- Possession of Medication by Incarcerated Individuals
- Statewide Protocols for Diapering and Toileting

Executive Orders
Court Notices

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:

- the 60-day period expires on June 14, 2026
- the 45-day period expires on May 30, 2026

**KATHY HOCHUL
GOVERNOR**

**WALTER T. MOSLEY
SECRETARY OF STATE**

NEW YORK STATE REGISTER

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

Administrative Regulations Review Commission
State Capitol
Albany, NY 12247
Telephone: (518) 455-2731

Each paid subscription to the *New York State Register* includes one weekly issue for a full year and four "Quarterly Index" issues. The Quarterly is a cumulative list of actions that shows the status of every rule making action in progress or initiated within a calendar year.

The *Register* costs \$80 a year for a subscription mailed first class and \$40 for periodical (second) class. Prepayment is required. To order, send a check or money order payable to the NYS Department of State to the following address:

NYS Department of State
One Commerce Plaza
99 Washington Avenue
Suite 650
Albany, NY 12231-0001
Telephone: (518) 474-6957

KEY: (P) Proposal; (RP) Revised Proposal; (E) Emergency; (EP) Emergency and Proposal; (A) Adoption; (AA) Amended Adoption; (W) Withdrawal

Public comment may be sent via electronic mail to e-mail addresses that may appear in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

State Commission of Correction

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Supervision of Female Detainees

I.D. No. CMC-15-26-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 7504.1 and 7506.1 of Title 9 NYCRR.

Statutory authority: Correction Law, section 45(6) and (15)

Subject: Supervision of female detainees.

Purpose: To allow the supervision of female detainees by male officers in police lockups, provided certain safeguards are established.

Text of proposed rule: Section 7504.1 of Title 9 is amended to read as follows:

(a) As a minimum, the condition of [prisoners] *detainees* shall be checked, by actual visits to cells and detention rooms, at intervals not to exceed 30 minutes.

(b) In situations where a [prisoner's] *detainee's* physical or mental condition obviously warrants it, constant observation and supervision shall be provided.

(c) The supervisory visit procedure shall be accomplished either by personnel on full-time duty in the detention area or by those assigned to other duties in police department operations.

(d) A suitable record of supervisory visits shall be maintained in ink and in a legible manner and shall include but shall not necessarily be limited to the following information:

- (1) date;
- (2) time of each visit;
- (3) condition of [prisoner] *detainee(s)*, e.g., awake, sleeping, etc.;
- (4) other notations considered relevant;
- (5) signature of officer or matron.

(e) Supervision of female [prisoners] *detainees* shall be accomplished by a matron, and a female [prisoner] *detainee* shall not be placed in or removed from a detention area unless the matron is present. The matron shall retain the key for the detention area for females and no male person shall be permitted to enter an area where female [prisoners] *detainees* are detained unless accompanied by the matron.

(f) If a detention facility is located in a structure which is not of fire-resistant construction and where a fire hazard of extensive proportions exists, constant supervision is required.

(g) The use of closed circuit television to visually monitor an area in which [prisoners] *detainees* are detained is approved only as an adjunct to actual physical supervisory visits by police department personnel and shall not be considered as a substitute for such visits.

(h) Under no circumstances shall an officer while armed enter a detention area where [prisoners] *detainees* are being detained.

(i) *Notwithstanding the requirements of subdivision (e) of this section, a male officer may place a female detainee in, and remove such detainee from, a detention area, and perform supervisory visits of a female detainee as required by subdivision (a) of this section, only when:*

- (1) *a female officer or matron is present within the building and has the ability to respond when necessary;*
- (2) *any search of a female detainee is conducted by a female officer or matron;*
- (3) *the constant supervision of a female detainee is conducted by a female officer or matron;*
- (4) *female detainees are provided adequate privacy from the view of male officers while using the toilet;*
- (5) *there exists a system of video recording of the detention area that cannot be disabled by staff; and*
- (6) *an entry is made in the supervision records that provides the date, time and officer name when supervision of a female detainee is being conducted by a male officer.*

Subdivision (d) of section 7506.1 of Title 9 is amended to read as follows:

(d) When a *bench* or an approved [type] *composite* or wood bunk is in use, mattresses, sheets and pillowcases are not required in routine operations.

Text of proposed rule and any required statements and analyses may be obtained from: Deborah Slack-Bean, Associate Attorney, Commission of Correction, Alfred E. Smith State Office Building, 80 S. Swan Street, 12th Floor, Albany, New York 12210, (518) 485-2346, email: Deborah.Slack-Bean@scoc.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority:

Subdivision (6) of section 45 of the Correction Law authorizes the Commission to promulgate rules and regulations establishing minimum standards for the care, custody, correction, treatment, supervision, discipline, and other correctional programs for all persons confined in the local correctional facilities of New York State. Subdivision (15) of section 45 of the Correction Law allows the Commission to adopt, amend or rescind such rules and regulations as may be necessary or convenient to the performance of its functions, powers and duties.

2. Legislative objectives:

By vesting the Commission with this rulemaking and oversight authority, the Legislature intended the Commission to enact regulations that establish regulations controlling the custody and supervision of police lockup detainees.

3. Needs and benefits:

Unchanged since 1976, the Commission's regulations for police lockups require that the supervision of female detainees be accomplished exclusively by a matron, who shall be present any time a female detainee is confined or when any male officer is present. This requirement was likely derived from the former county jail requirements of County Law section 652, which required each sheriff to appoint "a reputable woman as matron to each jail, who shall have sole charge of the female prisoners and of that portion of the jail in which female prisoners are detained." This provision was amended more than 30 years ago (L.1994, c.671, § 1), and now requires only that a female officer "shall be in attendance in a correctional facility when females are confined in the correctional facility."

In the last several years, the Commission has received numerous requests for variances from the requirements of 9 NYCRR § 7504.1, with police departments asserting that present conditions have made it difficult to find and retain a suitable number of matrons to accommodate around-the-clock coverage of the facility. When matrons are not available, female officers are often pulled from their ordinary police duties to perform lockup supervision. The Commission has generally granted such variance requests, but only on the condition that there is a female officer present within the department at all times a detainee is being held, that any search or constant supervision of a female detainee is conducted by female officers or matrons, and that there exists a system of video recording of the detention area that cannot be disabled by staff. Additionally, the Commission required any police department granted a variance to maintain a centralized record of allegations of improper or physical contact between a female prisoner and male officer, to include any allegation, the investigative files, findings, and any related disposition. With more than 300,000 female detainees reported as being held in the 12 departments (including NYPD) granted a variance since 2018, not one single allegation of improper or physical contact between a female prisoner and a male officer related to the lockup was reported to Commission staff while conducting on-site reviews of the variance prior to renewal. Consequently, the Commission is confident that, with the conditions imposed, the regulation can be amended to allow the supervision of female detainees in a police lockup by male officers without jeopardizing the safety of such detainees.

Additionally, the language of section 7506.1(d) of the Commission's lockup regulations has long caused confusion with police departments as to when bedding was required to be issued to detainees. The proposed amendment is submitted to clarify that appropriate bedding is not required when only benches or wood or composite bunks are present.

4. Costs:

a. Costs to regulated parties for the implementation of and continuing compliance with the rule: None. As set forth above, the proposed rulemaking, if anything, would increase the availability of female officers for non-supervisory functions.

b. Costs to the agency, the State and local governments for the implementation and continuation of the rule: None. The regulation does not apply to State agencies or governmental bodies. As set forth above in subdivision (a), there are no additional costs to local governments.

c. This statement detailing the projected costs of the rule is based upon the Commission's oversight and experience relative to the operation and function of local correctional facilities.

5. Local government mandates:

None. The rulemaking would provide police department officials additional options relative to the supervision of female detainees in lockups.

6. Paperwork:

Should a police department elect to supervise a female detainee with a male officer within the lockup, it would require only a brief descriptive entry in the supervision records.

7. Duplication:

The rule does not duplicate any existing State or Federal requirement.

8. Alternatives:

The alternative, maintaining the current regulations for the supervision of female detainees only by a matron, was dismissed by the Commission due to the agency's belief that the proposed rulemaking, if anything, would allow police departments to more efficiently provide detainee supervision while ensuring the continued safety of the detainees.

9. Federal standards:

There are no applicable minimum standards of the Federal government.

10. Compliance schedule:

Each local correctional facility is expected to be able to achieve compliance with the proposed rule immediately once effective, which shall occur upon publication of a Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis is not required pursuant to subdivision three of section 202-b of the State Administrative Procedure Act because the rule does not impose an adverse economic impact on small businesses or local governments. The proposed rule seeks only to allow the supervision of female detainees by male officers in police lockups, provided certain safeguards are established. Accordingly, it will not have an adverse impact on small businesses or local governments, nor impose any substantial reporting, recordkeeping, or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not required pursuant to subdivision four of section 202-bb of the State Administrative Procedure Act because the rule does not impose an adverse impact on rural areas. The proposed rule seeks only to allow the supervision of female detainees by male officers in police lockups, provided certain safeguards are established. Accordingly, it will not impose an adverse economic impact on rural areas, nor impose any substantial recordkeeping, reporting, or other compliance requirements on private or public entities in rural areas.

Job Impact Statement

A Job Impact Statement is not required pursuant to subdivision two of section 201-a of the State Administrative Procedure Act because the rule will not have a substantial adverse impact on jobs and employment opportunities, as apparent from its nature and purpose. The proposed rule seeks only to allow the supervision of female detainees by male officers in police lockups, provided certain safeguards are established. As such, there will be no substantial impact on jobs and employment opportunities.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Possession of Medication by Incarcerated Individuals

I.D. No. CMC-15-26-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of section 7010.3 of Title 9 NYCRR.

Statutory authority: Correction Law, section 45(6) and (15)

Subject: Possession of medication by incarcerated individuals.

Purpose: To provide jail healthcare providers the ability to supply incarcerated individuals with a supply of low-risk medication.

Text of proposed rule: Section 7010.3 of Title 9 is amended to read as follows:

Section 7010.3. Possession of medication by [inmates] *incarcerated individuals*

(a) Under no circumstances shall a supply of [medicine or medication] *a controlled substance, a psychotropic medication, or any medication requiring injection or measuring* be issued to or [be allowed to be in the possession of an inmate] *possessed by an incarcerated individual*.

(b) [Any jurisdiction may request a waiver of the requirements of this section by applying for such waiver to the Commission of Correction. The commission shall make a determination regarding such request based upon the facts and circumstances described therein.] *At the mutual discretion of the jail physician and the chief administrative officer, incarcerated*

individuals may be issued and possess a supply of medication, not prohibited by subdivision (a) of this section, provided that:

(1) the medication was dispensed by the jail physician or other health care staff licensed to do so;

(2) the medication was provided to the incarcerated individual in a blister pack labeled with the individual's name, medication name, directions for use, and quantity provided;

(3) the supply of medication provided is prescribed to last a maximum of fourteen (14) days; and

(4) the incarcerated individual has been educated and provided instruction on the proper dosage and administration of the medication.

(c) Notwithstanding the requirements of [subdivision (a) of] this section, any [inmate] *incarcerated individual* prescribed either nitroglycerine or an asthma or other respiratory inhalant shall be issued and allowed to keep on [his] *their* person a sufficient quantity of such medicine or medication.

Text of proposed rule and any required statements and analyses may be obtained from: Deborah Slack-Bean, Associate Attorney, Commission of Correction, Alfred E. Smith State Office Building, 80 S. Swan Street, 12th Floor, Albany, New York 12210, (518) 485-2346, email: Deborah.Slack-Bean@scoc.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority:

Subdivision (6) of section 45 of the Correction Law authorizes the Commission to promulgate rules and regulations establishing minimum standards for the care, custody, correction, treatment, supervision, discipline, and other correctional programs for all persons confined in the local correctional facilities of New York State. Subdivision (15) of section 45 of the Correction Law allows the Commission to adopt, amend or rescind such rules and regulations as may be necessary or convenient to the performance of its functions, powers and duties.

2. Legislative objectives:

By vesting the Commission with this rulemaking and oversight authority, the Legislature intended the Commission to enact regulations that establish regulations controlling the possession of medication by incarcerated individuals of local correctional facilities.

3. Needs and benefits:

Historically, Commission regulations have prohibited incarcerated individuals from possessing a supply of any medication, although allowing individual jurisdictions to request a waiver upon demonstration of sufficient policies and controls that allow for limited exceptions. A 2007 amendment required facilities to allow incarcerated individuals to maintain possession of nitroglycerine and respiratory inhalants.

The Commission finds that amending regulations to permit incarcerated individuals to keep non-controlled and non-psychotropic medications (commonly known as "keep-on-person" or KOP policies) would prove beneficial for promoting treatment adherence, reducing operational burdens on correctional facilities, and upholding basic dignity in healthcare. Allowing incarcerated individuals to possess and self-administer routine, low-risk medications—such as blood pressure pills, inhalers, antacids, or over-the-counter pain relievers—ensures consistent dosing without burdening facility health care staff, which may be disrupted by lockdowns, counts, or staffing shortages. This continuity is critical for managing chronic conditions effectively, lowering the risk of complications, and reducing emergency medical costs for the facility. KOP programs also foster personal responsibility, mirror real-world medication management, and help prepare individuals for successful reentry.

The New York State Department of Corrections and Community Supervision (DOCCS) has successfully operated a KOP program for many years, with demonstrated safety, effectiveness and efficiency. Lastly, this amendment could help increase available healthcare staff resources necessary to meet recent requirements placed upon jails following the medication assisted treatment (MAT) legislation that took effect in 2022.

4. Costs:

a. Costs to regulated parties for the implementation of and continuing compliance with the rule: None. As set forth above, the proposed rulemaking, if anything, would increase available jail healthcare staff resources.

b. Costs to the agency, the State and local governments for the implementation and continuation of the rule: None. The regulation does not apply to State agencies or governmental bodies. As set forth above in subdivision (a), there are no additional costs to local governments.

c. This statement detailing the projected costs of the rule is based upon the Commission's oversight and experience relative to the operation and function of local correctional facilities.

5. Local government mandates:

None. The rulemaking would provide jail healthcare providers the ad-

ditional ability to supply incarcerated individuals with a supply of low-risk medications.

6. Paperwork:

If a jail healthcare provider chooses to provide an incarcerated individual with a supply of low-risk medications, the supply would require appropriate labeling.

7. Duplication:

The rule does not duplicate any existing State or Federal requirement.

8. Alternatives:

The alternative, maintaining the current regulations for the possession of medication by incarcerated individuals, was dismissed by the Commission due to the agency's belief that the proposed rulemaking, if anything, would increase available jail healthcare staff resources, as well as foster personal responsibility, mirror real-world medication management, and help prepare individuals for successful reentry.

9. Federal standards:

There are no applicable minimum standards of the Federal government.

10. Compliance schedule:

Each local correctional facility is expected to be able to achieve compliance with the proposed rule immediately once effective, which shall occur upon publication of a Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis is not required pursuant to subdivision three of section 202-b of the State Administrative Procedure Act because the rule does not impose an adverse economic impact on small businesses or local governments. The proposed rule seeks only to provide jail healthcare providers the additional ability to supply incarcerated individuals with a supply of low-risk medications. Accordingly, it will not have an adverse impact on small businesses or local governments, nor impose any substantial reporting, recordkeeping, or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not required pursuant to subdivision four of section 202-bb of the State Administrative Procedure Act because the rule does not impose an adverse impact on rural areas. The proposed rule seeks only to provide jail healthcare providers the additional ability to supply incarcerated individuals with a supply of low-risk medications. Accordingly, it will not impose an adverse economic impact on rural areas, nor impose any substantial recordkeeping, reporting, or other compliance requirements on private or public entities in rural areas.

Job Impact Statement

A Job Impact Statement is not required pursuant to subdivision two of section 201-a of the State Administrative Procedure Act because the rule will not have a substantial adverse impact on jobs and employment opportunities, as apparent from its nature and purpose. The proposed rule seeks only to provide jail healthcare providers the additional ability to supply incarcerated individuals with a supply of low-risk medications. As such, there will be no substantial impact on jobs and employment opportunities.

for diapering and toileting of students in public schools. The statute requires that the protocols include requiring most schools—including school districts, public schools, boards of cooperative educational services (BOCES), special act school districts, approved private residential or nonresidential schools for the education of students with disabilities, state-supported schools for the blind and deaf, and certain approved preschool special education programs—to provide students and staff with safe and accessible equipment, supplies, and facilities for diapering and toileting. It also defines basic procedures to promote a safe and healthy environment. Consistent with Education Law § 305, the Department proposes to add a new section 136.10 to the Regulations of the Commissioner of Education to implement the legislation described above.

Since the Board of Regents meets at fixed intervals, the earliest the proposed amendment could be adopted by regular (nonemergency) action after expiration of the 45-day public comment period provided for in the State Administrative Procedure Act (SAPA) sections 201(1) and (5) would be the May 2026 Regents meeting. Furthermore, pursuant to SAPA 203(1), the earliest effective date of the proposed rule, if adopted at the May 2026 meeting, would be June 3, 2026, the date the Notice of Adoption would be published in the State Register.

Therefore, emergency action is necessary at the January 2026 meeting, effective March 27, 2026, for the preservation of public health and safety to immediately conform the Commissioner's regulations to Chapter 361 of the Laws of 2024.

It is anticipated that the proposed rule will be presented to the Board of Regents for adoption as a permanent rule at the May 2026 Regents meeting, which is the first scheduled meeting after expiration of the 45-day public comment period mandated by SAPA for state agency rule making.

Subject: Statewide protocols for diapering and toileting.

Purpose: To implement chapter 361 of the Laws of 2024.

Text of emergency rule: 1. The Regulations of the Commissioner of Education are amended by adding a new section 136.10 to read as follows:

Section 136.10 Statewide Protocols for Diapering and Toileting

(a) *Definitions. As used in this section:*

(1) *Diapering means the process of disposing of soiled diapers, cleansing the skin, and reapplying a clean, dry diaper to ensure hygiene and comfort.*

(2) *Toileting means any activity related to a student's use of restroom facilities, including bathroom breaks, assistance with specific tasks related to toileting, and management of toileting accidents.*

(3) *Toilet learning means a series of steps aimed at helping a student develop the skills and independence necessary for using the toilet.*

(4) *School means a school district, public school, board of cooperative educational services, special act school district, approved preschool special education programs that are not licensed or otherwise regulated by other state agencies, state-supported school, or approved private school for the education of students with disabilities.*

(5) *School personnel means any applicable staff members identified by the school, which may include but not be limited to teachers, aides, administrators, nurses, or custodians.*

(6) *Student means school-age students, prekindergarten students, and preschool students with disabilities attending a school as defined in this section.*

(7) *Prekindergarten students means children enrolled in State-administered Universal Prekindergarten (UPK) programs overseen by a public school district.*

(b) *All schools shall:*

(1) *Define basic procedures to promote a safe and healthy environment to support diapering and toileting and establish a plan with protocols that outlines clear, age-appropriate routines to support student privacy, hygiene, and supervision. School plans must:*

(i) *identify staff roles and responsibilities regarding diapering and toileting within the school;*

(ii) *respect the privacy of each student during diapering and toileting, in accordance with age and developmental needs, while maintaining appropriate supervision;*

(iii) *ensure that staff provide direct and/or indirect supervision per student needs; and*

(iv) *be made available to parents and persons in parental relation upon request.*

(2) *Provide annual training on health and safety procedures to all relevant school personnel. Such training must address the following:*

(i) *maintenance of the diapering and toileting areas to ensure they are safe, sanitary, and hygienic for all students;*

(ii) *blood borne pathogens and the use of standard precautions when dealing with blood and bodily fluids in accordance with the school's Bloodborne Pathogens (BBP) exposure control plan and training as required by 29 CFR 1910.1030; and*

(iii) *how to assist students with toilet learning and personal care*

Education Department

EMERGENCY RULE MAKING

Statewide Protocols for Diapering and Toileting

I.D. No. EDU-38-25-00010-E

Filing No. 273

Filing Date: 2026-03-27

Effective Date: 2026-03-27

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of section 136.10 to Title 8 NYCRR.

Statutory authority: Education Law, sections 101, 207 and 305; L. 2024, ch. 361

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: Chapter 361 of the Laws of 2024 adds a new subdivision 62 to section 305 of the Education Law, effective March 27, 2026, which directs the Commissioner to promulgate rules and regulations establishing uniform statewide protocols

needs in a respectful, culturally responsive, and developmentally appropriate way.

(3) Ensure that every restroom and diaper changing area is consistently maintained and cleaned, operational, safe, and appropriately equipped. Specifically, schools must ensure that:

(i) toileting and diaper changing areas are as close as possible to a sink with soap, paper towels or hand dryer, and running water. The toileting and diaper changing areas or sinks must not be used for food preparation; and

(ii) the diaper changing area has a lined, covered container or a plastic bag designated for soiled diapers. Soiled diapers must be placed in an outdoor receptacle or one out of reach of students.

(4) Ensure that toileting facilities and changing areas provide students with privacy in a separate area that is developmentally appropriate and accessible for all students, including students with disabilities. Toilet seats and changing tables must be appropriate to age and size of students. Schools must also ensure that there is appropriate equipment for toileting and diapering as needed for students with disabilities, including any equipment that may be required by their individualized education program (IEP) or section 504 Plan.

(5) Provide students with access to restroom facilities during the school day, including during instructional time as needed, and extracurricular time.

(6) Provide access to diapering, toileting, or restroom use without unreasonable delay.

(7) Ensure that restrooms and changing areas are safe and clean.

(8) Ensure the following essential diapering and toileting supplies and equipment are accessible at all times as appropriate per student need:

(i) toilet paper;

(ii) soap available for handwashing;

(iii) paper towels or functional hand dryers, available for hand drying;

(iv) disposable gloves, available for use in restrooms;

(v) wipes;

(vi) plastic bags for soiled clothing;

(vii) extra diapers and pull-ups; and

(viii) step stools or potty seats.

(9) Not suspend, disenroll, or exclude a student from enrollment or participation in school or school programs based on their toileting status.

(10) Manage toileting accidents with sensitivity and without punishment, exclusion, or shaming.

(11) In addition to the other provisions of this section applicable to all students, provide all supports, services, and specialized equipment to preschool and school-age students with disabilities who require assistance with toileting in accordance with their IEP or section 504 Plan.

(12) Ensure that school personnel adhere to developmentally appropriate toileting policies and supports for younger students (three- and four-year-old prekindergarten students and preschool students with disabilities) and school-age students who require diapering and/or toileting support, recognizing the variability in toileting independence at each stage of development. Such policies should address the following:

(i) Adjust toilet learning based on individual needs; and

(ii) Work in partnership with families to support individualized toilet learning by making arrangements with families to provide an adequate supply of diapers and pull-ups and suitable clothing, so that students who soil their clothing may be changed. All clothing must be returned to parents for washing or otherwise disposed of properly.

(13) Ensure that, upon request, multilingual learners and their families receive information about toileting procedures, expectations, and supports in their preferred language.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. EDU-38-25-00010-RP, Issue of January 28, 2026. The emergency rule will expire June 24, 2026.

Text of rule and any required statements and analyses may be obtained from: Joshua Dingman, NYS Education Department, Office of Counsel, 89 Washington Avenue, Room 148, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Education Law § 101 charges the Department with the general management and supervision of all public schools and all of the educational work of the state.

Education Law § 207 grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law § 305(1) and (2) provide that the Commissioner, as chief executive officer of the State's education system, with general supervision over all schools and institutions subject to the Education Law, or of any

statute relating to education, and responsibility for executing all educational policies of the Board of Regents.

Education Law § 305(62), as added by Chapter 361 of the Laws of 2024 directs the Commissioner to promulgate rules and regulations establishing uniform statewide procedures for diapering and toileting of students in public schools.

2. LEGISLATIVE OBJECTIVES:

The proposed rule is consistent with the above statutory authority and is necessary to bring regulations into compliance with Chapter 361 of the Laws of 2024.

3. NEEDS AND BENEFITS:

Chapter 361 of the Laws of 2024 (Chapter 361) adds a new subdivision 62 to section 305 of the Education Law, effective March 27, 2026, which directs the Commissioner to promulgate rules and regulations establishing uniform statewide procedures for diapering and toileting of students in public schools. The statute requires that the procedures include requiring most schools to provide students and staff with safe and accessible equipment, supplies, and facilities for diapering and toileting. It also defines basic procedures to promote a safe and healthy environment.

Consistent with Education Law § 305, the Department proposes to add a new section 136.10 to the Regulations of the Commissioner of Education to implement the legislation described above. Specifically, the proposed rule requires that schools:

- Define basic procedures to promote a safe and healthy environment to support diapering and toileting and establish a plan with protocols that outlines clear, age-appropriate routines to support student privacy, hygiene, and supervision;

- Provide annual training on health and safety procedures to all relevant school personnel;

- Ensure that every restroom and diaper changing area is consistently maintained and cleaned, operational, safe, and appropriately equipped;

- Ensure that toileting facilities and changing areas provide students with privacy in a separate area that is developmentally appropriate and accessible for all students, including students with disabilities;

- Provide students with access to restroom facilities during the school day, including instructional and extracurricular time;

- Provide access to diapering, toileting, or restroom without unreasonable delay;

- Ensure that restrooms and changing areas are safe and clean;

- Ensure essential diapering and toileting supplies and equipment are accessible at all times as appropriate per student need;

- Not suspend, disenroll, or exclude a student from enrollment or participation in school or school programs based on their toileting status;

- Manage toileting accidents with sensitivity and without punishment, exclusion, or shaming; and

- Provide all supports, services, and specialized equipment to preschool and school-age students with disabilities who require assistance with toileting in accordance with their individualized educational program (IEP) or section 504 Plan.

4. COSTS:

(a) Costs to State government: The proposed rule does not impose any costs on State government.

(b) Costs to local government: Chapter 361 requires the Commissioner to promulgate regulations to establish uniform statewide protocols for diapering and toileting of students in public school districts. The proposed rule does not impose any costs on districts beyond those imposed statute.

(c) Cost to private regulated parties: In accordance with Chapter 361, the proposed rule applies to certain approved private schools and programs. As stated above the rule does not impose any costs beyond those imposed by statute.

(d) Cost to the regulatory agency: The proposed rule does not impose any costs on the State Education Department for implementation and continued administration.

5. LOCAL GOVERNMENT MANDATES:

Consistent with Chapter 361, the proposed rule requires all schools, including public school districts, to develop procedures relating to diapering and toileting of students, to train relevant personnel on the procedures, and to implement such procedures as more fully described in the NEEDS AND BENEFITS section above.

6. PAPERWORK:

The proposed rule does not impose any paperwork mandates.

7. DUPLICATION:

While there are diapering and toileting regulations for schools and programs licensed by the Office of Children and Family Services, the proposed rule only applies to schools and programs that are not licensed or regulated by other state agencies. Therefore, the amendment does not duplicate other existing state or federal requirements.

8. ALTERNATIVES:

The proposed rule implements statutory requirements set forth in Chapter. There are no significant alternatives to the proposed rule, and none were considered.

9. FEDERAL STANDARDS:

There are no related federal standards. Since there are no applicable federal standards, the proposed rule does not exceed any minimum federal standards for the same or similar subject areas.

10. COMPLIANCE SCHEDULE:

It is anticipated that the revised proposed amendment will be presented for permanent adoption at the May 2026 Regents meeting, after publication of the proposed amendment in the State Register and expiration of an additional 45-day public comment period required under the State Administrative Procedure Act for revised rule makings. If adopted at the May 2026 Regents meeting, the proposed amendment will become effective as a permanent rule June 3, 2026. It is anticipated that regulated parties will be able to comply with the proposed rule on its effective date.

Regulatory Flexibility Analysis

(a) Small Businesses:

The purpose of the proposed rule is to implement Chapter 361 of the Laws of 2024 (Chapter 361) which adds a new subdivision 62 to section 305 of the Education Law, effective March 27, 2026, which directs the Commissioner to promulgate rules and regulations establishing uniform statewide procedures for diapering and toileting of students in public schools.

The proposed rule does not have any adverse economic impact or impose any reporting, record keeping or any other compliance requirements on small businesses. Because it is evident from the nature of the proposed amendment that it does not affect small businesses, no further measures were needed to ascertain that fact and none were taken. Accordingly, a regulatory flexibility analysis for small businesses is not required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act, and one has not been prepared.

(b) Local Governments:

1. EFFECT OF RULE:

The proposed rule applies to each of the 731 public school districts in the State.

2. COMPLIANCE REQUIREMENTS:

Consistent with Chapter 361, the proposed rule requires school districts to develop procedures relating to diapering and toileting of students, to train relevant personnel on the procedures, and to implement such procedures.

3. PROFESSIONAL SERVICES:

The proposed rule does not impose any professional service requirements on school districts.

4. COMPLIANCE COSTS:

Chapter 361 requires the Commissioner to promulgate regulations to establish uniform statewide protocols for diapering and toileting of students in public school districts. The proposed rule does not impose any costs on districts beyond those imposed statute.

5. ECONOMIC AND TECHNOLOGICAL FEASIBILITY:

The proposed rule does not impose any additional technological requirements on school districts. Economic feasibility is addressed under the Compliance Costs section above.

6. MINIMIZING ADVERSE IMPACT:

As stated above, the proposed rule does not impose any costs on districts beyond those imposed by statute. It is evident that the proposed rule will not have any adverse economic impact on local governments, therefore differing approaches as prescribed in SAPA § 202-b(1) were not considered.

7. LOCAL GOVERNMENT PARTICIPATION:

A copy of the proposed rule has been shared with school districts through the offices of the district superintendents of each supervisory district in the State and with the chief school officers of the five big city school districts for review and comment.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS:

Consistent with Chapter 361 of the Laws of 2024, the proposed rule will apply to all school districts, public schools, boards of cooperative educational services, special act school districts, approved preschool special education programs not otherwise licensed or regulated by other state agencies, state-supported schools, and approved private schools for the education of students with disabilities, including those located in the 44 counties with less than 200,000 inhabitants and the 71 towns in urban counties with a population density of 150 per square miles or less.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:

Consistent with Chapter 361, the proposed rule requires that schools:

- Define basic procedures to promote a safe and healthy environment to support diapering and toileting and establish a plan with protocols that outlines clear, age-appropriate routines to support student privacy, hygiene, and supervision;
- Provide annual training on health and safety procedures to all relevant school personnel;

- Ensure that every restroom and diaper changing area is consistently maintained and cleaned, operational, safe, and appropriately equipped;
- Ensure that toileting facilities and changing areas provide students with privacy in a separate area that is developmentally appropriate and accessible for all students, including students with disabilities;
- Provide students with access to restroom facilities during the school day, including instructional and extracurricular time;
- Provide access to diapering, toileting, or restroom without unreasonable delay;
- Ensure that restrooms and changing areas are safe and clean;
- Ensure essential diapering and toileting supplies and equipment are accessible at all times as appropriate per student need;
- Not suspend, disenroll, or exclude a student from enrollment or participation in school or school programs based on their toileting status;
- Manage toileting accidents with sensitivity and without punishment, exclusion, or shaming; and
- Provide all supports, services, and specialized equipment to preschool and school-age students with disabilities who require assistance with toileting in accordance with their individualized educational program (IEP) or section 504 Plan.

3. COSTS:

Chapter 361 requires the Commissioner to promulgate regulations to establish uniform statewide protocols for diapering and toileting of students in such schools. The proposed rule does not impose any costs on schools beyond those imposed statute, including on parties located in rural areas.

4. MINIMIZING ADVERSE IMPACT:

The rule implements statutory requirements that do not make exceptions for such schools in rural areas. Thus, the Department has determined that the proposed rule's requirements should apply to all relevant schools and school districts, regardless of their geographic location, to help ensure a uniform standard of continuing competency across the State. Therefore, alternative approaches for regulated parties located in rural areas were not considered. Because the statutory requirement applies to all schools in the State, it is not possible to establish differing compliance or reporting requirements or timetables or to exempt schools in rural areas from coverage by the proposed amendment.

5. RURAL AREA PARTICIPATION:

A copy of the proposed rule has been shared with school districts through the offices of the district superintendents of each supervisory district in the State, including those located in rural areas, for review and comment.

Job Impact Statement

The purpose of the proposed rule is to implement Chapter 361 of the Laws of 2024 (Chapter 361), which directs the Commissioner to promulgate rules and regulations establishing uniform statewide procedures for diapering and toileting of students in public schools.

Because it is evident from the nature of the proposed amendment that it will have no impact on jobs or employment opportunities attributable to its adoption or only a positive impact, no affirmative steps were needed to ascertain these facts, and none were taken. Accordingly, a job impact statement is not required pursuant to section 201-a(2)(a) of the State Administrative Procedure Act, and one has not been prepared.

Long Island Power Authority

NOTICE OF ADOPTION**Closure of TOD Bill Protection Guarantee to New Entrants**

I.D. No. LPA-51-25-00007-A

Filing Date: 2026-03-25

Effective Date: 2026-04-01

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: The Long Island Power Authority (LIPA) approved modifications to its Tariff for Electric Service, effective April 1 2026, to confirm that the 12-month Time of Day Bill Protection Guarantee (TOD Bill Protection Guarantee) is closed to new entrants.

Statutory authority: Public Authorities Law, sections 1020-f(u) and (z)

Subject: Closure of TOD Bill Protection Guarantee to new entrants.

Purpose: To confirm the closure of TOD Bill Protection to new entrants.

Substance of final rule: The Trustees of the Long Island Power Authority

(“LIPA” or the “Authority”) approved modifications to the Tariff for Electric Service (the “Tariff”), effective April 1 2026, to confirm and expressly state that the 12-month Time of Day Bill Protection Guarantee (“TOD Bill Protection Guarantee”) is closed to new entrants.

On March 29, 2023 the LIPA Board of Trustees approved a Tariff modification for the (1) introduction of a time-of-day rate (“TOD Rate”), (2) migration of certain customers enrolled in LIPA’s previous standard flat rate to the new TOD rate pursuant to a migration schedule (“Migration Schedule”), and (3) implementation of a 12-month bill protection guarantee which provided eligible customers with risk-free transition to the new TOD Rates. The migration for eligible customers to a TOD Rate was completed in January 2026. This adopted Tariff change will now confirm closure pursuant to the Migration Schedule.

Final rule as compared with last published rule: Substantial revisions were made in Leaf 187.

Text of rule and any required statements and analyses may be obtained from: William Wai, Long Island Power Authority, 333 Earle Ovington Blvd., Ste. 403, Uniondale, NY 11553, (516) 222-7700, email: tariffchanges@lipower.org

Revised Regulatory Impact Statement

A revised regulatory impact statement is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Revised Regulatory Flexibility Analysis

A revised regulatory flexibility analysis is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Revised Rural Area Flexibility Analysis

A revised rural area flexibility analysis is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Revised Job Impact Statement

NOTICE OF ADOPTION

LIPA’s Household Assistance Rate (HAR) Program

I.D. No. LPA-51-25-00010-A

Filing Date: 2026-03-25

Effective Date: 2026-03-25

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: LIPA approved modifications to its Tariff for Electric Service, effective immediately, to pause customer disenrollments in LIPA’s Household Assistance Rate (HAR) Program, and to extend the lookback period for LIPA’s HAR program eligibility to 18 months.

Statutory authority: Public Authorities Law, sections 1020-f(u) and (z)

Subject: LIPA’s Household Assistance Rate (HAR) Program

Purpose: To pause customer disenrollments in LIPA’s HAR Program, and to extend the lookback period for HAR eligibility to 18 months.

Substance of final rule: The Trustees of the Long Island Power Authority (“LIPA” or the “Authority”) approved modifications to the Tariff for Electric Service (the “Tariff”), effective immediately, to pause customer disenrollments in LIPA’s Household Assistance Rate (HAR) Program, and to extend the lookback period for LIPA’s HAR Program eligibility to eighteen (18) months.

On November 13, 2025, the New York State Public Service Commission issued an Order Pausing Customer Disenrollments in Utility Energy Affordability Programs (the “Order”) which, in relevant part, directed the regulated utilities to: 1) pause their Energy Affordability Programs (EAP) disenrollments through November 30, 2026; and 2) file tariff amendments to extend, or where applicable, state that the lookback period for EAP eligibility to 18 months.¹ LIPA’s EAP is known as the HAR Program.

To provide LIPA customers with the same rights and protections provided to other utility customers in the State, LIPA adopted these Tariff modifications consistent with those directed in the Order. Specifically, the Tariff is amended to state that HAR Program disenrollments will be paused

through November 30, 2026, and that customers will be eligible for the HAR Program if they provide documentation of enrollment in a qualifying program in the preceding 18 months, an increase from the current lookback period of 12 months.

¹ Case 14-M-0565 – Proceeding on Motion of the Commission to Examine Programs to Address Energy Affordability for Low Income Utility Customers, Order Pausing Customer Disenrollments in Utility Energy Affordability Programs, issued and effective November 13, 2025.

Final rule as compared with last published rule: Substantial revisions were made in Leaf 38B.

Text of rule and any required statements and analyses may be obtained from: William Wai, Long Island Power Authority, 333 Earle Ovington Blvd., Ste. 403, Uniondale, NY 11553, (516) 222-7700, email: tariffchanges@lipower.org

Pole Attachment Charges

I.D. No. PSC-15-26-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal filed by Central Hudson Gas & Electric Corporation to modify its tariff schedule, P.S.C. No. 15 — Electricity, to update pole attachment charges.

Statutory authority: Public Service Law, sections 65, 66 and 119-a

Subject: Pole attachment charges.

Purpose: To provide pole attachment services at just and reasonable rates.

Substance of proposed rule: The Commission is considering a proposal filed by Central Hudson Gas & Electric Corporation (Central Hudson) on March 2, 2026, to amend its electric tariff schedule, P.S.C. No. 15 - Electricity.

Central Hudson proposes to amend Section 33 – Pole Attachment Rates of its electric tariff to update the charges applicable to Cable System Operators, Telecommunication Carriers, and Wireless Communication Carriers. Central Hudson’s proposed tariff amendments would increase the annual rate for a wireline attachment per pole or a wireless attachment per foot of occupied space from \$23.10 to \$23.42. Central Hudson asserts that the rate used to determine the annual pole attachment charge was formulated using internal data and reflects its 2025 pole attachment costs. The proposed amendment has an effective date of July 1, 2026.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify in whole or in part, the relief proposed and may also resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: Beth.Faranda@dps.ny.gov

Approval of Electric Metering Equipment

I.D. No. PSC-15-26-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by GE Vernova, Inc. seeking approval of a 15 kilovolt voltage class current

transformer, the JCD—5A, for use in electric metering applications in New York State.

Statutory authority: Public Service Law, section 67(1)

Subject: Approval of electric metering equipment.

Purpose: To ensure that consumer bills are based on accurate measurements of electric usage.

Substance of proposed rule: The Commission is considering a petition filed on January 7, 2026, by GE Vernova, Inc. (GE), seeking approval of a 15 kilovolt voltage class current transformer, the JCD-5A (Device), for use in electric metering applications in New York State.

The Commission requires that new types of electric meters and metering equipment used to measure a customer’s electric usage conform to the requirements of 16 NYCRR Part 93 and be approved by the Commission before being used for customer billing purposes. GE states that the Device is identical in construction to the already-approved JCD-5 model but offers a 0.15S metering accuracy class. The Device is an outdoor current transformer cast in epoxy resin prior to being molded in HY-BUTE 60 insulation.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, modify, or reject, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. Compensation of Distributed Energy Resources

I.D. No. PSC-15-26-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed on March 11, 2026 by the Port Authority of New York and New Jersey, for a limited waiver of the “separate sites” requirement related to compensation for distributed energy resources.

Statutory authority: Public Service Law, sections 5(1)(b), (2), 65(1)-(3), 66(2), (5), 66-j, 66-l and 66-p

Subject: Compensation of distributed energy resources.

Purpose: To ensure just and reasonable rates, including compensation, for distributed energy resources.

Substance of proposed rule: The New York State Public Service Commission (Commission) is considering a petition filed on March 11, 2026 by the Port Authority of New York and New Jersey (Port Authority), seeking a limited waiver, pursuant to 16 NYCRR § 3.3, of the “separate site” component of the Commission’s three-factor test governing compensation for distributed energy resources (DERs). Under the Commission’s Value of Distributed Energy Resources (VDER) program, DER projects must satisfy a three-factor test to individually be considered within the maximum capacity threshold of 5 megawatts (MW) to qualify for VDER compensation. Specifically, projects must: (1) be located on a “separate site,” such as through separate deeds, or unique Section-Block-Lot (SBL) or Borough-Block-Lot (BBL) numbers; (2) be separately metered and interconnected; and (3) be operationally independent.

According to the Petition, the Port Authority is evaluating several renewable energy projects to be located at the “Ingraham’s Mountain” area at LaGuardia Airport in Queens County, New York (the Airport),

including: (1) a single solar photovoltaic (PV) facility with an aggregate capacity of approximately 1.7 MW; and (2) two battery energy storage systems (BESS) each rated at 5 MW / 20 megawatt-hours. The facilities would be located on Airport property owned by the City of New York and leased exclusively to the Port Authority.

The Port Authority asserts that its proposed projects will satisfy the “separately metered and interconnected” and “operationally independent” requirements of the three-part test. The Port Authority claims, however, that due to legacy parcel mapping of real property located at the Airport and within the leasehold, the proposed projects would not satisfy the separate deed/SBL/BBL requirement based on a literal interpretation of the rule. According to the Port Authority, the solar PV facility would span multiple adjacent tax parcels, and at least one BESS facility would be located within property that is mapped as a street, but no longer functions as a public right-of-way. The Port Authority states all of the relevant project areas are fully incorporated within the Port Authority’s leasehold and operational control as part of an integrated airport facility.

The Port Authority argues that strict compliance with the “separate site” requirement would necessitate a lengthy and time-consuming parcel remapping process through New York City’s Uniform Land Use Review Procedure, which involves sequential review by the Community Board, Borough President, City Planning Commission, and City Council, followed by mayoral review. The Port Authority asserts that the process would also trigger review by the Federal Aviation Administration, which could introduce additional uncertainty unrelated to grid reliability or interconnection engineering. The Port Authority further contends that the remapping process would address only administrative parcel configuration and would not alter the physical or operational characteristics of the proposed facilities. The Port Authority also argues that none of these reviews would advance the original purpose of the Commission’s three-factor test, namely to prevent artificial project segmentation that subverts Commission program objectives.

Based on the foregoing, the Port Authority requests a limited waiver of the “separate site” requirement of the three-factor test, for the Port Authority’s proposed solar PV and BESS projects. The Port Authority also seeks Commission confirmation that, upon grant of this limited waiver, the projects may proceed with interconnection. The Port Authority further seeks Commission confirmation that the projects will qualify for applicable retail and/or VDER compensation consistent with Commission rules.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

NO HEARING(S) SCHEDULED**

Billing Requirements for Gas, Electric, Steam, and Water Service

I.D. No. PSC-15-26-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Parts 11, 13 and 14; repeal of Parts 140, 273 and 433 of Title 16 NYCRR.

Statutory authority: Public Service Law, sections 5, 41, 42, 44, 47, 50, 53-a, 65, 66, 66-w, 79, 80, 89-b and 89-c

Subject: Billing requirements for gas, electric, steam, and water service.

Purpose: To implement changes to billing requirements for gas, electric, steam, and water service.

Substance of proposed rule (Full text is posted at the following State website: [Search case number 24-M-0239 on documents.dps.ny.gov/public/common/search.html](http://www.dps.ny.gov/public/common/search.html)): The Public Service Commission (Commission) is considering amendments to the New York Codes, Rules and Regulations (NYCRR) relating to billing requirements for gas, electric, steam, and water corporations and municipalities providing gas or electric service. The proposed changes are intended to align 16 NYCRR Part 11, Part 13, and Part 14 with recent statutory amendments to Public Service Law Sections 41, 44, and 66-w, consolidate existing billing requirements, allow municipalities to include charges for other municipal services on the same bill with charges for gas or electric service, and to make other technical changes.

The proposed changes would amend Section 11.2 to add definitions for the terms “monthly billing period,” “backbill,” “late bill,” and “upwardly adjusted bill” and move the definitions for the terms “elderly, blind, and disabled,” “heat-related service,” “cold weather period,” “two-family dwelling,” “deferred payment agreement,” “seasonal customer,” and “short-term customer” from other sections of Part 11 into Section 11.2. The proposed changes would amend Sections 11.5, 11.7, 11.8, 11.9, 11.10, 11.12, 11.13, and 11.32 to remove definitions or references to where terms are defined for any definitions that would be relocated to Section 11.2 by this rulemaking. The proposed changes would amend Section 11.9 to correct a cross-reference. The proposed changes would amend Section 11.14 to prohibit a utility from charging a residential customer for service if the utility does not render a bill to that customer within three months from the end date of the monthly billing period and to prohibit a utility from recovering any such foregone revenue from any of its customers. The proposed changes to Section 11.14 would also replace references to the term “backbill” with either “upwardly adjusted bill” or “late bill,” as appropriate. The proposed changes would relocate requirements regarding the content of bills for utility service from Part 140, Part 273, and Part 433 to Section 11.16. The proposed changes would also amend Section 11.16 to adopt a requirement that a utility corporation that serves more than 15,000 customers in New York State include on every bill the average daily usage per month or the monthly usage at the service address for the prior 13 months. Further, the proposed changes to Section 11.16 would allow municipalities to include charges for other municipal services on the same bill as charges for gas or electric service as long as those charges are separate and itemized. The proposed changes would renumber Section 11.33 to Section 11.23 and remove references to telephone and water service, as Part 11 does not apply to telephone or water service. The proposed changes would renumber Section 11.34 to Section 11.24. The proposed changes would repeal the undesignated Subpart title “Shared Meter Regulations” and its explanatory caption and amend Section 11.30 and Section 11.31 to clarify the applicability of these sections.

The proposed changes would amend Section 13.1 to add definitions for “monthly billing period,” “late bill,” “upwardly adjusted bill,” “small non-residential customer,” and “large non-residential customer” and to modify the definition of “backbill.” The proposed changes would amend Sections 13.2, 13.5, 13.7, 13.9 to replace the term “backbill” with either “upwardly adjusted bill” or “late bill” as appropriate. The proposed changes would also amend Section 13.9 to prohibit a utility from charging a small non-residential customer for service if the utility does not render a bill to that customer within three months from the end date of the monthly billing period and to prohibit a utility from recovering any such foregone revenue from any of its customers. The proposed changes to Section 13.11 would relocate requirements regarding the content of bills for utility service from Part 140, Part 273, and Part 433 to Section 13.11. Further, the proposed changes to Section 13.11 would allow municipalities to include charges for other municipal services on the same bill as charges for gas or electric service as long as those charges are separate and itemized.

The proposed changes would amend Section 14.2 to add definitions for “monthly billing period,” “late bill,” and “upwardly adjusted bill” and to modify the definition of “backbill.” The proposed changes would amend Section 14.10 to replace the term “backbill” with “upwardly adjusted bill.” The proposed changes would repeal Section 14.13 and adopt a new Section 14.13 that more accurately reflects the rules for adjusting bills and rendering late bills set forth in the Home Energy Fair Practices Act (HEFPA) contained in Article 2 of the Public Service Law. This new Section 14.13 would also prohibit a utility from charging a residential customer for service if the utility does not render a bill to that customer within three months from the end date of the monthly billing period and prohibit a utility from recovering any such foregone revenue from any of its customers. The proposed changes would amend Section 14.14 to ensure requirements regarding late payment charges properly reflect the provisions of Public Service Law Section 42. The proposed changes to Section 14.15 would clarify requirements regarding the content of bills for water service to residential customers. The proposed changes would also amend Section 14.15 to adopt a requirement that a utility corporation that serves more than 15,000 customers in New York State include on every bill the average daily usage per month or the monthly usage at the service address for the prior 13 months. The proposed changes would amend Section 14.18 to ensure requirements regarding inspection and examination of utility apparatus properly reflect the provisions of Public Service Law Section 47. The proposed changes would add a new Section 14.22 to prohibit utilities from engaging in detrimental conduct towards a residential customer to reflect the requirements of Public Service Law Section 53-a.

Finally, the proposed changes would repeal Part 140, Part 273, and Part 433.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.state.ny.us/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: Beth.Faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

Statutory Authority:

Public Service Law (PSL) Sections 5, 65, 66, 79, 80, 89-b, and 89-c assign to the Public Service Commission (Commission) jurisdiction, supervision, powers, and duties over all gas corporations, electric corporations, steam corporations, water-works corporations, and municipalities providing gas or electric service in the State and the power to ensure the provision of such services is safe and adequate and in all respects just and reasonable.

PSL Section 41(1) prohibits a utility corporation or municipality from charging a residential customer for gas or electric service if the utility corporation or municipality does not render a monthly bill for services used by the customer during that monthly period, or in the case of bi-monthly meter reads, during that month and the prior month, within three months from the end date of such billing period unless failure to bill sooner was not due to the neglect of the utility corporation or municipality or was due to the culpable conduct of the customer.

PSL Section 42 allows utility corporations or municipalities to impose late payment charges not in excess of 1.5% per month on the unpaid balance of any bill including any interest thereon.

PSL Section 44(7) provides that, as part of every billing statement, any utility corporation that serves more than 15,000 customers in New York shall provide the average daily usage per month or the monthly usage at the customer’s address for the prior thirteen months. Additionally, upon request by the customer, such utility corporation is required to provide monthly billing charge amounts at such customer’s address for the thirteen months prior to the current billing period, no later than thirty days after such request is made.

PSL Section 47 sets forth the conditions under which an authorized agent of a utility corporation or municipality may enter a location supplied with gas or electricity by the utility corporation or municipality to inspect and examine utility apparatus.

PSL Section 50 requires every water-works corporation with gross revenues in excess of \$250,000 to provide residential service in accordance with all relevant provisions of Article 2 of the PSL.

PSL Section 53-a prohibits utility corporations, municipalities, and energy services companies from engaging in detrimental conduct towards a residential customer.

PSL Section 66-w prohibits a utility corporation or municipality from charging a small non-residential customer for gas or electric service if the utility does not render a monthly bill for services used by the customer during that monthly period, or in the case of bi-monthly meter reads, during that month and the prior month, within three months from the end date of such billing period unless failure to bill sooner was not due to the neglect of the utility corporation or municipality or was due to the culpable conduct of the customer.

Legislative Objectives:

The legislative intent in enacting PSL Sections 41(1), 44, and 66-w was to ensure that utility corporations and municipalities provide transparent and timely bills for the services provided to customers.

Through PSL Section 50, the legislature intended the consumer protections set forth in PSL Article 2, including those provided in PSL Sections 41, 42, 44, 47, and 53-a, to apply to customers of certain waterworks corporations.

Needs and Benefits:

Chapter 763 of the Laws of 2023 and Chapter 62 of the Laws of 2024 enacted statutory amendments that require utilities to bill residential customers within three months of the end date of the billing period for electric, gas, steam, and water service, bill small non-residential customers within three months of the end date of the billing period for electric and gas service, and provide residential customers with historical information regarding their usage and billing for any utilities with more than 15,000 customers. Amendments to Part 11, Part 13, and Part 14 of Title 16 of the NYCRR are necessary to reflect these statutory changes.

Additionally, other amendments consolidate sections that contain redundant requirements for the contents of utility bills, better align Title 16 of the NYCRR with the PSL, and make technical changes. These additional changes ensure Title 16 accurately reflects the requirements set forth in the PSL and provide a more organized structure for these rules.

Finally, pursuant to Sections 13.11, 140.1, 273.1, and 433.1 of Title 16 of the NYCRR, only services performed, materials furnished, or other charges made by a utility in accordance with its tariff on file with the Commission may be included on the bill issued by the utility. However, some municipalities that provide gas and/or electric service issue bills to their customers that also include charges for other services provided by the municipality but not set forth in a tariff on file with the Commission, such as charges for water, wastewater, or solid waste services. This rulemaking would clarify that municipalities can include charges for other such municipal services on the same bill as charges for gas and/or electric service provided the charges for other municipal services are separate and itemized. This amendment would ensure customers continue to receive transparent billing and also allow municipalities to pursue what could be a more efficient method of billing for municipal services.

Costs:

Costs to Private Regulated Parties:

The proposed amendments should not impose increased costs on private regulated entities because the proposed amendments would not impose any requirements on these entities beyond the requirements currently set forth in the PSL.

Costs to Local Government:

There are no anticipated added costs to local governments.

Costs to the Public Service Commission or the Department of Public Service:

There are no anticipated added costs to the Commission or Department of Public Service.

Costs to Other State Agencies:

There are no known or identifiable costs to other State agencies or offices of State government.

Paperwork:

The proposed rule does not require any paperwork for regulated parties.

Local Government Mandates:

The proposed rule does not impose any mandates on local government.

Duplication:

The purpose of these proposed changes is to align Title 16 of the NYCRR with the PSL. The proposed changes would also consolidate existing duplicative requirements within Title 16 of the NYCRR regarding utility billing. There are no other relevant State or Federal rules that duplicate, overlap, or conflict with the proposed revisions.

Alternatives:

No alternatives to this rule were considered. These proposed changes would ensure Title 16 of the NYCRR is aligned with the PSL.

Federal Standards:

There are no relevant Federal standards.

Compliance Schedule:

The proposed revisions would be effective upon publication of a Notice of Adoption filed in the New York State Register. Regulated entities should already be in compliance with the requirements set forth in these proposed amendments as these proposed amendments simply align Title 16 of the NYCRR with the PSL.

Regulatory Flexibility Analysis

No Regulatory Flexibility Analysis is required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act. The proposed amendments would not impose an adverse economic impact on small businesses or local governments, and would not impose reporting, recordkeeping or other compliance requirements on small businesses or local governments. The proposed amendments to 16 NYCRR Part 11, Part 13, and Part 14, and the repeal of 16 NYCRR Part 140, Part 273, and Part 433 are intended to update regulations to conform to recent changes to Public Service Law Sections 41, 44, and 66-w, address redundant provisions, and make technical changes. Additionally, the proposed changes would clarify that municipalities providing gas and/or electric service may include charges for other municipal services on the same bill with charges for gas and/or electric service. This may allow for more efficient billing for municipal services.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for the amendments to 16 NYCRR Part 11, Part 13, and Part 14 and the repeal of 16 NYCRR Part 140, Part 273, and Part 433 is not being submitted because the amendments will not impose any adverse impact or significant reporting, record keeping, or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed amendments. The proposed amendments to 16 NYCRR Part 11, Part 13, and Part 14, and the repeal of 16 NYCRR Part 140, Part 273, and Part 433 are intended to update regulations to conform to recent changes to Public Service Law Sections 41, 44, and 66-w, address redundant provisions, and make technical changes. Additionally, the proposed changes would clarify that municipalities providing gas and/or electric service may include charges for other municipal services on the same bill with charges for gas and/or electric service. This may allow for more efficient billing for municipal services.

Job Impact Statement

The Department of Public Service projects that there will be no adverse impact on jobs or employment opportunities in the State of New York because of this proposed rule change. The proposed amendments to 16 NYCRR Part 11, Part 13, and Part 14, and the repeal of 16 NYCRR Part 140, Part 273, and Part 433 are intended to update regulations to conform to recent changes to Public Service Law Sections 41, 44, and 66-w, address redundant provisions, allow municipalities to include charges for other municipal services on the same bill with charges for gas or electric service, and make other technical changes. No further steps were needed

to ascertain these facts, and none were taken. As apparent from the nature and purpose of this proposed rule change, a full Job Impact Statement is not required and therefore one has not been prepared.

In that event, notification of any subsequent scheduling changes will be available at the DPS website (www.dps.ny.gov) under Case 25-S-0741.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	00001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

*PSC-27-24-00003-P exempt	Net Metering Rules	To consider the proper treatment of banked remote net metering credits
*PSC-30-24-00002-P exempt	Petition for a special permit exemption and extension	To determine whether to grant the special permit relating to certain class locations and extend the 18-month period until 2026
*PSC-31-24-00011-P exempt	IEDR User Agreements, Data Security Agreement, Self Attestation, and Green Button Connect Onboarding Process	To ensure that proposed agreements comply with the Commission’s Data Access Framework requirements
*PSC-32-24-00030-P exempt	Petition for the use of gas metering equipment	To ensure that consumer bills are based on accurate measurements of gas usage
*PSC-32-24-00037-P exempt	Rehearing if the order denying authority to recover incremental costs to implement a new CSS above the \$421 million cap	To determine whether to authorize temporary accounting treatment for the capital costs in excess of the \$421 million cap
*PSC-33-24-00001-P exempt	Customer required transformers and associated equipment	To establish provisions to ensure safe and reliable service for all customers
*PSC-34-24-00012-P exempt	Deferral of costs associated with the development of Utility Thermal Energy Networks	To determine the appropriate funding for the development of a proposed Utility Thermal Energy Network Pilot Project
*PSC-38-24-00005-P exempt	To review a pilot proposal and associated budgets	To assess whether the proposed pilot program impact is in the public interest
*PSC-40-24-00003-P exempt	Proposed Earnings Adjustment Mechanisms for Calendar Year 2024	To determine if certain EAMs from the prior rate plan should continue, with updated targets and financial awards
*PSC-41-24-00024-P exempt	Notice of intent to submeter electricity	To ensure adequate submetering equipment and consumer protections are in place
*PSC-44-24-00005-P exempt	Petition for rehearing	To challenge reporting requirements and sale of environmental attributes for proposed renewable natural gas facilities
*PSC-45-24-00005-P exempt	Gas metering equipment	To consider use of gas metering equipment and ensure that consumer bills will be based on accurate measurements of gas usage

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-47-24-00007-P exempt	The Clean Energy Standard's zero emission by 2024 target	To establish definitions of key terms and an evaluation process for achieving the zero emissions by 2040 target
*PSC-48-24-00006-P exempt	The Westchester Power Community Choice Aggregation (CCA) Program.	To consider integration of Opt-out Community Distributed Generation into the Westchester Power CCA program.
*PSC-49-24-00013-P exempt	Transfer of assets.	To ensure the transfer of utility company assets is in the general interest of the public.
*PSC-52-24-00012-P exempt	Proposed Public Policy Transmission Needs/ Public Policy Requirements, as defined under the NYISO tariff.	To identify any potential electric transmission needs for referral to the NYISO to solicit, evaluate, and select solutions for.
*PSC-52-24-00015-P exempt	Utility integrated storage as a transmission and distribution asset.	To consider the Joint Utilities' study and proposal of the use of energy storage as a transmission and distribution asset.
*PSC-04-25-00010-P exempt	The New York State Standardized Interconnection Requirements.	To improve the process for distributed generation and energy storage projects interconnecting to utility systems.
*PSC-05-25-00010-P exempt	To examine and determine the accuracy of all apparatus for testing and proving the accuracy of water meters.	To ensure that consumer bills are based on accurate measurements of water usage.
*PSC-05-25-00017-P exempt	Proposal for replacement of Con Edison's Rider Q program with Locational Variant Daily As-Used Demand Pricing Rates.	To provide customers with locational variant daily as-used demand pricing.
*PSC-08-25-00006-P exempt	Long-term gas system planning.	To consider and review long-term gas system planning.
*PSC-08-25-00009-P exempt	Con Edison proposes to extend survey and inspection intervals for indoor gas service lines.	To approve, deny, or modify Con Edison's proposal to extend survey and inspection intervals for indoor gas service lines
*PSC-09-25-00006-P exempt	To review a pilot proposal and associated budgets.	To assess whether the proposed pilot program impact is in the public interest.
*PSC-10-25-00004-P exempt	The New York State Standardized Interconnection Requirements (SIRs).	To consider increased cost certainty for distributed generation and energy storage projects interconnecting to utility systems.
*PSC-11-25-00003-P exempt	Implementation of an exemption from the All-Electric Buildings Act, which prohibits certain use of fossil-fueled equipment.	To consider a reasonableness standard for exempting certain new buildings from the All-Electric Buildings Act.
*PSC-12-25-00028-P exempt	The calculation of certain negative revenue adjustments associated with customer service performance for 2023 and 2024	To determine if approving NYSEG and RG&E's petition is in the public interest.
*PSC-13-25-00002-P exempt	Standby Service rates and Buyback Service rates.	To establish updated Standby Service and Buyback Service rates that are just and reasonable.
*PSC-13-25-00005-P exempt	To consider a petition for rehearing.	To consider a petition for rehearing.
*PSC-13-25-00007-P exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

REHABILITATE EXHAUST/PLUMBING Empire State Plaza Albany, Albany County

Sealed bids for Project No. 47451-C, for Construction Work, Rehabilitate Exhaust & Plumbing, Food Service Locations, Concourse, Empire State Plaza, Albany (Albany County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Office of General Services, until 2:00 p.m. on Wednesday, April 29, 2026, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of \$77,800 for C).

Further, Project Labor Agreement (PLA) Projects require a completed form BDC 59P (Project Labor Agreement List of Subcontractors) be filled out and submitted in accordance with Document 002221, Supplemental Instructions to Bidders – PLA. Failure to submit this form correctly will result in a disqualification of the bid.

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract, estimated to be between \$2,000,000 and \$3,000,000 for C.

Designated staff are Megan Whaley, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862.

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is \$1,737,918 or less, adjusted annually for inflation as of March 1, 2026. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

___ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 8:30 a.m. on April 16, 2026, at Empire State Plaza, Concourse, Conference Room 125, Empire State Plaza, Albany, NY. Phone the office of Sarah Breitkopf (585) 329-8842 a minimum of 48 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 48 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to

promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises (“MBE”) participation and 15% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veterans’ Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs’ participation under this contract as follows: 6% for the C trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make “good faith efforts” to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Bidding and Contract Documents for this Project are available for viewing, downloading, and Electronic Bidding from OGS Design & Construction’s Electronic Bidding service, Bid Express.

Registration, along with viewing, downloading, and electronic bidding can be accessed at the following link: <http://www.bidexpress.com>

For questions about downloading of bid documents, please send an e-mail to support@bidexpress.com, or call the Bid Express toll-free number at (888) 352-2439.

PUBLIC NOTICE

Department of State
F-2025-0760

Date of Issuance – April 15, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0760, Rejith Kumar is proposing to construct an 8 foot by 60 foot steel permanent dock with 8 inch schedule 80 piles and capped with 8 inch concrete decking. The project is located at 724 Lake Road in the Town of Webster, Monroe County on Lake Ontario.

The stated purpose of the proposed action is to put a dock on a property with no dock access.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2025-0760> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or May 14, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2025-0799

Date of Issuance – April 15, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0799, the City of Kingston is proposing to install a new ADA compliant commercial kayak dock launch system for public use. The kayak dock launch system will consist of two 7-foot by 17-foot floating docks, a 5-foot by 13-foot floating dock, 7-foot by 13-foot floating dock, 5-foot by 15-foot kayak launch, and a 4-foot by 30-foot hinged gangway. The proposal is for the applicant's property located at 68-124 Dock Street in the City of Kingston, Ulster County, along the Rondout Creek.

The stated purpose of the proposed action is to improve and increase public access to the Rondout Creek for non-motorized transportation, consistent with the City of Kingston's Open Space Plan goal of reaching 5,000 additional linear feet of public access on the creek and to create an ADA-accessible launch.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2025-0799> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or May 15, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2026-0111

Date of Issuance – April 15, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0111, 500 W Lake Dr LLC, is proposing to install 88 sq. ft. deck-platform located waterward of MHW, six (6) 10" diameter piles attached to existing piles on the boardwalk, and install three (3) separate dock configurations as follows: (A): 8'x8' platform, 3'x15' ramp, 8'x40' float, (B): 8'x101' fixed dock, four 3'x15' ramps, and four 6'x20' floats, and (C): 4'x4' cantilevered platform, 3'x15' ramp, and 8'x20' float. The proposed project would be located at 500 West Lake Drive, Montauk, NY, 11954, on Lake Montauk, Town of East Hampton, Suffolk County.

The stated purpose of the proposed action is to "Install 88 sq. ft. ad-

dition to existing deck in order to square off deck. Install new docks to enable boating access for restaurant patrons".

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2026-0111.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or 5/15/2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2026-0113

Date of Issuance – April 15, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0113, PSEG Long Island, is proposing to install approximately 950 linear feet of transmission conduit/cable via horizontal directional drilling (HDD) below the sediment surface of Reynolds Channel. The HDD entry/exit points will be located within paved areas landward of Spring High Water on the north and south sides of the Channel. Located at the western terminus of Railroad Place in Island Park, running south under Reynolds Channel to the intersection of Park Place and Riverside Boulevard in Long Beach. In Reynolds Channel, Village of Island Park, City of Long Beach, Nassau County.

The stated purpose of the proposed action is "Maintaining reliable electric service. Replacement of an underground transmission cable which has reached the end of its service life."

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2026-0113.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or May 15, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

EXECUTIVE ORDERS

Executive Order No. 47.16: Declaring a Disaster Emergency in the State of New York and Ordering Into Active Service the New York National Guard to Assist Authorities in Guaranteeing Public Order and Protection of Public Property at Various Correctional Facilities.

WHEREAS, on February 17, 2025, and continuing thereafter, an illegal and unlawful strike by correction officers has created an imminent threat to the safety of correction officers who are currently on the job, the more than 32,290 individuals in the Department of Corrections and Community Supervision's care and the communities surrounding these correctional facilities;

WHEREAS, upon review, there exists a continued need to support staff, provide for the safety of those under the care of the Department of Corrections and Community Supervision, preserve staff resources, and ensure safe operations at correctional facilities statewide;

NOW THEREFORE, I, Kathy Hochul, Governor of the State of New York, by virtue of the authority vested in me by the Constitution of the State of New York and Section 28 of Article 2-B of the Executive Law, do hereby find a continued need for a statewide disaster emergency order to support safe and effective operations at correctional facilities. This executive order shall be in effect through April 24, 2026.

FURTHER, by virtue of the authority vested in me by Section 29-a of Article 2-B of the Executive Law do hereby temporarily suspend or modify the following laws, all of which have been suspended since February 19, 2025, through April 24, 2026:

- Section 97-G of the State Finance Law, to the extent necessary to purchase food, supplies, services, and equipment or furnish or provide various centralized services to assist affected local governments, individuals, and other non-State entities in responding to and recovering from the emergency;
- Section 112 of the State Finance Law, to the extent consistent with Article V, Section I of the State Constitution, and to the extent necessary to add additional work, sites and time to State contracts; and
- Section 163 of the State Finance Law, to the extent necessary to purchase commodities, services, technology and materials without following the standard notice and procurement processes.

(L.S.) GIVEN under my hand and the Privy Seal of the State in the City of Albany this 25th day of March in the year two thousand twenty-six.

BY THE GOVERNOR
/S/ Kathy Hochul
/s/ Karen Persichilli Keogh
Secretary to the Governor

COURT NOTICES

AMENDMENT OF RULE Rules of the Chief Administrator

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby amend section 122.8 of the Rules of the Chief Administrator (22 NYCRR § 122.8), effective April 1, 2026, to read as follows:

§ 122.8. Compensation

A judicial hearing officer shall receive [\$400] \$550 per day for each day or part thereof at which such judicial hearing officer actually performs assigned duties in a courtroom or other facility designated for court appearances. There shall be no compensation for out-of-court work performed by such hearing officer. Such hearing officer shall be reimbursed for out-of-pocket expenses reasonably and necessarily incurred in the performance of his or her duties in accordance with the provisions of Part 102 of these rules. With the approval of the Chief Administrator, a judicial hearing officer may serve voluntarily without compensation.

AMENDMENT OF RULE Rules of the Chief Administrator

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby add a new Part 161 (22 NYCRR §§ 161.1 to 161.4 and Appendix A) to the Rules of the Chief Administrator, effective June 1, 2026, to read as follows:

PART 161. USE OF ARTIFICIAL INTELLIGENCE TECHNOLOGY

§ 161.1 Application

The policy set forth in this Part shall apply to all courts of the Unified Court System, in both civil and criminal cases.

§ 161.2 Definitions

For purposes of this Part:

(a) The term “artificial intelligence” or “AI” shall mean a machine-based system that can, for a given set of human-defined objectives, make predictions, recommendations or decisions influencing real or virtual environments, and that uses machine- and human- based inputs to perceive real and virtual environments, abstract such perceptions into models through analysis in an automated manner, and use model inference to formulate options for information or action.

(b) The term “paper” shall mean a brief, memorandum, affidavit, affirmation, pleading, or other document prepared by an attorney or party for submission to a court. This definition does not include materials constituting or proffered as evidence in the case, as such materials, and the use of AI technology in relation thereto, are subject to separate considerations and requirements.

§ 161.3 Policy

It is the policy of the Unified Court System that the use by attorneys and parties of artificial intelligence tools in preparing papers submitted to a court should not be prohibited, as long as such use is in accordance with the duties and responsibilities that apply to individuals who submit papers to a court. Since those duties and responsibilities already apply to all submissions, regardless of whether AI tools were used, attorneys and parties should not be required, upon submitting papers, to disclose to the court that they have used AI in the preparation of such papers.

§ 161.4 Model Rule

A court may, in its discretion, implement a part rule governing the

use by attorneys and parties of artificial intelligence tools in preparing papers submitted to the court. If a court determines that such a rule is appropriate, the court is encouraged to adopt the model rule set forth in Appendix A of this Part.

* * * * *

APPENDIX A. MODEL RULE REGARDING USE OF ARTIFICIAL INTELLIGENCE TECHNOLOGY IN PREPARING COURT PAPERS

Every attorney or party who uses an artificial intelligence (AI) tool in preparing any paper submitted to this court is expected to understand that tool’s capabilities and limitations. Attorneys and parties need to be aware that AI tools, among other risks and limitations, can generate fabricated information or fictitious citations to authority (commonly known as hallucinations). Under existing authority, by signing a paper and submitting it to this court, an attorney or party certifies that the paper does not contain any false material factual statement or any frivolous legal argument (see, e.g., 22 NYCRR 130-1.1, 130-1.1a), and an attorney who submits any paper to this court is additionally bound by the Rules of Professional Conduct. Accordingly, any attorney or party who uses an artificial intelligence tool, as defined in 22 NYCRR 161.2(a), in preparing any paper, as defined in 22 NYCRR 161.2(b), filed in or submitted to this court or served on another party in a case before this court is required to carefully review the paper and independently ensure that it contains no fabricated or fictitious cases, statutes, or other material. By signing such paper, an attorney or party certifies that such a review has been conducted and that the paper contains no such fabricated or fictitious content. If this court determines that this requirement has not been satisfied, such attorney or party may be subject to sanction or other remedial action.
