure and the tourism industry.

Applicant: Huntington Bay (V)
CFA Number: 130400
Award Amount: \$59,454
Project Name: Village of Huntington Bay Local Waterfront Revitalization Program Completion

Project Description:

The Village of Huntington Bay will complete the preparation of its Local Waterfront Revitalization Program (LWRP) for its sixty-one miles of Long Island Sound waterfront. The LWRP will address public access and recreational opportunities, protection of local natural, cultural, and scenic resources, and identify goals and recommend strategies and projects that will make the waterfront more resilient to sea-level rise, extreme weather events, runoff, flooding, and shoreline erosion.

Applicant: Northport (V)
CFA Number: 129612
Award Amount: \$112,500
Project Name: Village of Northport Local Waterfront Revitalization Program

Project Description:

The Village of Northport will prepare a Local Waterfront Revitalization Program (LWRP) for the Northport Harbor coastal area, an embayment of the Long Island Sound. The LWRP will develop the community vision for a sustainable, resilient waterfront community and provide a framework for the protection of crucial resources, address climate change and sea level rise adaptation, improve water quality, advance downtown revitalization, expand public access, and incorporate smart growth principles.

Applicant: Southold (T)
CFA Number: 128036
Award Amount: \$379,125
Project Name: Bay to Sound Integrated Trails Initiative Phase 4

Project Description:

The Town of Southold will implement Phase 4 of the Bay to Sound Trails Initiative, aimed at developing trailways connecting the Peconic Bay to the shores of Long Island Sound. The project will include ADA trails, habitat restoration including developing right sizing plans for a tidal culvert, educational materials, blueway signage and trail markings, and infrastructure improvements.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Suffolk (Co)
CFA Number: 131089
Award Amount: \$75,000
Project Name: The Long IslandAR Blueway Trail Portal

Project Description:

Suffolk County will develop the Long IslandAR Portal and mobile app which will function as a county-wide field guide to Suffolk County's Blueway Trail. Users will be able to use their phones to see trail routes, distance markers and wayfinding information while on Suffolk County's waterways (its Blueway) and for accessing these waterways by walking or biking via the County's pedestrian and bicycle network.

Mid-Hudson

Applicant: Haverstraw (V)
CFA Number: 128888
Award Amount: \$50,150
Project Name: Village of Haverstraw Local Waterfront Revitalization Program Update Completion

Project Description:

The Village of Haverstraw will complete an update of its 2005 Local Waterfront Revitalization Program (LWRP). The LWRP addresses emerging issues and needs in the Village's Hudson River waterfront area, incorporates the goals, objectives, and policies of the 2021 Comprehensive Plan and the Downtown Revitalization Initiative, develops a new harbor management plan and addresses resiliency and adaptation to climate change, storm surges, extreme weather, and sea level rise.

Applicant: Kingston (C)
CFA Number: 127478
Award Amount: \$552,500
Project Name: Kingston Point Wetland Restoration and Public Access Improvements

Project Description:

The City of Kingston will restore wetlands and construct a public access point to the water at the confluence of the Rondout Creek and Hudson River. The project will advance the goals of the City's Local Waterfront Revitalization Program by enhancing resiliency and providing access to a unique riverine habitat. Work includes demolition of two condemned City-owned houses in the flood zone and construction of a small parking area, a boardwalk, and pier with educational interpretive signage.

Applicant: Nyack (V)
CFA Number: 129061
Award Amount: \$417,276
Project Name: Memorial Park Shoreline Pathway

Project Description:

The Village of Nyack, implementing its Local Waterfront Revitalization Program, will design and construct the Memorial Park section of its waterfront pathway along the Hudson River, from the Park's gazebo north to the Inlet Bridge, connecting Memorial Park to the Village Marina. The project will install park amenities, an ADA-compliant shoreline walkway, and utilize materials and new landscaping to stabilize the shoreline making it more resilient to storm surge and climate change impacts.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Poughkeepsie (C)
CFA Number: 129170
Award Amount: \$765,150
Project Name: Fall Kill Blueway Waterfront Design Guidelines

Project Description:

The City of Poughkeepsie, in partnership with Northside Collaborative, will prepare Fall Kill Blueway Waterfront Design Guidelines to inform future waterfront projects. The project will implement the City's Local Waterfront Revitalization Program by developing specific design strategies to address deteriorating flood and retaining wall conditions, mitigate flood risk, improve biodiversity and waterway health, and increase public space along the waterfront.

Applicant: Sleepy Hollow (V)
CFA Number: 128627
Award Amount: \$259,777
Project Name: Ichabod's Landing Public Access Improvements

Project Description:

The Village of Sleepy Hollow will implement its Local Waterfront Revitalization Program by constructing public access improvements along the recently rehabilitated Ichabod Landing Bulkhead located on the Hudson River. Improvements will include landscaping, lighting, site amenities, and decorative pavers to transform the bulkhead into a waterfront promenade and provide a connection to the RiverWalk.

Applicant: Sleepy Hollow (V)
CFA Number: 128312
Award Amount: \$2,400,000
Project Name: Sleepy Hollow Commons Access and Recreation Improvements

Project Description:

The Village of Sleepy Hollow will advance the goals of its Local Waterfront Revitalization Program by transforming the east parcel of the General Motors site into a meaningful public space that serves as a lynchpin of local trail and transit connections, linking community assets along the Hudson River waterfront. This project includes design and construction of a waterfront promenade, on-street parking and street lighting improvements, a community garden, and racket sport courts.

Applicant: Tivoli (V)
CFA Number: 130880
Award Amount: \$50,000
Project Name: Village of Tivoli Local Waterfront Revitalization Program Amendment Completion

Project Description:

The Village of Tivoli will complete the update of their 1991 Local Waterfront Revitalization Program. This update will serve as the guide for Tivoli's critical resources and climate change initiatives, address resiliency and climate adaptation, encourage improved Hudson River connections, and support economic growth.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Mohawk Valley

Applicant: Amsterdam (C)
CFA Number: 127424
Award Amount: \$2,500,000
Project Name: Amsterdam Southside Boardwalk Construction

Project Description:

The City of Amsterdam will construct a boardwalk along the southside of the Erie Canal and Mohawk River. The project will implement the City's Local Waterfront Revitalization Program and Downtown Revitalization Initiative Strategic Plan by creating a new public gathering space for arts, entertainment, and recreation on a vacant and underutilized site attracting visitors and locals to the waterfront and southside businesses.

Applicant: Cooperstown (V)
CFA Number: 129336
Award Amount: \$503,456
Project Name: Otsego Lake Watershed Nine Element Plan

Project Description:

The Village of Cooperstown, in partnership with other watershed municipalities, non-profit organizations, and community stakeholders, will develop a Nine Element Watershed Management Plan for Otsego Lake. The Plan will engage the community in a discussion of vision and goals, complete a quantitative analysis of pollutant loading, identify sources of pollutants affecting the lake, and prioritize recommendations for water quality improvement.

New York City

Applicant: New York City Department of City Planning
CFA Number: 129900
Award Amount: \$292,720
Project Name: Waterfront Action Agenda

Project Description:

The NYC Department of City Planning will develop a Waterfront Action Agenda to track and inform New Yorkers about waterfront initiatives that advance the goals of the 2021 New York City Comprehensive Waterfront Plan (CWP). The Agenda will detail accomplishments and next steps the City will take to deliver on the goals of each of the CWP's topic areas - climate resiliency and adaptation, waterfront public access, economic opportunity, water quality and natural resources, ferries, and governance.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: New York City Department of Parks and Recreation
CFA Number: 130768
Award Amount: \$483,801
Project Name: Wetland Mitigation Program Development
Project Description:

The NYC Department of Parks & Recreation, in consultation with sister agencies and regulatory partners, will research and propose a new wetland mitigation program that will facilitate regulatory compliance and improve wetland mitigation outcomes for waterfront projects. This proposal will focus on public projects and mitigation on City parkland with the goal of increasing predictability and maximizing benefits of coastal resiliency.

North Country

Applicant: Canton (T)
CFA Number: 129361
Award Amount: \$81,986
Project Name: Town and Village of Canton Local Waterfront Revitalization Program
Project Description:

The Town of Canton, in partnership with the Village of Canton, will develop a joint Local Waterfront Revitalization Program (LWRP) for their Grasse River waterfront. The LWRP will address development needs, waterfront access, protection of natural and cultural resources, erosion and flooding concerns, and recreational opportunities.

Applicant: Clayton (V)
CFA Number: 126775
Award Amount: \$90,000
Project Name: Village and Town of Clayton Local Waterfront Revitalization Program Update
Project Description:

The Village and Town of Clayton will update their joint Local Waterfront Revitalization Program (LWRP) for their ten-mile stretch of waterfront along the St. Lawrence River. The LWRP will develop an updated vision and strategy for the waterfront, allowing the community to continue to grow and improve community resiliency, while also protecting their valuable natural resources.

Applicant: Potsdam (V)
CFA Number: 128659
Award Amount: \$202,650
Project Name: Sandstoner Park Recreation Center Design
Project Description:

The Village of Potsdam will prepare design plans to overhaul and expand its 50-year-old Pine Street Arena located adjacent to the Raquette River. The project will advance the goals of Village's Downtown and Waterfront Revitalization Plan by enabling Potsdam to improve recreational facilities and support the local economy by hosting year-round regional athletic events and competitions.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Saranac Lake (V)
CFA Number: 128208
Award Amount: \$894,937
Project Name: Baldwin Park Revitalization

Project Description:

The Village of Saranac Lake will construct improvement to revitalize Baldwin Park on Lake Flower, part of the Saranac River. This project will implement the Village’s Local Waterfront Revitalization Program and Downtown Revitalization Initiative Strategic Plan by improving waterfront access and increasing recreation opportunities while preserving natural features, updating facilities, providing multimodal transportation access, and promoting interpretive education.

Applicant: Tupper Lake (V)
CFA Number: 127511
Award Amount: \$533,500
Project Name: Flanders Park Improvements

Project Description:

The Village of Tupper Lake will design and construct improvements at Flanders Park along its waterfront. The Project will implement the Village’s Waterfront Master Plan, Local Waterfront Revitalization Program, and Downtown Revitalization Initiative Strategic Plan goals by improving park accessibility for those with mobility challenges, upgrading the adjacent streetscape, and expanding recreational amenities to enhance visitor experience and allow the Village to host regional events year round.

Applicant: Waddington (V)
CFA Number: 130580
Award Amount: \$90,000
Project Name: Village and Town of Waddington Local Waterfront Revitalization Program Update

Project Description:

The Village and Town of Waddington will update their joint Local Waterfront Revitalization Program to guide appropriate development along their St. Lawrence River waterfront. The Update will address community challenges including becoming more resilient to water level changes, identify potential uses for underutilized land and potential projects to create a vibrant waterfront, improve connectivity, and promote economic investment and revitalization of Waddington's downtown and waterfront.

Applicant: Wilmington (T)
CFA Number: 129388
Award Amount: \$320,643
Project Name: West Branch Sediment Study and Restoration Plan

Project Description:

The Town of Wilmington, in partnership with the Ausable River Association, will advance the Ausable River Watershed Management Plan by creating an actionable plan for building flood resilience in the West Branch Ausable River. The project will assess restoration potential, identify causes of river sedimentation and dysfunction, and outline projects to reduce bank erosion, restore river and fishery integrity, and protect communities and their infrastructure in the face of a changing climate.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Southern Tier

Applicant: Pulteney (T)
CFA Number: 128209
Award Amount: \$135,000
Project Name: Keuka Lake Level Management Study

Project Description:

To advance the goals of the Seneca-Keuka Watershed Nine Element Plan for Phosphorous, the Town of Pulteney with the Seneca-Keuka Watershed Partnership Group, will prepare a study to modernize Keuka Lake level management. Planning will develop a predictive water level response model tool to inform water release management decisions and a feasibility study on infrastructure improvement and predicative model integration needs for the Penn Yan gate structure.

Applicant: Watkins Glen (V)
CFA Number: 126692
Award Amount: \$90,750
Project Name: Seneca-Keuka Watershed Water Quality Protection Manual

Project Description:

The Village of Watkins Glen, in partnership with Seneca-Keuka watershed specialists, local and regional planners, will develop holistic water quality protection guidance material supporting watershed municipal officials and staff. Technical documents, digital content, and direct engagement will collectively increase the capacity of municipalities to identify, develop, and execute water quality and resiliency improvement opportunities as proposed by the Seneca-Keuka Watershed Nine Element Plan.

Western New York

Applicant: Buffalo (C)
CFA Number: 129036
Award Amount: \$104,795
Project Name: Buffalo Waterfront Connectivity Preliminary Design

Project Description:

The City of Buffalo will develop preliminary design of four intersections along Tonawanda Street to improve safety, accessibility, connectivity, speed reduction, wayfinding, green infrastructure, transit and bicycle facilities, and pedestrian traffic signals. The project will implement the City's Local Waterfront Revitalization Program and RiverRock Connections Plan by better connecting neighborhoods to the historic Riverside Park and the City's extensive waterfront trail system.

**New York State Department of State
2023-2024 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Middleport (V)
CFA Number: 130203
Award Amount: \$79,400
Project Name: Middleport Canal Dock Improvements Phase II
Project Description:

The Village of Middleport will complete implementation of the Canal Dock improvements including upgraded electrical and water service, and site amenities. This project will continue the implementation of the Village's Local Waterfront Revitalization Program by enhancing the Erie canal front dock space to better accommodate more vessels and to connect boaters from other regions to the Middleport community.

Applicant: Wilson (V)
CFA Number: 128644
Award Amount: \$56,250
Project Name: Village of Wilson Local Waterfront Revitalization Program
Project Description:

The Village of Wilson will develop a Local Waterfront Revitalization Program (LWRP) for its Lake Ontario waterfront. The LWRP will address underutilized or deteriorated areas and plan for their sustainable revitalization, plan for mixed land uses, development opportunities and downtown revitalization, explore brownfield reuse, and identify enhancements to public access and recreation opportunities, while protecting natural resources.
