Notice of Availability of State and Federal Funds
Court Notices

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:

- the 60-day period expires on December 22, 2024
- the 45-day period expires on December 7, 2024
- the 30-day period expires on November 22, 2024

REGISTER

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Office of Cannabis Management

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Adult Use Dispensaries-Standards for Public Convenience and Advantage

I.D. No. OCM-43-24-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Parts 118 and 119 of Title 9 NYCRR.

Statutory authority: Cannabis Law, sections 10, 13, 64, 76 and 85

Subject: Adult Use Dispensaries-Standards for Public Convenience and Advantage.

Purpose: Amends factors the Cannabis Control Board shall consider to determine public convenience and advantage.

Text of proposed rule: Paragraph (88) of subdivision (a) of section 118.1 is repealed and paragraphs (89) through (107) are renumbered to (88) through (106).

Subdivision (b) of section 119.4 is amended to read as follows:

(b) *Upon request by a licensee or provisional licensee whose proposed location for their licensed premises cannot be approved based on the distance requirements described in paragraphs (1) and (2) of subdivision (a) of this section, t[T]he [B]board may determine that granting a license for a premises in such location would promote public convenience and advantage as described in paragraphs (1) and (2) of subdivision (a) of this section. Upon receipt of a request submitted in accordance with subdivisions (b) and (c) of this section, the board shall [by] consider[ing], at a minimum, the following factors, which include:*

[(1) the number, classes, and character of other licenses in proximity to the premises and in the particular municipality or subdivision thereof;

(2) evidence that all necessary licenses and permits have been obtained from the state and all other governing bodies;

(3) whether there is a demonstrated need for such license;

(4) effect of the grant of the license on pedestrian or vehicular traffic, and parking, in proximity to the premises;

(5) the existing noise level at the premises and any increase in noise level that would be generated by the proposed premises;

(6) the history of cannabis violations and reported criminal activity at the proposed premises; and

(7) any other factors specified by law or regulation that are relevant to determine that granting a license would promote public convenience and advantage of the community.]

(1) the distance from any other existing retail dispensary locations, approved by the office, within

(i) 1,000 feet of the location in jurisdictions where the minimum distance between retail facilities is 1,000-feet; or

(ii) 2,000 feet in jurisdictions where the minimum distance between retail facilities is 2,000-feet;

(2) any geographic, structural, or topographic barriers that separate the proposed location from any such existing retail dispensary locations, e.g., waterways, major roadways or highways, and significant travel distance required to get between the two locations;

(3) the distance between the proposed location and any such existing retail dispensary locations when measured as a pedestrian or car would travel;

(4) any factors that are unique to the proposed location, including any environmental or economic considerations that may justify its placement and/or a need for greater adult-use cannabis consumer access in the area, including, but not limited to:

(i) economic justification that highlights high consumer demand for additional retail dispensaries or retail microbusinesses in the area;

(ii) the number of illicit cannabis dispensaries or former illicit dispensaries in close proximity to both the existing and proposed locations; and

(iii) any other factors submitted by the requestor.

Subdivisions (c) through (l) of section 119.4 are re-lettered to (d) through (m) and a new subdivision (c) of section 119.4 is added to read as follows:

(c) Any requests submitted pursuant to subdivision (b) of this section shall attach a copy of a notification to the local municipality or local community board in which the proposed location is situated of the licensee or provisional licensee's intention to request a waiver from the board pursuant to this section for a location that does not meet the applicable 1,000-foot/2,000-foot minimum distance requirement set forth in subdivision (a) of the section. In accordance with section 76 of the Cannabis Law and section 119.3(b) of this Part, such notice shall provide that the municipality or community board will have a maximum of 45 days to submit a response to the notification to the board prior to consideration of the application by the board and shall attach a copy of the application to be submitted to the board. Provided however, that if a licensee or provisional licensee has already notified the local municipality or local community board prior to the effective date of this subdivision and the local municipality or local community board has had an opportunity to express an opinion within the timeframe outlined in this subdivision, the board shall accept this notification as completing the requirement outlined in this subdivision.

Text of proposed rule and any required statements and analyses may be obtained from: David Nardolillo, Office of Cannabis Management, 1220 Washington Avenue, Albany, NY 12226, (888) 626-5151, email: regulations@ocm.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

Statutory Authority:

Section 64 of the Cannabis Law requires that the Cannabis Control

Board develop regulations for determining whether an applicant should be granted the privilege of an initial adult-use cannabis license based on enumerated criteria, including considering the public interest in such license being granted. Section 76 of the Cannabis Law requires notification to the appropriate municipal entity as part of the licensure process. Part of the determination of public interest under section 64 is considering whether granting a license would promote public convenience and advantage (PCA). Sections 10, 13, and 85 of the Cannabis Law further authorize the Cannabis Control Board to promulgate regulations to effectuate the provisions of that law.

Legislative Objectives:

The Legislature, through the enactment of the Cannabis Law intended to regulate, control, and tax adult-use cannabis and cannabis products, generate significant new revenue, make substantial investments in communities and people most impacted by cannabis criminalization, reduce participation of otherwise law-abiding citizens in the unlawful market, end the racially disparate impact of existing cannabis laws, create new industries, and increase employment. Additionally, the Legislature intended for the Board to consider public interest, convenience, and advantage in determining the locations of adult-use cannabis licensees.

Needs and Benefits:

Through the proposed rule, licensees or provisional licensees for a microbusiness license or an adult-use cannabis dispensary license would be able to request that the Board review their proposed retail locations and potentially waive restrictions on proximity to other licensees on the grounds that approving such locations would promote public convenience and advantage. The proposal will support the burgeoning cannabis market by potentially making additional sites available and, therefore, help further the legislative objectives of the Cannabis Law.

Under regulatory requirements for adult-use licenses, applicants must demonstrate control over a business location (e.g., through ownership or lease of the premises) in order to receive location approvals. In the process of selecting a desirable business location for a retail dispensary, some applicants obtain control over a property without knowing that it is within a prohibited distance from another location that may have filed an earlier application or received site protection from the Office. While the existing regulations afforded the opportunity for the Board to consider public convenience and advantage to still approve these types of locations, the regulation did not include any specific process for the Board to follow in making such a determination. Furthermore, the current regulations are problematic in that the enumerated factors and criteria currently set forth to determine the promotion of public convenience and advantage did not actually align with the information that applicants were highlighting to the Office and the Board. As a result, some applicants had expended resources to secure locations that may never be able to open, thus impeding the development of the cannabis market.

The proposed regulations address these issues by removing the existing criteria from the regulations and replacing it with parameters of criteria more directly related to evaluating requests for PCA. This proposal will have a direct benefit to applicants, who have expended resources in researching potential locations, leasing properties to gain required site control, and maintaining carrying costs of properties from having locations disqualified that otherwise comply with the law and promote public convenience and advantage.

Costs:

Costs for the Implementation of, and Continuing Compliance with the Regulation to the Agency and Regulated Entities:

The Office anticipates relying on current resources to respond to public convenience and advantage requests as there are existing staff allocated to reviewing locations and making determinations. Most costs fall primarily upon an applicant and vary significantly depending on whether the application is ultimately approved.

Costs to State and Local Governments:

The proposed rule does not require local governments to perform any additional tasks, although they will have an opportunity to comment on an application to the Board on public convenience and advantage grounds. Nonetheless, should an applicant requesting a public convenience and advantage determination ultimately be successful, local governments would continue the processes and costs already associated with local government oversight of retail dispensaries in accordance with Part 119 regulations. No costs are expected on the State.

Local Government Mandates:

The proposed rule does not impose any new programs, services, duties, or responsibilities on local government. However, under the proposed regulations, municipalities are required to be notified and may comment on the applicant's public convenience and advantage request.

Paperwork:

Any increase in paperwork required by the proposal would be minimal relative to the existing licensing procedures. Paperwork would be associated with an applicant's request to the Board, along with the notification to

the municipality and associated comment. Under the proposed regulations, the Board establishes the request procedure and may update as needed. Requests to the Board and subsequent responses from the Board will be recorded and documented accordingly.

Duplication:

The proposed rule does not duplicate any existing State or federal requirements that are applicable to an adult-use cannabis program.

Alternatives:

There were no significant alternatives proposals to be considered for the adoption of the proposed regulations, as the proposed rule was developed in response to feedback from multiple organizations, industry stakeholders, and advocates and who have provided feedback and suggestions. Additionally, the Office of Cannabis Management sought input from the New York State Cannabis Advisory Board, a board composed of industry experts, ancillary services providers, operators, and other regulated parties. The feedback from this process highlighted that the current language allowing the Board to consider public convenience and advantage was problematic because it did not set forth a process and contained criteria that did not align with relevant information that applicants were highlighting to the Office and the Board. Because applicants are required to demonstrate control of a location that must be evaluated prior to receiving approval of a license, some locations that are already secured and leased may violate proximity restrictions and never be able to open without revision of the regulations. This would frustrate the legislative objectives of the Cannabis Law.

Federal Standards:

Federal requirements do not include provisions for an adult-use cannabis program.

Compliance Schedule:

The proposed rule will take effect upon publication of a Notice of Adoption in the New York State Register.

Regulatory Flexibility Analysis

Effect of Rule:

The proposed rule establishes a mechanism for applicants to submit and request that the Cannabis Control Board review proposed retail dispensary locations that would otherwise violate restrictions on proximity to other licensees, and then determine whether the location can be approved on the grounds that it promotes public convenience and advantage. This rule is intended to respond to the cannabis market needs and feedback from stakeholders, and will allow the Cannabis Control Board to evaluate whether additional adult-use retail locations should operate in proximity to existing operators, and to do so with potential input from the municipality and or community board. At the time of the rulemaking, there are approximately 200 adult use retail dispensaries licensees in operation that could be affected by these amendments.

Compliance Requirements:

The proposed rule allows the Board to grant waivers of restrictions on proximity to other retail locations on grounds of promotion of public convenience and advantage. The rule does not, however, provide waivers distancing rules for school grounds (500 feet), houses of worship (200 feet), and public youth facilities (500 feet). The proposed rule would not remove or expand other regulatory requirements, generally, and any applicant and licensee will remain subject to all applicable State and local rules regarding licensure.

Professional Services:

Licensees and provisional licensees may desire to retain legal, real estate and other professional services for the waiver submission to the Board, but the proposed rule would not mandate these expenses. The Office does not anticipate any new professional services will be required for small businesses or local governments to implement the proposed rule.

Compliance Costs:

The proposed rule is a discretionary, in that an applicant is only impacted by the rule if it files submissions to the Board for location waivers on the basis of public convenience and advantage. The Office sought input from multiple stakeholders prior to proposing the regulation, including the New York State Cannabis Advisory Board, which comprises members representing a wide range of sectors in the cannabis industry, such as cannabis cultivators, municipal-focused organizations, cannabis curricula developers, and other regulated parties, and no concerns regarding increase compliance costs could be determined. The Office does not anticipate any compliance costs to be attributable to local governments.

Economic and Technological Feasibility:

This proposal is economically and technologically feasible. Neither the rule nor the process it addresses imposes any unique technological or economic challenges to small businesses or local governments compared to other similar industries such as a liquor store or pharmacy.

Minimizing Adverse Impact:

The Office does not anticipate an adverse impact from these proposed regulations on small businesses or local governments. The Office does believe this rule will assist in further stimulating the cannabis market by

establishing a pathway for adding new locations in areas that could support additional operators.

Small Business and Local Government Participation:

The proposed rule was developed in response to feedback from multiple organizations, industry stakeholders, cannabis associations, and advocates and who have provided feedback and suggestions to this proposed rule. Additionally, the Office sought input from the New York State Cannabis Advisory Board; membership in that Board includes organizations and associations that represent municipal interests. This outreach, therefore, necessarily included the participation of local governments and many small businesses that are licensees that would be impacted.

After the proposed rule is published in the New York State Register, the Office will continue to discuss the proposal with small businesses and local governments through several channels during the 60-day public comment period for the proposed regulations. First, the Office will electronically communicate the publication of the proposed rule to local governments and stakeholders that sign-up for an e-mail list on the Office’s website (<https://public.govdelivery.com/accounts/NYOOCM/subscriber/new>). The Office also dedicates a page on its website for municipal governments (<https://cannabis.ny.gov/localities>) and monitors an e-mail dedicated solely for communication with local governments (municipalities@ocm.ny.gov). • Since the proposed regulations require municipal involvement and notification, the Office will conduct outreach and training to municipal governments and community boards on how the process impacts them, and how to submit an opinion. The Office also has standing meetings with stakeholder groups that include participation from small businesses and associations representing the interests of counties and local governments.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

Outside of major cities and metropolitan population centers, most counties in New York State contain rural areas. Under the Cannabis Law, opt-out provisions are not applicable at the county level. There are 44 rural areas in New York State, and in 13 such areas, each has at least one registered organization or adult-use retail dispensary, or both, in operation. There are approximately 200 licensed dispensaries open across the State as of September 27, 2024, of which approximately 19 operate in a rural county.

Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services:

All reporting, recordkeeping, or other compliance requirements will be limited to documents related to applicants requesting location approval from the Board on the basis of public convenience and advantage. Applicants making requests to the Board must maintain records and documentation to support whether the applicant meets the Board’s criteria for approving a location on the grounds that such a location would promote public convenience and advantage. The proposed amendments also require notification to municipalities of the applicant’s request, with an opportunity for the municipality to comment. Some applicants may retain professional services such as legal and real estate services for location submissions to the Board and for notification submission to municipalities or community boards where they seek to operate.

Costs:

No specific costs are imposed upon rural areas to comply with the rule. Costs fall primarily on individual applicants and vary significantly depending on whether an applicant is ultimately approved. Under existing and proposed regulations, the types of costs incurred by applicants do not differ between applicants located in rural areas and those located in any other part of the State. If the proposed rule is adopted, some modicum of municipal resources may be needed to process applicant notification of a public convenience and advantage request, but those costs should remain limited due to existing frameworks to process applicant materials through the licensure procedure, which is otherwise unchanged by this regulation.

Minimizing Adverse Impact:

The Office does not anticipate any adverse impact on rural areas through the proposed amendments. The proposed rule would require the applicant to provide notice to a municipality as part of the Cannabis Control Board’s consideration of public convenience and advantage and the municipality is afforded an opportunity to comment on that issue.

Rural Area Participation:

The proposed rule was developed in response to feedback from potential retail dispensaries, municipalities, and advocates through the New York State Cannabis Advisory Board, who have provided feedback and suggestions for the proposed amendments to Parts 118.1 and 119.4.

Job Impact Statement

The proposed rule, by revising the public convenience and advantage process, will incentivize the creation of new jobs when an applicant secures an approved location and is granted an adult-use retail dispensary license, and through ancillary businesses supporting these retail licensees. A portion of funds, including revenues pursuant to Article 4 of the Cannabis

Law, shall be used to support job placement, job skills services, as well as adult education. This Office has determined to the extent that the existing licensed operators maintain compliance with applicable law and regulations, there are no foreseeable adverse impacts on jobs in the licensed adult-use retail marketplace.

Board of Commissioner of Pilots

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Adjusting Rates to Address Market Conditions

I.D. No. COP-43-24-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of section 55.2 of Title 21 NYCRR.

Statutory authority: 21 NYCRR, section 55.2

Subject: Adjusting rates to address market conditions.

Purpose: The regulation will provide consistent pricing across the current fee structure.

Text of proposed rule: Section 55.2 - Supplementary Fees-Hudson River

(d) Additional fee for docking and undocking. For docking and undocking, 20 percent of the Zone 2 base rate, in addition to any fee otherwise established.

The following language shall be removed entirely.

[(d) Additional fee for docking and undocking. For docking and undocking, the following schedule of fees, in addition to any fee otherwise established, shall apply:

(1) without assistance of tugs or bow thruster, 25 percent of the Zone 2 base rate;

(2) without assistance of tugs but with assistance of bow thruster, 15 percent of the Zone 2 base rate;

(3) with the assistance of tug or tugs, 10 percent of the Zone 2 base rate. (See section 54.2 of this Title).]

Text of proposed rule and any required statements and analyses may be obtained from: Andrew J. Garger, Board of Commissioners of Pilots, One Battery Park Place, 31st Floor, New York, NY 10004, (212) 425-5027, email: ajgarger@nypilotcommission.org

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Filing No. 823

Filing Date: 2024-10-08

Effective Date: 2024-10-25

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 52.43 and 77.1 of Title 8 NYCRR.

Statutory authority: Education Law, sections 207, 6504, 6507, 6731, 6734; L. 2023, ch. 594

Subject: Requires a doctoral degree in physical therapy for licensure.

Purpose: To conform the commissioner's regulations to chapter 594 of the Laws of 2023.

Text or summary was published in the June 26, 2024 issue of the Register, I.D. No. EDU-26-24-00011-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: Kirti Goswami, NYS Education Department, Office of Counsel, 89 Washington Avenue, Room 112EB, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2027, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

1. COMMENT: The New York (NY) Chapter of a national physical therapy association expressed support for proposed rule, which is necessary to implement Chapter 594 of the Laws of 2023 (Chapter 594).

The commenter states that it strongly supported the enactment of the underlying legislation in 2023, which updated the educational requirements for licensure as a physical therapist to require completion of a doctoral degree.

According to the commenter, since 2006, all NY physical therapy educational programs have been at the Doctor of Physical Therapy (DPT) degree level. The commenter further asserts that the DPT is also the education level required for program accreditation by the Commission on Accreditation in Physical Therapy Education, the national accrediting agency for physical therapy education programs. The commenter states that the DPT degree requires that physical therapists graduate with advanced course study in biology, physiology, neuroscience, pathology, clinical reasoning, and differential diagnosis, ensuring that physical therapists practicing in NY are meeting the current practice standards.

DEPARTMENT RESPONSE: The comments are supportive. No changes to the proposed rule are necessary.

2. COMMENT: On behalf of its members, a state association for county health officials expressed concerns about the effect the proposed rule may have on provider capacity for approved preschool education programs pursuant to Education Law § 4410 (4410 programs) and Early Intervention (EI) programs.

According to the commenter, NY's 4410 and EI programs are experiencing significant provider shortages in many areas of the state, which it asserts is due to several factors, including the level of qualification required to provide these services in NY. The commenter also asserts that a shortage of providers results in longer wait times for assessments and services for eligible children, delayed service coordination, and increased transportation costs for families, counties, and providers. The commenter stated that these delays and barriers to receiving services ultimately puts children at risk of exacerbated developmental delays at a critical juncture for needed interventions.

The commenter expresses concern that requiring a Doctorate degree in PT for a license would create barriers that would dissuade new providers from pursuing careers that serve children eligible for 4410 and/or EI programs.

While the commenter acknowledges that the proposed rule is necessary to conform to changes in the state law, it asserts that the regulatory impact statement fails to provide an adequate assessment of the possible impacts on provider capacity to the already strained 4410 and EI programs and request that further review and assessment of current availability of PTs and the potential impact for these programs be conducted and provided to the public prior to adopting a final regulation.

The commenter also believes that this impact could be mitigated through additional rate increases for both 4410 and EI providers, while maintaining cost neutrality to counties. According to the commenter, this would ensure that early career PTs, who would now be required to obtain an advanced degree, be able to provide services in these publicly funded programs given the additional educational costs that would now be necessary to practice PT in NY.

Finally, the commenter urges the Department to explore the feasibility of these state-funded rate increases and to coordinate with the New York State Department of Health's Bureau of Early Intervention (BEI) on this topic to ensure that this proposed rule and any others like it do not further deter professionals from pursuing 4410 and/or EI programs for employment.

DEPARTMENT RESPONSE: Presently, Education Law § 6734 requires an applicant for licensure as a physical therapist to receive a master's or higher degree in physical therapy or an equivalent degree, as determined by the Department. To conform New York's physical therapist education program licensure requirements with national standards and the current requirements of NY's education programs, Chapter 594 of the Laws of 2023 (Chapter 594), effective October 25, 2024, amends the Education Law to require a doctoral degree in physical therapy for licensure or the equivalent as determined by the Department, rather than a master's degree or higher.

The proposed rule's education requirements for physical therapy licensure are consistent with the amendments made to statute by Chapter 594. The Department does not anticipate that the statutory amendment, and conforming regulatory amendment, will create barriers that would dissuade new providers from pursuing careers that serve children eligible for 4410 and/or EI programs.

Since approximately 2006, all NY physical therapy education programs have been registered to award the Doctor of Physical Therapy (DPT). The doctorate is the national standard for accredited programs and for licensure as a physical therapist in NY and other jurisdictions. Physical therapists graduating from doctorate level programs receive extensive training in the evaluation of patients' condition. This education prepares physical therapists to treat and rehabilitate a broad range of neuromusculoskeletal injuries and are an integral part of NY's health care system. Thus, since approximately 2006, all physical therapist having been attending education programs which award a DPT.

Additionally, Chapter 594 clarifies that the amendment shall not be construed to affect the validity of existing licenses and permits. Therefore, current licenses that do not have a DPT would not be required to obtain a DPT.

The comment regarding rate increases for both 4410 and EI providers commenters is beyond the scope of the proposed rule. Moreover, any resulting impact from the doctoral degree requirement does not stem from the regulatory change but instead from an act of the legislature. Therefore, no changes are necessary.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

District Superintendents

I.D. No. EDU-43-24-00010-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Subpart 124-1 to Title 8 NYCRR.

Statutory authority: Education Law, sections 207, 215, 305, 1950, 2204, 2205, 209, 2212, 2215 and 2216

Subject: District superintendents.

Purpose: To clarify the responsibilities and employment conditions for district superintendents.

Text of proposed rule: 1. The Regulations of the Commissioner of Education is amended by adding a new Subpart 124-1 to Part 124 to read as follows:

Subpart 124-1 District Superintendents

Section 124-1.1 General role

(a) Pursuant to Education Law § 1950, a board of cooperative educational services (BOCES) provides shared educational programs and services to component school districts within the state and is governed by a BOCES board of trustees (board).

(b) The district superintendent shall be the executive officer of a BOCES, and where a BOCES comprises two or more supervisory districts, the district superintendents, together with the president of the BOCES, shall act as an executive committee.

(c) The district superintendent shall serve as the representative of the Commissioner for a sole supervisory district. They are responsible for overseeing the BOCES and the component school districts of supervisory districts. This role includes, but is not limited to, overseeing the development and implementation of regionalization plans pursuant to Subpart 124-2 of this Part, providing services for and facilitating collaboration among component school districts, carrying out duties and responsibilities as directed by the Commissioner, reporting to and attending all board meetings, and acting as the primary liaison between the Department and the BOCES.

Section 124-1.2 Employment status

(a) Appointment and employment status.

(1) Pursuant to Education Law § 1940(4), the BOCES shall have the power and duty to appoint a district superintendent in the manner provided in Education Law § 2204, provided such district superintendent meets the qualifications requirement prescribed in Education Law § 2205.

(2) The office of the district superintendent shall be vacant upon any event prescribed in Education Law § 2208.

(3) A district superintendent may be removed from office pursuant to Education Law § 2212, or as otherwise specified in their contract.

(4) Any change in employment status, suspension, or disciplinary action of the district superintendent shall be reviewed with the Department prior to any such action being taken by the board.

(b) *Operations.* The daily operations and duties of the district superin-

endent are at the direction of the board. Provided, however, that the Commissioner may assign tasks to the district superintendent as needed.

(c) Employment contract.

(1) The BOCES shall have the discretion to provide the payment of supplementary salary to the district superintendent by the sole supervisory district. Provided, however, that the total salary of a district superintendent is subject to the statutory salary cap set forth in Education Law § 1950(4)(a)(2).

(2) The term of any employment contract or agreement between a district superintendent and the BOCES shall not exceed three years.

(3) Copies of employment contracts and amendments to such contracts entered into shall be filed with the Commissioner within five days of execution pursuant to Education Law § 1950(4)(a)(1). The Commissioner shall review such filed contracts.

(4) In no event shall the terms of the district superintendent's contract, including any provisions relating to an increase in salary, compensation or other benefits, be contingent upon the terms of any collective bargaining agreement between the BOCES and its teachers or other employees.

Section 124-1.3 Responsibilities

(a) District superintendents shall have the general powers and duties as prescribed in Education Law § 2215.

(b) As the executive officer of the BOCES, the district superintendent is responsible for executing policies set by the board, managing BOCES administrative functions, participating in executive sessions of the board when deemed appropriate by such board, carrying out tasks as assigned by the Commissioner, and ensuring compliance with state education mandates and guidelines.

(c) The district superintendent shall lead investigations of potential violations of the Education Law in their component school districts and provide reports of the outcome of such investigations as directed by the Commissioner, or their designee.

(d) Unless excused by the Commissioner, the district superintendent shall attend each monthly statewide district superintendent meeting.

(e) Each year, on a form and manner prescribed by the Commissioner, the district superintendent shall complete and submit their performance evaluation to the Department.

Section 124-1.4 Intermediary role

The district superintendent shall act as an intermediary between the Department, BOCES, and component school districts to facilitate the successful execution of education initiatives within the sole supervisory district, including translating state educational priorities into actionable regionalization plans that align with the unique needs and resources of the component school districts.

Section 124-1.5 Leave accruals

(a) Upon commencement of employment, or anytime thereafter, each board shall have the authority to permit carryover of unused vacation and/or sick leave per calendar year for district superintendents from their current or former employer at the discretion of the board and commissioner. Provided, however, that at the time of separation from service, no district superintendent shall be compensated for accrued and unused vacation credits or sick leave, or use accrued and unused sick leave for retirement service credit or to pay for health insurance in retirement, except at the maximum number of days allowable for management/confidential employees of the state.

(b) To the extent that holidays are provided by the BOCES to the district superintendent that exceed those made available to management/confidential employees of the state, the district superintendent shall be entitled to such holidays provided they make themselves available to carry out responsibilities at the direction of the Commissioner on those days.

(c) Leave accruals shall be at the discretion of the board, upon consent of the Commissioner. Provided, however, that such accruals, at the end of the calendar year, shall not exceed the maximum number of days allowable for managerial/confidential employees of the state pursuant to regulations promulgated by the state civil service commission, nor may any district superintendent at the time of separation from service be compensated for accrued and unused vacation credits or sick leave, or use accrued and unused sick leave for retirement service credit or to pay for health insurance in retirement, at a rate in excess of the rate permitted to managerial/confidential employees of the state pursuant to regulations of the state civil service commission.

(d) A district superintendent who retires directly from State service may negotiate in their contract with the BOCES up to the maximum days allowable for management/confidential employees of unused sick leave or the equivalent of a retirement service credit on a day-to-day basis and up to the maximum days allowable for management/confidential employees to offset the cost of health insurance in retirement. For the latter, the value of unused sick leave is converted to a monthly credit, which is applied toward paying any contribution the employee makes for health insurance for the rest of his or her life. Such benefit shall be at the expense of the BOCES, unless the district superintendent is enrolled in the New York

State Health Insurance Program (NYSHIP) at the time of separation, and shall not apply to the salary cap.

(e) The local BOCES has discretion to set leave and sick time for the district superintendent, pursuant to their contract, as long as such accruals do not exceed the maximum allowed for management/confidential employees. Nothing shall prohibit a district superintendent, upon employment or anytime thereafter, from accruing the maximum leave and sick time accrual, or some increment thereof, as long as such accruals do not exceed the maximum allowed for management/confidential employees.

(f) District superintendents shall not be eligible for enrollment in the management/confidential Income Protection Plan (IPP).

Section 124-1.6 Timekeeping

(a) District superintendents shall be exempt from recording their leave, accruals, and time worked through the New York State Leave and Accrual Tracking System (LATS) if a comparable system collecting the same data regarding leave, accruals, and time worked exists at the local BOCES level.

(b) The district superintendent or BOCES shall provide the data collected through any such local leave and accrual timekeeping system to the Department or other state entity, if requested, within ten business days.

Section 124-1.7 Insurance and health care benefits

(a) In addition to the payment of supplementary salary, a BOCES may provide for the payment of all or a portion of the cost of insurance benefits for the district superintendent, including health insurance, disability insurance, life insurance or any other form of insurance benefit made available to managerial/confidential employees of the state. Any such payments for whole life, split dollar, or other life insurance policies having a cash value, or any payments toward the employee contribution, co-pay, or uncovered medical expenses under a health insurance plan shall be included in the total salary of the district superintendent, during the time of employment of the district superintendent.

(b) The BOCES may negotiate health care coverage both in-service and in retirement, in excess of, or separate from, health care coverage provided by the State of New York for the benefit of a district superintendent. Contributions by the BOCES to a Health Saving Account or comparable account for the purpose of covering qualified health expenses, or a plan deductible, shall not count towards the salary cap prescribed in Education Law § 4405(4)(a)(2) for the district superintendent.

Section 124-1.8 Moving Expenses

Newly hired district superintendents may be reimbursed by the BOCES for individual and family moving expenses pursuant to their contract and subject to the limitations within State Finance Law § 202, which shall not count towards the salary cap. A newly hired district superintendent is not eligible, however, for related expenses such as selling or buying a house or renting temporary quarters. Reimbursement shall not be granted if the distance between the newly hired district superintendent's old and new place of employment, or between the new place of employment and place of residence at the time of employment, is less than 35 miles.

Text of proposed rule and any required statements and analyses may be obtained from: Kirti Goswami, NYS Education Department, Office of Counsel, 89 Washington Avenue, Room 112 E, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Data, views or arguments may be submitted to: David Frank, Assistant Commissioner, Office of Education Policy, 89 Washington Avenue, Room 115 EB, Albany, NY 12234, (518) 408-1951, email: REGCOMMENTS@nysed.gov

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Education Law § 207 grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law § 215 empowers the Regents and the Commissioner to visit, examine into and inspect, any institution in the University and any school or institution under the educational supervision of the State and may require reports therefrom giving information as the Regents or the Commissioner prescribe.

Education Law § 305 (1) and (2) provide that the Commissioner, as chief executive officer of the State's education system, with general supervision over all schools and institutions subject to the Education Law, or of any statute relating to education, and responsibility for executing all educational policies of the Board of Regents.

Education Law § 1950 establishes boards of cooperative educational services for the purpose of carrying out programs of shared educational services in the schools of the supervisory district and for providing instruction in such special subjects as the commissioner may approve.

Education Law § 2204 provides for the appointment of a district superintendent of schools by boards of cooperative educational services.

Education Law § 2205 prescribes the qualifications of districts superintendents.

Education Law § 2209 prescribes the state salary for district superintendents.

Education Law § 2212 provides that a district superintendent may be removed from office at any time upon the affirmative vote of a majority of the members of the board of cooperative educational services, or by the commissioner pursuant to Education Law § 306.

Education Law § 2215 prescribes the general powers and duties of district superintendents.

Education Law § 2216 provides that district superintendents are subject to such regulations and directions as the Commissioner shall from time to time prescribe.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above statutory authority and is necessary to clarify the responsibilities and employment conditions for District Superintendents.

3. NEEDS AND BENEFITS:

The Department proposes to clarify the responsibilities and employment conditions for District Superintendents. District Superintendents play a pivotal role in the educational landscape of New York State. As the executive officers of Boards of Cooperative Educational Services (BOCES), District Superintendents are responsible for overseeing the provision of shared educational programs and services to component school districts within their respective sole supervisory districts. This role, as defined under Education Law § 1950, positions the District Superintendent as both a local educational leader and a representative of the Commissioner of Education, tasked with ensuring that state policies and priorities are effectively implemented across their districts.

Given the unique dual reporting structure of District Superintendents—where they are accountable to both the BOCES Board of Trustees and the Commissioner—there is a critical need for guidelines that outline their authority, duties, and benefits. The reporting structure of District Superintendents has historically created complexities in ensuring that their role is consistently understood and applied across the state. The proposed regulation seeks to:

- **Ensure Consistency:** By clearly delineating the responsibilities and powers of District Superintendents, the regulations provide a uniform standard that aligns with the statutory requirements of Education Law Section 1950. This is crucial for maintaining coherence in how District Superintendents operate within their dual roles.

- **Support Effective Leadership:** Clarifying the role of District Superintendents strengthens their ability to lead regionalization and other state-led initiatives effectively. The proposed regulations emphasize the importance of their role in translating state policies into actionable plans that meet the unique needs of their districts.

- **Streamline Oversight:** The proposed regulations also address the need for clear procedures regarding the employment status, compensation, and benefits of District Superintendents, including the handling of leave accruals. This ensures that both the BOCES Board of Trustees and the Department can effectively manage and support these leaders, who are critical to the success of educational initiatives across the state.

The proposed Subpart 124-1 of Part 124 of the Commissioner's regulations describes the general role and responsibilities of District Superintendents, including executing policies set by the BOCES Board of Trustees, managing BOCES administrative functions, and ensuring compliance with state education mandates and guidelines. It also addresses the employment status of District Superintendents, explaining that while their daily operations and compensation are managed by the BOCES Board of Trustees, they also report to the Commissioner and serve as their representative in the field (the Department also ensures compliance with statutory salary caps and contract requirements). Finally, the amendment outlines policies related to leave accruals, timekeeping, insurance and health care benefits, and moving expenses, providing a consistent framework that aligns with state employment requirements while accommodating specific BOCES employment contracts.

4. COSTS:

(a) Costs to State government: The proposed rule does not impose any costs on State government.

(b) Costs to local government: The proposed rule does not impose any costs on local government.

(c) Cost to private regulated parties. The proposed rule does not impose any costs on private regulated parties.

(d) Cost to the regulatory agency: The proposed rule does not impose any costs on the State Education Department for implementation and continued administration.

5. LOCAL GOVERNMENT MANDATES:

The proposed rule does not impose any program service, duty, responsibility, or other mandate on local governments.

6. PAPERWORK:

The proposed rule does not impose any paperwork mandates.

7. DUPLICATION:

There are no other state or federal requirements on the subject matter of the proposed rule. Therefore, the amendment does not duplicate other existing state or federal requirements.

8. ALTERNATIVES:

The proposed rule is necessary to clarify the responsibilities and employment conditions for District Superintendents. There are no significant alternatives to the proposed rule and none were considered.

9. FEDERAL STANDARDS:

There are no related federal standards. Since there are no applicable federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

It is anticipated that the proposed amendment will be presented to the Board of Regents for permanent adoption at the February 2025 Regents meeting, after publication of the proposed amendment in the State Register and expiration of the 60-day public comment period required under the State Administrative Procedure Act. If adopted at the February 2025 meeting, the proposed amendment will become effective on February 26, 2025. It is anticipated that the regulated parties will be able to comply with the proposed rule by the effective date.

Regulatory Flexibility Analysis

The purpose of the proposed rule is necessary to clarify the responsibilities and employment conditions for District Superintendents.

The proposed rule does not have any adverse economic impact or impose any reporting, record keeping or any other compliance requirements on small businesses or local governments. Because it is evident from the nature of the proposed amendment that it does not affect small businesses or local governments, no further measures were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses and local governments is not required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act, and one has not been prepared.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS:

The proposed rule will apply to all District Superintendents and Boards of Cooperative Educational Services (BOCES) in the State, including those located in the 44 counties with less than 200,000 inhabitants and the 71 towns in urban counties with a population density of 150 per square miles or less.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

The proposed Subpart 124-1 of Part 124 of the Commissioner’s regulations describes the general role and responsibilities of District Superintendents, including executing policies set by the BOCES Board of Trustees, managing BOCES administrative functions, and ensuring compliance with state education mandates and guidelines. It also addresses the employment status of District Superintendents, explaining that while their daily operations and compensation are managed by the BOCES Board of Trustees, they also report to the Commissioner and serve as their representative in the field (the Department also ensures compliance with statutory salary caps and contract requirements). Finally, the amendment outlines policies related to leave accruals, timekeeping, insurance and health care benefits, and moving expenses, providing a consistent framework that aligns with state employment requirements while accommodating specific BOCES employment contracts.

The proposed rule does not impose any reporting, recordkeeping requirements, or other compliance requirements on regulated parties beyond those imposed by statute, nor does it require any professional services.

3. COSTS:

The proposed rule does not impose any costs on regulated parties, including those located in rural areas.

4. MINIMIZING ADVERSE IMPACT:

The proposed amendment is necessary to clarify the responsibilities and employment conditions for District Superintendents. The Department does not anticipate that the proposed rule will have any adverse impact on regulated parties/entities located in rural areas. Therefore, alternative approaches prescribed in SAPA § 202-bb(2) for rural areas were not considered.

5. RURAL AREAS OF PARTICIPATION:

A copy of the proposed rule has been shared with the offices of the district superintendents of each supervisory district in the State, including those located in rural areas, for review and comment.

Job Impact Statement

The purpose of the proposed rule is to clarify the responsibilities and employment conditions for District Superintendents.

Because it is evident from the nature of the proposed amendment that it

will have no impact on jobs or employment opportunities attributable to its adoption or only a positive impact, no affirmative steps were needed to ascertain these facts, and none were taken. Accordingly, a job impact statement is not required pursuant to section 201-a(2)(a) of the State Administrative Procedure Act, and one has not been prepared.

**PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED**

Certification Examination Requirements and Waiver Options

I.D. No. EDU-43-24-00011-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 52.21, 80-1.1, 80-1.5, 80-3.3, 80-3.4, 80-3.5, 80-3.10, 80-3.11, 80-4.3, 80-5.6, 80-5.13, 80-5.14, 80-5.18 and 80-5.28 of Title 8 NYCRR.

Statutory authority: Education Law, sections 101, 207, 208, 305, 308, 3001, 3004 and 3009

Subject: Certification examination requirements and waiver options.

Purpose: Allow candidates to meet examination requirements in various ways and establish waiver options for certain certificates.

Substance of proposed rule (Full text is posted at the following State website: <https://www.counsel.nysed.gov/rules/full-text-indices>): The Department proposes to allow candidates to meet the examination requirement for educator certification by passing one of the NYSTCE examinations, or another examination under certain conditions, and to establish waiver options for the content knowledge certificate examination requirement for certain certificates.

Other Certification Examinations

The proposed amendment creates definitions for the following terms in section 80-1.1 of the Commissioner’s regulations:

- Certification examination is defined as an examination that is one of the New York State Teacher Certification Examinations or another examination, as determined by the Department, that is developed for the purpose of educator certification. Such examination must be aligned with State learning standards or professional education organization standards, as appropriate, and developed in accordance with national industry and professional standards for educational testing.

- Content knowledge certification examination is defined as a certification examination that assesses candidates’ knowledge of the area of the certificate for certificates in the classroom teaching service, educational leadership service, or title school counselor, or for applicable extensions pursuant to section 80-4.3 of this Part.

The proposed term “content knowledge certification examination” replaces specific references to the NYSTCE CSTs and examinations for certificates in the educational leadership service and for school counselors in Part 80 of the Commissioner’s regulations. Furthermore, the proposed term “certification examination” replaces other references to the NYSTCE examinations in section 52.21 and Part 80 of the Commissioner’s regulations. In both cases, candidates could satisfy certification examination requirements by passing a certification examination other than a NYSTCE examination that is approved by the Department and meets the criteria in the above definition. The Department will maintain information concerning which examinations other than the NYSTCE are determined to be appropriate by the Department on its certification requirements webpages.

Waiver Options

The Department proposes to amend section 80-1.5 of the Commissioner’s regulations to establish a process where candidates may apply for a waiver of the content knowledge certification examination requirement for a certificate in the classroom teaching service, educational leadership service, or title school counselor, or for an applicable extension pursuant to section 80-4.3 of this Part, provided that they receive a score within a 0.5 standard error of measurement of the passing score on a content knowledge certification examination required for the certificate or extension sought and complete one of the following waiver options:

- Option 1: Achieve a satisfactory level of performance on a NYSTCE portfolio assessment to demonstrate their depth of subject matter knowledge on the NYSTCE content knowledge certification examination for which they did not pass, when available; or
- Option 2: Achieve at least a 3.5 cumulative grade point average or its equivalent in the program leading to a baccalaureate, or a graduate degree culminating in at least 30 semester hours, at an institution of higher education that is accredited by an institutional accrediting agency recognized for this purpose by the United States Department of Education or a higher education institution that the Commissioner deems substantially equivalent.

Technical Amendments

The proposed amendment includes several technical amendments. First, the institutional accountability requirements in section 52.21 of the Commissioner's regulations suggests that institutions of higher education may be able to condition program completion on candidates' passing of each required certification examination. The Department has held a long-standing position that passing certification examinations should not be a requirement for program completion. Therefore, references to this type of institutional requirement are removed.

Second, at its March 2022 meeting, the Board of Regents relieved SDL and SDBL candidates from the requirement that they pass the New York State assessment in the area of the certificate for program completion and the institutional recommendation for Professional certification. The Department is proposing technical amendments to conform to this permanent rule, including the removal of references to the former requirement in section 80-3.10 of the Commissioner's regulations and companion programs in section 52.21 of the Commissioner's regulations.

The regulation also contains nonsubstantial technical amendments that update Part 80 to make the regulations current and consistent.

Text of proposed rule and any required statements and analyses may be obtained from: Kirti Goswami, NYS Education Department, Office of Counsel, 89 Washington Avenue, Room 112EB, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Data, views or arguments may be submitted to: William P. Murphy, Deputy Commissioner, Education Department, Office of Higher Education, 89 Washington Avenue, EBA Room 975, Albany, NY 12234, (518) 473-3781, email: OHERegcomments@nysed.gov

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Education Law § 101 charges the Department with the general management and supervision of all public schools and all of the educational work of the state.

Education Law § 207 grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law § 208 grants general rule-making authority to the Regents to confer suitable certificates, diplomas and degrees on persons who satisfactorily meet the requirements prescribed.

Education Law § 305(1) and (2) provide that the Commissioner, as chief executive officer of the State's education system, with general supervision over all schools and institutions subject to the Education Law, or of any statute relating to education, and responsibility for executing all educational policies of the Board of Regents.

Education Law § 308 empowers the commissioner to cause to be instituted such proceedings and processes as may be necessary to properly enforce and give effect to any provision in the Education Law or in any other general or special law pertaining to the school system of the state or any part thereof or to any school district or city and to enforce any rule or direction of the regents.

Education Law § 3001 establishes the qualifications of teachers in the classroom.

Education Law § 3004(1) authorizes the Commissioner to promulgate regulations governing the certification requirements for teachers employed in public schools.

Education Law § 3009(1) prohibits school districts from paying the salary of an unqualified teacher.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above statutory authority and is necessary to allow candidates to meet the examination requirement for educator certification by passing one of the New York State Teacher Certification Examinations (NYSTCE) examinations, or another examination under certain conditions, and to establish waiver options for the content knowledge certificate examination requirement for certain certificates.

3. NEEDS AND BENEFITS:

At the direction of the Board of Regents, the Department is working to make certification more accessible and expand the pool of well-qualified individuals available to teach in New York State.

The New York State Teacher Certification Examinations (NYSTCE) are the set of examinations required for educator certification. Generally, the certification examinations are developed collaboratively by a testing vendor and the Department and then administered by the testing vendor. During the development process, the examinations are aligned with the State learning standards or professional education organization standards, as appropriate, and developed in accordance with national industry and professional standards for educational testing.

The examination requirements vary by certificate title. Specifically:

- **Classroom Teaching Service.** Candidates must pass the NYSTCE Educating All Students (EAS) test and, when available, the content specialty test(s) (CST(s)) in the area of the certificate with some exceptions.¹

- **Educational Leadership Service.** School building leader (SBL) and school district leader (SDL) candidates must pass the EAS test and the New York State assessment in the area of their certificates. School district business leader (SDBL) candidates must pass the New York State assessment in SDBL.

- **School Counselor.** School counselor candidates must pass the New York State assessment for school counselors.

- **Teaching Assistant.** Teaching assistant candidates must pass the New York State assessment of teaching assistant skills.

- **Extensions.** Candidates must pass the NYSTCE Bilingual Education Assessment (BEA) for the Bilingual Education extension. Candidates must pass the NYSTCE CST in the area of the extension for extensions to teach a subject in grades 7-9, to teach certain subjects in grades 7-12, for gifted education, and in American Sign Language, and for a limited extension to teach a subject in grades 7-8.

Other states have their own set of certification examinations, or more commonly, require certification examinations developed by a testing vendor and recognized by multiple states. Candidates who pass certification examinations that are recognized by multiple states can seek educator certification in all of those states. In New York State, however, these candidates must still pass the applicable NYSTCE examinations to seek educator certification. This can impose a barrier as it requires additional time and money.

Both in-state and out-of-state candidates may be more inclined to obtain New York State certification if the examination requirements are more flexible. This flexibility could be achieved by recognizing certification examinations other than the NYSTCE examinations that are deemed acceptable by the Department. Another strategy for increasing access to the profession would be to offer waiver options for candidates who did not pass an acceptable certification examination but were very close to passing. The Department proposes using both of these strategies to make certification more accessible and expand the pool of well-qualified individuals available to teach in New York State.

4. COSTS:

(a) Costs to State government: The amendment does not impose any costs on State government.

(b) Costs to local government: The amendment does not impose any costs on local government.

(c) Cost to private regulated parties: The amendment does not impose any costs on private regulated parties.

(d) Cost to the regulatory agency: There are no additional costs to the State Education Department.

5. LOCAL GOVERNMENT MANDATES:

The proposed rule does not impose any program service, duty, responsibility, or other mandate on local governments.

6. PAPERWORK:

The proposed rule does not impose any paperwork mandates.

7. DUPLICATION:

There are no other state or federal requirements on the subject matter of the proposed rule. Therefore, the amendment does not duplicate other existing state or federal requirements.

8. ALTERNATIVES:

The proposed rule is necessary to make certification more accessible and expand the pool of well-qualified individuals available to teach in New York State. There are no significant alternatives to the proposed amendment, and none were considered.

9. FEDERAL STANDARDS:

There are no related federal standards. Since there are no applicable federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

It is anticipated that the proposed amendment will be presented to the Board of Regents for permanent adoption at the February 2025 meeting. If adopted at the February 2025 Regents meeting, the proposed amendment will become effective as a permanent rule on February 26, 2025. The proposed amendment does not impose any compliance schedules on regulated parties.

¹ Candidates who seek an Initial certificate in the title of Indigenous Culture and Language Studies (All Grades), seek an Initial certificate in a specific career and technical subject, or have a baccalaureate degree and/or a graduate degree and two years of post-secondary teaching experience in the certificate area or in a closely related subject area acceptable to the Department and seek an Initial certificate through individual evaluation pursuant to section 80-3.7(a)(3)(xiii), are not required to

achieve a satisfactory level of performance on the NYSTCE content specialty test. For the CST requirement, candidates who pursue the Professional Speech and Language Disabilities certificate must pass the Praxis Speech-Language Pathology examination, which is offered by a testing vendor different from the NYSTCE testing vendor.

Regulatory Flexibility Analysis

The purpose of the proposed rule is to allow candidates to meet the examination requirement for educator certification by passing one of the New York State Teacher Certification Examinations (NYSTCE) examinations, or another examination under certain conditions, and to establish waiver options for the content knowledge certificate examination requirement for certain certificates.

The proposed rule does not impose any new reporting, recordkeeping, or other compliance requirements on small businesses or local governments or have any adverse economic impact on small businesses or local governments. Because it is evident from the nature of the proposed rule that it does not adversely affect small businesses or local governments, no further measures were needed to ascertain that fact, and none were taken. Accordingly, a regulatory flexibility analysis for small businesses and local governments is not required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act, and one has not been prepared.

Rural Area Flexibility Analysis

The purpose of the proposed rule is to allow candidates to meet the examination requirement for educator certification by passing one of the New York State Teacher Certification Examinations (NYSTCE) examinations, or another examination under certain conditions, and to establish waiver options for the content knowledge certificate examination requirement for certain certificates.

The proposed rule does not impose any new reporting, recordkeeping, or other compliance requirements on small businesses or local governments or have any adverse economic impact on small businesses or local governments. Because it is evident from the nature of the proposed rule that it does not adversely affect small businesses or local governments, no further measures were needed to ascertain that fact, and none were taken. Accordingly, a regulatory flexibility analysis for small businesses and local governments is not required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act, and one has not been prepared.

Job Impact Statement

The purpose of the proposed rule is to allow candidates to meet the examination requirement for educator certification by passing one of the New York State Teacher Certification Examinations (NYSTCE) examinations, or another examination under certain conditions, and to establish waiver options for the content knowledge certificate examination requirement for certain certificates.

Because it is evident from the nature of the proposed amendment that it will have no impact on jobs or employment opportunities attributable to its adoption or only a positive impact, no affirmative steps were needed to ascertain these facts, and none were taken. Accordingly, a job impact statement is not required pursuant to section 201-a(2)(a) of the State Administrative Procedure Act, and one has not been prepared.

**PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED**

Authorization of Degrees

I.D. No. EDU-43-24-00012-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 3.47 and 3.50 of Title 8 NYCRR.

Statutory authority: Education Law, sections 207, 210, 214, 215, 218, 224 and 305

Subject: Authorization of degrees.

Purpose: Adds the Doctor of Acupuncture Degree as a registered degree in New York State.

Text of proposed rule: 1. Paragraph (2) of subdivision (d) of section 3.47 of the Rules of the Board of Regents is amended to read as follows:

(2) Professional degrees. Graduate professional degree programs must be comprised of advanced studies in professional or vocational fields. While they may have strong theoretical underpinnings, they must have as their primary purpose knowledge for application in professional practice. Master’s degree programs of this type are primarily terminal in nature. They may serve as preparation for advanced studies at the doctoral level, but they shall not be designed primarily for this purpose. The doctorate in such studies is likewise practical, insofar as it prepares the student to train

or supervise others in the field, to discover new knowledge that has practical application in the field, or to prepare the student for a life of practice in the student’s particular profession. Only the following degrees may be conferred upon the completion of a professionally oriented graduate program:

- Bachelor of Divinity (B.D.)
- Bachelor of Laws (LL.B.)
- Engineer (-- -- E.)
- Master of Architecture (M.Arch.)
- Master of Arts in Teaching (M.A.T.)
- Master of Business Administration (M.B.A.)
- Master of Comparative Jurisprudence (M.C.J.)
- Master of Comparative Law (M.C.L.)
- Master of Divinity (M.Div.)
- Master of Education (Ed.M. or M.Ed.)
- Master of Engineering (M.E.)
- Master of Fine Arts (M.F.A.)
- Master of Food Science (M.F.S.)
- Master of Forestry (M.F.)
- Master of Health Administration (M.H.A.)
- Master of Hebrew Literature (M.H.L.)
- Master of Industrial and Labor Relations (M.I.L.R.)
- Master of Industrial Design (M.I.D.)
- Master of International Affairs (M.I.A.)
- Master of Landscape Architecture (M.L.A.)
- Master of Laws (LL.M.)
- Master of Library Science (M.L.S.)
- Master of Management in Hospitality (M.M.H.)
- Master of Music (Mus.M.)
- Master of Nutritional Science (M.N.S.)
- Master of Physical Therapy (M.P.T.)
- Master of Professional Studies (M.P.S.)
- Master of Public Administration (M.P.A.)
- Master of Public Health (M.P.H.)
- Master of Regional Planning (M.R.P.)
- Master of Religious Education (M.R.E.)
- Master of Sacred Music (S.M.M.)
- Master of Sacred Theology (S.T.M.)
- Master of Science for Teachers (M.S.T.)
- Master of Science in Education (M.S. in Ed.)
- Master of Science in Pharmacy (M.S. in Pharm.)
- Master of Social Science (M.S.Sc.)
- Master of Social Work (M.S.W.)
- Master of Studies in Law (M.S.L.)
- Master of Theology (Th.M.)
- Master of Urban Planning (M.U.P.)
- Doctor of Acupuncture (D.Ac.)
- Doctor of Acupuncture and Oriental Medicine (D.A.O.M)
- Doctor of Arts (D.A.)
- Doctor of Audiology (Au.D.)
- Doctor of Chiropractic (D.C.)
- Doctor of Dental Surgery (D.D.S.)
- Doctor of Education (Ed.D.)
- Doctor of Engineering (D.Eng.)
- Doctor of Engineering Science (Eng.Sc.D.)
- Doctor of Hebrew Literature (D.H.L.)
- Doctor of Juridical Science (S.J.D.)
- Doctor of Law (J.D.)
- Doctor of Library Science (L.S.D.)
- Doctor of Medical Science (Med. Sc.D.)
- Doctor of Medicine (M.D.)
- Doctor of Ministry (D.Min.)
- Doctor of Musical Arts (D.M.A.)
- Doctor of Nursing Practice (D.N.P.)
- Doctor of Nursing Science (D.N.S.)
- Doctor of Optometry (O.D.)
- Doctor of Osteopathic Medicine (D.O.)
- Doctor of Pharmacy (Pharm.D.)
- Doctor of Podiatric Medicine (D.P.M.)
- Doctor of Physical Therapy (D.P.T.)
- Doctor of Professional Studies (D.P.S.)
- Doctor of Psychology (Psy.D.)
- Doctor of Public Administration (D.P.A.)
- Doctor of Public Health (D.P.H.)
- Doctor of Religious Education (D.R.E.)
- Doctor of Sacred Music (S.M.D.)
- Doctor of Science in Veterinary Medicine (D.Sc. in V.M.)
- Doctor of Social Science (D.S.Sc.)
- Doctor of Social Welfare (D.S.W.)
- Doctor of the Science of Law (J.S.D.)

Doctor of Theology (Th.D.)

Doctor of Veterinary Medicine (D.V.M.)

2. Paragraph (36) of subdivision (b) of section 3.50 of the Rules of the Board of Regents is amended to read as follows:

(36) Acupuncture:

Doctor of Acupuncture (D.Ac.)

Doctor of Acupuncture and Oriental Medicine (D.A.O.M.)

Text of proposed rule and any required statements and analyses may be obtained from: Kirti Goswami, NYS Education Department, Office of Counsel, 89 Washington Avenue, Room 112EB, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Data, views or arguments may be submitted to: David H. Hamilton, Deputy Commissioner, NYS Education Department, Office of the Professions, 89 Washington Avenue, SEB 2nd Floor, Albany, NY 12234, (518) 474-3817, email: REGCOMMENTS@nysed.gov

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Section 207 of the Education Law grants general rule-making authority to the Board of Regents to carry into effect the laws and policies of the State relating to education.

Section 210 of the Education Law authorizes the Board of Regents to register domestic and foreign institutions in terms of New York State standards, and fix the value of degrees, diplomas and certificates issued by institutions of other states or countries and presented for entrance to schools, colleges, and the professions in this State.

Section 214 of the Education Law provides that the institutions of the university shall include all secondary and higher educational institutions which are now or may hereafter be incorporated in this State, and such other libraries, museums, institutions, schools, organizations, and agencies for education as may be admitted to or incorporated by the university. The Board of Regents may exclude from such membership any institution failing to comply with law or with any rule of the university.

Section 215 of the Education Law authorizes the Board of Regents, or the Commissioner of Education, or their representatives, to visit, examine into and inspect, any institution in the university and any school or institution under the educational supervision of the State, and may require, as often as desired, duly verified reports therefrom giving such information and in such form as the Board of Regents or the Commissioner of Education shall prescribe. For refusal or continued neglect on the part of any institution in the university to make any report required, or for violation of any law or any rule of the university, the Board of Regents may suspend the charter or any of the rights and privileges of such institution.

Subdivision (1) of section 218 of the Education Law provides that no institution shall be given power to confer baccalaureate or higher degrees in this State unless it shall have financial resources which, in the judgment of the Board of Regents, are adequate to insure satisfactory conduct of its degree program and achievement of its stated educational goals; and no institution for higher education shall be incorporated without suitable provision, approved by the Board of Regents, for educational resources and programs. No institution shall institute or have any faculty or Department of Education in any place or be given power to confer any degree not specifically authorized by its charter; and no corporation shall, under authority of any general act, extend its business to include establishing or carrying on any educational institution or work, without the consent of the Board of Regents.

Subdivision (3) of section 224 of the Education Law provides that no person, firm, association or corporation shall offer or otherwise advertise a college degree in New York State without the prior written approval of the Department, in accordance with the Regulations of the Commissioner of Education, unless the institution offering or advertising such a degree is accredited by at least one accrediting commission recognized by the United States Commissioner of Education as a reliable authority for the purpose of accreditation at the post-secondary level or unless the program leading to such degree is registered with the New York State Department of Education. A violation of this subdivision is a violation punishable by a fine not to exceed five hundred dollars. Any newspaper or other advertising medium which carries said advertisement shall be exempt from the provisions of this subdivision.

Subdivision (1) of section 305 of the Education Law provides that the Commissioner of Education is the chief executive officer of the state system of education and of Board of Regents and, as such, they must enforce all general and special laws relating to the educational system of New York State and execute all educational policies determined upon the Board of Regents.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above-referenced statutory authority.

The D.Ac. degree is recognized by the Accreditation Commission for Acupuncture and Herbal Medicine (ACAHM) and is an authorized degree in the following ten (10) states: Arizona, California, Colorado, Florida, Illinois, Maryland, Massachusetts, Pennsylvania, Virginia, and Washington. A New York State degree-granting institution requested the ability to offer an entry-level professional program in acupuncture leading a D.Ac. degree. Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture. D.Ac. programs typically focus on evidence-based practice and provide in-depth and advanced training in acupuncture techniques, diagnosis, and treatment strategies. This higher-level of expertise can enhance graduates' ability to effectively address complex cases and offer more specialized treatments.

Because the D.Ac. degree would be a new degree in New York State, it is necessary to amend Sections 3.47 and 3.50 of the Rules of the Board of Regents relating to requirements for earned degrees and registered degrees under Title VIII of the Education Law. Adopting the proposed rule would make this degree award available for all New York State degree-institutions.

3. NEEDS AND BENEFITS:

The purpose of the proposed rule is to add the D.Ac. degree, which would be a new degree in New York State, by the amending sections 3.47 and 3.50 of the Rules of the Board of Regents relating to requirements for earned degrees and registered degrees under Title VIII of the Education Law. Adopting the proposed rule would make this degree award available for all New York State degree-institutions.

Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture. D.Ac. programs typically focus on evidence-based practice and provide in-depth and advanced training in acupuncture techniques, diagnosis, and treatment strategies. This may improve the public's access to licensees with a higher-level of acupuncture expertise that enhances their ability to effectively address complex cases and offer more specialized treatments to their patients.

4. COSTS:

(a) Costs to State government: There are no additional costs to state government.

(b) Costs to local government: There are no additional costs to local government.

(c) Cost to private regulated parties: There are no mandatory costs to private regulated parties, unless colleges decide to offer the D.Ac. degree. However, the cost of developing a D.Ac. degree program may be offset by the tuition students will pay to obtain it.

(d) Cost to the regulatory agency: There are no additional costs to the Department.

5. LOCAL GOVERNMENT MANDATES:

The proposed rule does not impose any program service, duty, responsibility, or other mandate on local governments.

6. PAPERWORK:

The proposed rule does not impose any paperwork, reporting, or recordkeeping requirements, other than for New York State higher education institutions that apply to the Department for approval to offer a licensure-qualifying D.Ac. degree program.

7. DUPLICATION:

There are no other state or federal requirements on the subject matter of the proposed rule. Therefore, the amendment does not duplicate other existing state or federal requirements.

8. ALTERNATIVES:

The proposed rule is necessary to provide New York State degree-granting institutions with the ability to offer an entry-level professional program in acupuncture leading a D.Ac. degree. Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture. There are no significant alternatives to the proposed rule, and none were considered.

9. FEDERAL STANDARDS:

Since there are no applicable federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

It is anticipated that the proposed amendment will be presented to the Board of Regents for permanent adoption at the February 2025 Regents meeting, after publication in the State Register and expiration of the 60-day public comment period required under the State Administrative Procedure Act. If adopted at the February 2025 meeting, the proposed amendment will become effective as a permanent rule on February 26, 2025. The proposed amendment does not impose any compliance schedules on regulated parties.

Regulatory Flexibility Analysis

The D.Ac. degree is recognized by the Accreditation Commission for Acupuncture and Herbal Medicine (ACAHM) and is an authorized degree

in the following ten (10) states: Arizona, California, Colorado, Florida, Illinois, Maryland, Massachusetts, Pennsylvania, Virginia, and Washington. A New York State degree-granting institution requested the ability to offer an entry-level professional program in acupuncture leading a D.Ac. degree. Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture. D.Ac. programs typically focus on evidence-based practice and provide in-depth and advanced training in acupuncture techniques, diagnosis, and treatment strategies. This higher-level of expertise can enhance graduates' ability to effectively address complex cases and offer more specialized treatments.

Because the D.Ac. degree would be a new degree in New York State, the proposed rule is necessary to amend sections 3.47 and 3.50 of the Rules of the Board of Regents relating to requirements for earned degrees and registered degrees under Title VIII of the Education Law. Adopting the proposed rule would make this degree award available for all New York State degree-institutions.

The proposed rule will not impose any reporting, recordkeeping or other compliance requirements or costs or have any adverse economic impact on small businesses or local governments. Because it is evident from the proposed rule that it will not adversely affect small businesses or local governments, no affirmative steps were needed to ascertain that fact, and none were taken. Accordingly, a regulatory flexibility analysis for small businesses and local governments is not required pursuant to section 202-b(3) of the State Administrative Procedure Act, and one has not been prepared.

Rural Area Flexibility Analysis

The purpose of the proposed rule is to add the D.Ac. degree as a new degree in New York State, which would permit this State's degree-granting institutions to request the authority from the Department to offer an entry-level professional program in acupuncture leading a D.Ac. degree. Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture.

Since the proposed rule is merely permissive, and does not impose any mandates on any party, the proposed rule will not have any adverse impact, nor impose any reporting, recordkeeping or other compliance requirements on public or private entities in rural areas. Because it is evident from the nature of the proposed amendment that it does not adversely impact entities located in rural areas, no further measures were needed to ascertain that fact and none were taken. Accordingly, a rural area flexibility analysis is not required pursuant to section 202-bb(4)(a) of the State Administrative Procedure Act, and one has not been prepared.

Job Impact Statement

The D.Ac. degree is recognized by the Accreditation Commission for Acupuncture and Herbal Medicine (ACAHM) and is an authorized degree in the following ten (10) states: Arizona, California, Colorado, Florida, Illinois, Maryland, Massachusetts, Pennsylvania, Virginia, and Washington. A New York State degree-granting institution requested the ability to offer an entry-level professional program in acupuncture leading a D.Ac. degree. Adding this new degree will benefit students in this State by affording them the opportunity to earn a licensure-qualifying doctoral degree in acupuncture. D.Ac. programs typically focus on evidence-based practice and provide in-depth and advanced training in acupuncture techniques, diagnosis, and treatment strategies. This higher-level of expertise can enhance graduates' ability to effectively address complex cases and offer more specialized treatments.

Because the D.Ac. degree would be a new degree in New York State, the proposed rule amends sections 3.47 and 3.50 of the Rules of the Board of Regents relating to requirements for earned degrees and registered degrees under Title VIII of the Education Law. The proposed rule would make this degree award available for all New York State degree-institutions.

The proposed rule will not have a substantial impact on jobs and employment opportunities. Because it is evident from the nature of the proposed rule that it will have no impact on jobs or employment opportunities attributable to its adoption or only a positive impact, no further steps were needed to ascertain that fact, and none were taken. Accordingly, a job impact statement is not required pursuant to section 210-a(2)(a) of the State Administrative Procedure Act, and one was not prepared.

Department of Environmental Conservation

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Endangered and Threatened Species Mitigation Bank Fund

I.D. No. ENV-43-24-00014-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of section 182.2; addition of section 182.18 to Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 3-0301, 11-0105, 11-0107, 11-0303, 11-0305, 11-0535, 11-0535-c; State Finance Law, section 99-hh; Public Service Law, art. VIII

Subject: Endangered and Threatened Species Mitigation Bank Fund.

Purpose: Promulgate rules governing the use of the Endangered Species Mitigation Bank Fund.

Public hearing(s) will be held at: 1:00 p.m., Jan. 8, 2025 via webex, registration link: <https://meetny-gov.webex.com/weblink/register/r77a821084c6b1529545f60cf1110194e>, webinar number: 2826 445 1316, webinar password: Welcome1, join by phone only: 1-415-527-5035, enter access code 2826 445 1316 and password 93526631; 6:00 p.m., Jan. 8, 2025 via webex, registration link: <https://meetny-gov.webex.com/weblink/register/r97ff84c56245daa33cbd96688e165404>, webinar number: 2822 157 0021, webinar password: Welcome1, join by phone only: 1-415-527-5035, enter access code 2822 157 0021 and password 93526631.

When you register, you will be asked whether you wish to make a public statement. Once registration is complete, you will receive an email confirmation regarding how to join the hearing.

Persons wishing to comment on the proposed rulemaking at the virtual hearings on January 8, 2025, must register to speak no later than 4:00 p.m. on January 7, 2025. The ALJ may limit the amount of time each speaker has to comment to ensure that all individuals have an opportunity to be heard. Any person may listen to the hearing by phone without pre-registration. This hearing will be held virtually on WebEx.

All participants will be muted upon entry into the hearing. The ALJ will call each person who has registered to speak in the order in which they registered. The ALJ will continue the hearing until everyone wishing to speak has been heard or other reasonable arrangements have been made to include their comments in the record. We recommend that lengthy comments be summarized for oral presentation and submitted in writing as provided below. Equal weight will be given to oral and written comments. The hearing will be recorded for inclusion in the record.

Interpreter and translation services shall be made available to deaf persons and persons with limited English proficiency at no cost. Requests must be received by December 24, 2024, but DEC will make every effort to fulfill requests received closer to the hearing date. Requests can be directed to the NYSDEC Division of Communication, Education, and Engagement by mail (address: NYSDEC, 625 Broadway, Albany, New York 12233-4500), e-mail (language@dec.ny.gov), or phone (518) 402-8028.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Text of proposed rule: 6 NYCRR Part 182 will be amended as follows:

Existing subdivisions 182.2(e) through 182.2(j) are renumbered subdivisions 182.2(f) through 182.2(k) and a new subdivision 182.2(e) is added as follows:

(e) *Endangered and Threatened Species Mitigation Bank Fund is a fund consisting of contributions, in an amount determined by the department or other entity authorized by law, deposited by an applicant granted a siting permit pursuant to article VIII of the Public Service Law and implementing regulations at Chapter XI of Title 16 to construct a major renewable energy facility or major electric transmission facility, where such applicant has been directed to mitigate potential impacts to a threatened or endangered species or its habitat in order to achieve a net conservation*

benefit to such species or its habitat if avoidance and minimization of impacts cannot be achieved.

[e] (f) Endangered species...

[f] (g) Essential behavior...

[g] (h) Experimental population...

[h] (i) Experimental population area...

[i] (j) Extinct...

[j] (k) Extirpated or Extirpation...

Existing subdivisions 182.2(k) through 182.2(m) are renumbered subdivisions 182.2(m) through 182.2(o) and a new subdivision 182.2(l) is added as follows:

(l) *Habitat means the geographical location and all the living and non-living resources within it that are required by a species listed in this Part to successfully engage in an essential behavior.*

[k] (m) Incidental take...

[l] (n) Incidental Take Permit...

[m] (o) Lesser acts...

Existing subdivisions 182.2(n) and 182.2(o) are renumbered subdivisions 182.2(r) and 182.2(s) and new subdivisions 182.2(p) and 182.2(q) are added as follows:

(p) *Major electric transmission facility is an electric transmission line of a design capacity of one hundred twenty-five kilovolts or more extending a distance of one mile or more, or of one hundred kilovolts or more and less than one hundred twenty-five kilovolts, extending a distance of ten miles or more, including associated equipment, excluding any such transmission line located wholly underground in a city with a population in excess of one hundred twenty-five thousand or a primary transmission line approved by the federal energy regulatory commission in connection with a hydro-electric facility.*

(q) *Major renewable energy facility is any renewable energy system as such term is defined in section sixty-six-p of the Public Service Law subject to article VIII of the Public Service Law, and any co-located system storing energy generated from such a renewable energy system prior to delivering it to the bulk transmission system, including all associated apertences to electric plants, including electric transmission facilities less than ten miles in length in order to provide access to load and to integrate such facilities into the state's bulk electric transmission system.*

[n] (r) Native...

[o] (s) Net conservation benefit...

Existing subdivision 182.2(p) is renumbered subdivision 182.2(u) and a new subdivision 182.2(t) is added as follows:

(t) *Net conservation benefit plan shall mean the plan, as more fully described in section Chapter XI of Title 16, approved by the office, or the equivalent of an endangered and threatened species mitigation plan as more fully described in section 182.11(d) of this Part.*

[p] (u) Occupied habitat...

Existing subdivisions 182.2(q) through 182.2(z) are renumbered subdivisions 182.2(v) through 182.2(ae) and a new subdivision 182.2(u) is added as follows:

(u) *Office shall mean the Office of Renewable Energy Siting and Electric Transmission, established by the Renewable Action through Project Interconnection and Deployment Act (L. 2024, ch. 58, part O, as amended).*

[q] (w) Person...

[r] (x) Population...

[s] (y) Regional permit administrator...

[t] (z) Self-sustaining...

[u] (aa) Species...

[v] (ab) Species of special concern...

[w] (ac) Subject population...

[x] (ad) Subspecies...

[y] (ae) Take or taking...

[z] (af) Threatened species...

A new section 182.18 is added to read as follows:

182.18 Endangered and Threatened Species Mitigation Bank Fund

(a) *Purpose*

The department may utilize funds in the Endangered and Threatened Species Mitigation Bank Fund for the purposes of facilitating the achievement of a net conservation benefit to any endangered or threatened species which may be taken by the construction or operation of a major renewable energy facility or a major electric transmission facility that cannot avoid or minimize such impacts.

(b) *Use of Endangered and Threatened Species Mitigation Bank Fund*

(1) *All moneys deposited in the Endangered and Threatened Species Mitigation Bank Fund shall be available for projects undertaken to facilitate a net conservation benefit to endangered and threatened species potentially impacted by a permitted major renewable energy facility or a major electric transmission facility.*

(2) *The department may disburse funds from the Endangered and Threatened Species Mitigation Bank Fund to implement conservation actions determined by the department to implement an endangered and*

threatened species mitigation plan or net conservation benefit plan approved by the office for the achievement of a net conservation benefit to endangered or threatened species likely to be taken by a major renewable energy facility or a major electric transmission facility.

(3) *Appropriate contributions to the department's Endangered and Threatened Species Mitigation Bank Fund may satisfy all or part of the net conservation benefit requirement as specified in an endangered and threatened species mitigation plan or net conservation benefit plan submitted approved by the office in regard to a major renewable energy facility or a major electric transmission facility consistent with this Part.*

(c) *Determination of payments to the Endangered and Threatened Species Mitigation Bank Fund.*

(1) *The methodology for determining payments necessary to achieve a net conservation benefit will be determined by the department, in consultation with the office, based on an endangered and threatened species mitigation plan or net conservation benefit plan approved by the office. The process will be based on the following:*

(i) *The take or taking to be quantified may be based on any or all the following: loss of occupied habitat, loss of productivity, loss of individual animals, the anticipated duration of such taking. The office, in consultation with the department, may determine that mitigation of such impacts may be achieved by off-site mitigation providing a net conservation benefit to such impacted threatened or endangered species.*

(ii) *The office may require the submission of a net conservation benefit plan and payment of funds sufficient to implement such off-site mitigation into the Endangered and Threatened Species Mitigation Bank Fund.*

(iii) *The department, in consultation with the office, shall determine the required payment of funds sufficient to implement such off-site mitigation into the Endangered and Threatened Species Mitigation Bank Fund. Costs shall be related to the take or taking to the extent practicable, with:*

(a) *habitat impacts addressed by habitat protection and enhancement, creation or restoration of habitat;*

(b) *loss of productivity addressed by mechanisms to boost productivity such as predator control, reduction in human disturbance or creation of habitat buffers; and*

(c) *loss of individual animals addressed by mechanisms that increase productivity or survival through reduction of existing threats such as predation, human disturbance or collisions with vehicles or structures, or research identified by the department that will lead to such an outcome.*

(2) *Cost calculations shall include all costs associated with successful implementation of mechanisms needed to generate a net conservation benefit including:*

(i) *cost to acquire necessary real property (rental, easement or fee title cost);*

(ii) *labor required to implement the mitigation actions;*

(iii) *equipment, supplies and materials necessary to implement the mitigation actions;*

(iv) *administrative overhead necessary to accomplish the above; and*

(v) *reasonably foreseeable increases in any of the above anticipated over the time period necessary to generate a net conservation benefit.*

(3) *Cost determinations are anticipated to increase at a rate commensurate with the rate of inflation.*

Text of proposed rule and any required statements and analyses may be obtained from: Abigail Valachovic, Department of Environmental Conservation, 625 Broadway, Albany, NY 12233-4754, (518) 402-8878, email: abigail.valachovic@dec.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: January 15, 2025.

Additional matter required by statute: Pursuant to Article 8 of the Environmental Conservation Law and the State Environmental Quality Review Act, an Environmental Assessment Form and a negative declaration determination of significance have been prepared and are on file with the Department.

Summary of Regulatory Impact Statement (Full text is posted at the following State website: <http://www.dec.ny.gov/regulations/propregulations.html#public>):

1. **Statutory authority:**

Section 3-0301 of the Environmental Conservation Law (ECL) directs the Department of Environmental Conservation (Department) to provide for the propagation, protection, and management of fish and other aquatic life and wildlife and the preservation of endangered species.

Section 11-0535 of the ECL directs the Department to protect endangered, threatened, and special concern animals and prohibits the public from taking these animals without a permit from the Department.

Section 11-0535-c of the ECL authorizes the Department to utilize funds in the Endangered and Threatened Species Mitigation Bank Fund (Fund),

established pursuant to Section 99-hh of the State Finance Law, for the purposes of implementing an endangered and threatened species mitigation plan, and to promulgate any regulations necessary to implement the provisions of this section.

Article VIII of the Public Service Law enables the Office of Renewable Energy Siting and Electric Transmission (Office) to require payments to the Fund when offsite mitigation is required to provide a net conservation benefit to species adversely impacted by major renewable energy projects or major electric transmission projects issued siting permits by the Office.

Section 99-hh of the State Finance Law creates the Fund and directs the Department to utilize the Fund to facilitate a net conservation benefit to endangered and threatened species impacted by these projects.

2. Legislative objectives:

The legislative objectives behind the statutory provisions listed above are to authorize the Department to establish, by regulation, the rules deemed necessary to implement the Fund to provide a net conservation benefit as described in an approved endangered and threatened species mitigation plan or net conservation benefit plan. In addition, contributions may be made by applicants for siting permits issued by the Office and these funds in turn may be used to facilitate a net conservation benefit to endangered and threatened species impacted by the permitted major renewable energy facility or major electric transmission facility through offsite mitigation.

3. Needs and benefits:

This proposed amendment to 6 NYCRR Part 182 (Part 182) would establish how the Fund would operate. The need for this Fund was made clear in the laws enacted to create it. The Fund is an alternative mechanism for major renewable energy facilities and major electric transmission facilities permitted by the Office, to meet mitigation requirements for impacts to animal species listed by the State as endangered or threatened (listed species) if avoidance and minimization of impacts cannot be achieved. Payments into the Fund can potentially replace the need for project proponents to develop a unique strategy to mitigate adverse impacts while reducing the time necessary to develop site-specific mitigation packages. This can result in faster approval of project applications and potentially reduce the overall cost of the project. In addition, provided the payments to the Fund are commensurate with the extent of adverse impacts and the costs necessary to provide a conservation benefit to the affected species, administration of the Fund may result in more effective and consistent implementation of mitigation strategies. Through these regulatory changes, a new option for listed species mitigation is provided, giving applicants an additional choice beyond the development and implementation of individually developed endangered and threatened species mitigation plans.

The proposed addition of the Fund to Part 182 is expected to have a positive impact on greenhouse gas emissions by providing a streamlined option for sponsors of large-scale renewable energy and major electric transmission facilities to achieve necessary mitigation of impacts to endangered and threatened species in their construction and operation if avoidance and minimization of impacts cannot be achieved. This option will save applicants the time necessary to develop their own mitigation plans, allowing projects to move through the approval process and proceed to construction at a more rapid pace. Thus, this rule making will directly contribute toward the attainment of the statewide greenhouse gas emissions limits established in ECL Article 75 by enabling certain renewable energy projects to be constructed sooner than they may have been otherwise.

4. Costs:

All costs associated with this program are only necessary when a project will have an unavoidable take of a listed species. The Fund is an option for entities that manage projects permitted by the Office to use payments to the Fund to meet mitigation obligations for the take of listed species. The projected costs described below apply to those entities that choose to utilize this method to accomplish required mitigation. Under the existing Part 182 regulations, sponsors of projects, other than major renewable energy facilities under the jurisdiction of the Office, may develop and implement their own mitigation strategies that have been approved and determined by the Department to provide a net conservation benefit to offset their take of listed species. Further, under existing Office regulations, project sponsors of major renewable energy facilities may develop and implement their own mitigation strategies that have been approved and determined by the Office, in consultation with the Department, to provide a net conservation benefit to offset their take of listed species. Neither of these processes will be altered by this rule making. This rule making enables an additional option for meeting mitigation obligations for project sponsors of major renewable energy facilities or major electric transmission facilities to meet their mitigation obligations. Entities that opt to use the Fund to meet their mitigation obligations may benefit by saving time and costs that would have been expended developing and implementing their own mitigation strategies. Costs will be determined through a

collaborative effort between the Department and the Office to identify the nature of the impacts that need to be mitigated. Based on the impacts assessed, costs will be determined based on the following measures. Full details on cost assessments are provided in the full Regulatory Impact Statement.

The table below provides examples of estimates for the current cost for several types of mitigation and are based on the funding necessary to result in a net conservation benefit to the affected species, and therefore do not necessarily represent a direct replacement of habitat or animals taken.

Type of Impact	Unit of Mitigation	Cost per Unit of Mitigation	Basis of Cost
Acres of occupied habitat of listed grassland birds taken	Acre of grassland bird habitat created or enhanced and maintained for 30 years	\$14,495.50/acre	Actual average cost of creation and management for suitable acreage of grassland bird habitat for 30 years*
Individual Bald Eagle Taken	29 power pole retrofits per Individual Bald Eagle taken at \$7,500 per pole	\$217,500/individual Bald Eagle taken	2020 approved rate of exchange for Bald Eagles taken in north-east US, with estimated dollar value per retrofit from Appendix G of the Eagle Conservation Guidance (USFWS, 2013)
Northern Long-eared Bat Taken	Roost Tree Found or Protected = mitigation for 5 bats	\$82,500 – \$112,500 per roost tree, or \$16,500 – \$22,500 per bat taken	Actual average cost for contractors finding new roost trees

5. Local government mandates:

These amendments do not impose any program, service, duty or responsibility upon any county, city, town village, school district or fire district.

6. Paperwork:

These regulations do not require any additional paperwork.

7. Duplication:

There are no other regulations similar to this proposal.

8. Alternatives:

The first and preferred alternative would be to adopt this proposal in its entirety. This alternative would provide the framework necessary for the Department to develop and implement an in-lieu fee program, meet the statutory guidelines for the Department to administer the Fund, provide an additional and quicker option for applicants to meet mitigation requirements for adverse impacts to listed species and would improve the ability of the Department to implement successful species' restoration programs.

A second alternative is to take no action. This would leave significant uncertainty for applicants and the public as to how the Department would administer the Fund. There would be no published basis for determining what the costs should be for applicants that would make use of this option, compromising the effectiveness of the Renewable Action Through Project Interconnection and Deployment (RAPID) Act.

A third option would be to include very specific language in the regulations that establishes exact values for payments into the Fund by projects that make use of the option to meet a net conservation benefit. While this could provide more certainty to applicants, this would remove flexibility to develop new mitigation strategies that may be less expensive or more effective, forcing the Department to propose and adopt rule changes before making new options available. This would compromise the ability of applicants for large scale renewable energy projects or major electric transmission facilities to get approval for their projects within the time frames outlined by the RAPID Act. In addition, the costs of mitigation actions are likely to change through time as the costs of land, services and commodities fluctuate.

A fourth option would be to estimate the costs based on the total anticipated impact of projects on listed species and then allocate those costs to each project based on the actual footprint of the project. While this could potentially provide the certainty for project applicants as to what costs they

would be incurring and allocate costs across projects in a fair manner, this approach would be dependent upon the Department being able to accurately predict the extent of impacts from projects that have not yet been proposed. In addition, such a mitigation approach would not provide any incentive to avoid listed species habitat and would treat projects similarly whether they were taking listed species or not.

The preferred alternative offers the greatest flexibility to meet the applicants' need for certainty in process and still provide flexibility to allow for timely, innovative solutions.

9. Federal standards:

The Federal Endangered Species Act is similar in intent but does not apply to most state listed species. Where there is overlap between the jurisdiction of the two species, the Department has a Cooperative Agreement in place with the USFWS that requires the agencies to cooperate in the protection of those federally listed species. These proposed regulatory changes are compatible with that agreement and, through Department cooperation with the Federal government, allow for a permit issued by the Department to satisfy Federal standards in most cases. These regulations are also consistent with protection afforded to Bald and Golden eagles under the Federal Bald and Golden Eagle Protection Act and the protection of migratory birds under the authority of the Federal Migratory Bird Treaty Act.

10. Compliance schedule:

The new regulations would be in force immediately upon adoption. As these proposed regulatory changes do not expand the scope of regulation, there would be no new compliance requirements incurred by the public or local governments as a result.

Regulatory Flexibility Analysis

1. Effect of rule:

This rule will only impact specific entities that choose to take advantage of the Endangered and Threatened Species Mitigation Bank Fund (Fund) to address adverse impacts to listed species from their project. Local governments and small businesses may potentially be affected by this proposed rule. However, the effect of this rule making does not expand the reach of the regulatory authority. Instead, it will provide businesses and local governments an alternative for mitigating impacts to listed species from projects that fall under the jurisdiction of Environmental Conservation Law (ECL) Section 11-0535 or Article VIII of Public Service Law.

2. Compliance requirements:

Compliance requirements are not altered by this proposed rulemaking. As already required under the State Environmental Quality Review Act (SEQRA), Article VIII of Public Service Law and ECL Section 11-0535, impacts to listed species must already be addressed. This rule making simplifies compliance by providing an additional alternative for mitigation through the use of payments into the Fund. These regulations do not require any entity to use the Fund.

3. Professional services:

No new services would be required by local governments or small businesses to comply with this proposed rulemaking. As is the case under the existing regulations, environmental consultant services may be useful for projects that fall under jurisdiction of this proposed rulemaking.

4. Compliance costs:

This proposed regulation does not impose any additional burden on affected local governments and small businesses. These changes only effect entities that require incidental take permits pursuant to the existing regulations. The proposal creates a mitigation option for large scale renewable energy and major electric transmission projects by allowing for payment into the Fund to meet their net conservation benefit requirements.

5. Economic and technological feasibility:

Since this proposal does not require local governments or small businesses to do anything they have not already had to do in the past, the implementation of this rule making is both economically and technologically feasible. In addition, the new option for mitigation will help make compliance with regulatory requirements easier than ever.

6. Minimizing adverse impact:

This proposal creates a new option for certain project types to meet mitigation requirements necessary to obtain a permit in compliance with the existing regulations. As such, this proposed rulemaking is not anticipated to create any new or additional impacts on local government or small business, as the existing rule already established the prohibitions and permit needs that are clarified in this rulemaking.

7. Small business and local government participation:

The State Administrative Procedure Act requires agencies to provide public and private interests the opportunity to participate in the rule making process through public comment periods. A public hearing will be held to solicit input from potentially impacted entities. In addition, the New York State Office of Renewable Energy Siting and Electric Transmission (ORES) provided the New York State Department of Environmental Conservation (Department) with feedback from the businesses developing the alternative energy projects that are most likely to utilize the options

provided by these regulations. The Department has met with the New York State Forest Products Association, the New York State Association of Towns and the New York State Association of Counties on several occasions to discuss the topic of endangered species regulation since 2010. The Department has also consistently met with local governments and businesses within the past 2 years on endangered/threatened species issues addressed in this regulatory package insofar as we work directly with both developers and towns on specific small scale solar and wind projects as well as the large-scale renewable energy projects that impact listed species in areas requiring local oversight or review by local governments. This work is done through the SEQRA, Public Service Law Article VIII, and ORES processes that allow for significant public review and input on any endangered/threatened species issues that arise on projects subject to such review. Outside of large-scale renewable energy and major electric transmission projects, listed species issues will also still primarily be addressed through the SEQRA process, with local governments continuing to frequently take on the role of lead agency. The Department will continue to meet with any concerned small business or local government to hear its concern.

8. The proposed revisions to Part 182 do not require the imposition of a cure period because there are no changes to any existing violations or penalties, and no new violations or penalties are established.

Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas:

6 NYCRR Part 182 applies statewide, and this proposed rulemaking will not alter that. However, these rules govern mitigation projects for large-scale renewable energy and major electric transmission facility development and other activities that may result in an incidental taking of species listed as endangered or threatened. Since these types of projects and the mitigation projects necessary to address their impacts primarily focus on larger tracts of land, these are more likely to occur in rural areas.

2. Reporting, record keeping and other compliance requirements; and professional services:

The rules that the New York State Department of Environmental Conservation (Department) is proposing will help provide a predictable and transparent process for large scale energy projects and major electric transmission projects to mitigate impacts regulated under the State's Endangered Species Law, Environmental Conservation Law Section 11-0535, or Article VIII of Public Service Law. Existing law and regulation require permits for activities that result in harm to listed species and require an endangered and threatened species mitigation plan that provides a net conservation benefit to the affected species. This rule would allow the Department to utilize the State Endangered and Threatened Species Mitigation Bank Fund (Fund) to provide a net conservation benefit to species impacted by the projects that contribute to the Fund. Since the primary target of mitigation actions will be areas already occupied by listed species, these rules will be implemented without creating new regulatory burdens for landowners. Consequently, this proposed rulemaking does not pose any new compliance requirements or any increase in compliance requirements.

3. Costs:

The proposed rule does not create any new requirement for landowners or municipalities. The impact of this rule making on rural communities may reduce any costs associated with this rule as the Fund will be used in part to compensate willing landowners to continue to maintain listed species on their property.

4. Minimizing adverse impact:

The proposed changes clarify existing law and regulations by providing an alternative for certain projects to satisfy their mitigation requirements. As such, this rulemaking is not anticipated to create any new or additional impacts on rural communities.

5. Rural area participation:

The State Administrative Procedure Act requires agencies to provide public and private interests in rural areas the opportunity to participate in the rulemaking process via the mandated 60-day public comment period. There will be two public hearings held to encourage additional comment on the proposed rule. In addition, the Department will continue to meet with any concerned entity to hear their concerns.

Job Impact Statement

1. Nature of impact:

This proposed rulemaking will expand the existing regulations in 6 NYCRR Part 182 (Part 182) to clarify how the Endangered and Threatened Endangered Species Mitigation Bank Fund (Fund) can be utilized. As a result of this rule making, there will be predictable options for certain projects that are required to provide mitigation for affected species listed as endangered or threatened (listed species) pursuant to Part 182. Since this rulemaking will not place new requirements on any entities, the impact on jobs is estimated to be neutral.

2. Categories and numbers affected:

As with the existing regulation, projects may not take listed species without a permit. Consequently, this proposed regulation does not reduce or alter the protections for listed species, rather this proposed rulemaking provides guidance on how payments into the Fund can be used as an option when mitigation is required. The result will be an increase in the efficiency in which projects intended to mitigate impacts to listed species can be addressed, potentially resulting in more rapid project approvals. No net impact to jobs is expected.

3. Regions of adverse impact:

This proposed rulemaking makes no modification of the regions impacted by the existing regulation.

4. Minimizing adverse impact:

This proposed rulemaking makes no change to types of activities that would fall under regulatory jurisdiction. Therefore, there are no adverse impacts anticipated through this proposed rulemaking.

Department of Financial Services

NOTICE OF ADOPTION

Charges for Professional Health Services

I.D. No. DFS-32-24-00028-A

Filing No. 821

Filing Date: 2024-10-08

Effective Date: 2024-10-23

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 68 (Regulation 83) of Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 202, 302; Insurance Law, sections 301, 2601, 5221 and art. 51

Subject: Charges for Professional Health Services.

Purpose: To update the website link to the Official New York Workers' Compensation DME Fee Schedule.

Text or summary was published in the August 7, 2024 issue of the Register, I.D. No. DFS-32-24-00028-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: Chris Maloney, Department of Financial Services, One State Street, New York, NY 10004, (212) 480-5586, email: Chris.Maloney@dfs.ny.gov

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2027, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The agency received no public comment.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Financial Statement Filings and Accounting Practices and Procedures

I.D. No. DFS-43-24-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: This is a consensus rule making to amend Part 83 (Regulation 172) of Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 202, 302; Insurance Law, sections 107(a)(2), 301, 307, 308, 1109, 1301, 1302, 1308, 1404, 1405, 1407, 1411, 1414, 1501, 1505, 3233, 4117, 4233, 4239, 4301, 4310, 4321-a, 4322-a, 4327, 6404; Public Health Law, art. 44

Subject: Financial Statement Filings and Accounting Practices and Procedures.

Purpose: To update reference to NAIC AP&P Manual as of date from March 2023 to March 2024.

Text of proposed rule: Section 83.2(c) is amended as follows:

(c) To assist in the completion of the financial statements, the NAIC also adopts and publishes from time to time certain policy, procedure, and

instruction manuals. The latest of these manuals, the Accounting Practices and Procedures Manual as of March [2023] 2024¹ (accounting manual), includes a body of accounting guidelines referred to as statements of statutory accounting principles (SSAPs). The accounting manual shall be used in the preparation of quarterly statements and the annual statement for [2023] 2024, which will be filed in [2024] 2025.

¹ ACCOUNTING PRACTICES AND PROCEDURES MANUAL AS OF MARCH [2023] 2024 (“Manual”). © Copyright 1999 – [2023] 2024 by National Association of Insurance Commissioners (“NAIC”), 1100 Walnut Street, Suite 1000, Kansas City, [Missouri] MO 64106-2197. The Manual is available for purchase in electronic format only from the NAIC at <https://content.naic.org/publications>. The Manual is available for viewing at the department by appointment only by sending an email to regnotification@dfs.ny.gov or by writing to New York State Department of Financial Services, Office of General Counsel, One State Street, 20th Floor, New York, NY 10004.

Text of proposed rule and any required statements and analyses may be obtained from: Michael Campanelli, Department of Financial Services, One State Street, New York, NY 10004, (212) 480-5290, email: Michael.Campanelli@dfs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Consensus Rule Making Determination

No person is likely to object to amendment of the rule that adopts the most recent edition of the Accounting Practices and Procedures Manual as of March 2024, published by the National Association of Insurance Commissioners (“NAIC”), and replaces the rule’s current reference to the NAIC’s Accounting Practices and Procedures Manual as of March 2023.

Adoption of the rule is necessary for the Department of Financial Services (“Department”) to maintain its accreditation status with the NAIC. NAIC accreditation is a certification given to a state insurance regulator once the regulator has demonstrated that it has met and continues to meet baseline solvency regulation standards and various legal, financial, and organizational standards as determined by a committee of its peers.

The Department determines this rule to be a consensus rule, as defined in State Administrative Procedure Act (“SAPA”) § 102(11), and it is proposed pursuant to SAPA § 202(1)(b)(i). Accordingly, this rulemaking is exempt from the requirement to file a Regulatory Impact Statement, Regulatory Flexibility Analysis for Small Businesses and Local Governments, and a Rural Area Flexibility Analysis.

Job Impact Statement

This rulemaking will not have any impact on jobs and employment opportunities, including self-employment opportunities. The amendment adopts the most recent edition published by the National Association of Insurance Commissioners (“NAIC”) of the Accounting Practices and Procedures Manual as of March 2024, replacing the rule’s current reference to the Accounting Practices and Procedures Manual as of March 2023.

Adoption of the rule is necessary for the Department of Financial Services to maintain its accreditation status with the NAIC. NAIC accreditation is a certification given to a state insurance regulator once the regulator has demonstrated that it has met and continues to meet baseline solvency regulation standards and various legal, financial, and organizational standards as determined by a committee of its peers.

Public Service Commission

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Notice of Intent to Submeter Electricity

I.D. No. PSC-43-24-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the notice of intent of 300 East 50th Street Owner LLC to submeter electricity at 300 East 50th Street, New York, New York.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Notice of intent to submeter electricity.

Purpose: To ensure adequate submetering equipment and consumer protections are in place.

Substance of proposed rule: The Commission is considering the notice of intent filed by 300 East 50th Street Owner LLC (Owner) on September 6, 2024, seeking authority to submeter electricity at a new residential building with 194 fair-market and affordable units at 300 East 50th Street, New York, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

In the Notice, 300 East 50th Street Owner LLC requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. Once approved by the Commission, submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96.

The full text of the notice of intent and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

(24-E-0503SP1)

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Petition to Submeter Electricity

I.D. No. PSC-43-24-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of GW Ryer LLC to submeter electricity at 2047 Ryer Avenue, Bronx, New York.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Petition to submeter electricity.

Purpose: To ensure adequate submetering equipment and consumer protections are in place.

Substance of proposed rule: The Commission is considering the petition filed by GW Ryer LLC (Owner) on September 5, 2024, seeking authority to submeter electricity at a new rental building consisting of 131 rent-stabilized rental units, located at 2047 Ryer Avenue, Bronx, New York, in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

In the petition, the Owner requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its tenants. Once approved by the Commission, submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

(24-E-0496SP1)

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Environmental Disclosure Information

I.D. No. PSC-43-24-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by the Joint Utilities requesting a permanent waiver of the requirement to provide a hard copy of the full environmental disclosure information for all energy service company customers.

Statutory authority: Public Service Law, sections 5(1)(b), 65(1), (2), (3), 66(1), (2), (3), (5) and (8)

Subject: Environmental Disclosure Information.

Purpose: To consider changes to the requirement that utilities provide environmental disclosure information via hard copy with the bill.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition filed by Central Hudson Gas & Electric Corporation, Consolidated Edison Company of New York, Inc., KeySpan Gas East Corporation d/b/a National Grid, New York State Electric & Gas Corporation, Niagara Mohawk Power Corporation d/b/a National Grid, Orange and Rockland Utilities, Inc., Rochester Gas and Electric Corporation, and The Brooklyn Union Gas Company d/b/a National Grid NY (collectively, the Joint Utilities), on August 30, 2024, requesting a permanent waiver of the requirement to provide a hard copy of the full environmental disclosure information to all energy service company (ESCO) customers on or with the customer's utility bill. Instead, the Joint Utilities seek approval of an alternative method of providing customers with the same information electronically on the Joint Utilities' website. The petition asserts that this alternative means of disclosure would improve the customer experience and reduce paper waste.

The petition explains that pursuant to the Commission's December 15, 1998 Opinion and Order Adopting Environmental Disclosure Requirements and Establishing a Tracking Mechanism (December 1998 Order), the members of the Joint Utilities are currently required to provide periodic environmental disclosure statements to their existing retail customers, and that they are required to do so by disclosing such information directly on the utility bill, or through a bill insert that accompanies the bill. The Joint Utilities further explain that providing this environmental disclosure information to ESCO customers is becoming increasingly complex, sometimes involving complex multi-step processes to reproduce the information on the customer bill, and sometimes necessitating numerous disclosures throughout the year.

As an alternative to the requirement that environmental disclosure information be provided on or with the utility bill, the petition proposes that the Commission allow the Joint Utilities the option to provide the required information on their websites, which would direct customers to paperless environmental disclosure labels available year-round via the New York Generation Attribute Tacking System website. The petition proposes to inform ESCO customers semiannually that this information is available by including a link to their respective websites in customers' bill messages. Moreover, the petition proposes that the members of the Joint Utilities would also print and mail labels to customers upon request.

The petition asserts that granting the requested waiver would result in several benefits, including reduced costs, reduced risk of manual errors, an improved customer experience, and reduced paper waste. Finally, the petition asserts that the original rationale provided by the Commission in the December 1998 Order for rejecting online access

to environmental disclosure labels no longer applies. They note that the December 1998 Order rejected a website or other electronic disclosure based on the lack of internet access in most homes in 1998 when the order was issued. However, since that time, internet access has significantly increased and more than 93% of households in New York State now have a computer and more than 88% of New York State households have broadband internet access. Recognizing that not every home has broadband internet access, the petition reiterates that the members of the Joint Utilities intend to provide customers who lack internet access, or who wish to have a hard copy environmental disclosure label for any reason at all, with mailed hard copies of their environmental disclosure labels on request.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov

**PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED**

Tariff Filing to Add an Individually Negotiated Service Classification

I.D. No. PSC-43-24-00007-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal filed by the Village of Angelica for tariff amendments to P.S.C. No. 1 — Electricity, that would add service classification No. 5 — Individual Service Agreements, an individually negotiated service classification.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Tariff filing to add an individually negotiated service classification.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Substance of proposed rule: The Commission is considering a proposal filed by the Village of Angelica (Village), on September 20, 2024, to modify its tariff to add service classification (SC) No. 5 – Individual Service Agreements (ISA), an individually negotiated and flexible rate service classification.

The Village’s proposed SC No. 5 would serve non-residential customers who would otherwise be served under the Village’s SC No. 3 – General Service – Demand Metered and would allow the Village to provide incentives and promote business ventures within its service territory, as well as promote expansion of current non-residential customers. According to the Village, the proposed tariff modification would allow the Village to waive certain costs, in whole or in part, or make other necessary financial arrangements with customers served under SC No. 5 if the Village believes the revenue recovered from the customer will provide sufficient revenue over and above the incremental cost incurred by the Village. The contract terms of each ISA would be between one and five years; however, if the Village and a customer desire a longer term, the Village can request authorization from the Commission. Lastly, the Village proposes it would file information regarding each ISA with the Commission within 30 days of executing

the ISA. The proposed tariff amendments have an effective date of March 1, 2025.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify in whole or in part, the action proposed and may also resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. Electric Metering Equipment

I.D. No. PSC-43-24-00008-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by ABB Inc. to use the KIR-60 current transformer in electric metering applications in New York State.

Statutory authority: Public Service Law, section 67(1)

Subject: Electric metering equipment.

Purpose: To ensure that consumer bills are based on accurate measurements of electric usage.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition filed on September 12, 2024, by ABB Inc., to use its 5-kilovolt voltage class current transformer KIR-60 (Device) in electric metering applications in New York State.

The Device is an indoor current transformer cast in polyurethane. The Commission requires new types of electric meters and metering equipment, used to measure a customer’s electric usage, conform to the requirements of 16 NYCRR § 93 and be approved by the Commission before being used for customer billing purposes.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, modify, or reject, in whole or in part, the action proposed, and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. Electric Metering Equipment

I.D. No. PSC-43-24-00009-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by ABB Inc. to use the CMS current transformer in electric metering applications in New York State.

Statutory authority: Public Service Law, section 67(1)

Subject: Electric metering equipment.

Purpose: To ensure that consumer bills are based on accurate measurements of electric usage.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition filed on September 13, 2024, by ABB Inc., to use its 600 volt voltage class current transformer CMS (Device) in electric metering applications in New York State.

The Device is an indoor/outdoor miniature current transformer molded in thermoplastic rubber. The Commission requires new types of electric meters and metering equipment, used to measure a customer's electric usage, conform to the requirements of 16 NYCRR § 93 and be approved by the Commission before being used for customer billing purposes.

Department of State

**PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED**

Local Government Filing of Local Laws with the Department of State

I.D. No. DOS-43-24-00013-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 130.1 – 130.5; addition of section 130.6 to Title 19 NYCRR.

Statutory authority: Executive Law, section 91; Municipal Home Rule Law, section 27(3)

Subject: Local government filing of local laws with the Department of State.

Purpose: To revise requirements and procedures related to local government filing of local laws with the Department of State.

Text of proposed rule: Following is proposed rule text to amend sections 130.1 thru 130.5, and add section 130.6.

Section 130.1 [Filing location. A copy of each local law shall be mailed or delivered to the Department of State, Bureau of State Records and Law, at its Albany office.] *Notwithstanding the effective date of any local law, a local law shall not become effective before it is filed with the office of the Secretary of State in the manner provided for in this Part. As used in this Part, department shall mean the office of the Secretary of State.*

Section 130.2 [Filing procedure. Each local law shall be filed on a form provided by the department. If additional pages are required, they must be of the same size as the form. For convenience, printed, mimeographed or typewritten copies of the text may be affixed to the form, but these shall not be of a size larger than the form. To ensure reproduction by the department's record retention equipment, only true and legible copies will be accepted.] *A copy of each local law to be filed with the department shall be mailed or delivered to the department at its Albany office or submitted to the department through an electronic filing system maintained and authorized by the department.*

Section 130.3 [Title and number of local laws. The filing form shall contain entries for the title and number of each local law. Numbering shall be consecutive, beginning with the number one for the first local law filed in each calendar year. The next number in sequence shall be applied to each local law when it is filed, regardless of its date of introduction or adoption. Such form shall also contain entries for other information as may be required by law.] *Filing procedure. Each local law shall be filed on a form or in a manner provided by the department. If additional pages are required, they must be of the same size as the form. For convenience, printed, photocopied or typewritten copies of the text may be affixed to the form, but these shall not be of a size larger than the form. To ensure reproduction by the department's record retention equipment, only true and legible copies will be accepted for filing.*

Section 130.4 [Filing date. The date of filing of a local law shall be the date on which the local law is placed on file by the department.] *Title, jurisdiction, and numbering of local laws. The filing form shall contain entries for the local government that adopted the local law, the title and number of each local law ascribed by the governing body of such local government. The Department of State may assign additional numbering for indexing purposes. Such form shall also contain entries for other information as may be required by law.*

Section 130.5 [Corrections. Corrections of filed local laws will be accepted by the department, only where the corrections are of clerical errors occurring after adoption of the local law. Corrections must be in the form of whole pages submitted as either replacement pages or additional pages. Corrections must be accompanied by a letter signed by the municipal clerk, clerk to the legislative body, or other duly-designated officer, explaining the nature of the correction. The letter must also attest to the officer's belief that the correction will conform the filed local law with the local law as adopted. No other changes of any kind will be made to filed local laws by the department.] *Filing date. The date of filing of a local law shall be the date on which the local law is placed on file by the department.*

Section 130.6 [Corrections. Corrections of filed local laws will be accepted by the department only where the corrections are of clerical errors occurring after adoption of the local law. Corrections must be in the form of whole pages submitted as either replacement pages or additional pages. Corrections must be accompanied by a letter or endorsement signed by the municipal clerk, clerk to the legislative body, or other duly designated officer, explaining the nature of the correction. The letter or endorsement must also attest to the officer's belief that the correction will conform the filed local law with the local law as adopted. No other changes of any kind will be made to filed local laws by the department.

Text of proposed rule and any required statements and analyses may be obtained from: David Gonzalez, Department of State, Office of General Counsel, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231-0001, (518) 474-6740, email: David.Gonzalez@dos.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

The Department is exempt from the requirement to issue a regulatory impact statement for this rule because the rule would make only technical and ministerial changes to existing regulatory provisions regarding local government filing of local laws with this Department. These changes would simplify 19 NYCRR Part 130 (Filing Local Laws) by eliminating a requirement that currently mandates local governments to consecutively number local laws filed with this Department, pursuant to section 27 of the Municipal Home Rule Law. Other changes proposed by this rule would be merely conforming in nature.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for small businesses and local governments is not required because the rule would not impose any adverse eco-

conomic impact, or reporting, recordkeeping or other compliance requirements on small businesses or local governments. The rule would make only technical and ministerial changes to existing regulatory provisions regarding local government filing of local laws with this Department. These changes would simplify 19 NYCRR Part 130 (Filing Local Laws) by eliminating a requirement that currently mandates local governments to consecutively number local laws filed with this Department, pursuant to section 27 of the Municipal Home Rule Law. Other changes proposed by this rule would be merely conforming in nature.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not required because the rule would not impose any adverse impact on rural areas and would not impose any reporting, recordkeeping or other compliance requirements adverse to public or private entities in rural areas. The rule would make only technical and ministerial changes to existing regulatory provisions regarding local government filing of local laws with this Department. These changes would simplify 19 NYCRR Part 130 (Filing Local Laws) by eliminating a requirement that currently mandates local governments to consecutively number local laws filed with this Department, pursuant to section 27 of the Municipal Home Rule Law. Other changes proposed by this rule would be merely conforming in nature.

Job Impact Statement

A Job Impact Statement is not required because, as apparent from the nature and purpose of the rule, it would not have a substantial adverse impact on jobs or employment opportunities. The rule would make only technical and ministerial changes to existing regulatory provisions regarding local government filing of local laws with this Department. These changes would simplify 19 NYCRR Part 130 (Filing Local Laws) by eliminating a requirement that local governments consecutively number local laws filed with this Department, pursuant to section 27 of the Municipal Home Rule Law. Other changes proposed by this rule would be merely conforming in nature.

State University of New York

EMERGENCY RULE MAKING

State Basic Financial Assistance for the Operating Expenses of Community Colleges Under the Program of SUNY and CUNY

I.D. No. SUN-31-24-00002-E

Filing No. 821

Filing Date: 2024-10-08

Effective Date: 2024-10-08

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 602.8(c) and 602.13 of Title 8 NYCRR.

Statutory authority: Education Law, sections 355(1)(c), 6304(1)(b); L. 2024, ch. 53

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The State University of New York finds that immediate adoption of amendments to the Code of Standards and Procedures for the Administration and Operation of Community Colleges (the Code) is necessary for the preservation of the general welfare and that compliance with the requirements of subdivision 1 Section 202 of the State Administrative Procedures Act (“SAPA”) would be contrary to the public interest.

Chapter 53 of the Laws of 2024 (the “Aid to Localities Budget Bill”) requires amendments to the existing funding formula for State financial assistance for operating expenses of community colleges of the State and City Universities of New York, to allow for proper calculations of funding amounts for the 2022/23 academic year. The amended funding formula is to be developed jointly with the City University of New York, subject to the approval of the Director of the Budget. The Aid to Localities Budget Bill also increases the prior operating funding “floor” from a “98 percent floor” to a “100 percent floor”, which ensures that no community college will see a decline in Base Operating Aid on a year-to-year basis.

Amendments to the Code on an emergency basis for the 2024-2025 fiscal year are necessary to:

1. provide timely State operating assistance to public community colleges of the State and City Universities of New York; and to
2. obtain the necessary revenue to maintain essential staffing levels, program quality, and accessibility.

Compliance with the provision of subdivision 1 of Section 202(6) of SAPA would be contrary to the public interest. The requirements of subdivision (1) of Section 202(6) of SAPA would not allow implementation of the State fiscal assistance provided in the Aid to Localities Budget Bill in time for the 2024-2025 community college fiscal year.

Subject: State basic financial assistance for the operating expenses of community colleges under the program of SUNY and CUNY.

Purpose: To set assistance levels for basic State financial assistance and allocate incremental new monies provided in the State Budget.

Text of emergency rule: Section 602.8(c)

(c) Basic State financial assistance.

(1) Full-opportunity colleges. The basic State financial assistance for community colleges, implementing approved full-opportunity programs, shall be the lowest of the following:

(i) two-fifths (40%) of the net operating budget of the college, or campus of a multiple-campus college, as approved by the State University Board of Trustees;

(ii) two-fifths (40%) of the net operating costs of the college, or campus of a multiple campus college; or

(iii) for the [2022/23] 2024/25 college fiscal year and thereafter, the total of the following:

(a) the greater of:

(1) the budgeted or actual number (whichever is less) of full-time equivalent students enrolled in programs eligible for State financial assistance multiplied by \$2,997; or

(2) 100 percent of the amount of basic State financial assistance for community colleges preliminarily approved by the State University of New York Board of Trustees for the preceding academic year; [and] plus

(b) an allocation provided from the total \$8,000,000 provided for additional operating services and expenses for community colleges, pursuant to a plan approved by the State University Board of Trustees and further approved by the director of the New York State Budget, to support the operating costs of said approved plan and allocation; and

[(b)] (c) up to one half (50 percent) of rental costs for physical space.

(2) Non-full-opportunity colleges. The basic State financial assistance for community colleges not implementing approved full-opportunity programs shall be the lowest of the following:

(i) one third (33 percent) of the net operating budget of the college, or campus of a multiple-campus college, as approved by the State University trustees;

(ii) one third (33 percent) of the net operating costs of the college, or campus of a multiple-campus college; or

(iii) for the college fiscal year 2022/23 and thereafter, the total of the following:

(a) the greater of:

(1) the budgeted or actual number (whichever is less) of full-time equivalent students enrolled in programs eligible for State financial assistance multiplied by \$2,497; or

(2) 100 percent of the amount of basic State financial assistance for community colleges preliminarily approved by the State University of New York Trustees for the preceding academic year; and

(b) up to one half (50 percent) of rental cost for physical space.

(3) Notwithstanding the provisions of paragraphs (1) and (2) of this subdivision, a community college or a new campus of a multiple-campus community college in the process of formation shall be eligible for basic State financial assistance in the amount of one-third of the net operating budget or one-third of the net operating costs, whichever is the lesser, for those colleges not implementing an approved full opportunity program plan, or two fifths of the net operating budget or two fifths of the net operating costs, whichever is the lesser, for those colleges implementing an approved full opportunity program, during the organization year and the first two fiscal years in which students are enrolled.

Section 602.13

(a) Pursuant to Section 30 of the General Municipal Law, the annual financial report shall be certified by the chief fiscal officer of the college and shall be filed with the State Comptroller within 60 days after the close of the college fiscal year. The chief fiscal officer is the college treasurer for purposes of this certification.

(b) The annual financial report shall be in compliance with Article 126 of the Education Law, this Subchapter, and the manual for community college business offices, and on the forms and in accordance with instructions promulgated by the State Comptroller.

(c) The State University of New York, which shall also receive copies

of the annual financial report, shall review the annual financial report for the purpose of the initial determination of the State liability.

(d) Any overpayment in State financial assistance for operating costs, as determined in the review of the annual financial report, shall be deducted from the second quarterly advance payment of State aid for the succeeding college fiscal year, provided, however, that in no case shall the amount of basic State financial assistance for operating costs received in [the 2022/23] any academic year be less than 100 percent of the amount of basic State financial assistance for operating costs approved by the State University Board of Trustees for the preceding academic year, excluding a) any adjustments made for reimbursement for appropriate rental costs and b) any special allocations made to a college pursuant to a plan approved by the State University Board of Trustees and further approved by the director of the New York State Budget, further pursuant to any appropriations made by the State to support such plan.

(e) Any underpayment in State financial assistance for operating costs, as determined in the review of the annual financial report, shall be processed in accordance with Sections 602.3 and 602.9 of this Part.

(f) The college shall be subject to audit by the Office of the State Comptroller for the purpose of the final determination of the State liability.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. SUN-31-24-00002-EP, Issue of July 31, 2024. The emergency rule will expire December 6, 2024.

Text of rule and any required statements and analyses may be obtained from: Lisa S. Campo, State University of New York, H. Carl McCall SUNY Building, Albany, NY 12246, (518) 320-1400, email: Lisa.Campo@SUNY.edu

Regulatory Impact Statement

This is a technical amendment to implement the provisions of the 2024/25 Enacted Budget bill. The amendment allows for the provision of State financial assistance for operating expenses of community colleges operating under the program of the State University of New York and the City University of New York.

Regulatory Flexibility Analysis

This is a technical amendment to implement the provisions of the 2024-2025 Budget Bill. The amendment provides for the provision of State financial assistance for operating expenses of community colleges operating under the program of the State University of New York and the City University of New York. It will have no impact on small businesses and local governments.

Rural Area Flexibility Analysis

This is a technical amendment to implement the provisions of the 2024-2025 Budget Bill. The amendment provides for the provision of State financial assistance for operating expenses of community colleges operating under the program of the State University of New York and the City University of New York. This rule making will have no impact on rural areas or the recordkeeping or other compliance requirements on public or private entities in rural areas.

Job Impact Statement

No job impact statement is submitted with this notice because the adoption of this rule does not impose any adverse economic impact on existing jobs, employment opportunities, or self-employment. This rule making governs the financing of community colleges operating under the program of the State University and will not have any adverse impact on the number of jobs or employment opportunities in the state.

Assessment of Public Comment

The agency received no public comment.

**EMERGENCY
RULE MAKING**

State University of New York Tuition and Fee Schedule

I.D. No. SUN-31-24-00003-E

Filing No. 822

Filing Date: 2024-10-08

Effective Date: 2024-10-08

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Repeal of section 302.1(b); and addition of new section 302.1(b) to Title 8 NYCRR.

Statutory authority: Education Law, section 355(2)(b) and (h)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: Amendment of these regulations needs to proceed on an emergency basis because increases to tuition are intended to be effective for the Fall 2024 semester. Billing for these new tuition rates occurs during the summer of 2024; therefore, notice of the new rates needs to occur as soon as possible.

Subject: State University of New York Tuition and Fee Schedule.

Purpose: To repeal the existing Tuition and Fees Schedule and replace with a new one to be effective for the Fall 2024 semester.

Text of emergency rule: Section 302.1(b) of Title 8 of the Official Compilation of Codes, Rules, and Regulations of the State of New York is repealed, and a new Section 302.1(b) is adopted to read as follows:

Section 302.1. Tuition and fees at State-operated units of State University.

* * * * *

(b) Tuition charges, as listed in the following table for categories of students, terms, and programs and as modified, amplified, or explained in footnotes 1 through 12, are effective with the 2024 Fall term and thereafter.

	Charge per Semester		Charge per Semester credit hour ¹ Special Students

¹ The Chancellor shall determine the equivalent of a credit hour.

² In accordance with Part G of Chapter 56 of the Laws of 2022, students who are both eligible for and recipients of an Excelsior Scholarship from the State of New York are to be charged the resident undergraduate rate of tuition approved by the Board of Trustees in the 2023/24 academic year and thereafter.

³ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge a lower rate for non-resident students enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree. Alfred is authorized to charge the rate noted effective with the Fall 2024 term.

⁴ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge a lower rate for non-resident students enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree. Delhi is authorized to charge the rate noted effective with the Fall 2024 term.

⁵ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge a lower rate for non-resident students enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree. Canton is authorized to charge the rate noted effective with the Fall 2024 term.

⁶ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge a lower rate for non-resident students enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree. Morrisville is authorized to charge the rate noted effective with the Fall 2024 term.

⁷ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge a lower rate for non-resident students enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree. Cobleskill is authorized to charge the rate noted effective with the Fall 2024 term.

⁸ In accordance with Chapter 437 of the Laws of 2015, the Board of Trustees is authorized to establish a new category of tuition for non-resident students enrolled in distance-learning courses at SUNY.

⁹ In accordance with Chapter 56 of the Laws of 2023, the Board of Trust-

ees is authorized to set competitive categories for non-resident (undergraduate, graduate, and professional) tuition charges, effective with the Fall 2024 term. Campuses with programs not listed on the non-resident sub-schedules are authorized to charge the rate of 120% of the resident rate for non-resident students enrolled in the same program effective with the Fall 2024 term.

¹⁰ In accordance with Chapter 309 of the Laws of 1996, and enabling action by the Board of Trustees, the Colleges of Technology at Alfred, Canton, Cobleskill, Delhi, and Morrisville are authorized to charge this lower rate for special students (part-time) enrolled in degree-granting programs leading to an associate degree or in non-degree granting programs and taking classes at off-campus locations or during the summer or winter intercessions. This reduced rate does not apply to those students enrolled in degree-granting programs leading to a baccalaureate degree.

¹¹ As authorized by the Board of Trustees (2010-081), Maritime College is authorized to charge up to this rate for non-resident students from states and commonwealths considered to be in-region (Alabama, Connecticut, Delaware, Florida, Georgia, Louisiana, Mississippi, Maryland, New Jersey, North Carolina, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, Virginia, and Washington D.C.).

¹² These regulations reflect current understanding of the pertinent laws of New York State guiding the setting of tuition rates at the State University of New York State-operated institutions. In cases wherein the laws of New York State may be in conflict with information provided herein, the laws of New York State will take precedence.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. SUN-31-24-00003-EP, Issue of July 31, 2024. The emergency rule will expire December 6, 2024.

Text of rule and any required statements and analyses may be obtained from: Lisa S. Campo, State University of New York, H. Carl McCall SUNY Building, Albany, NY 12246, (518) 320-1400, email: Lisa.Campo@SUNY.edu

Regulatory Impact Statement

1. Statutory Authority: Education Law, Sections 355(2)(b) and 355(2)(h). Section 355(2)(b) authorizes the State University Trustees to make and amend rules and regulations for the overall governance of the State University and institutions therein. Section 355(2)(h) authorizes the State University Trustees to regulate the admission of students, tuition charges, other fees and charges, curricula, and all other matters pertaining to the operation and administration of each State-operated institution of the State University.

2. Legislative Objectives: The present measure reflects Board of Trustees actions taken at their June 4, 2024, meeting that are in accordance with Section 355 of Education Law and Part D of Chapter 56 of the Laws of 2024 and support the continued operations of SUNY campuses.

3. Needs and Benefits: The present measure institutes competitive tuition rates for non-resident students enrolled in undergraduate, graduate, and professional programs.

4. Costs: Tuition rates for nonresident students in undergraduate, graduate programs, and professional, have been increased based on each campus’s peer institutions, and other acceptable methodologies.

5. Local Government Mandates: There are no local government mandates. The amendment does not affect students enrolled in the community colleges operating under the program of the State University of New York.

6. Paperwork: No parties will experience any new reporting responsibilities. SUNY publications and documents containing notices regarding costs of attendance will need to be revised to reflect these changes.

7. Duplication: None.

8. Alternatives: Other modification levels were considered, however, there is no acceptable alternative to the proposed changes when considering competitiveness, programmatic needs, and anticipated costs.

9. Federal Standards: None.

10. Compliance Schedule: The amendment to the tuition schedule will go into effect for the fall 2024 semester.

Regulatory Flexibility Analysis

No regulatory flexibility analysis is submitted with this notice because the proposed rule does not impose any requirements on small businesses and local governments. This proposed rule making will not impose any adverse economic impact on small businesses and local governments or impose any reporting, recordkeeping or other compliance requirements on small businesses and local governments.

Rural Area Flexibility Analysis

No rural area flexibility analysis is submitted with this notice because the proposed rule does not impose any requirements on rural areas. The rule will not impose any adverse economic impact on rural areas or impose any reporting, recordkeeping, professional services or other compliance requirements on rural areas.

Job Impact Statement

No job impact statement is submitted with this notice because the proposed rule does not impose any adverse economic impact on existing jobs, employment opportunities, or self-employment. These regulations govern tuition charges for State University of New York and will not have any adverse impact on the number of jobs or employment.

Assessment of Public Comment

The agency received no public comment.

**HEARINGS SCHEDULED
FOR PROPOSED RULE MAKINGS**

Agency I.D. No.	Subject Matter	Location—Date—Time
Environmental Conservation, Department of		
ENV-40-24-00001-P	Revisions to 6 NYCRR Parts 601 and 602 that Implement ECL Article 15, Title 15 (Water Supply)	Virtual—December 5, 2024, 11:00 a.m.
ENV-07-24-00016-RP	Environmental Remediation Programs – State Superfund Program, Brownfield Cleanup Program, and Environmental Restoration Program	<p>Virtual via Webex—January 7, 2025, 3:30 p.m.</p> <p>The Department of Environmental Conservation (DEC) noticed the proposed 6 NYCRR Part 375, Environmental Remediation Programs, in Volume XLVI, Issue 7 of the NYS Register on February 14, 2024. DEC conducted two comment hearings on May 15, 2024, and held a 97-day comment period, which ended on May 21, 2024. All public comments were considered, and DEC did not make any substantive changes to the text of the proposed rulemaking. One commenter noted a discrepancy in the Part 375-6.8 tables. DEC is issuing this revised rulemaking to correct these discrepancies.</p> <p>DEC will hold a public comment hearing on the proposed revisions to 6 NYCRR Part 375, Environmental Remediation Programs, on January 7, 2025, at 3:30 p.m., via electronic webinar. The public comment period will be open until January 15, 2025.</p> <p>Instructions on how to join the hearing webinar and provide an oral statement will be published on the DEC’s proposed regulations webpage for 6 NYCRR Part 375. The proposed regulations webpage for 6 NYCRR Part 375 may be accessed at: https://www.dec.ny.gov/regulatory/regulations/proposed-emergency-recently-adopted-regulations.</p> <p>Persons who wish to receive the instructions by mail or telephone may call the Department’s Office of Hearings and Mediation Services at (518) 402-9003. Please provide your first and last name, address, and telephone number and reference the Part 375 public comment hearing.</p> <p>Language interpretation services shall be made available to persons with limited English proficiency or hearing impairment, including American Sign Language at no cost. Requests must be received 10 calendar days before the hearing, but DEC will make every effort to fulfill requests received closer to the hearing date. Requests can be directed to the NYSDEC Division of Communication, Education, and Engagement, either by mail (address: NYSDEC, 625 Broadway, Albany, New York 12233-4500), e-mail (language@dec.ny.gov), or telephone (518) 402-8028.</p>

The public comment period for Part 375 is open until 8:00 p.m., January 15, 2025. Comments may be entered during the hearing, e-mailed to derweb@dec.ny.gov, or mailed to NYS DEC, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233, Attn: Jenn Dawson. Please include "Part 375 Comments" in the subject or memo line of the correspondence.

When you register, you will be asked whether you wish to make a public statement. Once registration is complete, you will receive an email confirmation regarding how to join the hearing.

Persons wishing to comment on the proposed rulemaking at the virtual hearings on January 8, 2025, must register to speak no later than 4:00 p.m. on January 7, 2025. The ALJ may limit the amount of time each speaker has to comment to ensure that all individuals have an opportunity to be heard. Any person may listen to the hearing by phone without pre-registration. This hearing will be held virtually on WebEx.

All participants will be muted upon entry into the hearing. The ALJ will call each person who has registered to speak in the order in which they registered. The ALJ will continue the hearing until everyone wishing to speak has been heard or other reasonable arrangements have been made to include their comments in the record. We recommend that lengthy comments be summarized for oral presentation and submitted in writing as provided below. Equal weight will be given to oral and written comments. The hearing will be recorded for inclusion in the record.

ENV-43-24-00014-P Endangered and Threatened Species Mitigation Bank Fund

Interpreter and translation services shall be made available to deaf persons and persons with limited English proficiency at no cost. Requests must be received by December 24, 2024, but DEC will make every effort to fulfill requests received closer to the hearing date. Requests can be directed to the NYSDEC Division of Communication, Education, and Engagement by mail (address: NYSDEC, 625 Broadway, Albany, New York 12233-4500), e-mail (language@dec.ny.gov), or phone (518) 402-8028.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	00001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
-----------------	---------	----------------	-------------------

AGRICULTURE AND MARKETS, DEPARTMENT OF

AAM-22-24-00010-P	05/29/25	Amendment to good manufacturing practices in the manufacture and distribution of commercial feed	Detailing the good manufacturing practices, hazard analysis, and risk-based preventative controls for all commercial feed
AAM-42-24-00002-P	10/16/25	Agricultural water standards for growing, harvesting, packing, and holding of produce for human consumption	Adopt the updated 21 CFR Part 112 standards

AUDIT AND CONTROL, DEPARTMENT OF

AAC-34-24-00002-P	08/21/25	Procedure to determine disability retirement applications under Articles 14 and 15 of the Retirement and Social Security Law.	To broaden committee-eligible titles and account for changes to the Retirement and Social Security Law.
AAC-41-24-00027-P	10/09/25	Public Access to Department Records	Repeal and update outdated regulations.

CANNABIS MANAGEMENT, OFFICE OF

OCM-15-24-00012-P	04/10/25	Adult use regulations	To add provisions relating to the activities which are regulated by the adult use regulations

*PSC-19-20-00009-P exempt	Cost recovery associated with Day-Ahead-DLM and Auto-DLM programs, and elimination of double compensation	To consider revisions to P.S.C. No. 10 - Electricity, and P.S.C. No. 12 - Electricity
*PSC-25-20-00010-P exempt	Whitepaper regarding energy service company financial assurance requirements	To consider the form and amount of financial assurances to be included in the eligibility criteria for energy service companies
*PSC-25-20-00016-P exempt	Modifications to the Low-Income Affordability program	To address the economic impacts of the COVID-19 pandemic
*PSC-27-20-00003-P exempt	To make the uniform statewide customer satisfaction survey permanent	To encourage consumer protections and safe and adequate service
*PSC-28-20-00022-P exempt	Compensation of distributed energy resources	To ensure just and reasonable rates, including compensation, for distributed energy resources
*PSC-28-20-00034-P exempt	Petition to implement Section 7(5) of the Accelerated Renewable Energy Growth and Community Benefit Act	To develop the bulk transmission investments necessary to achieve the Climate Leadership and Community Protection Act goals
*PSC-34-20-00005-P exempt	Petition to provide a renewable, carbon-free energy option to residential and small commercial full-service customers	To increase customer access to renewable energy in the Consolidated Edison Company of New York, Inc. service territory
*PSC-38-20-00004-P exempt	The annual Reconciliation of Gas Expenses and Gas Cost Recoveries	To consider filings of LDCs and municipalities regarding their Annual Reconciliation of Gas Expenses and Gas Cost Recoveries

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-42-20-00008-P exempt	Availability of gas leak information to the public safety officials	Facilitate availability of gas leak information to public safety officials by gas corporations
*PSC-45-20-00003-P exempt	Petition to submeter electricity	To ensure adequate submetering equipment and consumer protections are in place
*PSC-46-20-00005-P exempt	The recommendations of the DPS Staff report to improve Hudson Valley Water's service	To determine if approving the DPS Staff's recommendations is in the public interest
*PSC-48-20-00005-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Chief Energy Power, LLC should be permitted to offer green gas products to mass market customers
*PSC-48-20-00007-P exempt	Tariff modifications to change National Fuel Gas Distribution Corporation's Monthly Gas Supply Charge provisions	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences
*PSC-51-20-00009-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether petitioner should be permitted to offer its "Energy Savings Program" to mass market customers
*PSC-51-20-00014-P exempt	Electric system needs and compensation for distributed energy resources	To ensure safe and adequate service and just and reasonable rates, including compensation, for distributed energy resources
*PSC-01-21-00004-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether petitioner should be permitted to offer its Home Warranty product to mass market customers
*PSC-04-21-00016-P exempt	Request for a waiver	To consider whether good cause exists to support a waiver of the Commission's Test Period Policy Statement
*PSC-09-21-00005-P exempt	Utility capital expenditure proposal	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences
*PSC-13-21-00016-P exempt	Revised distribution strategies and reallocation of remaining funding	To ensure the appropriate use of funding reserved for gas safety programs
*PSC-17-21-00005-P exempt	Submetering equipment	To consider use of submetering equipment and if it is in the public interest
*PSC-17-21-00006-P exempt	Community Choice Aggregation and Community Distributed Generation	To consider permitting opt-out Community Distributed Generation to be offered as the sole product in an aggregation
*PSC-17-21-00007-P exempt	Utility studies of climate change vulnerabilities	To assess the need for utilities to conduct distinct studies of their climate change vulnerabilities
*PSC-18-21-00006-P exempt	Community Choice Aggregation renewable products	To consider waiving the locational and delivery requirements for RECs purchased to support renewable CCA products
*PSC-19-21-00008-P exempt	Community Choice Aggregation (CCA) and Community Distributed Generation (CDG)	To consider permitting Upstate Power, LLC to serve as a CCA administrator offering an opt-out CDG focused program
*PSC-20-21-00004-P exempt	Regulatory approvals in connection with a 437 MW electric generating facility	To ensure appropriate regulatory review, oversight, and action, consistent with the public interest

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-21-21-00019-P exempt	Utility capital expenditure proposal	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences
*PSC-29-21-00009-P exempt	Proposed pilot program to use AMI to disconnect electric service to customers during gas system emergencies	To study the efficacy of using AMI to disconnect electric service during gas system emergencies
*PSC-32-21-00002-P exempt	The prohibition on ESCO service to low-income customers	To consider whether Icon Energy, LLC d/b/a Source Power Company should be granted a waiver to serve low-income customers
*PSC-35-21-00009-P exempt	To modify the terms and conditions under which gas utilities provide service to electric generators	To provide clarity and uniformity to the provision of gas service to electric generators in New York State
*PSC-36-21-00006-P exempt	The Westchester Power Program	To consider integration of Opt-out Community Distributed Generation into the Westchester Power program
*PSC-37-21-00010-P exempt	Zero emitting electric generating facilities that are not renewable energy systems	To consider modifications to the Clean Energy Standard
*PSC-37-21-00011-P exempt	Green Button Connect implementation	To consider the proposed Green Button Connect User Agreement and Green Button Connect Onboarding Process document
*PSC-37-21-00012-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Catalyst should be permitted to offer its Community Distributed Generation product to mass market customers
*PSC-38-21-00006-P exempt	Annual Reconciliation of Gas Expenses and Gas Cost Recoveries	To consider filings of LDCs and municipalities regarding their Annual Reconciliation of Gas Expenses and Gas Cost Recoveries
*PSC-39-21-00007-P exempt	The proposed alternative method of account identification	To facilitate secure customer data exchanges between the utility or provider and energy service entities
*PSC-47-21-00003-P exempt	Utility processes for customers to consent to sharing data with third parties and how consent options will be communicated	To develop standardized consent requirements that will increase customer familiarity with appropriate data sharing and access
*PSC-47-21-00005-P exempt	Utility processes for customers to consent to sharing data with third parties and how consent options will be communicated	To develop standardized consent requirements that will increase customer familiarity with appropriate data sharing and access
*PSC-50-21-00006-P exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00008-P exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00011-P exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00012-P exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-05-22-00001-P exempt	Green gas products	To consider an extension of the waiver permitting energy service companies to serve existing customers on green gas products
*PSC-13-22-00011-P exempt	Positive revenue adjustments associated with emergency response, damage prevention and leak management for 2020	To consider a rehearing petition
*PSC-14-22-00008-P exempt	An opt-out community distributed generation program	To establish the program rules for offering community distributed generation on and opt-out basis in New York State
*PSC-18-22-00002-P exempt	NYSEG and RG&E's petition for a waiver of its 2021 customer service quality performance	To determine if NYSEG and RG&E's petition for waiver is in the public interest
*PSC-19-22-00022-P exempt	Modification of Con Edison's electric tariff	To either eliminate or waive a provision of the Standby Service Offset Tariff
*PSC-20-22-00009-P exempt	Modify lease of utility property	To determine whether to authorize the extension and amendment of the lease of the Volney-Marcy transmission line
*PSC-20-22-00011-P exempt	Establishment of the regulatory regime applicable to a wind electric generating facility	To ensure appropriate regulation of a new electric corporation
*PSC-21-22-00007-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Atlantic Energy, LLC should be permitted to offer its LED Lighting product to mass market customers
*PSC-21-22-00008-P exempt	Cybersecurity requirements	Modify the framework to ensure the protection of utility systems and customer data from cyber events
*PSC-21-22-00011-P exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Atlantic Energy, LLC should be permitted to offer its Smart Home Program product to mass market customers
*PSC-24-22-00007-P exempt	St. Lawrence Gas' petition for a waiver of its 2021 service quality performance	To determine if St. Lawrence Gas' petition for waiver is in the public interest
*PSC-26-22-00008-P exempt	Compensation under the Value of Distributed Energy Resources tariff	To consider compensation mechanisms for legacy baseline hydroelectric and other renewable energy resources
*PSC-30-22-00009-P exempt	Establishment of the regulatory regime applicable to a battery storage project	To ensure appropriate regulation of an electric corporation
*PSC-32-22-00022-P exempt	Establishment of the regulatory regime applicable to a wind electric generating facility	To ensure appropriate regulation of a new electric corporation
*PSC-32-22-00023-P exempt	Bioenergy generation in New York	To consider compensation for bioenergy generation
*PSC-33-22-00008-P exempt	Gas moratorium consumer protections	To consider protections for existing and prospective customers should a utility institutes a moratorium on new gas service
*PSC-33-22-00009-P exempt	Use of electric metering equipment	To consider use of electric metering equipment and ensure consumer bills are based on accurate measurements of electric usage

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

PROVIDE BASEMENT REMOVALS Shirley Chisholm State Office Building Brooklyn, Kings County

Sealed bids for Project No. 47206-C, comprising a contract for Construction Work, Provide Basement Removals, Shirley Chisholm State Office Building, 55 Hanson Place, Brooklyn (Kings County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Office of General Services, until 2:00 p.m. on Wednesday, November 6, 2024, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$33,600 for C).

Further, Wicks Exempt Projects require a completed form BDC 59 (Wicks Exempt List of Contractors) be filled out and submitted in accordance with Document 002220, Supplemental Instructions to Bidders – Wicks Exempt. Failure to submit this form correctly will result in a disqualification of the bid.

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$500,000 and \$1,000,000 for C.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting, on the OGS website, in a newspaper of general circulation, or in the Contract Reporter of written notice, advertisement or solicitation of offers through final award and approval of the contract by OGS D&C and the Office of the State Comptroller (“Restricted Period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Kimberly Belden, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or

Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

— Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 262 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 11:00 a.m. on October 24, 2024, at the Shirley Chisholm State Office Building, 55 Hanson Place, 1st Floor Conference Room, Brooklyn, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Chantry Gray (929-272-3005) a minimum of 48 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 48 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 20% for MWBE participation, 10% for Minority-Owned Business Enterprises (“MBE”) participation and 10% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veterans’ Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs’ participation under this contract as follows: 3% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

The Bidding and Contract Documents for this Project are available for viewing, downloading, and Electronic Bidding from OGS Design & Construction's Electronic Bidding service, Bid Express.

Registration along with viewing, downloading, and electronic bidding can be accessed at the following link: <http://www.bidexpress.com>

For questions about downloading of bid documents, please send an e-mail to support@bidexpress.com, or call the Bid Express toll-free number at (888) 352-2439.

For all other questions, please send an email to DCPlans@ogs.ny.gov, or call (518) 474-0203.

By OGS - Design & Construction Group

PROVIDE
CONGREGATE RECREATION PENS
Mid-State Correctional Facility
Marcy, Oneida County

Sealed bids for Project Nos. 47291-C, and 47291-E, comprising separate contracts for Construction Work, and Electrical Work, Provide Congregate Recreation Pens, SHU, Building 10, Mid-State Correctional Facility, 9005 Old River Road, Marcy (Oneida County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, October 30, 2024, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$74,300 for C, and \$34,000 for E).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$2,000,000 and \$3,000,000 for C, and between \$500,000 and \$1,000,000 for E.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Kimberly Belden, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or

Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

___ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 419 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on October 17, 2024, at Mid-State Correctional Facility, Main Entrance Building 22 Sallyport, 9005 Old River Road, Marcy, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Judd Dean (315-736-6417) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the C trade contractor, and 3% for the E trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

The Bidding and Contract Documents for this Project are available for viewing, downloading, and Electronic Bidding from OGS Design & Construction's Electronic Bidding service, Bid Express.

Registration along with viewing, downloading, and electronic bidding can be accessed at the following link: <http://www.bidexpress.com>

NOTICE OF AVAILABILITY OF STATE AND FEDERAL FUNDS

Department of Environmental Conservation
625 Broadway
Albany, NY 12233-3506

FIRE DEPARTMENTS

RURAL Volunteer Fire Assistance (VFA) Grant program

Pursuant to the Agriculture Appropriations Act, Section 7(b)3 of P.L. 95-313 (Cooperative Forestry Assistance Act of 1978), the New York State Department of Environmental Conservation hereby gives notice of the following:

The New York State Department of Environmental Conservation (The Department) will administer the 2024 Volunteer Fire Assistance (VFA) Grant program to assist eligible rural fire departments in the purchase of eligible wildland fire suppression equipment. VFA applications will be accepted through November 15, 2024.

A federal appropriation of \$826,990 was awarded for fire assistance grants in NYS. Fire departments eligible to apply may receive grant funding up to \$2,500 for the purchase of eligible wildland fire suppression equipment. Fire departments are required to equally match (50/50) the amount of the award. Grant funding is based on federal guidelines for use in fire districts serving a rural area or a rural community with a population of 10,000 or less. A fire department serving a population greater than 10,000 and not providing protection to a rural area or rural community is not eligible for VFA financial assistance.

Applications are scored based on established rating criteria including: population, the I.S.O. Fire Prevention Insurance rating, the presence of Native American communities in the district and the date of the last VFA grant received.

Applications are available on-line <https://dec.ny.gov/environmental-protection/public-safety/volunteer-fire-assistance-grants>. For further information, contact: Lynne Korona, DEC, Division of Forest Protection, 625 Broadway, 3rd Fl., Albany, NY 12233-2560, (518) 402-8835, or email questions to vfagrant@dec.ny.gov

GOVERNMENTAL ENTITIES AND NOT FOR PROFIT CORPORATIONS LOCATED WITHIN THE GEOGRAPHIC BOUNDARIES OF THE HUDSON RIVER ESTUARY

2024 Hudson River Estuary Grants for River Access Under the New York State Environmental Protection Fund

Applications will be accepted through 3:00 pm December 12, 2024 for grant funding under the Hudson River Estuary Grants Program. Anticipated grant funds from the New York State Environmental Protection Fund (NYS EPF) is approximately \$200,000. This is a competitive grant program and projects must implement priorities of the Hudson River Estuary Action Agenda identified in the application. The Hudson River Estuary Action Agenda can be viewed at <https://dec.ny.gov/nature/waterbodies/oceans-estuaries/udson-river-estuary-program/action-agenda>. Projects eligible for state assistance must be located within the geographic boundaries of the Hudson River Estuary. The recipient must provide a match of at least 15% of the grant funding amount.

Applications must be completed online and are available on the New York State Financial System (SFS) at <https://www.sfs.ny.gov/>. The application ID Number is HRE46. All applicants must register in SFS to be eligible to apply for any NYS grant opportunity. Not-for-profit applicants must also be "prequalified" in SFS prior to the application deadline to be considered eligible for a grant. Information regarding registration and prequalification can be found at: <https://grantsmanagement.ny.gov/>. Information regarding the Hudson River Estuary grant applications can be found at <https://dec.ny.gov/nature/waterbodies/oceans-estuaries/udson-river-estuary-program/grants-funding-opportunities> or you may contact: Susan Pepe, NYS DEC Hudson River Estuary Program, 625 Broadway, Albany, NY 12233-3506, E-mail: HREPgrants@dec.ny.gov

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE

New York State and Local Retirement System Unclaimed Amounts Payable to Beneficiaries

Pursuant to the Retirement and Social Security Law, the New York State and Local Retirement System hereby gives public notice of the amounts payable to beneficiaries.

The State Comptroller, pursuant to Sections 109(a) and 409(a) of the Retirement and Social Security Law has received, from the New York State and Local Retirement System, a listing of beneficiaries or estates having unclaimed amounts in the Retirement System. A list of names contained in this notice is on file and open to public inspection at the office of the New York State and Local Retirement System located at 110 State St., in the City of Albany, New York.

Set forth below are the names and last known city of record of the beneficiaries and estate appearing from the records of the New York State and Local Retirement System, entitled to the unclaimed benefits.

At the expiration of six months from the date of publication of this list of beneficiaries and estates, unless previously paid to the claimant, the amounts shall be deemed abandoned and placed in the pension accumulation fund to be used for the purposes of said fund.

Any amounts so deemed abandoned and transferred to the pension accumulation fund, may be claimed by the executor or administrator of the estates or beneficiaries so designated to receive such amounts, by filing a claim with the State Comptroller. In the event such claim is properly made, the State Comptroller shall pay over to the estates or the person or persons making such claim, the amount without interest.

PUBLIC NOTICE

Department of State

F-2024-0450

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0450, Water Dog, LLC d/b/a Boatworks, Inc., 120 Wilson Avenue, Norwalk, CT – is proposing to maintenance dredge approximately 3,200cy of accumulated sediment from Area 1 (an approximate 0.77 acre area) with subsequent un-confined open water disposal at the Western Long Island Sound Disposal Site (WLDS).

The Western Long Island Sound Disposal Site (WLDS, also historically referred to as WLIS) is located approximately 5 kilometers (2.7 nautical miles) south of Long Neck Point, Noroton, Connecticut and covers an area approximately 5.3 square kilometers (2 square nautical miles) in size, centered at 40° 59.50' N, 73° 28.95' W (NAD 83).

Original copies of the public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York. Electronic copies of the applicant's consistency certification and supporting information are available for review and download at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0450waterdog.pdf> or can also be accessed at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, by Thursday, November 7, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Com-

munity Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0473

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0473, Saybrook Point Marina, 2 Bridge Street, Old Saybrook, CT – is proposing to mechanically dredge approximately 16,000 cubic yards (cy) of material from shoaled areas within the Connecticut River, totaling 2.3 acres within the property's marina basin. The applicant has proposed to dredge the basin to a depth of -6 feet at mean lower low water (MLLW), plus 1 foot of allowable overdepth, with disposal at the Central Long Island Sound Disposal Site (CLDS).

The CLDS is located within Long Island Sound, south of South End Point, East Haven, Connecticut and north of the Village of Shoreham, Town of Brookhaven, Suffolk County. The site boundary is a 2.4 square nautical mile rectangle centered at 41° 08.95' N and 72° 52.95' W (NAD 83).

Original copies of the public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York. Electronic copies of the applicant's consistency certification and supporting information are available for review and download at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0473Saybrook.pdf> or can also be accessed at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, by Thursday, November 7, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0499

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0499, Billie Jo Radecke proposes to extend an existing dock westward by 36 feet and create a 12 feet wide boat slip. The dock extension will be supported by 6" steel pilings (no concrete fill) at 45700 Landon Road, Town of Alexandria, Jefferson County, St. Lawrence River.

The stated purpose of the proposed action "Extend the dock to create a boat slip for more secure dockage of the boat."

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0499.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or November 22, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0511

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0511, Saugerties Marina, LLC- proposes to remove an existing dock and replace with a new 16 slip floating docking structure. The new docking structure would include a 65' long by 5' main dock with seven 20' x 2' finger docks. The floating docking structure would be secured by three 3" steel pipe piles, two 20lb fluke anchors and a 2" steel strong arm system. The docking structure would be accessed by a new 9.7' x 5' ramp and new 40' x 5' fixed pier. The proposal would be located at 8 Ferry Street, in the Village of Saugerties, Ulster County, Esopus Creek.

The stated purpose of the proposed action "To increase docking at a recently acquired parcel of property."

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0511.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or November 22, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0516

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0516, AWC Dockside, LLC is proposing to remove and replace approximately 160 linear feet of vinyl bulkhead ranging from 10 to 26 feet landward of the existing bulkhead. Maintenance dredge of approximately 140 cubic yards over an area of 1600 square feet to a maximum of 10 feet in front of the existing bulkhead and to a depth of 6 feet below mean low water. Dredged material to be placed landward of the sheeting with excess brought to an NYSDEC approved upland facility. Install a 4-foot (ft) by 40 ft aluminum gangway leading to a float comprised of a 6 ft by 102 ft section and 8 ft by 53 ft section with five (5) 4 ft by 30 ft finger floats supported by ten (10) guide piles. Additionally, install a 26 ft vinyl breakwater in place of existing bulkhead on the northern edge, as well as ten (10) new 35 ft mooring piles at 5505 W. Mill, Town of Southold, Suffolk County, Mattituck Creek.

The stated purpose of the proposed action “The purpose of the activity is to make improvements to a failing bulkhead & increase the capacity of docking area” of a commercial marina.

The applicant’s consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0516.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or November 22, 2024.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0580

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0580, Global New Haven Terminals, LLC, 500 Waterfront Street, New Haven, CT – is proposing maintenance dredging at the previously authorized dredge footprint at its 500 Waterfront St. terminal in New Haven, CT (former Gulf Oil facility). It is anticipated that approximately 17,500 cy of material will be dredged and disposed of at the Central Long Island Sound Disposal Site (CLDS).

The CLDS is located within Long Island Sound, south of South End Point, East Haven, Connecticut and north of the Village of Shoreham, Town of Brookhaven, Suffolk County. The site boundary is a 2.4

square nautical mile rectangle centered at 41° 08.95' N and 72° 52.95' W (NAD 83).

Original copies of the public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York. This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0610

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0610, Eric Bommer, is proposing the installation of a 4' wide by 212' long pier to a 3' wide by 40' long gangway landing on a 12' by 35' floating dock with a swim ladder on the west side. The proposed floating dock will be supported by a float frame at periods of low water to suspend the float a minimum of 2'-6" above the substrate. The Applicant is also seeking to install a boat lift on the west side of the waterward pier terminus for safely berthing a vessel at periods of low water. Due to the presence of shallow bedrock at the site, the proposed work includes drilling steel piles into rock to support the pier, floating dock, and boat lift at 12 Parsonage Point, City of Rye, Westchester County, Long Island Sound.

The stated purpose of the proposed action "...is to provide the Ap-

plicant with safe access to the waters of Long Island Sound for activities such as swimming, boating, fishing, kayaking, and wildlife viewing.

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0610.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or November 22, 2024.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2024-0666(DA)

Date of Issuance – October 23, 2024

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The Army National Guard has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The agency's consistency determination and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2024-0666(DA), The Army National Guard/NYS Division of Military and Naval Affairs proposes to make upgrades to an existing Small Arms Firing Range by creating up to nine 300-meter automated record fire firing range lanes. The proposed activity would include constructing vegetated and gravel access roads, underground electric service, 63 stationary targets, fire line platforms, range classroom (40' x 20'), bleacher enclosure, storage building (40'x20'), an observation and control tower, 3 gravel parking spaces, a concrete pad for latrines and a concrete pad for electrical infrastructure. The proposed activity would also include retouring an existing gravel road. The proposal would result in up to 2.03 acres of impact to federally regulated wetlands as well as an additional 1.062 acres of impacts to non-regulated wetlands. The proposed activity includes the creation of 2.03 acres of on-site wetlands as mitigation.

The proposed activity would occur at Camp Smith located at 11 Bear Mountain Bridge Road in the Town of Cortlandt Manor, in Westchester County. Camp Smith is owned by the New York State Division of Military and Naval Affairs.

The stated purpose of the project "is to modernize the existing Range 2 at Camp Smith with an Automated Record Fire (ARF) range that meets current army training standards and to reduce the need to fire live rounds over Dickiebush Lake on Range 3."

The agency's consistency determination and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2024/10/f-2024-0666.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30-days from the date of publication of this notice, or, November 22, 2024.

Comments should be addressed to: Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

COURT NOTICES

AMENDMENT OF RULE

Uniform Rules for the Supreme Court and County Court Uniform Rules for the New York City Civil Court

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby amend Paragraph (e) of Section 202.5 of the Uniform Rules for the Supreme Court and the County Court, and amend Paragraph (b) of Section 208.4 of the Uniform Rules for the New York City Civil Court, effective December 2, 2024, as follows:

Paragraph (e) of Section 202.5 of the Uniform Rules for the Supreme Court and the County Court is amended to read as follows:

(e) Omission or Redaction of Confidential Personal Information.

(1) Except in a matrimonial action, or a proceeding in surrogate's court, or as otherwise provided by rule or law or court order, and whether or not a sealing order is or has been sought, the parties shall omit or redact confidential personal information in papers submitted to the court for filing. For purposes of this rule, confidential personal information ("CPI") means:

i. the taxpayer identification number of an individual or an entity, including a social security number, an employer identification number, and an individual taxpayer identification number, except the last four digits thereof;

ii. the date of an individual's birth, except the year thereof;

iii. the full name of an individual known to be a minor, except the minor's initials;

iv. a financial account number, including a credit and/or debit card number, a bank account number, an investment account number, and/or an insurance account number, except the last four digits or letters thereof; and

v. any of the documents or testimony in a matrimonial action protected by Domestic Relations Law section 235 or evidence sealed by the court in such an action which are attached as exhibits or referenced in the papers filed in any other civil action. For purposes of this rule, a matrimonial action shall mean: an action to annul a marriage or declare the nullity of a void marriage, an action or agreement for a separation, an action for a divorce, or an action or proceeding for custody, visitation, writ of habeas corpus, child support, maintenance or paternity.

(2) The court sua sponte or on motion by any person may order a party to remove CPI from papers or to resubmit a paper with such information redacted; order the clerk to seal the papers or a portion thereof containing CPI in accordance with the requirement of 22NYCRR § 216.1 that any sealing be no broader than necessary to protect the CPI; for good cause permit the inclusion of CPI in papers; order a party to file an unredacted copy under seal for in camera review; or determine that information in a particular action is not confidential. The court shall consider the pro se status of any party in granting relief pursuant to this provision.

(3) Where a person submitting a paper to a court for filing believes in good faith that the inclusion of the full confidential personal information described in subparagraphs (i) to (iv) of paragraph (1) of this subdivision is material and necessary to the adjudication of the action or proceeding before the court, he or she may apply to the court for leave to serve and file together with a paper in which such information has been set forth in abbreviated form a confidential affidavit or affirmation setting forth the same information in un-

abbreviated form, appropriately referenced to the page or pages of the paper at which the abbreviated form appears.

(4) The redaction requirement does not apply to the last four digits of the relevant account numbers, if any, in an action arising out of a consumer credit transaction, as defined in subdivision (f) of section one hundred five of the civil practice law and rules. In the event the defendant appears in such an action and denies responsibility for the identified account, the plaintiff may without leave of court amend his or her pleading to add full account or CPI by (i) submitting such amended paper to the court on written notice to defendant for in camera review or (ii) filing such full account or other CPI under seal in accordance with rules promulgated by the chief administrator of the courts.

(5) *Whenever an application is submitted to a court seeking a change of name pursuant to Civil Rights Law Article 6, change of sex designation pursuant to Civil Rights Law Article 6-a, or both forms of relief in a combined application, then:*

i. the application shall be immediately deemed sealed upon filing;

ii. the clerk of the court shall take all reasonable steps necessary to seal and safeguard the applicant's current name, proposed new name, current sex designation, proposed new sex designation, residential and business addresses, telephone numbers, and any other information contained in any pleadings or papers submitted to the court in connection with the application to prevent inadvertent or unauthorized use or disclosure while the matter is pending, including, but not limited, ensuring that such an application proceeds with an anonymous caption, until a determination or further order is issued by the Court;

iii. where such application is sealed, the clerk of the court shall not allow any person, other than the party or the attorney or counsel for the party, to access the application, except by order of the Court; and

iv. prior to the entry of a final determination or order on such an application, the Court must decide whether any legal basis is present so as to support maintaining the sealing imposed in accordance with this rule, and, where an application and/or any document submitted in support of it will not remain sealed, the Court should order the applicant to submit a complete copy of the application with all confidential personal information redacted and/or removed in accordance with Rule 202.5(e) if the applicant has not done so before any unsealing order takes effect.

Paragraph (b) of Section 208.4 of the Uniform Rules for the New York City Civil Court is amended by adding a new subparagraph (5) to read as follows:

(5) *Whenever an application is submitted to a court seeking a change of name pursuant to Civil Rights Law Article 6, change of sex designation pursuant to Civil Rights Law Article 6- a, or both forms of relief in a combined application, then:*

i. the application shall be immediately deemed sealed upon filing;

ii. the clerk of the court shall take all reasonable steps necessary to seal and safeguard the applicant's current name, proposed new name, current sex designation, proposed new sex designation, residential and business addresses, telephone numbers, and any other information contained in any pleadings or papers submitted to the

court in connection with the application to prevent inadvertent or unauthorized use or disclosure while the matter is pending, including, but not limited, ensuring that such an application proceeds with an anonymous caption, until a determination or further order is issued by the Court;

iii. where such application is sealed, the clerk of the court shall not allow any person, other than the party or the attorney or counsel for the party, to access the application, except by order of the Court; and

iv. prior to the entry of a final determination or order on such an application, the Court must decide whether any legal basis is present so as to support maintaining the sealing imposed in accordance with this rule, and, where an application and/or any document submitted in support of it will not remain sealed, the Court should order the applicant to submit a complete copy of the application with all confidential personal information redacted and/or removed in accordance with Rule 208.4(b) if the applicant has not done so before any unsealing order takes effect.
