## Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* ([dos.ny.gov/state-register](http://dos.ny.gov/state-register)) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

**Text of rule and any required statements and analyses may be obtained from:** Sara Paupini, Esq., Office of Mental Health, 44 Holland Ave., Albany, NY 12229, (518) 474-1331, email: regs@omh.ny.gov

#### **Revised Regulatory Impact Statement**

1. **Statutory Authority:** Section 7.07(c) of the Mental Hygiene Law charges the Office of Mental Health with the responsibility for seeing that persons with mental illness are provided with care and treatment, and that such care, treatment and rehabilitation is of high quality and effectiveness.

Sections 7.09 and 31.04 of the Mental Hygiene Law grant the Commissioner of Mental Health the power and responsibility to adopt regulations that are necessary and proper to implement matters under their jurisdiction, and to set standards of quality and adequacy of facilities, equipment, personnel, services, records and programs for the rendition of services for adults diagnosed with mental illness or children diagnosed with emotional disturbance, pursuant to an operating certificate.

Sections 364 and 364-a of the Social Services Law give the Office of Mental Health responsibility for establishing and maintaining standards for medical care and services in facilities under its jurisdiction, in accordance with cooperative arrangements with the Department of Health.

Section 43.01 of the Mental Hygiene Law gives the Commissioner authority to set rates for outpatient services at facilities operated by the Office of Mental Health. Section 43.02 of the Mental Hygiene Law provides that payments under the medical assistance program for outpatient services at facilities licensed by the Office of Mental Health (OMH) shall be at rates certified by the Commissioner of Mental Health and approved by the Director of the Budget.

2. **Legislative Objectives:** Articles 7 and 31 of the Mental Hygiene Law reflect the Commissioner's authority to establish regulations regarding mental health programs. The proposed rule furthers the legislative policy of providing high quality outpatient mental health services to individuals with mental illness in a cost-effective manner. The repeal and replacement of 14 NYCRR Part 512, ensure that individuals with serious mental illness receive effective services to address their illness and that providers receive adequate reimbursement to pay for such care.

3. **Needs and Benefits:** On November 22, 2019 the New York State Plan Amendment (SPA) #16-0041 was approved for adoption into the State Medicaid Plan with an effective date of April 1, 2016. The SPA comprehensively describes the methodology and service components for Personalized Recovery Oriented Services (PROS). Included in the SPA were programmatic and billing changes intended to expand the eligible staffing qualifications, add new services, and better define service components of existing PROS services. The new language reflects changes made by the NYS Department of Education, of four new titles added to the definitions for Licensed Practitioners of the Healing Arts (LPHA): Licensed Mental Health Counselor, Licensed Creative Arts Therapist, Licensed Marriage and family Therapist, and Licensed Psychoanalyst. Changes were made in the SPA to offer regulatory relief and increased access to services for PROS participants including the removal of the restriction that previously

prohibited co-enrollment of an individual in a PROS with Clinic and an OMH licensed (Part 599) Clinic operated by the same organization. This repeal and replace of Part 512 aligns regulations with the 2019 SPA, which is in alignment with the Center for Medicaid and Medicare Services (CMS).

Over the last three years, the OMH has worked closely with PROS programs and participants to engage in a programmatic and reimbursement redesign of the model with the intent of modernizing and strengthening the program. These efforts included multiple workgroups, focus groups, listening sessions, and surveys. The goal of the redesign is to improve outcomes, enhance flexibility for providers and participants, and to ensure fiscal viability of the model in a changing environment post-pandemic. On December 28, 2023, New York State submitted an updated State Plan Amendment (#23-0098) that is currently pending approval with the CMS. The updated SPA includes significant programmatic and billing changes that are intended to increase flexibility and reduce administrative burden, streamline reimbursement, and simplify the program model. The updated SPA adds new services (Peer Support and Complex Care Management) that contribute to the comprehensiveness of the PROS model, combines multiple psychosocial rehabilitation services into a single psychosocial rehabilitation service to reduce confusion, identifies additional rehabilitative staff qualifications to ease the impact of the workforce crisis, and increases our flexibility to address future workforce issues.

The repeal and replacement of Part 512 is intended to align the regulations with the changes made to the model in the SPA, incorporating both the changes approved by CMS in 2019 (#16-0041) and the changes pending approval in 2024 (#23-0098).

#### 4. Costs:

(a) **Cost to State government:** Any costs associate with these amendments are Medicaid eligible and shared with the Federal Government. The fiscal impact parallels the impacts quoted with the SPA submissions which are a net zero impact.

These are:

- SPA 16-0041 \$0 impact;

- SPA 23-0098 \$92,528 however, this amount is fully attributable to the 1/1/23 minimum wage increase.

(b) **Cost to local government:** The repeal and replacement of Part 512 will not result in any additional costs to local government.

(c) **Cost to regulated parties:** The repeal and replacement of Part 512 will not result in any additional costs to those regulated parties.

5. **Local Government Mandates:** The repeal and replacement of Part 512 will not result in any additional imposition of duties or responsibilities upon county, city, town, village, school or fire districts.

6. **Paperwork:** No substantial increase in paperwork is anticipated as a result of the repeal and replacement of Part 512.

7. **Duplication:** These regulatory amendments do not duplicate existing State or federal requirements.

8. **Alternatives:** No alternatives were considered, as these amendments seek to conform regulations to the SPA and CMS guidelines to ensure that PROS programs remain in compliance. Not conforming to the SPA will cause confusion in the field regarding both service delivery and payment.

9. **Federal Standards:** The regulatory amendments do not exceed any minimum standards of the federal government for the same or similar subject areas.

10. **Compliance Schedule:** This rulemaking will be effective upon publication of a Notice of Adoption in the State Register.

#### **Revised Regulatory Flexibility Analysis**

No regulatory flexibility analysis is required pursuant to section 202-(b)(3)(a) of the State Administrative Procedure Act. The proposed amendment does not impose an adverse economic impact on small businesses or local governments, and it does not impose reporting, recordkeeping or other compliance requirements on small businesses or local governments.

#### **Revised Rural Area Flexibility Analysis**

No rural area flexibility analysis is required pursuant to section 202-bb(4)(a) of the State Administrative Procedure Act. 14 NYCRR Part 512 will align the clinic program with the State Plan Amendment and provide for greater flexibilities. The proposed rule will not impose any adverse economic impact on rural areas; therefore, a Rural Area Flexibility Analysis is not necessary with this notice.

#### **Revised Job Impact Statement**

The amendments to 14 NYCRR Part 512 are intended to provide regulatory relief to providers and allow flexibility in the delivery of mental health services to more accurately reflect the needs of recipients and standards of good clinical care and to conform to the most recent proposed updates to the New York State Plan Amendment. It is evident from the subject matter of this rule that it could only have a positive impact or no impact on jobs or employment, therefore a Job Impact Statement is not necessary with this notice.

**Initial Review of Rule**

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2027, which is no later than the 3rd year after the year in which this rule is being adopted.

**Assessment of Public Comment**

**Comment 1:** A commenter expressed support for the amended definition for “licensed practitioner of the healing arts” to align with the Medicaid state plan amendment which includes adding licensed mental health counselors, licensed marriage and family therapists, licensed creative arts therapists, licensed psychoanalysts, and licensed occupational therapists.

**Response:** The Office appreciates the comment in support of the rule. No amendment is necessary.

**Comment 2:** A commenter noted that occupational therapists are qualified to lead psychiatric rehabilitation programs in the community because their coursework includes Psychology, Abnormal Psychology, Developmental Psychology, Neuroscience, Kinesiology, Anatomy and Physiology, Medical and Psychiatric Conditions, Group and Individual Therapeutic Approaches, Research, and Activity Analysis. The commenter noted that occupational therapy programs require up to two years of relevant mental health training and such coursework and training in physical disabilities makes these licensed professionals uniquely qualified to address the whole person and address comorbidities.

**Response:** The Office appreciates the comment in support of the rule. No amendment is necessary.

**ACTION PENDING INDEX**

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(\*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
<b>AAM</b>	<b>01</b>	<b>12</b>	<b>00001</b>	<b>P</b>

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making
