Adorable Samoyed puppy - free to a good hone!

image 2 of 3

Very cute male purebred Samoyed, 6 weeks old. He is ready to go to a loving furrever home.

These puppies are normally sold for at least \$2,000. I already have four Samoyeds, so unfortunately I can't keep this little fella.

I only ask for the cost of transportation (cost depends on your location), plus vaccination (\$200).

I am located in Launceston Tasmania, and can arrange for the puppy to be safely transported to your preferred location.
