Rule Review
Appendix

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:

- the 60-day period expires on February 22, 2026
- the 45-day period expires on February 7, 2026
- the 30-day period expires on January 23, 2026

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

- AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
- E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2028, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

Assessment of Public Comment related to the Notice of Proposed Rulemaking to amend Title 18, Parts 311, 358-3, 404, and 415 of the New York Codes, Rules and Regulations as published on March 12, 2025. This rule implements statutory requirements pursuant to the New York State 2025 Fiscal Year Enacted Budget, to comply with a new requirement under the federal Child Care and Development Fund, and to standardize terminology, clarify existing regulations, and formalize previously implemented policy changes.

The New York State Office of Children and Family Services (OCFS) received public comments in response to the proposed amendments. Comments were submitted by New York City (NYC), specifically the New York City Administration for Children's Services, the New York City Public Schools and the New York City Department of Social Services; the Civil Service Employees Association (CSEA); and a child care provider. OCFS has reviewed and consolidated the comments, providing the following responses.

Regarding Transitional Child Care

NYC strongly supports the alignment of § 311.3 with § 415.4(d)(1), clarifying that a family that moves between local social services districts (LSSDs) continues to receive transitional child care from the original LSSD for the remainder of the eligibility period. NYC also recommends that § 415.2(d)(4)(i) be amended to allow discontinuation of services when a family moves out of state.

The suggested revision to § 415.2(d)(4)(i) is beyond the scope of this regulatory package. The rule will be adopted as proposed.

Regarding Aid to Continue

NYC strongly supports clarifying that families found ineligible after receiving child care during a Temporary Assistance application or interim or presumptive eligibility period are not eligible for aid to continue. NYC further recommends expanding § 358-3.6 to exclude aid to continue for applicants denied continuing child care assistance due to insufficient funds, to protect LSSDs from financial burdens.

The suggested revision to § 358-3.6 is beyond the scope of this regulatory package. The rule will be adopted as proposed.

Regarding Waivers

NYC strongly supports allowing LSSDs to request waivers of non-statutory provisions in Part 404 specific to child care assistance. The rule will be adopted as proposed.

Regarding Family Resources

NYC strongly supports the exclusion of a family's primary residence and vehicles needed for transportation from the definition of family resources in § 415.1(q). The rule will be adopted as proposed.

Regarding Non-Traditional Hours

NYC recommends that OCFS add to the non-traditional hours definition that school-based programs for school-age children are not eligible for differential payments during non-traditional hours coinciding with school time.

In order to be eligible for reimbursement, such programs would be required to enroll as legally exempt group child care providers and meet the definition of legally exempt group child care as stated in § 415.1(i). This definition states that such programs are for school aged children conducted during non-school hours. Non-school hours are further defined in § 415.1(ad) as any time a specific child is not physically required to be present in school as part of the regular school day, including during virtual and/or remote learning. Existing regulatory language is sufficient to prevent such providers from receiving the non-traditional hours differential rate during school time hours.

OCFS will not be making any further amendments to non-traditional hours at this time. The rule will be adopted as proposed.

Regarding Family Share

NYC supports the proposed change to § 415.3(e)(1) to eliminate the family share for families with income at or below 100% of the State Income Standard. The rule will be adopted as proposed.

Regarding Interim Eligibility

NYC supports the proposed change to § 415.4(a)(3) codifying interim eligibility for families experiencing homelessness. NYC noted that the proposed regulation changes the timeframe for interim eligibility from up to 3 months, as previously set forth in 17-OCFS-LCM-05, to up to 90 days. That portion of 17-OCFS-LCM-05 will be deemed rescinded upon adoption of the proposed regulations. OCFS will issue new guidance. The rule will be adopted as proposed.

Regarding Provider Disqualification

NYC strongly supports the proposed change to § 415.4(h) to allow for disqualification of a provider who has been disqualified or otherwise removed from a federal, State, or local program due to the submission of false information on the application, submission of a false claim for reimbursement, failure to keep required records, or other fraudulent activity. NYC further recommends expanding the regulation to allow an LSSD to disqualify a provider for providing false information on any other official form used by the LSSD to enroll a child in receipt of child care assistance with a provider (i.e., voucher or enrollment form).

CSEA expressed concern over the expansion of the provider disqualification provision, specifically referencing that removal from a services program is sufficient grounds without a formal disqualification from that program, expansion to include other federal, State, and local programs, and the broad and undefined nature of the term "other fraudulent activity," citing risk of unjust penalties for minor infractions or political decisions.

OCFS acknowledges both perspectives regarding this proposed amendment and supports program integrity efforts while balancing fairness for providers. Currently, § 415.4(f)(6) allows districts to terminate child care assistance payments and/or take legal action against the legally exempt child care provider as a result of any false information, certified and attested to by the child care provider on either the enrollment or re-enrollment form or any attachment thereto. OCFS will clarify expectations and terminology in policy, including the circumstances under which disqualification under this new criteria will be allowable.

Regarding Payment for Absences and Program Closures

NYC supports the proposed amendment to § 415.6(b) & (c), prohibiting reimbursement for absences and program closures after a parent or caretaker has notified the provider that the child will no longer receive child care services from that provider. NYC recommends that a provider be required to notify the paying district by the following business day after notification. NYC additionally recommends that OCFS work with LSSDs to address when a child stops attending care without a notification.

CSEA opposes requiring providers to report program exits, emphasizing that this obligation belongs to families or LSSDs and that providers should not be required to determine if a family has left a program when there has been no notification. CSEA commented that the timeframe within which providers must report is undefined and could result in inconsistent application. CSEA further raises this regulation could impact multilingual families who have reported confusion with navigating the Child Care Assistance Program.

OCFS has proposed this amendment to strengthen program integrity measures based on specific feedback regarding increases to claims for absences and program closures. OCFS determined that requiring timely notification from providers upon a family's formal disenrollment from a provider supports accountability and funding integrity. OCFS will clarify in policy the timeframes and expectations for such notice, considering administrative burden and fairness. The rule will be adopted as proposed.

Regarding Differential Payment Rates

NYC supports the new differential payment rates being added to § 415.9(f)(1), so long as they remain at the option of the LSSD.

A child care provider commented urging OCFS to mandate differential payments for providers who hold a Child Development Associate credential or bachelor's or master's degree in early childhood education, are nationally accredited, or serve more than 50% Child Care Assistance Program-enrolled children. This provider requests OCFS regulation align with federal compensation standards for quality based care and that there be statewide consistency regardless of district policy.

OCFS appreciates the detailed feedback. OCFS has proposed the differentials that are not specifically required by statute as optional to provide district flexibility. Some districts have projected that their child care assistance funding is insufficient to open and maintain all eligible non-guaranteed cases. Implementing these differentials as a district option will allow districts to evaluate if funding is available and, if funding is limited, serve families to the maximum extent possible. OCFS will not be making any further amendments to differential payments at this time. The rule will be adopted as proposed.

OCFS will adopt all proposed amendments as published.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2028, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The State Board of Elections received four public comments in response to its publication of Proposed Rulemaking I.D. No. SBE-09-25-00002-P that adds Part 6223 to Title 9 NYCRR Title 9 NYCRR. The Board received comments from the following entities: (i) a disability rights organization; (ii) an advocacy and civil rights organization; (iii) an entity of a federal political party; and (iv) an academic.

Summaries of the comments on the proposal and the agency's responses thereto are as follows:

Comment 1: The disability rights organization expressed concerns that signature requirements must acknowledge people who are unable to sign, guardianship cannot prevent automatic voter registration and that the rule's requirement of a usability and accessibility review is too vague.

Response: Existing law ensures that the failure of a person to make a physical signature cannot prevent them from registering to vote. The State Board remains committed to ensuring the application of all civil rights laws, and they do not require reference in the current regulation. Similarly, the State Board agrees with the disability right's assessment of guardianship in New York as not being per se nor even presumptively violative of the right to register to vote. This issue, however, does not require in the context of AVR, as all substantive law related to voter registration eligibility is not changed by the AVR statute or resulting regulations. And finally, the State Board believe the broad statement in the regulations that the AVR process be accessible and usable is sufficient because the specifics of what qualifies as accessible, particularly in the digital real evolves with technology. The State Board is committed to ensuring AVR is fully accessible. Accordingly, no amendment was made to the proposed regulation.

Comment 2: The advocacy organization sought a technical amendment to the regulation including removal of the phrase "to the extent practical" in proposed 6223.4 (d).

Response: The State Board has determined to leave this language owing to the possibility of legal constraints in some agencies under certain provisions of federal law which may prevent the use of information on an integrated form. Accordingly, no amendment was made to the proposed regulation.

Comment 3: The federal political committee raised the issue that it is not clear that the exemplar signature referenced in 6223.5 (d) can take the form of an electronic or physical signature. The party committee also expressed concern about standards for signature comparison that may be implicated by electronic signatures.

Response: For precisely the reason stated in the comment, there is no ambiguity about the ability to create an exemplar signature by electronic means. The statute has already made that clear. Indeed, most New York

voters sign an electronic pollbook with a stylus currently, and these signatures can be used as exemplar signature under existing New York law. The issue of signature comparison during the authentication process is beyond the scope of this regulation. However, local boards of elections have been making comparisons to signatures rendered with a stylus for many years, and the State Board has given guidance on the standard to be applied to signature comparison which takes this and other factors into consideration. Accordingly, no amendment was made to the proposed regulation.

Comment 4: The academic opined that the AVR process compels people to register to vote when they may not want to and that AVR should not exist.

Response: AVR requires that a voter be able to opt-out of registering to vote. As to the program itself, the State Legislature adopted AVR in order to expand access to registering to vote. Accordingly no amendment was made to the proposed regulation.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Licensure and Practice of Nursing Home Administration

I.D. No. HLT-51-25-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 96.1 and 96.8 of Title 10 NYCRR.

Statutory authority: Public Health Law, section 2896-b

Subject: Licensure and Practice of Nursing Home Administration.

Purpose: Changes to a definition and standards of approval for the Licensure and Practice of Nursing Home Administration.

Text of proposed rule: Paragraph (3) of subdivision (o) of section 96.1 is amended to read as follows:

(3) At least one major department or service area must *have a* [directly] *direct* impact on the provision of patient care or services. Major department and services areas [with] *that have a* direct impact on the provision of patient care or services as defined by the Board for the purpose of licensure experience are:

([a]i) [D]ietary/food services[.];

([b]ii) [N]ursing services[.];

([c]iii) [R]ehabilitation services (including all of physical therapy, occupational therapy, speech and audio therapy and recreational therapy)[.]; and];

([d]iv) social services (including all of admissions, discharge planning and social service program);

(v) *therapeutic recreation/activities;*

(vi) *quality assurance and performance improvement;*

(vii) *patient relations/risk management (including patient/family complaints, incident reporting and managing litigation);*

(viii) *human resources; and*

(ix) *environmental services (including housekeeping).*

Section 96.8 is amended to read as follows:

(a) The applicant shall provide official documentation acceptable to the Board of successful completion of a Baccalaureate or higher level degree from an accredited educational institution acceptable to the Board including, or supplemented by, a Board approved Administrator-In-Training (AIT) Program of at least [12 months] *39 weeks* full-time experience based upon the standard definition of full-time utilized in the facility but not less than [1820] *1365* clock hours duration and at least 15 credit hours of required course work acceptable to the Board, completed at an accredited post-secondary educational institution in the following five areas:

* * *

(b) * * *

(1) * * *

(2) The internship is conducted under the direct supervision of a preceptor who is the AOR of the nursing home;

(i) The preceptor shall have held a New York State nursing home administrator license for at least two years and shall hold a current registration certificate.

(ii) The preceptor shall have had at least [three] *one* [years] *year* of full-time experience as the AOR of a nursing home during the last five years, including at least one year in a New York State nursing home eligible for approval as a training site.

(iii) * * *

(iv) * * *

* * *

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqa@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

Statutory Authority:

Section 2896-b of the Public Health Law authorizes the Board of Examiners of Nursing Home Administrators (BENHA) and the Depart-

ment to adopt and amend rules and regulations to effectuate the provisions and purposes of Public Health Law Article 28-D (Practice of Nursing Home Administration).

Legislative Objectives:

The proposed rule accords with the legislative declaration of policy and statement of purpose in Public Health Law section 2895 to require that the administration of nursing homes be adequate and proper, and to establish standards of education, training and experience and provide for the examination, licensure and registration of nursing home administrators. All changes have been presented and approved by BENHA and are recommended by the advisory council established pursuant to section 2896-a(8) of the Public Health Law and representing both health professionals and the public.

Needs and Benefits:

This proposed regulation updates the nursing home administrator licensure program. It reduces the required clock hours for the completion of the Administrator-in-Training (AIT) program from 1820 to 1365 to make New York State consistent with most other states. It also adds five additional practice/ service areas that qualify as field experience. In addition, it changes the required years of experience that a preceptor must have as an Administrator of Record (AOR) of a nursing home from three years to one year.

This proposed regulation makes the following specific amendments:

- Section 96.1, subdivision (o)(3), is amended to add five new practice/ service areas that qualify as field experience under section 96.8(b)(7). They are: "Therapeutic Recreation/Activities," "Quality Assurance and Performance Improvement," "Patient Relations/ Risk Management (including patient/family complaints, incident reporting and managing litigation)," "Human Resources," and "Environmental Services (including housekeeping)."

- Section 96.8, subdivision (a), is amended to reduce the required clock hours for the completion of the Administrator-in-Training (AIT) program from 1820 clock hours to 1365 clock hours.

- Section 96.8, subdivision (b)(2)(ii), is amended to reduce the required years of experience that a preceptor must have as an Administrator of Record (AOR) of a nursing home from three (3) to one (1).

These proposed changes will increase the pool of eligible nursing home administrators in New York State without impacting the quality of nursing home administrators. It will be easier for individuals who want to become nursing home administrators to have their work experience count as qualifying field experience. It will also be easier for individuals to become nursing home administrators, because AIT program will require fewer hours. In addition, more AORs will be able to serve as preceptors to supervise internships, thereby increasing the supply of available internships. These changes are needed to address the shortage of New York State licensed nursing home administrators.

Costs:

Costs to Regulated Entities:

There will be little to no additional cost to the regulated entities for the implementation of or continuing compliance with the regulation.

Costs to State and Local Governments:

There will be no costs to the State or local governments.

Costs to the Department of Health:

There will be no costs to the Department of Health.

Local Government Mandates:

There will be no duty or responsibility imposed on local governments as the result of this rule.

Paperwork:

The Department will be required to order new applications, update forms, and update its website. The Department can implement this regulation using existing resources.

Duplication:

This rule does not duplicate, overlap, or conflict with any other legal requirements of the State or federal government.

Alternatives:

The Department considered maintaining existing licensure requirements, but BENHA, in consultation with the Department, amending the regulations in a manner comparable to other states would help address a shortage of nursing home administrators in New York State while maintaining adequate and proper nursing home accommodations.

Federal Standards:

The proposed rule aligns with Federal regulations and does not overlap or conflict with any legal requirements.

Compliance Schedule:

The rule will take effect upon publication of a Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

No Regulatory Flexibility Analysis is required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act. The proposed amendment does not impose an adverse economic impact on small businesses or

local governments, and it reduces reporting, recordkeeping, or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the amendments will not impose any adverse impact or significant reporting, recordkeeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas because of the proposed amendments.

Job Impact Statement

A Job Impact Statement for these amendments is not being submitted because it is apparent from the nature and purposes of the amendments that they will not have a substantial adverse impact on jobs and/or employment opportunities.

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Repeal of Part 19; addition of Subpart 58-6 to Title 10 NYCRR.

Statutory authority: Public Health Law, sections 572, 573 and 576

Subject: Certificates of Qualification for Clinical Laboratory Directors.

Purpose: To create two pathways for certificate of qualification in order to comply with federal rules for clinical laboratory directors.

Substance of proposed rule (Full text is posted at the following State website: <https://regs.health.ny.gov/regulations/proposed-rule-making>): Pursuant to the authority vested in the Public Health and Health Planning Council and the Commissioner of Health by sections 572, 573, and 576 of the Public Health Law, Title 10 (Health) of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended, to be effective upon publication of a Notice of Adoption in the New York State Register, as follows:

Part 19 of Title 10 is repealed and a new Subpart 58-6 is added to Title 10 as follows:

Section 58-6.1 establishes definitions used in the Subpart.

Section 58-6.2 establishes the requirements for a laboratory director certificate of qualification. These requirements are concordant with Federal requirements for a clinical laboratory director under Title 42, Section 493 of the Code of Federal Regulations.

Section 58-6.3 establishes the duties and responsibilities of a laboratory director.

Section 58-6.4 establishes the requirements for a technical director certificate of qualification. These requirements are consistent with Federal requirements for a clinical laboratory technical supervisor under Title 42, Section 493 of the Code of Federal Regulations.

Section 58-6.5 establishes the duties and responsibilities of a technical director.

Section 58-6.6 establishes criteria for the denial of a certificate of qualification.

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqa@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

Statutory Authority:

The Department of Health's (Department) authority to prescribe the criteria for issuing a Certificate of Qualification is established in Section 573(1) of the Public Health Law (PHL). Part 19 of Title 10 of the Official Compilation of Codes, Rules, and Regulations of the State of New York (10 NYCRR) was originally adopted in 1979 to describe the standards by which the Department will evaluate whether a person possesses the character, competence, training, and ability to direct operation of a clinical laboratory located in or accepting specimens from New York State or a blood bank located in or collecting, processing, storing, or distributing

blood products in New York State, as specified in Section 573(2) of the PHL. The Department proposes the repeal of Part 19 and the addition of Subpart 58-6 of Title 10 to amend the standards by which a person is evaluated for eligibility to serve as a laboratory director and/or technical director responsible for the proper operation of a clinical laboratory.

Legislative Objectives:

Section 573 of the PHL authorizes the department to establish minimum qualifications for individuals issued a certificate of qualification. This serves to ensure safety and reliability of procedures and tests performed at clinical laboratories and blood banks serving the people of New York. The proposed addition of Subpart 58-6 to Title 10 of the New York Codes, Rules and Regulations is consistent with that goal in that they set the groundwork to require oversight by a board-certified individual at all facilities in the future, maintain New York's commitment to ensuring the highest level of category-specific technical leadership at every facility, expand the ability of qualified individuals to obtain certification, and improve access to the information contained in the legislation.

Needs and Benefits:

Section 572 of the PHL prescribes that a Certificate of Qualification be issued, authorizing an individual to act as a director of a clinical laboratory located in or accepting specimens from New York State or a blood bank located in or collecting, processing, storing, or distributing blood products in New York State. Subpart 58-6 of 10 NYCRR establishes the standards by which the Department evaluates whether an individual possesses sufficient training and/or experience to effectively direct the operation of a clinical laboratory or blood bank and the expertise to ensure accurate reporting of test findings.

Sustained approval of the Department's exemption from Centers for Medicare & Medicaid Services (CMS) Clinical Laboratory Improvement Amendments (CLIA) is conditional on revision of State regulations to require that all laboratory directors are board-certified. Previously, applicants for a Certificate of Qualification were required to demonstrate general laboratory management experience, such as management of resources (e.g., budget allocation, staffing, etc.), implementation of a quality management system, development of standard operating procedures, etc.; and expertise in one or more category(ies) of practical laboratory testing as defined in the Part. Certification by a board recognized by the Federal Health and Human Services (HHS) was but one pathway to obtain a Certificate of Qualification; applicants may also qualify based solely on experience. Federal CLIA regulations require that a laboratory director be a physician or earned doctoral degree holder who is certified by a board recognized by the Federal HHS; there is no experience pathway for an earned doctoral degree holder. This revision complies with Federal CLIA regulations by generating two certificates of qualification, the Laboratory Director Certificate of Qualification (LDCQ) and the Technical Director Certificate of Qualification (TDCQ). The LDCQ must be a physician or an individual holding an earned doctoral degree; who is certified by an HHS-recognized board; has at least two years of laboratory training or experience, including experience directing or supervising high complexity testing; and has at least twenty credit hours of continuing education in clinical laboratory operations, per the new CLIA regulations effective December 28, 2024. The TDCQ maintains New York's commitment to ensuring technical direction by a physician or earned doctoral degree holder with a minimum of two year of post-doctoral training and/or experience specific to the category for which they are applying.

To preserve continuity of leadership at a clinical laboratory permitted under Article 5, Title 5 of PHL at the time this proposed rule is adopted, an individual who does not meet the qualifications for an LDCQ may continue to serve as the laboratory director where currently employed until January 1, 2027. Such individuals must immediately meet the qualifications for an LDCQ if they seek employment as the laboratory director of another laboratory after this revision goes into effect.

The certifying boards recognized in this proposed revision were expanded to include the American College of Histocompatibility and Immunogenetics (ACHI), the American Society for Clinical Pathology (ASCP) Board of Certification (BOC) Diplomate in Medical Laboratory Immunology (DMLI), the American Board of Medical Genetics and Genomics (ABMGG), additional certifications by the American Board of Bioanalysis (ABB) and the American Board of Clinical Chemistry (ABCC), and specific certifications by the National Registry of Certified Chemists (NRCC). This proposed revision will also specify LDCQ requirements for paternity and forensic testing, which are not subject to Federal CLIA regulations.

Costs:

Costs to Regulated Parties:

Applicants must pay an application fee for each type of Certificate requested, namely the Laboratory Director Certificate of qualification (LDCQ) and the Technical Director Certificate of Qualification (TDCQ). The application fee is established in section 573 of New York State Public Health Law. Legislation was recently passed that increased the application fee from \$40.00, as established in 1993, to \$150.00.

Costs to the Agency, State and Local Governments:

This proposed rule will increase the volume of applications received and processed by the Department, as many existing Certificate of Qualification holders will now be required to apply separately for a Laboratory Director Certificate of qualification (LDCQ) and a Technical Director Certificate of Qualification (TDCQ). This will therefore increase labor costs; however, the application fee will offset the increased costs to the Department. This proposed rule will not increase costs to local governments.

Local Government Mandates:

The proposed regulations impose no new mandates on any county, city, town or village government; or school, fire or other special district.

Paperwork:

Applicants for a Certificate of Qualification must apply on forms approved by the Department. Applicants requesting both a LDCQ and a TDCQ must apply using separate forms. LDCQ applicants must also submit a curriculum vitae, and proof of physician licensure and/or earned doctoral degree, and proof of current board certification. TDCQ applicants must submit, in addition to the documents listed for a LDCQ, a third party letter of experience that includes specific details about the dates of employment/training, type of training and experience acquired, methods and techniques of test procedures used, and volume of testing personally performed, supervised, and/or directed.

Duplication:

This proposed rulemaking will create the Laboratory Director Certificate of Qualification, with the same qualifications as for the laboratory director of laboratories performing high complexity testing under Federal rules. This is necessary to ensure that the Department will continue to meet the requirements to obtain an exemption from CLIA regulations as described above.

Alternatives:

There were no significant alternatives to the current proposal to consider. The Department must make these revisions to ensure that the Department will continue to meet the requirements to obtain an exemption from CLIA regulations as described above. Loss of the CLIA exemption would result in costly duplicative State and Federal oversight for clinical laboratories residing in New York. Affected laboratories would be required to apply for approvals at both the State and Federal levels, submit to on-site inspections to both regulatory entities and pay applicable registration fees to both regulatory entities.

Federal Standards:

Title 42, Chapter IV, Subchapter G, Part 493, Subpart M, Section 493.1443 of the Federal Code of Regulations (CFR) describes the qualifications for directors of laboratories performing high complexity testing. This proposed rulemaking will create two Certificates of Qualification, the Laboratory Director Certificate of Qualification (LDCQ) and the Technical Director Certificate of Qualification (TDCQ). The LDCQ adheres specifically to the Federal laboratory director qualifications. The requirement that an individual be a physician or earned doctoral degree holder with a minimum of two year of post-doctoral training and/or experience specific to the category for which they are applying to qualify for a TDCQ is more stringent than the qualifications for the role of technical supervisor at the Federal level.

Compliance Schedule:

The Department of Health will expect regulated parties to comply with the proposed regulation upon renewal of their existing Certificate of Qualification. Current Certificate of Qualification holders who are certified by a board recognized under Federal rules will qualify for a Laboratory Director Certificate of Qualification (LDCQ). Certificate of Qualification holders who are currently serving as the laboratory director of a facility holding a clinical laboratory permit issued by the Department, and who do not meet the requirements for a LDCQ, will be allowed to continue serving in that role until January 1, 2027. The Department expects that current Certificate of Qualification holders will qualify for a Technical Director Certificate of Qualification (TDCQ), unless the applicant fails to meet the recent experience requirements.

Regulatory Flexibility Analysis

No Regulatory Flexibility Analysis is required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act. It is apparent, from the nature of the proposed amendment, that it will not have an adverse impact on small businesses and local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the amendments will not impose any adverse impact or significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed amendments.

Job Impact Statement

Nature of Impact:

The proposed revisions to Part 19 and Subpart 58-6 will adversely

impact job opportunities for individuals seeking employment as a clinical laboratory director who do not hold certification through a recognized accrediting board. However, the same individuals may be eligible to serve as technical directors of clinical laboratories.

Categories and Numbers Affected:

The job category affected is clinical laboratory director. There are approximately 665 clinical laboratories in New York holding or applying for a clinical laboratory permit; approximately 85 of those laboratories have named a laboratory director who would not meet the requirements set forth in these revisions.

Regions of Adverse Impact:

The proposed revisions are applicable to all regions of the State.

Minimizing Adverse Impact:

The proposed revisions to Part 19 and Subpart 58-6 will bring the State into compliance with Federal regulations for clinical laboratory directors established in Title 42 of the Code of Federal Regulations. This is necessary to ensure that the Department of Health continues to meet the requirements to maintain an exemption from the Federal requirements such that the Clinical Laboratory Evaluation Program remains the primary accrediting authority in New York for clinical laboratories. Failure to make these revisions could result in the denial of that exemption in 2027, which would create duplicative laboratory oversight programs in New York. There is no available mechanism to minimize the anticipated adverse impact.

Self-Employment Opportunities:

Not applicable.

Clinical Laboratories

I.D. No. HLT-51-25-00009-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Subpart 58-1 of Title 10 NYCRR.

Statutory authority: Public Health Law, sections 574, 575 and 576

Subject: Clinical Laboratories.

Purpose: To provide clarification to requirements and standards and address the Department's need to update outdated provisions.

Substance of proposed rule (Full text is posted at the following State website: <https://regs.health.ny.gov/regulations/proposed-rule-making>):

Pursuant to the authority vested in the Commissioner of Health by Section 576 of the Public Health Law (PHL), Sections 58-1.1 through 58-1.5, Section 58-1.7, Section 58-1.9, Section 58-1.11 and Section 58-1.12 of Title 10 (Health) of the Official Compilation of Codes, Rules and Regulations of the State of New York, are amended, to be effective upon publication of a Notice of Adoption in the New York State Register, to read as follows:

Section 58-1.1 is amended to incorporate a new requirement that an individual holding a technical director certificate of qualification in the relevant discipline of testing to be named responsible for each category on the laboratory permit. Amendments to this section also require laboratory directors to be licensed in the jurisdiction where the laboratory is located, assuming that jurisdiction requires licensure.

Section 58-1.2 is amended to outline the limits and expectations for technical directors, including a five-laboratory limit and expectations for on-site presence and Department of Health notification of extended absence. This section is further amended to remove reference to sole assistant directors, as this title is being replaced by technical director.

Section 58-1.3 is amended to clarify requirements for in-person supervision of persons holding limited licenses or provisional permits from the State Education Department.

Section 58-1.4 is amended to add new titles of personnel who may qualify as supervisors, specifically adding certificate of qualification holders, histotechnologists and pathology assistants. This section is also reorganized for clarity.

Section 58-1.5 is amended to re-align State requirements with the new Federal rules adopted in December 2023. Specifically, references to a physical science degree are removed and coursework requirements were incorporated for those individuals not holding a required degree. A new title of histotechnologist was added to align with State Education Law amendments.

Section 58-1.7 is amended to remove an outdated list of authorized persons who may order laboratory tests, clarify that the orders may be written or electronic, and modernize requirements for collecting and transfer stations. Specifically, the term "temporary collecting station" is renamed "temporary testing station", a definition of a mobile collecting station is added, and specimen storage requirements are revised. Another

important amendment to this section authorizes a collecting station to perform Clinical Laboratory Improvement Amendments (CLIA)-waived testing provided it has been duly registered as a limited service laboratory.

Section 58-1.9 is amended to allow certain permitted laboratories to perform testing in temporary locations such as patient residences or at sites of emergency events. Specifically, such entities must hold a permit and approval to operate a Hospital at Home program or hold a permit and be certified as an ambulance service or advanced life support first response unit.

Section 58-1.11 is amended to align documentation, test report and specimen retention requirements with Federal rules.

Section 58-1.12 is amended to address recent changes to Public Health Law that remove the statutory authority for a cytotechnologist registry. Additionally, this section is amended to align the cytotechnologist workload standard with Federal rules and remove certain record-keeping requirements for cytotechnologists and laboratories.

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

Statutory Authority:

Public Health Law (PHL) section 574 requires clinical laboratories and blood banks located in or accepting specimens from New York State to hold a permit. PHL section 575 governs the issuance of such permits and the instances when such permits are void. PHL section 576 authorizes the Department of Health (Department) to promulgate regulations that govern the issuance of permits and the requirements for the proper operation of a clinical laboratory or blood bank.

Legislative Objectives:

Clinical laboratories and blood banks provide essential public health services in aiding the health care provider by furnishing information invaluable to the diagnosis and treatment of disease. The Legislature enacted Title V of Article 5 of the PHL to promote the public health, safety, and welfare by requiring (1) the permitting of clinical laboratories and blood banks and (2) that the performance of tests and procedures employed by these clinical laboratories and blood banks meet the minimum standards accepted and approved by the Department.

Needs and Benefits:

Amendments to section 58-1.1 are needed to accord with the repeal of Part 19 of Title 10 of the New York Codes, Rules, and Regulations (Part 19) and the adoption of Subpart 58-6 governing the issuance of certificates of qualification. The repeal of Part 19 and adoption of Subpart 58-6 are proposed to align with Federal requirements for laboratory directors and technical supervisors. Federal Clinical Laboratory Improvement Amendments (CLIA) regulations require that a laboratory director be a physician or earned doctoral degree holder who is certified by a board recognized by the Federal Department of Health and Human Services (HHS). Section 58-1.1 requires amendment to ensure that permits are issued only when there is a qualified laboratory director and a qualified technical director for each permit category.

Accordingly, revisions to section 58-1.2 are needed to outline the limits and expectations for technical directors, including a five-laboratory limit and expectations for on-site presence and Department notification of extended absence. This section is further amended to remove reference to sole assistant directors, as this title is being replaced by technical director.

Amendments to section 58-1.3 are needed to clarify requirements for in-person supervision of persons holding limited licenses or provisional permits from the State Education Department. Regulated parties will benefit from this enhanced clarity and understanding of Department expectations.

Amendments to section 58-1.4 are needed to incorporate new titles of personnel who may qualify as supervisors; specific titles added are certificate of qualification holders, histotechnologists and pathology assistants. This section has also been reorganized for clarity. Regulated parties benefit from having an expanded pool of eligible supervisors.

Amendments to section 58-1.5 are needed to re-align State requirements with the new Federal rules adopted in December 2023. Specifically, references to a physical science degree are removed and coursework requirements were incorporated for those individuals not holding a required degree. A new title of histotechnologist was added to align with State Education Law amendments. A specific date was added under the legacy clause for each existing title to align with the date of adoption of the last amendment to Subpart 58-1. Regulated parties benefit from the

alignment with State Education Law to recognize histotechnologists as authorized testing personnel.

Section 58-1.7 requires amendment to remove an outdated list of authorized persons who may order laboratory tests, clarify that the orders may be written or electronic, and modernize requirements for collecting and transfer stations. Specifically, the term “temporary collecting station” will be renamed temporary testing station, a definition of a mobile collecting station will be added, and the definition of “specimen storage requirements” will be revised. These changes benefit the public by allowing mobile testing and collection for greater patient convenience. Another important amendment will authorize a collecting station to perform testing provided it has been duly registered as a limited service laboratory, expanding the availability of testing to include locations where patients already visit.

Section 58-1.9 is amended to allow certain permitted laboratories to perform testing in temporary locations such as patient residences or at sites of emergency events. Specifically, such entities must hold a permit and approval to operate a Hospital at Home program or hold a permit and be certified as an ambulance service or advanced life support first response unit. Home-bound patients in need of serial testing to monitor health conditions will benefit from this amendment because they will not have to travel to patient service centers for this testing. Patients in emergent situations under the care of an ambulance will also benefit from having immediate access to testing during the emergent event which may assist in the determination of appropriate protocol or treatment until delivery at the receiving hospital or diagnostic and treatment center.

Section 58-1.11 is amended to align documentation, test report and specimen retention requirements with Federal rules.

Section 58-1.2 is amended to address recent changes to Public Health Law that remove the statutory authority for a cytotechnologist registry. Additionally, this section is amended to align the cytotechnologist workload standard with Federal rules and remove certain record-keeping requirements for cytotechnologists and laboratories. These changes reduce regulatory burden on clinical laboratories and cytotechnologists.

Costs:

Costs to Regulated Parties:

Section 576 of PHL governs the collection of fees to recoup the operating costs of the regulatory program. The proposed revisions do not impose any additional costs to the regulated parties.

Costs to the Agency, State and Local Governments:

The proposed amendment will not impose additional costs to the New York State Department of Health, the program responsible for oversight of clinical laboratories, or to local governments. The program responsible for the oversight of clinical laboratories is a well-established program operated at the State level and the new language does not impact the costs of the oversight program.

Local Government Mandates:

The proposed regulations impose no new mandates on any county, city, town or village government; or school, fire or other special district.

Paperwork:

PHL currently grants the Department the authority to request specific documentation as needed to assess the laboratory’s compliance with statute, rules, regulations, and clinical laboratory standards. Certain revisions require additional paperwork to be created and maintained by the clinical laboratory. Specifically, amendments in Section 58-1.7 require monthly calendars for mobile collecting stations to be maintained for Department inspection. However, other revisions will reduce the necessity for regulated parties to file paperwork. For example, amendments in section 58-1.12 reduce the overall paperwork burden on both clinical laboratories and cytotechnologists as it relates to the cytotechnologist registry and work standard approval requests.

Duplication:

CLIA (42 CFR Part 493) establishes a federal regulatory framework for laboratory quality standards. The Department has applied for and received an exemption from the CLIA continuously since 1995, making the Department the primary accrediting body for clinical laboratories operating in New York.

Alternatives:

There were no significant alternatives to the current proposal to consider. The Department must make these revisions to ensure that the Department will continue to meet the requirements to obtain an exemption from CLIA regulations as described above. Loss of the CLIA exemption would result in costly duplicative State and Federal oversight for clinical laboratories residing in New York. Affected laboratories would be required to apply for approvals at both the State and Federal levels, submit to on-site inspections to both regulatory entities and pay applicable registration fees to both regulatory entities.

Federal Standards:

The Federal Code of Regulations (CFR) sets forth rules for the operation of clinical laboratories (42 CFR Part 493).

Section 58-1.1 is more stringent than Federal rules. The Federal program issues a certificate to perform testing upon application and payment of fees. The Department issues a permit to perform testing only after all requirements have been met to include, at a minimum, payment of fees, on-site inspection, and participation in proficiency testing. Amendments to this section are being made to ensure that permits are issued when there is a qualified laboratory director and a qualified technical director; this is consistent with Federal requirements for a laboratory director and technical supervisor.

Section 58-1.2 is at least as stringent as federal rules. Amendments are being made to introduce a new requirement for technical directors, which align with Federal rules for technical supervisors.

Section 58-1.3 is at least as stringent as Federal rules. Amendments to this section are being made to address changes in New York State Education Law, specifically to include histotechnologists and pathology assistants as supervisors.

Amendments to sections 58-1.4 and 58-1.5 are being made to ensure consistency with the requirements for testing personnel in the Federal rules. New Federal regulations for laboratory personnel were adopted in December 2023.

Section 58-1.7 is more stringent than Federal rules. Federal rules do not require that tests be ordered by authorized persons, nor do they include requirements for collecting stations.

Section 58-1.9 is currently more stringent than Federal rules. Amendments are being made consistent with Federal rules to allow for temporary testing locations in very limited circumstances.

Section 58-1.11 is considered less stringent than Federal rules for certain record retention requirements, namely the retention of worksheets and instrument readouts. Amendments to Section 58-1.11 are being made to ensure compliance with Federal requirements. Specifically, document, test report and specimen retention requirements are being amended to align with Federal rules, which increases retention burden for certain documents, but reduces retention burden for many others.

Section 58-1.12 is currently more stringent than Federal rules. Amendments to this section are being made in response to recent amendments to Public Health Law, which remove the statutory authority for a cytotechnologist registry. Other amendments to the section will ensure concordance with Federal rules.

Compliance Schedule:

The Department of Health expects that regulated parties should be able to comply with the proposed regulation upon publication of the Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

No regulatory flexibility analysis is required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act. It is apparent, from the nature of the proposed amendment, that it will not have an adverse impact on small businesses and local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the amendments will not impose any adverse impact or significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed amendments.

Job Impact Statement

Nature of Impact:

The proposed revisions to Subpart 58-1 will have no adverse affect on jobs and employment opportunities. Subpart 58-1 relates to the oversight of clinical laboratories, including the availability of laboratory directors and supervisors and the qualifications for supervisors and technical staff.

The modifications to 58-1.1 and 58-1.2, specifically the addition of a technical director for laboratory oversight, may provide additional employment opportunities for individuals holding a certificate of qualification. The modifications to 58-1.4 recognize two new titles of testing personnel to qualify as supervisors, which increases employment opportunities. The modifications to 58-1.3, 58-1.5, 58-1.7, 58-1.9, 58-1.11 and 58-1.12 will have no substantial adverse impact on jobs and/or employment opportunities.

Categories and Numbers Affected:

The categories of jobs affected will be laboratory directors and assistant directors holding Certificates of Qualification and laboratory supervisors.

Laboratory directors and assistant directors: There are approximately 3,500 individuals currently holding a Certificate of Qualification. The proposed amendments in section 58-1.2 are likely to increase employment opportunities for these individuals.

Laboratory Supervisors: There are approximately 1,100 clinical laboratories applying for or holding a clinical laboratory permit. Each laboratory is expected to have one or more supervisors. The amendments proposed in 58-1.3 and 58-1.4 are likely to increase employment opportunities.

Regions of Adverse Impact:

The proposed revisions are applicable to all regions of the State. The impact on jobs and employment opportunities is expected to be positive.

Minimizing Adverse Impact:

The proposed revisions are anticipated to have a positive effect on jobs and employment opportunities.

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Closure of TOD Bill Protection Guarantee to New Entrants

I.D. No. LPA-51-25-00007-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: LIPA staff proposes to modify LIPA's Tariff for Electric Service, effective April 1, 2026, to expressly state that the 12-month Time of Day Bill Protection Guarantee (TOD Bill Protection Guarantee) is closed to new entrants.

Statutory authority: Public Authorities Law, section 1020-f(u) and (z)

Subject: Closure of TOD Bill Protection Guarantee to new entrants.

Purpose: To confirm the closure of TOD Bill Protection to new entrants.

Public hearing(s) will be held at: 10:00 a.m., Feb. 23, 2026 at H. Lee Dennison Bldg., Hauppauge, NY; 6:00 p.m., Feb. 23, 2026 at Long Island Power Authority, Uniondale, NY.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: The Long Island Power Authority ("LIPA" or "Authority") staff ("Staff") proposes to modify LIPA's Tariff for Electric Service (the "Tariff"), effective April 1, 2026, to confirm and expressly state that the 12-month Time of Day Bill Protection Guarantee ("TOD Bill Protection Guarantee") is closed to new entrants.

On March 29, 2023, the LIPA Board of Trustees approved a Tariff modification for the (1) introduction of a time-of-day rate(s), i.e., Rate Codes 194 and 195 (individually, a "TOD Rate" and together, the "TOD Rates"), (2) migration of certain customers enrolled in LIPA's previous standard flat rate to a new TOD Rate pursuant to a migration schedule ("Migration Schedule") determined by LIPA, and (3) implementation of a 12-month bill protection guarantee which provided eligible customers with risk-free transition to the new TOD Rates (i.e., the TOD Bill Protection Guarantee). Pursuant to the Migration Schedule, the migration for eligible customers to a TOD Rate was completed in January 2026. This proposed Tariff change will now expressly state that the TOD Bill Protection Guarantee is closed to new entrants consistent with the completion of the Migration Schedule.

The LIPA Board may adopt, reject, or modify, in whole or in part, the action proposed, the commenters' proposed programmatic changes, including recommendation(s) submitted by the New York State Department of Public Service, and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained from: William Wai, Long Island Power Authority, 333 Earle Ovington Blvd., Ste. 403, Uniondale, NY 11553, (516) 222-7700, email: tariffchanges@lipower.org

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

LIPA's Household Assistance Rate (HAR) Program

I.D. No. LPA-51-25-00010-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: LIPA staff proposes modifications to its Tariff for Electric Service effective March 25, 2026 to pause customer disenrollments in LIPA's Household Assistance Rate (HAR) Program, and to extend the lookback period for HAR Program eligibility to 18 months.

Statutory authority: Public Authorities Law, section 1020-f(u) and (z)

Subject: LIPA's Household Assistance Rate (HAR) Program.

Purpose: To pause customer disenrollments in LIPA's HAR Program, and to extend the lookback period for HAR eligibility to 18 months.

Public hearing(s) will be held at: 10:00 a.m., Feb. 23, 2026 at H. Lee Dennison Bldg., Hauppauge, NY; 6:00 p.m., Feb. 23, 2026 at Long Island Power Authority, Uniondale, NY.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: The Long Island Power Authority ("LIPA or "Authority") staff ("Staff") proposes modifications to LIPA's Tariff for Electric Service (the "Tariff"), effective March 25, 2026, to pause customer disenrollments in LIPA's Household Assistance Rate ("HAR") Program, and to extend the lookback period for LIPA's HAR Program eligibility to eighteen (18) months.

On November 13, 2025, the New York State Public Service Commission issued an Order Pausing Customer Disenrollments in Utility Energy Affordability Programs (the "Order") which, in relevant part, directed the regulated utilities to: 1) pause their Energy Affordability Programs ("EAP") disenrollments through November 30, 2026; and 2) file tariff amendments to extend, or where applicable, state that the lookback period for EAP eligibility to 18 months.¹ LIPA's EAP is known as the HAR Program.

To provide LIPA customers with the same rights and protections provided to other utility customers in the State, Staff proposes these Tariff modifications consistent with those directed in the Order. Specifically, the Tariff will be amended to state that HAR Program disenrollments will be paused through November 30, 2026, and that customers will be eligible for the HAR Program if they provide documentation of enrollment in a qualifying program in the preceding 18 months, an increase from the current lookback period of 12 months.

The LIPA Board may adopt, reject, or modify, in whole or in part, the action proposed, the commenters' proposed programmatic changes, including recommendation(s) submitted by the New York State Department of Public Service, and may resolve related matters.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Notice of Intent to Submeter Electricity

I.D. No. PSC-51-25-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the notice of intent of 102—110 John Mazal LLC to submeter electricity at 7 Platt Street, New York, New York.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Notice of intent to submeter electricity.

Purpose: To ensure adequate submetering equipment, consumer protections, and energy efficiency improvements are in place.

Substance of proposed rule: The Public Service Commission (Commis-

sion) is considering the notice of intent filed by 102-110 John Mazal LLC on October 1, 2025, seeking authority to submeter electricity at a new residential rental building with market rate and income-based units at 7 Platt Street, New York, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

In the notice of intent, 102-110 John Mazal LLC requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. The Commission reviews the proposal for consistency with the requirements of 16 NYCRR Part 96. If approved by the Commission, submetering of electricity to residents is allowed so long it complies with the protections and requirements of the Commission’s regulations.

The full text of the notice of intent and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Petition for Waiver of the Requirements of Opinion No. 76-17 and 16 NYCRR Part 96 Regarding Individual Metering of Living Units

I.D. No. PSC-51-25-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of Tunnel to Towers Foundation for a waiver of the individual metering requirements of 16 NYCRR Part 96 at a 91—unit veterans’ supportive housing facility at 3600 Harlem Road, Cheektowaga, New York.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Petition for waiver of the requirements of Opinion No. 76-17 and 16 NYCRR Part 96 regarding individual metering of living units.

Purpose: To ensure adequate consumer and energy efficiency protections in case of individual metering requirement waiver.

Substance of proposed rule: The Commission is considering the petition of Tunnel to Towers Foundation (the Foundation) for waiver of the individual metering requirements of Opinion No. 76-17 and 16 NYCRR Part 96 at the Foundation’s property, known as the Cheektowaga Veterans Village, at 3600 Harlem Road, Cheektowaga, New York, located in the service territory of Niagara Mohawk Power Corporation d/b/a National Grid.

The Foundation requests waiver of the individual metering requirements, asserting that the property qualifies as an “assisted living facility” for the purposes of Part 96, as interpreted in prior Commission orders. If approved, the Foundation will take electric service from National Grid and provide it to residents through master metering, per 16 NYCRR § 96.2(c).

Cheektowaga Veterans Village is a newly constructed complex consisting of ninety-one affordable units and ancillary facilities. The complex will provide long-term housing and round-the-clock supportive services, such as on-site behavioral health treatment and primary care services, to veterans currently experiencing or at risk of experiencing homelessness. The Foundation states that this supportive

housing model is analogous to assisted living and senior living facilities and that the resident population is unlikely to respond meaningfully to the energy conservation price signals of individual metering.

The record and the full text of the petition may be viewed online at the Department of Public Service web page: www.dps.ny.gov under Case 25-E-0706. The Commission may adopt, reject, or modify, in whole or in part, the relief proposed and may resolve related matters.

Petition to Submeter Electricity

I.D. No. PSC-51-25-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of 3109 LLC seeking authority to submeter electricity at 3109 Buhre Avenue, Bronx, New York.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Petition to submeter electricity.

Purpose: To ensure adequate submetering equipment, consumer protections, and energy efficiency improvements are in place.

Substance of proposed rule: The Public Service Commission (Commission) is considering the petition filed by 3109 LLC on October 22, 2025, seeking authority to submeter electricity at a new residential rental building with market rate and income-based units at 3109 Buhre Avenue, Bronx, New York, located in the service territory of Consolidated Edison Company of New York, Inc. (Con Edison).

3109 LLC requests authorization to take electric service from Con Edison and then distribute and meter that electricity to its residents. The Commission reviews the proposal for consistency with the requirements of 16 NYCRR Part 96. If approved by the Commission, submetering is allowed so long it complies with the protections and requirements of the Commission's regulations.

Electric Metering Equipment

I.D. No. PSC-51-25-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by Siemens Energy Incorporated on August 6, 2025, to use the Trench GmbH AUD145/S95T 145 kilovolt clean air voltage transformer in electric metering applications in New York State.

Statutory authority: Public Service Law, section 67(1)

Subject: Electric metering equipment.

Purpose: To ensure that consumer bills are based on accurate measurements of electric usage.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition filed on August 6, 2025, by Siemens Energy Incorporated, to use the Trench GmbH AUD 145/S95T 145 kilovolt clean air voltage transformer (Device) in electric metering applications in New York State.

The Device is a 145-kilovolt clean air voltage transformer. The Commission requires new types of electric meters and metering equipment, used to measure a customer's electric usage, conform to the requirements of 16 NYCRR § 93 and be approved by the Commission before being used for customer billing purposes.

NOTICE OF ADOPTION**

State Energy Conservation Construction Code (Energy Code)

I.D. No. DOS-11-25-00001-AA

Filing No. 1054

Filing Date: 2025-12-05

Effective Date: 2025-12-31

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Repeal of Part 1240; addition of new Part 1240 to Title 19 NYCRR.

Amended action: This action amends the rule that was filed with the Secretary of State on September 16, 2025, to be effective December 31, 2025, File No. 00832. The notice of adoption, I.D. No. DOS-11-25-00001-A, was published in the October 1, 2025 issue of the *State Register*.

Statutory authority: Energy Law, sections 11-103(2) and 11-104(6)

Subject: State Energy Conservation Construction Code (Energy Code).

Purpose: To repeal the existing Energy Code and to adopt a new, updated Energy Code.

Substance of amended rule: This rule making would repeal the current version of Part 1240 of Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York and add a new Part 1240. Part 1240 pertains to the State Energy Conservation Construction Code (the Energy Code) and the sections are summarized below:

Part 1240. STATE ENERGY CONSERVATION CONSTRUCTION CODE

Section 1240.1 State Energy Conservation Construction Code.

This Part and the publications incorporated by reference in this Part constitute the Energy Code promulgated pursuant to article 11 of the Energy Law.

Section 1240.2 Definitions.

For the purposes of Part 1240, the following terms are defined:

- (a) 2025 ECCCNY.
- (b) 2025 ECCCNY commercial provisions.
- (c) 2025 ECCCNY residential provisions.
- (d) ASHRAE 90.1-2022
- (e) NYS ASHRAE 90.1-2025.
- (f) Commercial building.
- (g) Energy Code.
- (h) Historic building.
- (i) Residential building.
- (j) Townhouse or townhouse unit.

Section 1240.3 Energy Code provisions applicable to commercial buildings.

(a) 2025 ECCCNY Commercial Provisions. Except as otherwise provided in section 1240.5 of this Part, the construction of all new commercial buildings; all additions to, alterations of, and/or renovations of existing commercial buildings; and all additions to, alterations of, and/or renovations of building systems in existing commercial buildings shall comply with the requirements of the 2025 ECCCNY Commercial Provisions. The 2025 ECCCNY (which includes the 2025 ECCCNY Commercial Provisions) is incorporated herein by reference.

(b) NYS ASHRAE 90.1-2025. To the extent provided in the 2025 ECCCNY Commercial Provisions, compliance with the requirements of NYS ASHRAE 90.1-2025, and the referenced standards incorporated therein, shall be permitted in lieu of compliance with the 2025 ECCCNY Commercial Provisions. NYS ASHRAE 90.1-2025 is incorporated herein by reference.

(c) Referenced standards. The referenced standards listed in Chapter 6 of the 2025 ECCCNY Commercial Provisions are considered to be part of the 2025 ECCCNY Commercial Provisions, subject to the provisions and limitations set forth in sections C107.1, C107.1.1, and C107.1.2 of the 2025 ECCCNY Commercial Provisions. The following referenced standards are incorporated herein by reference and shall be considered to be part of the 2025 ECCCNY Commercial Provisions, subject to the provisions and limitations set forth in sections C107.1, C107.1.1, and C107.1.2 of the 2020 ECCCNY Commercial Provisions:

(ii) ANSI/RESNET/ICC 380-2022: Standard for Testing Airtightness of Building, Dwelling Unit and Sleeping Unit Enclosures; Airtightness of Heating and Cooling Air Distribution Systems; and Airflow of Mechanical Ventilation Systems.

Section 1240.5 Exceptions.

(a) Historic buildings. Compliance with the provisions of the energy code shall not be required for character-defining features of historic buildings where a historic building report, prepared in accordance with the energy code, has been submitted and approved by the building official.

(b) Other exceptions. The Energy Code contains exceptions for specific types of work in existing buildings and for unaltered portions of existing buildings as adopted by the state fire prevention and building code council provided that such exceptions shall not prevent the attainment of the compliance goals set forth in section 410(2)(c) of the American Recovery and Reinvestment Act of 2009.

Section 1240.6 Fossil-fuel Equipment and Building Systems.

(a) Introduction. This section establishes standards for the installation of fossil-fuel equipment and building systems.

(b) Purpose. This section implements the provisions of subdivisions six, seven, and eight of section 11-104 of the Energy Law, as added by Part RR of Chapter 56 of the Laws of 2023.

(c) Definitions.

(1) The following terms are defined:

- (i) Agricultural building.
- (ii) Authority having jurisdiction.
- (iii) Car wash.
- (iv) Commercial food establishment.
- (v) Crematorium.
- (vi) Critical infrastructure.
- (vii) Electrification ready.
- (viii) Emergency management facility.
- (ix) Fossil fuel equipment and building systems.
- (x) Fuel cell system.
- (xi) Grid.
- (xii) Hospital and other medical facility.
- (xiii) Laboratory.
- (xiv) Laundromat.
- (xv) Local electric corporation.
- (xvi) Local utility.
- (xvii) Manufactured home.
- (xviii) Manufacturing facility.
- (xix) Municipal utility.
- (xx) Substantially complete building permit application.
- (xxi) Wastewater treatment facility.
- (xxii) Water treatment and pumping facility.

(2) For this section, the term 2025 ECCCNY shall have the meaning as ascribed to that term in section 1240.2 of this Title. The terms 2025 BCNY, 2025 EBCNY, 2025 FCNY, 2025 FGCNY, 2025 MCNY, 2025 PCNY, 2025 PMCNY, and 2025 RCNY are defined in section 1219.2.

(3) Other terms.

(d) Applicability of the prohibition against installation of fossil-fuel equipment and building systems in new buildings.

(1) General. The installation of fossil-fuel equipment and building systems in new buildings shall be prohibited in:

(i) any building not more than seven stories above grade plane in height for which a substantially complete building permit application for the initial construction of such building is submitted on or after December 31, 2025;

(ii) any building for which a substantially complete building permit application for the initial construction of such building is submitted after December 31, 2028.

(2) The provisions in paragraph (1) of this subdivision do not apply to buildings existing prior to the effective date of the applicable prohibition.

(e) Exemptions

(1) Exempt. The following are exempt:

- (i) manufactured home;
- (ii) agricultural building;
- (iii) critical infrastructure;
- (iv) a hospital or other medical facility; or
- (v) emergency back-up power or standby power.

(2) Grid exemption. Requires a written determination issued by local utility indicating that new or expanded electric service cannot be reasonably provided by the grid as operated by the local utility to such building.

(3) Conditionally exempt. Requires that subparagraphs (i) and (ii) are met:

(i) the fossil fuel equipment be used in one of the listed types of facilities; and

(ii) the applicant meets the conditions of clauses (a) and (b):

(a) the fossil fuel equipment does not include lighting, space conditioning and domestic water heating; and

(b) the limitations of subclauses (1) and (2) are met:

(1) the area where the fossil fuel equipment is installed is electrification ready; and

Additional matter required by statute:

Executive Law § 378(20)(a) provides that except as otherwise provided by statute, no change to the Uniform Fire Prevention and Building Code (Uniform Code) shall become effective until at least ninety days after the date on which notice of such change has been published in the State Register, unless the State Fire Prevention and Building Code Council (Code Council) finds that (i) an earlier effective date is necessary to protect health, safety and security; or (ii) the change to the code will not impose any additional compliance requirements on any person. Executive Law § 378(20)(b) authorizes the Code Council to provide that, during the period between the date of adoption of changes to the Uniform Code and the date on which such changes become effective, a person shall have the option of complying either with the provisions of the Uniform Code as changed or the provisions as they were set forth immediately prior to adoption of the change.

At its meeting held on July 25, 2025, the Code Council voted to adopt this rulemaking to amend the Uniform Code to take effect on December 31, 2025, which was at least ninety days after the date on which notice of such change was published in the State Register. In addition, the Code Council voted to provide that, during the transition period between adoption of this rule and the date on which the changes to the Uniform Code become effective, a person shall have the option of complying with either

the provisions of the Uniform Code as changed, or with the provisions of the Uniform Code in effect immediately prior to the adoption of this rule.

Pursuant to Executive Law § 377(1), the Secretary of State reviewed the amendment of the Uniform Code to be implemented by this rule, found that such amendment effectuates the purposes of Article 18 of the Executive Law, and therefore approved said amendment.

Revised Regulatory Impact Statement

The Department of State believes that the changes made to rule do not constitute substantial revisions of the rule as adopted, and do not necessitate a change to the original Regulatory Impact Statement or to the Summary of the Regulatory Impact Statement as published in the Notice of Adoption.

Revised Regulatory Flexibility Analysis

The Department of State believes that the changes made to rule do not constitute substantial revisions of the rule as adopted, and do not necessitate a change to the original Regulatory Flexibility Analysis for Small Businesses and Local Government as published in the Notice of Adoption.

Revised Rural Area Flexibility Analysis

The Department of State believes that the changes made to the rule do not constitute substantial revisions of the rule as adopted and do not necessitate a change to the original Rural Area Flexibility Analysis as published in the Notice of Adoption.

Revised Job Impact Statement

The Department of State believes that the changes made to rule do not constitute substantial revisions of the rule as adopted, and do not necessitate a change to the original Job Impact Statement as published in the Notice of Adoption.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Consensus Rule Making Determination

The Department of Transportation has determined that no person is likely to object to the adoption of this rule as written because the amendments merely make technical, noncontroversial changes and implement and conform to non-discretionary statutory provisions. The primary purpose of the proposed rule is to conform New York State's motor carrier safety regulations to recent amendments made by the Federal Motor Carrier Safety Administration. The amendments consist solely of technical corrections to the existing Federal Motor Carrier Safety Regulations and are limited to correcting inadvertent errors and omissions, removing or updating obsolete references, and improving the clarity and consistency of the existing regulations.

Job Impact Statement

The proposed amendments to 17 NYCRR will not have a substantial adverse effect on jobs and employment opportunities within New York State. The amendments consist solely of technical corrections to the existing Federal Motor Carrier Safety Regulations and are limited to correcting inadvertent errors and omissions, removing or updating obsolete references, and improving the clarity and consistency of the existing regulations. Because the rule does not impose new compliance requirements, operational standards, or costs on motor carriers, drivers, or other regulated entities, the Department of Transportation (Department) does not anticipate any impact on jobs or employment opportunities. Accordingly, the Department has determined that a Job Impact Statement is not required.

Revised Job Impact Statement

A revised job impact statement is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Assessment of Public Comment

An assessment of public comment is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code

RULE REVIEW

Department of Civil Service

Pursuant to section 207 of the State Administrative Procedure Act (SAPA), notice is hereby provided of rules adopted by the New York State Civil Service Commission and President of the Commission during calendar years 2001, 2006, 2011, 2016 and 2021.

Contained herein is a brief description of each rule, including the statutory authority therefor, and a statement setting forth the justification for the ongoing need for each rule and its proposed continuation without further modification.

Rules Adopted in Calendar Year 2001

Amendment to Chapter I of Title 4 of NYCRR (Rules for the Classified Service)

Statutory Authority: Civil Service Law section 64(4)

Description of the Rule: The rule repealed prior sections 4.11 and 4.12 and added a new section 4.11.

The rule describes the rights and limitations of “contingent permanent” appointments to positions in the competitive, non-competitive and labor classes.

Proposed Action: The rule has functioned consistent with the purposes underlying its adoption and shall be continued without modification.

Amendments to Chapter II of Title 4 of NYCRR (Attendance Rules for Employees in New York State Departments and Institutions)

Statutory Authority: Civil Service Law section 6

Description of the Rules: The rules amended sections 28-1.3(b), 28-2.1(c) and 28-3.7(a) and (c) upon the request of the Governor’s Office of Employee Relations (GOER) to provide that qualified managerial/confidential employees may utilize up to 200 days of accrued sick leave credits to pay for health insurance premiums during retirement.

The amendments to sections 28-3.7(a) and (c) provide that the rules governing donations of leave credits for managerial/confidential employees shall be consistent with such leave donation policies granted represented employees through collective bargaining agreements.

Proposed Action: The rule has functioned consistent with the purposes underlying its adoption and shall be continued without modification.

Rules Adopted in Calendar Year 2006

Amendment to Chapter I of Title 4 of NYCRR (Rules for the Classified Service)

Statutory Authority: Civil Service law section 63

Description of the Rule: The rule revised section 4.5 to provide for probationary terms for positions of University Police Officer 1 and University Police Officer 1 (Spanish Language) of not less than 52 nor more than 78 weeks.

Proposed Action: The rule has functioned consistent with the purposes underlying its adoption and shall be continued without modification.

Amendment to Chapter V of the Title 4 of NYCRR (Regulations of the Department of Civil Service [President’s Regulations])

Statutory Authority: Public Officers Law sections 87, 89

Description of the Rule: Public Officers Law Article 6 (Freedom of Information Law; “FOIL”) requires subject agencies to adopt regulations regarding public access to records. In accordance with FOIL, the regulation specifies how requests shall be acknowledged and addresses when the Department is unable to grant or deny a request for records within the initial twenty-day period from when the request is received.

Proposed Action: The rule is required by the Public Officers Law and shall be continued without modification.

Rules Adopted in Calendar Year 2011

Amendment to Chapter V of the Title 4 of NYCRR (Regulations of the Department of Civil Service [President’s Regulations])

Statutory Authority: Civil Service Law sections 80, 80-a

Description of the Rule: The rule amended section 72.1 to designate units for suspension, demotion or displacement for employees in the Agency Law Enforcement Services bargaining unit of the Department of Environmental Conservation.

Proposed Action: This rule is consistent with the operative collective bargaining agreement for subject employees and shall be continued without modification.

Amendment to Chapter V of the Title 4 of NYCRR (Regulations of the Department of Civil Service [President’s Regulations])

Statutory Authority: Civil Service Law 164

Description of the Rule: This rule amended section 73.2(e) to clarify that the President of State Civil Service Commission, as head of the State Department of Civil Service, may disqualify a dependent of a covered employee or retiree who has secured or attempted to secure participation in the health insurance plan or benefits under the plan authorized by Civil Service Law Art. 11 personally or for another by fraud, deception or a false statement of a material fact, or who has accepted benefits personally or for another knowing s/he was not entitled thereto.

Proposed Action: The rule has functioned consistent with the purposes underlying its adoption and shall be continued without modification.

Rules Adopted During Calendar Year 2016

No current amendments to Title 4 of NYCRR were adopted during calendar year 2016.

Rules adopted during Calendar Year 2021

Amendment to Chapter II of Title 4 of NYCRR (Attendance Rules for Employees in New York State Departments and Institutions)

Statutory Authority: Civil Service Law section 6; General Construction Law section 24

Description of the Rule: This Rule amended 21.1(b) to add Juneteenth to the list of State holidays recognized by the Attendance Rules.

Proposed Action: The rule has functioned consistent with the purposes underlying its adoption and shall be continued without modification.

There will be a forty-five (45) day public comment period follow-

ing publication of this notice. *Requests for information and public comments regarding the foregoing may be directed to:* Eugene Sarfoh, Counsel, Department of Civil Service, Empire State Plaza, Albany, NY 12239, (518) 473-2624, email address: eugene.sarfoh@cs.ny.gov

Department of State

RULES ADOPTED BY THE DEPARTMENT OF STATE IN 2022, 2020, 2015, 2010, 2005 AND 2000 THAT WERE REVIEWED IN 2025

Pursuant to section 207 of the State Administrative Procedure Act, notice is provided that the Department of State has reviewed rules to determine whether they should be modified or continued without modification. The following list indicates the rules to be continued without modification at this time. The sections and parts referenced below are located in Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York.

RULES ADOPTED IN 2022

DOS-39-21-00013

Abandonment of cemeteries

Continuation of the rule: Renumbering section 202.1 to 202.6, and adding new sections 202.1 through 202.5 was needed to provide procedures to help avoid abandonment of cemeteries and determine when a cemetery has become abandoned. This rule is still needed to provide procedures to help avoid the abandonment of cemeteries and determine when a cemetery has become abandoned. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 91; Not-for-Profit Corporation Law, section 1504(c)

DOS-51-21-00004

General administration related to the Division of Licensing Services

Continuation of the rule: Adding Part 159 was needed to give approved educational providers the option of offering mandatory course work virtually. The rule is still needed to continue to authorize schools and applicants to engage in remote learning. Remote learning vastly increases opportunities to obtain and maintain licensure. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 91

DOS-16-22-00001

Ventilation requirements applicable to appearance enhancement businesses

Continuation of the rule: Amending 160.16 was needed to provide an additional 6 months for appearance enhancement businesses to comply with ventilation standards. The rule is still needed to continue to provide a safe and healthy working environment for nail salon workers. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 91; General Business Law, sections 402(5) and 404

Definition of a "Qualifying 501(c)(4) entity" for the purposes of Part 146

Continuation of the rule: Continuing the amendment of section 146.1(f) is needed to maintain the correction of a technical error regarding Charitable and Non-Charitable Non-Profit Organization Filings with this Department. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, sections 91, 172-e, and 172-f

DOS-29-22-00004

Updates to standards related to real estate courses and continuing education

Continuation of the rule: Amending Parts 176 and 177 was needed to conform existing regulations to required changes related to fair housing education. The rule is still needed to continue providing education in fair housing related matters to real estate licensees. Discrimination in housing still occurs and providing education is a critical component to combat such conduct. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 91; Real Property Law, sections 441(3)(e), 442-h and 442-k

DOS-30-22-00002

Eligible professions for the purchase, sale and delivery of body armor

Continuation of the rule: Executive Law, section 144-a, added by Chapter 210 of the Laws of 2022, as amended by Section 15 of Chapter 371 of the Laws of 2022, required the Department of State to establish criteria for professions requiring the use of body armor and a process by which an individual or entity may request that the profession in which they engage be added to the list of eligible professions, a process by which the department shall approve such professions, and a process by which individuals and entities may present proof of engagement in eligible professions when purchasing body armor. The Department of State promulgated such regulations, which are codified at Part 905. Executive Law section 144-a was enacted without expiration and requires such regulations to be in place. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 144-a

RULES ADOPTED IN 2020

DOS-42-19-00001

Real estate advertisements

Continuation of the rule: Amending section 175.25 was needed to update regulations concerning real estate advertisements. The rule is still needed to continue to ensure that real estate licensees provide important disclosures in their advertising and engage in fair advertising practices so as to avoid public harm. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Real Property Law, section 442-k

DOS-02-20-00003

Enhanced fair housing provisions

Continuation of the rule: Adding sections 175.28, 175.29 and 177.9 was needed to provide additional notices and other enhancements related to fair housing and the Human Rights Law. The rule is still needed to continue to ensure that real estate licensees provide appropriate fair housing disclosures and that education is provided in a manner consistent with applicable standards. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Real Property Law, section 442-k

RULES ADOPTED IN 2015

DOS-09-15-00001

Regulations relating to the review of original applications

Continuation of the rule: Adding section 160.13 was needed to clarify the Department's review procedures for new applicants seeking licensure pursuant to Article 27 of the General Business Law. The rule is still needed to provide notice - to applicants seeking licensure - of the factors the Department may consider when reviewing an original application. The rule provides public notice to those applicants to clarify the application process and helps reduce errors and rejections. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: General Business Law, section 402(5)

DOS-35-15-00003

Posting requirements related to the provision of nail specialist services

Continuation of the rule: Adding 160.10(e) was needed to require the posting of a Bill of Rights sign at all businesses where nail specialist services are offered. The rule is still needed to continue providing public notice of the rights of nail salon workers who have been subject to workplace abuses. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: General Business Law, section 402(5) and 404

DOS-35-15-00004

Mandatory public posting of Notices of Violations in relation to the provision of appearance enhancement services

Continuation of the rule: Adding section 160.39 was needed to inform the public that the Department of State has commenced an enforcement proceeding against an unlicensed business. The rule is still needed to continue to provide public notice of illegal activity following an inspection by the Department. By providing this notice, the public will be able to avoid receiving personal services in an illegal shop which represents a public health risk. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: General Business Law, section 402(5) and 404

DOS-38-15-00003

Insurance and bond requirements related to the provision of appearance enhancement services

Continuation of the rule: Repealing and replacing section 160.9 was needed to enhance the protection of workers by adding new provisions requiring wage coverage. The rule is still needed to ensure that salons and businesses licensed by the Department maintain appropriate insurance for injuries and financial security to ensure the wages of workers. This rule is further needed to provide limits of insurance consistent with NY General Business Law Section 405(2). No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: General Business Law, sections 402(5) and 404

DOS-38-15-00004

Personal protective equipment in relation to the provision of appearance enhancement services

Continuation of the rule: Amending 160.11 and 160.20 was needed to require the provision of personal protective equipment. The rule is still needed to ensure that business owners continue to provide personal protective equipment to staff that often work with dangerous and hazardous materials. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: General Business Law, sections 402(5) and 404

DOS-43-15-00001

Real estate appraiser experience requirements

Continuation of the rule: Amending section 1102.4 was needed to clarify the maximum hours of experience through review appraisals. The rule is still needed to ensure that appraiser qualifications are consistent with those standards set forth by the Federal Appraisal Subcommittee. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

Legal basis for the rule: Executive Law, section 160-d

RULES ADOPTED IN 2010

DOS-14-10-00001

Document destruction contractors

Continuation of the rule: Adding Part 198 was needed to adopt implementing regulations for Article 39-G of the General Business Law. The rule is still needed to comply with General Business Law, section 899-bbb(12)(a), which requires the Department to promulgate regulations necessary effectuate the purposes of this article. Part 198

is therefore needed to fulfil this statutory mandate and ensure proper administration of the NY General Business Law. No public comments were received by the agency in response to the listing of this rule in the January 2025 Notice of Review of Existing Rules.

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

ABATE ASBESTOS

Various Albany Office of General Services Locations
Albany, Albany County

Sealed bids for Project No. 47870-B, comprising a contract for Hazardous Materials Work, Asbestos Abatement, Various Albany OGS Locations, Albany (Albany County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Office of General Services, until 2:00 p.m. on Wednesday, January 7, 2026, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$199,900 for B).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$7,000,000 and \$8,000,000 for B.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <https://ogs.ny.gov/ACPL/>

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,680,923 or less, adjusted annually for inflation as of March 1, 2025. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

 Project commenced design before January 1, 2020. Not subject to provision.

 XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 1095 days after the Agreement is approved by the Comptroller.

No pre-bid site visits have been scheduled for this project and prospective bidders are not allowed to visit the project site or facility buildings and grounds to take measurements or examine existing conditions.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows: 3% for the B trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

PUBLIC NOTICE Department of State F-2025-0578

Date of Issuance – December 24, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0578, the applicant, Valley Stream Central High School District, is proposing to stabilize 800' of streambank by installing coir logs with growing medium with 1 row of riprap at low tide line with plantings placed between the stones; vegetated rock gabion baskets

proposed to be installed along the western end of the shoreline; and a pipe replacement and riprap outfall towards to eastern end. The project is located at 150 Jedwood Place, Village of Valley Stream, Nassau County, Valley Stream/Hook Creek.

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/f-2025-0578> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or January 23, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2025-0604

Date of Issuance – December 24, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0604, NYC Department of Transportation is proposing to reconstruct the Hart Island Ferry Terminal. The project encompasses the removal of the gallows tower and the movable transfer span with all attachments thereto. The fender racks, gallows tower foundations, and approach platforms will be abandoned in place. Construction will not interfere with navigation as measures will be deployed to deter boats from using any remaining infrastructure to informally dock. Upland improvements include riprap and scour protection inshore of the existing mean high water to protect the shallow bridge foundations in coastal-A zones. The new transfer bridge will be supported on five (5) 12-inch steel pipe piles at the inshore abutment and has NYSDOT steel four-rail on the roadway's north and south sides. The approach bridge will extend inland, beyond the existing timber bulkhead with stone backfill, and transition into an asphalt-paved roadway. The western terminus of the approach space will rest on a concrete pile cap supported by four (4) 24-inch steel pipe piles. The western terminus of the transfer bridge will rest on a 32-foot wide by 45-foot-long steel pontoon anchored by two (2) 36-inch steel guide piles on the eastern terminus. Each wing of the fender rack system offshore of the bridge will be comprised on one (1) 36-inch guide pile with bolt-on laminated fender at the transition apron (2 total) offshore of the fender rack. At the offshore terminus of the transfer span, a mechanical apron lift system will be installed to transfer vehicles embarking and disembarking from the ferry. A net fill of 94.9 cubic yards below spring high tide over an area of 4,316 square feet is anticipated. The project site is owned by the NYC Department of Parks and Recreation and is located on the central western shoreline of Hart Island, the Bronx, along the Long Island Sound.

The stated purpose of the proposed action is to initiate efforts to bring the system up to modern design standards for vehicular bridges, structural redundancy, and resilience. The Hart Island ferry landing reconstruction, as proposed with a pontoon, would improve efficiency of ferry operations. Constructing a pontoon, as compared to a

traditional gallows tower, reduces the need for the manual adjustment of the transfer bridge upon docking across all tide levels.

Date of Issuance – December 24, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0607, The Town of Darien is proposing to mechanically dredge 11,200 cubic yards of sediment from shoaled areas totaling 3.1 acres of the Darien Harbor Navigation Channel. The Main Channel will be dredged to the proposed depth of -7 feet at mean lower low water (MLLW) plus one foot of allowable overdepth and the Pratt Cove Channel will be dredged to the proposed depth of -6 feet at MLLW plus one foot of allowable overdepth. Dispose of the total approximately 11,200 cubic yards of dredged sediment at the Western Long Island Sound Disposal Site (WLDS). The project location is in the Town of Darien within Fairfield County, in the State of Connecticut within Darien Harbor.

The WLDS is located within the Long Island Sound, approximately 2.7 nautical miles south of Long Neck Point, Noroton, Connecticut and covers an area approximately 2 square nautical miles in size, centered at 40° 59.50' N, 73° 28.95' W (NAD 83).

The stated purpose of the proposed action is to maintain adequate water depths for vessel navigation through Darien Harbor.

PUBLIC NOTICE

Department of State
F-2025-0750(DA)

Date of Issuance – December 24, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Coast Guard has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The agency's consistency determination and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2025-0750, the US Coast Guard proposes to repair or replace eight (8) Aids To Navigation (ATON) Structures within the Northeast District including one located within New York State at the Port Jefferson West Breakwater in the Town of Brookhaven, Suffolk County. The proposed work at the Port Jefferson West Breakwater includes repairs to the existing Port Jefferson West Breakwater Light 2A ATON

structure. The existing structure consists of a 27-foot-high skeleton tower on a concrete foundation, located on top of a stone jetty at the mouth of Port Jefferson Harbor. The proposed project would repair the concrete foundation and corroded components of the tower and replace the anchoring components. No in-water work is anticipated with the exception of the use of a barge for access and staging. The project includes two additional structures located in Connecticut waters on Long Island Sound and two more in Connecticut waters on Fishers Island Sound.

The stated purpose of the project is to address deficiencies in existing structures used as navigational aids for the safe passage of commercial and recreational vessels traffic.

The Authority reserves the right to determine whether any vehicle is of unusual or unconventional design, weight or construction and therefore not within any of the listed categories. The Authority also reserves the right to determine the crossing charge for any such vehicle of unusual or unconventional design, weight or construction.

Bikes are not permitted over the Bronx-Whitestone, Throgs Neck, and Verrazzano-Narrows Bridges, or through the Queens Midtown and Hugh L. Carey Tunnels. Bikes may cross the Robert F. Kennedy Queens span and Marine Parkway-Gil Hodges Bridges but must be walked across the pedestrian paths of such bridges. Bikes may be ridden on the shared use paths across the Cross Bay Veterans Memorial Bridge, Henry Hudson Bridge, and designated paths at the Robert F. Kennedy Manhattan and Bronx spans.

Only vehicles authorized to use parkways are authorized to use the Henry Hudson Bridge. An unauthorized vehicle using the Henry Hudson Bridge must pay the Marine Parkway-Gil Hodges Memorial Bridge rate.

E-ZPass crossing charges apply to New York E-ZPass Customer Service Center customers only and are available subject to terms, conditions and agreements established by the Authority.

There are no residential restrictions with regard to enrollment as a TBTA Customer in the New York Customer Service Center.
