EMERGENCY RULE MAKING

Privileged Correspondence

I.D. No. CCS-20-25-00010-E
Filing No. 735
Filing Date: 2025-07-31
Effective Date: 2025-07-31

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of section 721.3 of Title 7 NYCRR.

Statutory authority: Correction Law, section 112

Finding of necessity for emergency rule: Preservation of public safety and general welfare.

Specific reasons underlying the finding of necessity: The processing of privileged correspondence is currently regulated under Part 721 of Title 7 of the New York State Code of Rules and Regulations. Screening of privileged correspondence is imperative in preventing the dissemination of drugs and dangerous contraband into prison facilities and in protecting the safety and welfare of security staff, civilian employees and the incarcerated population.

This emergency rule is necessary to provide updated guidelines for the screening and inspection of incarcerated individual privileged correspondence in an effort to curtail the introduction of drugs and dangerous contraband into correctional facilities.

Subject: Privileged Correspondence.

Purpose: To provide updated non-invasive screening guidelines for privileged correspondence.

Text of emergency rule: Amend section 721.3 Note as follows:

721.3 Procedure.

Note:

Unless otherwise provided for in this directive, the general correspondence procedures set forth in Part 720 of this Title, "[Inmate]*Incarcerated Individual* Correspondence Program," (such as the requirement to put return addresses on the front and back of outgoing envelopes) shall be followed.

Amend section 721.3, paragraph (a)(2) as follows:

(2) Outgoing privileged correspondence may be sealed by the [inmate]*incarcerated individual*, and such correspondence shall not be opened[, inspected,] or read without express written authorization from the facility superintendent as specified in subdivision (c) of this section. *Outgoing privileged correspondence may, however, be inspected in the manner prescribed for incoming privileged correspondence as set forth in section 721.3(b)(5) of this Part.* Notwithstanding the foregoing or any other provision of this Chapter, outgoing mail to the Secretary of State, Department of State, corporation division or uniform commercial code unit of any state shall be submitted by the [inmate]*incarcerated individual* unsealed and is subject to inspection.

Amend section 721.3, subparagraph (a)(3)(i) as follows:

(3) Postage for privileged correspondence.

(i) [Inmate]*Incarcerated individual* letters addressed to the commissioner or other central office staff shall be mailed by the facility at no cost to the [inmate]*incarcerated individual*. This service shall only apply to regular letters; special handling charges for services such as certified mail, return-receipt, or express mail must be paid for by the [inmate]*incarcerated individual*.

Amend section 721.3, subparagraph (a)(3)(ii) as follows:

(ii) Each [inmate]*incarcerated individual* will receive a weekly free postage allowance equivalent to five domestic first class one ounce letters to pay for first class postage on outgoing privileged correspondence.

Amend section 721.3, clause (a)(3)(ii)(b) as follows:

(b) Any unused allowance will not be accumulated from week to week. [Inmate]*Incarcerated individual*s will have to pay for postage costs which exceed this weekly allowance.

Amend section 721.3, subparagraph (a)(3)(iii) as follows:

(iii) A postage-prepaid envelope received within correspondence from a court or an attorney which has been pre-addressed by the court or attorney may be received (subject to inspection by the security staff) and used by the [inmate]*incarcerated individual* for the intended return correspondence.

Amend section 721.3, subparagraph (a)(3)(iv) as follows:

(iv) To ensure that indigent [inmate]*incarcerated individual*s maintain their right of access to the courts, the facility shall approve and IAS 2708 advance request to pay for first class mail postage if the [inmate]*incarcerated individual* has insufficient funds and if the following conditions are met:

Amend section 721.3, clause (a)(3)(iv)(b) as follows:

(b) any balance of the [inmate]*incarcerated individual*'s free weekly postage allowance is applied to the legal mail postage costs; and

Amend section 721.3, subparagraph (a)(3)(vi) as follows:

(vi) Exceeding the $20 limit shall only be approved if the [inmate]*incarcerated individual* can show by court rule, court order, a statute of limitations, or other legal deadline applicable to [his or her]*their* individual circumstance that the legal mail must be sent prior to receipt of the next week's free postage allowance. The [inmate]*incarcerated individual* must provide justification for such advance.

Amend section 721.3, paragraph (b)(1) as follows:

(b) Incoming privileged correspondence.

(1) Incoming privileged correspondence shall not be opened outside the presence of the [inmate]*incarcerated individual* to whom it is addressed, and shall not be read without express written authorization from the facility superintendent (see subdivision [c] of this section).

Amend section 721.3, paragraph (b)(2) as follows:

(2) A log entry should document any incoming privileged correspondence erroneously opened outside the presence of the [inmate]*incarcerated individual* to whom it is addressed (see paragraph [3] of this subdivision). If appropriate, a photocopy of an erroneously opened envelope shall be included.

Amend section 721.3, paragraph (b)(3) as follows:

(3) Incoming privileged correspondence shall be given priority handling and shall be delivered in a consistent manner at a time when the [inmate]*incarcerated individual*s are available to receive it and which does not interfere with programming. If the [inmate]*incarcerated individual* to whom privileged correspondence is addressed is not currently at the facility, the provisions of Part 722 of [this] Title *7: "Forwarding Incarcerated Individual Mail"* shall be followed.

Amend section 721.3, paragraph (b)(4) as follows:

(4) A log shall be created to record receipt and delivery of incoming privileged mail. It shall identify the sender and include the [inmate]*incarcerated individual*'s name and [number]*Department Identification Number (DIN)*, the delivery date and time, the title of the delivery person, and note if the [inmate]*incarcerated individual* refused to sign a receipt, refused delivery of the mail, or would not respond to delivery calls. If privileged mail is erroneously opened outside the presence of the [inmate]*incarcerated individual*, that fact and any relevant explanation shall be noted in the log.

Amend section 721.3, subparagraph (b)(5)(i) as follows:

(5) Inspection.

(i) Where [x-ray capability] *the screening technology* exists, incoming privileged correspondence [should be x-rayed prior to being opened] *shall be screened in a non-invasive manner to detect potential contraband. The screening of potentially privileged correspondence shall be done in a manner such that the potentially privileged content of the correspondence cannot be viewed and, unless done in the presence of the incarcerated individual, without opening the correspondence. All screening will be completed, as unobtrusively as possible, to confirm that the correspondence does not contain contraband.*

Add new subparagraph (b)(5)(ii) to section 721.3 as follows:

(ii) If, in the course of inspection, potential contraband is detected, staff will make reasonable efforts to contact the sender. The sender of the correspondence will be notified that the correspondence has failed the screening procedure. The sender will be given the option to have the item picked up from the facility or destroyed. If the correspondence is not picked up within a reasonable period of time to be set forth in directive 4421, the item will be destroyed. Nothing in this section shall preclude the department from submitting the correspondence to the office of special investigations or other law enforcement for further investigation, subject to the notification requirements below. If the individual denies that they are the sender or does not respond, the item may be turned over for further investigation in a manner set forth in directive 4421.

a. If after screening privileged correspondence there is reason to believe that the provisions of this or any directive or rule or regulation have been violated, or that any State or Federal law has been violated, or that the content of such correspondence threatens the safety, security or good order of a facility or the safety or well-being of any person, the incarcerated individual must be given written notice that the item is being confiscated or returned unopened to the sender, unless doing so would be inconsistent with the need to safeguard an investigation. The notice must include the reason(s) for the confiscation or return to sender.

Section 721.3, subparagraphs (b)(5)(ii), (iii), (iv), (v), and (vi) are renumbered (iii), (iv), (v), (vi) and (vii) and amended as follows:

(iii) Except as provided in subdivision (c) of this section, all incoming privileged correspondence *that has been screened and approved in accordance with subparagraphs (i) and (ii) of this paragraph,* shall be opened and inspected, in the presence of the [inmate]*incarcerated individual* to whom it is addressed, for the presence of cash, checks, money orders, and contraband and to verify, as unobtrusively as possible, that the correspondence does not contain material that is not entitled to the privilege.

[(iii)]*(iv)* When, in the course of [inspection]*opening and inspecting in the presence of the incarcerated individual to whom it is addressed*, cash, checks, or money orders are found, they shall be removed and credited to the [inmate]*incarcerated individual*'s account.

([i]*v*) When, in the course of [inspection]*opening and inspecting in the presence of the incarcerated individual to whom it is addressed*, contraband is found, it shall be removed and forwarded to the security office, with appropriate chain-of-custody documentation. When appropriate, the State Police shall be notified.

(vi) When, in the course of [inspection]*opening and inspecting in the presence of the incarcerated individual to whom it is addressed*, material is found that does not appear to be entitled to the privilege, all parts of the correspondence shall be forwarded directly to the superintendent without further inspection, and a report from the person opening and inspecting shall detail the circumstances.

(vii) A postage-prepaid envelope received within correspondence from a court or an attorney which has been pre-addressed by the court or attorney may be received (subject to inspection by the security staff) and used by the [inmate]*incarcerated individual* for the intended return correspondence.

Amend section 721.3, subparagraph (b)(6)(i) as follows:

(6) Receipt.

(i) The [inmate]*incarcerated individual* to whom privileged correspondence is addressed shall sign a receipt for such correspondence. All receipts for incoming privileged correspondence shall be retained in an appropriate file.

Amend section 721.3, subparagraph (b)(6)(ii) as follows:

(ii) If the [inmate]*incarcerated individual* refuses to sign a receipt, the delivering employee shall so indicate on the receipt, note the date and time of the refusal to sign, and deliver the correspondence to the [inmate]*incarcerated individual*.

Amend section 721.3, subparagraph (b)(7)(i) as follows:

(7) Refusal.

(i) If the [inmate]*incarcerated individual* refuses to accept the privileged correspondence when it is offered, the delivering employee shall note the refusal in the log and any known reason for non-acceptance. The privileged correspondence should be returned to the sender stamped "addressee refused to accept."

Amend section 721.3, subparagraph (b)(7)(ii) as follows:

(ii) If the [inmate]*incarcerated individual* refuses to respond to the privileged mail delivery call, a second attempt should be made to deliver the letter. If the [inmate]*incarcerated individual* again refuses to respond, note the date and time, and any known reason for not responding to privileged mail calls in the privileged mail log. The receipt with this information shall be retained in an appropriate file. The privileged correspondence should be returned to the sender stamped "addressee refused to accept."

Amend section 721.3, paragraph (b)(8) as follows:

(8) Privileged correspondence originally sent out of the facility by an [inmate]*incarcerated individual*, but subsequently returned to the [inmate]*incarcerated individual* sender by the postal service, shall be processed as incoming privileged correspondence in accordance with the procedures as set forth in paragraphs (1) and (2) of this subdivision.

Amend section 721.3, paragraph (c)(3) as follows:

(3) If after reading the contents of privileged correspondence there is reason to believe that the provisions of this or any directive or rule or regulation have been violated, or that any State or Federal law has been violated, or that the content of such correspondence threatens the safety, security good order of a facility or the safety or well-being of any person, then the correspondence may be confiscated, and the [inmate]*incarcerated individual* must be given written notice of the confiscation, unless doing so would be inconsistent with the need to safeguard an investigation. The notice must include the reason(s) for the confiscation, and it must inform the [inmate]*incarcerated individual* of the right to appeal the confiscation to the deputy commissioner for program services. In the case of incoming correspondence, the correspondent must also be given a copy of such notice and accorded the right to appeal, unless doing so would be inconsistent with the need to safeguard an investigation. Reason to believe that privileged correspondence is being used to introduce contraband or other materials not entitled to the privilege shall be sufficient reason for confiscation.

Amend section 721.3, paragraph (c)(4) as follows:

(4) This subdivision shall not be deemed to require the express written authorization of the superintendent to inspect incoming privileged correspondence, in the presence of the [inmate]*incarcerated individual*, to ensure that the materials contained in the correspondence are entitled to the privilege.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. CCS-20-25-00010-EP, Issue of May 21, 2025. The emergency rule will expire September 28, 2025.

Text of rule and any required statements and analyses may be obtained from: Jason Golub, Deputy Commissioner and Counsel, Department of Corrections and Community Supervision, 1220 Washington Avenue, Harriman State Campus, Albany, New York 12226-2050, (518) 457-4951, email: rules@doccs.ny.gov

Regulatory Impact Statement

a. Statutory Authority:

Article 6, section 112, subdivision 1 of the Correction Law provides the commissioner of corrections and community supervision with the superintendence, management, and control of the correctional facilities in the

department and of the incarcerated individuals confined therein, and of all matters relating to the government, discipline, policing, contracts and fiscal concerns thereof. In this regard, the Department of Corrections and Community Supervision (DOCCS) interprets this authority to extend to promulgation of rules and regulations governing mail processing within correctional facilities for general and privileged correspondence.

b. Legislative Objectives:

In proposing this rule, the Department seeks to further the legislative objective of orderly and efficient operation of New York State Correctional Facilities.

c. Needs and Benefits:

The processing of privileged correspondence is currently regulated under Part 721 of Title 7 of the New York State Code of Rules and Regulations. Screening of privileged correspondence is imperative in preventing the dissemination of drugs and dangerous contraband into prison facilities and in protecting the safety and welfare of security staff, civilian employees and the incarcerated population.

This emergency rule is necessary to provide updated guidelines for the screening and inspection of incarcerated individual privileged correspondence in an effort to curtail the introduction of drugs and dangerous contraband into correctional facilities.

d. Costs:

i. Compliance with this rule imposes no cost on the Department's personnel or the incarcerated individuals required to follow the rule.

ii. This rule imposes no additional costs on the State or on the Department.

iii. This cost analysis is based on the Department's own review of its procedures.

e. Paperwork:

This rule imposes no reporting requirements.

f. Local Government Mandates:

This rulemaking imposes no program, service, duty, or responsibility on any county, city, town, village, school district, or other special district. It applies only to DOCCS correctional facilities.

g. Duplication:

There is no overlap or contract with any other legal requirements of the State or Federal government.

h. Alternatives:

The alternative is to leave the existing regulation in place. However, the Department is amending this regulation to address concerns regarding incarcerated individual safety, employee safety and the quality of working life in Department facilities.

i. Federal Standards:

No Federal standards are applicable to the subject matter of this rule.

j. Compliance Schedule:

Department personnel can achieve compliance with the rule upon its adoption. The emergency adoption of this rule will be effective upon filing for publication in the State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Emergency Adoption because the rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of these entities for compliance purposes. The Department makes this finding based on the fact that the rule strengthens existing regulations and therefore, imposes no new requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Emergency Adoption because the rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of public or private entities in rural areas. The Department makes this finding based on the fact that the rule strengthens existing regulations and therefore, imposes no new requirements on such entities. Rural areas are not affected.

Job Impact Statement

A job impact statement is not submitted with this Notice of Emergency Adoption because the rulemaking will not have a substantial adverse impact on jobs or employment opportunities nor does it have adverse implications for job opportunities.

Education Department

EMERGENCY RULE MAKING

Licensing Examinations and Testing Accommodations in the Social Work Professions

I.D. No. EDU-20-25-00012-E
Filing No. 736
Filing Date: 2025-08-04
Effective Date: 2025-08-04

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of section 74.2 of Title 8 NYCRR.

Statutory authority: Education Law, sections 207, 6506, 6507 and 7704

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The proposed amendment is necessary to conform the Commissioner's regulations to align New York State's (NYS) social work licensure examination requirements with national standards set by the Association of Social Work Boards (ASWB). ASWB's master's and clinical examinations are used by all jurisdictions across the United States and its territories to determine if a licensure candidate is competent to independently practice the social work professions. Currently, NYS is the only jurisdiction that does not permit English as a Second Language (ESL) accommodations on the ASWB examinations. The proposed rule conforms the Commissioner's regulations to national standards by permitting ESL testing accommodations for the master's and clinical ASWB examinations.

The proposed amendment was presented to the Professional Practice Committee for recommendation to the Full Board for adoption as an emergency rule at the May 2025 meeting of the Board of Regents, effective May 6, 2025. Since the Board of Regents meets at fixed intervals, the earliest the proposed amendment could be adopted by regular (nonemergency) action after expiration of the 60-day public comment period provided for in the State Administrative Procedure Act (SAPA) sections 202(1) and (5) would be the September 2025 Regents meeting. Furthermore, pursuant to SAPA section 203(1), the earliest effective date of the proposed rule, if adopted at the September 2025 meeting, would be September 24, 2025, the date a Notice of Adoption would be published in the State Register.

However, the emergency rule will expire on August 3, 2025. Therefore, a second emergency action is necessary at the July 2025 meeting, effective August 4, 2025 for the preservation of the general welfare in order to provide these ESL testing accommodations, which are already effective in every other jurisdiction, to anticipated Spring 2025 graduates for upcoming examination dates, and to ensure that the emergency action taken at the May 2025 meeting remains continuously in effect until it can be permanently adopted.

It is anticipated that the proposed rule will be presented to the Board of Regents for adoption as a permanent rule at the September 2025 meeting, which is the first scheduled meeting after expiration of the 60-day public comment period mandated by SAPA for state agency rule making.

Subject: Licensing examinations and testing accommodations in the social work professions.

Purpose: Allow English as a second language test accommodations for LMSW and LCSW exams.

Text of emergency rule: 1. Section 74.2 of the Regulations of the Commissioner of Education is amended to read as follows:

(b) Examination for licensure as a licensed clinical social worker.

(1) Each candidate for licensure as a licensed clinical social worker shall pass an examination:

(i) that is offered by [the Association of Social Work Boards, its successors, or another] an organization determined by the department to have satisfactory administrative and psychometric procedures in place to offer the licensing examination; and

(ii) that the department determines adequately tests social work proficiency at the clinical level and adequately measures the candidate's knowledge concerning practice as a licensed clinical social worker as defined in subdivision (2) of section 7701 of the Education Law[.]*: and*

(iii) notwithstanding section 59.3 of this Title, such examination may include testing accommodations offered by an organization that meets the requirements of part (b)(1)(i) of this paragraph and is which acceptable to the department, such accommodations may include all non-standard accommodations, including, but not limited to English as a second language accommodations.

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Section 207 of the Education Law grants general rule-making authority to the Board of Regents to carry into effect the laws and policies of the State relating to education.

Section 6506 of the Education Law authorizes the Board of Regents to supervise the admission to and regulation of the practice of the professions.

Paragraph (a) of subdivision (2) of section 6507 of the Education Law authorizes the Commissioner of Education to promulgate regulations in administering the admission to and the practice of the professions.

Section 7704 of the Education Law establishes the requirements for licensure in the profession of social work.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above statutory authority and is necessary to conform the Commissioner's regulations to national social work licensure examination standards by allowing candidates for licensure as a Licensed Master Social Worker (LMSW) or Licensed Clinical Social Worker (LCSW) for whom English is a second language to apply for English as a Second Language (ESL) accommodations.[1] Any organization approved by New York State to offer the examination(s) may provide ESL accommodations, which typically consist of additional time to take the examination and the use of two dictionaries, one bilingual word-to-word translation dictionary and/or one general ESL dictionary.

In implementing Chapter 420 of the Laws of 2002, the Department previously determined that the Association of Social Work Boards (ASWB) would administer social work licensing examinations. All United States jurisdictions use ASWB's examinations and already permit the use of ESL accommodations. This regulation is thus necessary to ensure that all candidates have equitable access to the ASWB examinations.[2]

The examinations are one-part of the social work licensure criteria, which includes education and, in the case of clinical practice, supervised experience in the profession. Test-takers who receive such accommodations must meet the same passing standard as other candidates.

3. NEEDS AND BENEFITS:

The proposed rule is necessary to conform the Commissioner's regulations to the national social work licensure examination standards set by ASWB by permitting ESL testing accommodations.

4. COSTS:

(a) Costs to State government: The proposed rule will not impose any additional costs on State government beyond those imposed by the statutory requirements.

(b) Costs to local governments. There are no additional costs to local governments.

(c) Costs to private regulated parties. The proposed rule does not impose any additional costs to regulated parties. As required by ASWB, the LMSW examination costs $230 and the LCSW examination costs $260. If candidates fail the LMSW or the LCSW examinations, they will have to retake them at the cost of $230 or $260, respectively. Since ASWB does not supply dictionaries, ESL candidates taking a licensure examination at a test center must buy their own printed word-to-word translation dictionaries, which will be subject to inspection at the testing center before and after the examination to ensure that there are no unauthorized markings or notes added to the text.

(d) Cost to the regulatory agency: The proposed rule does not impose any additional costs on the Department beyond those imposed by statute. Any associated costs to the Department will be offset by the fees charged to licensees and no significant cost will result to the Department.

5. LOCAL GOVERNMENT MANDATES:

The proposed rule conforms the Commissioner's regulations to the national social work licensure examination standards set by ASWB. The proposed rule does not impose any program, service, duty, or responsibility upon local governments.

6. PAPERWORK:

The proposed rule imposes no new reporting or other paperwork requirements beyond those imposed by the statute.

7. DUPLICATION:

The proposed rule is necessary to conform the Commissioner's regulations to the national social work licensure examination standards set by ASWB. There are no other state or federal requirements on the subject matter of the proposed rule. Therefore, the proposed rule does not duplicate other existing New York State or federal requirements.

8. ALTERNATIVES:

The proposed rule is necessary to conform the Commissioner's regulations to the national social work licensure examination standards. There are no significant alternatives to the proposed rule available and none were considered.

9. FEDERAL STANDARDS:

Since there are no applicable federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

The proposed rule is necessary to conform the Commissioner's regulations to the national social work licensure examination standards. It is anticipated that the proposed rule will be presented for permanent adoption at the September 2025 Regents meeting. If adopted at the September 2025 Regents meeting, the proposed amendment will become effective on September 24, 2025. It is anticipated that regulated parties will be able to comply with the proposed rule by the effective date.

Regulatory Flexibility Analysis

The purpose of the proposed rule is to conform the Regulations of the Commissioner of Education (Commissioner's regulations) to the national social work licensure examination standards set by the Association of Social Work Boards (ASWB) by allowing candidates for licensure as a Licensed Master Social Worker (LMSW) or Licensed Clinical Social Worker (LCSW) for whom English is a second language to apply for English as a Second Language (ESL) accommodations. Any organization approved by New York State to offer the social examination(s) may provide ESL accommodations, which typically consist of additional time to take the examination and the use of two dictionaries, one bilingual word-to-word translation dictionary and/or one general ESL dictionary.

All United States jurisdictions use ASWB's examinations and already

permit the use of ESL accommodations. This regulation is thus necessary to ensure that all candidates have equitable access to the ASWB examinations.

The proposed rule amends section 74.2 of the Commissioner's regulations to conform it to the national social work licensure examination standards set by ASWB by permitting ESL testing accommodations.

The proposed rule does not impose any new reporting, recordkeeping, or other compliance requirements on local governments or have any adverse economic impact on small businesses or local governments. Because it is evident from the nature of the proposed amendment that it will not adversely affect small businesses or local governments, no affirmative steps were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses and local governments is not required, and one has not been prepared.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS:

The proposed rule will apply to all social work licensure applicants in New York State (NYS) and conforms the Commissioner's regulations to the national social work licensure examination standards set by the Association of Social Work Boards (ASWB) by allowing candidates for licensure as a Licensed Master Social Worker (LMSW) or Licensed Clinical Social Worker (LCSW) for whom English is a second language to apply for English as a Second Language (ESL) accommodations. Any organization approved by New York State to offer the social examination(s) may provide ESL accommodations, which typically consist of additional time to take the examination and the use of two dictionaries, one bilingual word-to-word translation dictionary and/or one general ESL dictionary. The proposed rule will apply to all social work licensure applicants located in the 44 rural counties with less than 200,000 inhabitants and the 71 towns in urban counties with a population density of 150 per square mile or less. All NYS social work licensure applicants will be subject to the requirements of the proposed rule.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

The proposed rule updates section 74.2 of the Commissioner's regulations to conform it to the national social work licensure examination standards set by ASWB by permitting ESL testing accommodations.

The proposed rule does not impose any professional services requirements on entities in rural areas.

3. COSTS:

The proposed rule does not impose any additional costs to regulated parties beyond those imposed by statute, including those located in rural areas. As required by ASWB, the LMSW examination costs $230 and the LCSW examination costs $260. If candidates fail the LMSW or the LCSW examinations, they will have to retake them at the cost of $230 or $260, respectively. Since ASWB does not supply dictionaries, ESL candidates taking a licensure examination at a test center must buy their own printed word-to-word translation dictionaries, which will be subject to inspection at the testing center before and after the examination to ensure that there are no unauthorized markings or notes added to the text.

4. MINIMIZING ADVERSE IMPACT:

The proposed rule conforms the Commissioner's regulations to the national social work licensure examination standards set by ASWB. ASWB does not make exceptions for individuals who live or work in rural areas. Thus, the Department has determined that the proposed rule's requirements should apply to all social work licensure applicants, regardless of their geographic location, to help ensure a uniform standard of continuing competency across the State.

Because of the nature of the proposed rule, alternative approaches for rural areas were not considered.

5. RURAL AREA PARTICIPATION:

Comments on the proposed rule were solicited from statewide organizations representing all parties having an interest in the practice of social workers. Included in this group was the State Board for Social Work and professional associations representing the social work profession. These groups have members who live or work in rural areas.

Job Impact Statement

The proposed rule is necessary to conform the Regulations of the Commissioner of Education (Commissioner's regulations) to the national social work licensure examination standards set by the Association of Social Work Boards (ASWB) by allowing candidates for licensure as a Licensed Master Social Worker (LMSW) or Licensed Clinical Social Worker (LCSW) for whom English is a second language to apply for English as a Second Language (ESL) accommodations. Any organization approved by New York State to offer the social work examination(s) may provide ESL accommodations, which typically consist of additional time to take the examination and the use of two dictionaries, one bilingual word-to-word translation dictionary and/or one general ESL dictionary.

All United States jurisdictions use ASWB's examinations and already permit the use of ESL accommodations. This regulation is thus necessary to ensure that all candidates have equitable access to the ASWB examinations.

The proposed rule amends section 74.2 of the Commissioner's regulations to conform it to the national social work licensure examination standards set by ASWB by permitting ESL testing accommodations.

Because, the proposed regulation implements specific national standards set by ASWB, any impact on jobs and employment opportunities created by updating the licensure examination requirements for social workers is attributable to the ASWB's national standards, not the proposed rule, which simply establishes standards that conform with ASWB's national licensure examination standards, which permit ESL testing accommodations. In addition, the ASWB's national standards for licensure examinations that allow ESL testing accommodations may increase the number of New York State licensed social workers, which may increase New Yorkers' access to social work services.

Therefore, the proposed rule will not have a substantial adverse impact on jobs and employment opportunities. Because it is evident from the nature of the proposed rule that it will not affect job and employment opportunities, no affirmative steps were needed to ascertain that fact and none were taken. Accordingly, a job impact statement is not required and one was not prepared.

Support Decision Making

I.D. No. PDD-31-24-00014-A
Filing No. 691
Filing Date: 2025-07-30
Effective Date: 2025-08-20

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of Part 634; amendment of Parts 624, 629, 633, 635, 636, 670; and repeal of section 681.13 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 13.07, 13.09(b), 13.15(a), 16.00 and art. 82

Subject: Support Decision Making.

Purpose: To effectuate the adoption of supported decision-making practices within the OPWDD service system.

Substance of final rule: The enclosed regulations to be adopted at 14 NYCRR Part 634 contain rules necessary to implement New York Mental Hygiene Law (MHL) Article 82 for adults who receive or are eligible to receive services that are operated, certified, funded, or approved by the Office for People With Developmental Disabilities (OPWDD), and ensure the appropriate adoption of supported decision-making practices within the OPWDD service system.

Specifically, as required by MHL §§ 82.05, 82.09, 82.11, and 82.12, section 634.4 contains regulations defining and prescribing the supported decision-making facilitation process. Additionally, section 634.4 requires the authorization of supported decision-making facilitators by OPWDD, provides that certain supported decision-making agreements that were facilitated and executed prior to the passage of Article 82 and adoption of these regulations are given legal recognition, and ensures that facilitation may not be discriminatorily denied to those individuals who wish to make use of it.

Section 634.5 includes rules to implement Article 82's provisions related to the duties, responsibilities, and eligibility of supporters under both formal and informal supported decision-making agreements. These primarily relate to requirements and prohibitions on supporter conduct, but also cover eligibility criteria for supporters. The rules related to eligibility criteria include expanded explanation of certain areas of Article 82, such as: the possible interactions of a supporter's responsibilities and those of other roles that they might hold (e.g., health care agent, agent under a power of attorney, representative payee, health care surrogate under New York Surrogate's Court Procedure Act (SCPA) § 1750-b or Public Health Law (PHL) Article 29-CC, fiduciary, mandated reporter, custodian, or available resource under the Social Services Law); clarification that supporters are not precluded from serving based on citizenship or immigration status; and the role of agencies providing services to a decision-maker to determine the appropriateness of a staff member also serving as a supporter.

Section 634.6 implements Article 82 requirements related to the form that a formal supported decision-making agreement must take, and includes various clarifications related to the differences in applicability and enforceability between informal and formal supported decision-making agreements.

Section 634.7 applies the explicit standard of rebuttable presumption of capacity for individuals who wish to explore and enter into a supported decision-making agreement, as required under MHL § 82.03. This section also contains clarifications necessary to implement this presumption in the context of existing standards for capacity in other OPWDD regulations, and rules outlining the limits of the presumption of capacity and the terms under which it can be challenged or rebutted.

Section 634.8 primarily concerns implementation of the requirement that supporters be entitled to certain forms of notice, as provided by MHL § 82.13. This section also provides the mechanism by which concerned parties, including supporters, family members of a decision-maker, or the operator of a facility or service operated or certified by OPWDD, may notify OPWDD and the Mental Hygiene Legal Service (MHLS) of their concerns related to a supported decision-making agreement, a supporter, or a decision made pursuant to a supported decision-making agreement.

Section 634.9 primarily sets forth rules implementing the provisions of MHL § 82.11, regarding the legal effect of decisions made in accordance with a formal supported decision-making agreement, and the extent to which third parties, including OPWDD and its providers, are required to honor such decisions. This section also includes rules intended to clarify the limits of a party's obligations under Article 82, including the circumstances under which such party may delay or refuse to honor a decision made under a formal supported decision-making agreement, and the assurances such party is permitted to require from a decision-maker in the form of an additional attestation(s) executed by the decision-maker, as permitted by MHL §§ 82.10(d) and 82.11(c).

Section 634.10 sets forth the responsibilities of providers of care management services, including Care Coordination Organizations, with respect to implementation of Article 82. These responsibilities include the training of care managers and relevant staff on the development, use, and purposes of supported decision-making; ensuring appropriate counseling of individuals on supported decision-making and other alternatives to adult guardianship; and appropriate maintenance of records of individuals who make use of supported decision-making.

Section 634.99 includes regulatory definitions specific to Part 634, including "decision-maker," "facilitation," "supported decision-making," "formal supported decision-making agreement," "informal supported decision-making agreement," and "supporter."

In addition to the addition of Part 634, implementation of Article 82 requires amendment to several existing sections of Chapter XIV of Title 14. These amendments fall primarily into two categories:

(1) Changes to notice provisions throughout Chapter XIV to include the requirement that applicable notice be made to supporters who are indicated as entitled to notice under a supported decision-making agreement.

(2) Changes to numerous sections of Chapter XIV where reference is made to a person's capacity or lack thereof. In those sections, amendments have been made to ensure that when assessing a person's capacity to make a decision, consent, or act on their own behalf, due consideration is always paid to the supports and accommodations available under an informal supported decision-making agreement. Additional amendments are also made in those sections to clarify that in all cases where a decision-maker has executed a formal supported decision-making agreement that provides for support in the area that would reasonably be understood to cover a decision in question, third parties may only seek consent from (or accept the decision of) the decision-maker themselves, unless one of the enumerated exceptions applies. These changes are essential to ensure that supported decision-making agreements are given the appropriate level of legal weight under OPWDD's numerous surrogate decision-making structures to align with the text and spirit of Article 82.

Additional amendments to existing regulations also include: enumeration of the right to use supported decision-making, whether formally or informally, under OPWDD's statement of rights at section 633.4; rules relating to supporters' need for information access to assist the decision-maker in gathering, interpreting, and understanding information pertinent to a given decision (subject to privacy rules); the addition of relevant supported decision-making terms to respective glossary sections in Chapter XIV; and rules intended to provide clarity regarding the interplay between Article 82 and SCPA § 1750-b governing end-of-life and major medical decision-making for certain individuals with intellectual and developmental disabilities.

Final rule as compared with last published rule: Nonsubstantial changes were made in sections 624.5, 633.11, 633.16, Parts 634 and 635.

Text of rule and any required statements and analyses may be obtained from: Arianna Macio, Office for People With Developmental Disabilities, 44 Holland Avenue, Albany, NY 12229, (518) 474-7700, email: rau.unit@opwdd.ny.gov

Additional matter required by statute: Pursuant to the requirements of the State Environmental Quality Review Act, OPWDD, as lead agency, has determined that the action described herein will have no effect on the environment and an E.I.S. is not needed.

Revised Regulatory Impact Statement

A revised Regulatory Impact Statement is not required for the adoption of the Addition of 14 NYCRR 634, Amendments to 14 NYCRR Parts 624, 629, 633, 635, 636, 679, and Repeal of 14 NYCRR 681.13 because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Impact Statement.

Revised Regulatory Flexibility Analysis

A revised Regulatory Flexibility Analysis is not required for the adoption of the Addition of 14 NYCRR 634, Amendments to 14 NYCRR Parts 624, 629, 633, 635, 636, 679, and Repeal of 14 NYCRR 681.13 because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Flexibility Analysis.

Revised Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the regulation will not impose any adverse impact or

significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas due to the proposed regulation.

The proposed regulation amends Title 14 New York Codes Rules and Regulations (NYCRR) Parts 634, 624, 629, 633, 635, 636, 679, and repeals Section 681.13 in order to implement Mental Hygiene Law (MHL) Article 82 for adults who receive or are eligible to receive services that are operated, certified, funded, or approved by the Office for People With Developmental Disabilities (OPWDD), and ensure the appropriate adoption of supported decision-making practices within the OPWDD service system. The regulation will result in new compliance requirements for some providers of services for individuals entering into supported decision-making agreements. However, the compliance measures would be minimal and not overly burdensome for most providers. The regulation will require only providers of care management services to complete training on counseling individuals on supported decision-making and to appropriately maintain records of individuals using supported decision-making. Other providers of services are only required to meet their statutory obligations under MHL Article 82, including those to honor the decision-making authority protected or maintained by formal supported decision-making agreements. This regulation operationalizes the requirements contained in Article 82, but does not place upon these other providers new regulatory requirements.

Only one provider of care management services is headquartered in a rural county; however, the record keeping and other compliance requirements imposed on that provider by this regulation are minimal and are not anticipated to increase or decrease overtime costs or other overall staffing costs for existing employees, or to necessitate the hiring of additional staff. Additionally, the proliferation of supported decision-making may lead to opportunities for achieving greater administrative efficiency by providers of care management with clients who make effective use of supported decision-making agreements by reducing the need to expend staff resources to identify appropriate surrogates and seek surrogate consent or assent therefrom. Therefore, the amendments will not have any adverse effects on providers in rural areas.

Revised Job Impact Statement

A revised Job Impact Statement is not required for the adoption of the Addition of 14 NYCRR 634, Amendments to 14 NYCRR Parts 624, 629, 633, 635, 636, 679, and Repeal of 14 NYCRR 681.13 because the nonsubstantive revisions to the regulation do not require a change to the previously published Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2028, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

In response to its regulatory filing on July 31, 2024, OPWDD received numerous public comments. The agency's complete response to public comment is available on the OPWDD website at: https://opwdd.ny.gov/regulations-guidance/current-proposed-regulations.

Most commenters were supportive of the regulations as written, and of the concept and proliferation of supported decision-making in New York State, both as a less restrictive alternative to adult guardianship and as a means to promote greater self-determination for people with intellectual or developmental disabilities. Among others, OPWDD received comments from self-advocates expressing their personal wish to use supported decision-making as a way to maintain their autonomy and receive decision-making assistance consistent with their will and preferences.

Several commenters expressed support for the requirements placed on Care Coordination Organizations and Care Managers at 14 NYCRR 634.10, but some also requested an expansion of the responsibilities tasked to these entities. OPWDD considered these comments, but only implemented two such requests, both of which were determined to be consistent with the agency's expectations in the initial regulatory proposal, but prudent to clarify in light of the comments received. Several minor technical amendments to this section were also made.

Some comments focused on the interaction between New York's two guardianship laws and the enabling statute for these regulations, Article 82 of the Mental Hygiene Law (MHL). Other commenters were concerned that the language of the statute, and the corresponding proposed language in the regulations, would have the effect of wholly precluding the use of supported decision-making by those with legal guardians, particularly those with plenary guardianships under Article 17-a of the Surrogate's Court Procedure Act (SCPA). One clarifying amendment was made in response to these comments; however, OPWDD also clarified in its regulatory responses that neither the law nor these regulations preclude the use of supported decision-making by those with guardians, including as a means to demonstrate to a court that a guardianship may no longer be necessary. Supported decision-making remains available to everyone who can make use of it, though some guardianships may definitionally limit the enforceability of decisions made via supported decision-making.

OPWDD also received several comments seeking to clarify the interaction between MHL Articles 82 and 80 (the latter of which governs the use of Surrogate Decision-Making Committees [SDMC] to provide consent for major medical procedures where no alternative surrogate is available). While the responses to these comments seek to clarify this interplay, including describing the responsibility of SDMCs in considering the existence of formal Supported Decision-Making Agreements (SDMA) and the consideration due to those making informal use of supported decision-making, no substantial changes were made to the regulations. If a need arises, OPWDD will further explore possible future regulation to resolve conflicts that may arise between MHL Articles 82 and 80; however, it may be beyond the scope of OPWDD's regulatory authority to do so, and legislative action be required.

Some commenters expressed concern about the presumption of capacity to make use of supported decision-making, as described in MHL Article 82 and the corresponding regulations. Some of these commenters requested that OPWDD required clinical evaluations of capacity for those who wish to use supported decision-making. This would be outside the scope of OPWDD's regulatory authority, as the law is clear that adults who wish to explore supported decision-making are presumed capable of doing so, absent one of the statutory exceptions. The regulations further explain these exceptions. Moreover, the facilitation process and service associated with the formalization of an SDMA (as described in the regulations) also serves as a protection against the inappropriate use of supported decision-making by those who may require greater or more restrictive decision-making assistance than supported decision-making can provide.

Finally, other commenters requested technical amendments and clarifications be made to the regulations. Many of these requests were implemented, as they were determined to be logical outgrowth of the language of the proposed regulations and statutory language, including, but not limited to, clarifications regarding: the meaning of personal information and the access thereto by supporters; the eligibility to serve as, and responsibilities of, a supporter; the qualifications of a facilitator; when a supporter may also act as surrogate under SCPA 1750-b and Article 29-cc of the Public Health Law; and the accessibility of an SDMA and other information provided to decision-makers and supporters.

Compensation Methodology for Zero-Emissions Nuclear Generation Resources

I.D. No. PSC-33-25-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the recommendations in the Department of Public Service Staff Zero-Emissions Credit Program Extension Proposal issued on July 31, 2025.

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 66(2), 66-p; Energy Law, section 6-104(5)(b)

Subject: Compensation methodology for zero-emissions nuclear generation resources.

Purpose: To maintain zero-emission electric generation energy resources.

Substance of proposed rule: The Public Service Commission (Commission) is considering the recommendations in the Zero-Emissions Credit Program Extension Proposal (the White Paper), filed by Department of Public Service Staff (Staff) on July 31, 2025. The White Paper evaluates the need to retain the State's existing fleet of three zero-emissions nuclear generation facilities in Upstate New York, towards achievement of the Statewide greenhouse gas reduction and zero-emissions targets set forth in the Climate Leadership and Community Protection Act. The White Paper then proposes continuing the existing Zero-Emissions Credit (ZEC) program, with modifications to the methodology used to calculate ZEC compensation levels, in order to support the extended operation of these resources through 2049. The three Upstate nuclear power generation facilities are the Nine Mile Point, R.E. Ginna, and J.A. Fitzpatrick nuclear power stations located on Lake Ontario.

The White Paper provides a review of the existing ZEC program that currently runs through March 31, 2029 (ZEC 1.0). The White Paper also discusses potential benefits, costs and risks associated with continuing to operate the Upstate zero-emissions resources beyond the ZEC 1.0 program period, including, but not limited to, timing issues associated with license renewals from the Nuclear Regulatory Commission (NRC), age-related phenomena and management programs associated with operating the Upstate nuclear facilities, and the impact of federal tax credits. The White Paper also evaluates potential risks and concerns associated with closure of the Upstate nuclear facilities, including potential increased air emissions if zero-emissions resources are removed from the Statewide generation mix, market and economic impacts, land use considerations, and the availability of potential alternative options like "clean firm" technologies.

Based on an analysis of the above factors, Staff proposes that continuing the ZEC approach and maintaining the existing nuclear fleet is a cost-effective and viable solution to help meet the State's growing electric load with zero-emissions resources, while maintaining system reliability and progress towards greenhouse gas emissions reduction goals. Staff proposes utilizing a ZEC compensation methodology that is consistent with the methodology and structure utilized for ZEC 1.0.

Staff proposes that, in order to qualify as a resource eligible for the ZEC 2.0 program, a nuclear facility must: (1) have an in-service date of January 1, 2015 or earlier; (2) be operating pursuant to an NRC operating license as of April 1, 2029; (3) have demonstrated the need for financial assistance to operate the facility beyond 2029; and (4) be in compliance with any other federal and state authorizations. Staff also proposes to continue using the current ZEC 1.0 program cost recovery structure to calculate monthly ZEC obligation payments beginning April 1, 2029. Under that structure, the New York State Energy Research and Development Authority (NYSERDA) assesses each New York load-serving entity (LSE) a uniform wholesale per-MWh charge that is applied to the LSE's actual wholesale load. Each year, NYSERDA would determine, in collaboration with Staff, the dollar per MWh ($/MWh) charge owed by each LSE for the next compliance year of the ZEC program. According to the White Paper, utilizing this cost recovery methodology enables the Commission to maintain an appropriate and fair value for the environmental benefit provided by the existing nuclear facilities while ensuring the facilities can earn enough revenues to continue operating.

With respect to the calculation of the ZEC price to be paid to the Upstate nuclear facilities, Staff proposes maintaining the existing formula whereby the ZEC Price (in $/MWh) is calculated as: (i) the Social Cost of Carbon (SCC); minus (ii) a fixed baseline of costs that are already captured in market revenues received by eligible facilities under the Regional Greenhouse Gas Initiative (RGGI); minus (iii) the amount that the NYISO Zone A Forecast Energy Price and Rest-of-State (ROS) Forecast Capacity Price, combined, exceeds $39/MWh. Staff proposes updating the SCC with values from the New York State Department of Environmental Conservation (August 2023) and the same discount rate of 3% that was used for the SCC for the ZEC 1.0 program. Staff also proposes factoring updated inflation data and a modified conversion factor to adjust dollars per short ton to dollars per MWh to reflect an updated estimate of the emissions rates of the mix of resources that would be avoided by the preservation of zero-emissions attributes. Staff also proposes to maintain the same forecast of RGGI proceeds per short ton that was used in the original ZEC 1.0 formula but updated to be consistent with the revised conversion factor. For forecast energy and capacity prices, Staff proposes maintaining the same reference price for energy and capacity (i.e., $39 per MWh in total) based on NYISO Zone A energy revenues and ROS capacity revenues.

Staff proposes that the ZEC 2.0 program be administered in 11 tranches of two years each, with the exception of a shortened initial tranche to accommodate the period between the end of ZEC 1.0 and the beginning and ZEC 2.0 which would align the tranches with the calendar year. This adjustment could result in extending the ZEC 2.0 program until December 31, 2049. The maximum ZEC price for each tranche would be set based on the calculation methodology described above. Staff further proposes continuing contract performance and facility closure requirements that the Commission adopted as part of the ZEC 1.0 program, such as a cap on the amount of ZECs to be purchased by LSEs on an annual basis based on the verifiable historic contribution, in MWh, that a facility has made to the clean energy resource mix consumed by retail consumers in New York State. Staff proposes that, if any of the three nuclear facilities permanently ceases producing zero-emissions attributes, the overall MWh cap would be reduced by one-third for each such closed facility. Staff also recommends including a performance mechanism in any contractual arrangement between the administrators of the ZEC 2.0 program and the owners of eligible facilities, to incentivize the facilities to maximize their output.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	**01**	**12**	**00001**	**P**

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 0% for MWBE participation, 0% for Minority-Owned Business Enterprises ("MBE") participation and 0% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs").
