Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

NOTICE OF ADOPTION

Expansion of Eligibility for Child Care Assistance Program

I.D. No. CFS-42-23-00002-A

Filing No. 487

Filing Date: 2024-05-23

Effective Date: 2024-06-12

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Parts 404 and 415 of Title 18 NYCRR.

Statutory authority: Social Services Law, sections 20, 34, 410, 410-u, 410-w and 410-x; L. 2023, ch. 56

Subject: Expansion of eligibility for child care assistance program.

Purpose: To implement changes to the child care assistance program set forth in chapter 56 of the Laws of 2023.

Text or summary was published in the October 18, 2023 issue of the Register, I.D. No. CFS-42-23-00002-EP.

Final rule as compared with last published rule: No changes.

Revised rule making(s) were previously published in the State Register on February 28, 2024.

Text of rule and any required statements and analyses may be obtained from: Nicholas Steinbock-Pratt, Office of Children and Family Services, 52 Washington Street, Rensselaer, New York 12144, (518) 473-3226, email: regcomments@ocfs.ny.gov

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2027, which is no later than the 3rd year after the year in which this rule is being adopted.

Revised Regulatory Impact Statement

1) Statutory Authority:

Chapter 56 of the laws of New York State of 2023 authorizes the New York State Office of Children and Family Services (OCFS) to promulgate rules and regulations, on an emergency basis, to implement the applicable statutory provisions.

Section 20(3)(d) of the Social Services Law (SSL) authorizes OCFS to establish rules, regulations, and policies to carry out OCFS's powers and duties under the SSL.

Section 34(3)(f) of the SSL authorizes OCFS to establish regulations for the administration of public assistance and care within the state.

Section 410(1) of the SSL authorizes a social services official of a county, city, or town to provide day care for children at public expense and authorizes OCFS to establish criteria for when such day care is to be provided.

Section 410-u of the SSL establishes the New York State Child Care Block Grant Program (NYSCCBGP).

Section 410-w of the SSL delineates which families may be eligible to receive child care assistance funded by the NYSCCBGP.

Section 410-u(2) and 410-w(1) and (3) of the SSL set the income eligibility threshold for the NYSCCBGP at 85% state median income.

Section 410-w(3-a) of the SSL allows social services districts to utilize a presumptive eligibility standard to provide child care assistance during the eligibility determination period under the NYSCCBGP and authorizes OCFS to issue guidance regarding the presumptive eligibility criteria to be used by districts.

Section 410-w(8) and 410-x(6) of the SSL prohibit social services districts from requiring families to contribute more than 1% of their income exceeding the federal poverty level as a family share under the NYSCCBGP.

Section 410-x(2) of the SSL allows OCFS to establish priorities for families that will be eligible to receive funding under the NYSCCBGP.

Section 410-x(9) of the SSL requires reimbursement for payment on behalf of children who are temporarily absent from child care for up to 80 days per year under the NYSCCBGP.

Section 410-x(8) of the SSL requires child care assistance payments under the NYSCCBGP to be in accordance with OCFS regulations.

2) Legislative Objectives:

The objectives of these amendments are to combat the statewide child care crisis by assisting families to expand eligibility for child care assistance, obtain affordable, reliable care for their children, standardize the Child Care Assistance Program (CCAP) across the state, and provide more stable reimbursement for child care providers.

3) Needs and Benefits:

SSL section 410-x(6) and 410-w(8) previously capped the NYSCCBGP family share at 10% of the family's income exceeding the federal poverty level. These provisions were revised to cap the family share at 1% of the family's income exceeding the federal poverty level. SSL section 410-u(2), 410-w(1), and 410-w(3) were revised to increase eligibility levels to 85% of the state median income, consistent with federal requirements. SSL 410-w(3-a) was added to allow for presumptive eligibility during the NYSCCBGP application period. SSL 410-x(9) was added to require reimbursement for up to 80 absences per year. SSL 410-x(2) was revised to remove local priorities and set-asides and instead allow OCFS to establish state priorities under the NYSCCBGP. OCFS must change relevant child care regulations to achieve compliance with these revisions.

This rule is necessary to implement practices that will comply with state and federal law, and to combat the statewide child care crisis that has continued to impact New York State since the onset of the global pandemic. This rule will require districts to consistently and equitably prioritize how cases are opened for child care assistance, reimburse providers for up to 20 program closures, including closures for full-day professional development training for licensed or registered providers, per year and require fast-track eligibility determinations for families already in receipt of other services, as well as implement additional program integ-

rity measures. The rule will greatly expand the number of families newly eligible for child care assistance and stabilize child care provider reimbursement.

4) Costs:

The NYSCCBGP is comprised of federal, state, and local funds. A portion of the block grant is allocated to social services districts and is used by the districts to provide child care assistance to families. The 2023-24 enacted state budget increased funding to the CCAP. The expansion of eligibility, the implementation of state priorities, the restructuring of eligibility categories, the increase in absences, the requirement to reimburse for program closures and capping of family share will increase spending for local districts. This increase in funding to the CCAP will allow the districts to implement these regulatory changes. Expanded eligibility is also expected to increase the number of applications received by districts, which may place additional administrative costs on the district, which can be absorbed by the districts' child care block grant allocation. The state share is limited to the districts' child care block grant allocation. Finally, presumptive eligibility is a local option and not a requirement of the NYSCCBGP, but this district option may increase local spending in cases where the family is determined to be ineligible for child care assistance.

5) Local Government Mandates:

Social services districts must comply with increased eligibility, providing payment of up to 80 absences and 20 program closures, state priorities, adjunctive financial eligibility, removal of certain types of income from the family's included eligibility income, and reduced family share. Additionally, each social services district must update its Child and Family Services Plan (CFSP) to reflect any changes that result from these regulatory changes.

6) Paperwork:

OCFS will complete a blanket amendment, which will be posted to the CFSP page on the OCFS website to reflect the family income eligibility level up to 85% of the state median income, the statewide family share of 1%, the requirement for reimbursement of up to 80 absences and 20 program closures, and the removal of the district option to designate families eligible for child care assistance. Districts may review their CFSP and make any additional amendments through submission of an amendment request to OCFS.

7) Duplication:

This rule does not duplicate state or federal requirements.

8) Alternatives:

There are no alternatives to the revisions that are required pursuant to federal and state law. Further amendments are being implemented to standardize practice throughout the state therefore no other alternatives were considered.

9) Federal Standards:

This rule is consistent with applicable federal requirements.

10) Compliance Schedule:

Districts must come into compliance on October 1, 2023.

Revised Regulatory Flexibility Analysis

1. Effect of Rule:

There are approximately 17,000 licensed/registered child care programs (including New York City group day care centers) and 9,000 enrolled legally exempt child care programs, the majority of which are small businesses, and 58 social services districts in New York State affected by this rule.

2. Compliance Requirements:

The New York State Office of Children and Family Services (OCFS) will complete a blanket amendment, which will be posted to the Child and Family Services Plan (CFSP) page on the OCFS website to reflect the family income eligibility level up to 85% of the state median income (SMI), the statewide family share of 1%, the requirement for reimbursement of up to 80 absences and 20 program closures, and the removal of the district option to designate families eligible for child care assistance. Districts must send appropriate notices to affected families and providers to notify them of the new family share percentage. Districts must also review and amend all provider contracts to ensure that the contracts reflect the 80 paid absences and 20 program closures. If necessary, districts must notify providers of the maximum number of allowable paid absences through written notice.

3. Professional Services:

There are no new professional services anticipated to be required because of this rule.

4. Compliance Costs:

The 2023-24 enacted state budget increased the funding for the Child Care Assistance Program (CCAP). The expansion of eligibility, the implementation of state priorities, the restructuring of eligibility categories, the increase in absences, the requirement to reimburse for program closures, including closures for full-day professional development training for licensed or registered providers, and capping of family share will

increase spending for local districts. The increase in funding to the CCAP will allow the districts to implement these regulatory changes. Expanded eligibility is also expected to increase the number of applications received by districts, which may place additional administrative costs on the district. However, while this rule will increase the number of applicants for child care assistance, the reduction of redundant documentation will reduce the administrative burden of processing cases. Additionally, system changes are being made to assist districts with potential recordkeeping increases. To further reduce administrative burden, OCFS will complete a blanket amendment, which will be posted to the CFSP page on the OCFS website to reflect the family income eligibility level up to 85% of the SMI, the statewide family share of 1%, the requirement for reimbursement of up to 80 absences and 20 program closures, and the removal of the district option to designate families eligible for child care assistance. There are no new professional services anticipated as a result of this rule. Neither social services districts nor child care providers should have to hire additional professional staff to implement these regulations. The OCFS Division of Child Care Services will be available to assist with questions. Finally, presumptive eligibility is a local option and not a requirement of the New York State Child Care Block Grant Program, but this district option may increase local spending in cases where the family is determined to be ineligible for child care assistance.

5. Economic and Technological Feasibility:

There are no new requirements that will impact economic and/or technological feasibility.

6. Minimizing Adverse Impact:

OCFS believes there will be no adverse impact on child care programs. In fact, a positive impact on programs is anticipated in that reimbursement for child care is expected to be more stable. At least 1,759 licensed and registered child care providers closed during the height of the pandemic between March 2020 and June 2021, with more closings since. OCFS believes that this rule will help combat the statewide child care crisis that has continued to impact New York State since the onset of the global pandemic. This rule will make many families newly eligible for child care assistance and stabilize child care provider reimbursement.

OCFS believes the impact on districts will be nominal, as all mandates can be claimed as part of its child care block grant allocation. There will be no additional costs associated with program integrity measures and case opening procedures.

Reimbursement for program closures is only available for children who would otherwise be present at the child care program. Reimbursement is not available for a day the program is closed if the provider ordinarily charges the caretaker on a daily or part-time basis and the child for whom reimbursement is requested is otherwise in need of and receives child care assistance from a different provider on the same day. As such, in most situations the costs associated with this would be accounted for at determination. Adjunctive financial eligibility will reduce costs by reducing workloads when determining eligibility.

Regarding expanded eligibility, cases are only required to be opened when funds are available and are reimbursed at 100% for families not receiving Temporary Assistance (TA), which accounts for approximately 75% of all cases. For the remaining TA cases, districts are already required to meet its maintenance of effort (MOE) each federal fiscal year, and the 25% local share of TA cases is applied toward meeting that amount. This rule would thus only increase local costs to districts on TA cases when the district's local share exceeds its MOE. The average child care assistance payment per child per month for the first quarter of FFY 2023 was \$875. For TA families, the local share would equal approximately \$219 per child per month or \$2,628 per child per year. With these approximations, only four districts are projected to meet their MOEs solely through the 25% local share. Of the remaining districts, 47 are projected to have the 25% local share total less than half of their MOE.

7. Small Business and Local Government Participation:

OCFS has conducted calls and met with stakeholders. Child care providers have expressed the need for further ongoing stabilization and support for expanded reimbursement for absences. Many social services districts have also expressed a need for change in documentation requirements at application. OCFS has met with a social services district that has piloted presumptive eligibility with positive results. OCFS will provide guidance, technical assistance, and outreach to those that are impacted by this rule. Specifically, in accordance with State Administrative Procedure Act 202-b(6), OCFS will notify social services districts through the issuance of an Administrative Directive and assist those districts that need to update their CFSP to reflect changes to eligibility. OCFS will also post this information on the OCFS website, including contact information for questions on this rule and the email address of the regulations' mailbox (regcomments@ocfs.ny.gov) to provide public comments.

Revised Rural Area Flexibility Analysis

1. Types and Estimated Numbers of Rural Areas:

This rule will apply to all licensed, registered, permitted, and enrolled

legally exempt child care programs and social services districts in all 44 rural areas of the state.

2. Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services:

The regulations will not result in any new reporting requirements for social services districts. While this rule will increase the number of applicants for child care assistance, the reduction of redundant documentation will reduce the administrative burden of processing cases. Additionally, system changes are being made to assist districts with potential recordkeeping increases. Districts must send appropriate notices to affected families and providers to notify them of the new family share percentage. Districts must also review and amend all provider contracts to ensure that the contracts reflect the 80 paid absences and 20 closure days. If necessary, districts must notify providers of the maximum number of allowable paid absences through written notice. To reduce administrative burden, the New York State Office of Children and Family Services (OCFS) will complete a blanket amendment, which will be posted to the Child and Family Services Plan (CFSP) page on the OCFS website to reflect the family income eligibility level up to 85% of the state median income, the statewide family share of 1%, the requirement for reimbursement of up to 80 absences and 20 program closures, and the removal of the district option to designate families eligible for child care assistance. Districts may review their CFSP and make any additional amendments by submitting an amendment request to OCFS. OCFS will support and assist in this process. There are no new professional services anticipated because of this rule. Neither social services districts nor child care providers should have to hire additional professional staff to implement these regulations. OCFS's Division of Child Care Services will be available to assist with questions.

3. Costs:

The 2023-24 enacted state budget increased the funding for the Child Care Assistance Program (CCAP). The expansion of eligibility, the implementation of state priorities, the restructuring of eligibility categories, the increase in absences, the requirement to reimburse for program closures, including closures for full-day professional development training for licensed and registered providers, and capping of family share will increase spending for local districts. This increase in funding to the CCAP will allow the districts to implement these regulatory changes. Expanded eligibility is also expected to increase the number of applications received by districts, which may place additional administrative costs on the district. However, state share is limited to the districts' child care block grant allocation. Finally, presumptive eligibility is a local option and not a requirement of the New York State Child Care Block Grant Program, but this district option may increase local spending in cases where the family is determined to be ineligible for child care assistance.

4. Minimizing Adverse Impact:

OCFS believes there will be no adverse impact on child care programs, and in fact a positive impact on programs is anticipated in that reimbursement for child care will be more stable. OCFS does not anticipate any disproportionate adverse impact to local social services districts in rural counties of the state because of this rule.

5. Rural Area Participation:

OCFS will provide guidance, technical assistance, and outreach to those that are impacted by this rule. Specifically, in accordance with SAPA 202-b(6), OCFS will notify social services districts through the issuance of an Administrative Directive and assist those districts that need to update their CFSP to reflect changes to eligibility. OCFS will also post this information on the OCFS website, including contact information for questions on this rule and the email address of the regulations' mailbox (regcomments@ocfs.ny.gov) to provide public comments.

Revised Job Impact Statement

1. Nature of Impact:

The New York State Office of Children and Family Services (OCFS) does not anticipate that this rule will have a negative impact on employment opportunities in any region of the state. On the contrary, OCFS anticipates this rule will have a positive impact on employment opportunities across New York State as it will increase reimbursements to providers, standardize practices across the state, and decrease out of pocket costs to families.

2. Categories and Numbers Affected:

It is estimated that there are 17,000 licensed/registered child care programs (including New York City group day care centers) and 9,000 enrolled legally exempt child care programs in New York State, across 58 social services districts.

3. Regions of Adverse Impact:

This rule applies to all 58 social services districts. There are no regions where this rule will have a disproportionate adverse impact on employment opportunities.

4. Minimizing Adverse Impact:

OCFS does not anticipate an adverse impact.

Assessment of Public Comment

The following is an Assessment of Public Comment related to the Notice of Emergency Adoption and Revised Rulemaking amending Parts 404 and 415 of Title 18 of the New York Codes, Rules and Regulations, adopted on an emergency basis effective February 13, 2024, and readopted on an emergency basis to allow for the completion of this assessment.

During the public comment period, the New York State Office of Children and Family Services (OCFS) received comments from two sources: New York City (NYC), specifically the New York City Administration for Children's Services, the New York City Public Schools and the New York City Department of Social Services; and a child care program. OCFS has consolidated and responded to the comments received, except for comments received from NYC that have been omitted because OCFS previously addressed such comments in the Assessment of Public Comment published in the State Register on February 28, 2024, related to the Notice of Emergency Adoption and Proposed Rulemaking adopted on an emergency basis effective October 1, 2023.

Comment Regarding Adjunctive Financial Eligibility:

NYC commented that 18 NYCRR 404.5 should distinguish eligibility for child care assistance based on participation in Public Assistance (PA) and that requiring child care eligibility determinations for PA recipients be made within six months of the date of the eligibility determination would be inconsistent with 18 NYCRR 415.2. PA recipients are deemed financially eligible for child care assistance pursuant to 18 NYCRR 404.5(e). As explained in 23-OCFS-ADM-18, at this time, the six-month requirement only applies to SNAP and HEAP.

NYC encourages OCFS to remove the requirements that the child care assistance eligibility determination be made within six months of the date of the eligibility determination for the associated program and the requirement to verify the child care services unit. As addressed above and explained in 23-OCFS-ADM-18, the six-month requirement only applies to SNAP and HEAP.

The existing requirements are necessary to ensure program integrity and to establish consistent timeframes across program areas that have differing eligibility periods. Additionally, NYC recommends that jurisdictions have the option to add programs that are adjunctively eligible.

OCFS is in the process of evaluating other programs that may be eligible for adjunctive financial eligibility in the future based on the ability of districts to evaluate the family's eligibility without an added burden on either the family or the district. To promote consistency and equality across the state, OCFS will implement any changes to adjunctive financial eligibility on a statewide basis.

The proposed changes to 18 NYCRR 404.5(e) will be adopted as published.

Comment Regarding State Priorities and the Removal of Local Priorities:

NYC encourages OCFS to seek an amendment to state law to reinstate jurisdictional (local) priorities. In the alternative, NYC recommends amending the regulation to adopt a state priority that would allow jurisdictions to prioritize assistance to families in areas with significant concentrations of poverty and unemployment and without a sufficient number of high-quality child care development services.

Federal priorities, including families with very low income, must be prioritized before any state priority. The intent of federal and state priorities is to serve the most vulnerable families, and such priorities are only utilized when districts do not have sufficient funds to open all cases.

The proposed changes to 18 NYCRR 415.2(d) will be adopted as published.

Comment Regarding Program Closures:

NYC supports the expansion of program closures to include professional development training.

A child care program commented that if school is closed and children are scheduled to attend, the provider should get a full day as they are scheduled, not what they would normally be reimbursed for a before or after school day.

As explained in 24-OCFS-ADM-08, if a child in receipt of child care assistance was regularly scheduled to attend the program and the program would normally have been open but was closed due to a holiday or extenuating circumstance beyond the program's control, the program is eligible for reimbursement. However, if the child is not normally scheduled to attend on the day on which the program is closed, the program is not eligible for reimbursement.

The proposed changes to 18 NYCRR 415.6(c) will be adopted as published.

Sporting License Issuance and Use

I.D. No. ENV-24-24-00021-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 177 of Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 3-0305 and 11-0715

Subject: Sporting License Issuance and Use.

Purpose: To enable a \$1 and \$2 fee for the printing and/or mailing of plain paper hunting, fishing, and trapping licenses.

Text of proposed rule: 6 NYCRR Part 177 Sporting License Issuance and Use

Existing subdivision 177.1(h) is relettered (i) and a new subdivision (h) is added as follows:

(h) License vendor means a business contracted by the department to administer the automated license sales system and process fulfillment of lifetime licenses and licenses purchased online or by phone.

A new section 177.6 for Printing and fulfillment fees is added as follows:

177.6 Printing and fulfillment fees.

(a) License issuing agents and license issuing officers shall be eligible to levy a fee of \$1 for every transaction in which they print paper copies of a sporting license, habitat stamp or other items sold through the department's automated licensing system. This fee shall be in addition to fees associated with the purchase of the sporting license, habitat stamp, or other items sold through the department's automated licensing system and shall be withheld separately from any transaction fees due to the department.

(b) The department's license vendor shall be eligible to levy a fee of \$2 for every transaction in which they print and mail paper copies of a sporting license, habitat stamp or other items sold through the department's automated licensing system, to an individual who makes such a purchase. This fee shall be in addition to fees associated with the purchase of the sporting license, habitat stamp, donations or other items sold through the department's automated licensing system and shall be withheld separately from any fees due to the department.

(c) In addition to the option of receiving a printed sporting license, habitat stamp, or other items at the time of purchase for the additional printing cost identified in subdivisions (a) and (b) of this section, any individual purchasing a sporting license, habitat stamp, or other items from a license issuing agent, license issuing officer, or department's license vendor shall be provided the option to receive such items electronically at no additional cost.

Text of proposed rule and any required statements and analyses may be obtained from: Kevin Maloney, Division of Fish and Wildlife, Department of Environmental Conservation, 625 Broadway, Albany, NY 12233, (518) 402-8916, email: wildliferegs@dec.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Additional matter required by statute: Pursuant to Article 8 of the Environmental Conservation Law and the State Environmental Quality Review Act, an Environmental Assessment Form and a negative declaration determination of significance have been prepared and are on file with the Department.

Regulatory Impact Statement

1. Statutory authority:

The Commissioner of the Department of Environmental Conservation

(DEC), pursuant to Environmental Conservation Law (ECL) section 3-0305, has authority to issue licenses and permits provided for by law, to adopt procedures for the issuance of licenses, to establish the design and format of licenses and the information to be contained thereon, to establish procedures and requirements for reporting license sales and handling and remittance of license revenues by persons or entities issuing such licenses, and to provide for acceptable methods of payment of license fees.

ECL section 11-0715 specifies that license fees may include specific fees to the issuing clerk.

2. Legislative objectives:

The legislative objective behind the statutory provisions listed above is to establish, or authorize the DEC to establish by regulation, procedures, and requirements for the issuing of hunting, trapping, and fishing licenses.

3. Needs and benefits:

This rulemaking is necessary to accommodate DEC's transition from Valeron material to plain paper for printing sporting licenses and all items offered through the DEC's Automated Licensing System (DECALS). Due to costs and supply chain inconsistencies for acquiring Valeron and challenges maintaining the specialized printers associated with the Valeron material, beginning August 1, 2024, DEC will only be printing items sold through DECALS on plain paper. License issuing agents and officers (LIAs) will need to use their own printer, paper, and ink to print licenses. This rulemaking will enable LIAs to charge a nominal fee to offset costs associated with printing sporting licenses, habitat stamps or other items they sell through the DECALS. Likewise, this rulemaking will enable DEC's license vendor to charge a similar processing fee when a customer requests a printed copy be mailed to them for DECALS catalogue items purchased via telephone or online.

4. Costs:

The cost associated with the proposed regulation will only affect license buyers who request that their licenses and tags be printed by a LIA or DEC's license vendor. All license buyers will have the option, at no additional cost, to receive an email with a copy of their licenses and tags which they may print themselves. For those license buyers who request their licenses and tags be printed, the additional fee represents a small fraction of the total cost of purchasing a hunting, trapping, or fishing license. This rulemaking will not entail additional costs to DEC, the State, or local governments. As some municipal offices are LIAs (e.g., town clerks), the fee enabled by this rulemaking will allow them to offset costs incurred through use of their equipment and supplies.

5. Local government mandates:

The proposed rule does not impose any mandates on local governments.

6. Paperwork:

LIAs collecting the proposed fee will be provided with updated sales reports that they will be able to use to keep track of the sales they make and the collection of said fee. These reports will be developed by the DEC's license vendor and replace similar sales reports that LIAs already use. These new reports will provide LIAs with the financial information they need to account for all funds they collect from transactions they make through DECALS. Similarly, the collection of this fee will be reported to DEC from the license vendor through amended reporting tools already utilized by the vendor.

No additional forms, paperwork or reporting will be required of license buyers.

7. Duplication:

This proposal does not duplicate, overlap, or conflict with existing State or federal regulations or statutes.

8. Alternatives:

Do not enable LIAs to charge a printing fee. This alternative is less desirable because LIAs would have to fully bear the material and equipment costs associated with printing sporting licenses and tags on plain paper without compensation. This alternative would lead some LIAs to stop selling licenses and would reduce access to license sales locations for the regulated public.

Raise LIA commission rates for sale of sporting licenses. ECL section 11-0716 establishes commission fees of 1.1% for the sale of lifetime licenses and 5.5% for the sale of annual licenses. Increasing these commission rates would offset the material and equipment costs for LIAs to print licenses on plain paper, but such a change would require an act of the New York State Legislature and Governor. Increased commission rates would, unless accompanied by an overall increase in license fees, negatively impact the New York State Conservation Fund which is used to support fish and wildlife management activities. Too, increased commission rates would apply on all licenses purchased, even if the license buyer opts to receive their licenses and tags by email for printing at home.

9. Federal standards:

No applicable Federal requirements of the same or similar subject exist.

10. Compliance schedule:

LIAs and DEC's license vendor will be able to apply the printing and mailing fee upon adoption of this proposed rule.

Regulatory Flexibility Analysis

This rulemaking would amend the Department of Environmental Conservation's (DEC) regulations found in Part 177 of the New York State Codes, Rules and Regulations governing sporting license issuance. This rulemaking will enable cooperating sellers of New York Sporting Licenses to levy a nominal fee for the printing and/or mailing of plain paper sporting licenses and all items offered through the DEC's Automated Licensing System (DECALS).

Beginning in August 2024, the DEC is changing the type of paper used for sporting licenses and carcass tags from special Valeron license stock to plain paper. With this change, the DEC will no longer supply the specialty printers needed to print on Valeron, and participating license sales agents and officers (LIAs) will be expected to use their own printers, paper, and ink. Per their prior LIA agreement with DEC, LIAs already possess these materials, and DEC has informed all LIAs of the planned change in the license printing process. This rulemaking will enable LIAs to collect a fee to offset costs associated with supplying the necessary materials for printing and/or mailing sporting licenses and other items offered through DECALS. This fee will be automatically applied to transactions carried out in DECALS and would require no additional recordkeeping, recording, or technological development for LIAs.

Because the proposed regulation does not impose any mandate or direct action on small businesses or local governments, the DEC has determined that a Regulatory Flexibility Analysis for Small Businesses and Local Governments is not needed.

Rural Area Flexibility Analysis

This rulemaking would amend the Department of Environmental Conservation's (DEC) regulations found in Part 177 of the New York State Codes, Rules and Regulations governing sporting license issuance. This rulemaking will provide an option for cooperating sellers of New York Sporting Licenses to levy a nominal fee for the printing and/or mailing of plain paper sporting licenses and all items offered through the DEC's Automated Licensing System (DECALS).

1. Types and estimated numbers of rural areas:

The proposed regulation applies to 1,184 license issuing agents and officers (LIAs) in retail stores and town offices throughout New York State.

2. Reporting, recordkeeping and other compliance requirements; and professional services:

This fee will be automatically applied to transactions carried out in DECALS and would require no additional recordkeeping, recording, or technological development for sales agents. LIAs collecting the proposed fee will be provided with updated sales reports that they will be able to use to keep track of the sales they make and the collection of said fee. Similarly, the collection of this fee will be reported to DEC from the license issuing vendor through amended reporting tools already utilized by the license vendor.

3. Costs:

This rulemaking will enable LIAs to collect a fee to offset costs associated with supplying the necessary materials for printing and/or mailing sporting licenses. Per their existing agreement with DEC, LIAs already possess the equipment to print on plain paper.

4. Minimizing adverse impact:

This rule making will not result in adverse impacts to rural areas, except that some hunters may object to paying the additional fee to have their sporting license printed by a LIA or license vendor. However, all license buyers may opt to receive their license materials by email for them to print on their own for free.

5. Rural area participation:

Following proposal of the rule, the DEC will perform various forms of public outreach (social media, press release), send notification to stakeholders and receive comment from the public, including in rural areas, for 60 days.

Job Impact Statement

This rulemaking would amend the Department of Environmental Conservation's (DEC) regulations found in Part 177 of the New York State Codes, Rules and Regulations governing sporting license issuance. This rulemaking will provide an option for cooperating sellers of New York Sporting Licenses to levy a nominal fee for the printing and/or mailing of plain paper sporting licenses and all items offered through the DEC's Automated Licensing System (DECALS).

Because this rulemaking will enable license issuing agents and officers to collect a fee to offset costs associated with supplying the necessary materials for printing and/or mailing sporting licenses and all items offered through DECALS, the DEC has determined that this rule making will not have a substantial adverse impact on jobs and employment opportunities.

Therefore, the DEC has determined that a job impact statement is not required.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Preclearance Under the New York Voting Rights Act (NYVRA)

I.D. No. LAW-24-24-00023-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Part 500 to Title 13 NYCRR.

Statutory authority: Electoral Law, section 17-210(7)

Subject: Preclearance under the New York Voting Rights Act (NYVRA).

Purpose: Clarify elements of the NYVRA preclearance process; provide guidance to regulated jurisdictions.

Substance of proposed rule (Full text is posted at the following State website: <https://ag.ny.gov/resources/organizations/new-york-voting-rights-act>): The John R. Lewis Voting Rights Act of New York (the “NYVRA”) was enacted on June 20, 2022, with the express purpose of encouraging participation in the elective franchise by all eligible voters to the maximum extent and ensuring that eligible voters who are members of racial, color, and language-minority groups have an equal opportunity to participate in the political processes of the State of New York, especially to exercise the elective franchise. See N.Y. Elec. Law § 17-200. To ensure that the right to vote is not denied or abridged on account of membership in a race, color, or language-minority group, the NYVRA requires that certain types of voting- or election-related changes (“covered policies”), when made by certain jurisdictions (“covered entities”), be precleared by the Office of the Attorney General’s Civil Rights Bureau (the “CRB”) or by a designated court before the changes can be enacted or implemented. See N.Y. Elec. Law § 17-210. The NYVRA further authorizes the CRB to promulgate rules to effectuate the preclearance requirement, which may include, but need not be limited to, rules for an expedited, emergency preclearance process in the event of a disaster or exigent circumstances, and rules designating additional types of voting- or election-related changes for preclearance coverage beyond those enumerated in the statute. See N.Y. Elec. Law §§ 17-210(2)(l), 17-210(4)(f)(iv), 17-210(7).

Pursuant to the authority granted by the NYVRA, the CRB hereby proposes the attached rule for public comment. A summary of the proposed rule is below.

Section 500.1: General provisions

If any provision of this rule is deemed invalid by a court, that judgment does not affect any other provision of the rule or its application, and is limited to both the provision and the person or circumstance in question. This section also includes defined terms.

Section 500.2: Submission and review procedures

The NYVRA requires covered entities to submit covered policies to the CRB for preclearance before the changes can go into effect. The statute sets some administrative parameters, such as the time periods for review and public comment, but does not include further detail regarding the submission and review process. This rule clarifies certain details of that process, including the types of information required to be included with submissions, procedures for submission and notification of administrative determinations, and computation of time. The rule also provides for emergency expedited preclearance, which is explicitly authorized by section 17-210(4)(g) of the NYVRA. This rule is intended to provide guidance to covered entities and ensure that the preclearance submission and review process is transparent and efficient, minimizing to the extent possible the administrative burden imposed on regulated parties.

Section 500.3: Legal standard

The NYVRA provides that when a covered entity seeks to enact or implement a covered policy which “diminish[es] the ability of protected class members to participate in the political process and to elect their preferred candidates to office,” that covered policy will not be precleared. The interests of voters, residents, and covered entities are best served by further detailing the rubric by which the CRB will adjudicate administrative preclearance submissions. Specifically, diminishment is measured according to a retrogression standard, which assesses whether members of a protected class would be in a worse position following enactment and implementation of the covered policy than they were under the “benchmark” policy previously in place. The rule provides that change will be deemed retrogressive, and therefore will not be precleared, if: (1) the individuals who will be affected by the change are disproportionately likely to be members of one or more protected classes; and (2) the change

imposes a burden material enough that it will likely cause some reasonable members of those protected classes not to vote or otherwise participate in the political process. Retrogression will be assessed with respect to all impacted protected classes within the covered entity.

The rule further provides guideposts for covered entities seeking to enact or implement covered policies. By adhering to the principles set forth in this rule, a covered entity can better assess whether a covered policy is non-retrogressive and will be precleared. The preclearance process will ensure that voters are able to freely and fairly participate in the electoral process. Preclearance also helps to limit the potential for litigation, preserving much-needed judicial capacity and saving covered entities the substantial costs associated with election litigation.

The rule provides that the burden of proof of demonstrating that preclearance should be granted rests at all times with the covered entity submitting the proposed change. To satisfy the burden of proof, the covered entity must provide information sufficient to demonstrate non-retrogression.

Section 500.4: Covered entities

The NYVRA’s preclearance coverage formula determines which jurisdictions are subject to the preclearance requirement. See N.Y. Elec. Law § 17-210(3). These sections codify CRB’s interpretation of certain provisions of the coverage formula in order to ensure clarity for regulated parties and the public.

For example, under sections 17-210(3)(a) and (b) of the NYVRA, a jurisdiction is subject to preclearance if it has become subject to a court order or government enforcement action based upon a “finding of any violation” of certain voting- or civil rights-related statutes and Constitutional provisions within the previous 25 years. Section 501.3(b) of the proposed rule provides further detail regarding what constitutes a “finding of any violation” for purposes of these provisions. Additionally, section 501.3(c) details the methodology used by the CRB in applying the sections of the coverage formula that require data analysis, and section 501.3(d) clarifies that if a political subdivision is deemed a covered entity solely because it contains a covered entity within its borders, that political subdivision need only obtain preclearance for changes affecting elections held in that covered entity. Section 501.3(e) clarifies that the State of New York is not a covered entity.

Section 500.5: Covered policies

These sections clarify certain aspects of preclearance administration, including the scope of coverage and treatment of enabling legislation, court-ordered changes, and recurring practices. This information is intended to provide clarity to covered entities regarding the types of changes that will require preclearance.

Text of proposed rule and any required statements and analyses may be obtained from: Lyric Landon, Office of the New York Attorney General, 28 Liberty St., New York, NY 10005, (212) 416-9818, email: votingrights@ag.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. **Statutory authority:** Section 17-210(7) of the New York Voting Rights Act (“NYVRA”) authorizes the Office of the New York Attorney General’s (“OAG”) Civil Rights Bureau (“CRB”) to promulgate rules to effectuate preclearance.

2. **Legislative objectives:** The stated purpose of the NYVRA is to encourage participation in the elective franchise by all eligible voters to the maximum extent and ensure that eligible voters who are members of racial, color, and language-minority groups have an equal opportunity to participate in the political processes of the State of New York, and especially to exercise the elective franchise. See N.Y. Elec. Law § 17-200.

The objective of this rule is to facilitate administration of and compliance with the preclearance section of the NYVRA. N.Y. Elec. Law § 17-210. The Attorney General has concluded that the proposed rule is the most effective means available to educate the public, and local jurisdictions subject to the NYVRA’s preclearance requirements, as to how those requirements will be implemented and enforced.

3. **Needs and benefits:** The NYVRA is designed to protect the voting rights of New Yorkers. The statute’s preclearance requirements are designed to protect against voting- and election-related policy changes that may diminish the ability of members of a protected class to participate in the political process and elect their preferred candidates to office. By requiring that certain jurisdictions receive approval from CRB or a designated court before such changes can go into effect, preclearance prevents the right to vote from being denied or abridged and helps jurisdictions avoid costly and time-intensive voting rights litigation. Preclearance accounts for the fact that voting and elections take place over a short period of time, making it difficult for a lawsuit to help protect voters’ rights in time to cast their ballots.

This rule clarifies certain components of the NYVRA's preclearance section and explains how the CRB will administer the preclearance requirements.

4. Costs:

a. Costs to regulated parties: The OAG does not anticipate any additional costs to covered entities, because this rule merely proposes the standard and procedures by which the CRB will accept and review administrative preclearance submissions. To the extent that covered entities may incur costs associated with preclearance, such costs are imposed not by this rule, but by the requirements set forth in the NYVRA. However, in the interest of providing maximum transparency and guidance, the OAG provides an estimated range of potential compliance and professional costs that some local jurisdictions may incur in the Regulatory Flexibility Analysis and Rural Area Flexibility Analysis.

b. Costs to agency, the State, and local governments: The OAG does not anticipate any additional costs to itself or other state entities as a result of this rule. As noted herein, the potential costs to local governments regulated by this rule are estimated in the Regulatory Flexibility Analysis and Rural Area Flexibility Analysis.

c. Information and methodology upon which the estimate is based: The estimated costs to regulated parties, the agency, and the state and local governments are based on the assessment of the OAG. The methodology used to calculate these estimates is detailed in the Regulatory Flexibility Analysis and Rural Area Flexibility Analysis.

5. Local government mandates: The proposed rule does not impose any new programs, services, duties, or responsibilities beyond those already imposed by the NYVRA.

6. Paperwork: While some jurisdictions may choose to make preclearance submissions via hard copy, the rule allows for, but does not require, submissions to be sent and received electronically. Accordingly, no printing or postage requirements will be imposed upon regulated parties by this proposed rule. The requirement for covered entities to submit covered policies for preclearance review is imposed by the statute. This rule clarifies the manner in which such submissions may be made, including the types of information that may be required to demonstrate that a covered policy should be precleared. To the extent that any of that information is not ordinarily maintained by the jurisdiction, there may be additional recordkeeping requirements imposed by the rule for any given submission.

7. Duplication: There is no operative federal preclearance requirement. Section 5 of the federal Voting Rights Act (the "VRA") historically required various jurisdictions to submit election law changes for preclearance, either to the federal Department of Justice or a federal district court in Washington, D.C. See 52 U.S.C.A. § 10304. However, in 2013, the Supreme Court held that the preclearance coverage formula in Section 4(b) of the VRA was unconstitutional. *Shelby Cnty. Ala. v. Holder*, 570 U.S. 529 (2013). As a result, while Section 5 itself was not invalidated, no jurisdictions are currently subject to the requirements of Section 5. The proposed rule does not conflict with federal law.

8. Alternatives: The OAG considered taking no regulatory action. However, as detailed above, this rule will ensure transparency and efficiency in the preclearance process and provide regulated parties with the information necessary to comply with the NYVRA's preclearance requirements.

9. Federal standards: The proposed rule does not exceed any minimum standards of the federal government for the same or similar subject.

10. Compliance schedule: The proposed rule will go into effect immediately upon publication of a Notice of Adoption in the New York State Register.

Summary of Regulatory Flexibility Analysis (Full text is posted at the following State website: <https://ag.ny.gov/resources/organizations/new-york-voting-rights-act>):

The John R. Lewis Voting Rights Act of New York (the "NYVRA") was enacted on June 20, 2022, with the express purpose of encouraging participation in the elective franchise by all eligible voters to the maximum extent and ensuring that eligible voters who are members of racial, color, and language-minority groups have an equal opportunity to participate in the political processes of the State of New York, especially to exercise the elective franchise. See N.Y. Elec. Law § 17-200. To ensure that the right to vote is not denied or abridged on account of membership in a race, color, or language-minority group, the NYVRA requires that certain types of voting- or election-related changes ("covered policies"), when made by certain jurisdictions ("covered entities"), be precleared by the Office of the Attorney General's Civil Rights Bureau (the "CRB") or by a designated court before the changes can be enacted or implemented. See N.Y. Elec. Law § 17-210. The NYVRA further authorizes the CRB to promulgate rules to effectuate the preclearance requirement, which may include, but need not be limited to, rules for an expedited, emergency preclearance process in the event of a disaster or exigent circumstances, and rules designating additional types of voting- or election-related changes for preclearance coverage beyond those enumerated in the statute. See N.Y. Elec. Law §§ 17-210(2)(l), 17-210(4)(f)(iv), 17-210(7).

Pursuant to the authority granted by the NYVRA, the CRB is proposing a rule for public comment, accompanied by a regulatory flexibility analysis pursuant to section 202-b of the State Administrative Procedure Act. The proposed rule affects local governments, which may be subject to preclearance requirements, but not small businesses. To the extent that local governments may incur costs associated with preclearance under the NYVRA, such costs are imposed not by this rule, but by the requirements set forth in the statute. However, in the interest of providing maximum transparency and guidance, the CRB provides an estimated range of compliance and professional costs that some local governments may incur in this analysis.

To estimate the potential costs associated with preclearance, the CRB analyzed wage data for occupations representing an approximation of the types of staff roles that may be involved at various points of the process of preparing a preclearance submission, and estimated an approximate range of hours that might be spent by employees within those occupations on preparing and submitting a covered policy for preclearance. A more detailed description of this methodology is included in the analysis.

For several reasons, it is likely that the high end of the range identified by the CRB far exceeds the amount that most jurisdictions can expect to spend for any given submission. First, in most instances, covered entities will be requesting preclearance for comparatively simple and routine changes (e.g., moving poll sites), rather than rarer, more complicated ones (e.g., form of government changes). In addition, jurisdictions with less fluctuation in their election procedures will likely need to submit fewer preclearance requests than jurisdictions with more fluctuation. Moreover, because limitations in data from the U.S. Bureau of Labor Statistics' May 2023 Occupational Employment and Wage Statistics ("OEWS") precluded the CRB from isolating New York public sector wage estimates for the selected occupations, the wage estimates included in this analysis were calculated with data collected from both public and private sector employers. These figures likely exceed those associated with government wages of local jurisdictions, as private sector wages are typically higher than government wages and may inflate the estimates. Similarly, OEWS statewide data includes wage data for New York City, which skews higher than wages in other parts of the state, likely further inflating the estimates.

The analysis also includes information regarding compliance requirements, professional services, economic and technical feasibility, minimizing adverse impacts, and local government participation.

Summary of Rural Area Flexibility Analysis (Full text is posted at the following State website: <https://ag.ny.gov/resources/organizations/new-york-voting-rights-act>):

The John R. Lewis Voting Rights Act of New York (the "NYVRA") was enacted on June 20, 2022, with the express purpose of encouraging participation in the elective franchise by all eligible voters to the maximum extent and ensuring that eligible voters who are members of racial, color, and language-minority groups have an equal opportunity to participate in the political processes of the State of New York, especially to exercise the elective franchise. See N.Y. Elec. Law § 17-200. To ensure that the right to vote is not denied or abridged on account of membership in a race, color, or language-minority group, the NYVRA requires that certain types of voting- or election-related changes ("covered policies"), when made by certain jurisdictions ("covered entities"), be precleared by the Office of the Attorney General's Civil Rights Bureau (the "CRB") or by a designated court before the changes can be enacted or implemented. See N.Y. Elec. Law § 17-210. The NYVRA further authorizes the CRB to promulgate rules to effectuate the preclearance requirement, which may include, but need not be limited to, rules for an expedited, emergency preclearance process in the event of a disaster or exigent circumstances, and rules designating additional types of voting- or election-related changes for preclearance coverage beyond those enumerated in the statute. See N.Y. Elec. Law §§ 17-210(2)(l), 17-210(4)(f)(iv), 17-210(7).

Pursuant to the authority granted by the NYVRA, the CRB is proposing a rule for public comment, accompanied by a rural area flexibility analysis pursuant to section 202-bb of the State Administrative Procedure Act. The proposed rule affects local governments throughout the state, which may be subject to preclearance requirements. As of December 19, 2023, the CRB had preliminarily identified 34 local governments that are covered entities as provided in section 17-210(3) of the NYVRA and thus subject to this rule. New York State Executive Law § 481 defines "rural" in a manner that applies to 44 counties, none of which is included among the 34 preliminarily identified covered entities. Because coverage status is subject to change over time, the CRB is unable to estimate the number of political subdivisions in rural areas to which this rule may apply in the future.

To the extent that local governments in rural areas may incur costs associated with preclearance under the NYVRA, such costs are imposed not by this rule, but by the requirements set forth in the statute. However, in the interest of providing maximum transparency and guidance, the CRB provides an estimated range of compliance and professional costs that some local governments may incur in this analysis.

To estimate the potential costs associated with preclearance, the CRB analyzed wage data for occupations representing an approximation of the types of staff roles that may be involved at various points of the process of preparing a preclearance submission, and estimated an approximate range of hours that might be spent by employees within those occupations on preparing and submitting a covered policy for preclearance. Recognizing that hourly wages in large municipalities may exceed those of smaller and rural jurisdictions, the CRB limited its scope to the following areas, provided by the U.S. Bureau of Labor Statistics' May 2023 Occupational Employment and Wage Statistics ("OEWS"), for the rural area flexibility analysis: Southwest New York Nonmetropolitan Area, Central East New York nonmetropolitan area, and Capital/Northern New York nonmetropolitan area. A more detailed description of this methodology is included in the analysis.

For several reasons, it is likely that the high end of the range identified by the CRB far exceeds the amount that most jurisdictions can expect to spend for any given submission. First, in most instances, covered entities will be requesting preclearance for comparatively simple and routine changes (e.g., moving poll sites), rather than rarer, more complicated ones (e.g., form of government changes). In addition, jurisdictions with less fluctuation in their election procedures will likely need to submit fewer preclearance requests than jurisdictions with more fluctuation. Moreover, because limitations in data from the U.S. Bureau of Labor Statistics' May 2023 Occupational Employment and Wage Statistics ("OEWS") precluded the CRB from isolating New York public sector wage estimates for the selected occupations, the wage estimates included in this analysis were calculated with data collected from both public and private sector employers. These figures likely exceed those associated with government wages of local jurisdictions, as private sector wages are typically higher than government wages and may inflate the estimates.

The analysis also includes information regarding the types and estimated number of regulated jurisdictions; reporting, recordkeeping, and other compliance requirements; initial and annual costs; minimizing adverse impact; and rural area participation.

Fishers Island states that the increase is driven by the existing customer base rates which can no longer sustain the Village's day-to-day operations due to increased costs related to purchased power, labor, and employee health and pension benefits. Fisher's Island's last rate case became effective on October 1, 2020.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Minor Electric Rate Filing to Increase Annual Electric Revenues

I.D. No. PSC-24-24-00022-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal filed by Fishers Island Electric Corporation, for tariff amendments to P.S.C. No. 2 — Electricity, to increase its annual electric revenues by approximately \$300,000 or 12.59 percent.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Minor electric rate filing to increase annual electric revenues.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Substance of proposed rule: The Commission is considering a proposal filed by Fishers Island Electric Corporation (Fishers Island or the Company) on May 1, 2024, to amend its electric tariff schedule, P.S.C. No. 2 – Electricity, to increase its total annual electric revenues by approximately \$300,000, or 12.59 percent, effective October 1, 2024.

In addition, the Company is also proposing to: update its General Information to update and clarify the Service Charge item to indicate that customers will only be charged for disconnection if they have requested that Fishers Island disconnect their service temporarily to allow for work on customer premises, and update the charges to reflect the current costs of one hour of an employee's and loaded truck time; add a "Reconnection Fee" item to clarify costs for customers who reconnect their electric service; add a "Returned Check Fee" for insufficient or dishonored checks; update Service Classification No. 1 to remove erroneous language; update the Non-AMI Monthly Meter Reading Fee, and to add language clarifying that if a customer fails to upgrade necessary, customer-owned meter box equipment to house AMI meters, the Company shall consider the customer to have opted out of the AMI meter and shall send the customer an opt out letter form by regular mail.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

| Agency code | Issue number | Year published | Serial number | Action Code |
|-------------|--------------|----------------|---------------|-------------|
| AAM | 01 | 12 | 0001 | P |

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

Sealed bids for Project No. Q1886-C, comprising of a contract for Construction Work, Repair Roof, Buildings 84 & 87, Camp Smith Training Site, 11 Bear Mountain Bridge Road, Cortlandt Manor (Westchester County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Division of Military and Naval Affairs, until 2:00 p.m. on Wednesday, June 26, 2024, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$31,800 for C).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$500,000 and \$1,000,000 for C.

Designated staff are Kimberly Belden, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862.

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

— Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

Substantial completion shall be in accordance with Section 011000 – Summary of the Work

As a condition of award, within five (5) days of receipt of the proposed Contract Agreement from the State, the apparent low bidder shall return the Contract Agreement to the State, properly executed, along with the Bonds if required by said Agreement. Low bidders who cannot meet these provisions may be subject to disqualification and forfeiture of the bid security.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 8:00 a.m. on June 13, 2024, at Camp Smith Training Site, OGS Field Office, 11 Bear Mountain Bridge Rd, Cortlandt, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds

without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Armand Dervishi (646-306-6287) a minimum of 24 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 24 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran’s Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs’ participation under this contract as follows: 3% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

A bidder is restricted from making contacts from the earliest posting, on the OGS website, in a newspaper of general circulation, or in the Contract Reporter of written notice, advertisement or solicitation of offers through final award and approval of the contract by OGS D&C and the Office of the State Comptroller (“Restricted Period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Kimberly Belden, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

___ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 546 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on June 13, 2024 at OGS/TDX Field Office, Manhattan PC, 102 River Edge Road, Wards Island NY 10035. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Irene Gomez (212-655-8484) a minimum of 48 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 48 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to

promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veterans’ Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs’ participation under this contract as follows: 6% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

NOTICE OF AVAILABILITY OF STATE AND FEDERAL FUNDS

New York Homes and Community Renewal
Housing Trust Fund Corporation
Office of Community Renewal
38-40 State St., 4th Fl. S
Albany, NY 12207

LEGALLY DESIGNATED LAND BANKS IN NEW YORK STATE
FORMED UNDER THE NEW YORK STATE LAND BANK ACT
OF 2011

Land Bank Initiative Funding

The NYS Fiscal Year 2022, 2023 and 2024 NYS Budgets allocated a combined \$110 million for the services and expenses of Land Banks. Through two rounds of Land Bank Initiative funding, the Housing Trust Fund Corporation (HTFC) and NYS Homes & Community Renewal's Office of Community Renewal (OCR) have committed a portion of this funding.

Up to \$50 million will be made available to continue to support Land Bank Property Services & Expenses through a 2024 Land Bank Initiative Open Round Request for Applications (RFA). The funding will be offered in open round application with rolling awards to accommodate the varying needs of the Land Banks. Funding through this NOFA & subsequent RFA will support expenses related to property acquisition, building rehabilitation, stabilization, demolition, pre-development, technical assistance & operations for new Land Banks.

APPLICATION FOR FUNDING

Application materials and full Request for Applications are available on the NYS Homes and Community Renewal website, <https://hcr.ny.gov/land-bank-initiative>. Applications must be submitted using the forms provided by email: TargetedPrograms@hcr.ny.gov. Applications will be accepted on an open round basis with rolling awards until December 31, 2024, or earlier if funding is fully committed.

PROGRAM DESCRIPTION

NYS LBI funds are intended to support Land Bank Property Services and expenses in New York State. The funding can support expenses including property acquisition, building stabilization, demolition, pre-development, technical assistance & operations for New Land Banks.

ELIGIBLE APPLICANTS

Legally designated Land Banks in New York State formed under the New York State Land Bank Act of 2011 (Article 16 of the Not-for-Profit Corporation law) are eligible to apply for funding.

ELIGIBLE ACTIVITIES

- Public or private acquisition of property. Applicant must provide justification for expense, purpose of acquisition and plan for disposition of property.
- Building feasibility studies, scope development, environmental studies, other non-capital expenses including consultant expenses critical to property redevelopment, addressing housing issues or organizational capacity.
- Building Preservation & Development interventions to preserve building integrity and safety and create new housing opportunities or prepare sites for development. May include emergency repairs, environmental abatement, moderate or substantial rehabilitation activities or development of new homes for sale to low- and moderate-income households.
- Selective and essential demolition. Funding to be used only as last

resort and requires evidence of public notice, community support and a long-term plan for lot following demolition.

- Applicants may request up to 5% of the funding request amount for staff or consultant costs directly related to the delivery of the proposed activities. Land Banks must clearly delineate and track these costs to avoid duplication with the Land Bank Initiative Phase I funding.

- Technical Assistance and Operations Support for new Land Banks approved by ESD after 1/1/2023 may apply for funding for non-capital services and expenses, including staffing and operations costs. 12-month contract term with possible renewals following LBI Phase I funding structure is available.

FUNDING LIMITS

Land Banks may request between \$300,000 and \$2 million to support Property Services as described in this notice and the full Request for Applications.

Eligibility for the funding requests will require demonstration of administrative capacity, alignment with existing organizational budget and representative eligible costs.

GENERAL REQUIREMENTS

The Office of Community Renewal (OCR) reserves the right to reject any and all proposals, to negotiate with applicants, recommend funding in an amount less than requested, conduct site visits, interview the applicant and development team, extend the submission deadline, and request additional information. OCR reserves the right to waive or modify any requirement contained in the Request for Application and applications received subject to the applicable statutes and the Program Regulations.

MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISES (M/WBE) COMPLIANCE

Recipients of awards are subject to Article 15A and 17-B of the New York State Executive Law. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBES") and Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Recipient's demonstration of "good faith efforts" pursuant to 5 NYCRR § 142.8 shall be a part of these requirements.

CONTACT INFORMATION

For general inquiries or technical assistance regarding the NYS CDBG program, please contact: NYS Homes and Community Renewal, Office of Community Renewal, 38-40 State St., 4th Fl. S, Albany, NY 12207, (518) 474-2057

PUBLIC NOTICE Department of State F-2024-0228

Date of Issuance – June 12, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0228, River Road Solar A LLC and River Road Solar B LLC are proposing the development of a 10 MW-ac ground mount, fixed tilt, community solar PV array located on a portion of a 91.4-acre parcel. Actions required for the development of this Project include minor permanent impacts to a federally jurisdictional stream for a necessary culvert replacement and filling and grading to widen the existing gravel access road to accommodate construction vehicle access and emergency vehicle access to the project area.

This project is located along River Road in the Town of Bethlehem, Albany County, Tributary to the Hudson River.

The stated purpose of the proposed action is to “[develop a] solar array to meet renewable energy demands and New York State goals for renewable energy.”

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/system/files/documents/2024/6/f-2024-0228a.pdf>, <https://dos.ny.gov/system/files/documents/2024/6/f-2024-0228b.pdf>, <https://dos.ny.gov/system/files/documents/2024/6/f-2024-0228c.pdf>, <https://dos.ny.gov/system/files/documents/2024/6/f-2024-0228d.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or July 12, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0287

Date of Issuance – June 12, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0287, Nassau County DPW is proposing to upgrade the drainage system of Bayville and Adams Avenues with larger diameter pipes or box culverts. Excavate 740 SF of channel (65cys) and plant with wetland vegetation. Bound the west and east sides of proposed channel with two 33LF runs of cantilevered steel bulkhead, placing stone at existing revetment on shoreline above MHW at the road ending of Adams Avenue, in the Village of Bayville, Nassau County, Mill Neck Creek.

The stated purpose of the proposed action: To mitigate flooding through the maintenance construction of storm drainage improvements, increasing both capacity and providing water quality facilities.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/system/files/documents/2024/06/f-2024-0287.pdf> or at <https://dos.ny.gov/public-notices>

PUBLIC NOTICE

Department of State
F-2024-0288

Date of Issuance – June 12, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0288, the Palisades Interstate Park Commission is proposing various amenities/improvements at Sojourner Truth State Park (STSP). The park is located within the City of Kingston and Town of Ulster in Ulster County. The proposed amenities include general access roads, trails and building as well as additional facilities located in five focus areas in the park and include:

Entrances and Roads

- An entrance is proposed on the east side of Route 32, continuing east into STSP along a currently gravel and rocky unimproved access road. This entrance would continue to the Main Street/First Avenue entrance.
- An emergency vehicle access road to connect into Quarry Lake west of First Avenue.
- A vehicular road extending south from the entrance road east of First Avenue to a parking area east of First Avenue opposite the emergency road to Quarry Lake.
- The North Trail Entrance located at John Street near the Empire State Trail.
- The Southern entrance would provide connection into the Site at the Empire State Trail at the boundary with Hutton Brickyards to the south.
- A road to the north from Sojourner Truth Way, connecting to Main Street.
- Parking areas are proposed: a) at John Street near the northern entrance and the kayak launch; b) on the east side of Main Street opposite Quarry Lake; c) along Sojourner Truth Way; d) at an existing informal parking area north of the Commons (Focus Area 3); and 4) at the southern gateway entrance on North Street.
- Additional roadway improvements are proposed to facilitate these entrances, including an upgrade through signalization at the intersection of Frank Sottile Boulevard and Route 32 north of the western entrance and an upgrade through signalization at the intersection of Route 9W and Route 32.

Administration, Maintenance and Operation:

- A Service Drive to Main Street, with connection on the southeast end with Sojourner Truth Way east of Main Street/First Avenue.
 - Three single story buildings are proposed including a Maintenance Center, an Administration Building and a smaller Salt Storage Shed.
 - A year-round rest room is proposed at this location served by a septic system. Municipal water will be provided from the City of Kingston.
 - Staff Parking and Staff and Visitor Parking are provided.
- Shultz Brickyard: This Focus Area is in the northeast corner of STSP
- Parking and arrival area, accessible path to launch, and the Shultz Chimney.
 - West of the Empire State Trail is the existing Shultz Mule Barn, which is currently being stabilized and may have future potential upgrades including a storytelling circle and a future bathroom, served by a septic system. Municipal water will be provided from the Town of Ulster.
 - Further south is a solar array, fishing post and swings, and path to the Scenic Hudson Barge Dock.

West Quarry Lakes: This Focus Area is located west of Main Street/First Avenue

- Activities proposed include swimming in Quarry Lake, the Poplar Pool Overlook, gathering areas, water stations and restrooms and showers. This will be served by a sanitary force main from the City of Kingston. Municipal water will be provided from the City of Kingston.
- A trail is proposed along the west side of Quarry Lake.
- Wetland restoration is proposed within Wetland G.
- A swimming pavilion.

The Commons: This Focus Area is east of Main Street and found at the eastern limit of Sojourner Truth Way.

- Activities include The Kingston Commons, Cement Industry, Commons Meadows, Remnant Ramble, The Shed, Event Ground and Plug+Play Flex/Pop Up area.
- A three-season restroom/pavilion, served by a septic system. Municipal water will be from the City of Kingston.

Steep Rocks Trail: This Focus Area is south of The Commons

- 0.7-mile accessible trail to Steep Rocks and includes an Overlook, and Arrival Area.

Southern Gateway and Lowland Loop: This Focus Area is in the southwest area of the park.

- 0.5-mile trail that includes a wetland boardwalk.
- Sustainable Systems:
 - Roof Mounted Photovoltaics at the Swimming Pavilion, Salt Storage, and the Restroom and Shed at the Commons.
 - Ground mounted Photovoltaics near the Mule Barn.
 - Geothermal heating and cooling at the Maintenance Center, Administration Building and Mule Barn.
 - Electric Vehicle Charging Stations at five parking areas.
 - Sitewide, STSP will incorporate geothermal heating and cooling, photovoltaic panels, electric vehicle charging, green stormwater infrastructure, permeable surfaces, native planting, habitat and ecological enhancements.

The stated purpose of the proposed action is to construct amenities for the new Sojourner Truth State Park (STSP) on a 508 acre site. The proposed Project entails the construction and expansion of STSP at five focus areas to support an array of activities, including kayaking, fishing, swimming, cycling, hiking, educational outreach events, entertainment events, and maintenance and operations buildings.

* The Tax Law requires the interest rate on sales tax assessments or late payments to be set at 14.5% for this quarter. However, if the Commissioner determines that the failure to pay or the delay in payment is due to reasonable cause and not willful neglect, the Commissioner may impose interest at the corporation tax late payment and assessment rate. That rate is 12% for this quarter.

** There are a number of state and local governmental bodies that have interest rates tied to the overpayment and underpayment rates contained in either Tax Law section 697(j) (Income Tax) or section 1096(e) (Corporation Tax). For purposes of Tax Law section 697(j) and section 1096(e), the overpayment rate for this period is 7%. For purposes of Tax Law section 697(j), the underpayment rate for this period is 10.5%. For purposes of Tax Law section 1096(e), the underpayment rate for this period is 12%.

*** Under Tax Law section 527(f), the interest rates relating to the Fuel Use tax are set pursuant to the International Fuel Tax Agreement (IFTA). For more information regarding IFTA interest rates, see www.iftach.org

**** Under Environmental Conservation Law sections 27-1913(3)-(5), the rates of interest for overpayment and underpayment of tax relating to the waste tire management and recycling fee are set pursuant to Tax Law Article 28, effective March 1, 2023.
