RE: Application for Repair of Hazardous Monuments

DATE: May 30, 2025

APPLICATION DATE: January 6, 2025

Exhibits

A) Application for Repair or Removal of Dilapidated or Disrepair Monuments that Create a Hazardous Condition
B) Senecal Memorials estimate for $69,841 (52 monuments)
C) DC Masonry estimate for $84,660 (51 monuments)
D) Invoice and Legal Notice for lot owners placed in the Seneca County Area Shopper for $163.12
E) Statement regarding recent monuments

Introduction and Recommendation

I received an application (Exhibit A) for the repair of 52 hazardous monuments located in the Lakeview Cemetery of Interlaken in the Town of Covert, Seneca County. The application was submitted by John Hubbard, President of the Lakeview Cemetery Association. Included with this application was an estimate from Senecal Memorials (Exhibit B) totaling $69,841 for 52 monuments and an estimate from DC Masonry this bid only includes 51 monuments because one of the monuments were too large for their equipment (Exhibit C) for $84,660. Also included was an invoice for and copy of a legal notice to lot owners (Exhibit D) that was run for three consecutive weeks in the Seneca County Area Shopper for $163.12. The ad included first and last names as well as lot numbers.

I recommend approval of this application.

The Monuments

I visited the cemetery on February 25, 2025, with John Hubbard, President of Lakeview Cemetery, and found that fifty-two monuments were either loose on their foundations or tipping and appeared to pose a hazard to cemetery visitors and employees. The cemetery received two responses from the ad that it placed. The son of Lawrence Herendeen Lot 695 responded to the legal notice and paid for the restoration of his father's monument, this monument has been removed from consideration The family of LC Messmer Lot 1040 also responded to the legal notice; however they did not have the financial resources to pay for the restoration, and the cemetery has no funds dedicated to the restoration of monuments. The cemetery was also able to contact the brother of the owner of the Kenneth Akers plot using cemetery records and knowledge of the family. Mr. Akers brother informed the cemetery that he did not have the financial resources to pay for the restoration. Mr.

Hubbard stated that he checked cemetery records and did not have contact information for the last known lot owners of the remaining plots, based upon this information, it is the Division's understanding that the cemetery has determined that the lot owners cannot be located. Based on the advanced age of the monuments in question, it is assumed the foundations were laid privately by either the families or by monument contractors. The most recent monument is dated 2022. The cemetery provided an explanation regarding the foundation for the very recent monument. Neither Senecal or DC Masonry installed this foundation.(Exhibit E)

Senecal Memorials and DC Masonry propose to remove the monuments from the existing foundations; dig out the existing foundations; place new foundations made of solid concrete poured to a depth of forty-two inches with the dimensions being equivalent to the length and width of the monument; and replace the monument, resealing all joints with setting compound or epoxy. Senecal Memorials bid on all 52 monuments and offers a 20-year warranty and DC Masonry only bid on 51 monuments and offers a 15-year warranty.

Recommendation

The cemetery received hazardous monument repair funds in 2023 for $46,444 to repair 34 monuments. These repairs have been made and the contractor was paid. The cemetery is current with its payments to the vandalism fund and with the filing of its annual reports. All documents are in order, I recommend that this application be approved in the amount of $70,004.12.

FINAL REPORT

I certify that work for the repair of 34 monuments has been completed by Senecal Memorials as specified in the approved 2023 bid for Lake View Cemetery 50-008 and inspected by a representative of the NYS Cemetery Board. Lake View Cemetery received a total of $46,444.00, which included the approved Senecal memorials bid of $46,315.00 and $129.00 for the required three legal notices the Lake View Cemetery had put in the local paper. Lake View Cemetery issued a check to Senecal Memorials on 8/03/2024 for $11,578.75 and issued the final payment of $34,736.25 on 12/12/2024 for the approved total of $46,315.00. The remaining $129.00 is retained by Lake View Cemetery for the approved advertising. All approved funds have been properly disbursed.

Senecal Memorials will supply suitable equipment and manual labor to remove each monument and to place in a safe location while work is being done. We will remove each old foundation and truck debris away for disposal. We will dig new foundations to appropriate size, set forms to a depth of 42" and stated dimension for each. We will finish concrete to a smooth surface and seal with appropriate sealer. We will reset each monument with new setting compound and silicone sealer if necessary where seam will not allow compound. We will back fill with topsoil, rake and seed as necessary.

Warranty

Senecal Memorials will warranty the workmanship of the foundations for a period of fifty years from the date of completion. Senecal Memorials will warranty for 20 years the resetting of all the monuments removed to install new foundations. This warranty will consist of every layer of the monument removed and reinstalled with setting compound and/or epoxy. This warranty does not cover any part of the stone that could not be removed due to large pinning of the original setting.

This warranty also does not cover incidental breakage or chipping of monuments due to their age and/or nature of the difficulty to remove some of the layers. This being said, Senecal Memorials will do everything within our control to remove and replace all monuments in a manner that would preserve their appearance and safety for many years to come.

Hi, You had previously advised that recent foundations would need to be checked on.

#49 - Akers - 2 burials 2011 and 2022. I spoke to a relative who advised the stone was purchased a couple of years before their stone which was purchased in 2006. The stone company's computer records do not show the purchase. The secretary of our cemetery has no record as to who put in the foundation. The 2 contractors that I am asking for bids did not put in that foundation.

#48 - Messmer - 1/17/1999. The company that sold the stone said they did not put in the foundation. The secretary of our cemetery does not have a record of who put in the foundation. The 2 contractors that I am asking for bids did not put in that foundation.
