The cemetery attempted to solicit additional bids from 6 local contractors as well as posting on the Construction Exchange. The sole bid from Western New York Cemetery Services is below their average bid price and is reasonable.

**DATE:** February 19, 2026

### Exhibits

- 1)** Western New York Cemetery Services estimate for \$37,844 (p. 99)
  - 2)** A request for bids posted on the website Construction Exchange (p. 62)

- B)** A conflict-of-interest statement from the cemetery. (p. 109)

### Introduction and Recommendation

I received an application (Exhibit A p. 3) for the repair of 40 hazardous monuments located in the Forest Lawn (Lakeside) Cemetery of the Town of Hamburg, Erie County. The application was submitted by Christopher Converse, Vice President of Administration, Forest Lawn Cemetery Association. Included with this application was an estimate from Western New York Cemetery services for \$37,844 (Exhibit A p.99). The cemetery attempted to get a second bid by posting on the website Construction Exchange (Exhibit A p. 62) and by directly soliciting bids from several companies known to do this type of work (Exhibit A p.65). The cemetery had last known addresses for 26 of the monuments which they sent letters to at a cost of \$19.24, thirteen of the letters were returned as undeliverable and the cemetery received no response from the remaining thirteen (Exhibit A p. 13). Also included was the legal notice to lot owners that was run for three consecutive weeks in The Buffalo News for \$3907.06. The ad included first and last names as well as lot numbers (Exhibit A p. 102). The cemetery also identified one conflict-of-interest and applied its conflict-of-interest procedure (Exhibit B p. 109)

I recommend approval of this application.

### The Monuments

I visited the cemetery on September 25, 2025, with Craig Wolcott, a Vice President Forest Lawn Cemetery Association, and found that 40 monuments were either loose on their foundations or tipping and appeared to

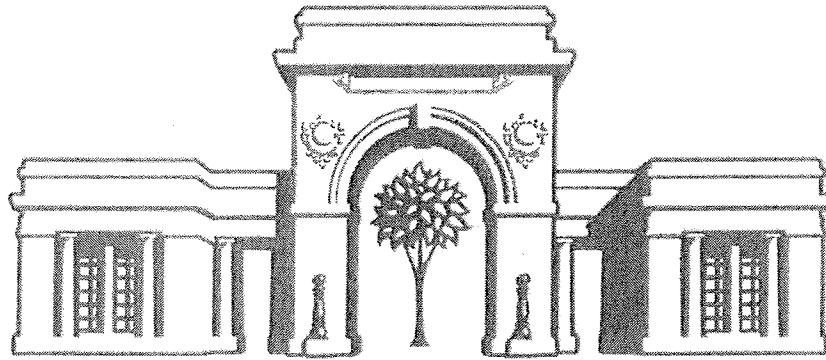

pose a hazard to cemetery visitors and employees. The cemetery has had no response to either legal advertisement that it placed or the letters it mailed, and has no funds dedicated to the restoration of monuments. Mr. Wolcott stated that he checked cemetery records, and the cemetery did have contact information for some of lot owners. However, he received no response to any of the 26 letters sent, based upon this information, it is the Division's understanding that the cemetery has determined that the lot owners cannot be located. Based on the advanced age of the monuments in question, it is assumed the foundations were laid privately by either the families or by monument contractors. The most recent monument is dated 1992.

Western New York Cemetery services proposes to remove the monuments from the existing foundations; dig out the existing foundations; place new foundations made of solid concrete poured to a depth of forty-two inches with the dimensions equivalent to the length and width of the monument; and replace the monument, resealing all joints with setting compound or epoxy. The warranty is for 20 years.

### **Recommendation**

The cemetery is current with its payments to the vandalism fund and with the filing of its annual reports. All documents are in order, and this is a legitimate claim for \$41,770.30. I recommend that this application be approved.

Hi Leilon!

Well, we all survived the summer, and even managed to find some time to enjoy the beautiful weather! I hope that you did too, and that all is well in your world!

Thank you for thinking of me, but I believe my bids the last time around proved that I cannot be competitive with your current bidder's pricing...lol. If, at some point in time, my overhead is dramatically reduced, I may try again, but for now, putting a bid together for these would be an exercise in futility, so I won't be bidding them.

Thank you again! I do appreciate you reaching out to me!

Have a great day!

Jen

**FOREST LAWN**  
CEMETERY GROUP

February 12, 2026

To Whom it May Concern:

In the Application for Repair or Removal of Dilapidated or Disrepaired Monuments that Create a Dangerous Condition for Lakeside and Forest Lawn Cemeteries (submitted January 8, 2026 and February 2, 2026) the cemetery's Conflict of Interest Policy was closely followed.

No member of the Board of Trustees has a recorded conflict of interest with any vendor solicited for monument repairs and none of the Trustees had any input on contacts for bids or the awarding bid. Each Trustee submits an annual Conflict of Interest disclosure at the Annual Corporate Meeting in April.

Craig Wolcott, Vice President of Operations, has a disclosed and recorded Conflict of Interest with one of the bidding companies, namely WNY Cemetery Service. Mr. Wolcott was not involved with the selection of bid requests nor did he review any of the bids submitted for monument repair. His involvement with this project was solely selecting the stones which are in need of repair, which was done in collaboration with other members of the Grounds & Facilities staff.

Sincerely,

Jennifer Kovach  
Executive Administrative Assistant

## CONFLICT OF INTEREST POLICY

**WHEREAS**, the Board of Trustees of The Buffalo City Cemetery (the "Corporation") has consistently followed a policy of avoiding conflicts of interest or the appearance of such conflicts on the part of officers, Board members, committee members and staff; and

**WHEREAS**, it is desirable that the Board's policy of avoiding conflicts of interest be clarified by resolution adopted by the Board; it is therefore

**RESOLVED**, that the Board hereby adopts the following policy regarding possible conflicts of interest involving officers, Board members, committee members or staff of the Corporation:

1. **General Principle**. Service as a Board member of the Corporation, as an officer of the Corporation or as a member of a committee of the Corporation shall not be used as a means for private benefit or inurement.

2. **Transactions With Corporation**. No Board member, committee member or officer of the Corporation who is a vendor of goods or services to the Corporation or is affiliated (as described in Section 5 below) with any vendor of goods or services to the Corporation shall vote on, or participate on behalf of the Corporation in the administration of, any transaction with such vendor. Such member or officer shall, upon request of any Board member or committee member (1) answer any questions posed by any Board or committee member concerning such transaction and (b) leave any meeting for the period of time that the Board or any committee thereof is discussing such transaction. The minutes of the meeting of the Board or committee at which such transaction was discussed shall reflect that a disclosure of the officer's or Board or committee member's interest was made and that such officer or Board or committee member abstained from voting on the transaction. The Board or committee shall follow any by-law requirements in effect with respect to approval of contracts between Board members and the Corporation.

3. **No Special Consideration**. No individual or entity with which an officer, Board member, committee member or staff member is affiliated shall receive any special consideration by the Board or staff. There shall be no variation in the procedures for processing transactions with such affiliated entities or individuals.

4. **Staff Member Affiliations**. No member of the staff of the Corporation shall, without previous approval of the Chair of the Corporation, be, or be affiliated with, a vendor to the Corporation.

5. **Definition of "Affiliated"**. A person shall be deemed to be affiliated with an entity if

- (a) the person serves as a member of the governing body of the entity;
- (b) the person serves as an officer or employee of the entity;
- (c) the person has a material economic relationship with the entity; or
- (d) the person's spouse, parent, sibling, child, or member of the immediate household holds such a position or has such a relationship.

A person shall be deemed to be affiliated with an individual if such individual is a spouse, parent, sibling, child, or member of the immediate household of such person or has a material economic relationship with such person.

6. **Determination by Board.** If an officer, Board member, committee member or staff member is unsure whether a conflict or an affiliation exists, he or she shall disclose the relevant facts to the Board and shall abide by the decision of the Board as to the existence of a conflict or affiliation.

7. **Disclosure.** An officer, Board member, committee member or staff member shall advise the Chair of the Corporation of his or her affiliation with any existing or proposed vendor in response to an annual questionnaire and at any other time when such officer, Board member, committee member or staff member becomes aware of an affiliation that has not previously been disclosed.

8. **General Policy Discussions.** Nothing contained in this Conflict of Interest Policy shall be construed to prohibit an officer, Board member or committee member from speaking directly on issues of broad policy that are under consideration by the Board or one of its committees, even if such issues may have an effect on an interest of such officer, Board member or committee member. For example, an officer, Board member or committee member may participate in a general discussion about computer services for the Corporation even though the officer, Board member or committee member has an interest in a computer services corporation, but the officer, Board member or committee member must not advocate that services be provided by an entity or individual with which or whom he or she is affiliated.

Craig Wolcott
