INSIDE THIS ISSUE:

- Medical Aid in Dying Physician Reporting Requirements
- Minimum Standards for Administration and Enforcement of the Uniform Code
- Paid Family Leave for Construction Employees

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:
– the 60-day period expires on October 18, 2026
– the 45-day period expires on October 3, 2026

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory Authority

Article 6, section 112, subdivision 1 of the Correction Law provides the Commissioner of Corrections and Community Supervision (Commissioner) with the superintendence, management and control of the correctional facilities in the Department of Corrections and Community Supervision (Department) and of the incarcerated individuals confined therein, and of all matters relating to the government, discipline, policing, contracts and fiscal concerns thereof. In this regard, the Commissioner is authorized to make rules and regulations governing access to records subject to the Personal Privacy Protection Law.

Article 6-A of the Public Officers Law (Personal Privacy Protection Law), including sections 94 and 95, authorizes agencies to adopt rules and regulations governing the collection, maintenance, and disclosure of personal information maintained by the Department.

2. Legislative Objectives

The proposed amendments further the legislative objectives of the Personal Privacy Protection Law by promoting the consistent, efficient, and lawful administration of requests for records containing personal information while ensuring that such information is maintained and disclosed in accordance with applicable law.

3. Needs and Benefits

The proposed amendments update the Department's regulations implementing the Personal Privacy Protection Law to ensure consistency with statutory requirements and current Departmental practices. The amendments clarify existing procedures and reflect current organizational responsibilities.

The amendments identify the Department's Privacy Compliance Officer, as designated by the Deputy Commissioner and Counsel, as the official responsible for ensuring that the Department complies with the provisions of Personal Privacy Protection Law, consistent with Departmental Directive 2010. This revision ensures that the regulation accurately reflects the Department's current administrative structure and responsibilities.

The amendments also revise the provisions governing fees to conform to the requirements of the governing statute. These revisions promote consistency between the Department's regulations and applicable law while providing clear guidance regarding the administration of requests governed by the Personal Privacy Protection Law.

Finally, the proposed amendments include non-substantive technical corrections, thereby conforming the regulations to existing statutory language.

Overall, the proposed amendments clarify existing requirements, align the regulations with current law and Departmental practices, and promote the consistent administration of requests involving personal information maintained by the Department.

4. Costs

(a) Compliance with this rule imposes no additional costs on Department personnel or individuals requesting records.

(b) Costs to the Department, the State, and local governments for implementation and continuation of the rule are minimal. The amendments primarily clarify existing procedures and conform the regulations to current statutory requirements and Departmental practices. The regulation does not apply to local governments.

(c) This cost analysis is based upon the Department's experience administering requests pursuant to the Personal Privacy Protection Law.

5. Paperwork

The proposed amendments impose no new reporting or recordkeeping requirements.

6. Local Government Mandates

This rulemaking imposes no program, service, duty, or responsibility upon any county, city, town, village, school district, or other special district. It applies only to the Department.

7. Duplication

The proposed amendments do not duplicate or conflict with any State or Federal requirement. Rather, they conform the Department's regulations to the Personal Privacy Protection Law and current Departmental practices.

8. Alternatives

No significant alternatives were considered. The proposed amendments are necessary to align the regulations with current statutory requirements and Departmental practices.

9. Federal Standards

No Federal standards are applicable to the subject matter of this rule.

10. Compliance Schedule

The Department can achieve compliance with the rule upon publication of the Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Proposed Rule Making because the rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of these entities for compliance purposes. The Department of Corrections and Community Supervision makes this finding based on the fact that this rule imposes no requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Proposed Rule Making because the rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of public or private entities in rural areas. The Department of Corrections and Community Supervision makes this finding based on the fact that the rule imposes no requirements on such entities.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Proposed Rule Making because the rulemaking will not have a substantial adverse impact on jobs or employment opportunities, nor does it have adverse implications for job opportunities.

Department Records

I.D. No. CCS-33-26-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 5 of Title 7 NYCRR.

Statutory authority: Correction Law, section 112

Subject: Department Records.

Purpose: Update Department FOIL regulations to clarify existing procedures and reflect current organizational responsibilities.

Substance of proposed rule (Full text is posted at the following State website: https://doccs.ny.gov/rules-regulations-0): The Department of Corrections and Community Supervision (Department) is amending several sections in 7 NYCRR, Chapter I, Part 5, relating to Department records. The proposed rule updates provisions governing Department records to conform to current law, Department organization and practice, and records-access requirements. Substantive revisions address subject matter lists, public access to Department and employee records, processing of records requests, copy fees, appeals from denials of access, and challenges to the accuracy or completeness of incarcerated individual records.

Several of the revisions are non-substantive and are being made to update the Department's name and address, replace outdated terminology, incorporate gender-neutral references, renumber subdivisions, and improve clarity. A summary of the more substantive amendments follows:

The term "inmate" was replaced with "incarcerated individual" or appropriate variations throughout.

References to the "Department of Correctional Services" were replaced with the "Department of Corrections and Community Supervision" throughout.

Gender-specific references were replaced with gender-neutral references throughout.

Amend section 5.13(a) to eliminate the requirement that the master index shall include the lists kept by all custodians as well as a list of records maintained at the Department's central office.

Amend section 5.13(b) to clarify only the subject matter list shall be sufficiently detailed to permit identification of the record sought.

Amend section 5.13(c) to require the subject matter list to be updated at least annually rather than twice per year.

Amend section 5.25 to retitle the section "Public access to Departmental records and data" and clarify that records and data not otherwise addressed are released under article 6 of the Public Officers Law, in the discretion of the Commissioner or designee for a proper purpose after consideration of personal privacy, facility and operational security, and public safety, or as otherwise required or permitted by law.

Amend section 5.30(a) to require third-party requests for public access to an employee's or former employee's record to be processed by the records access officer under article 6 of the Public Officers Law, while preserving the employee's or former employee's opportunity to inspect and copy their own personal history folder at the applicable work location.

Add new section 5.35(c) to require the records access officer to inform a requester when a request, or a portion of a request, does not reasonably describe the records sought.

Renumber former section 5.35(c) to section 5.35(d) and amend it to require the records access officer to determine whether the requested record is in Department custody and, after a diligent search, provide the applicable certification when the record is not in Department custody.

Add new section 5.35(f) to require the records access officer, when a request is voluminous or locating the records involves substantial effort, to contact the requester to ascertain the records of primary interest and attempt to reasonably reduce the volume requested.

Amend section 5.36 to clarify that fees for photocopies shall be established in conformity with Public Officer's Law section 87 and the regulations of the Committee on Open Government and to delegate authority to the records access officer, rather than the custodian of the record, to waive any fees authorized by this section.

Amend section 5.45 to update the Department's name and address and references to the Committee on Open Government.

Amend section 5.52 to direct an appeal from a custodian's determination concerning disputed information to the Deputy Commissioner and Counsel or designee rather than the Inspector General, update the Department's name and address.

Text of proposed rule and any required statements and analyses may be obtained from: Jason Golub, Deputy Commissioner and Counsel, Department of Corrections and Community Supervision, 1220 Washington Avenue, Harriman State Campus, Albany, NY 12226-2050, (518) 457-4951, email: Rules@DOCCS.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory Authority

Article 6, section 112, subdivision 1 of the Correction Law provides the Commissioner of Corrections and Community Supervision (Commissioner) with the superintendence, management and control of the correctional facilities in the Department of Corrections and Community Supervision (Department) and of the incarcerated individuals confined therein, and of all matters relating to the government, discipline, policing, contracts and fiscal concerns thereof. In this regard, the Commissioner is authorized to make rules and regulations governing public access to Department records.

Article 6 of the Public Officers Law (Freedom of Information Law), including sections 87 and 89, authorizes agencies to adopt rules and regulations governing public access to agency records.

Article 6-A of the Public Officers Law (Personal Privacy Protection Law), including sections 94 and 95, authorizes agencies to adopt rules and regulations governing the collection, maintenance, and disclosure of personal information maintained by the Department.

2. Legislative Objectives

The proposed amendments further the legislative objectives of the Freedom of Information Law by promoting the consistent, efficient, and transparent administration of requests for Department records while ensuring that records are disclosed in accordance with applicable law.

3. Needs and Benefits

The proposed amendments update the Department's regulations governing public access to records to ensure consistency with the Freedom of Information Law (FOIL), the Committee on Open Government's model rules, and current Departmental practices. The amendments clarify existing procedures, eliminate ambiguities, and reflect current organizational responsibilities.

The amendments update the Department's subject matter list provisions to reflect the Department's longstanding practice of maintaining a single, agency-wide subject matter list that is updated annually. The proposal also clarifies that Departmental records, including records relating to incarcerated individuals and Department employees, are subject to FOIL and applicable law and are processed by the Department's Records Access Officer.

The amendments further align the regulations with FOIL and the Committee on Open Government's model rules by clarifying procedures governing the acknowledgment and processing of requests, including requests involving a large volume of records, and by revising the provisions governing fees to conform to statutory requirements while expressly authorizing the Records Access Officer to waive fees when appropriate. The amendments also clarify that requests by incarcerated individuals for copies of records relating to themselves must be processed in accordance with FOIL, ensuring that all applicable statutory exemptions are properly applied. In addition, the amendments update the Department's organizational references by identifying the Deputy Commissioner and Counsel as the official responsible for appeals concerning determinations regarding the accuracy of records relating to incarcerated individuals.

Finally, the proposed amendments include non-substantive technical corrections, thereby conforming the regulations to existing statutory language.

Overall, the proposed amendments clarify existing requirements, align the regulations with current law and Departmental practices, and promote the consistent administration of requests for access to Department records.

4. Costs

(a) Compliance with this rule imposes no additional costs on Department personnel or members of the public requesting records.

(b) Costs to the Department, the State, and local governments for implementation and continuation of the rule are minimal. The amendments primarily clarify existing procedures and conform the regulations to current statutory requirements, Departmental practices, and the Committee on Open Government's model rules. The regulation does not apply to local governments.

(c) This cost analysis is based upon the Department's experience administering requests for records pursuant to FOIL.

5. Paperwork

The proposed amendments impose no new reporting or recordkeeping requirements.

6. Local Government Mandates

This rulemaking imposes no program, service, duty, or responsibility upon any county, city, town, village, school district, or other special district. It applies only to the Department.

7. Duplication

The proposed amendments do not duplicate or conflict with any State or Federal requirement. Rather, they conform the Department's regulations to FOIL and the Committee on Open Government's model rules.

8. Alternatives

No significant alternatives were considered. The proposed amendments are necessary to align the regulations with current statutory requirements, Departmental practices, and the Committee on Open Government's model rules.

9. Federal Standards

No Federal standards are applicable to the subject matter of this rule.

10. Compliance Schedule

The Department can achieve compliance with the rule upon publication of the Notice of Adoption in the State Register.

Regulatory Flexibility Analysis
A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Proposed Rule Making because the rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of these entities for compliance purposes. The Department of Corrections and Community Supervision makes this finding based on the fact that this rule imposes no requirements on such entities.

Rural Area Flexibility Analysis
A Rural Area Flexibility Analysis is not submitted with this Notice of Proposed Rule Making because the rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, recordkeeping, or other affirmative acts on the part of public or private entities in rural areas. The Department of Corrections and Community Supervision makes this finding based on the fact that the rule imposes no requirements on such entities.

Job Impact Statement
A Job Impact Statement is not submitted with this Notice of Proposed Rule Making because the rulemaking will not have a substantial adverse impact on jobs or employment opportunities, nor does it have adverse implications for job opportunities.

EMERGENCY RULE MAKING

Medical Aid in Dying Physician Reporting Requirements

I.D. No. HLT-22-26-00001-E
Filing No. 713
Filing Date: 2026-08-04
Effective Date: 2026-08-04

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of section 35.7 and Part 1008 to Title 10 NYCRR.

Statutory authority: Public Health Law, sections 2899-o, 2899-p and 2899-q

Finding of necessity for emergency rule: Preservation of public health, public safety and general welfare.

Specific reasons underlying the finding of necessity: Chapter 1 of the Laws of 2026 authorizes the Department to establish regulations prior to the effective date of Public Health Law Article 28-F. Section 11 of Chapter 1 of the Laws of 2026 states that "Notwithstanding any provisions to the contrary in the state administrative procedure act, such rules or regulations may be adopted on an emergency basis."

These emergency regulations are identical to the proposed regulations the Department published on June 3, 2026, with a public comment period ending August 3, 2026. These regulations are being adopted on an emergency basis, pursuant to section 11 of Chapter 1 of the Laws of 2026, to ensure timely implementation of Article 28-F of the Public Health Law on the effective date, August 5, 2026.

Subject: Medical Aid in Dying Physician Reporting Requirements.

Purpose: To establish reporting requirements for physicians who use MAID so that the Department can determine utilization and compliance.

Text of emergency rule: A new Part 1008 is added to read as follows:

Chapter XVI. Medical Aid in Dying

Part 1008. Medical Aid in Dying

Section 1008.1 Reporting requirements for physicians providing medical aid in dying. The terms used in this section shall have the same meanings set forth in Public Health Law section 2899 d.

(a) Physicians and mental health professionals who provide medical aid in dying shall comply with Public Health Law article 28-F.

(b) The attending physician who prescribes medication for medical aid in dying shall report the following information in an electronic format to the department within five days of issuing the prescription:

(1) A unique patient identifier, in a format specified by the department, and the name, practitioner license title, and New York State practitioner license number of the attending physician, consulting physician, and mental health professional.

(2) The terminal illness or condition for which medication for medical aid in dying was prescribed.

(3) The information included in the prescription, including the names of the medications, the strength and dosage form, and an affirmation that the prescription contained a notation to prevent the prescription from being filled until five days after the prescription was written.

(4) The age of the patient at the time the medication was prescribed to the patient.

(5) The patient's gender.

(6) The patient's care setting (such as facility or private residence) and New York State county of residence.

(7) An attestation that the attending physician, consulting physician, and mental health professional who provided medical aid in dying have complied with provisions of article 28-F in a format specified by the department.

(c) In addition to the information the attending physician is required to submit to the department under subdivision (b) of this section, the attending physician must also submit any other information the department requests under section 2899-q of the Public Health Law to determine utilization and compliance with article 28-F.

(d) Whenever an attending physician prescribes medication for medical aid in dying, the designation "MAID" and a notation that the prescription shall not be filled until five days after the prescription was written must be specified on the prescription form or in the electronic prescription record along with the name of the medication and dosage for all prescriptions issued.

(e) The commissioner shall be responsible for protecting the privacy and security of the information reported under this Part.

A new section 35.7 of Title 10 is added to read as follows:

Section 35.7 Death Records; Medical Aid in Dying.

Failure to record the underlying terminal illness or condition as the cause of death on the New York State death certificate of an individual that self-administered medication for medical aid in dying shall be corrected by the medical provider responsible for the creation of the certificate upon notice from the commissioner of health.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. HLT-22-26-00001-P, Issue of June 3, 2026. The emergency rule will expire November 1, 2026.

Text of rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Regulatory Impact Statement

Statutory Authority:

Section 2899-o of the Public Health Law gives the Department of Health (Department) the authority to establish regulations for the safe disposal of unused medication prescribed, dispensed or ordered under Article 28-F, which enacts the Medical Aid in Dying Act.

Section 2899-p(2) of the Public Health Law states that the cause of death listed on the death certificate for a patient who self-administers medication using medical aid in dying ("MAID") must be the underlying terminal illness or condition, not the medication prescribed for MAID.

Section 2899-q of the Public Health Law requires the Department to adopt regulations establishing reporting requirements for physicians who use MAID so that the Department can determine utilization and compliance with Article 28 F, report annually to the Legislature, and post such report on the Department's website.

Chapter 1 of the Laws of 2026 authorizes the Department to establish regulations prior to the effective date of Article 28-F. Section 11 of Chapter 1 of the Laws of 2026 states that "Notwithstanding any provisions to the contrary in the state administrative procedure act, such rules or regulations may be adopted on an emergency basis."

Legislative Objectives:

To establish reporting requirements for physicians who use MAID so that the Department can determine utilization and compliance with Article 28-F, report annually to the Legislature, and post such report on the Department's website.

Needs and Benefits:

The MAID Act permits a physician to treat a patient with a terminal illness or condition in a manner that allows the patient to die from the terminal illness or condition with less suffering when the illness or condition is incurable and irreversible and will, within reasonable medical judgment, produce death within six months whether or not treatment is provided.

Pursuant to the MAID Act, physicians may, but are not required to, prescribe appropriate medication in accordance with the adult patient's request. The attending physician must, among other things, make a determination that a patient has a terminal illness or condition and has made a voluntary, informed decision to request medication for MAID. A terminal illness or condition means an incurable and irreversible illness or condition that has been medically confirmed and will, within reasonable medical judgment, produce death within six months whether or not treatment is provided. A second, consulting physician must confirm that the patient has a terminal illness or condition and has made a voluntary, informed decision to request medication for MAID.

Both the attending physician and the consulting physician must document that the patient has decision-making capacity. In addition, a third practitioner who is a mental health professional must make a determination that the patient has decision-making capacity. Mental health professional means an individual: (a) licensed to practice medicine in New York State who is a diplomate of the American Board of Psychiatry and Neurology or is eligible to be certified by that board or is certified by the American Osteopathic Board of Neurology and Psychiatry or is eligible to be certified by that board; or (b) licensed to practice psychology under Title 8 of the Education Law. In the event that the mental health professional determines that the patient lacks decision-making capacity, the attending physician may not prescribe medication for MAID for the patient.

Any request for medication for MAID must be witnessed as provided in Article 28-F by at least two witnesses who, among other things, are not relatives or domestic partners of the patient and would not benefit financially from the death of the patient. Examples of individuals who would benefit financially are individuals who would inherit as an heir under a will, a distributee of a patient who dies intestate, or a beneficiary of a life insurance policy covering the patient. Similar restrictions apply to anyone who may be called upon to interpret for a patient who requires interpretation of information into a language other than English.

Patients who choose to self-administer medications for MAID must make an affirmative, conscious, and voluntary act to ingest the medication. The medication may not be an injection or infusion. A patient may use a tool or assistive device to help them self-administer the medication, but the patient must perform a final, physical act to self-administer the medication. The medication may not be administered by a person other than the patient.

Under section 2899-q of the Public Health Law, the Department is required to adopt regulations establishing reporting requirements for physicians who use MAID so that the Department can determine utilization and compliance with 28-F, report annually to the Legislature, and post such report on the Department's website.

This reporting will help New Yorkers understand the terminal illnesses or conditions for which medication for MAID is being prescribed, which medication is being prescribed, and the age, gender, setting, and county of patients being prescribed medication for Medical Aid in Dying. The Department's report to the Legislature will provide information regarding utilization and compliance with Article 28-F.

Costs:

Costs to Regulated Entities:

For physicians who voluntarily choose to prescribe medications for MAID, the new reporting requirements will impose a de minimis cost.

Costs to State and Local Governments:

Except as provided below, there will be no costs to the State or local governments.

Costs to the Department of Health:

The Department will incur some costs in setting up a new reporting system for physicians who prescribe medications for MAID. The Department expects to absorb such costs within existing resources.

Local Government Mandates:

There will be no duty or responsibility imposed on local governments as a result of this rule.

Paperwork:

For physicians who voluntarily choose to prescribe medications for MAID, the physicians must document compliance with MAID in the medical record and comply with the reporting requirements under this regulation. The Department is required to prepare a report annually containing relevant data regarding utilization and compliance with MAID, send such report to the Legislature, and post such report on the Department's website.

Duplication:

This rule does not duplicate, overlap, or conflict with any other legal requirements of the State or Federal government.

Alternatives:

Section 2899-o of the Public Health Law gives the Department authority to establish regulations for the safe disposal of unused medication prescribed, dispensed or ordered under MAID. Disposal of such unused medications must be in accordance with the rules for other unused narcotics, such as morphine, when a patient dies.

Department guidance for disposal of narcotics may be found at the following link: https://www.health.ny.gov/professionals/narcotic/safe_disposal/. Department guidance will be updated as needed, but the Department does not believe that regulations specific to unused MAID medication are needed at this time.

Under section 2899-q of the Public Health Law, the Department is required to adopt regulations establishing reporting requirements for physicians who use MAID so that the Department can determine utilization and compliance with Article 28-F, report annually to the Legislature, and post such report on the Department's website. Because Article 28-F requires that a patient requesting MAID be seen by at least three medical providers, the Department considered which of the patient's physicians must report and determined that only that attending physician must report information to the Department. The Department considered what the attending physician must report and determined that the attending physician must report the information the attending physician has at the time the attending physician prescribes the medication.

Federal Standards:

The proposed rule does not overlap or conflict with any Federal legal requirements.

Compliance Schedule:

The rule will take effect upon publication of a Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

No Regulatory Flexibility Analysis is required pursuant to section 202-b(3)(a) of the State Administrative Procedure Act. The proposed amendment does not impose an adverse economic impact on small businesses or local governments or modify reporting, record keeping, or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for these amendments is not being submitted because the amendments will not impose any adverse impact or significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas because of the proposed amendments.

Job Impact Statement

A Job Impact Statement for these amendments is not being submitted because it is apparent from the nature and purposes of the amendments that they will not have a substantial adverse impact on jobs and/or employment opportunities.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Potential Modifications to, and Clarifications of, the Statewide Solar for All (S-SFA) Program

I.D. No. PSC-33-26-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by the New York State Energy Research and Development Authority on July 23, 2026, proposing modifications to, and requesting certain clarifications of, the Statewide Solar for All (S-SFA) program.

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 65(1), 66(1), (2) and (3)

Subject: Potential modifications to, and clarifications of, the Statewide Solar for All (S-SFA) Program.

Purpose: To ensure proper administration of the S-SFA and provide low-income customers with bill credits from community solar projects.

Substance of proposed rule: The Public Service Commission (Commission) is considering a petition filed by the New York State Energy Research and Development Authority (NYSERDA) on July 23, 2026 (Petition), proposing modifications to, and requesting certain clarifications regarding, the "Statewide Solar for All Program" (S-SFA). Specifically, NYSERDA requests: (1) that the S-SFA rules be modified to remove the requirement for a minimum of 12-months' notice for a non-operational project to disenroll from S-SFA; (2) clarification confirming that projects may enroll in S-SFA at the time of the project's initial 25% interconnection deposit payment or when a Standard Interconnection Contract has been executed (if no such payment is required), or at any time thereafter up until a project's operational date; (3) clarification confirming that a project's Compensation Level is determined by the date of the project's initial 25% interconnection deposit payment or the date when a Standard Interconnection Contract has been executed, if no such payment is required; and (4) that information about projects enrolling in, or disenrolling from, the S-SFA be added into the utility Community Distributed Generation/ Remote Crediting Switching Reports that each utility submits to NYSERDA. NYSERDA requests these modifications and clarifications to incorporate lessons learned from the first year of program implementation.

The full text of the Petition and the full record of the proceeding may be reviewed online on the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve other related matters

EMERGENCY RULE MAKING

Minimum Standards for Administration and Enforcement of the Uniform Code

I.D. No. DOS-33-26-00001-E
Filing No. 712
Filing Date: 2026-07-30
Effective Date: 2026-07-30

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 1203.2 and 1203.3 of Title 19 NYCRR.

Statutory authority: Executive Law, section 381(1)(j); L. 2023, ch. 57, part T, section 4

Finding of necessity for emergency rule: Preservation of public health.

Specific reasons underlying the finding of necessity: The Department of State ("DOS") has found that the immediate adoption of this rule is necessary for the preservation of public health, safety and general welfare. Complying with the proposed rulemaking procedures of subdivision one of section 202 of the State Administrative Procedure Act ("SAPA") before making this rule effective on an emergency basis would be contrary to the public interest.

Section 3 of Part T of Chapter 57 of the Laws of 2023 ("Part T"), enacted May 3, 2023, and effective May 3, 2026, mandates this rule. The rule will provide protection to occupants of residential dwellings with two or more units built prior to 1980, located in communities of concern, by amending an existing regulation that prescribes minimum standards for administration and enforcement of the Uniform Code and Energy Code (19 NYCRR Part 1203, hereinafter referred to as "Part 1203") to add language that complies with Part T, which is intended to address lead hazards in rental homes before children experience the harmful effects of lead.

This rule is intended to amend Part 1203 to update the minimum standards for the administration and enforcement of the Uniform Code to include provisions relating to 10 NYCRR, Subpart 67-5, the regulations promulgated by the New York State Department of Health ("DOH") pursuant to Public Health Law § 1377, as required by paragraph (j) of Executive Law § 381(1), which became effective May 3, 2026. On April 8, 2026, the DOH adopted regulations pursuant to Public Health Law § 1377, which are titled "Targeted Rental Registry and Proactive Lead Hazard Inspections" and codified at 10 NYCRR, Subpart 67-5.

This rule closely conforms with the non-discretionary permanent legislative changes enacted by Part T. A Notice of Emergency Adoption and Proposed Rule Making on this matter, which was filed by DOS on May 1, 2026, made an emergency rule effective from May 3, 2026, through July 29, 2026. The public policy objectives of Part T will immediately be advanced statewide by keeping an emergency rule in effect, pursuant to section 202(6) of SAPA, until a permanent rule may be adopted and become effective pursuant to section 202(5) of SAPA. The purpose of and necessity for the rule is to comply with a new statutory requirement which mandates that the minimum standards for administration and enforcement of the Uniform Code include procedures requiring documentation of compliance with 10 NYCRR, Subpart 67-5, the DOH regulations governing inspections of residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern as identified by DOH. The website for DOH indicates there are 25 communities of concern (representing communities with a high number of childhood lead poisonings and older rental properties): Albany, Amsterdam, Auburn, Binghamton, Buffalo, Cheektowaga, Elmira, Gloversville, Jamestown, Kingston, Middletown, Mount Vernon, New Rochelle, Newburgh, Niagara Falls, Poughkeepsie, Rochester, Rome, Schenectady, Spring Valley, Syracuse, Troy, Utica, Watertown, and Yonkers. See https://www.health.ny.gov/environmental/lead/lead_rental_registry/.

Making this rule effective on July 30, 2026, may be accomplished only by adopting this rule on an emergency basis. DOS is thus promulgating this rule as an emergency measure until a permanent rule may be adopted and become effective.

Subject: Minimum standards for administration and enforcement of the Uniform Code.

Purpose: To revise such standards to include procedures requiring documentation of compliance with 10 NYCRR, Subpart 67-5.

Text of emergency rule: Subdivision (b) of section 1203.2 of Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended as follows:

(b) Where the State is responsible under section 1201.2(d) of Part 1201 of this Title for administration and enforcement of the Uniform Code, the state agency or agencies determined in accordance with the provisions of Part 1204 of this Title shall administer and enforce the Codes in accordance with Part 1204 of this Title and *paragraph (2) of subdivision (h) and subdivision (j) of* section 1203.3[(j)] of this Part. For the purposes of section 1203.3(j)(5) of this Part, the period fixed by the code enforcement program of such state agency, as the interval between periodic condition assessments, shall not exceed three years.

Paragraph (2) of subdivision (h) of section 1203.3 of Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended as follows:

(2) *Recordkeeping requirements.*

(i) Each authority having jurisdiction shall include in its code enforcement program provisions requiring that after each inspection, the authority having jurisdiction shall note the premises as satisfactory, or the owner and operator shall be notified as to the manner in which the premises fails to comply with the Uniform Code, including a citation to the specific Uniform Code provision or provisions that have not been met.

(ii) Provisions relating to 10 NYCRR Subpart 67-5, Department of Health regulations promulgated pursuant to New York State Public Health Law section 1377. In the case of dwellings that require inspections pursuant to section 1203.3(h)(1)(iii) of this Part that were built before 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, each authority having jurisdiction over a community of concern referenced in section 1377 of the Public Health Law, shall include in its code enforcement program provisions requiring that as a part of each inspection on and after October 1 of the year a lead safety certification is due pursuant to 10 NYCRR section 67-5.6(b), such authority having jurisdiction shall check the State Rental Registry maintained by the New York State Department of Health pursuant to section 1377 of the Public Health Law for an inspection certification that such dwelling is free of lead paint hazards. Such code enforcement program provisions shall require that: (1) after conducting the check of the State Rental Registry, such authority having jurisdiction shall document in its own records whether such dwelling has such an inspection certification on file in the State Rental Registry; and (2) that such authority having jurisdiction notify the Department of Health of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such authority having jurisdiction for the issuance of a certificate of occupancy, certificate of compliance, or other method of authorization used by the authority having jurisdiction, on and after October 1 of the year the certification is due pursuant to 10 NYCRR section 67-5.6(b), such code enforcement program shall require, as a condition to issuance of a certificate of occupancy, certificate of compliance, or applicable authorization, that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

This notice is intended to serve only as an emergency adoption, to be valid for 90 days or less. This rule expires October 27, 2026.

Text of rule and any required statements and analyses may be obtained from: Chad Sievers, Department of State, 99 Washington Ave., Suite 1160, Albany, NY 12231, (518) 486-1189, email: Chad.Sievers@dos.ny.gov

Regulatory Impact Statement

1. STATUTORY AUTHORITY

Title 19 of the Official Compilation of the Rules and Regulations of the State of New York Part 1203 ("Part 1203") implements Executive Law section ("§ ") 381(1) by establishing minimum standards for the administration and enforcement of the State Uniform Fire Prevention and Building Code ("Uniform Code") and State Energy Conservation Construction Code ("Energy Code"), and by setting the time for compliance with an order to remedy. Additionally, Section 3 of Part T of Chapter 57 of the Laws of 2023 added a new paragraph (j) to subdivision 1 of section 381 of the Executive Law, which requires such minimum standards to include "procedures requiring the documentation of compliance with regulations adopted pursuant to section thirteen hundred seventy-seven of the public health law as a condition to issuance of a certificate of occupancy or certificate of compliance following a periodic fire safety and property maintenance inspection for multiple dwellings." Executive Law § 381(1)(j), which became effective May 3, 2026, authorizes the adoption of this rule. On April 8, 2026, the DOH adopted regulations pursuant to section 1377 of the Public Health Law, which are titled, "Targeted Rental Registry and Proactive Lead Hazard Inspections" and codified at 10 NYCRR, Subpart 67-5. A Notice of Emergency Adoption and Proposed Rule Making on this matter, which was filed by DOS on May 1, 2026, made an emergency rule effective from May 3, 2026, through July 29, 2026. The current emergency rule, which is effective July 30, 2026, will remain in effect until a permanent rule may be adopted and become effective.

2. LEGISLATIVE OBJECTIVES

The legislative objectives of the statutory authority for this rulemaking include providing protection to occupants of residential buildings and encouraging local governments to exercise their full powers to administer and enforce the Uniform Code by ensuring that when residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern as identified by DOH, undergo fire safety and property maintenance inspections by code enforcement officials, such inspections include a check of the State rental registry maintained by the New York State Department of Health ("DOH") for an inspection certification that such dwelling is free of lead paint hazards.

3. NEEDS AND BENEFITS

The purpose of and necessity for the rule is to comply with a new statute which requires that the minimum standards for administration and enforcement of the Uniform Code include procedures requiring documentation of compliance with 10 NYCRR, Subpart 67-5 ("Targeted Rental Registry and Proactive Lead Hazard Inspections"), the DOH regulations governing inspections of residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern as identified by DOH. The DOH website indicates there are 25 communities of concern: Albany, Amsterdam, Auburn, Binghamton, Buffalo, Cheektowaga, Elmira, Gloversville, Jamestown, Kingston, Middletown, Mount Vernon, New Rochelle, Newburgh, Niagara Falls, Poughkeepsie, Rochester, Rome, Schenectady, Spring Valley, Syracuse, Troy, Utica, Watertown, and Yonkers. See https://www.health.ny.gov/environmental/lead/lead_rental_registry/. The benefits derived from the rule will be to mitigate occupant exposure to lead based hazards in qualifying dwellings in communities of concern. No scientific or statistical study, report, or analysis served as a basis for the rule.

The rule provides protection to occupants of residential dwellings with two or more units built prior to 1980, located in communities of concern, by amending an existing regulation that prescribes minimum standards for administration and enforcement of the Uniform Code and Energy Code (19 NYCRR Part 1203, hereinafter referred to as "Part 1203") to add language that complies with Chapter 57 of the Laws of 2023 to address lead hazards in rental homes to better prevent the harmful effects of lead. In adopting the rule, the Department of State ("DOS") is advancing the public policies of the State. This rule is intended to amend Part 1203 to update the minimum standards for the administration and enforcement of the Uniform Code to include provisions relating to 10 NYCRR, Subpart 67-5, the regulations promulgated by DOH pursuant to Public Health Law § 1377, as required by paragraph (j) of Executive Law § 381(1), which became effective May 3, 2026. Such DOH regulations require registry of qualifying dwellings, lead safety inspections of such buildings by the owners, and certification by building owners that such dwellings are free of lead paint hazards. When the residential dwellings subject to the DOH regulations undergo fire safety and property maintenance inspections by code enforcement officials, including a check of the State rental registry maintained by DOH for an inspection certification that such dwelling is free of lead paint hazards, the intention is to promote public safety.

4. COSTS

a. COSTS TO REGULATED PARTIES FOR THE IMPLEMENTATION OF, AND CONTINUING COMPLIANCE, WITH THE RULE

The rule does not change the requirement in existing regulations that Authorities Having Jurisdiction (AHJ)[1] charged with the responsibility for administering and enforcing the Uniform Code provide for such administration and enforcement by local law, ordinance, or other appropriate regulation. With enforcement of the Uniform Code by local governments, the adoption of local legislation is necessary to impose the requirements of an enforcement program upon private property owners.

Local governments that administer and enforce the Uniform Code in communities of concern may incur costs in connection with revising a local program for administration and enforcement of the Uniform Code to bring such program into compliance with the rule. Amending a local law that implements the local code enforcement program may require expenses associated with the preparation of revised text, the publication of notices of a public hearing, and conducting any required hearings. DOS anticipates that these costs will vary based on the degree to which a local government's existing code enforcement program complies with the current version of

Part 1203, as well as the degree by which a local government wishes to exceed the minimum standards established by this rule. This rule changes neither the types of buildings that are subject to fire and property maintenance inspections nor the frequency with which such buildings must be inspected. The rule does not require local governments which administer and enforce the Uniform Code in communities of concern to develop or maintain any electronic system, but simply requires AHJs to check the State Rental Registry maintained by the DOH and notify the DOH of the relevant inspection information. Accordingly, it is not anticipated that promulgation of the rule will require additional fees to offset the costs of the administrative duties that local governments may incur because of this rule.

b. COSTS TO THE AGENCY, THE STATE AND LOCAL GOVERNMENTS FOR THE IMPLEMENTATION OF, AND CONTINUED ADMINISTRATION OF, THE RULE

Part 1203 currently requires each AHJ to establish a code enforcement program that includes the features described in Part 1203. Twenty-five local governments will be required to update their existing code enforcement program by local law, ordinance, or other appropriate regulation. The rule will also require any State agency or other governmental unit or agency that falls outside the exceptions provided in 10 NYCRR § 67-5.3, and acts as an AHJ in communities of concern, that has custody of residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, to update their existing code enforcement program. DOS anticipates that any such AHJ that has established a code enforcement program which includes the features described in the current version of Part 1203 will need to make only minor changes to such program to bring it into compliance with Part 1203, as set forth in this rule. To assist AHJs, DOS will post on its website an updated model local law establishing a code enforcement program that includes the features required by the updates to Part 1203 that are set forth in this rule.

Part 1203 currently requires each code enforcement program to include recordkeeping provisions. Affected AHJs will be required to update those requirements to reflect current version of the regulations and, therefore, this rule will require affected AHJs to keep records relating to whether qualifying dwellings have record of an inspection certification that the dwelling is free of lead paint hazards. DOS will provide training and guidance on the new or revised provisions of Part 1203, as needed, for all local government code enforcement personnel in the communities of concern at no cost.

5. LOCAL GOVERNMENT MANDATES

This rule will require the twenty-five local governments having jurisdiction over the communities of concern designated by DOH to review their code enforcement programs and to amend those programs to include the additional provisions required by this rule. Each such local government will be required to update their code enforcement program to include the following provisions as a part of a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out: (1) after conducting the check of the State Rental Registry maintained by DOH pursuant to section 1377 of the Public Health Law, such local government document in its own records whether such dwelling has such an inspection certification on file in the State Rental Registry; and (2) that such AHJ notify DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such local government for the issuance of a certificate of occupancy or certificate of compliance, such code enforcement program shall require as a condition to issuance of a certificate of occupancy, or certificate of compliance, certification, or correspondence required by the local government, that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

Pursuant to Executive Law § 381, every city, town, and village is responsible for administering and enforcing the Uniform Code. Since this rule will only apply to the twenty-five local governments having jurisdiction over DOH-designated communities of concern, personnel of such local governments will need to familiarize themselves with the details of this rule. DOS will provide guidance, as needed, to enable local governments to administer this regulation.

6. PAPERWORK

This proposed rule includes documentation and reporting requirements. Depending on the manner in which such local government maintains records, such documentation may involve paperwork. The notification to DOH by AHJs can be done electronically.

7. DUPLICATION

This rule does not duplicate any rule or other legal requirement of the State or Federal government known to DOS.

8. ALTERNATIVES

The alternative of maintaining existing provisions of Part 1203 unchanged was considered and rejected because it fails to comply with Executive Law § 381(1)(j). It is the policy of DOS to modernize and amend the Uniform Code and Energy Code, to maintain consistency with the national model codes, to keep building practices in New York State consistent with practice nationally, and to incorporate new technological developments in a timely manner. It is also the policy of DOS to revise the related regulations for consistency with updates to the Uniform Code and Energy Code. The state adopted new versions of the Uniform Code and Energy Code effective December 31, 2025, and DOS plans amendments to the minimum standards for administration and enforcement of the codes to reflect requirements of the newly adopted 2025 codes. However, because this rulemaking is required by statute, and because that statute requiring the minimum standards to include the content in this rulemaking became effective May 3, 2026, DOS rejected the alternative approach of including this amendment in the planned broader amendment to the minimum standards.

9. FEDERAL STANDARDS

This rule does not intersect with or exceed any minimum standards of the Federal government known to DOS for the same or similar subject areas.

10. COMPLIANCE SCHEDULE

It is estimated that the twenty-five affected local governments could need up to six months to a year (depending on the size and resources of the city) to engage in the activities associated with updating any applicable local law, ordinance, or regulation, including the preparation of revised text, the publication of notices of a public hearing, and conducting any required hearings. However, nothing would prohibit such local governments from complying with the rule before updating any applicable local law, ordinance, or regulation. This rule, which is effective July 30, 2026, will remain in effect until a permanent rule may be adopted and become effective.

Regulatory Flexibility Analysis

1. EFFECT OF RULE

19 NYCRR Part 1203 ("Part 1203") implements Executive Law § 381(1) by establishing minimum standards for administration and enforcement of the State Uniform Fire Prevention and Building Code (the "Uniform Code") and the State Energy Conservation Construction Code (the "Energy Code"). Executive Law § 381(1) provides that the minimum standards should address several specified issues, including "procedures requiring the documentation of compliance with regulations adopted pursuant to section thirteen hundred seventy-seven of the public health law as a condition to issuance of a certificate of occupancy or certificate of compliance following a periodic fire safety and property maintenance inspection for multiple dwellings." See Executive Law § 381(1)(j). On April 8, 2026, regulations were adopted by the New York State Department of Health ("DOH") pursuant to section 1377 of the Public Health Law, which are titled, "Targeted Rental Registry and Proactive Lead Hazard Inspections" and codified at 10 NYCRR, Subpart 67-5. A Notice of Emergency Adoption and Proposed Rule Making on this matter, which was filed by DOS on May 1, 2026, made an emergency rule effective from May 3, 2026, through July 29, 2026. The current emergency rule, which is effective July 30, 2026, will remain in effect until a permanent rule may be adopted and become effective. This rule is intended to address Executive Law § 381(1)(j) by adding new provisions relating to procedures requiring documentation of compliance with 10 NYCRR, Subpart 67-5, the regulations promulgated by DOH pursuant to Public Health Law § 1377, as part of the minimum standards for administration and enforcement of the Uniform Code.

This rule applies to twenty-five cities identified by the New York State Department of Health as communities of concern, as well as counties, or State agencies that fall outside the exceptions provided in 10 NYCRR § 67-5.3, that administer and enforce the Uniform Code that have in their custody residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern. The rule does not apply to small businesses.

2. COMPLIANCE REQUIREMENTS

Part 1203 currently requires local governments which administer and enforce the Uniform Code and Energy Code to establish code enforcement programs that include the features described in Part 1203. This rule requires Authorities Having Jurisdiction ("AHJ")[1] over DOH identified communities of concern that administer and enforce the Uniform Code to update their code enforcement programs to include the features described

in Part 1203, as amended by this rule. A code enforcement program that is in substantial compliance with the current version of Part 1203 should require only minor changes, summarized as follows:

Part 1203 currently provides that code enforcement programs must include all features set forth in Section 1203.3. This rule requires AHJs that administer and enforce the Uniform Code and Energy Code to add provisions to their code enforcement program to include the following provisions as a part of a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out: (1) after conducting the check of the State Rental Registry maintained by DOH pursuant to section 1377 of the Public Health Law, such AHJ document in its own records whether a dwelling has such an inspection certification on file in the State Rental Registry, and (2) that such AHJ notify DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such AHJ for the issuance of a certificate of occupancy or certificate of compliance, such code enforcement program shall require, as a condition to issuance of a certificate of occupancy, or certificate of compliance, certification, or correspondence required by the AHJ, that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

AHJs that administer and enforce the Uniform Code and Energy Code are currently required to use personnel who have received the training required by 19 NYCRR Part 1208 to perform code enforcement-related services. This rule does not change those requirements, so those AHJs will continue to be required to use personnel who have received such training.

3. PROFESSIONAL SERVICES

Local governments that administer and enforce the Uniform Code and Energy Code are currently required to use personnel who have received the training required by 19 NYCRR Part 1208 to perform code enforcement-related services. Those local governments will continue to be required to use personnel who have received such training. No other professional services are expected to be needed for compliance.

4. COMPLIANCE COSTS

AHJs that administer and enforce the Uniform Code and Energy Code will incur the initial costs associated with updating their code enforcement programs to include the features described in Part 1203, as amended by this rule. DOS anticipates that these costs will vary based on the degree to which an AHJ's existing code enforcement program complies with the current version of Part 1203, as well as the degree by which an AHJ wishes to exceed the minimum standards established by this rule. A code enforcement program that is in substantial compliance with the current version of Part 1203 should require only minor changes.

Each AHJ that administers and enforces the Uniform Code in a community of concern will be required to check the State Rental Registry maintained by DOH when performing a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out. However, DOS anticipates that AHJs will be able to accomplish such increased level of review using existing staff, at no significant increased cost. In instances where an AHJ is required to perform a fire safety and property maintenance inspection for buildings in the custody of such AHJ, if there are no residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out in the custody of an AHJ in community of concern, then the only impact to such AHJ would occur where such AHJ is conducting an inspection of such a dwelling that is privately owned.

5. ECONOMIC AND TECHNOLOGICAL FEASIBILITY

Each local government that administers and enforces the Uniform Code and Energy Code is already required by existing Part 1203 to establish a code enforcement program that includes the features described in existing Part 1203. Prior to the May 1, 2026 filing of the Notice of Emergency Adoption and Proposed Rule Making on this matter, DOS notified the chief elected officials, municipal clerks, and code enforcement officers of the twenty-five affected local governments of its intent to develop and propose this rule by means of a memorandum dated February 12, 2026, from the DOH Bureau of Community Environmental Health and Food Protection and the DOS Division of Building Standards and Codes. This provided local governments that administer and enforce the Uniform Code with additional time to review their code enforcement programs and to begin to prepare any necessary revisions to those programs. DOS anticipates that AHJs directly affected by this rule will be able to comply with this rule immediately upon its effective date or within a reasonable time after the effective date.

The rule would only require a check of the State Rental Registry maintained by DOH by a qualifying AHJ, noting in the records of the AHJ the result of such check, and advising DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. The rule does not require development or maintenance of any specialized software to do those things, which gives the AHJ the flexibility to comply with the reporting requirements in the most cost-effective manner. Accordingly, it will be economically and technologically feasible for local governments which administer and enforce the Uniform Code and Energy Code to comply with Part 1203, as amended by this rule.

6. MINIMIZING ADVERSE IMPACT

The rule is designed to minimize any adverse impact of such rule by only requiring a check of the State Rental Registry maintained by DOH, noting in the records of the AHJ the result of such check, and advising DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. The rule does not require development or maintenance of any specialized software to do those things, which gives the AHJ the flexibility to comply with the reporting requirements in the most cost-effective manner.

7. SMALL BUSINESS AND LOCAL GOVERNMENT PARTICIPATION

DOS notified the chief elected officials, municipal clerks, and code enforcement officers of the twenty-five affected local governments of its intent to develop and propose the rule by means of a memorandum dated February 12, 2026, from the DOH Bureau of Community Environmental Health and Food Protection and the DOS Division of Building Standards and Codes. Additionally, DOS notified State construction permitting agencies and other State agencies that are potentially responsible for buildings affected by this rule via a memorandum dated April 7, 2026, from the DOS Division of Building Standards and Codes. Furthermore, DOS notified interested parties throughout the State, including interested parties in rural areas, of the proposed adoption of the rule by means of a notice posted on the DOS website and published in Building New York, an electronic news bulletin distributed by DOS, which covers topics related to the Uniform Code, the Energy Code, and the construction industry, which is prepared and distributed by DOS to approximately 10,000 subscribers, including local governments, design professionals and others involved in all aspects of the construction industry.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS

19 NYCRR Part 1203 ("Part 1203") implements Executive Law § 381(1) by establishing minimum standards for administration and enforcement of the State Uniform Fire Prevention and Building Code (the "Uniform Code") and the State Energy Conservation Construction Code (the "Energy Code"). Executive Law § 381(1) provides that the minimum standards should address several specified issues, including "procedures requiring the documentation of compliance with regulations adopted pursuant to section thirteen hundred seventy-seven of the public health law as a condition to issuance of a certificate of occupancy or certificate of compliance following a periodic fire safety and property maintenance inspection for multiple dwellings." See Executive Law § 381(1)(j). On April 8, 2026, the New York State Department of Health ("DOH") adopted regulations pursuant to section 1377 of the Public Health Law, which are titled, "Targeted Rental Registry and Proactive Lead Hazard Inspections" and codified at 10 NYCRR, Subpart 67-5. A Notice of Emergency Adoption and Proposed Rule Making on this matter, which was filed by DOS on May 1, 2026, made an emergency rule effective from May 3, 2026, through July 29, 2026. The current emergency rule, which is effective July 30, 2026, will remain in effect until a permanent rule may be adopted and become effective.

This rule will apply to twenty-five cities identified by DOH as communities of concern, as well as counties, or State agencies that fall outside the exceptions provided in 10 NYCRR § 67-5.3, that administer and enforce the Uniform Code that have in their custody residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern. Ten of the twenty-five communities of concern (the cities of Amsterdam, Auburn, Binghamton, Elmira, Gloversville, Jamestown, Kingston, Schenectady, Troy, and Watertown) are rural areas within the meaning of State Administrative

Procedure Act § 102(10). Therefore, this rule will apply in some rural areas of the State.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES

Part 1203 currently requires local governments that administer and enforce the Uniform Code and Energy Code to establish code enforcement programs that include the features described in Part 1203. This rule will require Authorities Having Jurisdiction ("AHJ")[1] over DOH identified communities of concern that administer and enforce the Uniform Code to update their code enforcement programs to include the features described in Part 1203, as amended by this rule. A code enforcement program that is in substantial compliance with the current version of Part 1203 should require only minor changes, summarized as follows:

Part 1203 currently provides that code enforcement programs must include all features set forth in Section 1203.3. This rule will require AHJs that administer and enforce the Uniform Code and Energy Code to add provisions to their code enforcement program to include the following provisions as a part of a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out: (1) after conducting the check of the State Rental Registry maintained by DOH pursuant to section 1377 of the Public Health Law, such AHJ document in its own records whether a dwelling has such an inspection certification on file in the State Rental Registry; and (2) that such AHJ notify DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such AHJ for the issuance of a certificate of occupancy or certificate of compliance, such code enforcement program shall require as a condition to issuance of a certificate of occupancy, or certificate of compliance, certification, or correspondence required by the AHJ that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

AHJs that administer and enforce the Uniform Code and Energy Code are currently required to use personnel who have received the training required by 19 NYCRR Part 1208 to perform code enforcement-related services. The proposed rule does not change those requirements, so those AHJs will continue to be required to use personnel who have received such training.

3. COSTS

AHJs that administer and enforce the Uniform Code and Energy Code will incur the initial costs associated with updating their code enforcement programs to include the features described in Part 1203, as amended by this rule. The Department of State ("DOS") anticipates that these costs will vary based on the degree to which an AHJ's existing code enforcement program complies with the current version of Part 1203, as well as the degree by which an AHJ wishes to exceed the minimum standards established by this rule. A code enforcement program that is in substantial compliance with the current version of Part 1203 should require only minor changes.

Each AHJ that administers and enforces the Uniform Code in a community of concern will be required to check the State Rental Registry maintained by DOH when performing a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out. However, DOS anticipates that AHJs will be able to accomplish such increased level of review using existing staff, at no significant increased cost. In instances where an AHJ is required to perform a fire safety and property maintenance inspection for buildings in the custody of such AHJ, if there are no residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out in the custody of an AHJ in community of concern, then the only impact to such AHJ would occur where such AHJ is conducting an inspection of such a dwelling that is privately owned.

4. MINIMIZING ADVERSE IMPACT

The rule is designed to minimize any adverse impact of such rule by only requiring a check of the State Rental Registry maintained by DOH, noting in the records of the AHJ the result of such check, and advising DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. The rule does not require development or maintenance of any specialized software to do those things, which gives the AHJ the flexibility to comply with the reporting requirements in the most cost-effective manner.

5. RURAL AREA PARTICIPATION

DOS notified the chief elected officials, municipal clerks, and code enforcement officers of the twenty-five affected local governments of its intent to develop and propose this rule by means of a memorandum dated February 12, 2026, from the DOH Bureau of Community Environmental Health and Food Protection and the DOS Division of Building Standards and Codes. Additionally, DOS notified State construction permitting agencies and other State agencies that are potentially responsible for buildings affected by this rule by means of a memorandum dated April 7, 2026, from the DOS Division of Building Standards and Codes. Furthermore DOS notified interested parties throughout the State, including interested parties in rural areas, of the proposed adoption of this rule by means of a notice posted on the DOS website and published in Building New York, an electronic news bulletin distributed by DOS, which covers topics related to the Uniform Code, the Energy Code, and the construction industry, which is prepared and distributed by DOS to approximately 10,000 subscribers, including local governments, design professionals and others involved in all aspects of the construction industry.

Job Impact Statement

The Department of State ("DOS") has determined that, given the nature and purpose of this rule, it will not have a substantial adverse impact on jobs and employment opportunities. The rule will amend Part 1203 of Title 19 NYCRR ("Part 1203"), which provides the minimum standards local governments that administer and enforce the State Uniform Fire Prevention and Building Code (the "Uniform Code") and the State Energy Conservation Construction Code (the "Energy Code") must follow. Part 1203, as amended by this rule, will require Authorities Having Jurisdiction ("AHJ")[1] over communities of concern (as explained in the Needs and Benefits section of the Regulatory Impact Statement), that administer and enforce the Uniform Code to amend their code enforcement programs to include provisions requiring procedures that mandate documentation of compliance with regulations adopted pursuant to section 1377 of the Public Health Law as a condition to issuance of a certificate of occupancy or certificate of compliance following a periodic fire safety and property maintenance inspection for multiple dwellings. See Executive Law § 381(1)(j). On April 8, 2026, the New York State Department of Health adopted regulations pursuant to section 1377 of the Public Health Law, which are titled, "Targeted Rental Registry and Proactive Lead Hazard Inspections" and codified at 10 NYCRR, Subpart 67-5. A Notice of Emergency Adoption and Proposed Rule Making on this matter, which was filed by DOS on May 1, 2026, made an emergency rule effective from May 3, 2026, through July 29, 2026. The current emergency rule, which is effective July 30, 2026, will remain in effect until a permanent rule may be adopted and become effective.

This rule will apply to twenty-five cities identified by the New York State Department of Health as communities of concern (referenced in the Regulatory Impact Statement associated with this rule), as well as counties, or State agencies that fall outside the exceptions provided in 10 NYCRR § 67-5.3, that administer and enforce the Uniform Code and that have in their custody residential dwellings with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, and are located within communities of concern. Each such local government, county or State agency would be required to update their code enforcement program to include the following provisions as a part of a fire safety and property maintenance inspection of a residential dwelling with two or more units built prior to 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out:

(1) after conducting the check of the State Rental Registry maintained by DOH pursuant to section 1377 of the Public Health Law, such local government document in its own records whether such dwelling has such an inspection certification on file in the State Rental Registry, and

(2) that such AHJ notify DOH of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such local government for the issuance of a certificate of occupancy or certificate of compliance, such code enforcement program shall require as a condition to issuance of a certificate of occupancy, or certificate of compliance, certification, or correspondence required by the local government, that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

Only certified building safety inspectors ("BSI"), certified code enforcement officials ("CEO"), or individuals or business entities under contract with an AHJ to perform BSI or CEO enforcement activities, may perform

fire safety and property maintenance inspections. See 19 NYCRR §§ 1203.2(e), 1208-1.2(b)(e), 1208-2.1(a).

This rule will have no impact on jobs and employment opportunities for individuals qualified to perform fire safety and property maintenance inspections required by code enforcement programs of AHJs administering and enforcing the Uniform Code pursuant to the minimum standards set forth in 19 NYCRR Part 1203, Part 1204, or as required by Part 1202 in circumstances where the Secretary of State must administer and enforce the Uniform Code in the place and stead of a local government or county, because the rule proposes an additional work flow requirement for such individuals already performing fire and property maintenance inspections of qualifying buildings in communities of concern. Consequently, this rule will not have a substantial adverse impact on jobs and employment opportunities, and it is anticipated that this rule will have no impact on jobs and employment opportunities in New York State.

Workers' Compensation Board

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Paid Family Leave for Construction Employees

I.D. No. WCB-33-26-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 355.9, 380-2.5, 380-2.6 and 380-5.1 of Title 12 NYCRR.

Statutory authority: Workers' Compensation Law, sections 117 and 141

Subject: Paid Family Leave for construction employees.

Purpose: Updating Paid Family Leave regulations to conform with bill adding new eligibility timeline for certain construction employees.

Text of proposed rule: Paragraph (2) of subdivision (a) of section 355.9 of Title 12 NYCRR is hereby amended to read as follows:

(2) Average Weekly Wage (AWW) means, for the purpose of computing the rate of payment of family leave benefits, the amount determined by dividing either the total wages of such employee in the employment of his last covered employer for the eight weeks or portion thereof that the employee was in such employment *and both worked and received wages* immediately preceding and including [his] *the* last day worked prior to the first day of paid family leave, or the total wages of the last eight weeks or portion thereof *that the employee was in such employment and both worked and received wages* immediately preceding and excluding the week in which the paid family leave began, whichever is the higher amount, by the number of weeks or portion thereof of such employment. For individual business owners, as defined in paragraph (11) of this subdivision, who elect coverage under Article 9 of the Workers' Compensation Law, average weekly wage shall be determined by computing the individual business owner's total net income in the 52 week period immediately preceding the period of leave and dividing such total wages by 52.

A new paragraph (20) of subdivision (a) of section 355.9 of Title 12 NYCRR is hereby added to read as follows:

(20) Construction employee means employees who perform construction, demolition, reconstruction, excavation, rehabilitation, repairs, renovations, alterations, or improvements for multiple employers pursuant to a collective bargaining agreement.

Subdivision (a) of Section 380-2.5 of Title 12 NYCRR is hereby amended to read as follows:

Section 380-2.5. Employees who acquire eligibility during employment

(a) *Except for construction employees as outlined in section 203 of the Workers' Compensation Law and subdivision (h) of this section,* [A]*a*n employee of a covered employer whose regular employment schedule is 20 or more hours per week will become eligible to take family leave during [his or her] employment with such employer, provided the employee has been either:

(1) In employment, as defined in this Title, of the covered employer for at least 26 consecutive work weeks preceding the first full day family leave begins; or

(2) In employment, as defined in this Title, of the covered employer during the work period usual to and available during the entirety of such 26 consecutive weeks preceding the first full day the leave begins in any trade or business in which [he or she] *the employee* is regularly employed and in which hiring from day to day of such employees is the usual employment practice; or

(3) In employment, as defined in this Title, of the covered employer for at least 26 consecutive weeks, such consecutive weeks may be tolled during periods of absence that are due to the nature of that employment, such as semester breaks, and when employment is not terminated during those periods of absence.

Subdivision (b) of Section 380-2.5 of Title 12 NYCRR is hereby amended to read as follows:

(b) *Except for construction employees as outlined in section 203 of the Workers' Compensation Law and subdivision (h) of this section,* [A]*a*n employee of a covered employer whose regular employment schedule is less than 20 hours per week will become eligible to take family leave from such employment after working 175 days in such employment preceding the first full day the leave begins.

Subdivision (g) of Section 380-2.5 of Title 12 NYCRR is hereby amended to read as follows:

(g)

(1) In the event that a period of family leave benefits received by an eligible employee under this Title is concurrently designated as leave pursuant to 29 U.S. Code Chapter 28 (the Family and Medical Leave Act or "FMLA" by an employer subject to FMLA, the employer shall notify the eligible employee of such designation and shall also provide the employee with the notice required under 29 CFR 825.301 and 825.305.

(2) If an employer fails to provide the notice required by this section, the employer will be deemed to have permitted the eligible employee to receive family leave benefits without concurrently using the benefits available under FMLA, as permitted under section 206 of the Workers' Compensation Law.

(3) If an employer designates a period of family leave to be covered by the FMLA for a reason also covered under section 201(15) of the Workers' Compensation Law, and if the employer informs the employee of their eligibility for family leave benefits and the employee declines to apply for payment under section 380-5.1 of this Part, the employer and its insurance carrier may count the leave against the employee's maximum duration of family leave in a 52 week period under section 204(2)(a) of the Workers' Compensation Law.

(4) FMLA designated leave taken by an employee due to [his or her]*the employee's* own serious health condition is not family leave under section 201(15) of the Workers' Compensation Law and does not reduce the amount of paid family leave an employee is eligible for under section 204(2)(a) of the Workers' Compensation Law.

(5) The employer may elect to track hours taken for FMLA for any day in which the employee is paid, works at least part of the day, and is thus not eligible for paid family leave pursuant to paragraph (d) of subdivision (3) of section 206 of the Workers' Compensation Law. When the total hours taken for FMLA in less than full day increments reaches the number of hours in an employee's usual work day, the employer may deduct one day of paid family leave benefits from an employee's annual available family leave benefit. The employer shall not be entitled to reimbursement from its carrier for such paid FMLA hours.

A new subdivision (h) of Section 380-2.5 of Title 12 NYCRR is hereby added to read as follows:

(h) Construction employees become eligible for paid family leave benefits by working in the employment of a covered employer and working the employer's normal work week for at least 26 of the last 39 weeks. The employer's normal work week for construction employees means working 20 or more hours per week.

Section 380-2.6 of Title 12 NYCRR is hereby amended to read as follows:

Section 380-2.6. Family leave waiver

(a) An employee of a covered employer shall be provided the option to file a waiver of family leave benefits:

(1) When [his or her] *the employee's* regular employment schedule is 20 hours or more per week but the employee will not work 26 consecutive weeks *or, in the case of a construction employee, the employee will not work for 26 of 39 weeks*; or

(2) When [his or her] *the employee's* regular employment schedule is less than 20 hours per week and the employee will not work 175 days in a 52 consecutive week period.

(b) Within eight weeks of any change in the regular work schedule of an employee that requires the employee to continue working for 26 consecutive weeks, *or, in the case of a construction employee, the employee will not work for 26 of 39 weeks,* or 175 days in a 52 consecutive week period, any waiver filed under this section shall be deemed revoked. An employee of a covered employer whose waiver has been revoked shall be obligated

to begin making contributions to the cost of family leave benefits, including any retroactive amounts due from date of hire, pursuant to section 209 of the Workers' Compensation Law, as soon as the employee is notified by the covered employer of such obligation.

(c) The covered employer shall keep a copy of the fully executed waiver on file to be produced at the request of the Chair, for as long as the employee remains in employment with the covered employer.

(d) An employee as described in subsection (a) of this section who elects not to enter into a waiver shall make regular family leave benefit contributions for the full duration of [his or her] *their* employment with the covered employer, and the covered employer shall be obligated to provide family leave benefits for such employee when [he or she] *the employee* is eligible pursuant to this Title.

Section 380-5.1 of Title 12 NYCRR is hereby amended to read as follows:

Section 380-5.1. Requesting paid family leave

An employee wishing to make a claim for paid family leave must complete the Request for Paid Family Leave in the format prescribed by the Chair [(currently the form PFL-1)] or give notice of a claim in another format designated by the carrier or self-insured employer, including using an electronic portal or by telephone. A carrier or self-insured employer that designates another format for filing a request for family leave must continue to accept the Request for Paid Family Leave in the format prescribed by the Chair, in addition to any other designated format. Any method of filing a request for family leave designated by a carrier or self-insured employer must solicit the same information as the Request for Paid Family Leave [(form PFL-1), Parts A and B]. The Chair shall have discretion to mandate the means of transmission of a claim, including an electronic portal maintained by carriers or the Board for receipt of family leave claims. Any such mandate by the Chair shall contain a means for transmission available to employees that do not have the means to submit via the mandated method.

(a) Once the employer receives a request for family leave from an employee, the employer shall complete the employer information contained in [Part B]*the employer section* of the Request for Paid Family Leave [(currently form PFL-1)], or any other carrier or self-insured employer designated format, and return it to the employee within three business days.

(b) The employee shall submit the request for family leave together with the information supplied by the employer, and with any necessary certifications or proof of claim documentation, medical or otherwise, to the carrier or designated third-party administrator. The carrier or self-insured employer must accept certification and proof of claim forms in the format prescribed by the Chair [(currently forms PFL-2, 3, 4, and 5)], but may also accept certifications in another format that complies with the requirements of sections 380-4.2, 380-4.3, 380-4.4 of this Part.

(c) An employee must submit a completed request for paid family leave to the carrier. No benefits shall be required to be paid by the carrier until the completed request for paid family leave, together with any necessary certifications or proof of claim documentation, has been submitted to the carrier.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory Authority: Workers' Compensation Law (WCL) § 117(1) and 142 authorizes the Chair of the Workers' Compensation Board (Board) to adopt reasonable rules consistent with, and supplemental to, the provisions of the WCL, and bill A9466/S8795 was signed in February 2026 (and takes effect January 1, 2027) providing a new timeline eligibility for certain construction employees, necessitating changes to the regulations.

2. Legislative Objectives: The changes in bill A9466/S8795 provide that construction employees will be eligible for Paid Family Leave (PFL) with the covered employer immediately preceding the period of family leave if the employee was in employment and worked the employer's normal work week for at least 26 of the last 39 weeks with a covered employer that is signatory to a collective bargaining agreement. The proposal seeks to help implement that law by accounting for this new eligibility standard in the existing regulations and provide clarity and context for this bill.

3. Needs and Benefits: The proposal seeks to help implement the PFL construction bill, which provided a basic framework and adds a new eligibility standard. The current PFL regulations need to be updated to reflect this new standard, and the bulk of the changes are simply to conform to the bill and the new eligibility standard for construction employees.

The proposal updates language in the definitions, eligibility, and waiver sections to implement the PFL construction bill. It also provides clarity on the meaning of "employer's normal work week" as mentioned in the bill and removes references to the PFL-1 form name, as the new eligibility standard will require updated forms to reflect a different timeline and standard for construction employees gaining eligibility and applying for PFL. These changes provide clarity and help ensure a smooth implementation of the bill adding this new eligibility standard.

4. Costs: The proposed amendment is anticipated to have modest impact on costs; the proposed regulations implement the bill which does not add a qualifying event for PFL, but adds a new eligibility standard for PFL for certain construction employees. Carriers who program forms into their systems will need to do some updating, but the change does not impact a new pool of employers, as the employees must be in the employment of a covered employer who is signatory to a collective bargaining agreement. The implementation costs for the agency and state and local governments are expected to be minimal, as public employers are not subject to the PFL law, but forms and some fact sheets will need to updated by the Board as a result of the statutory change.

5. Local Government Mandates: The proposed amendments do not impose any additional program, service, duty, or responsibility upon any county, city, town, village, school district, fire district, or other special district.

6. Paperwork: The bill sets a new eligibility standard so there will need to be some updates to the request for PFL forms and some of the other forms and fact sheets the Board issues. The updated PFL request forms will be available on the Board's website the same way the current forms are, but if carriers brand their own forms in accordance with the current regulations and wish to do so for PFL construction employees, they will need to update their systems with the updated form(s).

7. Duplication: The proposal does not duplicate or conflict with any State or Federal requirements.

8. Alternatives: An alternative would be to not amend the regulation or amend the regulation to simply reference the PFL construction bill, but this would lead to confusion and likely an increase in denials and arbitration requests that can be avoided by updating the regulations to conform to the bill and provide clarity. Without updates to the regulations, the regulations do not contain the rules for construction employees and there would be confusion about when those employees were eligible, as the regulations would be at odds with the statute when it takes effect on January 1, 2027.

9. Federal Standards: There are no applicable Federal Standards.

10. Compliance Schedule: The regulation is expected to become effective at the same time as the bill – January 1, 2027.

Regulatory Flexibility Analysis

1. Effect of Rule: The proposal helps implement A9466/S8795 by updating the regulations to provide clarity and conform to the new eligibility standard created for certain construction employees.

2. Compliance Requirements: The same compliance requirements apply to small businesses and local governments as to large businesses. Covered employers are required to have statutory disability and Paid Family Leave (PFL) coverage for their covered employees, and carriers must process and pay or deny requests for PFL in accordance with the law and regulations, including the new eligibility standard taking effect January 1, 2027.

3. Professional Services: It is believed that no professional services will be needed by small businesses or local governments to comply with the proposed regulation – this bill adds a new eligibility standard for certain employees, but the proposal is conforming to the law which lays out that eligibility standard.

4. Compliance Costs: Compliance with the proposed regulations should generally not impose increased compliance costs on small businesses or local governments. The new eligibility standard is for certain PFL construction employees who are in the employment of a covered employer – employers who already have to abide by the PFL law.

5. Economic and Technological Feasibility: Compliance with the proposal is economically and technologically feasible for small businesses and local governments. Though the bill (and therefore this regulatory proposal) will result in updated forms, the request forms will be available on the Workers' Compensation Board's (Board) website the same way the current request forms are available. If carriers choose not to use the forms available on the Board's website but instead brand their own forms in accordance with the regulations, they will need to update their systems with the updated form(s).

6. Minimizing Adverse Impact: The proposed regulations are not anticipated to have an adverse impact on small businesses and local governments.

7. Small Business and Local Government Participation: The Board does

not have a small employer or municipality database but has sent an electronic communication describing the proposal to all insurer, self-insured employer, third party administrators, workers, and employers/businesses subscribers for Board updates. The Board will also duly consider all public comments received from small businesses or local governments during the public comment period.

Rural Area Flexibility Analysis

1. Types and Estimated Numbers of Rural Areas: The rule implements bill A9466/S8795 creating a new eligibility standard for certain construction employees and impacts all covered employers who employ construction employees wherever they may be located in the State, including rural areas.

2. Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services: The same compliance requirements apply to rural areas as metropolitan ones. Rural employers should not need any new professional services to comply with this rule. It is economically and technologically feasible for rural businesses to comply with the proposed amendments. Although there will be updates to the forms to reflect the new eligibility standard, those forms will be available on the Workers' Compensation Board's (Board) website the same way the current request forms are available. If carriers choose not to use the forms available on the Board's website but instead brand their own forms in accordance with the regulations, they will need to update their systems with the updated form(s).

3. Costs: Compliance with the proposed regulations should generally not impose increased compliance costs on rural employers. The new eligibility standard is for certain Paid Family Leave (PFL) construction employees who are in the employment of a covered employer – employers who already have to abide by the PFL law.

4. Minimizing Adverse Impact: The proposed amendments are not anticipated to have an adverse impact on rural areas. The proposal is implementing the bill that was signed in February and provides clarity – the bulk of the changes are simply adding language reflecting the new eligibility standard created by the bill. To not update the regulations would certainly cause more adverse impacts, including confusion and possible denials and needless requests for arbitration.

5. Rural Area Participation: The Board does not have a rural area database but has sent an electronic communication describing the proposal to all insurer, self-insured employer, third party administrators, workers, and employers/businesses subscribers for Board updates. The Board will duly consider all public comments received from rural areas during the public comment period.

Job Impact Statement

A Job Impact Statement is not required because the proposal should not have any impact on jobs or employment opportunities. The rule is implementing bill A9466/S8795 which provides that construction employees will be eligible for Paid Family Leave (PFL) with the covered employer immediately preceding the period of family leave if the employee was in employment and worked the employer's normal work week for at least 26 of the last 39 weeks with a covered employer that is signatory to a collective bargaining agreement. The changes to the regulations are to conform to the bill.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	**01**	**12**	**00001**	**P**

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

REPLACE
STEAM LINES
Albion Correctional Facility
Albion, Orleans County

Sealed bids for Project Nos. M3217-H, and M3217-E, comprising separate contracts for HVAC Work, and Electrical Work, Replace Steam Lines, Buildings 30, 31 & 32, Albion Correctional Facility, 3595 State School Rd., Albion, NY (Orleans County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Department of Corrections and Community Supervision, until 2:00 p.m. on Wednesday, September 2, 2026, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of $68,800 for H, and $10,500 for E).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between $1,000,000 and $2,000,000 for H, and between $100,000 and $200,000 for E.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Megan Whaley, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: https://ogs.ny.gov/ACPL/

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over $5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is $1,737,918 or less, adjusted annually for inflation as of March 1, 2026. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

__ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 363 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 9:00 a.m. on August 20, 2026, at OGS Field Office, 3571 State School Road, Albion, NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Allyson Youdsavage, (585-589-4854) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for HVAC Work, and an overall goal of 0% for MWBE participation, 0% for Minority-Owned Business Enterprises ("MBE") participation and 0% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Electrical Work. The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows 3% for the E trade contractor, and 3% for the H trade contractor, based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

Pursuant to Public Buildings Law § 8(6), effective January 11, 2020, for any projects where the project design commenced on or after January 1, 2020 and for any contracts over $5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the bid is $1,737,918 or less, adjusted annually for inflation as of March 1, 2026. If more than one responsible and reliable MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder.

__ Project commenced design before January 1, 2020. Not subject to provision.

XX Project commenced design on or after January 1, 2020. Subject to provision.

The substantial completion date for this project is 386 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on August 20, 2026, at Riverview Correctional Facility, 1110 Tibbitts Dr., Ogdensburg NY. Prospective bidders are urged, but not mandated, to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply, and all vehicles will be subject to search. Refer to Document 002218 for any additional requirements for attendance at the pre-bid site visit.

Phone the office of Allison Sayer, (315-744-3186) a minimum of 72 hours in advance of the date to provide the names of those who will attend the pre-bid site visit. Only contractors that schedule a visit at least 72 hours in advance will be allowed to participate in the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for HVAC Work and an overall goal of 0% for MWBE participation, 0% for Minority-Owned Business Enterprises ("MBE") participation and 0% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs) for Electrical Work. The total contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under this Contract. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of MWBEs on the Contract for the provision of services and materials.

Article 3 of the Veteran's Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"). Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles. OGS hereby establishes overall goals for SDVOBs' participation under this contract as follows 0% for the E trade contractor, and 3% for the H trade contractor based on the current availability of qualified SDVOBs. Trades with 0% goals are encouraged to make "good faith efforts" to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials.

The Office of General Services reserves the right to reject any or all bids.

REPLACE
ASPHALT PAVEMENT/COURTYARD FENCING
Elmira Psychiatric Center
Elmira, Chemung County

Sealed bids for Project No. 47640C, comprising of a contract for Construction Work, Replace Asphalt Pavement & Replace Courtyard Fencing, Elmira Psychiatric Center, 100 Washington St., Elmira, NY (Chemung County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Office of Mental Health, until 2:00 p.m. on Wednesday, August 26, 2026, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a bid security (i.e. certified check, bank check, or bid bond in the amount of $94,800 for C).

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond pursuant to Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between $3,000,000 and $4,000,000 for C.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting on the OGS website, in a newspaper of general circulation, or in the Contract Reporter, of written notice, advertisement or solicitation of offers, through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff, unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Megan Whaley, Catherine Skaczkowski, Jessica Hoffman, and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: https://ogs.ny.gov/ACPL/

NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE

New York State and Local Retirement System
Unclaimed Amounts Payable to Beneficiaries

Pursuant to the Retirement and Social Security Law, the New York State and Local Retirement System hereby gives public notice of the amounts payable to beneficiaries.

The State Comptroller, pursuant to Sections 109(a) and 409(a) of the Retirement and Social Security Law has received, from the New York State and Local Retirement System, a listing of beneficiaries or estates having unclaimed amounts in the Retirement System. A list of names contained in this notice is on file and open to public inspection at the office of the New York State and Local Retirement System located at 110 State St., in the City of Albany, New York.

Set forth below are the names and last known city of record of the beneficiaries and estate appearing from the records of the New York State and Local Retirement System, entitled to the unclaimed benefits.

At the expiration of six months from the date of publication of this list of beneficiaries and estates, unless previously paid to the claimant, the amounts shall be deemed abandoned and place in the pension accumulation fund to be used for the purposes of said fund.

Any amounts so deemed abandoned and transferred to the pension accumulation fund, may be claimed by the executor or administrator of the estates or beneficiaries so designated to receive such amounts, by filing a claim with the State Comptroller. In the event such claim is properly made, the State Comptroller shall pay over to the estates or the person or persons making such claim, the amount without interest.

F-2026-0194
Date of Issuance – August 19, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0194, Joe Ferarri is proposing to install a 70'x8' open-pile steel-framed concrete dock extension with a 8'x20' "L" extension to existing 60'x8' dock. Install two 8″ dia. piles with a 20k lb boat lift adjacent the dock extension. The proposed project would be located at 3011 Edgemere Drive, Rochester, NY, 14612 on Lake Ontario, Town of Greece, Monroe County.

The stated purpose of the proposed action is "To provide recreational access to the lake."

The applicant's consistency certification and supporting information are available for review at: https://dos.ny.gov/f-2026-0194 or at https://dos.ny.gov/public-notices

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or September 18, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2026-0463 (DA)
Date of Issuance – August 19, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Army Corps of Engineers, Buffalo District has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2026-0463 (DA) the U.S. Army Corps of Engineers (USACE) Buffalo District, New York, is considering, on behalf of the general public, reissuance and modification of Regional Permits 81-000-1 for minor dredging, 86-000-1 for timber crib docks, and 87-000-1 for open pile or floating dock structures in the State of New York and subject to regulation by the U.S. Army Engineer District, Buffalo, NY.

Proposed changes to all three of the Regional Permits (RPs) include the following:

1. Add a Special Condition (SC) to notify permittees of their responsibility for ensuring that an action authorized by the RP complies with the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act.

2. Modify RPs 86-000-1 and 87-000-1 to clarify residential docks do not require Pre-construction Notification (PCN) for the purposes of Section 106 of the National Historic Preservation Act as residential docks result in no effect or no adverse effect to historic resources per the 2021 Programmatic Agreement Among U.S.Army Corps of Engineers Buffalo District Regulatory Branch and New York State Office of Parks, Recreation and Historic Preservation State Historic Preservation Office Regarding Implementation of the Corps of Engineers Regulatory Program within the State of New York.

3. Add the requirement for Individual Water Quality Certification for discharges on Tribal Lands.

4. Add a requirement for a PCN for any project that requires review by USACE pursuant to 33 U.S.C. 408: Activities Affecting Structures or Works Built by the United States.

5. Add a section in the RPs regarding timing similar to other Buffalo District Regional Permits and the Nationwide Permit General Condition No. 32(a),allowing work to proceed if 45 days has passed from the District Engineer's receipt of a complete application, provided a variance or Section 408 review isn't necessary, and endangered species act and historic resource consultations have been completed.

6. Added reference to the USACE on-line Regulatory Request System (RRS).

7. Minor miscellaneous updates were made in the RPs to add clarity and to make them consistent with previously issued Buffalo District Regional Permits.

Proposed changes to RP 81-000-1 include the following:

1. USACE proposes to allow dredging, with a PCN, within wetland but only within recently accumulated sediments within areas previously used for recreational boating associated with an existing dock structure.

2. The USACE is considering adding authorization for 'return water' from a contained disposal area to the Regional Permit. This regulated discharge is generally authorized by Nationwide Permit No. 16.

Proposed changes to RP 87-000-1 include the following:

1. Add the exception to SC No. 5 allowing docks parallel to shore within the NYS Barge Canal.

2. Add clarification to SC No. 7 that a potential variance only applies to the location of the deck, not the size of the deck.

3. Add a variance to the size of kayak launches in SC 13 and docks in SC 16 if the applicant can demonstrate the added width is necessary to be ADA compliant.

4. Add authorization for anchors and chains/cables for floating docks/decks.

Complete details of the above-proposed Regional Permits can be found on our website at: https://www.lrd.usace.army.mil/News/Announcements/Article/3887699/new-york-regional-general-permits/. Hard copies of the above-proposed Regional Permits are available upon request.

The applicant's consistency determination and supporting information are available for review at: https://dos.ny.gov/f-2026-0463da or at https://dos.ny.gov/public-notices

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 from the date of publication of this notice, or September 18, 2026.

Comments should be addressed to: Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

PUBLIC NOTICE

Department of State
F-2026-0466 (DA)
Date of Issuance – August 19, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

New York State Homes and Community Renewal (HCR), the responsible entity for the U.S. Department of Housing and Urban Development (HUD) has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The agency's consistency determination and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2026-0466(DA) HCR, the responsible entity for HUD proposes to provide Hamilton-Madison House, Inc Community Project Funding, administered by HUD, to assist with the rehabilitation of the first floor, 4,000 square foot daycare at 10 Catherine Slip in the City of New York, New York County. The rehabilitation work includes; repair of floors, walls, and ceilings; reconstruction of bathrooms; new

interior doors; new electrical, ventilation, and cabling; a new fire alarm system; a new catering kitchen; canopies and covering exposed plumbing lines serving the rest of the building. Existing water service piping and faucets will be replaced.

The stated purpose of the project is to provide needed repairs/upgrades to meet NYC Department of Health requirements to reopen as a daycare after being vacant for approximately 10 years after Hurricane Sandy related flooding which impacted the parent building and subject space.

The agency's consistency determination and supporting information are available for review at: https://dos.ny.gov/f-2026-0466 or at https://dos.ny.gov/public-notices

PUBLIC NOTICE

Department of State
F-2026-0477
Date of Issuance – August 19, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0477, Enstructure New Haven Holdings, LLC is proposing to conduct improvement dredging of approximately 17,000 cubic yards of material from an area totaling 2.5 acres to deepen the property's previously permitted south basin, located in the city of New Haven, CT. This area will be dredged to the proposed depth of -40 feet at mean lower low water plus one foot of allowable overdepth. The applicant has requested disposal of the dredged material at Central Long Island Sound Disposal Site (CLDS).

The CLDS is located within Long Island Sound, south of South End Point, East Haven, Connecticut and north of the Village of Shoreham, Town of Brookhaven, Suffolk County. The site boundary is a 2.4 square nautical mile rectangle centered at 41° 08.95' N and 72° 52.95' W (NAD 83).

The stated purpose of the proposed action is to make the berth consistent with the proposed depth of the adjacent federal channel, which is scheduled to be deepened in the 2026-2027 dredge season.

The applicant's consistency certification and supporting information are available for review at: https://dos.ny.gov/f-2026-0477 or at https://dos.ny.gov/public-notices
