The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:
– the 60-day period expires on December 6, 2026
– the 45-day period expires on November 21, 2026

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency

01 -the *State Register* issue number

96 -the year

00001 -the Department of State number, assigned upon receipt of notice.

E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Assessment of Public Comment

The Commission received one comment in opposition to the proposed jurisdictional classification rule. The comment expressed concern that the lack of tenure for the incumbent of the Deputy Chief Procurement Officer (DCPO) could result in favoritism or political influence entering the procurement process. The comment also maintained that the position could be competitively tested through an examination of training and experience and that use of a non-competitive (phi tag) position foreclosed promotion opportunities for current Office of General Services (OGS) employees.

The record in this matter establishes that the DCPO job title already exists in the non-competitive (phi) jurisdictional class and the position functions as a primary advisor to the Chief Procurement Officer and serves as part of the OGS procurement executive team in a high-level managerial and policy making role. The need for a second DCPO position is justified by OGS' expansive procurement portfolio and the increasing range and complexity of procurement activities. The Commission concurred with Department of Civil Service merit system experts that the position could most properly be assessed through an examination of candidates' qualifications on a non-competitive basis, which requires over a decade of relevant procurement experience with partial substitutions for doctoral-level education.

The Commission also notes that the non-competitive minimum qualifications do not preclude experienced State competitive-class procurement managers from competing for appointment.

Finally, the comment objected to the use of a single Consolidated Impact Analysis for all Commission State jurisdictional classification rule makings during a 12-month period. The Commission's practice reflects a long-recognized finding that such Impact Analyses remain consistent for all similar jurisdictional rule making activities. Particularized, in-depth analyses of each jurisdictional classification action may be found in the formal Civil Service Commission calendars, which are timely posted on the Department of Civil Service Website (Commission tab) prior to each monthly meeting at www.cs.ny.gov.

Based upon the foregoing, the Commission has not revised or withdrawn the proposed rule based upon the comment received.

State Commission of Correction

PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED

Use of Body Imaging Scanning Equipment

I.D. No. CMC-40-26-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Parts 7307 and 7430 to Title 9 NYCRR.

Statutory authority: Correction Law, section 45(6), (15); Public Health Law, section 3502(6)(a)(iii)

Subject: Use of body imaging scanning equipment.

Purpose: To establish regulations for the use of body imaging scanning equipment in secure juvenile detention, SSD and OCFS facilities.

Text of proposed rule: A new Part 7307 of Title 9 is added to read as follows:

Part 7307 Use of body imaging scanning equipment.

§ 7307.1 Policy.

The purpose of this Part shall be to ensure that body imaging scanning equipment is used in facilities to prevent the entry of contraband, in a manner that ensures for the safety and security of both youth and facility staff.

§ 7307.2 Definitions.

As used in this Part, the following definitions shall apply to the terms listed below:

(a) Body imaging scanning equipment shall mean equipment that utilizes a low dose of ionizing radiation to produce an anatomical image capable of detecting objects placed on, attached to, or secreted within a person's body.

(b) Department shall mean the New York State Department of Health.

(c) Facility shall mean a secure juvenile detention facility or a specialized secure juvenile detention facility for older youth.

(d) Visitor shall mean a person entering a facility with the intent of visiting a youth, but shall not include an attorney acting in a professional capacity and authorized to practice law in New York State or in any jurisdiction where the youth has a legal action, proceeding or other legal matter pending, or any individual with the statutory authority to visit, at pleasure, any such facility within the State.

(e) Youth shall mean a juvenile offender, as that term is defined in Criminal Procedure Law section 1.20(42), an adolescent offender, as that term is defined in Criminal Procedure Law section 1.20(44), or a juvenile delinquent, as that term is defined in Family Court Act section 301.2, that has been placed, committed or sentenced to a facility.

§ 7307.3 General use of body imaging scanning equipment.

(a) The director shall ensure that the installation, registration, recordkeeping, maintenance, operation and inspection of any body imaging scanning equipment utilized in a facility shall comply with the regulatory requirements promulgated by the department.

(b) The director shall ensure that any facility staff member, prior to operating body imaging scanning equipment, shall have successfully completed a training course approved by the department and additional training on an annual basis.

(c) An individual known to be pregnant shall not be subject to body imaging scanning equipment at any time.

(d) Procedures for identifying pregnant individuals shall be implemented by the director, consistent with applicable department regulations.

(e) Body imaging scanning equipment may not be used for medical examinations or to diagnose an illness or injury.

(f) Absent exigent circumstances, all body scans must be conducted by a facility staff member of the same sex as the individual being scanned. Individuals who are transgender or intersex may request that they be scanned by a facility staff member of a specific gender.

§ 7307.4 Body imaging scanning of youth.

(a) Youth may be searched utilizing body imaging scanning equipment in the following circumstances:

(1) upon admission to a facility;
(2) when subject to a drug or special watch;
(3) when involved in an assault or other significant facility incident;
(4) during a facility-wide or random individual search;
(5) prior to exiting and upon returning to a facility;
(6) at the conclusion of a contact visit; or
(7) when other means of searching a youth provides a basis to believe the individual is in possession of contraband.

(b) Alternative methods of screening may be used to accommodate youth who decline or are unable to be screened by body imaging scanning equipment for diagnosed medical reasons. No youth shall be subjected to any form of harassment, intimidation or disciplinary action for choosing to be searched by an alternative method of screening in lieu of body imaging scanning.

(c) Notwithstanding the provisions of subdivision (b) of this section, a youth may be screened by body imaging scanning equipment, despite declining such screening for reasons other than pregnancy or diagnosed medical reasons, where security considerations warrant.

(d) Any determination to utilize body imaging scanning equipment following a youth's declination, pursuant to subdivision (c) of this section, shall be made by the director, or designee, in writing, and shall state the specific facts and reasons underlying the determination.

§ 7307.5 Body imaging scanning of visitors.

(a) Visitors may be searched utilizing body imaging scanning equipment when entering a facility to visit a youth.

(b) Alternative methods of screening may be used to accommodate visitors who decline or are unable to be screened by body imaging scanning equipment for diagnosed medical reasons. No visitor shall be subjected to any form of harassment or intimidation for choosing to be searched by an alternative method of screening in lieu of body imaging scanning.

(c) Notwithstanding the provisions of subdivision (b) of this section, a visitor may be required to submit to screening by body imaging scanning equipment, despite declining such screening for reasons other than pregnancy or diagnosed medical reasons, where security considerations warrant. Ensuing declination by the visitor to screening by body imaging scanning equipment may constitute grounds to deny the visitation, subject to the requirements of section 7308.7 of this Title.

(d) Any determination to require screening by body imaging scanning equipment following a visitor's declination, pursuant to subdivision (c) of this section, shall be made by the director, or designee, in writing, and shall state the specific facts and reasons underlying the determination.

A new Part 7430 of Title 9 is added to read as follows:

Part 7430 Use of body imaging scanning equipment.

§ 7430.1 Policy.

The purpose of this Part shall be to ensure that body imaging scanning equipment is used in Office of Children and Family Services (OCFS) facilities to prevent the entry of contraband, in a manner that ensures for the safety and security of both residents and facility staff.

§ 7430.2 Definitions.

As used in this Part, the following definitions shall apply to the terms listed below:

(a) Body imaging scanning equipment shall mean equipment that utilizes a low dose of ionizing radiation to produce an anatomical image capable of detecting objects placed on, attached to, or secreted within a person's body.

(b) Department shall mean the New York State Department of Health.

(c) Facility shall mean a secure, limited secure or non-secure facility operated and maintained by OCFS for the care, custody, treatment, housing, education, rehabilitation and guidance of residents.

(d) Visitor shall mean a person entering a facility with the intent of visiting a resident, but shall not include an attorney acting in a professional capacity and authorized to practice law in New York State or in any jurisdiction where the resident has a legal action, proceeding or other legal matter pending, or any individual with the statutory authority to visit, at pleasure, any such facility within the State.

(e) Resident shall mean an individual placed, detained, committed or sentenced to a facility.

§ 7430.3 General use of body imaging scanning equipment.

(a) OCFS shall ensure that the installation, registration, recordkeeping, maintenance, operation and inspection of any body imaging scanning equipment utilized in a facility shall comply with the regulatory requirements promulgated by the department.

(b) OCFS shall ensure that any staff member, prior to operating body imaging scanning equipment, shall have successfully completed a training course approved by the department and additional training on an annual basis.

(c) An individual known to be pregnant shall not be subject to body imaging scanning equipment at any time.

(d) Procedures for identifying pregnant individuals shall be implemented by OCFS, consistent with applicable department regulations.

(e) Body imaging scanning equipment may not be used for medical examinations or to diagnose an illness or injury.

(f) Absent exigent circumstances, all body scans must be conducted by a staff member of the same sex as the individual being scanned. Individuals who are transgender or intersex may request that they be scanned by a staff member of a specific gender.

§ 7430.4 Body imaging scanning of residents.

(a) Residents may be searched utilizing body imaging scanning equipment in the following circumstances:

(1) upon admission to a facility;

(2) when subject to a drug or special watch;

(3) when involved in an assault or other significant facility incident;

(4) during a facility-wide or random individual search;

(5) prior to exiting and upon returning to a facility;

(6) at the conclusion of a contact visit; or

(7) when other means of searching a resident provides a basis to believe the individual is in possession of contraband.

(b) Alternative methods of screening may be used to accommodate residents who decline or are unable to be screened by body imaging scanning equipment for diagnosed medical reasons. No resident shall be subjected to any form of harassment, intimidation or disciplinary action for choosing to be searched by an alternative method of screening in lieu of body imaging scanning.

(c) Notwithstanding the provisions of subdivision (b) of this section, a resident may be screened by body imaging scanning equipment, despite declining such screening for reasons other than pregnancy or diagnosed medical reasons, where security considerations warrant.

(d) Any determination to utilize body imaging scanning equipment following a resident's declination, pursuant to subdivision (c) of this section, shall be made by the facility director, or designee, in writing, and shall state the specific facts and reasons underlying the determination.

§ 7430.5 Body imaging scanning of visitors.

(a) Visitors may be searched utilizing body imaging scanning equipment when entering a facility to visit a resident.

(b) Alternative methods of screening may be used to accommodate visitors who decline or are unable to be screened by body imaging scanning equipment for diagnosed medical reasons. No visitor shall be subjected to any form of harassment or intimidation for choosing to be searched by an alternative method of screening in lieu of body imaging scanning.

(c) Notwithstanding the provisions of subdivision (b) of this section, a visitor may be required to submit to screening by body imaging scanning equipment, despite declining such screening for reasons other than pregnancy or diagnosed medical reasons, where security considerations warrant. Ensuing declination by the visitor to screening by body imaging scanning equipment may constitute grounds to deny the visitation, subject to the requirements of section 7422.7 of this Title.

(d) Any determination to require screening by body imaging scanning equipment following a visitor's declination, pursuant to subdivision (c) of this section, shall be made by the facility director, or designee, in writing, and shall state the specific facts and reasons underlying the determination.

Regulatory Impact Statement

1. Statutory authority:

Subdivision (6) of section 45 of the Correction Law authorizes the Commission to promulgate rules and regulations establishing minimum standards for the care, custody, correction, treatment, supervision, discipline, and other correctional programs for all persons confined in the local correctional facilities of New York State. Subdivision (15) of section 45 of the Correction Law allows the Commission to adopt, amend or rescind such rules and regulations as may be necessary or convenient to the performance of its functions, powers and duties. Public Health Law section 3502(6)(a)(iii) requires the Commission to promulgate regulations establishing when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to the Office of Children and Family Services (OCFS).

2. Legislative objectives:

By vesting the Commission with this rulemaking and oversight authority, the Legislature intended the Commission to promulgate regulations establishing when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS.

3. Needs and benefits:

On June 5, 2026, Governor Hochul signed into law legislation (Chapter 121 of the Laws of 2026), which allows secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS to utilize body imaging scanning equipment for purposes of screening individuals placed in, visiting, or employed in such facility, in connection with the implementation of such facility's security program. Body imaging scanning equipment utilizes a low dose of ionizing radiation to produce an anatomical image capable of detecting objects placed on, attached to, or secreted within a person's body. The utilization of scanners would assist in reducing the amount of dangerous contraband facilities and deter both youth, visitors and staff from attempting such introduction. Further, the use of scanners would help detect contraband otherwise undetected by strip searches, metal detectors and wands, reduce the need for more invasive physical searches, and enhance safety for both staff and youth.

The legislation requires the Commission, in consultation with OCFS, to promulgate regulations establishing when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS. Such regulations are required by the legislation to include provisions establishing that alternative

methods of screening may be used to accommodate individuals who decline or are unable to be screened by body imaging scanning equipment for medical reasons and that alternative methods of screening may be used to accommodate individuals who decline to be screened for other reasons, unless security considerations warrant otherwise. Lastly, the legislation requires that the regulations ensure that no person shall be subjected to any form of harassment, intimidation, or disciplinary action for choosing to be searched by an alternative method of screening in lieu of body imaging scanning.

The addition of Parts 7307 and 7430 of Title 9 NYCRR satisfies the Commission's statutory obligation to promulgate regulations establishing when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS. Consequently, the proposed rulemaking is immediately necessary to conform with this enactment and to provide secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS with the rules necessary to comply with the legislation.

4. Costs:

a. Costs to regulated parties for the implementation of and continuing compliance with the rule: None. The proposed regulations do not require the use of body imaging scanning equipment in secure juvenile detention facilities, specialized secure juvenile detention facilities or facilities for youth placed with or committed to OCFS, but rather only establishes when body imaging scanning equipment may be used to screen visitors and youth.

b. Costs to the agency, the State and local governments for the implementation and continuation of the rule: None. As set forth above in subdivision (a), there would be no additional costs incurred by local governments or State agencies.

c. This statement detailing the projected costs of the rule is based upon the Commission's oversight and experience relative to the operation and function of a correctional facility.

5. Local government mandates:

None. The rulemaking establishes when body imaging scanning equipment may be used to screen visitors and youth in specialized secure juvenile detention facilities, should such facilities elect to so deploy.

6. Paperwork:

The proposed regulations require a written determination of a facility's director, or designee, in any instance where the use of body imaging scanning equipment is required following a visitor or youth's initial declination.

7. Duplication:

The rule does not duplicate any existing State or Federal requirement.

8. Alternatives:

Given the legislation that requires the promulgation of regulations establishing when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to OCFS, the Commission did not see any alternative to promulgating conforming regulations.

9. Federal standards:

There are no applicable minimum standards of the Federal government.

10. Compliance schedule:

Each secure juvenile detention facility, specialized secure juvenile detention facility and facility for youth placed with or committed to OCFS is expected to be able to achieve compliance with the proposed rule immediately upon publication of the Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis is not required pursuant to subdivision three of section 202-b of the State Administrative Procedure Act because the rule does not impose an adverse economic impact on small businesses or local governments. The proposed rule seeks only to establish when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to the Office of Children and Family Services (OCFS). Consequently, the rule will not have an adverse impact on small businesses or local governments, nor impose any additional significant reporting, record keeping, or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not required pursuant to subdivision four of section 202-bb of the State Administrative Procedure Act because the rule does not impose an adverse impact on rural areas. The proposed rule seeks only to establish when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to the Office of Children and Family Services (OCFS). Consequently, it will not impose an adverse economic impact on rural areas, nor impose any additional significant record keeping, reporting, or other compliance requirements on private or public entities in rural areas.

Job Impact Statement

A Job Impact Statement is not required pursuant to subdivision two of section 201-a of the State Administrative Procedure Act because the rule will not have a substantial adverse impact on jobs and employment opportunities, as apparent from its nature and purpose. The proposed rule seeks only to establish when body imaging scanning equipment will be used to screen visitors and youth in secure juvenile detention facilities, specialized secure juvenile detention facilities and facilities for youth placed with or committed to the Office of Children and Family Services (OCFS). As such, there will be no impact on jobs and employment opportunities.

NOTICE OF ADOPTION

Fair Campaign Code Proceedings

I.D. No. SBE-24-26-00023-A
Filing No. 888
Filing Date: 2026-09-18
Effective Date: 2026-10-07

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of section 6201.3 of Title 9 NYCRR.

Statutory authority: Election Law, sections 3-102(1) and (17)

Subject: Fair Campaign Code Proceedings.

Purpose: To provide clarity on required time frames for filings and procedures for administrative hearings under the code.

Text of final rule: 9 NYCRR 6201.3 is amended to read as follows:

(a) Initiation of proceeding.

(1) A proceeding under the fair campaign code ([hereinafter] *the* "code") shall be commenced by the New York State Board of Elections *(the "SBOE")* when:

(i) the [board] *SBOE* receives a written signed complaint alleging the commission or omission of acts, in violation of the code; [the county boards of elections are advised to forward any complaints they may receive to the State Board of Elections;] or

(ii) the [State board] *SBOE* staff proposes to the board an investigation of an alleged violation of the code.

(2) A complaint shall be filed by mailing to, or by personally serving, the *New York* State Board of Elections at 40 North Pearl Street, Suite 5, Albany, NY 12207-2729. A duplicate copy of the complaint shall be mailed to or personally served upon the candidate or the candidate's representative (hereinafter "respondent"). Proof of service of the complaint upon the respondent must be filed with the [State Board of Elections] *SBOE* not later than three *business* days after service of the complaint upon the respondent. [This requirement is waived when the respondent is unknown.]

(b) Form of complaint.

(1) A complaint shall be based on personal knowledge and belief and be specific as to times, places and names of witnesses to the acts charged as violations of the code. If a complaint is based upon information and belief, the complainant shall state the source of the information and belief. Copies of all documentary evidence available to the complainant shall be attached to the complaint. Evidence deemed by the complainant to be of a confidential nature need not be sent to the respondent, so long as an explanation is made to the board. The complainant shall designate an e-mail address to which all future service upon the complainant shall be made.

(2) Upon receipt of a complete complaint, as determined by its office of counsel, the SBOE shall accept the complaint for filing, and shall issue a notice of acceptance to the complainant. The SBOE shall notify the complainant of the date upon which the complaint was accepted for filing.

(3) The [A] respondent [shall] *may* file a signed answer[,] after service upon the respondent of the complaint. *The* [Such an] answer shall be based on personal knowledge and belief and be specific as to times, places and names of witnesses to acts relevant to the complaint. Copies of all documentary evidence available to the respondent shall be annexed to the

answer. If an answer is based on information and belief, the respondent shall state the source or sources of the information and belief. An answer shall be filed by mail, e-mail or by personally serving the *New York* State Board of Elections at 40 North Pearl Street, Suite 5, Albany, NY 12207-2729 and the complainant. An answer to the complaint must be filed by the respondent within [seven]*ten business* days [after receipt of the complaint] *from the date of the notice of acceptance*, except if such complaint relates to the release of a poll that occurred within 30 days before an election, an answer must be filed within [three] *five business* days [after receipt of the complaint] *from the date of the notice of acceptance*. Proof of service of the answer upon the complainant must be filed not later than three *business* days after service of the answer upon the complainant. The answer shall designate an e-mail address to which all future service upon the complainant shall be made.

(c) Hearing.

(1) If after receipt and preliminary review of a complaint and answer alleging a violation of the code, or following commencement of an investigation initiated by the board, where the board determines a hearing shall be held, the [board] *SBOE* shall send notice, by mail and e-mail whenever possible, to the complainant and to any person, organization or committee whose conduct is complained of. Such notice shall specify when and where a hearing is held. Such hearing shall be conducted by a hearing officer of the [State Board of Elections] *SBOE*. A report with the hearing officer's recommendation shall be delivered to the office of counsel, and counsel shall provide such report to the board, which shall render a final decision. All steps in this process shall be completed as soon as possible. [The board shall be presented with such findings within 48 hours of the hearing officer delivering such report to the co-counsels of the board.] *Any party to the hearing may purchase a transcript of such hearing.*

(2) Hearings shall be conducted at the SBOE offices located at 40 North Pearl Street, Suite 5, Albany, NY 12207-2729. Upon request of either party, the hearing may be conducted by telephone or, where available, interactive video. When such telephonic or video appearances are made, all due effort shall be made to not impose any undue burden upon any party appearing in person.

(3) The complainant shall have an opportunity to present witnesses, documents or other evidence relevant to the allegations in the complaint, and to argue their position. The respondent shall also be given an opportunity to present witnesses, documents or other evidence and to argue their position in response to the complaint. The hearing officer may ask questions of both parties to elicit information relevant to a determination of the complaint. Any witnesses who testify shall be under oath. The hearing officer can request written materials or oral presentations by persons who are not parties to the matter if the panel determines that such materials or presentations would be helpful in its review of the complaint.

(4) The following rules of evidence shall substantially be followed in the admission of testimony and exhibits in all hearings:

(i) Any oral or documentary evidence may be received, but the hearing officer shall, as a matter of policy, exclude irrelevant, immaterial or unduly repetitious evidence. Subject to these requirements and subject to the right of any party to cross examine, any testimony may be received in written form.

(ii) Documentary evidence in the form of copies may be received at the discretion of the hearing officer, if the original is not found readily available. Upon request by any party, an opportunity shall be granted to compare the copy with the original, which shall be subject to production by the person offering such copies.

(iii) Cross examination may be conducted as the hearing officer shall find to be required for a full and true disclosure of the facts.

(iv) Any exhibit admitted as evidence by the hearing officer in a prior hearing may be offered as evidence in a subsequent hearing and admitted as an exhibit in such hearing. The hearing officer shall employ their experience, technical competence, and specialized knowledge in evaluating the evidence presented at the hearing for the purpose of making a finding of facts and arriving at a final determination.

(5) The hearing may be recessed and continued to a later time or day, at the discretion of the hearing officer.

(6) All hearings shall be electronically recorded, and a record of the proceedings shall be compiled by the SBOE. The record of the proceedings shall include:

(i) the electronic recording of the hearing;

(ii) a transcript of the hearing on the record if such a transcript was so requested in writing by the complainant or respondent;

(iii) any documents or other tangible items introduced into evidence at the hearing, and a list of same in the order in which they were introduced;

(iv) the complaint and written response;

(v) all notices and correspondence between the SBOE, the complainant and the respondent; and

(vi) the results of any investigation conducted by SBOE staff in response to the complaint.

(d) Scope of poll disclosure disputes. When there is an allegation that relevant poll questions and results required by section 6201.2 were not disclosed as required, the hearing officer, to resolve such matter, may require the respondent to produce for confidential review by the hearing officer additional poll questions and results. The hearing officer shall recommend in the report to the commissioners whether any additional questions and results must be released to comply with the disclosure requirements of 6201.2. After receiving the hearing officer report, the commissioners may, upon a majority vote, require the public disclosure of additional questions and results. Unless the commissioners vote to release such additional poll questions and results, such information shall be kept confidential. Poll results subject to disclosure pursuant to this subdivision shall be publicly available no later than twenty-four hours after such determination.

(e) Hearing officer assignment. A hearing officer shall be assigned to a complaint made under this Part by the co-executive directors or their designees through a random selection process. All hearing officers appointed by the [State Board of Elections] *SBOE* pursuant to 6218.2(b) shall comprise those eligible for assignment.

Final rule as compared with last published rule: Nonsubstantial changes were made in section 6201.3(c)(6).

Confidentiality Protocols for Victims of Domestic Violence and Endangered Individuals

I.D. No. DFS-24-26-00002-A

Filing No. 890

Filing Date: 2026-09-22

Effective Date: 2026-12-07

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 244 of Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 202, 302; Insurance Law, sections 301 and 2612

Subject: Confidentiality Protocols for Victims of Domestic Violence and Endangered Individuals.

Purpose: To ensure that insurers have confidentiality protocols in place for domestic violence victims and endangered individuals.

Text of final rule: Section 244.1 is amended as follows:

[(a)] This Part shall apply to a policy issued pursuant to the Insurance Law.

[(b) With respect to an insurer authorized to write kinds of insurance in addition to accident and health insurance or salary protection insurance, any section of this Part that establishes rules with regard to a requestor or covered individual shall apply only with respect to a policy of accident and health insurance or a policy of salary protection insurance.]

Subdivisions (c), (d), (m), (n), and (o) of section 244.2 are amended as follows:

(c) Claim related information shall have the meaning set forth in Insurance Law section [2612(h)(1)(A)] *2612(f), (g), and (h)(1)(A)*.

(d) Covered individual means an individual covered under a policy issued by [a health] *an* insurer who could be endangered by the disclosure of all or part of claim related information by the [health] insurer.

* * *

(m) Requestor means a covered individual, or the individual's legal representative, or with regard to a covered individual who is a child, the child's parent or guardian, who makes a reasonable request to the [health] insurer.

(n) [Salary protection insurance shall have the meaning set forth in Insurance Law section 1113(a)(31).

(o)] Victim of domestic violence or victim shall have the meaning set forth in Social Services Law section 459-a(1).

Subdivisions (a) through (e) of section 244.3 are amended as follows:

(a) An insurer shall develop and implement a confidentiality protocol whereby, except with the express consent of the individual who delivers to the insurer a valid order of protection, the insurer shall keep confidential and shall not disclose the address*,* [and] telephone number*,* [of] *or other method of contact for* the victim of domestic violence, or any child residing with the victim, [and] the name, address, and telephone number of a person providing covered services to the victim, *any personally identifying information of the victim, or the nature of the covered services provided to the victim,* to a policyholder or another insured covered under the policy against whom the victim has a valid order of protection, if the victim, the victim's legal representative, or if the victim is a child, the child's parent or guardian, delivers to the insurer at its home office a valid order of protection pursuant to Insurance Law section 2612(f) and (g).

(b) In addition to the requirements of subdivision (a) of this section, [a health] *an* insurer shall develop and implement a confidentiality protocol whereby the [health] insurer shall accommodate a reasonable request made by a requestor for a covered individual to receive communications of claim related information from the [health] insurer by alternative means or at alternative locations. Except with the express consent of the requestor, [a health] *an* insurer shall not disclose to the policyholder *of an individual policy* or another insured covered under the *individual, group, or blanket* policy*, or with respect to a health insurer, to a group policyholder when the requestor clearly states that disclosure to the group policyholder could endanger the requester*:

(1) the address, telephone number, *other method of contact,* or any other personally identifying information of the covered individual or any child residing with the covered individual;

(2) the nature of the [health care] *covered* services provided to the covered individual;

(3) the name, address, and telephone number of the provider of the covered [health care] services; or

(4) any other information from which there is a reasonable basis to believe the foregoing information could be obtained.

(c) The insurer's confidentiality protocol shall include written procedures to be followed by its employees, agents, representatives, or other persons with whom the insurer contracts and who may have access to the information sought to be kept confidential. The written procedures shall include:

(1) [with respect to a health insurer,] the procedure by which a requestor may make a reasonable request, provided that the procedure shall not require a justification as part of the reasonable request;

(2) the procedure by which a victim of domestic violence or a covered individual may provide an alternative address, telephone number, or other method of contact;

(3) the procedure for limiting access to personally identifying information, such as the name, address, telephone number, *other method of contact,* and social security number of a victim or covered individual and any other information from which there is a reasonable basis to believe the foregoing information could be obtained;

(4) the procedure for limiting or removing personal identifiers before information is used or disclosed, where possible;

(5) a system of internal control procedures, which the insurer shall review at least annually, to ensure the confidentiality of:

(i) addresses, telephone numbers, or other methods of contact;

(ii) the fact that a requestor made a reasonable request or that an order of protection was delivered to the insurer, and any information contained therein; and

(iii) any other information from which there is a reasonable basis to believe the information specified in subparagraphs (i) and (ii) of this paragraph could be obtained; and

(6) [with respect to a health insurer,] the procedure by which a requestor may revoke a reasonable request, provided, however, that the [health] insurer may require the requestor to submit a sworn statement revoking the request.

(d)(1) An insurer shall notify its employees, agents, representatives, and other persons with whom the insurer contracts who have access to the information sought to be kept confidential, that the insurer's protocol is to be followed for the specified victim of domestic violence or covered individual, within three business days of:

(i) receipt of a valid order of protection and an alternative address, telephone number, or other method of contact; or

(ii) receipt of a reasonable request[, with regard to a health insurer].

(2) Upon receipt of a valid order of protection or a reasonable request, an insurer shall inform the individual who delivered the order of protection or the requestor that the insurer has up to three business days to implement paragraph (l) of this subdivision.

(e) [A health] *An* insurer may require a requestor to make a reasonable request in writing pursuant to Insurance Law section [2612(h)(3)] *2612(f), (g), or (h)(3)*. However, [a health] *an* insurer may not require a requestor to provide a justification for the reasonable request.

Final rule as compared with last published rule: Nonsubstantial changes were made in section 244.3(b).

Text of rule and any required statements and analyses may be obtained from: Joana Lucashuk, Department of Financial Services, One State Street, New York, NY 10004, (212) 480-2125, email: Joana.Lucashuk@dfs.ny.gov

Revised Regulatory Impact Statement

A revised Regulatory Impact Statement ("RIS") is not required for the adoption of the First Amendment to 11 NYCRR 244 because the non-substantive revision to section 244.3(b) does not require a change to the previously published RIS.

Revised Regulatory Flexibility Analysis

A revised Regulatory Flexibility Analysis for Small Businesses and Local Governments ("RFA") is not required for the adoption of the First Amendment to 11 NYCRR 244 because the non-substantive revision to section 244.3(b) does not require a change to the previously published RFA.

Revised Rural Area Flexibility Analysis

A revised Rural Area Flexibility Analysis ("RAFA") is not required for the adoption of the First Amendment to 11 NYCRR 244 because the non-substantive revision to section 244.3(b) does not require a change to the previously published RAFA.

Revised Job Impact Statement

A revised Job Impact Statement ("JIS") is not required for the adoption of the First Amendment to 11 NYCRR 244 because the non-substantive revision to section 244.3(b) does not require a change to the previously published JIS.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2029, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The Department of Financial Services ("Department") received comments on the proposed first amendment to 11 NYCRR 244 from a trade association representing life insurers ("insurer trade").

Comment: The insurer trade commented that 11 NYCRR § 244.3(a) and (b) could be interpreted to operate differently because subdivision (a) refers to a valid order of protection and subdivision (b) does not. The insurer trade suggested that the Department add a reference to a valid order of protection to subdivision (b).

Response: Insurance Law § 2612(f), (g), and (h) set forth two situations in which an insurer is prohibited from disclosing certain information: (1) when an insured covered under a policy issued to another person delivers to the insurer a valid order of protection; and (2) when a person covered under a policy submits a reasonable request to an insurer to receive communications of claim related information from the insurer by alternative means or at an alternative location if the person clearly states that disclosure could endanger the person. The second situation is broader than the first and does not require a valid order of protection. Rather, it just requires a statement that the person could be endangered by disclosure. Therefore, because referencing an order of protection in 11 NYCRR § 244.3(b) would be inconsistent with Insurance Law § 2612, the Department did not make any changes in response to this comment.

Comment: The insurer trade commented that in the group insurance context, the policyholder is frequently an employer, association, or other plan sponsor and that routine communications between the insurer and those entities are often necessary for the insurer to administer claims.

Without clarification, insurers could question whether ordinary communications require additional claimant consent even where the employer or other group policyholder is not the subject of an order of protection.

Response: The Department amended 11 NYCRR § 244.3(b) to clarify that except with the express consent of the requestor, an insurer cannot disclose to the policyholder of an individual policy or another insured covered under the individual, group, or blanket policy, or with respect to a health insurer, to a group policyholder when the requestor clearly states that disclosure to the group policyholder could endanger the requester, the specified information. The Department does not consider this clarification to be a substantive revision.

Children's Camps

I.D. No. HLT-46-25-00015-A
Filing No. 889
Filing Date: 2026-09-18
Effective Date: 2026-10-07

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Subpart 7-2 of Title 10 NYCRR.

Statutory authority: Public Health Law, sections 225 and 1394

Subject: Children's Camps.

Purpose: To protect the health and safety of children who attend children's overnight, summer day and traveling summer day camps.

Substance of final rule: The following are the substantive amendments to Subpart 7-2 (Children's Camps) of the New York State Sanitary Code. In addition, existing gender specific pronouns in the regulation will be replaced with gender neutral pronouns.

New subdivision (d) is added to Section 7-2.1, to read as follows:

(d) The regulatory authority or designated representative is to be permitted access to the facility for inspection or investigation at all times when the children's camp is in operation. Refusal of admittance, after proper identification, is cause for immediate closure and permit suspension, or permit revocation as provided in section 7-2.4(g) of this Subpart.

New subdivisions (o), (p) and (q) are added to section 7-2.2, to read as follows:

(o) Camp staff or staff shall mean an employee or volunteer working at the camp, except as otherwise defined for purposes of Children's Camps for Children with Developmental Disabilities pursuant to section 7-2.25(b) of this Subpart.

(p) Automated external defibrillator (AED) shall mean a medical device that complies with section 3000-f of the Public Health Law.

(q) Acceptable training in the use of an automated external defibrillator (AED) shall mean successful completion of an AED training course by a nationally-recognized organization accepted by the State Department of Health for the purpose of training people in the use of an AED. AED certificates shall be valid as specified by the provider but shall not exceed 24 months from the date of course completion.

Section 7-2.3 is amended and renumbered, to read as follows:

7-2.3 Applicability and Exclusions.

(a) The requirements of this Subpart shall apply to all children's overnight camps, summer day camps, and traveling summer day camps as defined in section 7-2.2 of this Subpart, except that the following types of operations and programs are excluded:

(1) any camp occupied by or maintained for occupancy by fewer than 10 children;

***

(5) unscheduled or drop-in programs, such as in neighborhood-center settings, providing recreational activity without requiring program enrollment for participants, and where children are free to come and go at will;

(6) day programs providing single-purpose activity, such as training and competition in a single sport (e.g., little league baseball or Pop Warner football), or a single organized tournament competition which may include multiple individual events (e.g. Special Olympics);

(7) venues, including those with overnight lodging facilities subject to Subpart 7-1 of this Title, that provide for tournament play, competition, or any associated training, and where children are registered as part of independently formed teams accompanied by coaches or other adults associated with the team who have responsibility for the well-being, safety, and behavior of the participating children;

***

Subdivision (g) of section 7-2.4 is amended to add denial of access to camp facilities to the permit-issuing official or their representative to the list of reasons that a permit may be denied, revoked, or suspended.

Subdivisions (h) and (i) of section 7-2.4 are renumbered to subdivisions (i) and (j), and a new subdivision (h) is added to section 7-2.4, to read as follows:

7-2.4 (h) The permit-issuing official may deny a permit for any operation where a prior operator/operation has outstanding enforcement actions or unpaid fines, or for which the permit was revoked, unless the applicant provides adequate documentation demonstrating that the operation was acquired through an arm's length transaction. For purposes of this paragraph, ''arm's length transaction'' means a sale of real property, or lease of any part thereof, or a sale of a business, in good faith and for valuable consideration, that reflects the fair market value of such real property or lease or business on the open market, between two informed and willing parties, where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale or lease was made for the purpose of allowing the prior operator to avoid the effect of enforcement actions, unpaid fines, or permit revocation.

The following sales or leases shall be presumed not to be arm's length transactions:

(i) a sale or lease between relatives; or

(ii) a sale or lease between related companies or partners in a business; or

(iii) a sale or lease affected by other facts or circumstances that would indicate that the sale or lease is entered into for the primary purpose of allowing the original operator to avoid the effect of enforcement actions, unpaid fines, or permit revocation for the operation.

Subdivisions (g) and (l) of section 7-2.5 are amended to read as follows:

(g) Qualified lifeguard - Qualified lifeguards shall actively supervise participants in the camp's aquatic activities, as detailed in the camp's approved safety plan. While on duty at the waterfront, qualified lifeguards shall not be engaged in duties or activities which distract them from the direct supervision of the waterfront. A qualified lifeguard shall:

(1) be at least 17 years of age, except:

(i) for a maximum of 50 percent of the required total number of lifeguards on duty at beaches requiring supervision level IIb, who may be at least 16 years of age; and

(ii) for a maximum of 50 percent of the required total number of lifeguards on duty at swimming pools requiring supervision level IIa, who may be at least 15 years of age, provided their duties comply with Federal or State laws or regulations governing fair labor standards and employment of minors; and

***

(l) Records identifying staff qualifications shall be maintained in the camp for inspection by the permit-issuing official or their designated representative. The camp operator shall ascertain whether an employee or volunteer is listed on the New York State Division of Criminal Justice Services (DCJS) Sex Offender Registry and United States Department of Justice (USDOJ) National Sex Offender Public Website prior to the first day such employee or volunteer commences work at camp and annually thereafter prior to their arrival at camp. A written record of the employee and volunteer names that were submitted to the DCJS and USDOJ for checking against the State Sex Offender Registry and National Sex Offender Public Website and the search results shall be kept on file at the site and made available to the permit-issuing official upon request.

***

(n) Paragraph (4) of subdivision (n) of section 7-2.5 is amended to add location and use of AED(s) to the medical requirements component of the camp safety plan.

New subdivisions (e) and (f) are added to section 7-2.8 to read as follows:

(e) The camp owner/operator shall cooperate fully with the investigation of any injury or illness, or any incident which might evidence a lack of compliance with law or regulation by the permit-issuing official and their designated representatives, and shall provide all necessary information and access to conduct such investigation.

(f) Each camp shall provide at least one AED, as defined in section 7-2.2(p) of this Subpart, onsite or describe reasonable access to an AED acceptable to the permit issuing official.

(1) Each camp shall have one or more staff possessing an acceptable training in the use of an AED as defined in subdivision 7-2.2(q) of this Subpart. Records of the training shall be available for review during inspections.

(2) Each camp shall include an implementation plan in its approved safety plan which includes:

(i) a description of the location and/or availability of and access to the AED;

(ii) an equipment checklist which includes records of automated external defibrillator maintenance and testing specified by the manufacturer's standards; and

(iii) protocols for AED use during cardiac emergencies.

Section 7-2.20 is amended to read as follows:

7-2.20 Pesticides and hazardous materials.

(a) All pesticides must be applied by a New York State licensed commercial applicator in accordance with Public Health Law § 1396 and Title 6 NYCRR 325.

(b) The application of pesticides is prohibited on any playground, turf or athletic or playing field at any camp. This prohibition shall not apply to the application of exempt pesticides; an emergency application of a pesticide provided such application has been approved by the permit issuing official; or to camps located on publicly-owned or publicly-leased property in a city with a population of more than one million.

(1) for purposes of this subdivision, exempt pesticides shall mean:

(i) the application of anti-microbial pesticides as defined in 7 USC sections 136(mm) and 136q(h)(2);

(ii) the use of an aerosol product with a directed spray, in containers of 18 fluid ounces or less, when used to protect individuals from an imminent threat from stinging and biting insects, including venomous spiders, bees, wasps and hornets;

(iii) the use of non-volatile insect or rodent bait in a tamper resistant container;

(iv) the application of a pesticide classified by the United States Environmental Protection Agency as an exempt material under 40 CFR section 152.25;

(v) the use of boric acid and disodium octaborate tetrahydrate; or

(vi) the use of horticultural soap and oils that do not contain synthetic pesticides or synergists.

(c) In addition to the prohibitions specified Public Health Law section 1396 and subdivision (b) of this section, during the operation of a children's camp, the application of non-exempt pesticides to any playground, turf or athletic or playing field is prohibited at least 30 days prior to the operation of a children's camp on such property.

(d) All pesticides and toxic chemicals shall be adequately stored in their original containers where they cannot cause air, surface water or groundwater contamination, in accordance with manufacturer's specifications, and not be potentially hazardous to the occupants of the camp.

Paragraph (3) of subdivision 7-2.25(b) is amended to read as follows:

(3) Medical Requirements. The camp health director shall be a physician, nurse practitioner, physician's assistant, registered nurse or licensed practical nurse and shall be on-site for the entire period the camp is in operation.

A new section 7-2.26 is added to read as follows:

7-2.26 – Incorporation by reference.

(a) The provisions of the Code of Federal Regulations which have been incorporated by reference in Subpart 7-2 have been filed with the Office of the Secretary of State of the State of New York, the publication so filed being the booklet entitled: Code of Federal Regulations, Title 40, Part 152, revised as of November 8, 2022, published by the Office of the Federal Register, National Archives and Records Administration. The regulations incorporated by reference may be examined at the Records Access Office, New York State Department of Health, ESP Corning Tower, Albany, New York, 12237 or can be directly obtained from the Superintendent of Documents, US Government Printing Office, Washington, D.C. 20402.

(b) The provisions of the United State Code which have been incorporated by reference in Subpart 7-2 have been filed with the Office of the Secretary of State of the State of New York, the publication so filed being entitled: United States Code, Title 7, Section 136 as revised Aug. 3, 1996, and Section 136q as revised June 18, 2008, published by the Office of the Law Revision Counsel of the U.S. House of Representatives. The statutes incorporated by reference may be examined at the Records Access Office, New York State Department of Health, ESP Corning Tower, Albany, New York, 12237 or can be directly obtained from the Superintendent of Documents, US Government Printing Office, Washington, D.C. 20402.

Final rule as compared with last published rule: Nonsubstantial changes were made in sections 7-2.3(a)(7) and 7-2.5(l).

Text of rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Revised Regulatory Impact Statement

Statutory Authority:

The Public Health and Health Planning Council (PHHPC) is authorized by Section 225 of the Public Health Law (PHL) to establish, and from time to time amend, the State Sanitary Code with respect to any matters affecting the security of life or health or the preservation and improvement of public health in the State of New York, including designation and control of communicable diseases. PHL § 1394 authorizes the PHHPC to establish regulations for children's overnight, summer day and traveling summer day camps concerning such matters as may be appropriate for the protection and security of the life, health, and safety of the occupants of such camps.

Legislative Objectives:

The legislative objectives of PHL §§ 225 and 1394 are to protect the health and safety of children who attend children's overnight, summer day and traveling summer day camps.

Needs and Benefits:

The proposed amendments enhance the health and safety of children attending children's camps and are consistent with New York State's declared policy and recent legislation amending PHL.

In accordance with amendments made to PHL § 225(5-d), amendments are being made to Subpart 7-2 of Title 10 to allow 15 year-old lifeguards at traditional camp swimming pools to be included in the 50 percent of the total number of required lifeguards who may be younger than 17 years old. This lowers the minimum age from at least 16 years old to 15 years old, provided the duties comply with the United States Department of Labor child labor regulations. Currently the regulations contain restrictions on the use of 15-year-old lifeguards, mandating that 15-year-old lifeguards may not be employed as lifeguards at the top of elevated water slides and must be prohibited from entering or working in any chemical storage areas, including any areas where the filtration and chlorinating systems are housed. Although allowed by PHL § 225, an amendment to Subpart 7-2 is not being made to allow 15-year-old lifeguards at bathing beaches because federal fair labor regulations prohibit youth under 16 years old from being employed as lifeguards at "natural environment facilities" such as rivers, streams, lakes, ponds, quarries, reservoirs, wharfs, piers, or ocean-side beaches.

The amendments pertaining to pesticides are made in response to changes to PHL § 1396, which prohibits, with some exceptions, the application of pesticides to any playground, turf or athletic or playing field at children's camps other than those on publicly owned or publicly-leased property in a city of more than one million. The amendments identify pesticides that are exempt from the prohibition, and provide that an emergency application of a pesticide may be approved by the permit issuing official to, e.g., prevent the spread of a novel bacterium carried by ticks or mosquitos. In addition to the PHL § 1396 prohibition of specified pesticides during the camp's operation, the proposed amendments prohibit pesticide applications thirty days prior to a camp's operation to ensure children are protected from residual pesticide exposure upon arrival to camp. The regulation now specifies that pesticides must be applied by a New York State licensed commercial applicator and proper storage requirements.

In response to amendments to PHL §§ 1392 and 1394, a requirement is added to Subpart 7-2 for camp operators to ascertain whether an employee or volunteer is listed on the United States Department of Justice (USDOJ) National Sex Offender Public Website prior to the day such employee or volunteer commences work at camp and annually thereafter. Camp operators must maintain written records of the employee and volunteer names that were submitted to the USDOJ National Sex Offender Public Website and the search results must be kept on file at the camp and made available to the permit-issuing official (PIO) upon request.

In response to the addition of PHL § 3000-F, a requirement is added to Subpart 7-2 for all regulated children's camps to provide an automated external defibrillator (AED) or describe a reasonable means of ready access to an AED, and have one or more staff possessing an acceptable training in the use of an AED. Additionally, camps must have an implementation plan which identifies the location and/or availability of the AED and includes an equipment checklist and protocols for the use of the AED during cardiac emergencies.

Further amendments add necessary administrative requirements for program oversight and implementation. These include adding the authority for PIOs to deny, suspend, or revoke a permit for non-compliance, outstanding enforcement actions or unpaid fines, or for interference with the PIO's performance of its duties, including refusal of admittance to campgrounds and buildings. Consistent with Executive Law § 32, PIOs will be empowered to deny a permit for any operation where a prior

operator/operation has outstanding enforcement actions or unpaid fines, or for which the permit was revoked, unless the applicant provides adequate documentation demonstrating that the operation was acquired through an arm's length transaction. The amendments will require camp operators to cooperate fully with the PIO's investigation of any reportable injury or illness, or any incident that might reveal a lack of compliance with law or regulation, and to provide all necessary information and access to conduct the investigation. Existing code language with gender-specific pronouns is being replaced with gender neutral pronouns.

The applicability section is being amended to better clarify the applicability of the regulations and the types of operations which are and are not exempt from regulation. The proposed amendments separate out types of programs and operations that are currently grouped together, and provide relevant details describing these programs and operations.

Nurse practitioners are added to the list of medical personnel allowed to be the camp health director at a Children's Camp for Children with Developmental Disabilities. This addition corrects an unintended omission in the regulation.

Costs:

Costs for the Implementation of and Continuing Compliance with these Regulations to the Regulated Entity:

There are no anticipated costs to incorporate these statutory requirements into the regulation. The only costs associated with the proposed regulation were imposed when relevant Public Health Law provisions were amended. The requirement for ascertaining whether an employee or volunteer is listed on the USDOJ National Sex Offender Public Website is a PHL mandate. There will be minimal costs to the operators of children's camps to ascertain whether an employee or volunteer is listed on the USDOJ National Sex Offender Public Website. There is no cost to check the USDOJ National Sex Offender Public Website; however, there will likely be additional staff time associated with conducting checks. The exact cost for staffing is unknown but will likely be based on the number of staff and volunteers. There are no costs associated with the amendments pertaining to lifeguard age, or to pesticides as this is already required under public health law.

The requirement for providing an AED is a Public Health Law mandate. For camps that provide an AED because an AED isn't otherwise readily accessible, there will be a cost of between $1200 to $3000 to purchase one. There will be additional expenses related to maintenance and service of the AED including periodic replacement of the battery and defibrillation pads. The cost and time frame for maintenance and service will vary by unit. Some AEDs have the option of using rechargeable batteries. Alternatively, AEDs can be leased for approximately $100 to $350 per month. Although the law only requires one AED per facility, some camps may choose to provide more than one AED to facilitate a timely response.

Training and certification in the use of the AED are incorporated in most cardiopulmonary resuscitation (CPR) certification programs and are not expected to add any additional expenses to camps because all camps are already required to have CPR certified staff. Additionally, camps with swimming activities have lifeguards with CPR/AED training. Some camps may choose to provide additional training to staff to ensure someone is always available in an emergency. CPR/AED training courses range from $70 to $125.

In addition to the cost for purchasing an AED, camp operators that provide their own AED must develop an implementation plan, which includes protocols for the use of the AED during cardiac emergencies. Public Health Law § 3000-F requires camps to have a NYS licensed physician or NYS based hospital knowledgeable and experienced in emergency cardiac care to serve as an Emergency Health Care Provider (EHCP) and establish the protocols for AED use during cardiac emergencies. Costs for an EHCP will vary and cannot be accurately estimated. Camps operated by municipalities that have physicians serving as health officers and camps with physicians serving as camp health directors may have no additional expenses associated with obtaining the service of an EHCP.

Cost to State and Local Government:

The only costs associated with the proposed regulation were imposed when the aforementioned PHL provisions were amended. There are no anticipated costs to incorporate these statutory requirements into the regulation. The Department of Health (Department) will use existing resources to work with camp operators and local health departments to ensure that they are aware of the regulations and have the information needed to comply.

There will be a minimal cost increase for State and local health department staffing to review emergency pesticide applications, but this activity is already mandated in PHL and expected to be limited based on the number of emergency applications received for schools and day care programs which have similar requirements.

Local Government Mandates:

There are no new local mandates. Local health departments already regulate children's camps and will implement the changes through existing inspection programs.

Paperwork:

A camp operator must maintain written records of the employee and volunteer names that were submitted to the USDOJ National Sex Offender Public Website and the search results. Camps that obtain an AED to satisfy PHL § 3000-F requirements will have additional paperwork to establish an implementation plan including an equipment checklist and protocols for AED use during cardiac emergencies. Camps are already required to maintain CPR/AED training records.

Duplication:

This proposed regulation does not duplicate or conflict with any State or federal rules.

Alternatives:

The amendments are largely mandated by PHL. An alternative considered was to prohibit the application of non-exempt pesticides prior to camp operation based on the manufacturer's recommendations regarding reentry/use of an area where the product is applied instead of prohibiting all pesticides for 30 days prior to a camp's operation. The Department decided to prohibit application of the specified pesticides for 30 days based on the best management plans developed by Cornell and other State cooperative extensions. These management plans are more protective and would result in a significant reduction in pesticide residue and minimize potential exposures to children.

Federal Standards:

There are no minimum standards established by the federal government for the same or similar subject areas.

Compliance Schedule:

This regulatory amendment will go into effect upon publication of this Notice of Adoption in the New York State Register.

Revised Regulatory Flexibility Analysis

Effect of Rule:

There are approximately 2,000 children's day and 500 overnight camps operating in New York State. Most camps are small businesses or are operated by municipalities. All camps will be affected by the rule although most of the requirements being added to the regulation are based on recent amendments to the Public Health Law.

There are 37 local health departments that regulate camps in their jurisdiction. There are no new local mandates. Local health departments already regulate children's camps and will implement the changes through existing inspection programs.

Compliance Requirements:

Camp operators must ascertain whether an employee or volunteer is listed on the United States Department of Justice (USDOJ) National Sex Offender Public Website prior to the day they commence work at camp and annually thereafter prior to their arrival at camp. Camp operators must also maintain written records of the employee and volunteer names that were submitted to the USDOJ National Sex Offender Public Website and the search results must be kept on file at the camp and made available to the permit-issuing official (PIO) upon request.

All regulated children's camps must provide an automated external defibrillator (AED) or describe reasonable access to an AED and must have one or more staff possessing an acceptable training in the use of an AED. Additionally, camps must have an implementation plan, which identifies the location and/or availability of the AED and includes an equipment checklist and protocols for the use of the AED during cardiac emergencies.

Other than those on publicly-owned or publicly-leased property in a city of more than one million, camps will be prohibited from applying certain pesticides during operation and for thirty days prior to operation. Local health departments are required to review emergency pesticide applications by camps and issue waivers when determined to be acceptable. Although always required by the Department of Environmental Conservation in Part 325 of 6 NYCRR, the regulation now specifies that pesticides must be applied by a New York State licensed commercial applicator and proper storage requirements.

Amendments are being made to Subpart 7-2 to add necessary administrative requirements for program oversight and implementation. These include adding the authority for PIOs to deny, suspend, or revoke a permit for non-compliance, outstanding enforcement actions or unpaid fines, or for interference with the PIO's performance of its duties, including refusal of admittance. Consistent with Executive Law § 32, the PIO will be empowered to deny a permit for any operation where a prior operator/operation has outstanding enforcement actions or unpaid fines, or for which the permit was revoked, unless the applicant provides adequate documentation demonstrating that the operation was acquired through an arm's length transaction.

Camp operators are now required by regulation to cooperate fully with the investigation of any reportable injury or illness, or any incident that might reveal a lack of compliance with law or regulation, and to provide all necessary information and access to conduct the investigation. Existing code language with gender specific pronouns is being replaced with gender

neutral pronouns. Nurse practitioners are added to the list of medical personnel allowed to be the camp health director at a Children's Camp for Children with Developmental Disabilities.

Professional Services:

There are no additional professional services required as a result of this regulation. Nurse practitioners are added to the list of medical personnel allowed to be the camp health director at a Children's Camp for Children with Developmental Disabilities but does not impose a new professional service requirement.

Compliance Costs:

There are no anticipated costs to incorporate these statutory requirements into the regulation. The only costs associated with the proposed regulation were imposed when relevant Public Health Law provisions were amended. The requirement for ascertaining whether an employee or volunteer is listed on the USDOJ National Sex Offender Public Website is a Public Health Law mandate. There will be minimal costs to the operators of children's camps to ascertain whether an employee or volunteer is listed on the USDOJ National Sex Offender Public Website. There is no cost to check the USDOJ National Sex Offender Public Website; however, there will likely be additional staff time associated with conducting checks. The exact cost for staffing is unknown but will likely be based on the number of staff and volunteers. There are no costs associated with the amendments pertaining to lifeguard age, or to pesticides as this is already required under public health law.

The requirement for providing an AED is a Public Health Law mandate. For camps that provide an AED because an AED isn't otherwise readily accessible, there will be a cost of between $1200 to $3000 to purchase one. There will be additional expenses related to maintenance and service of the AED including periodic replacement of the battery and defibrillation pads. The cost and time frame for maintenance and service will vary by unit. Some AEDs have the option of using rechargeable batteries. Alternatively, AEDs can be leased for approximately $100 to $350 per month. In addition to the cost for purchasing an AED, camp operators that provide their own AED must develop an implementation plan, which includes protocols for the use of the AED during cardiac emergencies. Public Health Law § 3000-f requires camps to have a NYS licensed physician or NYS based hospital knowledgeable and experienced in emergency cardiac care to serve as an Emergency Health Care Provider (EHCP) and establish the protocols for AED use during cardiac emergencies. Costs for an EHCP will vary and cannot be accurately estimated. Camps operated by municipalities that have physicians serving as health officers and camps with physicians serving as camp health directors may have no additional expenses associated with obtaining the service of an EHCP.

There will be a minimal cost increase for State and local health department staffing to review emergency pesticide applications, but this activity is already mandated in Public Health Law and expected to be limited based on the number of emergency applications received for schools and day care programs which have similar requirements.

Economic and Technological Feasibility:

This proposal is economically and technically feasible, as it does not require any special technology and does not impose an unreasonable financial burden on local health departments or children's camps.

Minimizing Adverse Impact:

The Department of Health will develop guidance for camp operators to ensure that they are aware of the requirements and have the information necessary to comply. Guidance has already been developed to assist with complying with the new pesticide law and for ascertaining if an employee or volunteer is listed on the USDOJ National Sex Offender Public Website.

Small Business and Local Government Participation:

On May 16 and 17, 2022, the Department requested comments on draft amendments from local health departments and interested parties, respectively. Comments were also requested from local health departments and interested parties on February 5, 2024, after additions and amendments were made to the 2022 proposal. Amendments pertaining to Public Health Law have been discussed at the State Camp Safety Advisory Council meetings which are open to the public. Children's camps, local health departments, and the public were also invited to comment during the Codes and Regulations Committee meeting of the Public Health and Health Planning Council and as part of the formal public comment process.

Cure Period:

Chapter 524 of the Laws of 2011 requires agencies to include a "cure period" or other opportunity for ameliorative action to prevent the imposition of penalties on a party subject to enforcement when developing a regulation or explain in the Regulatory Flexibility Analysis why one is not included. As this proposed regulation does not create a new penalty or sanction, no cure period is necessary.

Revised Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

This rule applies uniformly throughout the State, including rural areas. Rural areas are defined as counties with a population less than 200,000 and counties with a population of 200,000 or greater that have towns with population densities of 150 persons or fewer per square mile. The following 44 counties have a population of less than 200,000 based upon the United States Census estimated county populations for 2020 (https://www.census.gov/quickfacts/).

Allegany County	Greene County	Schoharie County
Broome County	Hamilton County	Schuyler County
Cattaraugus County	Herkimer County	Seneca County
Cayuga County	Jefferson County	St. Lawrence County
Chautauqua County	Lewis County	Steuben County
Chemung County	Livingston County	Sullivan County
Chenango County	Madison County	Tioga County
Clinton County	Montgomery County	Tompkins County
Columbia County	Ontario County	Ulster County
Cortland County	Orleans County	Warren County
Delaware County	Oswego County	Washington County
Essex County	Otsego County	Wayne County
Franklin County	Putnam County	Wyoming County
Fulton County	Rensselaer County	Yates County
Genesee County	Schenectady County	

The following counties have a population of 200,000 or greater and towns with population densities of 150 persons or fewer per square mile. Data is based upon the United States Census estimated county populations for 2020.

Albany County	Niagara County	Orange County
Dutchess County	Oneida County	Saratoga County
Erie County	Onondaga County	Suffolk County
Monroe County		

There are approximately 2,000 children's day and 500 overnight camps operating in New York State. There are an estimated 411 day camps and 360 overnight camps operating in the 44 counties that have population less than 200,000. There are an additional 475 day camps and 90 overnight camps in the nine counties identified to have townships with a population density of 150 persons or less per square mile.

Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services:

Camp operators must ascertain whether an employee or volunteer is listed on the United States Department of Justice (USDOJ) National Sex Offender Public Website prior to the day they commence work at camp and annually thereafter prior to their arrival at camp. Camp operators must also maintain written records of the employee and volunteer names that were submitted to the USDOJ National Sex Offender Public Website and the search results must be kept on file at the camp and made available to the permit-issuing official (PIO) upon request.

All regulated children's camps must provide an automated external defibrillator (AED) or describe reasonable access to an AED and must have one or more staff possessing an acceptable training in the use of an AED. Additionally, camps must have an implementation plan, which identifies the location and/or availability of the AED and includes an equipment checklist and protocols for the use of the AED during cardiac emergencies. Camps that obtain an AED to satisfy Public Health Law requirements will have additional paperwork to establish an implementation plan including an equipment checklist and protocols for AED use during cardiac emergencies. Camps are already required to maintain CPR/AED training records.

Other than those on publicly-owned or publicly-leased property in a city of more than one million, camps will be prohibited from applying certain pesticides during camp operation and for thirty days prior to operation. Although always required by the Department of Environmental

Conservation in 6 NYCRR 325, the regulation now specifies that pesticides must be applied by a New York State licensed commercial applicator and proper storage requirements.

Amendments are being made to Subpart 7-2 to add necessary administrative requirements for program oversight and implementation. These include adding the authority for PIOs to deny, suspend, or revoke a permit for non-compliance, outstanding enforcement actions or unpaid fines, or for interference with the PIO's performance of its duties, including refusal of admittance. Consistent with Executive Law § 32, the PIO will be empowered to deny a permit for any operation where a prior operator/operation has outstanding enforcement actions or unpaid fines, or for which the permit was revoked, unless the applicant provides adequate documentation demonstrating that the operation was acquired through an arm's length transaction.

Camp operators are now required by regulation to cooperate fully with the investigation of any reportable injury or illness, or any incident that might reveal a lack of compliance with law or regulation, and to provide all necessary information and access to conduct the investigation. Existing code language with gender-specific pronouns is being replaced with gender neutral pronouns.

There are no additional professional services required as a result of this regulation. Nurse practitioners are added to the list of medical personnel allowed to be the camp health director at a Children's Camp for Children with Developmental Disabilities but does not impose a new professional service requirement.

Costs:

There are no anticipated costs to incorporate these statutory requirements into the regulation. The only costs associated with the proposed regulation were imposed when relevant Public Health Law provisions were amended. There will be minimal costs to the operators of children's camps to ascertain whether an employee or volunteer is listed on the USDOJ National Sex Offender Public Website. Costs for an EHCP will vary and cannot be accurately estimated. Children's camps, local health departments and the public were also invited to comment during the Codes and Regulations Committee meeting of the Public Health and Health Planning Council and as part of the formal public comment process.

Revised Job Impact Statement

Changes made to the last published rule do not necessitate revision to the previously published JIS.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2029, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

In response to the Notice of Proposed Rule Making published in the State Register, the New York State Department of Health (Department) received comments from a medical professional and from the New York State Association of County Health Officials. These comments and the Department's responses are summarized below.

Comment: A commenter noted that automated external defibrillators (AEDs) should reasonably be readily accessible and placed in locations where larger numbers of people congregate or where activities with known sudden cardiac death risk take place.

DOH Response: The Department acknowledges this suggestion and notes that the proposed regulation is consistent with the requirement in Public Health Law (PHL) § 3000-F to establish an implementation plan describing how the camp will make available or describe reasonable access to an AED. The Department has provided guidance to camp operators regarding access to and placement of AEDs. No changes were made in response to this comment.

Comment: A commenter noted that AEDs have clear, simple instructions and prompts, which allow their safe use by anyone, and expressed concern that the requirement for staff training on AEDs could morph into the belief that only such trained staff are permitted to access and use an AED. The commenter advocated for AED training to be required for camp staff but suggests that this should not preclude the use of the AED in an emergency by an untrained but competent responder.

DOH Response: The requirement for a camp to have one or more staff possessing acceptable training in the use of an AED is consistent with what is required under PHL § 3000-F. Further, the proposed regulation does not preclude the use of an AED in an emergency by an untrained individual as set forth in PHL § 3000-B. No changes were made in response to this comment.

Comment: A commenter expressed concern about the requirement in the proposed regulation for camps to develop protocols for the use of AEDs during cardiac emergencies, because protocols for AED use are established by expert national groups, AED training programs are based on these protocols, and camps do not have the expertise to develop alternative protocols.

DOH Response: The requirement in the proposed regulation that camps' implementation plans include protocols for AED use during cardiac emergencies is consistent with the requirement in PHL § 3000-F that implementation plans include a cardiac emergency protocol for when cardiac emergency incidents occur. The Department has provided guidance on how camps can integrate an AED into their emergency response to ensure the AED is accessible, maintained, and staff are trained in its use. No changes were made in response to this comment.

Comment: A commenter expressed concern that the proposed amendment to the health director requirement limits the qualifications for a camp health director, noting that emergency medical technicians and other acceptable persons to the permit-issuing official are no longer options for a camp health director.

DOH Response: The proposed regulation does not remove any of the options for acceptable qualifications for a camp health director. Section 7-2.25(b)(3) applies to children's camps for children with developmental disabilities. The proposed regulation adds a nurse practitioner to the list of acceptable options for a camp health director at Children's Camps for Children with Developmental Disabilities. No changes were made in response to this comment.

Comment: A commenter expressed concern that the existing and proposed requirements blur the distinctions in the scope of practice as

defined in New York State Education Law for the medical professionals who can serve as a camp health director and the actual responsibilities of the position as defined in the current regulations.

DOH Response: This comment concerns regulatory provisions outside the scope of the proposed regulations. The acceptable options for a camp health director in the regulation (physician, nurse practitioner, physician assistant, registered nurse, licensed practical nurse, emergency medical technician) do not grant an individual the authority to work outside their scope of practice for their licensure. The requirement for a camp health director or designee to possess current, acceptable certification in first aid and CPR are to ensure on-site camp medical staff can respond appropriately in an emergency. No changes were made in response to this comment.

Comment: A commenter requested clarification of the term "venue" as used in section 7-2.3(a)(7), including whether facilities such as campgrounds regulated under Subpart 7-3 or dormitories regulated by the State Education Department are included.

DOH Response: "Venue" refers to an operation or program providing for athletic tournament play, competition, or any associated training. A campground, dormitory, or other facility could constitute a "venue" if the facility is providing for athletic tournament play, competition, or any associated training. The Department will establish guidance for permit-issuing officials to address this concern. No changes were made in response to this comment.

Comment: A commenter requested clarification as to whether section 7-2.3(a)(7) applies only to athletic tournaments and competitions or also to academic and artistic events, such as debate, music, or band competitions, where children are supervised by adult leaders responsible for their safety and wellbeing. The commenter requested removal of the word "athletic", so the proposed exclusion encompasses other types of tournaments and competitions.

DOH Response: The proposed regulation as written was specific to "athletic" tournaments and competition. However, the intent of the exclusion was to apply to both athletic and non-athletic tournaments, competitions, and associated training, where children are registered as part of independently formed teams accompanied by coaches or other adults associated with the team who have responsibility for the well-being, safety, and behavior of the participating children. The Department has removed the word "athletic" from section 7-2.3(a)(7) to clarify this intent. This revision is consistent with how such operations have been handled prior to this amendment.

Comment: A commenter requested clarification on the application of the regulation to overnight camps held at facilities regulated by other agencies, such as schools or colleges regulated by the State Education Department.

DOH Response: Section 7-2.3 contains specific exemptions for college level educational programs provided by schools that are accredited by the Regents of the University of the State of New York and for school districts, Boards of Cooperative Educational Services (BOCES) or nonpublic schools providing education to satisfy enrich, accelerate or improve skills in accordance with New York State education requirements. It is necessary to assess whether an overnight program held at a college or school falls under the intent of regulation as a children's camp on a case-by-case basis considering the details of the operation of the specific program. The Department acknowledges this concern but does not feel that the requested clarification can be provided through regulation. The Department will consider providing the requested clarification through guidance for permit-issuing officials. No changes were made in response to this comment.

Comment: A commenter recommended that determinations regarding whether a transfer of camp ownership was conducted at arm's length, be made by the State Department of Health.

DOH Response: The intent of the proposed regulation is to expand the authority of the permit-issuing official to be able to deny a permit to any operation where a prior operator/operation has outstanding enforcement actions or unpaid fines, or for which the permit was revoked unless the applicant can show that they are unrelated to the prior operator. The Department notes that the proposed regulation does not require that such determinations be made unless the permit-issuing official wishes to deny a permit, and that the burden of proof is on the applicant. No changes were made in response to this comment.

Comment: A commenter recommended that a violation of a local public health order issued by the permit-issuing official be explicitly included as a basis for denying, suspending, or revoking a children's camp permit.

DOH Response: Section 7-2.4(g) allows the permit-issuing official to deny, revoke, or suspend a permit if the children's camp is maintained, operated, or occupied in violation of Public Health Law or Title 10 of the New York Codes, Rules, and Regulations (10 NYCRR). Violation of a local public health order can be cited as a public health hazard under 10 NYCRR 7-2.1(b)(2)(xxviii). No changes were made in response to this comment.

Comment: A commenter recommended requiring that at least one qualified lifeguard who is 18 years of age or older be present for every 75 campers, particularly in circumstances where younger lifeguards are permitted.

DOH Response: Public Health Law § 225(5-d) establishes minimum allowable lifeguard age. The Department notes that pursuant to section 7-2.5(e), a camp's aquatics director shall oversee all swimming activities at swimming pools and bathing beaches operated as a part of a children's camp. A camp aquatics director must be at least 21 years of age, and their duties include supervising lifeguards. No changes were made in response to this comment.

Comment: A commenter recommended the regulations minimally require proof of measles, mumps, and rubella (MMR) vaccination or documented measles immunity (titer) for both campers and staff.

DOH Response: The Department acknowledges the commenter's recommendation; however, it is outside the scope of the proposed regulation. No changes were made in response to this comment.

Comment: A commenter recommended that when the permit-issuing official is not the county health official, camp operators be required to concurrently notify the county health official or designee of reportable incidents within required timeframes.

DOH Response: The Department acknowledges the commenter's recommendation. Permit-issuing officials with jurisdiction for environmental health in partial-service counties routinely coordinate with the appropriate local health official when a camp operator notifies them of suspected communicable disease. The Department will consider the recommendation in the future, taking into consideration existing reporting requirements to local health officials in 10 NYCRR Part 2. No changes were made in response to this comment.

NOTICE OF ADOPTION

Hearing and Settlement Procedures

I.D. No. HRT-24-26-00008-A
Filing No. 876
Filing Date: 2026-09-17
Effective Date: 2026-10-07

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 465.7, 465.10, 465.11, 465.12, 465.15, 465.16 and 465.17 of Title 9 NYCRR.

Statutory authority: Executive Law, section 295(5)

Subject: Hearing and settlement procedures.

Purpose: To revise hearing and settlement procedures to reflect current practice and promote equitable efficiency.

Text or summary was published in the June 17, 2026 issue of the Register, I.D. No. HRT-24-26-00008-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: Jeffrey Shalke, Division of Human Rights, 350 Main St., 10th Fl., Suite 1000B, Buffalo, New York 14202, (716) 847-3977, email: rulemaking@dhr.ny.gov

Initial Review of Rule

As a rule that does not require a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2031, which is no later than the 5th year after the year in which this rule is being adopted.

Assessment of Public Comment

A Notice of Rule Making was published in the State Register on June 17, 2026. The Division of Human Rights (Division) received one (1) comment associated with the rule making during the public comment period. The comment noted two concerns regarding the proposed amendments, which are summarized below. The Division's response is provided for each concern.

Comment: The proposed amended regulations do not create a meaningful discovery dispute resolution process. Litigants are still required to commence a special proceeding in New York State Supreme Court to enforce subpoenas or compel disclosure.

Response: Special proceedings in New York State Supreme Court are not the sole option for enforcing subpoenas or compelling disclosure in a Division action. New York Executive Law § 295(7) provides the Division

with the general authority to subpoena witnesses, compel their attendance, and require the production of documents. More specifically, under 9 NYCRR § 465.12(f)(5) and (8), the administrative law judge has the power to call witnesses and direct the production of documents/evidentiary matters at hearing. Additionally, under 9 NYCRR § 465.12(f)(1) the administrative law judge has authority to rule upon all motions and objections, including those involving discovery.

Comment: The proposed amended regulations do not expressly state that Division settlements and awards must be assessed by reference to comparable state and federal case law.

Response: After consideration, the Division determined it is not necessary to expressly state in the amended regulations that Division settlements and awards must be assessed by reference to comparable state and federal case law. All orders and awards issued or approved by the Commissioner will continue to conform to precedential case law.

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Standby and Buyback Contract Demand Clarification

I.D. No. LPA-40-26-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: LIPA staff proposes to modify LIPA's Tariff for Electric Service, effective January 1, 2027, to clarify the daily application of the Contract Demand Charges to Service Classification No. 11 (Buyback Service) and No. 12 (Standby Service).

Statutory authority: Public Authorities Law, section 1020-f(u) and (z)

Subject: Standby and Buyback Contract Demand Clarification.

Purpose: To clarify the Tariff language regarding the application of these charges.

Public hearing(s) will be held at: 10:00 a.m., Dec. 7, 2026 at H. Lee Dennison Bldg., 100 Veterans Memorial Hwy., Hauppauge, NY; and 6:00 p.m., Dec. 7, 2026 at Long Island Power Authority, 333 Earle Ovington Blvd., Uniondale, NY.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: The Long Island Power Authority ("LIPA") staff ("Staff") proposes to modify LIPA's Tariff for Electric Service (the "Tariff"), effective January 1, 2027, to clarify the application of Contract Demand Charges to Service Classification No. 11 ("SC-11") (Buyback Service) and Service Classification No. 12 ("SC-12") (Standby and Option Rate Service). The proposed modifications are intended to provide greater transparency regarding the application of Contract Demand charges and will conform the Tariff language to LIPA's existing billing practices. These modifications will not change the methodology used to establish a customer's Contract Demand or the manner in which customers are currently billed.

The LIPA Board may adopt, reject, or modify, in whole or in part, the action proposed, the commenters' proposed programmatic changes, including recommendation(s) submitted by the New York State Department of Public Service, and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained from: William Wai, Long Island Power Authority, 333 Earle Ovington Blvd., Ste. 403, Uniondale, NY 11553, (516) 222-7700, email: tariffchanges@lipower.org

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Greenhouse Gas Inventory Reporting

I.D. No. PSC-27-23-00006-A

Filing Date: 2026-09-18

Effective Date: 2026-09-18

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 9/17/26, the PSC adopted an order adopting, with modifications, the Joint Utilities (JU) proposal for a Greenhouse Gas (GHG) Emissions Inventory Report and directs the JU to file reports annually.

Statutory authority: Public Service Law, sections 4, 5, 65 and 66

Subject: Greenhouse Gas Inventory Reporting.

Purpose: To adopt, with modifications, the JU's proposed GHG Emissions Inventory Report and directing annual filings.

Substance of final rule: The Commission, on September 17, 2026, adopted an order adopting, with modifications, the Joint Utilities (JU) (the Joint Utilities include Central Hudson Gas & Electric Corporation; Consolidated Edison Company of New York, Inc.; New York State Electric & Gas Corporation; Niagara Mohawk Power Corporation d/b/a National Grid; Orange and Rockland Utilities, Inc.; Rochester Gas & Electric Corporation; The Brooklyn Union Gas Company d/b/a National Grid NY; KeySpan Gas East Corporation d/b/a National Grid; National Fuel Gas Distribution Corporation; Liberty Utilities Corp.; and Corning Natural Gas Corporation) proposal for a Greenhouse Gas (GHG) Emissions Inventory Report and directs the JU to file reports annually. The JU shall file annual Greenhouse Gas Emissions Inventory Reports, inclusive of Parts 1 and 2, providing emissions estimates, including natural gas distribution system emissions and emissions from end-user combustion. For 2027, the reports shall be filed by December 31, 2027, and for 2028, the reports shall be filed by September 1. Starting in 2029, the reports shall be filed by June 1 of each year with an accounting of such emissions for the past year. The first report in 2027 shall also provide estimates of historical annual emissions, in the same format, going back to 1990. The JU shall file, within 30 days of the issuance of the order, an updated comparison table, or Appendix B: Methodology Comparison Table, as contained in the JUs' Supplement to Proposal for an Annual Greenhouse Gas Emissions Inventory Report as filed on May 31, 2023. The JU shall file, within 60 days of the issuance of the order, a standard template for Parts 1 and Parts 2. The JU shall file, in each rate filing, incremental estimates of the natural gas distribution system emissions impacts of each project or program outlined in the proposed rate plan, on a per-project basis. The JU shall use New York State Department of Environmental Conservation emission factors

as found in 6 NYCRR Part 253 where available and use reasonable alternative emission factors for those not specified – first referring to available United States Environmental Protection Agency factors, then Natural Gas Sustainability Initiative factors if there is no established United States Environmental Protection Agency factor, subject to the terms and conditions set forth in the order.

Maintenance Tier Funding

I.D. No. PSC-05-26-00006-A
Filing Date: 2026-09-21
Effective Date: 2026-09-21

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 9/17/26, the PSC adopted an order authorizing the New York State Energy & Research Development Authority (NYSERDA) to enter into a ten-year Maintenance Tier contract with Patriot Hydro Funding, LLC (Patriot) for the Hailesboro 3 facility.

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 66(2); and New York Energy Law, section 6-104(5)(b)

Subject: Maintenance Tier Funding.

Purpose: To authorize NYSERDA to provide ten-year maintenance tier support to Patriot.

Substance of final rule: The Commission, on September 17, 2026, adopted an order authorizing the New York State Energy and Research Development Authority (NYSERDA) to enter into a ten-year Maintenance Tier contract with Patriot Hydro Funding, LLC (Patriot) for the Hailesboro 3 facility. Patriot is offered a ten-year maintenance resource contract under the Renewable Energy Standard, with a maintenance award of $23.27 per megawatt hour, for up to 3,925 megawatt hours of energy generated annually at the Hailesboro 3 hydroelectric generating facility. The ten-year term shall commence no earlier than October 1, 2026. Patriot shall provide written notice to the Secretary to the Commission of its decision whether or not it unconditionally accepts the terms and conditions, as discussed in the body of the order and contained in these ordering clauses, within 30 days of the effective date of the order. Failure to timely file the notice shall be deemed a decision by Patriot to decline this offer. Patriot shall provide NYSERDA and Department of Public Service Staff with the necessary documentation, including but not limited to, invoices and engineer reports associated with the completion of the capital expenditures described in its petition. NYSERDA is authorized to use up to $913,348 of NYSERDA uncommitted funds for this use and Department of Public Service Staff is directed to net this value out of the amount that will be used to offset collections for NYSERDA's Energy Efficiency and Buildings Electrification (EE/BE) and Innovation & Research (I&R) Portfolios. NYSERDA shall determine the amount of funds not utilized on an annual basis (e.g., in the event the maximum MWhs are not produced). NYSERDA shall further account for and include the amount of funds, if any, not utilized on an annual basis in the Uncommitted Funds report, subject to the terms and conditions set forth in the order.

PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED

Excelsior Power Program Phase 1 Implementation Plan

I.D. No. PSC-40-26-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the Utilities' proposal to implement Phase 1 of the Excelsior Power Program, including program branding, enhanced customer incentives, and eligibility criteria.

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 65(1), (5), 66(1), (12), (14), 67-b and 74

Subject: Excelsior Power Program Phase 1 Implementation Plan.

Purpose: To ensure proper implementation of Phase 1 of the Excelsior Power Program.

Substance of proposed rule: The Public Service Commission (Commission) is considering a proposed Phase 1 Implementation Plan (Plan) for the Excelsior Power Program, which Plan was filed on September 14, 2026, by Central Hudson Gas & Electric Corporation, Consolidated Edison Company of New York, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, New York State Electric & Gas Corporation, Rochester Gas and Electric Corporation, Orange and Rockland Utilities, Inc., The Brooklyn Union Gas Company d/b/a National Grid NY, and KeySpan Gas East Corporation d/b/a National Grid, in collaboration with PSEG Long Island (collectively, the Utilities). The Plan was submitted pursuant to the Commission's August 13, 2026, Order Initiating Proceeding, Directing Proposal, and Soliciting Comments (August 13 Order), which directed the Utilities to file a joint proposal for the first phase of the Implementation Plan for the Excelsior Power Program.

The Utilities propose to rebrand existing utility Bring Your Own Thermostat programs as the Excelsior Power Smart Thermostat Program and establish eligibility criteria and an implementation schedule for enhanced customer incentives authorized by the 2026-2027 New York State Enacted Budget. The proposed enhanced incentive would provide eligible new participants with up to $300 during their first year of participation, consisting of a $100 payment upon enrollment and a $200 payment following completion of 12 months of participation, subject to customer performance and the availability and authorized disbursement of State or other non-ratepayer funding. The Utilities also propose procedures intended to prevent customers from receiving duplicate enhanced incentives in overlapping utility service territories, as well as timelines for implementing program branding, eligibility requirements, customer communications, and other necessary administrative and system changes.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed, and may resolve other related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website http://www.dps.ny.gov/f96dir.htm. NOTICE OF ADOPTION

Minimum Standards for Administration and Enforcement of the Uniform Code

I.D. No. DOS-20-26-00002-A
Filing No. 877
Filing Date: 2026-09-17
Effective Date: 2026-10-07

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of sections 1203.2 and 1203.3 of Title 19 NYCRR.

Statutory authority: Executive Law, section 381(1)(j); L. 2023, ch. 57, part T, section 4

Subject: Minimum standards for administration and enforcement of the Uniform Code.

Purpose: To revise such standards to include procedures requiring documentation of compliance with 10 NYCRR, Subpart 67-5.

Text of final rule: Subdivision (b) of section 1203.2 of Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended as follows:

(b) Where the State is responsible under section 1201.2(d) of Part 1201 of this Title for administration and enforcement of the Uniform Code, the state agency or agencies determined in accordance with the provisions of Part 1204 of this Title shall administer and enforce the Codes in accordance with Part 1204 of this Title and *paragraph (2) of subdivision (h) and subdivision (j) of* section 1203.3[(j)] of this Part. For the purposes of section 1203.3(j)(5) of this Part, the period fixed by the code enforcement program of such state agency, as the interval between periodic condition assessments, shall not exceed three years.

Paragraph (2) of subdivision (h) of section 1203.3 of Title 19 of the Official Compilation of Codes, Rules and Regulations of the State of New York is amended as follows:

(2) *Recordkeeping requirements.*

(i) Each authority having jurisdiction shall include in its code enforcement program provisions requiring that after each inspection, the authority having jurisdiction shall note the premises as satisfactory, or the owner and operator shall be notified as to the manner in which the premises fails to comply with the Uniform Code, including a citation to the specific Uniform Code provision or provisions that have not been met.

(ii) Provisions relating to 10 NYCRR Subpart 67-5, Department of Health regulations promulgated pursuant to New York State Public Health Law section 1377. In the case of dwellings that require inspections pursuant to section 1203.3(h)(1)(iii) of this Part that were built before 1980 which, by virtue of their property class designation, are potentially eligible for rental, lease, let or hiring out, each authority having jurisdiction over a community of concern referenced in section 1377 of the Public Health Law, shall include in its code enforcement program provisions requiring that as a part of each inspection on and after October 1 of the year a lead safety certification is due pursuant to 10 NYCRR section 67-5.6(b), such authority having jurisdiction shall check the State Rental Registry maintained by the New York State Department of Health pursuant to section 1377 of the Public Health Law for an inspection certification that such dwelling is free of lead paint hazards. Such code enforcement program provisions shall require that: (1) after conducting the check of the State Rental Registry, such authority having jurisdiction shall document in its own records whether such dwelling has such an inspection certification on file in the State Rental Registry; and (2) that such authority having jurisdiction notify the Department of Health of the date of the inspection, the address of the building inspected, and the result of the check of the State Rental Registry, which shall include the date of the most recent inspection certification on file, or where there is no such inspection certification on file, an indication of such. If such fire safety and property maintenance inspection is required by such authority having jurisdiction for the issuance of a certificate of occupancy, certificate of compliance, or other method of authorization used by the authority having jurisdiction, on and after October 1 of the year the certification is due pursuant to 10 NYCRR section 67-5.6(b), such code enforcement program shall require, as a condition to issuance of a certificate of occupancy, certificate of compliance, or applicable authorization, that the dwelling under inspection have on file the inspection certification required by section 1377 of the Public Health Law.

Final rule as compared with last published rule: Nonsubstantial changes were made in section 1203.3(h)(2).

Text of rule and any required statements and analyses may be obtained from: Chad Sievers, Department of State, 99 Washington Ave, Suite 1160, Albany, NY 12231, (518) 486-1189, email: chad.sievers@dos.ny.gov

Revised Regulatory Impact Statement

Modification of the Regulatory Impact Statement that was published as part of the Notice of Proposed Rulemaking is unnecessary. The rule contains no substantial revisions, and non-substantial revisions to the rule text do not render the Regulatory Impact Statement inadequate or incomplete.

Revised Regulatory Flexibility Analysis

Modification of the Regulatory Flexibility Analysis that was published as a part of the Notice of Proposed Rule Making is unnecessary. The rule does not contain any substantial revisions, and non-substantial revisions to the rule text do not render the Regulatory Flexibility Analysis inadequate or incomplete.

Revised Rural Area Flexibility Analysis

Modification of the Rural Area Flexibility Analysis that was published as a part of the Notice of Proposed Rule Making is unnecessary. The rule does not contain any substantial revisions, and non-substantial revisions to the rule text do not render the Rural Area Flexibility Analysis inadequate or incomplete.

Revised Job Impact Statement

Modification of the Job Impact Statement that was published as a part of the Notice of Proposed Rule Making is unnecessary. The rule does not contain any substantial revisions, and non-substantial revisions to the rule text do not render the Job Impact Statement inadequate or incomplete.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2029, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

This rule will amend Part 1203 of Title 19 NYCRR ("Part 1203") to require Authorities Having Jurisdiction ("AHJ") over communities of concern that administer and enforce the Uniform Code to amend their code enforcement programs to include provisions that mandate documentation of compliance with regulations adopted pursuant to section 1377 of the Public Health Law. The Notice of Emergency Adoption and Proposed Rulemaking was published in the State Register on May 1, 2026. A public hearing was held on July 22, 2026, and the public comment period ended on July 27, 2026. The Department of State (DOS) received one comment during the public hearing on July 22, 2026. No changes were made to the rule text.

COMMENT 1: A commenter opposed the proposed changes, saying the new rule would force code officials to act as an extra compliance checkpoint without enough support, clear procedures, or practical guidance to do the job. The commenter requests that either the proposal be withdrawn or DOS revise the rule to require the Department of Health to retain primary responsibility for the administration and enforcement of its own registry, rather than shifting the burden to code enforcement personnel.

RESPONSE 1: No change was made based on this comment because the alternatives presented do not comply with Executive Law § 378(1)(j), as amended by Section 3 of Part T of Chapter 57 of the Laws of 2023. DOS and the Department of Health have developed and DOS will provide an in-service training module to code officials and DOS will develop and issue guidance to code officials prior to the implementation of the requirement.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code

Green Resiliency Grant (GRG) Program – $45 Million Available

The EFC will offer grants for eligible projects that improve water quality and mitigate the effects of extreme weather through the Green Resiliency Grant (GRG) program. This grant funding is made available through the Clean Water, Clean Air and Green Jobs Environmental Bond Act of 2022 (Bond Act).

GRG awards are made on a competitive basis to transformative stormwater management projects that protect homes, businesses, and public infrastructure throughout New York State while advancing long-term community resilience. Eligible projects combine green and gray infrastructure for holistic stormwater solutions that effectively and sustainably (1) manage runoff from extreme weather events to reduce flood risk and improve water quality; and (2) prioritize community resilience and equitable access to ensure infrastructure investments provide reliable benefits to all residents, particularly vulnerable populations.

The GRG program may fund up to 90 percent of eligible project costs with grants ranging from a minimum of $1 million to a maximum of $10 million per project.

Eligible applicants include Municipalities and State Entities as defined by NYS Environmental Conservation Law Article 58.

Additional information on the GRG program, including the Program Summary, can be found on EFC's website at: https://www.efc.ny.gov/GRG

Application Due Date:

The funding application is available through EFC's Customer Portal at https://portal.efc.ny.gov and must be submitted by Friday, January 29, 2027 at 4:00 P.M. Supporting documentation is required for each application. Applicants are strongly encouraged to review all requirements and submit applications to EFC well before the deadline to avoid any last-minute issues.

Webinar:

An informational webinar will be held on Wednesday, October 21, 2026 to provide an overview of GRG requirements and the application process. Details and registration information will be available on EFC's website.

PUBLIC NOTICE

Department of State
F-2026-0369
Date of Issuance – October 7, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0369, New York State Department of Transportation, proposes to replace the existing signalized intersection with a modern single-lane roundabout intersection. The existing culvert on US Route 9W north of the intersection will be collared and extended to the new roadside ditch. A closed drainage system will be constructed to fulfill the drainage needs of the curbed roundabout intersection. The effects on the Oak Tree Road existing closed drainage system is expected to be minimal and will consist of raising the existing basin slightly to match the proposed final grade. There is a wetland in the northwest quadrant of the existing intersection. A small portion of the wetland will be permanently filled to accommodate the shoulder of the newly constructed roundabout. This work will result in the permanent fill of ~804 square feet of the wetland. The project location is the intersection of US 9W and Oak Tree Road in the Town of Orangetown, Rockland County.

The stated purpose of the proposed action is to "provide geometric and operational enhancements to this intersection that will relieve congestion at the intersection, reduce emissions, and lower the number of accidents along the corridor. The project will enhance safety and accessibility for pedestrians, bicyclists, and motorists at the intersection".

The applicant's consistency certification and supporting information are available for review at: https://dos.ny.gov/f-2026-0369.pdf or at https://dos.ny.gov/public-notices

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or October 22, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

CONCURRENT RESOLUTION OF THE SENATE AND ASSEMBLY

proposing an amendment to sections 4 and 5-b of article 3 of the constitution, in relation to the independent redistricting commission

Section 1. Resolved (if the Assembly concur), That sections 4 and 5-b of article 3 of the constitution are amended and a new section 5-c is added to read as follows:

Section 4. (a) Except as herein otherwise provided, the federal census taken in the year nineteen hundred thirty and each federal census taken decennially thereafter shall be controlling as to the number of inhabitants in the state or any part thereof for the purposes of the apportionment of members of assembly and readjustment or alteration of senate and assembly districts next occurring, in so far as such census and the tabulation thereof purport to give the information necessary therefor. The legislature, by law, shall provide for the making and tabulation by state authorities of an enumeration of the inhabitants of the entire state to be used for such purposes, instead of a federal census, if the taking of a federal census in any tenth year from the year nineteen hundred thirty be omitted or if the federal census fails to show the number of aliens or Indians not taxed. If a federal census, though giving the requisite information as to the state at large, fails to give the information as to any civil or territorial divisions which is required to be known for such purposes, the legislature, by law, shall provide for such an enumeration of the inhabitants of such parts of the state only as may be necessary, which shall supersede in part the federal census and be used in connection therewith for such purposes. The legislature, by law, may provide in its discretion for an enumeration by state authorities of the inhabitants of the state, to be used for such purposes, in place of a federal census, when the return of a decennial federal census is delayed so that it is not available at the beginning of the regular session of the legislature in the second year after the year nineteen hundred thirty or after any tenth year therefrom, or if an apportionment of members of assembly and readjustment or alteration of senate districts is not made at or before such a session. At the regular session in the year nineteen hundred thirty-two, and at the first regular session after the year nineteen hundred forty and after each tenth year therefrom the senate districts shall be readjusted or altered, but if, in any decade, counting from and including that which begins with the year nineteen hundred thirty-one, such a readjustment or alteration is not made at the time above prescribed, it shall be made at a subsequent session occurring not later than the sixth year of such decade, meaning not later than nineteen hundred thirty-six, nineteen hundred forty-six, nineteen hundred fifty-six, and so on; provided, however, that if such districts shall have been readjusted or altered by law in either of the years nineteen hundred thirty or nineteen hundred thirty- one, they shall remain unaltered until the first regular session after the year nineteen hundred forty. No town, except a town having more than a full ratio of apportionment, and no block in a city **~~[inclosed]~~enclosed** by streets or public ways, shall be divided in the formation of senate districts. In the reapportionment of senate districts, no district shall contain a greater excess in population over an adjoining district in the same county, than the population of a town or block therein adjoining such district. Counties, towns or blocks which, from their location, may be included in either of two districts, shall be so placed as to make said districts most nearly equal in number of inhabitants, excluding aliens. No county shall have four or more senators unless it shall have a full ratio for each senator. No county shall have more than one-third of all the senators; and no two counties or the territory thereof as now organized, which are adjoining counties, or which are separated only by public waters, shall have more than one-half of all the senators. (b) The independent redistricting commission established pursuant to section five-b of this article shall prepare a redistricting plan to establish senate, assembly, and congressional districts every ten years commencing in two thousand **~~[twenty-one]~~thirty-one**, and shall submit to the legislature such plan and the implementing legislation therefor on or before January first or as soon as practicable thereafter but no later than January fifteenth in the year ending in two beginning in two thousand **~~[twenty-two]~~thirty-two**. The redistricting plans for the assembly and the senate shall be contained in and voted upon by the legislature in a single bill, and the congressional district plan may be included in the same bill if the legislature chooses to do so. The implementing legislation shall be voted upon, without amendment, by the senate or the assembly and if approved by the first house voting upon it, such legislation shall be delivered to the other house immediately to be voted upon without amendment. If approved by both houses, such legislation shall be presented to the governor for action. If either house shall fail to approve the legislation implementing the **~~[first]~~**redistricting plan, or the governor shall veto such legislation and the legislature shall fail to override such veto**, or the independent redistricting commission fails to submit such a plan and implementing legislation by January fifteenth**, **~~[each house or the governor if he or she vetoes it, shall notify the commission that such legislation has been disapproved. Within fifteen days of such notification and in no case later than February twenty-eighth, the redistricting commission shall prepare and submit to the legislature a second redistricting plan and the necessary implementing legislation for such plan. Such legislation shall be voted upon, without amendment, by the senate or the assembly and, if approved by the first house voting upon it, such legislation shall be delivered to the other house immediately to be voted upon without amendment. If approved by both houses, such legislation shall be presented to the governor for action. If either house shall fail to approve the legislation implementing the second redistricting plan, or the governor shall veto such legislation and the legislature shall fail to override such veto,]~~**each house shall **prepare a redistricting plan and** introduce **~~[such]~~**implementing legislation **~~[with any~~**

~~amendments each house of the legislature deems necessary. All such amendments shall comply with the provisions of this article~~]for such plan. If approved by both houses, such legislation shall be presented to the governor for action. ~~[All votes by the senate or assembly on any redistricting plan legislation pursuant to this article shall be conducted in accordance with the following rules: (1) In the event that the speaker of the assembly and the temporary president of the senate are members of two different political parties, approval of legislation submitted by the independent redistricting commission pursuant to subdivision (f) of section five-b of this article shall require the vote in support of its passage by at least a majority of the members elected to each house. (2) In the event that the speaker of the assembly and the temporary president of the senate are members of two different political parties, approval of legislation submitted by the independent redistricting commission pursuant to subdivision (g) of section five-b of this article shall require the vote in support of its passage by at least sixty percent of the members elected to each house. (3) In the event that the speaker of the assembly and the temporary president of the senate are members of the same political party, approval of legislation submitted by the independent redistricting commission pursuant to subdivision (f) or (g) of section five-b of this article shall require the vote in support of its passage by at least two-thirds of the members elected to each house.~~](b-1) At any time after congressional districts are enacted pursuant to subdivisions (b) or (e) of this section, or otherwise implemented pursuant to a court order, the legislature shall have the authority on its own initiative, by law, to make changes to one or more of such districts, provided, however, any such changes shall comply with the provisions of this section, except for subdivision (b) of this section, and shall not remain in force beyond the effective date of a reapportionment plan subsequently enacted based upon the next succeeding federal census. (c) ~~[Subject to]~~State senate, state assembly and congressional districts shall be drawn in compliance with the requirements of the federal constitution and statutes and ~~[in compliance with]~~state constitutional requirements, and with consideration for the following principles ~~[shall be used in the creation of state senate and state assembly districts and congressional districts]~~: (1) ~~[When drawing district lines, the commission shall consider whether such lines would result in the denial or abridgement of racial or language minority voting rights, and districts]~~Districts shall not be drawn to have the purpose of~~[, nor shall they result in,]~~the denial or abridgement of ~~[such]~~racial or language minority voting rights. Districts shall be drawn so that, based on the totality of the circumstances, racial or ~~[minority]~~language minority groups do not have less opportunity to participate in the political process than other members of the electorate and to elect representatives of their choice. (2) To the extent practicable, districts shall contain as nearly as may be an equal number of inhabitants. ~~[For each district that deviates from this requirement, the commission shall provide a specific public explanation as to why such deviation exists.]~~(3) Each district shall consist of contiguous territory. (4) ~~[Each district shall be as compact in form as practicable. (5) Districts shall not be drawn to discourage competition or for the purpose of favoring or disfavoring incumbents or other particular candidates or political parties. The commission shall consider the]~~The maintenance ~~[of cores of existing districts, of pre-existing political~~ subdivisions~~, including counties, cities, and towns, and]~~of communities of interest. ~~[(6) In drawing senate districts, towns or blocks which, from their location may be included in either of two districts, shall be so placed~~ as ~~to make said districts most nearly equal in number of inhabitants. The requirements that senate districts not divide counties or towns, as~~ well ~~as the 'block-on-border' and 'town-on-border' rules, shall remain~~ in ~~effect. During the preparation of the redistricting plan, the independent redistricting commission shall conduct not less than one public hearing on proposals for the redistricting of congressional and state legislative districts in each of the following (i) cities: Albany, Buffalo, Syracuse, Rochester, and White Plains; and (ii) counties: Bronx, Kings, New York, Queens, Richmond, Nassau, and Suffolk. Notice of all such hearings shall be widely published using the best available means and media a reasonable time before every hearing. At least thirty days prior to the first public hearing and in any event no later than September fifteenth of the year ending in one or as soon as practicable thereafter, the independent redistricting commission shall make widely available to the public, in print form and using the best available technology, its draft redistricting plans, relevant data, and related information. Such plans, data, and information shall be in a form that allows and facilitates their use by the public to review, analyze, and comment upon such plans and to develop alternative redistricting plans for presentation to the commission at the public hearings. The independent redistricting commission shall report the findings of all such hearings to the legislature upon submission of a redistricting plan.~~](d) The ratio for apportioning senators shall always be obtained by dividing the number of inhabitants, excluding aliens, by fifty, and the senate shall always be composed of fifty members, except that if any county having three or more senators at the time of any apportionment shall be entitled on such ratio to an additional senator or senators, such additional senator or senators shall be given to such county in addition to the fifty senators, and the whole number of senators shall be increased to that extent. The senate districts, including the present ones, as existing immediately before the enactment of a law readjusting or altering the senate districts, shall continue to be the senate districts of the state until the expirations of the terms of the senators then in office, except for the purpose of an election of senators for full terms beginning at such expirations, and for the formation of assembly districts. (e) The process for redistricting congressional and state legislative districts established by this section and sections five and five-b of this article shall govern redistricting in this state except to the extent that a court is required to order the adoption of, or changes to, a redistricting plan ~~[as a remedy for a violation of law]~~enacted in violation of this section, section five, or section five-b of this article, and (1) the legislature, after having a full and reasonable opportunity to remedy such violation, has failed to enact redrawn districts to remedy such violation; and (2) such order is the only remaining remedy available to ensure the state's compliance with the federal constitution or statutes or the applicable provisions of this constitution. A reapportionment plan and the districts contained in such plan shall be in force until the effective date of a plan based upon the subsequent federal decennial census taken in a year ending in zero unless modified pursuant to a court order, or subdivisions (b-1) or (e) of this section. Section 5-b. (a) On or before February first of each year ending with a zero ~~[and at any other time a court orders that congressional or state legislative districts be amended]~~, an independent redistricting commission shall be established to determine the district lines for congressional and state legislative offices. The independent redistricting commission shall be composed of ten members, appointed as follows: (1) two members shall be appointed by the temporary president of the senate; (2) two members shall be appointed by the speaker of the assembly; (3) two members shall be appointed by the minority leader of the senate; (4) two members shall be appointed by the minority leader of the assembly; (5) two members shall be appointed by the eight members appointed pursuant to paragraphs (1) through (4) of this subdivision by a vote of not less than five members in favor of such appointment, and these two members shall not have been enrolled in the preceding five years in either of the two political parties that contain the largest or second largest number of enrolled voters within the state; (6) one member shall be designated chair of the commission by a majority of the members appointed pursuant to paragraphs (1) through (5) of this subdivision to convene and preside over each meeting of the commission. (b) The members of the independent redistricting commission shall be registered voters in this state. No member shall within the last three years: (1) be or have been a member of the New York state legislature or United States Congress or a statewide elected official; (2) be or have been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law; (3) be or have been a registered lobbyist in New York state; (4) be or have been a political party chairman, as defined in paragraph (k) of subdivision one of section seventy-three of the public officers law; (5) be the spouse of a statewide elected official or of any member of the United States Congress, or of the state legislature. (c) To the extent practicable, the members of the independent redistricting commission shall reflect the diversity of the residents of this state with regard to race, ethnicity, gender, language, and geographic residence and to the extent practicable the appointing authorities shall consult with organizations devoted to protecting the voting rights of minority

and other voters concerning potential appointees to the commission. (d) Vacancies in the membership of the commission shall be filled within thirty days in the manner provided for in the original appointments. (e) The legislature shall provide by law for the compensation of the members of the independent redistricting commission, including compensation for actual and necessary expenses incurred in the performance of their duties. (f) A minimum of five members of the independent redistricting commission shall constitute a quorum for the transaction of any business or the exercise of any power of such commission prior to the appointment of the two commission members appointed pursuant to paragraph (5) of subdivision (a) of this section, and a minimum of seven members shall constitute a quorum after such members have been appointed, and no exercise of any power of the independent redistricting commission shall occur with- out the affirmative vote of at least a majority of the members, provided that, in order to approve any redistricting plan and implementing legislation, the following rules shall apply: (1) In the event that the speaker of the assembly and the temporary president of the senate are members of the same political party, approval of a redistricting plan and implementing legislation by the commission for submission to the legislature shall require the vote in support of its approval by at least seven members including at least one member appointed by each of the legislative leaders. (2) In the event that the speaker of the assembly and the temporary president of the senate are members of two different political parties, approval of a redistricting plan by the commission for submission to the legislature shall require the vote in support of its approval by at least seven members including at least one member appointed by the speaker of the assembly and one member appointed by the temporary president of the senate. (g) In the event that the commission is unable to obtain seven votes to approve a redistricting plan on or before January first in the year ending in two or as soon as practicable thereafter, the commission shall submit to the legislature that redistricting plan and implementing legislation that garnered the highest number of votes in support of its approval by the commission with a record of the votes taken. In the event that more than one plan received the same number of votes for approval, and such number was higher than that for any other plan, then the commission shall submit all plans that obtained such number of votes. The legislature shall consider and vote upon such implementing legislation in accordance with ~~[the voting rules set forth in]~~subdivision (b) of section four of this article. (h)(1) The independent redistricting commission shall appoint two co-executive directors by a majority vote of the commission in accordance with the following procedure: (i) In the event that the speaker of the assembly and the temporary president of the senate are members of two different political parties, the co-executive directors shall be approved by a majority of the commission that includes at least one appointee by the speaker of the assembly and at least one appointee by the temporary president of the senate. (ii) In the event that the speaker of the assembly and the temporary president of the senate are members of the same political party, the co-executive directors shall be approved by a majority of the commission that includes at least one appointee by each of the legislative leaders. (2) One of the co-executive directors shall be enrolled in the political party with the highest number of enrolled members in the state and one shall be enrolled in the political party with the second highest number of enrolled members in the state. The co-executive directors shall appoint such staff as are necessary to perform the commission's duties, except that the commission shall review a staffing plan prepared and provided by the co-executive directors which shall contain a list of the various positions and the duties, qualifications, and salaries associated with each position. (3) In the event that the commission is unable to appoint one or both of the co-executive directors within forty-five days of the establishment of a quorum of seven commissioners, the following procedure shall be followed: (i) In the event that the speaker of the assembly and the temporary president of the senate are members of two different political parties, within ten days the speaker's appointees on the commission shall appoint one co-executive director, and the temporary president's appointees on the commission shall appoint the other co-executive director. Also within ten days the minority leader of the assembly shall select a co-deputy executive director, and the minority leader of the senate shall select the other co-deputy executive director. (ii) In the event that the speaker of the assembly and the temporary president of the senate are members of the same political party, within ten days the speaker's and temporary president's appointees on the commission shall together appoint one co-executive director, and the two minority leaders' appointees on the commission shall together appoint the other co-executive director. (4) In the event of a vacancy in the offices of co-executive director or co-deputy executive director, the position shall be filled within ten days of its occurrence by the same appointing authority or authorities that appointed ~~[his or her]~~**their** predecessor. (i) The state budget shall include necessary appropriations for the expenses of the independent redistricting commission, provide for compensation and reimbursement of expenses for the members and staff of the commission, assign to the commission any additional duties that the legislature may deem necessary to the performance of the duties stipulated in this article, and require other agencies and officials of the state of New York and its political subdivisions to provide such information and assistance as the commission may require to perform its duties. **(j) During the preparation of the redistricting plan, the independent redistricting commission shall conduct not less than one public hearing on proposals for the redistricting of congressional and state legislative districts in each of the following (i) cities: Albany, Buffalo, Syracuse, Rochester, and White Plains; and (ii) counties: Bronx, Kings, New York, Queens, Richmond, Nassau, and Suffolk. Notice of all such hearings shall be widely published using the best available means and media a reasonable time before every hearing. At least thirty days prior to the first public hearing and in any event no later than September fifteenth of the year ending in one or as soon as practicable thereafter, the independent redistricting commission shall make widely available to the public, in print form and using the best available technology, its draft redistricting plans, relevant data, and related information. Such plans, data, and information shall be in a form that allows and facilitates their use by the public to review, analyze, and comment upon such plans and to develop alternative redistricting plans for presentation to the commission at the public hearings. The independent redistricting commission shall report the findings of all such hearings to the legislature upon submission of a redistricting plan. Section 5-c. Subject to the requirements of the federal constitution and statutes, and as otherwise provided in this section, the legislature may by law make changes to one or more of the congressional districts in the state. Any such changes enacted pursuant to this section shall be based upon the federal census taken in two thousand twenty and shall not be subject to any of the provisions of sections four or five-b of this article. Provided, further, that the power conferred upon the legislature in this section, and any districts enacted pursuant to this section, shall remain in force only until the effective date of a reapportionment plan subsequently enacted based upon the federal census taken in two thousand thirty. In the event that a court invalidates any congressional districts enacted pursuant to this section, the legislature shall have a full and reasonable opportunity to remedy any such violations. Provided, however, that no court shall order the drawing of any congressional districts unless the legislature has failed to enact redrawn congressional districts to remedy such violations and such order is the only remaining remedy available to ensure the state's compliance with the federal** constitution **or statutes.**

Section 2. Resolved (if the Assembly concur), That the foregoing amendment be referred to the first regular legislative session convening after the next succeeding general election of members of the assembly, and, in conformity with section 1 of article 19 of the constitution, be published for 3 months previous to the time of such election.

PROPOSED AMENDMENT
NUMBER TWO

Senate 5711C

CONCURRENT RESOLUTION OF THE SENATE AND ASSEMBLY

proposing amendments to section 21 of article 6, article 13, and section 6 of article 4 of the constitution, in relation to requiring certain elections be held in even-numbered years at the general election

Section 1. Resolved (if the Assembly concur), That section 21 of article 6 of the constitution be amended to read as follows:

Section 21. a. When a vacancy shall occur **in the city of New York,** otherwise than by expiration of term, in the office of justice of the supreme court, ~~[of judge of the county court,]~~**or** of judge of the surrogate's court ~~[or judge of the family court outside the city of New York]~~, it shall be filled for a full term at the next general election held not less than three months after such vacancy occurs ~~[and, until]~~. **When a vacancy shall occur outside the city of New York, otherwise than by expiration of term in an even-numbered year, in the office of justice of the supreme court, of judge of the county court, of judge of the surrogate's court or judge of the family court outside of the city of New York, it shall be filled for a full term at the next general election occurring in an even-numbered year held not less than three months after such vacancy occurs. Until** the vacancy shall be so filled, the governor by and with the advice and consent of the senate, if the senate shall be in session, or, if the senate not be in session, the governor may fill such vacancy by an appointment which shall continue until and including the last day of December next after the election at which the vacancy shall be filled. b. When a vacancy shall occur, otherwise than by expiration of term, in the office of judge of the court of claims, it shall be filled for the unexpired term in the same manner as an original appointment. c. When a vacancy shall occur, otherwise than by expiration of term, in the office of judge elected to the city-wide court of civil jurisdiction of the city of New York, it shall be filled for a full term at the next general election held not less than three months after such vacancy occurs and, until the vacancy shall be so filled, the mayor of the city of New York may fill such vacancy by an appointment which shall continue until and including the last day of December next after the election at which the vacancy shall be filled. When a vacancy shall occur, otherwise than by expiration of term on the last day of December of any year, in the office of judge appointed to the family court within the city of New York or the city-wide court of criminal jurisdiction of the city of New York, the mayor of the city of New York shall fill such vacancy by an appointment for the unexpired term. d. When a vacancy shall occur, otherwise than by expiration of term **in an even-numbered year**, in the office of judge of the district court, it shall be filled for a full term at the next general election **occurring in an even-numbered year** held not less than three months after such vacancy occurs and, until the vacancy shall be so filled, the board of supervisors or the supervisor or supervisors of the affected district if such district consists of a portion of a county or, in counties with an elected county executive officer, such county executive officer may, subject to confirmation by the board of supervisors or the supervisor or supervisors of such district, fill such vacancy by an appointment which shall continue until and including the last day of December next after the election at which the vacancy shall be filled. Section 2. Resolved (if the Assembly concur), That article 13 of the constitution be amended by adding two new sections 9 and 10 to read as follows:

Section 9. All elections of judicial officers outside the city of New York, other than village judicial officers, shall occur at the election held on the Tuesday succeeding the first Monday in November in an even-numbered year, and the term of every such officer shall expire at the end of an even-numbered year. If the term of any such elected judicial officer serving their term as of the effective date of this amendment expires in an odd-numbered year, such judicial office shall be deemed vacant upon the expiration of such term.

Section 10. Notwithstanding any other provision of this constitution, the legislature may provide that any election held after the effective date of this section and not later than the general election in two thousand thirty-four to fill an elective office of the state or any political subdivision thereof, other than an elective office of the city of New York, of any county wholly included in such city, or of a village, for a full term or unexpired term that would otherwise expire at the end of an odd-numbered year shall be for a full term or unexpired term expiring at the end of an even-numbered year. This section shall not apply to any election held before such effective date or to any term resulting therefrom, nor to any judicial office subject to section twenty-one of article six of this constitution.

Section 3. Resolved (if the Assembly concur), That section 8 of article 13 of the constitution be amended to read as follows:

Section 8. All elections of city officers, including supervisors, elected **only** in ~~[any city or part of a city] the city of New York,~~and of county officers elected in any county wholly included in ~~[a]~~**such** city, except to fill vacancies, shall be held on the Tuesday succeeding the first Monday in November in an odd-numbered year, and the term of every such **official or** officer shall expire at the end of an odd-numbered year. **Aside from the city of New York, all elections of city officers, including supervisors, elected in any city or part of a city, except to fill vacancies, shall be held on the Tuesday succeeding the first Monday in November in an even-numbered year, and the term of every such official or officer shall expire at the end of an even-numbered year.** This section shall not apply to elections of any judicial officer.

Section 4. Resolved (if the Assembly concur), That section 3 of article 13 of the constitution be amended to read as follows:

Section 3. The legislature shall provide for filling vacancies in office, and in case of elective officers, no person appointed to fill a vacancy shall hold ~~[his or her]~~**such** office by virtue of such appointment longer than the commencement of the political year next succeeding the first annual election**, or, in the case of an elective office outside the city of New York, the first annual election held in an even-numbered year,** after the happening of the vacancy; provided, however, that nothing contained in this article shall prohibit the filling of vacancies on boards of education, including boards of education of community districts in the city school district of the city of New York, by appointment until the next regular school district election, whether or not such appointment shall extend beyond the thirty-first day of December in any year.

Section 5. Resolved (if the Assembly concur), That section 6 of article 4 of the constitution be amended to read as follows:

Section 6. The lieutenant-governor shall possess the same qualifications of eligibility for office as the governor. The lieutenant-governor shall be the president of the senate but shall have only a casting vote therein.

The lieutenant-governor shall receive for ~~[his or her]~~**such lieutenant- governor** services an annual salary to be fixed by joint resolution of the senate and assembly. In case of vacancy in the offices of both governor and lieutenant-governor, a governor and lieutenant-governor shall be elected for the remainder of the term ~~[at the next general election]~~**on the Tuesday succeeding the first Monday in November** happening not less than three months after both offices shall have become vacant. No election of a lieutenant-governor shall be had in any event except at the time of electing a governor. In case of vacancy in the offices of both governor and lieutenant-governor or if both of them shall be impeached, absent from the state or otherwise unable to discharge the powers and duties of the office of governor, the temporary president of the senate shall act as governor until the inability shall cease or until a governor shall be elected. In case of vacancy in the office of lieutenant-governor alone, or if the lieutenant-governor shall be impeached, absent from the state or otherwise unable to discharge the duties of office, the temporary president of the senate shall perform all the duties of lieutenant-governor during such vacancy or inability. If, when the duty of acting as governor devolves upon the temporary president of the senate, there be a vacancy in such office or the temporary president of the senate shall be absent from the state or otherwise unable to discharge the duties of governor, the speaker of the assembly shall act as governor during such vacancy or inability. The legislature may provide for the devolution of the duty of acting as governor in any case not provided for in this article.

Section 6. Resolved (if the Assembly concur), That subdivision (a) of section 13 of article 13 of the constitution be amended to read as follows:

4 (a) Except in counties in the city of New York and except as authorized in section one of article nine of this constitution, registers in counties having registers shall be chosen by the electors of the respective counties once in every ~~[three]~~**four** years **in an even-numbered year** and whenever the occurring of vacancies shall require; the sheriff and the clerk of each county **outside the city of New York** shall be chosen by the electors once in every ~~[three or]~~four years **in an even-numbered year** as the legislature shall direct. Sheriffs shall hold no other office. They may be required by law to renew their security, from time to time; and in default of giving such new security, their offices shall be deemed vacant. The governor may remove any elective sheriff, county clerk,

district attorney or register within the term for which **[he or she]such elective sheriff, county clerk, district attorney or register** shall have been elected; but before so doing the governor shall give to such officer a copy of the charges against **[him or her]such elective sheriff, county clerk, district attorney or register** and an opportunity of being heard in **[his or her]such elective sheriff, county clerk, district attorney or register's** defense. In each county **in the city of New York** a district attorney shall be chosen by the electors once in every three or four years as the legislature shall direct**, and in each county outside the city of New York a district attorney shall be chosen by the electors once in every four years in an even-numbered year as the legislature shall direct**. The clerk of each county in the city of New York shall be appointed, and be subject to removal, by the appellate division of the supreme court in the judicial department in which the county is located. In addition to **[his or her]the** powers and duties as clerk of the supreme court, **[he or she]such clerk of the supreme court** shall have power to select, draw, summon and empanel grand and petit jurors in the manner and under the conditions now or hereafter prescribed by law, and shall have such other powers and duties as shall be prescribed by the city from time to time by local law.

Section 7. Resolved (if the Assembly concur), That the foregoing amendments be referred to the first regular legislative session convening after the next succeeding general election of members of the assembly, and, in conformity with section 1 of article 19 of the constitution, be published for 3 months previous to the time of such election.
