Notice of Availability of State and Federal Funds

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:

- the 60-day period expires on April 20, 2025
- the 45-day period expires on April 5, 2025
- the 30-day period expires on March 21, 2025

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 30-3.1, 30-3.4 and 30-3.5; addition of Subpart 30-4 to Title 8 NYCRR.

Statutory authority: Education Law, sections 101, 207, 215, 305, 3009, 3012-d and 3012-e; L. 2024, ch. 143

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: On June 28, 2024, Governor Hochul signed Chapter 143 of the Laws of 2024 ("Chapter 143"), amending, among other provisions, Education Law § 3012-d, which currently governs annual teacher and principal evaluations and establishes Education Law § 3012-e, a new framework for locally designed systems of evaluation and professional growth. Accordingly, school districts and boards of cooperative educational services (BOCES) may transition to new teacher and principal evaluation systems beginning in the 2024-2025 school year. Pursuant to Education Law § 3012-e, all school districts and BOCES must transition to their new evaluation systems beginning with the 2032-2033 school year. This new law requires the Commissioner to adopt regulations necessary to implement the evaluation system.

Since the Board of Regents meets at fixed intervals, the earliest the proposed amendment could be adopted by regular (nonemergency) action after expiration of the 60-day public comment period provided for in the State Administrative Procedure Act (SAPA) sections 201(1) and (5) would be the March 2025 Regents meeting. Furthermore, pursuant to SAPA 203(1), the earliest effective date of the proposed rule, if adopted at the March meeting, would be March 26, 2025, the date the Notice of Adoption would be published in the State Register.

Because the law allows for implementation of the new evaluation system during the 2024-2025 school year, emergency action is necessary at the November 2024 meeting, effective November 5, 2024, to immediately implement Chapter 143 of the Laws of 2024, which became effective June 28, 2024.

It is anticipated that the proposed rule will be presented to the Board of Regents for adoption as a permanent rule at the March 2025 Regents meeting, which is the first scheduled meeting after expiration of the 60-day public comment period mandated by SAPA for state agency rule making. However, since the emergency action will expire before the March Regents meeting, it is anticipated that an additional emergency action will be presented for adoption at the January 2025 Regents meeting.

Subject: Evaluation of Classroom Teachers and Building Principals.

Purpose: Implement chapter 143 of the Laws of 2024 which, among other things, establishes a new evaluation system.

Substance of emergency rule (Full text is posted at the following State website: <https://www.counsel.nysed.gov/rules/full-text-indices>): The proposed rule conforms the Commissioner's regulations to Chapter 143 by making the following changes to Subpart 30-3 of the Rules of the Board of Regents.

The title of section 30-3 and section 30-3.1 are amended to clarify that LEAs may continue to implement evaluation plans approved under Education Law § 3012-d through the 2031-32 school year. Additionally, section 30-3.1 is amended to provide that, pursuant to Chapter 143 of the Laws of 2024, LEAs may adopt a STEPS plan pursuant to Education Law § 3012-e beginning with the 2024-2025 school year; however, they are required to adopt a STEPS plan pursuant to Education Law § 3012-e no later than June 30, 2032.

Section 30-3.4 and 30-3.5 are amended to provide LEAs using district-, school-, or program-wide measures for the student performance component a three-year window to move to a team, linked, or individual and teacher-specific measure for all teachers and principals. District-wide and school-wide measures were permitted to assist LEAs in complying with the statutory requirement for student performance measures to be included

in each teacher's and principal's evaluation. Since LEAs are no longer required to adopt a plan under Education Law § 3012-d and may design a plan under Education Law § 3012-e that does not require the use of student performance measures, there is no longer a need for this regulatory flexibility.

Additionally, the proposed rule adds a new Subpart 30-4 to implement the new evaluation system as established by Education Law § 3012-e.

Section 30-4.1 provides that STEPS plans are subject to collective bargaining to the extent required by Education Law § 3012-e and must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart. Additionally, it clarifies that STEPS plans may be conducted beginning with the 2024-2025 school year; however, all evaluations must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart beginning with the 2032-2033 school year. It further clarifies that the goal of the STEPS plan is to support the professional learning of all teachers and building principals, and that the STEPS plan shall be a significant factor in teacher and principal development, including but not limited to coaching, induction support, and differentiated professional development for all teachers and principals.

Section 30-4.2 defines several terms used in the new Subpart.

Section 30-4.3 prescribes the requirements for STEPS plans submitted under the new Subpart, which includes applicability, timelines, and the contents of the plan.

Section 30-4.4 describes the criteria for evaluating classroom teachers and building principals on the NYS Teaching and Leadership Standards. The new law requires teachers and principals to be evaluated on each of the applicable standards using multiple measures. This section clarifies that:

- Probationary teachers and principals shall be evaluated on each standard annually and are to receive an overall rating on an annual basis.
- Tenured teachers and principals may be evaluated on each standard across a cycle, including evaluation on a subset of standards in each year of the cycle.
- Tenured teachers and principals may receive an overall rating on an evaluation cycle, provided that cycle is no longer than three years.

In determining the multiple measures that will be used within an LEA, this section creates the following requirements:

- Required Observations/School Visits Measure: LEAs shall perform more than one classroom observation/school visit for all teachers and principals on an annual basis, except that tenured teachers and principals may have multiple classroom observations/school visits across their evaluation cycle.
- Additional Measures: LEAs shall select at least one additional measure to evaluate the Teaching and Leadership Standards. These include:
 - o Portfolios
 - o Surveys and Feedback
 - o Goal Setting and Attainment
 - o Student Outcome Data, such as Student Growth Goals, IEP Goals to Evaluate Teacher's Contribution to Student Growth, Student Achievement Goals, Performance Index, Statistical Growth Measures, and Student Portfolios
 - o Teacher/Principal Projects
 - o Other LEA-developed Measure

It further clarifies that one measure may be used to address more than one teaching or leadership standard, provided that there is at least one measure to evaluate each NYS Teaching and Leadership Standard, and each teacher's or principal's evaluation consists of two or more measures.

Section 30-4.5 describes the criteria for scoring the standards and determining an overall rating. The law requires that each NYS Teaching and Leadership Standard be scored on a scale of 1-4 and an overall rating of 1-4 be assigned based on the scores received for each of the standards, consistent with the LEA's expectations for teaching and learning and the following requirements:

- Level 1 shall indicate performance significantly below an LEA's expectations aligned to teaching/leadership standards;
- Level 2 shall indicate performance that partially meets an LEA's expectations aligned to teaching/leadership standards;
- Level 3 shall indicate performance that meets an LEA's expectations aligned to teaching/leadership standards; and
- Level 4 shall indicate performance that exceeds an LEA's expectations aligned to teaching/leadership standards.

It further clarifies that LEAs may weight standards at negotiated values based on local expectations of teaching, leadership, and student learning.

Section 30-4.6 sets the training requirements for all evaluators, which includes certain prescribed elements relating to the standards, observation techniques, bias elimination, inter-rater reliability, use of rubrics and other tools, if applicable, scoring methodology as determined by the LEA, and specific considerations for observing educators based on their specific context.

Section 30-4.7 clarifies the requirement for all teachers and principals

to have a formal professional development system pursuant to Education Law § 3012-e(5)(a)(7). It further addresses the requirement that the superintendent shall develop personalized teacher/principal support plans for educators receiving an overall rating of Level 1 or 2.

Section 30-4.8 clarifies the requirement that LEAs shall train all teachers, principals, and evaluators in order to build engagement and participation among teachers, building principals and administrators with the STEPS plan pursuant to Education Law § 3012-e(5)(d)(6).

Section 30-4.9 clarifies the requirement that LEAs have a process in place for each teacher and principal to provide written comment on their STEPS plan evaluation.

Section 30-4.10 clarifies that the purpose of the STEPS plan is to provide feedback and recommendations to support teacher and principal growth.

Section 30-4.11 addresses the requirement that LEAs shall annually submit data for each standard evaluated and overall ratings, if applicable.

Section 30-4.12 provides for the severability of each section of the new Subpart.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. EDU-47-24-00008-EP, Issue of November 20, 2024. The emergency rule will expire April 3, 2025.

Text of rule and any required statements and analyses may be obtained from: Kirti Goswami, Education Department, Office of Counsel, 89 Washington Avenue, Room 112EB, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Education Law § 101 charges the Department with the general management and supervision of all public schools and all of the educational work of the state.

Education Law § 207 grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law § 215 empowers the Regents and the Commissioner to visit, examine into and inspect, any institution in the University and any school or institution under the educational supervision of the State and may require reports therefrom giving information as the Regents or the Commissioner prescribe.

Education Law § 305(1) and (2) provide that the Commissioner, as chief executive officer of the State's education system, with general supervision over all schools and institutions subject to the Education Law, or of any statute relating to education, and responsibility for executing all educational policies of the Board of Regents.

Education Law § 3009(1) prohibits school districts from paying the salary of an unqualified teacher.

Education Law § 3012-d(1), and (11), as amended by Chapter 143 of the Laws of 2024, clarifies that school districts and boards of cooperative educational services (BOCES) may conduct annual professional performance reviews pursuant to Education Law § 3012-e beginning with the 2024-2025 school year, and that plans adopted pursuant to section 3012-d are not applicable after the 2031-2032 school year.

Education Law § 3012-e, as added by Chapter 143 of the Laws of 2024, requires every school district and BOCES to develop and adopt a performance review plan to conduct performance review of classroom teachers and building principals pursuant to such section no later than June 30, 2032.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above statutory authority and is necessary to implement Chapter 143 of the Laws of 2024 ("Chapter 143"), signed into law on June 28, 2024, by Governor Hochul amending, among other provisions, Education Law § 3012-d, which currently governs annual teacher and principal evaluations. This law also established Education Law § 3012-e, a new framework for locally designed systems of evaluation and professional growth. Accordingly, school districts and boards of cooperative educational services (BOCES) may transition to new teacher and principal evaluation systems beginning in the 2024-2025 school year. Pursuant to Education Law § 3012-e, all school districts and BOCES must transition to their new evaluation systems beginning with the 2032-2033 school year. This new law requires the Commissioner to adopt regulations necessary to implement the evaluation system.

3. NEEDS AND BENEFITS:

Chapter 143 requires the Commissioner to adopt regulations necessary to implement the new evaluation system pursuant to Education Law § 3012-e. Consistent with Education Law § 3012-e, the key features of the new system include:

Local Flexibility in Design

- Each local educational agency (LEA) will have the flexibility to design a Standards-based Educator Evaluation and Professional Support

(STEPS) plan that reflects their expectations for teaching and learning and school leadership while maintaining fidelity to our State's Teaching Standards and Leadership Standards, including the Culturally Responsive-Sustaining Education Framework.

- STEPS plans will consist of multiple measures, at least one of which will be observations for teachers and school visits for principals.

- Unlike prior evaluation systems, a STEPS plan can be differentiated for different educators, and school leader evaluations are no longer required to be aligned to teacher evaluations.

- Each measure will align to one or more of the New York State (NYS) Teaching Standards and Leadership Standards, for teachers and principals respectively, and LEAs will establish their own criteria for assigning a Level 1-4 rating for each standard and an overall rating.

Emphasis on Professional Learning and Growth

- As part of their STEPS plan, each LEA will develop a formal process to ensure that all educators are provided with timely, actionable feedback on their practice and differentiated professional growth opportunities, with enhanced supports for educators whose overall ratings are Level 1 or 2.

- Chapter 143 also eliminates the mandatory use of overall evaluation ratings as part of tenure determinations and expedited disciplinary proceedings under Education Law §§ 3020-a and 3020-b, thereby ensuring that the evaluation system can be used as a tool to support growth.

- These statutory amendments do not affect the right of boards of education to terminate a probationary teacher's employment for any statutorily or constitutionally permissible reason, including performance.

Timeline for Adoption of New Plans under Education Law § 3012-e

- LEAs will be able to transition to their STEPS plans once the Department adopts regulations approved by the Board of Regents and makes available the form and process for submitting a STEPS plan to the Department for review and acceptance.

- LEAs may continue to implement and modify their current evaluation systems under Education Law § 3012-d through the 2031-2032 school year.

- LEAs are required to adopt their STEPS plan no later than June 30, 2032.

4. COSTS:

(a) Costs to State government: The proposed rule does not impose any costs on State government beyond this imposed by statute.

(b) Costs to local government: The proposed rule does not impose any costs on local government beyond those imposed by statute.

(c) Cost to private regulated parties: The proposed rule does not impose any costs on private regulated parties.

(d) Cost to the regulatory agency: The proposed rule does not impose any costs on the State Education Department for implementation and continued administration beyond those imposed by statute.

5. LOCAL GOVERNMENT MANDATES:

The proposed rule amends sections 30-3.4 and 30-3.5 to provide that LEAs using district-, school-, or program-wide measures for the student performance component a three-year window to move to a team, linked, or individual and teacher-specific measure for all teachers and principals.

The proposed rule adds a new Subpart 30-4 which prescribes requirements for LEAs to implement the new evaluation system as established by Education Law § 3012-e, as follows:

Section 30-4.1 provides that STEPS plans are subject to collective bargaining to the extent required by Education Law § 3012-e and must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart. Additionally, it clarifies that STEPS plans may be conducted beginning with the 2024-2025 school year; however, all evaluations must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart beginning with the 2032-2033 school year. It further clarifies that the goal of the STEPS plan is to support the professional learning of all teachers and building principals, and that the STEPS plan shall be a significant factor in teacher and principal development, including but not limited to coaching, induction support, and differentiated professional development for all teachers and principals.

Section 30-4.3 prescribes the requirements for STEPS plans submitted under the new Subpart, which includes applicability, timelines, and the contents of the plan.

Section 30-4.4 describes the criteria for evaluating classroom teachers and building principals on the NYS Teaching and Leadership Standards. The new law requires teachers and principals to be evaluated on each of the applicable standards using multiple measures. This section clarifies that:

- Probationary teachers and principals shall be evaluated on each standard annually and are to receive an overall rating on an annual basis.

- Tenured teachers and principals may be evaluated on each standard across a cycle, including evaluation on a subset of standards in each year of the cycle.

- Tenured teachers and principals may receive an overall rating on an evaluation cycle, provided that cycle is no longer than three years.

In determining the multiple measures that will be used within an LEA, this section creates the following requirements:

- Required Observations/School Visits Measure: LEAs shall perform more than one classroom observation/school visit for all teachers and principals on an annual basis, except that tenured teachers and principals may have multiple classroom observations/school visits across their evaluation cycle.

- Additional Measures: LEAs shall select at least one additional measure to evaluate the Teaching and Leadership Standards. These include:

- o Portfolios
- o Surveys and Feedback
- o Goal Setting and Attainment
- o Student Outcome Data, such as Student Growth Goals, IEP Goals to Evaluate Teacher's Contribution to Student Growth, Student Achievement Goals, Performance Index, Statistical Growth Measures, and Student Portfolios
- o Teacher/Principal Projects
- o Other LEA-developed Measure

It further clarifies that one measure may be used to address more than one teaching or leadership standard, provided that there is at least one measure to evaluate each NYS Teaching and Leadership Standard, and each teacher's or principal's evaluation consists of two or more measures.

Section 30-4.5 describes the criteria for scoring the standards and determining an overall rating. The law requires that each NYS Teaching and Leadership Standard be scored on a scale of 1-4 and an overall rating of 1-4 be assigned based on the scores received for each of the standards, consistent with the LEA's expectations for teaching and learning and the following requirements:

- Level 1 shall indicate performance significantly below an LEA's expectations aligned to teaching/leadership standards;
- Level 2 shall indicate performance that partially meets an LEA's expectations aligned to teaching/leadership standards;
- Level 3 shall indicate performance that meets an LEA's expectations aligned to teaching/leadership standards; and
- Level 4 shall indicate performance that exceeds an LEA's expectations aligned to teaching/leadership standards.

It further clarifies that LEAs may weight standards at negotiated values based on local expectations of teaching, leadership, and student learning.

Section 30-4.6 sets the training requirements for all evaluators, which includes certain prescribed elements relating to the standards, observation techniques, bias elimination, inter-rater reliability, use of rubrics and other tools, if applicable, scoring methodology as determined by the LEA, and specific considerations for observing educators based on their specific context.

Section 30-4.7 clarifies the requirement for all teachers and principals to have a formal professional development system pursuant to Education Law § 3012-e(5)(a)(7). It further addresses the requirement that the superintendent shall develop personalized teacher/principal support plans for educators receiving an overall rating of Level 1 or 2.

Section 30-4.8 clarifies the requirement that LEAs shall train all teachers, principals, and evaluators in order to build engagement and participation among teachers, building principals and administrators with the STEPS plan pursuant to Education Law § 3012-e(5)(d)(6).

Section 30-4.9 clarifies the requirement that LEAs have a process in place for each teacher and principal to provide written comment on their STEPS plan evaluation.

Section 30-4.10 clarifies that the purpose of the STEPS plan is to provide feedback and recommendations to support teacher and principal growth.

Section 30-4.11 addresses the requirement that LEAs shall annually submit data for each standard evaluated and overall ratings, if applicable.

Section 30-4.12 provides for the severability of each section of the new Subpart.

6. PAPERWORK:

Section 30-4.11 of the proposed rule requires that each LEA submit to the Commissioner the ratings for each classroom teacher and building principal on each applicable teaching and leadership standard, as well as the overall rating for each teacher and principal, where available.

7. DUPLICATION:

There are no other state or federal requirements on the subject matter of the proposed rule. Therefore, the amendment does not duplicate other existing state or federal requirements.

8. ALTERNATIVES:

The proposed rule is necessary to implement the statutory requirements of Chapter 143 which requires the Commissioner to adopt regulations necessary to implement the new evaluation system established pursuant to Education Law § 3012-d. There are no significant alternatives to the proposed rule and none were considered.

9. FEDERAL STANDARDS:

There are no related federal standards. Since there are no applicable

federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

The proposed rule took effect as an emergency rule on November 5, 2024. It is anticipated that the proposed rule will be presented to the Board of Regents for permanent adoption at the March 2025 meeting. If adopted at the March 2025 Regents meeting, the proposed amendment will become effective as a permanent rule on March 26, 2025. It is anticipated that the regulated parties will be able to comply with the proposed rule by the effective date as LEAs may continue to implement and modify their current evaluation systems under Education Law § 3012-d through the 2031-2032 school year. LEAs have until June 30, 2032, to adopt their STEPS plan.

Regulatory Flexibility Analysis

(a) Small Businesses:

The purpose of the proposed rule is to implement Chapter 143 of the Laws of 2024 ("Chapter 143"), amending, among other provisions, Education Law § 3012-d, which currently governs annual teacher and principal evaluations. This law also established Education Law § 3012-e, a new framework for locally designed systems of evaluation and professional growth.

The proposed rule does not have any adverse economic impact or impose any reporting, record keeping or any other compliance requirements on small businesses. Because it is evident from the nature of the proposed amendment that it does not affect small businesses, no further measures were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses is not required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act, and one has not been prepared.

(b) Local Governments:

1. EFFECT OF RULE:

The proposed rule applies to each of the 731 public school districts in the State.

2. COMPLIANCE REQUIREMENTS:

The proposed rule amends sections 30-3.4 and 30-3.5 to provide that LEAs using district-, school-, or program-wide measures for the student performance component a three-year window to move to a team, linked, or individual and teacher-specific measure for all teachers and principals.

The proposed rule adds a new Subpart 30-4 which prescribes requirements for LEAs to implement the new evaluation system as established by Education Law § 3012-e, as follows:

Section 30-4.1 provides that STEPS plans are subject to collective bargaining to the extent required by Education Law § 3012-e and must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart. Additionally, it clarifies that STEPS plans may be conducted beginning with the 2024-2025 school year; however, all evaluations must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart beginning with the 2032-2033 school year. It further clarifies that the goal of the STEPS plan is to support the professional learning of all teachers and building principals, and that the STEPS plan shall be a significant factor in teacher and principal development, including but not limited to coaching, induction support, and differentiated professional development for all teachers and principals.

Section 30-4.3 prescribes the requirements for STEPS plans submitted under the new Subpart, which includes applicability, timelines, and the contents of the plan.

Section 30-4.4 describes the criteria for evaluating classroom teachers and building principals on the NYS Teaching and Leadership Standards. The new law requires teachers and principals to be evaluated on each of the applicable standards using multiple measures. This section clarifies that:

- Probationary teachers and principals shall be evaluated on each standard annually and are to receive an overall rating on an annual basis.
- Tenured teachers and principals may be evaluated on each standard across a cycle, including evaluation on a subset of standards in each year of the cycle.

- Tenured teachers and principals may receive an overall rating on an evaluation cycle, provided that cycle is no longer than three years.

In determining the multiple measures that will be used within an LEA, this section creates the following requirements:

- Required Observations/School Visits Measure: LEAs shall perform more than one classroom observation/school visit for all teachers and principals on an annual basis, except that tenured teachers and principals may have multiple classroom observations/school visits across their evaluation cycle.

- Additional Measures: LEAs shall select at least one additional measure to evaluate the Teaching and Leadership Standards. These include:

- o Portfolios
- o Surveys and Feedback
- o Goal Setting and Attainment
- o Student Outcome Data, such as Student Growth Goals, IEP Goals

to Evaluate Teacher's Contribution to Student Growth, Student Achievement Goals, Performance Index, Statistical Growth Measures, and Student Portfolios

- o Teacher/Principal Projects
- o Other LEA-developed Measure

It further clarifies that one measure may be used to address more than one teaching or leadership standard, provided that there is at least one measure to evaluate each NYS Teaching and Leadership Standard, and each teacher's or principal's evaluation consists of two or more measures.

Section 30-4.5 describes the criteria for scoring the standards and determining an overall rating. The law requires that each NYS Teaching and Leadership Standard be scored on a scale of 1-4 and an overall rating of 1-4 be assigned based on the scores received for each of the standards, consistent with the LEA's expectations for teaching and learning and the following requirements:

- Level 1 shall indicate performance significantly below an LEA's expectations aligned to teaching/leadership standards;
- Level 2 shall indicate performance that partially meets an LEA's expectations aligned to teaching/leadership standards;
- Level 3 shall indicate performance that meets an LEA's expectations aligned to teaching/leadership standards; and
- Level 4 shall indicate performance that exceeds an LEA's expectations aligned to teaching/leadership standards.

It further clarifies that LEAs may weight standards at negotiated values based on local expectations of teaching, leadership, and student learning.

Section 30-4.6 sets the training requirements for all evaluators, which includes certain prescribed elements relating to the standards, observation techniques, bias elimination, inter-rater reliability, use of rubrics and other tools, if applicable, scoring methodology as determined by the LEA, and specific considerations for observing educators based on their specific context.

Section 30-4.7 clarifies the requirement for all teachers and principals to have a formal professional development system pursuant to Education Law § 3012-e(5)(a)(7). It further addresses the requirement that the superintendent shall develop personalized teacher/principal support plans for educators receiving an overall rating of Level 1 or 2.

Section 30-4.8 clarifies the requirement that LEAs shall train all teachers, principals, and evaluators in order to build engagement and participation among teachers, building principals and administrators with the STEPS plan pursuant to Education Law § 3012-e(5)(d)(6).

Section 30-4.9 clarifies the requirement that LEAs have a process in place for each teacher and principal to provide written comment on their STEPS plan evaluation.

Section 30-4.10 clarifies that the purpose of the STEPS plan is to provide feedback and recommendations to support teacher and principal growth.

Section 30-4.11 addresses the requirement that LEAs shall annually submit data for each standard evaluated and overall ratings, if applicable.

Section 30-4.12 provides for the severability of each section of the new Subpart.

3. PROFESSIONAL SERVICES:

The proposed rule does not impose any professional service requirements.

4. COMPLIANCE COSTS:

The proposed rule does not impose any costs beyond those imposed by Chapter 143.

5. ECONOMIC AND TECHNOLOGICAL FEASIBILITY:

The proposed rule does not impose any additional technological requirements on school districts. Economic feasibility is addressed under the Compliance Costs section above.

6. MINIMIZING ADVERSE IMPACT:

The purpose of the proposed rule is to implement Chapter 143, which establishes a new framework for locally designed systems of evaluation and profession and professional growth as described above. It is evident that the proposed rule will not have any adverse economic impact on local governments, therefore differing approaches as prescribed in SAPA § 202-b(1) were not considered.

7. LOCAL GOVERNMENT PARTICIPATION:

A copy of the proposed rule has been shared with school districts through the offices of the district superintendents of each supervisory district in the State and with the chief school officers of the five big city school districts for review and comment. It has also been shared with the New York State United Teachers (NYSUT), the School Administrators Association of New York State (SAANYS), and the New York State Council of School Superintendents (NYSCOSS) for review and comment.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS:

The proposed rule will apply to school districts and boards of cooperative educational services (BOCES), including those located in the 44 counties with less than 200,000 inhabitants and the 71 towns in urban counties with a population density of 150 per square miles or less.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

The proposed rule amends sections 30-3.4 and 30-3.5 to provide that LEAs using district-, school-, or program-wide measures for the student performance component a three-year window to move to a team, linked, or individual and teacher-specific measure for all teachers and principals.

The proposed rule adds a new Subpart 30-4 which prescribes requirements for LEAs to implement the new evaluation system as established by Education Law § 3012-e, as follows:

Section 30-4.1 provides that STEPS plans are subject to collective bargaining to the extent required by Education Law § 3012-e and must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart. Additionally, it clarifies that STEPS plans may be conducted beginning with the 2024-2025 school year; however, all evaluations must be conducted in accordance with the requirements of Education Law § 3012-e and the new Subpart beginning with the 2032-2033 school year. It further clarifies that the goal of the STEPS plan is to support the professional learning of all teachers and building principals, and that the STEPS plan shall be a significant factor in teacher and principal development, including but not limited to coaching, induction support, and differentiated professional development for all teachers and principals.

Section 30-4.3 prescribes the requirements for STEPS plans submitted under the new Subpart, which includes applicability, timelines, and the contents of the plan.

Section 30-4.4 describes the criteria for evaluating classroom teachers and building principals on the NYS Teaching and Leadership Standards. The new law requires teachers and principals to be evaluated on each of the applicable standards using multiple measures. This section clarifies that:

- Probationary teachers and principals shall be evaluated on each standard annually and are to receive an overall rating on an annual basis.
- Tenured teachers and principals may be evaluated on each standard across a cycle, including evaluation on a subset of standards in each year of the cycle.
- Tenured teachers and principals may receive an overall rating on an evaluation cycle, provided that cycle is no longer than three years.

In determining the multiple measures that will be used within an LEA, this section creates the following requirements:

- Required Observations/School Visits Measure: LEAs shall perform more than one classroom observation/school visit for all teachers and principals on an annual basis, except that tenured teachers and principals may have multiple classroom observations/school visits across their evaluation cycle.
- Additional Measures: LEAs shall select at least one additional measure to evaluate the Teaching and Leadership Standards. These include:

- o Portfolios
- o Surveys and Feedback
- o Goal Setting and Attainment
- o Student Outcome Data, such as Student Growth Goals, IEP Goals

to Evaluate Teacher's Contribution to Student Growth, Student Achievement Goals, Performance Index, Statistical Growth Measures, and Student Portfolios

- o Teacher/Principal Projects
- o Other LEA-developed Measure

It further clarifies that one measure may be used to address more than one teaching or leadership standard, provided that there is at least one measure to evaluate each NYS Teaching and Leadership Standard, and each teacher's or principal's evaluation consists of two or more measures.

Section 30-4.5 describes the criteria for scoring the standards and determining an overall rating. The law requires that each NYS Teaching and Leadership Standard be scored on a scale of 1-4 and an overall rating of 1-4 be assigned based on the scores received for each of the standards, consistent with the LEA's expectations for teaching and learning and the following requirements:

- Level 1 shall indicate performance significantly below an LEA's expectations aligned to teaching/leadership standards;
- Level 2 shall indicate performance that partially meets an LEA's expectations aligned to teaching/leadership standards;
- Level 3 shall indicate performance that meets an LEA's expectations aligned to teaching/leadership standards; and
- Level 4 shall indicate performance that exceeds an LEA's expectations aligned to teaching/leadership standards.

It further clarifies that LEAs may weight standards at negotiated values based on local expectations of teaching, leadership, and student learning.

Section 30-4.6 sets the training requirements for all evaluators, which includes certain prescribed elements relating to the standards, observation techniques, bias elimination, inter-rater reliability, use of rubrics and other tools, if applicable, scoring methodology as determined by the LEA, and specific considerations for observing educators based on their specific context.

Section 30-4.7 clarifies the requirement for all teachers and principals to have a formal professional development system pursuant to Education Law § 3012-e(5)(a)(7). It further addresses the requirement that the superintendent shall develop personalized teacher/principal support plans for educators receiving an overall rating of Level 1 or 2.

Section 30-4.8 clarifies the requirement that LEAs shall train all teachers, principals, and evaluators in order to build engagement and participation among teachers, building principals and administrators with the STEPS plan pursuant to Education Law § 3012-e(5)(d)(6).

Section 30-4.9 clarifies the requirement that LEAs have a process in place for each teacher and principal to provide written comment on their STEPS plan evaluation.

Section 30-4.10 clarifies that the purpose of the STEPS plan is to provide feedback and recommendations to support teacher and principal growth.

Section 30-4.11 addresses the requirement that LEAs shall annually submit data for each standard evaluated and overall ratings, if applicable.

Section 30-4.12 provides for the severability of each section of the new Subpart.

3. COSTS:

The proposed rule does not impose any costs on regulated parties, including those located in rural areas, beyond those imposed by statute.

4. MINIMIZING ADVERSE IMPACT:

Because the statutory requirement applies to all school districts and BOCES in the State, it is not possible to establish differing compliance or reporting requirements or timetables or to exempt schools in rural areas from coverage by the proposed amendment. Therefore, alternative approaches for regulated parties located in rural areas were not considered.

5. RURAL AREA PARTICIPATION:

A copy of the proposed rule has been shared with school districts through the offices of the district superintendents of each supervisory district in the State and with the chief school officers of the five big city school districts, including those located in rural areas, for review and comment. It has also been shared with NYSUT, SAANYS, and NYSCOSS for review and comment, which have members located in rural areas.

Job Impact Statement

The purpose of the proposed rule is to implement Chapter 143 of the Laws of 2024, amending, among other provisions, Education Law § 3012-d, which currently governs annual teacher and principal evaluations. This law also established Education Law § 3012-e, a new framework for locally designed systems of evaluation and professional growth.

Because it is evident from the nature of the proposed amendment that it will have no impact on jobs or employment opportunities attributable to its adoption or only a positive impact, no affirmative steps were needed to ascertain these facts, and none were taken. Accordingly, a job impact statement is not required pursuant to section 201-a(2)(a) of the State Administrative Procedure Act, and one has not been prepared.

Commission on Ethics and Lobbying in Government

**EMERGENCY
RULE MAKING**

Ethics Training for Lobbyist and Clients

I.D. No. ELG-47-24-00005-E

Filing No. 92

Filing Date: 2025-01-31

Effective Date: 2025-01-31

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 943 of Title 19 NYCRR.

Statutory authority: Executive Law, section 94(1)(a), 5(a)(i), 8(d); Legislative Law, sections 1-A and 1-d(h)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The emergency rule is necessary for the general welfare to inform the regulated community of

the Commission on Ethics and Lobbying in Government (“the Commission”) eliminating the need for Individual Lobbyists to submit a completed and executed affidavit of training completion to their organization’s Responsible Party. Instead, beginning January 1, 2024, the Commission will now be requiring the Responsible Party to retain an executed training completion form, as prescribed by the Commission. Upon Emergency Adoption, these amendments will take effect January 1, 2024.

Subject: Ethics Training for Lobbyist and Clients.

Purpose: To eliminate the need for an organization’s Responsible Party to retain a completed and executed affidavit of training completion and instead require the Responsible Party to retain an executed training completion form.

Text of emergency rule: Subdivision (b)(3)(i) of section 943.5 is amended to read as follows:

(i) For each Individual Lobbyist who has completed the online ethics training course, the Responsible Party for the Lobbyist must retain, for a period of three years, [a completed and executed affidavit of training completion, in the form provided] *an executed training completion certification on forms prescribed by the Commission.*

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. ELG-47-24-00005-EP, Issue of November 20, 2024. The emergency rule will expire March 31, 2025.

Text of rule and any required statements and analyses may be obtained from: Megan Mutolo, Commission on Ethics and Lobbying in Government, 540 Broadway, Albany NY 12207, (518) 408-3976, email: megan.mutolo@ethics.ny.gov

Regulatory Impact Statement

1. **Statutory Authority:** Executive Law § 94(1)(a) provides the Commission on Ethics and Lobbying in Government (“Commission”) with the responsibility to administer, enforce and interpret New York State’s ethics and lobbying laws. Subsection 94(5)(a)(i) authorizes the Commission to adopt, amend and rescind any rules and regulations pertaining to the statutes within its jurisdiction. Subsection 94(8)(d) requires the Commission to develop and administer training courses for lobbyists and clients of lobbyists. Legislative Law Article 1-A Section 1-d(h) authorizes and requires the Commission to provide an online ethics training course for lobbyists and sets forth requirements related thereto.

2. **Legislative Objectives:** The Ethics Commission Reform Act of 2022 (“ECRA”) established the Commission on Ethics and Lobbying in Government as the agency responsible for administering, enforcing and interpreting New York State’s ethics and lobbying laws, including the provision of mandatory ethics training for lobbyists and clients.

3. **Needs and Benefits:** This Notice of Emergency Adoption amends 19 NYCRR Part 943 to eliminate the need for Individual Lobbyists to submit a completed and executed affidavit of training completion to their organization’s Responsible Party. Instead, the Commission is now requiring the Responsible Party to retain an executed training completion form, as prescribed by the Commission.

4. **Costs:**

a. **Costs to regulated parties for implementation and compliance:** Minimal.

b. **Costs to the agency, State and local governments for the implementation and continuation of the rule:** No costs to such entities.

c. **Cost information is based on the fact that there will be minimal costs to regulated parties and State and local government for training staff on changes to the requirements.**

5. **Local Government Mandates:** The Emergency Rulemaking does not impose new programs, services, duties or responsibilities upon any county, city, town, village, school district, fire district or other special district.

6. **Paperwork:** This regulation eliminates the requirement for the regulated community to complete and executed affidavit; instead; requires the completion of a training completion form, as prescribed by the Commission.

7. **Duplication:** This regulation does not duplicate any existing federal, state or local regulations.

8. **Alternatives:** Currently, the Commission requires each Individual Lobbyist submit a completed and executed affidavit of training completion. The only other alternative would be to keep the burden on Individual Lobbyists to complete an executed affidavit.

9. **Federal Standards:** This regulation does not exceed any minimum standards of the federal government with regard to a similar subject area.

10. **Compliance Schedule:** Compliance with the Emergency Rulemaking will take effect on January 1, 2025.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Emergency Adoption because

the rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of these entities for compliance purposes. The Commission on Ethics and Lobbying in Government makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Emergency Adoption because the rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of rural areas. The Commission on Ethics and Lobbying in Government makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities. Rural areas are not affected.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Emergency Adoption because the rulemaking will have limited, if any, impact on jobs or employment opportunities. This regulation implements current law and, therefore, imposes no new requirements. This regulation does not relate to job or employment opportunities.

Network Adequacy and Access Standards for Mental Health and Substance Use Disorder Treatment Services

I.D. No. DFS-08-24-00001-A

Filing No. 115

Filing Date: 2025-02-04

Effective Date: 2025-07-01

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of Part 38 (Regulation 230) to Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 202, 301, 302; Insurance Law, sections 301, 3217-a, 3241, 4324; L. 2023, ch. 57, part II

Subject: Network Adequacy and Access Standards for Mental Health and Substance Use Disorder Treatment Services.

Purpose: To establish network adequacy and access standards and other protections to improve access to behavioral health services.

Substance of final rule: New Part 38 sets forth standards for network adequacy for mental health and substance use disorder treatment services to improve insureds' access to behavioral health services.

Section 38.0 is the preamble for Part 38.

Section 38.1 makes Part 38 applicable to any health care plan that delivers, or issues for delivery, in New York a comprehensive health insurance policy or contract that uses a network of health care providers to deliver behavioral health services.

Section 38.2 defines terms used in Part 38.

Section 38.3 sets forth standards regarding network provider types.

Section 38.4 sets forth appointment wait time standards and permits the use of telehealth appointments to meet the appointment wait time standards unless the insured specifically requests an in-person appointment.

Section 38.5 permits an insured to file an access complaint with the health care plan when access to behavioral health services from an in-network provider who can treat the insured's behavioral health condition, and is available within the appointment wait time standards, is unavailable. The health care plan has three days to locate such a provider, and if it cannot do so, the health care plan must permit the insured to receive the behavioral health services from a non-participating provider who can treat the insured's condition, meet the appointment wait time standards, and is located within a reasonable distance if the insured requests an in-person appointment, regardless of whether the insured's coverage includes out-of-network benefits. In addition, the health care plan cannot impose a greater cost-sharing requirement on the insured than the cost-sharing for services from a participating provider and must apply the same out-of-pocket maximum.

Section 38.6 sets forth provider directory requirements for the listing of behavioral health providers and requires a health care plan to verify the accuracy of such information at least annually, provide the insured or insured's designee with a list of behavioral health providers available to treat a specific behavioral health condition within three business days of the request, review claims activity every six months and confirm certain information with those behavioral health providers that did not submit claims during such period, and post a method on a publicly accessible area of its website for a person to report errors in the provider directory information and to correct such errors within specified timeframes.

Section 38.7 sets forth additional healthcare plan responsibilities regarding network adequacy and access, such as the provision of and access to staff designated to help insureds find appropriate participating behavioral health providers and the making of an access plan to establish protocol for monitoring and ensuring access to behavioral health services.

Section 38.8 sets forth reporting requirements regarding a health care plan's access plan made in accordance with section 38.7, sufficiency of in-network providers and permission for insureds to use non-participating providers in accordance with section 38.5, information on access complaints received and their resolution in accordance with section 38.5, and provider directory verification made in accordance with section 38.6.

Section 38.9 sets the effective date of July 1, 2025 to apply to all policies issued, renewed, modified, or amended on or after such date.

Final rule as compared with last published rule: Nonsubstantial changes were made in sections 38.0, 38.3(b) and 38.9.

Revised rule making(s) were previously published in the State Register on November 20, 2024.

Text of rule and any required statements and analyses may be obtained from: Stephani Schendlinger, Department of Financial Services, One Commerce Plaza, Albany, NY 12257, (518) 473-0273, email: HealthRegComments@dfs.ny.gov

Revised Regulatory Impact Statement

1. Statutory authority: Financial Services Law ("FSL") sections 202, 301, and 302; Insurance Law ("IL") sections 301, 3217-a, 3241, and 4324, and Part II of Chapter 57 of the Laws of 2023 ("Chapter 57").

FSL section 202 establishes the office of the Superintendent of Financial Services ("Superintendent").

FSL sections 301 and 302 and IL section 301, in pertinent part, authorize the Superintendent to prescribe regulations interpreting the IL and to effectuate any power granted to the Superintendent in the IL, FSL, or any other law.

IL section 3217-a sets forth disclosure requirements for all comprehensive, expense-reimbursed health insurance contracts, managed care health insurance contracts, and any other health insurance contract for which the Superintendent deems such disclosure appropriate.

IL section 3241 requires an insurer, a corporation organized pursuant to IL Article 43, a municipal cooperative health benefit plan certified pursuant to IL Article 47, and a student health plan established or maintained pursuant to IL section 1124 (collectively, "health care plans"), that issues a health insurance policy or contract with a network of health care providers to ensure that the network is adequate to meet the health care needs of insureds and provide for an appropriate choice of providers sufficient to render the services covered under the policy or contract.

IL section 4324 sets forth disclosure requirements for all comprehensive, expense-reimbursed health insurance contracts, managed care health products, and any other contract or product for which the Superintendent deems such disclosure appropriate.

Chapter 57 amended the Insurance Law to require the Superintendent, in consultation with the commissioners of the Department of Health, the Office of Mental Health ("OMH"), and the Office of Addiction Services and Supports ("OASAS"), to propose regulations setting forth standards for network adequacy for behavioral health treatment services.

2. Legislative objectives: To effectuate the statutory intent of Chapter 57 to increase access to behavioral health services in this State by establishing provider network standards. The regulation strengthens network adequacy requirements for behavioral health services, requires health plans to establish internal protocols for monitoring access and utilization of these services, assists insureds in finding timely access to providers, and takes certain actions to ensure the accuracy of provider directories. Together, these requirements will make it easier and faster for consumers to access behavioral health services.

3. Needs and benefits: The regulation implements Chapter 57, which requires the Department of Financial Services ("Department") to establish by regulation requirements for provider networks used by health care plans that issue comprehensive health insurance policies or contracts in relation to behavioral health services. Ensuring meaningful access to behavioral health care is vital to addressing New York's behavioral health crisis.

A key component of access is the availability of an adequate number of appropriate providers within a health care plan's network. The regulation

sets forth appointment wait time standards for behavioral health services. If an insured cannot access behavioral health services from an in-network provider who can treat the insured's behavioral health condition and is available within the appointment wait time standards, the regulation gives the health care plan three business days from receipt of an access complaint to provide the insured or the insured's designee with the contact information for an in-network provider who can treat the insured's behavioral health condition and is available within the appointment wait time standards. If the insured requests an in-person visit rather than a telehealth visit, the in-network provider also must be located within a reasonable distance.

If no such in-network provider is available within the appointment wait time standards, the regulation requires the health care plan to provide the insured with a referral to an out-of-network provider at the in-network cost-sharing, if the out-of-network provider can treat the insured's behavioral health condition, is able to meet the appointment wait time standards, is located within a reasonable distance from the insured, and charges rates that are not excessive or unreasonable. The regulation requires the referral to remain in effect until the behavioral health services are no longer medically necessary or the health care plan locates an in-network provider that can treat the insured's behavioral health condition, is able to meet the appointment wait time standards, is located within a reasonable distance if an in-person appointment is requested, and the insured's treatment can be transitioned to the in-network provider, unless the health care plan determines, in consultation with the insured's treating provider, as appropriate, that such transition would be harmful to the insured.

The regulation requires health care plans to verify information in their provider directories and to include information in the directories on any restrictions concerning the conditions or ages treated by network providers, languages spoken by a health care professional, whether the provider offers services via telehealth, and, if the provider is a facility, the level of care offered by the facility.

The regulation requires health care plans to review claims activity twice each year to identify behavioral health providers who have not submitted claims and to verify their participation status and confirm whether they are accepting new patients. Additionally, the regulation requires health care plans to post certain information on a publicly accessible area of their websites, including a method for insureds, providers, and other persons to report provider directory errors, a description of the appointment wait time standards, and the process for submitting an access complaint.

The regulation requires a health care plan to have an access plan that establishes a protocol for monitoring and ensuring access to behavioral health services, including assessing the ability of the health care plan's network of behavioral health providers to meet the cultural and linguistic needs of the health care plan's insured population. The regulation also requires health care plans to submit to the Superintendent an annual certification of compliance that includes the number of access complaints received by the health care plan and a description of how the access complaints were resolved.

4. **Costs:** A health care plan may incur compliance costs to: file new insurance policy and contract forms and premium rates with the Department; develop a process to monitor and evaluate access to its network providers; recruit additional behavioral health providers for its networks or pay for out-of-network providers; modify on-line provider directories to ensure that they are searchable and filterable; provide training to staff on the requirements for responding to access complaints; update its website with required information; and submit an annual compliance certification. Some of the compliance costs may impact premium rates charged to insureds; however, certain costs should be minimal because health care plans submit insurance policy or contract form and premium rate filings as a part of the normal course of business and should already have compliance procedures in place.

The regulation may impose compliance costs on the Department because the Department will need to review amended insurance policy and contract forms and premium rates and review annual compliance certifications. However, any additional costs incurred by the Department should be minimal because existing personnel are already available to review any filings necessitated by the regulation and the Department should be able to absorb the costs in its ordinary budget.

The regulation does not impose any compliance costs on state or local governments or health care providers.

5. **Local government mandates:** The regulation does not impose any program, service, duty, or responsibility upon a county, city, town, village, school district, fire district, or other special district.

6. **Paperwork:** Health care plans may need to file new insurance policy forms and premium rates with the Department to comply with the regulation. These include the health insurance contracts and certificates that describe the covered benefits that are reviewed and approved by the Department and then issued to covered individuals. Health care plans also

will need to submit an annual certification of compliance to the Superintendent. Health care plans must annually certify that they have an access plan that includes protocols for monitoring and ensuring access to behavioral health services, such as monitoring utilization of those services, numbers and types of providers who are actively providing services, collecting data on provider-to-insured ratios and appointment wait times, and assessing the ability of their networks' behavioral health providers to meet the cultural and linguistic needs of their insured populations. The access plan must be available to the Department upon request. Health care plans also must certify that they have sufficient providers to meet the appointment wait time standards or otherwise permit insureds to go out-of-network at no additional cost to the insureds and performed the provider directory verification as required by the regulation.

7. **Duplication:** The regulation does not duplicate, overlap, or conflict with any existing state or federal rules or other legal requirements.

8. **Alternatives:** The Department consulted with the Department of Health, OMH, and OASAS when drafting the regulation. The Department also met with numerous stakeholders representing providers, consumers, and health care plans. During discussions with various behavioral health provider associations, providers repeatedly stated that there is a state-wide shortage of providers and an increasing demand for behavioral health services. Many providers, including providers who do not participate in health care plan provider networks, expressed concern that they would not be able to meet an appointment wait time standard of ten business days, and many providers indicated that appointment wait times can run up to four weeks or longer. The Department considered requiring health care plans to meet longer appointment wait time standards of 14 to 28 days, instead of ten business days, for initial behavioral health treatment appointments. However, other states and federally run exchanges have a ten business-day timeframe for initial appointments, and the ten business-day timeframe is more protective of consumers than a longer timeframe.

The IL includes a mechanism for an insured to go out of network when there is no provider in a health care plan's network who can perform the services. That process requires the insured to file an internal appeal with a health care plan and an external appeal with independent medical experts. The Department considered the use of that process to assist insureds in finding timely and proximate access to behavioral health services. However, the Department chose to require a more streamlined process for health care plans to assist an insured in obtaining an appointment with a provider who meets the appointment wait times, which does not necessitate an appeal with independent medical experts.

The Department considered several different timeframes for health care plans to monitor network capacity and provider access, including monthly, quarterly, and annually. The Department added a quarterly timeframe to align with the network adequacy quarterly network submission process.

The Department considered requiring a pre-determined length of time for a referral to an out-of-network provider to be covered, such as 60 or 90 days. However, the interruption of certain behavioral health treatments may cause harm to an insured in some circumstances, while in other situations an insured may be more appropriately transitioned to an in-network provider sooner.

The Department also considered requiring out-of-network referrals to be effective until the completion of an insured's treatment. However, some behavioral health treatments can be very lengthy, lasting years, which would be costly for insurers and increase premiums. In addition, insurers currently can transition insureds to in-network providers in other circumstances where out-of-network referrals are made.

9. **Federal standards:** The regulation does not conflict with any minimum standards of the federal government for the same or similar subject areas.

10. **Compliance schedule:** Health care plans will need to comply with the regulation, effective July 1, 2025, for policies and contracts issued, renewed, modified, or amended on or after such date, and will need to submit their first annual compliance certifications by December 31, 2026.

Revised Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A revised Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement is not required for the final adoption of new Part 38 to 11 NYCRR (Insurance Regulation 230) because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2028, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The New York State Department of Financial Services ("Department") received comments from many interested parties, including insurers and

associations that represent insurers and health maintenance organizations (collectively, “health care plans”); provider associations representing hospitals, community-based providers, psychologists, and psychiatrists; and advocates for consumers and children’s behavioral healthcare.

Interested parties submitted a number of comments, many of which were previously addressed in the assessment of public comments on the proposed rulemaking, which the Department posted on its website at https://www.dfs.ny.gov/industry_guidance/regulatory_activity/insurance on November 20, 2024. The Department also received new comments, including those that: suggested measures to ensure providers are reasonably accessible and hold health care plans accountable; recommended a standard for “network breadth” of 70%; requested clarification of the requirement for certain professionals to be not employed by a facility; recommended an analysis of the impact on the large group market; requested notification to insureds of the option to request in-network appointments; suggested allowing insureds to seek care out-of-network whenever any of the Department of Health’s managed care guidelines are not met; requested that health care plan staff names be published and timely updated; requested clarification of “reasonable distance” and “excessive or unreasonable” rates and how those determinations are made; requested clarification that health care plans are required to pay provider charges if rate negotiations are unsuccessful; questioned the result when there are no providers (in-network or out-of-network) within a reasonable distance who can treat the insured’s behavioral health condition within the appointment wait times; requested clarification of who locates an out-of-network provider; requested language for the New York State Behavioral Health Ombudsman Program; requested clarification when the out-of-network provider cannot meet the appointment wait times or if the times are only slightly better than an in-network provider; requested clarification for determining whether transitioning to an in-network provider is harmful to the insured; suggested a revision of the regulation to specify when Insurance Law sections 4802 and 4904 apply; requested a revision to the regulation to give the treating provider the sole authority to determine when to transition care to an in-network provider; recommended that the transition to an in-network provider be presumptively determined by patient choice; inquired whether the health care plan is the only entity holding providers responsible for accurate information and the recourse available; recommended adding residential treatment as a level of care; suggested requiring health care plans to retain records of requests for provider lists for two years; requested a revision to the regulation to delay the start of the 15-day period to update a provider directory until the health care plan confirms the error; recommended requiring health care plans to publicly post certain information related to an insured’s right to obtain services out-of-network; requested a change to the regulation’s effective date to be no earlier than January 1, 2026; and encouraged the Department to adopt the regulation as expeditiously as possible.

After consideration of the comments received, the Department did not make any substantive changes to the regulation. The Department made a non-substantive change to the regulation that revises the effective date from 120 days after publication in the State Register to July 1, 2025. The Department has posted on its website the full assessment of public comments.

Petition to Submeter Electricity and Waiver of Energy Audit

I.D. No. PSC-07-25-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of Pine RE LLC to submeter electricity at 80 Pine Street, New York, New York and request for waiver of the requirement of an energy audit pursuant to 16 NYCRR section 96.5(k)(3).

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Petition to submeter electricity and waiver of energy audit.

Purpose: To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

Substance of proposed rule: The Commission is considering the petition filed by Pine Re LLC (Owner) on January 9, 2025, seeking authority to submeter electricity at a new rental building with market rate and income-eligible units, located at 80 Pine Street, New York, New York, in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison). The Owner also requests waiver of 16 NYCRR § 96.5(k)(3), the requirement for an energy audit for buildings where 20 percent or more of the residents receive income-based housing assistance.

In the petition, the Owner requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its tenants. Once approved by the Commission, submetering of electricity to residential tenants is allowed so long as it complies with the protections and requirements of the Commission's regulations in 16 NYCRR Part 96.

The Commission is also considering the Owner's request for waiver of 16 NYCRR § 96.5(k)(3), which requires proof that an energy audit has been conducted when 20 percent or more of the residents receive income-based housing assistance. The Owner states that because the building is new construction, it must comply with the current New York State Energy Conservation Construction Code, which provides strict energy conservation requirements for new and renovated buildings, including the design and construction of energy-efficient building envelopes, mechanical, lighting and power systems. Given these requirements, an energy audit is not necessary in this case.

The full record of the proceeding may be viewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Petition to Designate the Clean Path Transmission Project (the Project) As a Priority Transmission Project

I.D. No. PSC-07-25-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition and supplement filed by the New York Power Authority requesting that the Clean Path Transmission Project be designated a Priority Transmission Project.

Statutory authority: Public Service Law, sections 4(1), 5(1), 5(2), 66(2); New York Energy Law, sections 6-104(5)(b) and 7(5)

Subject: Petition to designate the Clean Path Transmission Project (the Project) as a Priority Transmission Project.

Purpose: To consider whether the Project is needed expeditiously to achieve the Climate Leadership and Community Protection Act targets.

Substance of proposed rule: The Public Service Commission (Commission) is considering the petition filed by the New York Power Authority (NYPA) on December 23, 2024, and supplemented on January 24, 2025 (collectively, the Petition), seeking the Commission's determination that the "Clean Path Transmission Project" (Project) is needed expeditiously to achieve the Climate Leadership and Community Protection Act targets (i.e., a designation of the Project as a "Priority Transmission Project" (PTP)), pursuant to the Accelerated Renewable Energy Growth and Community Benefit Act (L. 2020, Ch. 58, Part JJJ, Section 7(5)). If designated as a PTP, NYPA intends to seek cost recovery for the Project, estimated to cost approximately \$5.2 billion, in a filing with the Federal Energy Regulatory Commission. NYPA proposes to allocate 60% of the costs of the Project to Zone J (New York City), as the benefits of the Project are primarily focused and realized in Zone J, while the remaining 40% of the costs would be allocated to the Rest of State on a load ratio share basis.

The Petition explains that decarbonization of the electric system in downstate New York, and particularly New York City, is critical to achieving the State's clean energy goals. NYPA references recent assessments by the New York Independent System Operator, Inc. (NYISO), noting reliability deficiencies in New York City beginning in 2025 and transmission security deficiencies in New York City beginning in 2033. NYPA states that additional transmission is needed to deliver upstate fossil-free generation downstate as soon as possible. According to NYPA, designation of the Project as a PTP will accelerate its development to address the transmission and resource needs expeditiously, which will also lower particulate air emissions, improve air quality, and provide public health benefits within New York City. NYPA also indicates that the additional transmission capacity offered by the Project will reduce the need to rely on more expensive local capacity to meet the Locational Minimum Installed Capacity Requirement for Zone J while supporting the upstate power grid by flowing power from downstate to upstate during periods of excess supply from offshore wind facilities that are currently under development.

The full text of the Petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Notice of Intent to Submeter Electricity and Waiver of Energy Audit

I.D. No. PSC-07-25-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the notice of intent of Carroll Street Borrower, LLC to submeter electricity at 544 Carroll Street, Brooklyn, New York and request for waiver of the requirement of an energy audit pursuant to 16 NYCRR section 96.5(k)(3).

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Notice of intent to submeter electricity and waiver of energy audit.

Purpose: To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

Substance of proposed rule: The Commission is considering the notice of intent filed by Carroll Street Borrower, LLC (Owner) on December 10, 2024, seeking authority to submeter electricity at a new rental building with market rate and income-eligible units, located at 544 Carroll Street, Brooklyn, New York, in the service territory of Consolidated Edison Company of New York, Inc. Waiver of Regulatory Requirements for System Impact Study, Dept. of Transportation System Maps and Aerial Photographs

I.D. No. PSC-07-25-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a motion filed by Niagara Mohawk Power Corporation d/b/a National Grid for a waiver of certain PSL article VII regulatory requirements for its application for a Certificate of Environmental Compatibility and Public Need.

Statutory authority: Public Service Law, sections 4 and 122

Subject: Waiver of regulatory requirements for System Impact Study, Dept. of Transportation system maps and aerial photographs.

Purpose: To consider waiver of Article VII regulatory requirements for an application for transmission line siting and reconstruction.

Substance of proposed rule: The Public Service Commission is considering a motion filed by Niagara Mohawk Power Corporation d/b/a National Grid (Applicant) on January 21, 2025, for waiver of certain regulatory requirements related to the content of an application for authority to construct and operate electric transmission lines pursuant to Public Service Law Article VII.

The Applicant proposes to rebuild, construct, operate, and maintain a 115 kilovolt (kV) 28.6 mile long transmission line running from the existing South Oswego substation to a new Tar Hill substation (Project). The Project will run primarily along the existing right-of-way located in the City of Oswego and in the Towns of Albion, Altmar, Mexico, New Haven, Orwell, Richland, and Scriba, all of which are in Oswego County. The Project is located in an Area of Concern, which the Commission has determined is in need of investment under the Climate Leadership and Community Protection Act.

The Project involves partial reconstruction of several circuits and selective relocation of parts of eight segments of the line, including: the T2220 Circuit (Fitzpatrick Tap to Lighthouse Hill No. 3); the T2300 Circuit (Indeck Oswego to Lighthouse Hill No. 2); the T2610 Circuit (South Oswego to Indeck Oswego No. 6); and the T2630 Circuit (South Oswego to Nine Mile Point No. 1). The Applicant proposes to replace the existing line with two new 115 kV lines from the South Oswego Substation in the City of Oswego to the proposed new Tar Hill Substation in the Town of Albion. The Project will include two single-pole tubular steel single-circuit suspension structures. The Project would be located along certain parts of the existing transmission line right of way, but the acquisition of additional easement rights will be necessary for certain parts of the line that will be relocated and will require a new right-of-way. The rebuilt Line will also include two new substations and construction of new, or improvement of existing, access roads.

As part of the Article VII process, the Applicant has moved for a waiver of three regulatory requirements. First, the Applicant seeks a waiver of Commission regulation 16 NYCRR § 86.3(a)(2), which requires that information specified in the regulation be shown on New York State Department of Transportation (NYSDOT) maps at a scale of 1:250,000. The Applicant asserts that such NYSDOT maps of the Project area are not available and seeks waiver of this requirement. The Applicant has instead used in its application 1:250,000 scale United States Geological Survey topographic maps for this required figure, which is Figure 2-4 in Exhibit 2 of the application.

Second, the Applicant seeks a waiver of Commission regulation 16 NYCRR § 86.3(b)(1) and (2), which require submission of black and white aerial photographs showing at least 1,200 feet on either side of the transmission right-of-way as a scale to enable identification of all current natural cultural features. The Applicant has instead submitted as Figure 2-5 aerial ortho-photographs from the New York Statewide Digital Orthoimagery Program from the Oswego County 2023 survey and from the New York State Geographic Information Service Clearinghouse for 2023. The Applicant asserts that it has verified that the aerial photographs reflect existing conditions in the right-of-way area.

Third, the Applicant requests that the Commission permit the submission of the system impact studies required pursuant to 16 NYCRR § 88.4(a)(4), showing flows on the proposed transmission line under various conditions and effects on the interconnected system’s stability. This would include the system reliability impact study (SIS) forwarded by the Transmission Planning Advisory Subcommittee for approval by the New York Independent System Operator (NYISO) Operating Committee. The Applicant states (Application Exhibit E-4) that the change in system power flows and ratings attributed to the Project will be minimal, but the NYISO has not yet confirmed that the Project does not meet NYISO’s threshold to trigger a requirement for an SIS. The Applicant requests that in the absence of the SIS Study, the application nevertheless be deemed complete for purposes of review.

Finally, the Applicant requests that the Commission permit the Applicant to provide the Electromagnetic Field (“EMF”) Study at a future date, which is anticipated to occur in February 2025. The Applicant requests that in the absence of the EMF Study, the application nevertheless be deemed complete for purposes of review.

The full text of the motion, the Certificate application, and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed in the motion and also may resolve related matters.

Initial Review of Rule

As a rule that does not require a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2030, which is no later than the 5th year after the year in which this rule is being adopted.

Assessment of Public Comment

The Office of Temporary and Disability Assistance (OTDA) received public comments supporting the regulation following its publication in the issue of the New York State Register. The following represents a summary and analysis of such comments.

Comment:

The commenter agrees with OTDA’s assessment that in view of ongoing staffing shortages, the proposed regulatory amendments will help “ensure delivery of critical benefits” and commends OTDA for “taking proactive steps that will assist with timely processing.” The commenter further notes that “for non-parent caregivers, whose income and resources do not affect the eligibility of the children in their care, a [24-month] recertification period will support both agency workers and the caregivers.”

Response:

OTDA agrees with this comment.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

REPLACE ROOF

Auburn Correctional Facility
Auburn, Cayuga County

Sealed bids for Project Nos. M3174-C, M3174-H, M3174-P, and M3174-E, comprising separate contracts for Construction Work, HVAC Work, Plumbing Work, and Electrical Work, Replace Roofs Buildings 3, 7, 8, 17, 21 & 25, Auburn Correctional Facility, 135 State Street, Auburn (Cayuga County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, March 5, 2025, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$174,400 for C, \$21,200 for H, \$18,300 for P, and \$23,000 for E).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$6,000,000 and \$7,000,000 for C, between \$250,000 and \$500,000 for H, between \$250,000 and \$500,000 for P, and between \$250,000 and \$500,000 for E.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Kimberly Belden, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten

percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

— Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 786 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 9:00 a.m. on February 20, 2025, at the OGS Auburn Field Office, 29 W. Garden Street, Auburn, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Mike Constabile (680-800-7052) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for the Construction Trade, and an overall goal of 10% for MWBE participation, 5% for Minority-Owned Business Enterprises ("MBE") participation and 5% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for the HVAC Trade, the Plumbing Trade, and the Electrical Trade. The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the C trade contractor, 3% for the E trade

contractor, 3% for the H trade contractor, and 3% for the P trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,628,283 or less, adjusted annually for inflation as of March 1, 2024. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

___ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 281 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on February 20, 2025, at Cape Vincent Correctional Facility, 36560 State Route 12E, Cape Vincent,

NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Allison Sayer (315-393-6898) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Construction Work and HVAC Work, and an overall goal of 0% for MWBE participation, 0% for Minority-Owned Business Enterprises ("MBE") participation and 0% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Electrical Work. The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the C trade contractor, 6% for the E trade contractor, and 3% for the H trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

NOTICE OF AVAILABILITY OF STATE AND FEDERAL FUNDS

Empire State Development
625 Broadway
Albany, NY 12245

MUNICIPALITIES, NON-PROFIT/NOT-FOR-PROFIT ORGANIZATIONS

Business Food Waste Mitigation Grant Program

The Business Food Waste Mitigation Grant Program (the “Program”) is a \$4 million initiative administered by the New York State Department of Economic Development d/b/a Empire State Development (“ESD”) designed to reduce business-generated food waste sent to landfill and combustion facilities through the creation of new, or expansion of existing, organics recycling facilities. Capital equipment grants (“Program Assistance”) are available for municipalities or not-for-profit organizations (“Eligible Entities”). Eligible Entities may also apply for Program Assistance on behalf of a New York State business. Program Assistance will be awarded on a competitive basis and will not exceed 50% of the total project cost, with a minimum award of \$100,000 and a maximum award of \$750,000. Successful business food waste mitigation projects (“Projects”) are those that will expand food waste recycling infrastructure in the State to reduce commercial food waste sent to landfill and combustion facilities, ultimately reducing related greenhouse gas emissions. Projects may include building new, or expanding existing, organics recycling facilities to accept food waste from large-scale businesses, at a minimum. This Program is complementary to DEC’s Municipal Food Scraps Recycling Grant Program that was designed to create/expand residential food scraps recycling efforts by municipalities.

I. Program Assistance

Eligible Entities may receive a grant reimbursing up to 50% of the costs of the approved Project, with a minimum award amount of \$100,000 and a maximum award of \$750,000. If the Eligible Entity sells the property that is the site of the Project, any award of Program Assistance shall be non-transferrable.

II. Program Eligibility

A. Eligible Entities

1. Must be a New York entity making a capital investment that will expand food waste recycling infrastructure in NYS by accepting food waste from large-scale operations including, at a minimum, businesses such as restaurants, supermarkets, malls, casinos & racetracks, sporting venues, hotels, wholesale and distribution centers, and others. Eligible Entities include:

(i) Municipalities – a local public authority, public benefit corporation, a county, city, town, village, or Indian tribe residing in New York State or any combination thereof applying to undertake a Project themselves OR on behalf of a New York State business (“Co-Implementor”*);

OR

(ii) Non-Profit/Not-For-Profit organizations – organization established under Sections 501(c), 501(e), 501(f), 501(k), 501(n) or 521(a) of the Federal Tax Code that is not involved in religious or political activities. Non-profit/Not-For-Profit organizations can apply to undertake a Project themselves OR on behalf of a New York State business (“Co-Implementor”*).

*Co-Implementor: a NYS business that implements a Project. The Co-Implementor contracts with an Eligible Entity to use the

program assistance to achieve project results. Program assistance awards are paid on a reimbursement basis to the Eligible Entity upon verification that the Co-Implementor achieved contractual project outcomes. Project outcomes must be directly derived from the improvements achieved at the site where the investment is made.

In instances where there is a Co-implementor, all project expenditures are initially paid by the Co-Implementor. Upon completion of the project, the Co-Implementor submits financial and reporting documents to the Eligible Entity, who submits the documents to ESD. ESD reimburses up to 50% of the total project cost, not to exceed the awarded amount, to the Eligible Entity. The Eligible Entity then disburses the ESD funds to the Co-Implementor.

The Eligible Entity must hold title to program-supported assets for the useful life of that asset, on behalf of the private sector Co-Implementor. At the end of the useful life the asset is transferred to the Co-Implementor. The useful life of each funded asset must be mutually agreed upon prior to contract execution. The useful life may be determined by its accounting life for purposes of depreciation; the original equipment manufacturer; or an alternative method mutually agreed upon.

2. All Eligible Entities must:

(i) Currently own or lease the Project site and, if leased, possess the necessary rights or permissions from the owner that enables the Eligible Entity to make relevant capital repairs and improvements; and

(ii) Be current on its tax obligations; and

(iii) Co-Implementors must have a Federal Employer Identification Number (EIN)

B. Eligible Projects and Costs

1. All reimbursable project costs must be directly related to achieving the goal of the approved Project and may include, for example:

> Machinery and equipment directly related to the project, including associated engineering, shipping, and installation costs. Eligible equipment includes that purchased for the purpose of collecting, processing, and recycling food waste from businesses, and the distribution of byproduct(s) such as compost.

Examples of eligible equipment include but need not be limited to: processing equipment (e.g. compactor, dehydrator, depackager, windrow turner, grinder, in-vessel composting system), management equipment (e.g. forklift, loader), transportation equipment (e.g. trucks for food waste collection and compost distribution). The cost of installation is eligible for reimbursement and may be included in the total equipment cost, provided it is installed by the equipment vendor or another professional equipment installer.

> Improvements to real property when the costs are integral to the project outcomes. Improvements, alterations, or repairs to real property may include site preparation; demolition; installation or relocation of utilities; construction materials and labor.

ESD will determine a project’s eligible costs in its sole discretion and may exclude costs as ineligible based on factors that may include, but need not be limited to: insufficient documentation, non-capital expenses, or costs incurred outside of the contract term.

C. Ineligible Projects, Costs and Activities

The following projects, costs, and activities are not eligible for Program Assistance:

> Consultant fees for services such as preparing an application, writing reports, measuring results or performing R&D

> Technologies, practices and equipment solely intended to achieve compliance with any NYS or local environmental conservation laws or regulations

III. Application, Review & Award

A. Application

One complete application must be submitted through the NYS Consolidated Funding Application (CFA) by Friday, May 23, 2025 no later than 4pm. Additional documentation may be requested by ESD.

If you have questions, email FoodWasteMitigation@esd.ny.gov. Frequently Asked Questions (FAQs) and responses will be posted to the Business Food Waste Mitigation Program webpage (<https://esd.ny.gov/business-food-waste-mitigation-grant-program>) and updated as needed.

B. Review

Projects must clearly define measurable food waste reduction results which are reported as project outcomes. Project outcomes must be quantifiable and measured as improvements over baseline operations. Environmental outcomes are measured as pounds or tons of food waste diverted from landfill and combustion facilities, and the associated greenhouse gas emissions avoided.

Program assistance will be awarded on a competitive basis. Applications will be scored competitively and in accordance with the priorities / selection criteria listed below:

PRIORITIES

> Projects which expand infrastructure in the State supporting food waste recycling from businesses in a geographic area where limited alternatives exist

> Projects which divert the most food waste from landfill and combustion facilities resulting in avoided greenhouse gas emissions.

> Projects which have a clear plan for accepting/collecting food waste and distribution of byproducts such as compost.

SELECTION CRITERIA

Applications will be scored using the following criteria (with a maximum score of 100 points):

Feasibility of the project: (maximum of 30 points)

> Application clearly defines scope of project and timeframe for completing project – including a set of clear and discrete tasks that show a logical approach for project completion.

> Application describes the plan for food waste collection, equipment sizing considerations based on potential food waste sources, and byproduct distribution.

> Application demonstrates sufficient experience and ability of the project lead to successfully carry out the project.

Budget: (maximum of 30 points)

> Proposed budget includes adequate detail for all project components, is cost-effective, presents necessary and realistic costs, and does not contain extraneous or ineligible expenses.

> Budget narrative describes and documents how the budget and costs were determined.

> Application describes source(s) of eligible local match (including amount and type) and demonstrates match sources have been secured.

Waste Mitigation Benefit: (maximum of 40 points)

> Application identifies and documents the baseline amount of food waste processed before project implementation.

> Application clearly describes proposed food waste mitigation goals and how the project will help achieve these goals.

> Application clearly demonstrates how this project addresses a geographic need for new or additional services.

> Application describes plan for marketing food waste recycling services to businesses.

C. Awards

Eligible Entities selected for Program Assistance will receive an award letter from ESD indicating that, subject to completion of the Project, and any additional terms and conditions (as identified in the accompanying Terms and Conditions of ESD Awards document), including entering contract with NYS, the Eligible Entity may expect to receive Program Assistance. While this is a reimbursement program, payments can be made incrementally with Project progression and incurred eligible costs. ESD staff will work with applicants/co-implementors to finalize project milestone schedules and project outcomes. Project milestones and outcomes become the performance standards for contractual fund disbursements. At no point in time will ESD's payment to the Eligible Entity be more than 50% of the total eligible costs incurred. A minimum of 20% of the award will be withheld until the completion of the project, submittal of all reporting requirements, and approval by ESD. Projects that do not achieve the proposed Project Outcomes may be subject to a pro-rated reimbursement, based upon the percentage of the achievements.

MISCELLANEOUS NOTICES/HEARINGS

PUBLIC NOTICE

Department of State
 F-2024-0743

Date of Issuance – February 19, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0743, Thomas Owens, Commissioner Town of Islip, is proposing the following:

- Install ± 511 LF of SG-825 bulkhead, 20' long sheets with anchorage system.
- Install new pile supported boardwalk ($\pm 2,670$ SF) with Ipe timber railing (± 400 LF).
- Incidentally dredge ± 350 CY over $\pm 5,140$ SF to reclaim soil lost from behind bulkhead.
- Dredge ± 40 CY over $\pm 1,745$ SF to provide adequate depth for proposed floating dock.
- Install catch basins, drainage swale, and Stormwater Treatment System with outfall pipe to treat and discharge stormwater.
- Install electric service platform and install power posts along floating docks.
- Install ADA compliant ramp for access onto timber boardwalk.
- Mix-in-place $\pm 3,420$ SY of recycled concrete aggregate and raise the existing parking lot to proposed grade.
- Remove and replace four (4) existing floating docks with new floating docks ($\pm 4,045$ SF total), and install new floating dock ($\pm 1,002$ SF) on the south end (see general plan for lengths, length varies) for a total area of ($\pm 5,047$ SF).
- Install 103 new mooring piles and 57 new guide piles for floating dock system.

The stated purpose of the proposed action is to restore the dilapidated bulkhead and floating docks at the site and to ensure public access to Champlin Creek and encourage water-enhanced and water-dependent recreation. The proposed project is located on Dock Road in the Town of Islip, Suffolk County on Champlin Creek.

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2025/02/f-2024-0743.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or March 21, 2025.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

PUBLIC NOTICE

Department of State
F-2025-0050 (DA)

Date of Issuance – February 19, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The National Oceanic and Atmospheric Administration (NOAA) National Marine Fisheries Service has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

NOAA proposes Amendment 25 and Framework Adjustment 69 to the Northeast Multispecies Fishery Management Plan (FMP). The Northeast Multispecies FMP currently manages a suite of 13 species comprising 20 stocks of fish in Federal waters off the coast of Maine through North Carolina. Amendment 25 to the Northeast Multispecies FMP would revise the current Atlantic cod stock management units to ensure that the Northeast Multispecies FMP reflects the best scientific information available for stocks in need of conservation and management. Since its creation in 1985, the Northeast Multispecies FMP has included two Atlantic cod stock units: Gulf of Maine cod and Georges Bank cod. Amendment 25 would revise the FMP to include four cod stock units as defined in the 2023 Research Track Assessment of Atlantic Cod. A peer review of the research track assessment approved the outcomes of that assessment and the four-stock unit structure for cod is now the best scientific information available. The overall geographic area managed would remain unchanged and continue to include the entire range of Atlantic cod in U.S. waters.

The applicant's consistency determination and supporting information are available for review at:

PUBLIC NOTICE

Department of State
F-2025-0071 (DA)

Date of Issuance – February 19, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Coast Guard (USCG) Civil Engineering Unit Providence has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The agency's consistency determination and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2025-0071, the USCG proposes to repair the waterfront

infrastructure that include the seawall, south pier, floating docks, and breakwaters at USCG STA New York. The seawall repairs will include a concrete cap crack and spall repair a reseal joints, filling masonry voids with concrete, repoint masonry, recoat wale splice plates/bolts, add supplemental splice bolts, and replace displaced riprap. The south pier includes repairs to the concrete deck and pile cap crack and spall repair, concrete deck sealant, replace concrete pile encasements in-kind, and demo boat hoist trolley. The floating docks will have sections replaced in-kind, replacement of the gangway in-kind, recoat the guide piles, and install the guide pile anodes. The breakwaters repair will include recoating of the support piles and steel frames assemblies, installation of the support pile anodes, replacement of the damaged vertical timber facing boards, and repair the existing lighting.

The stated purpose of the project is to repair the waterfront structures required for the USCG emergency response. At STA New York, these assets include over a dozen response boats in addition to multiple partner agency response boats owned by the New York City Police Department and the New York Naval Militia. Missions supported by STA New York include first responder transit; search and rescue deployment; marine fisheries enforcement; ports, waterways, and coastal security; and maritime law enforcement; among others. To be effective at these missions, it is critical that the waterfront infrastructure at STA New York remain in a safe and functional condition to allow for STA personnel to access floating assets on a 24/7 basis, including during extreme weather conditions.

The agency's consistency determination and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2025/02/f-2025-0071da.pdf> or at <https://dos.ny.gov/public-notice>
